CERTIFIED PUBLIC ACCOUNTANTS

Board of Education
San Juan County School District No. 1
Silverton, Colorado

INDEPENDENT AUDITOR'S REPORT

We have audited the accompanying financial statements of the governmental activities, each major fund, and each fiduciary fund type, of the San Juan County (Silverton) School District No. 1, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and each fiduciary fund type of the San Juan County (Silverton) School District No. 1, as of June 30, 2017 and the respective changes in financial position and, where applicable cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison information and the pension disclosure information, listed as "required supplementary information" in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Supplemental Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the San Juan County (Silverton) School District No. 1's basic financial statements. The combining and individual fund financial statements and additional schedules listed as "other supplemental information" in the table of contents are for purposes of additional analysis and are not a required part of the basic financial statements. The electronic financial data integrity check figures and reconciliation are presented for purposes of additional analysis as required by the Colorado Department of Education, and are also not required parts of the basic financial statements. The information is the responsibility of management and is derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

SAN JUAN COUNTY (SILVERTON) SCHOOL DISTRICT NO. 1
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

For the Fiscal Year Ended June 30, 2017

MANAGEMENT'S DISCUSSION AND ANALYSIS

The San Juan County (Silverton) School District No. 1 was organized in 1871. It is a small public school located in Silverton, Colorado, in the heart of the San Juan mountain range. The school has approximately 74 students in grades K-12 and is housed in an historic 3 story red brick building. In 2002, the Silverton School joined a network of 115 Expeditionary Learning schools across the country. Expeditionary Learning Outward Bound is a proven model for comprehensive school reform for elementary, middle and high schools. It emphasizes learning by doing, with a particular focus on character growth, teamwork, reflection and literacy. Teachers connect high quality academic learning to adventure, service and character development through a variety of student experiences including interdisciplinary, project based learning expeditions. This national model works well with our school's setting, small class sizes, and overall goals for academic excellence.

The discussion and analysis of the San Juan County (Silverton) School District No. 1's financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2017. The intent of this discussion and analysis is to look at the District's financial performance as a whole and should be read in conjunction with the basic financial statements and notes to enhance the reader's understanding of the District's overall financial performance.

FINANCIAL HIGHLIGHTS

Key financial highlights for the fiscal year ended June 30, 2017 are as follows:

- In total, the District's *overall* net position decreased \$1,056,552 or 14% from the previous fiscal year.
- General Revenues accounted for \$1,315,795 or 80%, of all revenues. These general revenues include taxes, grants and entitlements not restricted to specific programs, and general interest and other revenues not related to specific programs. Program specific revenues, in the form of charges for services and sales, as well as program specific grants and contributions, accounted for \$321,003 or 20%, of the District's total revenues of \$1,636,798.
- The District had \$2,695,350 in expenses, of which \$321,003 were offset by program specific charges for services and grants, and \$2,374,347 by general revenues.

USING THE BASIC FINANCIAL STATEMENTS

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the San Juan County (Silverton) School District No. 1 as a financial whole, or as an entire operating activity.

The statement of net position and statement of activities provide information about the activities of the whole District, presenting both an aggregate view of the District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also report the District's operations in more detail than the government-wide statements by providing information about the District's most significant funds. For the San Juan County (Silverton) School District No. 1, the General Fund is the most significant fund. The remaining statements provide financial information about activities for which the District acts solely as a trustee or agent for the benefit of those outside of the reporting entity. The financial statements also include notes that explain some of the information in the statements and provide more detailed data.

SAN JUAN COUNTY (SILVERTON) SCHOOL DISTRICT NO. 1
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

For the Fiscal Year Ended June 30, 2017

REPORTING THE DISTRICT AS A WHOLE

Statement of Net Position and Statement of Activities

While this report contains all funds used by the District to provide programs and activities, the view of the District as a whole looks at all financial transactions and asks the question, "How did we do financially during the current fiscal year?" The statement of net position and the statement of activities answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting system used by most private sector companies. The basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash was received or paid.

The focus of the government-wide financial statements is on the overall financial position of the District. These statements are constructed around the concept of a primary government, the District. As described below, the financial statements of fiduciary funds are not included in the government-wide financial statements, because resources of these funds cannot be used to finance the District's activities. However, the financial statements of fiduciary funds are included in the fund financial statements because the District is financially accountable for those resources, even though they belong to other parties.

The two statements report the District's net position and changes therein. This change is important because it identifies whether the financial position of the District has improved or diminished for the District as a whole. The cause of this change may be the result of many factors, some financial, some not. Nonfinancial factors include the District's property tax base, current property tax laws, enrollment levels, statutorily required reserves, facility conditions, required educational programs and other factors.

In the statement of net position and the statement of activities, the School District has the following activities:

Governmental Activities – Governmental activities are generally financed through taxes, intergovernmental revenues and other non-exchange revenues. Most of the School District's programs and services are reported here including instruction, support services, operation and maintenance, pupil transportation, and extracurricular activities.

FUND FINANCIAL STATEMENTS

Fund financial reports provide detailed information about the District's major funds. The District considers all funds as significant, or major, funds. Unlike government-wide financial statements, the focus of fund financial statements is directed to specific activities of the District rather than the District as a whole. Except for the General Fund, a specific fund is established to satisfy managerial control over resources or to satisfy finance-related legal requirements established by external parties or governmental statutes or regulations. The District's funds financial statements are divided into two broad categories; namely (1) governmental funds and (2) fiduciary funds.

SAN JUAN COUNTY (SILVERTON) SCHOOL DISTRICT NO. 1
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

For the Fiscal Year Ended June 30, 2017

Governmental Funds – The District's activities in governmental funds focus on how monies flow into and out of those funds and the balances left at fiscal year-end for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School District's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or less financial resources that can be spent in the near future to finance educational programs. The relationship, or differences, between government-wide activities and the governmental funds is reconciled in the financial statements. The District's major governmental funds are:

General Fund – The General Fund is the District's primary operating fund and accounts for the majority of the District's instruction and support operations.

Food Service Fund – The Food Service Fund is a special revenue fund which accounts for the District's general food service activities with revenue sources specifically designated for such activities.

Student Activities Fund – The Student Activities Fund accounts for student athletic/nonathletic activities and is a special revenue fund with revenue sources raised specifically from such activities.

Bond Redemption Fund – The Bond Redemption Fund accounts for transactions related to debt service of the District's general obligation bonds and interest.

Capital Projects Fund – The Capital Reserve Fund accounts for funds assigned for the acquisition of capital items such as land, vehicles, equipment and improvements to existing structures.

Fiduciary Fund – The District's fiduciary (or *Agency*) fund is reported in the Statements of Fiduciary Net Position. The activities are excluded from the District's governmental funds because the District cannot use these assets to finance its operations. The fiduciary is responsible for ensuring that these assets are used for their intended purposes. The fiduciary fund is the:

Foundation Agency Fund – The Foundation Agency Fund accounts for funds available for future distribution by the foundation.

NOTES TO THE FINANCIAL STATEMENTS

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

SUPPLEMENTARY & SUPPLEMENTAL INFORMATION

In addition to the basic financial statements and accompanying notes, this report also presents supplementary information required by U.S. generally accepted accounting principles, as well as other supplemental information to assist the reader in a full understanding of the financial statements and additional schedules required by the Colorado Department of Education.

SAN JUAN COUNTY (SILVERTON) SCHOOL DISTRICT NO. 1
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
For the Fiscal Year Ended June 30, 2017

THE DISTRICT AS A WHOLE

The perspective of the statement of net position is of the District as a whole. Following is a summary of the District's net position for the fiscal years ending June 30, 2017 compared to 2016.

<i>(In Thousands)</i>	<u>Governmental Activities</u>	
	2017	2016
<u>ASSETS:</u>		
Current and Other Assets	\$ 573	\$ 834
Capital Assets, Net	11,857	11,406
	12,430	12,240
<u>DEFERRED OUTFLOWS:</u>		
Pensions, Net of Accum Amtz	2,021	333
	2,021	333
<u>LIABILITIES:</u>		
Current & Other Liabilities	123	144
Long-term Liabilities	1,459	972
Net Pension Liability	5,261	2,689
	6,843	3,805
<u>DEFERRED INFLOWS:</u>		
Pensions, Net of Accum Amtz	94	198
	94	198
<u>NET POSITION:</u>		
Invested in Capital Assets, Net of Related Debt	7,121	7,950
Restricted	110	78
Unrestricted	283	542
	\$ 7,514	\$ 8,570

By far the largest portion of the District's net position reflects its investment in capital assets (e.g., land and improvements, buildings and equipment) less any related outstanding debt used to acquire those assets. The District uses these capital assets to provide services to students; consequently, these assets are not available for future spending. Resources to repay debt on these assets must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities. Negative unrestricted asset balances represent that there are long-term obligations, including the District's proportionate share of the state's School Division Trust Fund pension liability, in excess of currently available resources.

SAN JUAN COUNTY (SILVERTON) SCHOOL DISTRICT NO. 1
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

For the Fiscal Year Ended June 30, 2017

THE DISTRICT AS A WHOLE -- CONTINUED

The statement of activities reflects the cost of program services and the charges for services and sales, grants, and contributions offsetting those services. The following detail reflects the total cost of services supported by program revenues and general property taxes, unrestricted state entitlements, and other general revenues, resulting in the overall change in net position for the current fiscal year:

<i>(In Thousands)</i>	Governmental Activities	
	2017	2016
<u>REVENUES:</u>		
Program Revenues:		
Charges for Services & Sales	\$ 58	\$ 54
Operating Grants & Contributions	263	318
Capital Grants and Contributions	-	-
Total Program Revenues	321	372
General Revenues:		
Property Taxes - General	500	490
Property Taxes - Debt Service	105	88
Specific Ownership Taxes	42	45
State Equalization, Net	637	544
Federal Forest & Mineral Lease Revenues	8	165
Other General Revenues	25	26
Total General Revenues	1,317	1,358
Total Revenues	1,638	1,730
<u>PROGRAM EXPENSES:</u>		
Instruction	1,020	923
Support Services:		
Students	4	4
Instructional Staff	7	8
General Administration	195	174
School Administration	7	14
Business Support Services	83	68
Operations and Maintenance	167	112
Student Transportation	14	11
Central Support Services	36	39
Enterprise Support Services	14	19
Community Services	102	119
Other Support Services	15	14
Food Services	53	54
Facilities: Non-Capitalized Expenses	3	-
Unallocated PERA Actuarial Adjustment	779	52
Interest and Fiscal Charges	41	37
Unallocated Depreciation	155	156
Total (Expenses)	2,695	1,804
Increase (Decrease) in Net Position	\$ (1,057)	\$ (74)

Most of the District's revenues come from the Public School Finance Act of 1994 (SFA), which is comprised of general property taxes, specific ownership taxes and state equalization based on the statewide formula for pupil funding. In fiscal year 2017, approximately 54% of SFA funding came from state equalization and 46% from taxes.

SAN JUAN COUNTY (SILVERTON) SCHOOL DISTRICT NO. 1
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
For the Fiscal Year Ended June 30, 2017

THE DISTRICT AS A WHOLE -- CONTINUED

Governmental Activities – For the fiscal year 2017, the net position of the District's governmental activities decreased by \$1,057 million.

THE DISTRICT AS A WHOLE -- NET COST OF SERVICES

As indicated above, the statement of activities reflects the cost of program services and the charges for services, grants, and contributions offsetting those services. The following table summarizes the information from the statement of activities, reflecting the total cost of program services and the remaining net cost of program services supported by taxes and other general revenues:

<i>(In Thousands)</i>	Fiscal Year 2017		Fiscal Year 2016	
	Total Cost of Services	Net Cost of Services	Total Cost of Services	Net Cost of Services
Instruction	\$ 1,020	\$ 923	\$ 923	\$ 710
Support Services:				
Students	4	4	4	4
Instructional Staff	7	7	8	8
General Administration	195	195	174	174
School Administration	7	7	14	14
Business Support Services	83	83	68	68
Operations and Maintenance	167	167	112	112
Student Transportation	14	14	11	11
Central Support Services	36	36	39	39
Enterprise Support Services	14	14	19	19
Community Services	102	13	119	-
Other Support Services	15	15	14	(3)
Food Services	53	36	54	31
Facilities: Non-Capitalized Expenses	3	3	-	-
Unallocated PERA Actuarial Adj	779	779	52	52
Interest and Fiscal Charges	41	41	37	37
Unallocated Depreciation	155	155	156	156
NET COST OF SERVICES	\$ 2,695	\$ 2,374	\$ 1,804	\$ 1,432

The dependence on general revenues for governmental activities is apparent as approximately 88% and 79% of governmental activities were supported in 2017 and 2016, respectively, through taxes and other general revenues. The community as a whole is the primary support for the District's students.

SAN JUAN COUNTY (SILVERTON) SCHOOL DISTRICT NO. 1
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
For the Fiscal Year Ended June 30, 2017

THE DISTRICT'S FUNDS

The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The funds are accounted for using the modified accrual basis of accounting.

Governmental Funds –

General Fund

The General Fund had an overall decrease in fund balance of \$239,012. After current year required restrictions of fund balance, the remaining unassigned fund balance of \$223,393 is the amount available for future spending.

Food Service Fund

The Food Service Fund had an overall decrease in fund balance of \$2,894. After current year required restrictions of fund balance, the remaining unassigned fund balance of \$7,572 is the amount available for future spending.

Student Activities Fund

The Student Activities Fund had an overall decrease in fund balance of \$4,159. The ending fund balance of \$27,640 is the amount available for future spending.

Bond Redemption Fund

The Bond Redemption Fund had an overall increase in fund balance of \$17,921. The ending fund balance of \$64,305 is the amount available for future debt service.

Capital Projects Fund

The Capital Projects Fund had an overall increase in fund balance of \$137. The ending fund balance of \$21,207 is the amount of Capital Projects Funds available for future capital outlay.

Fiduciary (Agency) Fund –

The *Foundation Agency Fund* ended the year with \$129,847 available for future spending.

**SAN JUAN COUNTY (SILVERTON) SCHOOL DISTRICT NO. 1
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**

For the Fiscal Year Ended June 30, 2017

GENERAL FUND BUDGETING HIGHLIGHTS

The District's procedures in establishing the budgetary data reflected in the financial statements is summarized in *Note 1(E)* of the financial statements. The District uses a line-item based budget which is designed to control line-item expenditures, but provide flexibility for overall budgetary management. During the course of the current fiscal year the District amended its General Fund budget as needed. For budgetary basis, lease-purchase proceeds and related capital acquisitions have been netted in expenditures.

For the General Fund, budgetary revenues and other financing sources of \$1,470,898 were below final budgetary expectations of \$1,549,254 by \$78,356.

The District's General Fund budgetary expenditures and other financing uses of \$1,709,910 were less than the final appropriated balance of \$2,057,659 by \$347,749.

The Board of Directors and District management continue to strive to budget appropriate amounts for each individual line item and to provide services in the most economical manner. It is not anticipated that this year's budgetary variances will have a significant impact on future services or liquidity.

CAPITAL ASSETS

At the end of fiscal year 2017, the District had a total of \$11,856,848 invested in capital assets, net of accumulated depreciation. The following reflects the balances of the current and prior fiscal year:

<i>(In Thousands)</i>	Governmental Activities	
	2017	2016
<i>Net of Depreciation:</i>		
Land and Improvements	\$ 891	\$ 337
Buildings & Improvements	10,679	10,832
Equipment and Vehicles	284	233
Food Service Equipment	3	4
	\$ 11,857	\$ 11,406

DEBT ADMINISTRATION

At June 30, 2017 the District had \$886,476 in outstanding general obligation bonds and \$535,217 of lease purchase obligations; of which the current principal portion to be paid in the next fiscal year is \$91,849. The bonds are being paid from a mill levy in the Bond Redemption fund over a 20 year period with the last payment due in fiscal year 2030. In addition, the District also has a long-term liability for accrued compensated absences in the amount of \$37,087.

Other long-term obligations consist of the District's proportionate share of the State PERA Net Pension Liability (see Note 1 & 7) in the amount of \$5,261,015.

**SAN JUAN COUNTY (SILVERTON) SCHOOL DISTRICT NO. 1
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**

For the Fiscal Year Ended June 30, 2017

CURRENT ISSUES, ECONOMIC CONDITION AND OUTLOOK

The Public School Finance Act of 1994 (SFA) is the largest source of revenue for the District's operating funds. The SFA calculates per-pupil funding by school district based upon a formula using a number of factors including cost of living, number of students, district size, personnel vs. non-personnel costs, and number of at-risk students. The purpose of the SFA was to establish a financial base of support for public education, to move towards a uniform mill levy tax state-wide for all districts, and to limit future growth of and reliance upon property tax to support public education. Funding sources for the SFA are derived by the following formula:

Total Program Funding - local property taxes + general specific ownership taxes + state equalization

The United States and the State of Colorado have experienced unprecedented economic decline. One impact of this budget crisis is the reduction in the State of Colorado's general fund revenues. Because educational expenditures represent a significant portion of the State of Colorado's total expenditures, the District anticipates its future revenues may be impacted; if District revenues are reduced, the District will be required to reduce its future program expenditures. The Board and Administration will continue to carefully review spending to maintain a careful balance between education and fiscal responsibility.

According to Colorado PERA, the overall statewide collective net pension liability for the PERA School Division Trust Fund is \$29.8 billion, an increase of approximately \$14.5 billion from the prior year. Changes in two actuarial assumptions primarily contributed to the increase in the collective net pension liability. In November 2016, the PERA Board decided to take a more conservative approach to the future of the market and lowered the long-term return expectation from 7.5 percent to 7.25 percent. Additionally, the Board conducted an experience study which showed that its members are now living longer – meaning PERA is paying benefits for a longer period of time. Additionally, other changes in actuarial assumptions adopted by the PERA Board resulted in an increase to the collective net pension liability for the School Division Trust Fund of approximately \$2.3 billion, while required application of the use of a blended discount rate of 5.26 percent resulted in an additional increase to the collective net pension liability of approximately \$11.3 billion. As a result, the District's proportionate share of the collective net pension liability increased approximately 40% in the current fiscal year. It is important to note that this reporting requirement does not necessarily reflect the financial condition of a governmental entity because a pension liability cannot be made immediately due and payable. Additionally, this has no impact on the District's fund level financial statements which are used for internal and budgetary use; rather, the change only effects the District's government-wide financial statement reporting in the year-end audited financial statements.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our residents, customers, taxpayers, investors, and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. RECONCILIATION OF TOTAL GOVERNMENTAL FUND BALANCES
TO NET POSITION OF GOVERNMENTAL ACTIVITIES
June 30, 2017

TOTAL GOVERNMENTAL FUND BALANCES \$ 392,653

Amounts reported for governmental activities on the Statement of Net Position are different because of the following:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the governmental funds.

Governmental Capital Assets	\$ 13,914,623	
Less Accumulated Depreciation	<u>(2,057,775)</u>	11,856,848

Property taxes receivable that are due later than 60 days after year end are not available soon enough to pay for the current period's expenditures, and therefore not reported in the governmental funds.

61,606

Some liabilities are not due and payable in the current year and therefore, are not reported in the governmental funds.

Accrued Interest Payable	\$ (4,480)	
Current Portion of Long-Term Debt	<u>(91,849)</u>	(96,329)

Long-term liabilities are not due and payable in the current year and, therefore, are not reported in the governmental funds:

Accrued Compensated Absences	\$ (37,087)	
Lease Purchase Obligations	(497,235)	
Bonds Payable-Noncurrent Portion	(832,609)	
Net Pension Liability	(5,261,015)	
Deferred Outflows of Resources	2,020,688	
Deferred Inflows of Resources	<u>(93,835)</u>	<u>(4,701,093)</u>

SAN JUAN COUNTY (SILVERTON) SCHOOL DISTRICT NO. 1
RECONCILIATION OF STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN
FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
For the Fiscal Year Ended June 30, 2017

NET CHANGE IN FUND BALANCES – TOTAL GOVERNMENTAL FUNDS \$ (228,007)

Amounts reported for governmental activities on the Statement of Activities are different because of the following:

Governmental Funds report capital outlays as expenditures, however, on the Statement of Activities the cost of those assets is allocated over their estimated useful lives as depreciation expense. The net book value of asset dispositions is an adjustment to gain (loss) on the Statement of Activities. This is the amount by which capital outlay exceeded depreciation expense and loss on asset dispositions in the current period:

Capital Outlay	\$ 668,688	
Depreciation Expense	<u>(218,051)</u>	450,637

Internal transfers of Capital Assets from Proprietary Funds to Governmental Funds are not recorded in Governmental Funds, but are recognized in Governmental Activities. This is the net book value of assets transferred. -

In Governmental Funds, revenues for property taxes are measured by the amount of current financial resources provided, including amounts due within 60 days after the end of the year; whereas, in the Statement of Activities, property taxes are measured as the revenue is earned. This is the amount by which current property taxes to be received after 60 days from the end of the year decreased from the previous fiscal year: (11,586)

Compensated absences that are not payable from current resources are not reported as expenditures in Governmental Funds; whereas, in the Statement of Activities, compensated absences are measured as the benefits are earned by employees during the year. This is the amount by which compensated absences increased from the previous fiscal year: (3,431)

Interest expense is recognized as an expenditure in the governmental funds when it is due as it requires the use of current financial resources; however, in the Statement of Activities interest expense is recognized as the interest accrues regardless of when due. This is the amount by which accrued interest increased from the previous fiscal year: (1,480)

Proceeds from the issuance of long-term debt provide current financial resources to governmental funds, but issuing long-term debt increases long-term liabilities in the Statement of Net Position. Repayment of debt principal is an expenditure in the funds, but the repayment reduces long-term liabilities in the Statement of Net Position.

Current Period Debt Proceeds	\$ (565,021)	
Current Period Debt Repayment	<u>81,682</u>	(483,339)

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Change in Net Pension Liability	\$ (2,571,552)	
Change in Deferred Outflows	1,687,651	
Change in Deferred Inflows	<u>104,555</u>	<u>(779,346)</u>

CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES \$ (1,056,552)

SAN JUAN COUNTY (SILVERTON) SCHOOL DISTRICT NO. 1

NOTES TO FINANCIAL STATEMENTS

June 30, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the San Juan County (Silverton) School District No. 1 are prepared in accordance with generally accepted accounting principles (GAAP) as applicable to governmental units. The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant accounting policies established in GAAP and used by the District is discussed below.

A. Financial Reporting Entity

The San Juan County (Silverton) School District No. 1 is organized under the laws of the State of Colorado and is governed by an elected five member Board of Education. Board of Education members are elected by the citizens of San Juan County, not appointed by any other governing body. The Board selects the superintendent of schools and senior level administrators. The Board is solely responsible for the District's budget adoption process. The District meets the criteria of a primary government; its Board is the publicly elected governing body; it is a legally separate entity; and it is fiscally independent with the authority to: a) determine its budget without another government's authority to approve or modify; b) levy taxes or charges without another government's approval; and, c) issue bonded debt without approval by another government.

The Governmental Accounting Standards Board (GASB) has specified the criteria to be used in defining a governmental entity for financial reporting purposes.

The reporting entity consists of (a) the primary government; i.e., the District, and (b) organizations for which the District is financially accountable. The District is considered financially accountable for legally separate organizations if it is able to appoint a voting majority of an organization's governing body and is either able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the District. Consideration is also given to other organizations that are fiscally dependent; i.e., unable to adopt a budget, levy taxes, or issue debt without approval by the District. Organizations for which the nature and significance of their relationship with the District are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete are also included in the reporting entity.

Based on these criteria, the District's financial statements do not include any component units, nor do they exclude any potential component units requiring inclusion in the District's reporting entity. The District is not a component unit of any other governmental reporting entity. The District's financial statements include the accounts of all District operations.

The District is a member of the San Juan County Board of Cooperative Educational Services (BOCES). The BOCES is a regional education service unit created under the "Board of Cooperative Services Act of 1965" and is governed by a board consisting of representatives from each participating district. The BOCES does not meet the criteria for inclusion within the reporting entity of the District due to the lack of an ongoing financial interest. Additional information regarding the District's participation is provided in *Note 13*.

SAN JUAN COUNTY (SILVERTON) SCHOOL DISTRICT NO. 1

NOTES TO FINANCIAL STATEMENTS

June 30, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. Basis of Presentation

The District's basic financial statements consist of government-wide statements, including a statement of net position and statement of activities, and fund financial statements which provide a more detailed level of financial information.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The statement of net position and the statement of activities display information about the District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds.

The statement of net position presents the financial condition of the governmental activities of the District at fiscal year end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and, therefore, clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the District, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from general revenues of the District.

FUND FINANCIAL STATEMENTS

During the fiscal year, the District segregates transactions related to certain functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance by segregating transactions related to certain governmental functions or activities. Fund financial statements are designed to present financial information of the District at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column.

C. Fund Accounting

Governmental accounting systems are organized and operated on a fund basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts that comprise its assets, liabilities, fund equity, revenues and expenditures or expenses. The District's funds are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations based upon the purposes for which they are to be spent and by the means by which spending activities are controlled. The various funds are grouped, in the financial statements, as follows:

SAN JUAN COUNTY (SILVERTON) SCHOOL DISTRICT NO. 1

NOTES TO FINANCIAL STATEMENTS

June 30, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Fund Accounting - continued

GOVERNMENTAL FUNDS – those through which most governmental functions of the District are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between the governmental fund assets and liabilities is reported on the balance sheet as fund balance.

General Fund – used to account for all financial resources, except those required to be accounted for in another fund. The General Fund balance is available to the District for any purpose provided it is expended or transferred according to general statutory laws.

Special Revenue Funds – Special Revenue Funds are used to account for the proceeds of specific revenue sources other than special assessments and expendable trusts that are legally restricted to expend funds for specified purposes. The special revenue fund revenues/resources for the Food Service Fund account for grants and other revenues raised from general food services. The special revenue fund revenues/resources for the Student Activities Fund are amounts from revenues raised from various student activities.

Debt Service Funds – Debt Service Funds are used to account for the accumulation of resources for, and the payment of, general long-term bond obligation principal, interest and related costs. The Bond Redemption Fund is a Debt Service Fund.

Capital Projects Funds – Capital Projects Funds are used to account for monies for major capital facilities and equipment additions. The District has one Capital Projects Fund.

FIDUCIARY FUNDS – those through which the District's Fiduciary (*or Agency*) activities are reported. These activities are excluded from the District's governmental funds because the District cannot use these assets to finance its operations. The Fiduciary is responsible for ensuring these assets are used for their intended purpose. The Foundation Agency Fund is a fiduciary fund.

SAN JUAN COUNTY (SILVERTON) SCHOOL DISTRICT NO. 1

NOTES TO FINANCIAL STATEMENTS

June 30, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Measurement Focus and Basis of Accounting

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of the District are included on the statement of net position. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

FUND FINANCIAL STATEMENTS

All governmental funds are accounted for using a flow of current expendable financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reflect the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund statements, therefore, include a reconciliation with brief explanations to better identify the relationship between the government-wide and governmental fund statements.

Like the government-wide financial statements, enterprise funds are accounted for using a flow of economic resources measurement focus. All assets and all liabilities associated with the operations are included on the statement of net position. The statement of changes in revenues, expenses, and changes in net position, presents increases (e.g., revenues) and decreases (e.g., expenses) therein. The statement of cash flows reflects how the School District finances and meets the cash flow needs of its enterprise funds.

BASIS OF ACCOUNTING

While the measurement focus identifies *which* transactions and events should be recorded on the financial statements, the basis of accounting determines *when* transactions and economic events are reflected in financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting.

Exchange and Non-exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. Under the modified accrual basis of accounting, revenues are recorded when they are both measurable and available (often referred to as *susceptible to accrual*). Revenues are measurable when they are subject to reasonable estimation, while the available criterion is satisfied when revenues are collectible during the period and the actual collection will occur either (a) during the current period or (b) after the end of the period but in time to pay fund liabilities. The District considers revenues to be available if they are expected to be collected within 60 days of the end of the year.

SAN JUAN COUNTY (SILVERTON) SCHOOL DISTRICT NO. 1

NOTES TO FINANCIAL STATEMENTS

June 30, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Non-exchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, income taxes, grants, entitlements and donations. Grants, entitlements, and interest are recorded when they are susceptible to accrual. Expenditure-based grants are recorded as revenue when the conditions of the grants are satisfied. Property tax revenues are recognized when they are levied. Expenditures, if measurable, are recorded when they have used or are expected to use current expendable financial resources, except unmatured interest on general long-term debt is recorded when due.

Government-wide financial statements are prepared using the accrual basis of accounting.

Governmental funds and agency funds use the modified accrual basis of accounting and the flow of expendable financial resources (measurement focus).

E. Budgets and Budgetary Accounting

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- Budgets are required by Colorado School District Budget Law for all funds of the District. The District legally adopted annual budgets for all of the District's funds.
- Prior to June 30, the budgets are adopted and appropriations made by formal resolution for the ensuing fiscal year commencing July 1. A public hearing on the proposed budget is held by the Board prior to adoption of the budget.
- Budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP) for all funds, with the exception of current year lease-purchase proceeds (an other financing source) in the General Fund of \$565,021 which have been netted against capital expenditures for budgetary basis reporting.
- Expenditures may not legally exceed appropriations at the fund level. Board approval is required for changes in the total budget of any fund. Budget amounts included in the financial statements are based on the final, legally amended budget.
- Appropriations lapse at the end of each year, and the District's Board may adopt supplemental appropriations during the year. The Board legally amended the budget and adopted a supplemental appropriation of the budgeted ending fund balance during the year as reflected in the budgetary comparison schedules which are included as required and other supplemental information.
- Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation is utilized by the District for management purposes and internal budgetary control during the year, but is not used for financial reporting purposes. Encumbrances outstanding at year end are closed out and the fund balance is not reserved for any encumbrances outstanding. All appropriations lapse at year-end whether or not encumbered.

SAN JUAN COUNTY (SILVERTON) SCHOOL DISTRICT NO. 1

NOTES TO FINANCIAL STATEMENTS

June 30, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

F. Assets, Liabilities and Fund Equity/Net Position

- 1) Cash and Investments – The District’s policy in determining which items are treated as cash equivalents include cash, demand deposits, treasury bills and other short-term, highly liquid investments that are readily convertible to cash and have original maturities of three months or less. Investments are reported at fair value which is determined using selected bases. Short-term investments are reported at cost which approximates fair value. Securities traded on a national or international exchange are valued at the last quoted market price. Cash deposits are reported at carrying amounts which reasonably estimates fair value.

- 2) Interfund Assets/Liabilities – Internal balances arise from outstanding amounts due to/from the District’s various funds. Interfund balances within governmental activities are eliminated on the government-wide Statement of Net Position. As of June 30, 2017 the following were outstanding internal balances:

	<u>Due From</u>	<u>Due To</u>
General Fund	\$ 29,499	\$ 14,316
Food Service Fund	3,236	-
Student Activities Fund	-	26,931
Bond Redemption Fund	-	1,569
Capital Projects Fund	6,500	1,000
Foundation Agency Fund	4,581	-

- 3) Property Taxes and Property Tax Revenue – Property taxes are assessed on a calendar year basis. Property taxes attach as an enforceable lien on property as of January 1. They may be paid in either one installment (no later than April 30th) or two equal installments (no later than February 28th and June 15th) without interest or penalty. Taxes that are not paid within the prescribed time bear interest at the rate of one percent (1%) per month until paid. Unpaid amounts and the accrued interest thereon become delinquent on June 16th. Property taxes are levied and collected on behalf of the District by San Juan County and are reported as revenue when received by the county treasurer.

Taxes receivable represent the 2016 assessed taxes yet to be collected in 2017. Amounts collectible subsequent to August 2017 have been accrued on the government-wide Statement of Net Position.

<u>Assessed Valuation</u>	<u>Mill Levy</u>	<u>Amount of Taxes</u>			<u>Percent Collected</u>	
		<u>Levied</u>	<u>Budgeted</u>	<u>Received</u>	<u>Levied</u>	<u>Budgeted</u>
\$42,503,261	13.994	\$ 594,791	\$ 586,114	\$533,185	90%	91%

The District considers all amounts to be materially collectible; therefore, an allowance for estimated uncollectible taxes is not considered necessary.

SAN JUAN COUNTY (SILVERTON) SCHOOL DISTRICT NO. 1

NOTES TO FINANCIAL STATEMENTS

June 30, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

F. Assets, Liabilities and Fund Equity (continued)

- 4) Inventory – Inventory of the District’s Food Service Fund is valued as follows: Purchased food and non-food items are valued at cost, and U.S.D.A. donated commodity items are valued at U.S.D.A. unit pricing, substantially on a first-in-first out basis. Freight and delivery charges are not included in inventory valuations. The District had \$2,536 of inventories on hand at June 30, 2017.
- 5) Capital Assets – Capital assets purchased or acquired with an original cost in excess of the capitalization threshold of \$1,000 set by the School District are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Costs incurred for repairs and maintenance are expensed as incurred.

Depreciation on capital assets is provided on the straight-line basis over the following estimated useful lives:

Buildings & Improvements	20-75 years
Equipment	3-10 years
Vehicles	10 years

- 6) Compensated Absences –The accrued leave policy provides for accrual of annual vacation leave which, generally, must be used by August 31 of each fiscal year. Unused vacation and personal leave is converted into additional sick leave days. Paid sick leave may be accumulated without limit at a rate of one day per working month. Paid sick leave for part-time employees is accrued and charged on a pro-rated basis. Upon termination of employment for reasons other than retirement, an employee shall be paid for unused sick days up to 90 days, at a rate based upon 50% of the average daily rate of pay for the employee during their last five years of employment times 50% of their accrued sick leave balance. An employee who is eligible for retirement in accordance with the Public Employees Retirement Association shall be paid for accrued sick leave not to exceed 120 days, but to be no less than 12 days, at a rate based upon 50% of the average daily rate of pay for the employee during their last five years of employment times 50% of accrued sick leave.
- 7) Accrued Liabilities and Long-term Obligations – All payables, accrued liabilities and long-term obligations are reported on the government-wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year.

SAN JUAN COUNTY (SILVERTON) SCHOOL DISTRICT NO. 1
NOTES TO FINANCIAL STATEMENTS
June 30, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

F. Assets, Liabilities and Fund Equity (continued)

7) Accrued Liabilities and Long-term Obligations – continued

Accrued Salaries and Benefits – Salaries of teachers and other contracted personnel are accrued as required by the Revised Financial Policies and Procedures Handbook. Teachers' salaries are typically paid over a twelve-month period but are earned over a period of approximately nine months. This results in an outstanding liability at the end of the fiscal year. Accrued salaries at June 30 were \$100,155 with the incremental change charged to expenditures.

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position. If applicable, bonds premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. If applicable, bond issuance and any refunding costs are reported as deferred charges and amortized over the term of the related debt

In the governmental fund financial statements, bonds are recognized as a liability on the fund financial statements when due. The face amount of debt issued is reported as other financing sources. If applicable, premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. If applicable, issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures

8) Net Position (government-wide financial statements) –

In the government-wide financial statements, net position is classified in the following categories:

Invested in Capital Assets, Net of Related Debt – this category groups all capital assets into one component. Accumulated depreciation and the outstanding debt balances that are attributable to (already invested in) the acquisition, construction or improvement of these assets reduce this category.

Restricted – assets are reported as *restricted* when limitations on their use change the nature or normal understanding of the availability of the asset. Such constraints are either imposed by creditors, contributors, grantors, laws of other governments, or imposed by various enabling legislation.

Unrestricted – represents the amount which is not restricted for any purpose. It is the District's policy to first apply restricted resources when an expense is incurred for which both restricted and unrestricted assets are available.

SAN JUAN COUNTY (SILVERTON) SCHOOL DISTRICT NO. 1

NOTES TO FINANCIAL STATEMENTS

June 30, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

F. Assets, Liabilities and Fund Equity (continued)

9) Fund Net Position (fund financial statements) –

In the fund financial statements, fund balances of governmental funds are classified in the following categories:

Non-spendable – amounts that cannot be spent because they are either in non-spendable form such as inventory and prepaid expenses, or legally or contractually required to be maintained intact such as the corpus of permanently restricted funds to be retained in perpetuity. It also includes the long-term amount of loans and notes receivable, prepaid items, and property acquired for resale, when applicable.

Restricted – when constraints are placed on the use of resources either (a) externally imposed by creditors or (b) imposed by law through constitutional provisions or enabling legislation.

Committed – amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority (the Board of Education). These amounts cannot be changed except by taking the same type of action employed to previously commit these amounts.

Assigned – amounts that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed. Intent should be expressed by the governing body itself, or a body or official to which the governing body has delegated the authority to assign amounts to be used for specific purposes.

Unassigned – the residual for the general fund. It is the District's policy to first apply restricted resources when an expense is incurred for which both restricted and unrestricted assets are available.

G. Deferred Outflows and Inflows of Resources

The statement of net position and fund balance sheet include separate sections for deferred outflows of resources and deferred inflows of resources, when applicable. Deferred outflows of resources represent a consumption of net position that applies to future periods that will be recognized as an expense or expenditure in future periods. Deferred inflows of resources represent an acquisition of net position or fund balance that applies to future periods and will be recognized as revenue in future periods.

H. Unearned Revenue

When applicable, unearned revenues consist of revenue received before all eligibility requirements or allocable expenditures have been met or incurred.

SAN JUAN COUNTY (SILVERTON) SCHOOL DISTRICT NO. 1

NOTES TO FINANCIAL STATEMENTS

June 30, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

I. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the pension plan's fiduciary net position and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value using the economic measurement focus and accrual basis of accounting.

J. Contributed Capital

Grants and contributions in the enterprise fund which may be used for either operations or capital expenditures at the discretion of the District are recognized as non-operating revenues. If expenditure of funds is the prime factor for determining eligibility for contributed funds, revenue or contributed capital is recognized at the time of expenditure.

K. Inter-fund Transactions

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues. Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as inter-fund transfers. Inter-fund transfers are reported as other financing sources/uses in the governmental funds and are non-operating revenues/expenses in the enterprise funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

L. Use of Estimates

Management uses estimates and assumptions in preparing these financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were used.

SAN JUAN COUNTY (SILVERTON) SCHOOL DISTRICT NO. 1

NOTES TO FINANCIAL STATEMENTS

June 30, 2017

NOTE 2 - DEPOSITS AND INVESTMENTS

The Board of Education recognizes the importance of prudent and profitable investment of District monies and its responsibility in overseeing finances. It is District policy to invest public funds in a manner which will ensure the safety of funds, ensure that adequate funds are available at all times to meet the financial obligations of the District when due, ensure a market rate of return on the funds available for investment throughout the budget cycle, and ensure that all funds are deposited and invested in accordance with all federal, state and local statutes governing the investment of public funds.

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. The eligible depository is required to pledge to the Colorado Division of Banking a pool of collateral having a market value that at all times exceeds 102 percent of uninsured aggregate public deposits. The eligible collateral is determined by the PDPA, which includes obligations of the United States, the State of Colorado, Local Colorado governments, and obligations secured by first lien mortgages on real property located in the state. PDPA allows the institution to create a single collateral pool for all public funds. The pool is maintained by another institution or held in trust for all uninsured public deposits as a group. The State Regulatory Commissions for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

There is no custodial credit risk for public deposits collateralized under PDPA. The District's bank deposits were entirely covered by federal depository insurance (FDIC) or collateralized under PDPA in accordance with state statute, and had total bank balances of \$73,808 which were fully covered by FDIC insurance.

A summary of the Districts cash and cash equivalents (including Agency funds) follows:

Checking/Bank Deposits	\$ 73,808
Local Government Investment Pool (COLOTrust)	187,572
Investments - Money Market Funds (Piper Jaffray)	<u>237,079</u>
Total Balances	498,459
Net Outstanding Items	<u>(7,149)</u>
Total Cash and Cash Equivalents	<u>\$ 491,310</u>

The above amount is reflected in the accompanying financial statements as follows: Governmental Activities \$366,044 and Fiduciary Activities \$125,266.

SAN JUAN COUNTY (SILVERTON) SCHOOL DISTRICT NO. 1

NOTES TO FINANCIAL STATEMENTS

June 30, 2017

NOTE 2 - DEPOSITS AND INVESTMENTS (continued)

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- Obligations of the United States and certain U.S. governmental agency securities, including securities issued by FNMA (federal national mortgage association), GNMA (governmental national mortgage association), FHLMC (federal home loan mortgage corporation), the federal farm credit bank, the federal land bank, the export-import bank, and by the Tennessee Valley authority, and certain international agency securities, including the World Bank.
- General obligation and revenue bonds of U.S. local government entities, the District of Columbia, and territorial possessions of the U.S. rated in the highest two rating categories by two or more nationally recognized rating agencies.
- Bankers' acceptances of certain banks
- Certain securities lending agreements
- Commercial paper
- Written repurchase agreements collateralized by certain authorized securities
- Certain money market funds
- Guaranteed Investment contracts
- Local government investment pools
- The investing local government's own securities including certificates of participation and lease obligations.

Local Government Investment Pool (COLOTrust)

As of June 30, 2017 the District had invested \$187,572 in the Colorado Local Government Liquid Asset Trust (the Trust), an investment vehicle established for local government entities in Colorado to pool surplus funds. The Trust operates similarly to a money market fund and each share is equal in value to \$1. The Trust offers shares in two portfolios, COLOTrust PRIME and COLOTrust PLUS+. Both portfolios may invest in U.S. Treasury securities and repurchase agreements collateralized by U.S. Treasury securities. COLOTrust PLUS+ may also invest in certain obligations of U.S. government agencies. A designated custodial bank serves as custodian for the Trust's portfolios pursuant to a custodian agreement. The custodian acts as safekeeping agent for the Trust's investment portfolios and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by the Trust. Substantially all securities owned by COLOTrust are held by the Federal Reserve Bank in the account maintained for the custodial bank. The custodian's internal records identify the investments owned by COLOTrust. These pools are not required to and are not registered with the SEC. COLOTrust's funds are rated AAA by Standard and Poor's, Fitch's and Moody's rating services. As of June 30, 2017, the District had \$0 invested in COLOTrust PRIME, and \$187,572 invested in COLOTrust PLUS+. ColoTrust investments are considered cash equivalents in the District's financial statements. Investments in local government investment pools are not categorized in terms of custodial credit risk since they are not evidenced by securities that exist in physical or book entry form.

SAN JUAN COUNTY (SILVERTON) SCHOOL DISTRICT NO. 1

NOTES TO FINANCIAL STATEMENTS

June 30, 2017

NOTE 2 - DEPOSITS AND INVESTMENTS (continued)

Piper Jaffray Investment Portfolio

As of the fiscal year-end, the District's Piper Jaffray investment portfolio had a total balance of \$136,976 in Money Market Funds and \$100,102 in Certificates of Deposit (including accrued interest of \$274). Piper Jaffray is a member of the Securities Investor Protection Corporation (SIPC), which protects clients of its members in liquidation up to \$500,000 (limited to \$250,000 on claims for cash). The Certificates of Deposit are covered by FDIC.

Risk Disclosures

Additional investment and deposit disclosures for credit risk, interest rate risk, and foreign currency risk, as required by GASB Statement No. 40, *Deposit and Investment Risk Disclosures*, are included in the notes below.

To minimize custodial credit risk, or the risk that an insurer or other counterparty to an investment will not fulfill its obligations, state law limits investments to those where the issuer is rated in one of the three highest rating categories by one or more nationally recognized organizations that rate such issuers. The District has deposits in COLOTrust Plus+ and Certificates of Deposit at Piper Jaffray with ratings as follows:

	<u>Fair Value</u>	<u>Credit Rating</u>	<u>Rating Agency</u>
COLOTrust Plus+	\$ 187,572	AAAm	Standard & Poors
Certificates of Deposit	\$ 100,102	Not Rated	

The concentration of credit risk, or the risk of loss attributed to the magnitude of a government's investment in a single issuer, occurs when deposits are not diversified. The District's policy places no limit on the amount the District may invest in any one issuer; however the District maintains general guidelines for investments to ensure proper diversification by security type and institution. All investments are issued or explicitly guaranteed by securities of the U.S. government, or insured by the Public Depository Protection Act, or are investments in mutual fund or external investment pools, and therefore are not subject to concentration of credit risk.

The District was not subject to foreign currency risk as of June 30, 2017.

Interest rate risk is the extent to which changes in interest rates will adversely affect the fair value of an investment. The District maintains an investment policy that limits investment maturities to three years as means of managing its exposure to fair value losses arising from increasing interest rates and to avoid undue concentration in any sector of the yield curve. Exceptions to this structure may be allowed where maturities can be structured to accommodate readily identifiable cash flows. Investments subject to interest rate risk disclosures are shown below:

	<u>Fair Value</u>	<u>Accrued Interest</u>	<u>Maturity</u>
Certificate of Deposit	\$ 100,102	\$ 274	10/01/18

Additional disclosures for deposits and investments are included in *Note 1*.

SAN JUAN COUNTY (SILVERTON) SCHOOL DISTRICT NO. 1

NOTES TO FINANCIAL STATEMENTS

June 30, 2017

NOTE 3 - FAIR VALUES OF FINANCIAL INSTRUMENTS

The District has a number of financial instruments, including cash and equivalents, receivables, and accounts payable, none of which are held for trading purposes. The District estimates that the fair values of its financial instruments at year end does not differ materially from the aggregate carrying values of its financial instruments recorded in the accompanying balance sheet.

NOTE 4 - CAPITAL ASSETS

Capital asset activity for fiscal year ended June 30, 2017 was as follows:

General obligation Best Program Matching Money Bonds Series 2011 B-C

General Obligation Bonds in the face amount of \$1,200,000 were issued March 2, 2010 to the State of Colorado as "State of Colorado BEST Program Series 2010B-C Matching Money Bonds" for the purposes approved at the District's election on November 3, 2009 which, along with financial assistance from the State of Colorado under the Building Excellent Schools Today (BEST) Act in the amount of \$9,478,924, were for the purposes of mitigating the health and safety conditions of District facilities, improving the functionality of the facilities as learning environments, and improving technology infrastructure by financing the following: renovation, repair and improvement of the District's historic 1911 school building; the renovation, repair and improvement of the District's gymnasium; improvements to the school grounds and campus site; and, to the extent funds are available after providing for the above purposes, equipping school facilities and paying ancillary project costs. The Bonds have a coupon interest rate of 3.83650266% and are payable semi-annually on June 1 and December 1, with principal due and payable on December 1, and a final maturity date of December 1, 2029.

The annual requirements to amortize the long-term debt are as follows:

Fiscal Year Ending June 30	Principal	Interest	Total
2018	\$ 53,867	32,977	\$ 86,844
2019	55,934	30,870	86,804
2020	58,079	28,683	86,762

NOTES TO FINANCIAL STATEMENTS
June 30, 2017

NOTE 5 - LONG-TERM DEBT - continued

Lease Purchase Obligations

The District has three lease-purchase obligations that are subject to annual appropriation:

- 1) The District entered into a land lease-purchase agreement with Citizen’s State Bank of Ouray, subject to annual appropriation with an annual cancellation provision, on February 28, 2017, for the purpose of acquiring a parcel of land to be used as a school facility. Total principal payments over the full term of the lease-purchase will be \$240,000. The lease-purchase is for 240 months at a stated interest rate of 3.30% with monthly payments of \$2,564 due and payable on the 28th of each month through June 28, 3037. Payments are made from the General Fund. The remaining annual lease payments through the term of the lease-purchase are as follows:

Fiscal Year Ending June 30	Principal	Interest	Total
2018	\$ 16,339	14,427	\$ 30,766
2019	16,886	13,880	30,766
2020	17,415	13,350	30,766
2021	18,035	12,731	30,766
2022	18,540	12,226	30,766
2023-2027	103,061	50,767	153,829
Thereafter	<u>254,329</u>	<u>43,120</u>	<u>297,446</u>
TOTAL	<u>\$ 444,604</u>	<u>\$ 160,501</u>	<u>\$ 605,105</u>

- 2) The District entered into a five-year equipment lease-purchase agreement with AmeriCredit Financial Services, Inc., d/b/a GM Financial, subject to annual appropriation with an annual cancellation provision, on November 4, 2016 for the purpose of acquiring a 2017 Chevrolet Suburban 1 FL 4x4. Total principal payments over the full term of the lease-purchase will be \$46,021. The lease-purchase is for 5 years at an interest rate of 3.60% with annual payments of \$9,877 due and payable on November 4th of each year through November 4, 2020. Payments are made from the General Fund. The remaining annual lease payments through the term of the lease-purchase are as follows:

Fiscal Year Ending June 30	Principal	Interest	Total
2018	\$ 8,555	1,323	\$ 9,878
2019	8,868	1,010	9,878
2020	9,192	685	9,877
2021	<u>9,528</u>	<u>349</u>	<u>9,877</u>
TOTAL	<u>\$ 36,143</u>	<u>\$ 3,367</u>	<u>\$ 39,510</u>

NOTE 5 - LONG-TERM DEBT - continued

Lease Purchase Obligations - continued

3) The District also entered into a lease-purchase agreement with with DeLage Landen Public Finance LLC, subject to annual appropriation with an annual cancellation provision, on January 3, 2017 for the purpose of acquiring a new Blue Bird Micro Bird G5-200C bus. Total principal payments over the full term of the lease-purchase will be \$69,000. The lease-purchase is for 5 years at an interest rate of 2.65% with annual payments of \$14,531 due and payable on January 3rd of each year through January 3, 2021. Payments are made from the General Fund. The remaining annual lease payments through the term of the lease-purchase are as follows:

Fiscal Year Ending <u>June 30</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2018	\$ 13,088	1,443	\$ 14,531
2019	13,435	1,096	14,531
2020	13,791	740	14,531
2021	<u>14,156</u>	<u>375</u>	<u>14,531</u>
TOTAL	<u>\$ 54,470</u>	<u>\$ 3,654</u>	<u>\$ 58,124</u>

NOTE 6 - COMMITMENTS

Operating Leases - The District leases office equipment under two operating lease agreements subject to annual appropriation with an annual cancellation provision, at a combined base rate of \$540 per month, or \$6,480 per annum.

SAN JUAN COUNTY (SILVERTON) SCHOOL DISTRICT NO. 1

NOTES TO FINANCIAL STATEMENTS

June 30, 2017

NOTE 7 - DEFINED BENEFIT PENSION PLAN

Plan Description

Eligible employees of the District are provided with pensions through the School Division Trust Fund (SCHDTF), a cost-sharing multiple-employer defined benefit pension plan administered by the Colorado Public Employees' Retirement Association (PERA). Plan benefits are specified in Title 24, Article 51 of the Colorado Revised Statutes (C.R.S.), administrative rules set forth at 8 C.C.R. 1502-1, and applicable provisions of the Federal Internal Revenue Code. Colorado State law provisions may be amended from time to time by the Colorado General Assembly. PERA issues a publicly available comprehensive annual financial report (CAFR) that can be obtained at: www.copera.org/investments/pera-financial-reports.

Benefits Provided

PERA provides retirement, disability, and survivor benefits. Retirement benefits are determined by the amount of service credit earned and/or purchased, highest average salary, the benefit structure(s) under which the member retires, the benefit option selected at retirement, and age at retirement. Retirement eligibility is specified in tables set forth at C.R.S. Section 24-51-602, 604, 1713 and 1714.

The lifetime retirement benefit for all eligible retiring employees under the PERA Benefit Structure is the greater of the:

- Highest average salary multiplied by 2.5 percent and then multiplied by years of service credit.
- The value of the retiring employee's member contribution account plus a 100% match on eligible amounts as of the retirement date. This amount is then annualized into a monthly benefit based on life expectancy and other actuarial factors.

It is possible for employees participating in the SCHDTF to have earned service credit under the Denver Public Schools (DPS) Benefit Structure while working for a previous employer; therefore the DPS Benefit Structure is shown below, where the lifetime retirement benefit for all eligible retiring employees under the DPS Benefit Structure is the greater of the:

- *Highest average salary multiplied by 2.5 percent and then multiplied by years of service credit.*
- *\$15 times the first 10 years of service credit plus \$20 times service credit over 10 years plus a monthly amount equal to the annuitized member contribution account balance based on life expectancy and other actuarial factors.*

In all cases the service retirement benefit is limited to 100% of the highest average salary and cannot exceed the maximum benefit allowed by the federal Internal Revenue Code.

SAN JUAN COUNTY (SILVERTON) SCHOOL DISTRICT NO. 1

NOTES TO FINANCIAL STATEMENTS

June 30, 2017

NOTE 7 - DEFINED BENEFIT PENSION PLAN - continued

Benefits Provided - continued

Members may elect to withdraw their member contribution accounts upon termination of employment with all PERA employers; waiving rights to any lifetime benefits earned. If eligible, the member may receive a match of either 50% or 100% on eligible amounts depending on when contributions were remitted to PERA, the date employment was terminated, whether 5 years of service credit has been obtained and the benefit structure under which contributions were made.

Benefit recipients who elect to receive a lifetime retirement benefit are generally eligible to receive post-retirement cost-of-living adjustments (COLAs), referred to as annual increases in the C.R.S. Benefit recipients under the PERA benefit structure who began eligible employment before January 1, 2007 (and all benefit recipients of the DPS benefit structure receive an annual increase of 2%) unless PERA has a negative investment year, in which case the annual increase for the next three years is the lesser of 2% or the average of the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W) for the prior calendar year. Benefit recipients under the PERA benefit structure who began eligible employment after January 1, 2007 receive an annual increase of the lesser of 2% or the average CPI-W for the prior calendar year, not to exceed 10% of PERA's Annual Increase Reserve for the SCHDTF.

Disability benefits are available for eligible employees once they reach 5 years of earned service credit and are determined to meet the definition of disability. The disability benefit amount is based on the retirement benefit formula show above considering a minimum 20 years of service credit, if deemed disabled.

Survivor benefits are determined by several factors, which include the amount of earned service credit, highest average salary of the deceased, the benefit structure(s) under which service credit was obtained, and the qualified survivor(s) who will receive the benefits.

Contributions

Eligible employees and the District are required to contribute to the SCHDTF at a rate set by Colorado statute. The contribution requirements are established under C.R.S. Section 24-51-401, *et seq.* Eligible employees are required to contribute 8% of their PERA-includable salary. The employer contribution requirements are summarized below:

For contributions made during the Year Ended:	December 31, 2017	December 31, 2016
Employer Contribution Rate	10.15%	10.15%
Amount of Employer Contribution apportioned to the Health Care Trust Fund as specified in C.R.S. Sec 24-51-208(1)(f)	(1.02)%	(1.02)%
Amount apportioned to the SCHDTF	9.13%	9.13%
Amortization Equalization Disbursement (AED) as specified in C.R.S. Sec 24-51-411	4.50%	4.50%
Supplemental Amortization Equalization Disbursement (SAED) as specified in C.R.S. Sec 24-51-411	5.00%	4.50%
Total Employer Contribution Rate to the SCHDTF	18.63%	18.13%

Note: Rates are expressed as a percentage of salary as defined in C.R.S. Sec 24-51-101(42)

SAN JUAN COUNTY (SILVERTON) SCHOOL DISTRICT NO. 1

NOTES TO FINANCIAL STATEMENTS

June 30, 2017

NOTE 7 - DEFINED BENEFIT PENSION PLAN - continued

Employer contributions are recognized by the SCHDTF in the period in which the compensation becomes payable to the member and the District is statutorily committed to pay the contributions to the SCHDTF. Employer contributions recognized by the SCHDTF from the District were \$146,877 during the year ended June 30, 2017.

NOTE 8 - PENSION LIABILITIES, PENSION EXPENSE, DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO PENSIONS

At June 30, 2017, the District reported a liability of \$5,261,015 for its proportionate share of the net pension liability. The net pension liability was measured as of December 31, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2015. Standard update procedures were used to roll forward the total pension liability to December 31, 2016. The District's proportion of the net pension liability was based on the District's contributions to the SCHDTF for the calendar year 2016 relative to the total contributions of participating employers to the SCHDTF.

At December 31, 2016, the District's proportion was 0.0176699099%, which was an increase of 0.000085161% from its proportion measured as of December 31, 2015.

For the year ended June 30, 2017, the District recognized pension expense of \$926,220. At June 30, 2017, the District reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 65,771	\$ 46
Changes of assumptions or other inputs	1,707,090	23,725
Net difference between projected and actual earnings on pension plan investments	175,917	-
Changes in proportion and differences between contributions recognized and proportionate share of contributions	273	70,064
Contributions subsequent to the measurement date	71,637	-
TOTAL	\$ 2,020,688	\$ 93,835

The amount of \$71,637 reported as deferred outflows of resources related to pensions, resulting from contributions subsequent to the measurement date, will be recognized as a reduction of net pension liability in the year ended June 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions for changes in proportion and differences between contributions recognized and proportionate share of contributions will be recognized in pension expenses as follows:

<u>Year Ended December 31,</u>	<u>Outflows</u>	<u>Inflows</u>
2018	\$ 1,948,945	\$ 84,351
2019	82	11,100
2020	24	(1,616)

NOTE 8 - PENSION LIABILITIES, PENSION EXPENSE, DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO PENSIONS
- continued

Actuarial Assumptions

The total pension liability in the December 31, 2015 actuarial valuation was determined using the following actuarial assumptions and other inputs:

Actuarial Cost Method	Entry Age
Price Inflation	2.80 percent
Real Wage Growth	1.10 percent
Wage Inflation	3.90 percent
Salary Increases, including wage inflation	3.90 – 10.10 percent
Long-term investment Rate of Return, net of pension plan investment expenses, including price inflation	7.50 percent
Discount Rate	7.50 percent
Future post-retirement benefit increases:	
PERA Benefit Structure hired prior to 1/1/07	2.00 percent
PERA Benefit Structure hired after 12/31/06 (ad hoc, substantively automatic)	Financed by the Annual Increase Reserve

Based on the 2016 experience analysis and the October 28, 2016 actuarial assumptions workshop, revised economic and demographic assumptions were adopted by PERA’s Board on November 18, 2016 and effective as of December 31, 2016. These revised assumptions shown below were reflected in the roll-forward calculation of the total pension liability from December 31, 2015 to December 31, 2016:

Actuarial Cost Method	Entry Age
Price Inflation	2.40 percent
Real Wage Growth	1.10 percent
Wage Inflation	3.50 percent
Salary Increases, including wage inflation	3.50 – 9.70 percent
Long-term investment Rate of Return, net of pension plan investment expenses, including price inflation	7.25 percent
Discount Rate	5.26 percent
Future post-retirement benefit increases:	
PERA Benefit Structure hired prior to 1/1/07	2.00 percent
PERA Benefit Structure hired after 12/31/06 (ad hoc, substantively automatic)	Financed by the Annual Increase Reserve

The assumptions in the table above were used in the December 31, 2015 valuation. However since PERA’s Board approved revised assumptions on November 18, 2016, the assumptions listed in this table were included in the roll-forward of the total pension liability from December 31, 2015 to December 31, 2016.

SAN JUAN COUNTY (SILVERTON) SCHOOL DISTRICT NO. 1

NOTES TO FINANCIAL STATEMENTS

June 30, 2017

NOTE 8 - PENSION LIABILITIES, PENSION EXPENSE, DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO PENSIONS
- continued

Actuarial Assumptions - continued

Mortality rates used in the December 31, 2015 valuation were based on the RP-2000 Combined Mortality Tables for Males or Females, as appropriate, with adjustments for mortality improvements based on a projection of Scale AA to 2020 with Males set back 1 year, and Females set back 2 years. Active member mortality was based upon the same mortality rates but adjusted to 55 percent of the base rate for males and 40 percent of the base rate for females. For disabled retirees, the RP-2000 Disabled Mortality Table (set back 2 years for males and set back 2 years for females) was assumed.

The actuarial assumptions used in the December 31, 2015 valuation were based on the results of an actuarial experience study for the period January 1, 2008 through December 31, 2011, adopted by PERA's Board on November 13, 2012, and an economic assumption study, adopted by PERA's Board on November 15, 2013 and January 17, 2014.

As a result of the 2016 experience analysis and the October 28, 2016 actuarial assumptions workshop, revised economic and demographic actuarial assumptions including withdrawal rates, retirement rates for early reduced and unreduced retirement, disability rates, administrative expense load, and pre- and post-retirement mortality and disability mortality rates were adopted by PERA's Board on November 18, 2016 to more closely reflect PERA's actual experience. As the revised economic and demographic assumptions are effective as of the measurement date, December 31, 2016, these revised assumptions were reflected in the total pension liability roll-forward procedures.

Healthy mortality assumptions for active members reflect the RP-2014 White Collar Employee Mortality Table, a table specifically developed for actively working people. To allow for an appropriate margin of improved mortality prospectively, the mortality rates incorporate a 70 percent factor applied to male rates and a 55 percent factor applied to female rates.

Healthy post-retirement mortality assumptions reflect the RP-2014 White Collar Healthy Annuitant Mortality Table, adjusted as follows:

Males: Mortality improvement projected to 2018 using the MP-2015 projection scale, a 93 percent factor applied to rates for ages less than 80, a 113 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.

Females: Mortality improvement projected to 2020 using the MP-2015 projection scale, a 68 percent factor applied to rates for ages less than 80, a 106 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.

For disabled retirees, the mortality assumption was changed to reflect 90 percent of the RP-2014 Disabled Retiree Mortality Table.

NOTES TO FINANCIAL STATEMENTS

June 30, 2017

NOTE 8 - PENSION LIABILITIES, PENSION EXPENSE, DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO PENSIONS - continued

Actuarial Assumptions - continued

The long-term expected return on plan assets is reviewed as part of regular experience studies prepared every four or five years for PERA. Recently, this assumption has been reviewed more frequently. The most recent analyses were outlined in presentations to PERA's Board on October 28, 2016. As a result of the October 28, 2016 actuarial assumptions workshop and the November 18, 2016 PERA Board meeting, the economic assumptions changed, effective December 31, 2016, as follows:

- Investment rate of return assumption decreased from 7.5 percent per year, compounded annually, net of investment expenses to 7.25 percent per year, compounded annually, net of investment expenses.
- Price inflation assumption decreased from 2.80 percent per year to 2.40 percent per year.
- Real rate of investment return assumption increased from 4.70 percent per year, net of investment expenses, to 4.85 percent per year, net of investment expenses.
- Wage inflation assumption decreased from 3.90 percent per year to 3.50 percent per year.

Several factors were considered in evaluating the long-term rate of return assumption for the SCHDTF, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed by the investment consultant for each major asset class.

These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation.

As of the November 18, 2016 adoption of the current long-term expected rate of return by the PERA Board, the target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table.

Asset Class	Target Allocation	30 Year Expected Geometric Real Rate of Return
U.S. Equity – Large Cap	21.20%	4.30%
U.S. Equity – Small Cap	7.42%	4.80%
Non U.S. Equity – Developed	18.55%	5.20%
Non U.S. Equity – Emerging	5.83%	5.40%
Core Fixed Income	19.32%	1.20%
High Yield	1.38%	4.30%
Non U.S. Fixed Income – Developed	1.84%	0.60%
Emerging Market Debt	0.46%	3.90%
Core Real Estate	8.50%	4.90%
Opportunity Fund	6.00%	3.80%
Private Equity	8.50%	6.60%
Cash	1.00%	0.20%
Total	100.00%	

In settling the long-term expected rate of return, projections employed to model future returns provide a range of expected long-term returns that, including expected inflation, ultimately support a long-term expected rate of return assumption of 7.25%.

NOTE 8 - PENSION LIABILITIES, PENSION EXPENSE, DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO PENSIONS
- continued

Actuarial Assumptions - continued

Discount Rate

The discount rate used to measure the total pension liability was 5.26%. The projection of cash flows used to determine the discount rate applied the actuarial cost method and assumptions shown above. In addition, the following methods and assumptions were used in the projection of cash flows:

- Updated economic and demographic actuarial assumptions adopted by PERA's Board on November 18, 2016.
- Total covered payroll for the initial projection year consists of the covered payroll of the active membership present on the valuation date and the covered payroll of future plan members assumed to be hired during the year. In subsequent projection years, total covered payroll was assumed to increase annually at a rate of 3.50%.
- Employee contributions were assumed to be made at the current member contribution rate. Employee contributions for future plan members were used to reduce the estimated amount of total service costs for future plan members.
- Employer contributions were assumed to be made at rates equal to the fixed statutory rates specified in law and effective as of the measurement date, including current and estimated future AED and SAED, until the Actuarial Value Funding Ratio reaches 103% at which point the AED and SAED will each drop 0.50% every year until they are zero. Additionally, estimated employer contributions included reductions for the funding of the AIR and retiree health care benefits. For future plan members employer contributions were further reduced by the estimated amount of total service costs for future plan members not financed by their member contributions.
- Employer contributions and the amount of total service costs for future plan members were based upon a process used by the plan to estimate future actuarially determined contributions assuming an analogous future plan member growth rate.
- The AIR balance was excluded from the initial fiduciary net position as, per statute, AIR amounts cannot be used to pay benefits until transferred to either the retirement benefits reserve or the survivor benefits reserve, as appropriate. As the ad hoc post-retirement benefit increases financed by the AIR are defined to have a present value at the long-term expected rate of return on plan investments equal to the amount transferred for their future payment, AIR transfers to the fiduciary net position and the subsequent AIR benefit payments have no impact on the Single Equivalent Interest Rate (SEIR) determination process when the timing of AIR cash flows is not a factor (i.e., the plan's fiduciary net position is not projected to be depleted). When AIR cash flow timing is a factor in the SEIR determination process (i.e., the plan's fiduciary net position is projected to be depleted), AIR transfers to the fiduciary net position and the subsequent AIR benefit payments were estimated and included in the projections.
- Benefit payments and contributions were assumed to be made at the end of the month.

NOTES TO FINANCIAL STATEMENTS

June 30, 2017

NOTE 8 - PENSION LIABILITIES, PENSION EXPENSE, DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO PENSIONS
- continued

Actuarial Assumptions - continued

Based on the above actuarial cost method and assumptions, the projection test indicates the SCHDTF’s fiduciary net position was projected to be depleted in 2041 and, as a result, the municipal bond index rate was used in the determination of the discount rate. The long-term expected rate of return of 7.25 percent on pension plan investments was applied to periods through 2041 and the municipal bond index rate, the December average of the Bond Buyer General Obligation 20-year Municipal Bond Index published weekly by the Board of Governors of the Federal Reserve System, was applied to periods on and after 2041 to develop the discount rate. For the measurement date, the municipal bond index rate was 3.86 percent, resulting in a discount rate of 5.26 percent.

As of the prior measurement date, the projection test indicated the SCDTF’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments of 7.50 percent was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate determination did not use a municipal bond index rate and the discount rate was 7.50 percent, 2.24 percent higher compared to the current measurement date.

Sensitivity of the District’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the proportionate share of the net pension liability calculated using the discount rate of 5.26%, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (4.26%) or 1-percentage-point higher (6.26%) than the current rate:

Sensitivity of the Net Pension Liability	1% Decrease (4.26%)	Current Discount Rate (5.26%)	1% Increase (6.26%)
Proportionate Share of the Net Pension Liability	\$ 6,615,558	\$5,261,015	\$4,157,790

Pension Plan Fiduciary Net Position

Detailed information about the SCHDTF’s fiduciary net position is available in PERA’s comprehensive annual financial report at www.copera.org/investments/pera-financial-reports.

NOTE: Following the 2017 legislative session, Governor Hickenlooper signed into law HB 17-1176, which modifies the current working after retirement provisions through June 30, 2023. Current provisions allow a service retiree from any division to work for a PERA employer for limited periods and to receive a salary without reduction in benefits under certain circumstances. This modification applies to service retirees who are teachers, school bus drivers, or school food service cooks hired by rural school districts in the School Division that are deemed to have a critical need to fill vacant positions. These retirees may receive salary without a reduction in benefits for any length of employment in a calendar year as long as certain criteria are met. PERA submitted a fiscal note to the legislature estimating the increase in the unfunded actuarial accrued liability for the SCHDTF due to this bill would be \$85.3 million.

SAN JUAN COUNTY (SILVERTON) SCHOOL DISTRICT NO. 1

NOTES TO FINANCIAL STATEMENTS

June 30, 2017

NOTE 9 - DEFINED CONTRIBUTION PENSION PLAN: Voluntary Investment Program

Plan Description

Employees of the District that are also members of the SCHDTF may voluntarily contribute to the Voluntary Investment Program, an Internal Revenue Code Section 401(k) defined contribution plan administered by PERA. Title 24, Article 51, Part 14 of the C.R.S., as amended, assigns the authority to establish the Plan provisions to the PERA Board of Trustees. PERA issues a publicly available comprehensive annual financial report for the Plan at www.copera.org/investments/pera-financial-reports.

Funding Policy

The Voluntary Investment Program is funded by voluntary member contributions up to the maximum limits set by the Internal Revenue Service, as established under Title 24, Article 51, Section 1402 of the C.R.S., as amended. The District currently has no matching contributions for covered salary as determined by the Internal Revenue Service. Employees are immediately vested in their own contributions, employer contributions and investment earnings. For the year ended June 30, 2017, 2016 and 2015, program members contributed \$15,392, \$14,995 and \$14,741, respectively.

NOTE 10 - OTHER POST-EMPLOYMENT BENEFITS: Health Care Trust Fund

Plan Description

The District contributes to the Health Care Fund (HCTF), a cost-sharing multiple-employer healthcare trust administered by PERA. The HCTF benefit provides a health care premium subsidy and health care programs (known as PERACare) to PERA participating benefit recipients and their eligible beneficiaries. Title 24, Article 51, Part 12 of the C.R.S., as amended, establishes the HCTF and sets forth a framework that grants authority to the PERA Board to contract, self-insure and authorize disbursements necessary in order to carry out the purposes of the PERACare program, including administration of health care subsidies. PERA issues a publicly available comprehensive annual financial report that includes financial statements and required supplementary information for the HCTF. That report can be obtained at: www.copera.org/investments/pera-financial-reports.

Funding Policy

The District is required to contribute at a rate of 1.02% of PERA-includable salary for all PERA members as set by statute. No member contributions are required. The contribution requirements for the District are established under Title 24, Article 51, Part 4 of the C.R.S., as amended. The apportionment of the contributions to the HCTF is established under Title 24, Article 51, Section 208(1)(f) of the C.R.S., as amended. The District's contributions to HCTF for the years ending June 30, 2017, 2016, and 2015 were \$8,155, \$7,706, and \$7,886, respectively, equal to their required contributions for each year.

SAN JUAN COUNTY (SILVERTON) SCHOOL DISTRICT NO. 1

NOTES TO FINANCIAL STATEMENTS

June 30, 2017

NOTE 11 - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors and omissions; injuries to employees; or acts of God. The District is a member of the Colorado School Districts Self-Insurance Pool, a public entity risk pool currently operating as a common risk management and insurance program with member school districts, boards of cooperative educational services and charter schools.

The District pays an annual premium to the Pool for its property, casualty and liability insurance coverage. The Pool has reinsurance coverage for its property, automobile and general liability policies, errors and omissions and employment practices liability policies, referred to as school entity liability. The District carries commercial insurance for other risks of loss, including workers compensation and employee health insurance. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

In the ordinary course of operations, the District can be involved in various litigation. In the opinion of management, any liability from claims or proceedings in excess of the amount covered by insurance would not have a material adverse effect on the District's net position, changes in position or cash flows.

NOTE 12 - CONTINGENCIES

The District participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit. If expenditures are disallowed due to noncompliance with grant program regulations, the District may be required to reimburse the grantor government. As of June 30, 2017 the District was not aware of any amounts to be refunded to the Colorado Department of Education. The District believes that disallowed expenditures discovered in subsequent audits, if any, will not have a material effect on any of the individual funds or the overall financial position of the District.

NOTE 13 - JOINTLY GOVERNED ORGANIZATION

The District is a member of the San Juan Board of Cooperative Educational Services (BOCES). The BOCES is a jointly governed organization of five regional school districts, with each member district appointing a member to the BOCES board of directors whom are in control of budgeting and finance. The BOCES does not meet the criteria for inclusion within the reporting entity of the District due to the lack of an ongoing financial interest. The financial statements for the San Juan Board of Cooperative Educational Services can be obtained by contacting them via their website: www.sjboces.org.

SAN JUAN COUNTY (SILVERTON) SCHOOL DISTRICT NO. 1

NOTES TO FINANCIAL STATEMENTS

June 30, 2017

NOTE 14 - FOUNDATION AGENCY FUND BUDGET AND ACTUAL

The District prepares a budget for the Foundation Agency Fund; however, there is not a Statement of Revenues, Expenditures and Changes in Fund Balance because Agency Funds do not recognize revenues, expenditures or fund balance in accordance with GAAP. Budget and actual amounts for the Foundation Agency Fund are as follows:

	<u>Budget</u>	<u>Actual</u>	<u>Variance</u>
Beginning Agency deposits	\$ 130,372	\$ 130,372	\$ -
Receipts	4,000	475	(3,525)
Disbursements	<u>(134,372)</u>	<u>(1,000)</u>	<u>133,372</u>
Ending Agency Deposits	<u>\$ -</u>	<u>\$ 129,847</u>	<u>\$ 129,847</u>

NOTE 15 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. General Compliance Requirements

The District appears to be in compliance with material legal, contractual and accounting provisions, as prescribed by Federal and State laws and statutes

B. TABOR Amendment – Tax, Spending and Debt Limitations

In November 1992, the voters of Colorado approved Amendment 1, commonly known as the Taxpayer's Bill of Rights (TABOR), which adds a new Section 20 to Article X of the Colorado constitution. TABOR contains tax, spending, revenue and debt limitations which apply to the State of Colorado and all Colorado local governments. The initial base for local government spending and revenue limits was June 30, 1993 Fiscal Year Spending. Future spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires, with certain exceptions, voter approval prior to imposing new taxes, increasing a tax rate, increasing a mill levy above that for the prior year, extending an expiring tax, or implementing a tax policy change directly causing a net tax revenue gain to any local government. Except for bond refinancing at a lower interest rate or adding employees to existing pension plans, TABOR specifically prohibits the creation of multiple-fiscal year debt or other financial obligations without voter approval or without irrevocably pledging present cash reserves for all future payments. In November 1998 the District's electorate passed a ballot issue allowing the District to collect, retain and expend revenues not withstanding any of TABOR'S limitations.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service and expenditures of Federal Awards). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls or salary or benefit increases. The total emergency reserve was \$46,000 as of June 30, 2017.

The District's management believes it is in compliance with the financial provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits will require judicial interpretation.
