**INDEPENDENT AUDITOR'S REPORT**

**Board of Education  
Sheridan School  
District Number 2  
Englewood, Colorado 80150**

**Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Sheridan School District Number 2, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

**Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Sheridan School District Number 2, as of June 30, 2017, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Other Matters

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information and pension trend data on pages i through x and 41 through 44 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Sheridan School District Number 2's basic financial statements. The combining and individual fund financial statements, other schedules, and state required schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The combining and individual fund financial statements, other schedules, state required schedules, and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements, other schedules, state required schedules and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated November 10, 2017, on our consideration of Sheridan School District Number 2's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Sheridan School District Number 2's internal control over financial reporting and compliance.

November 10, 2017

**MANAGEMENT'S DISCUSSION AND ANALYSIS**

**Sheridan School District #2  
Management's Discussion and Analysis  
As of and For the Fiscal Year Ended June 30, 2017**

As management of the Arapahoe County School District #2 (Sheridan School District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the Sheridan Schools for the fiscal year ended June 30, 2017. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in the District's financial statements, which follow this section.

**Financial Highlights**

- Beginning June 30, 2015, the Governmental Accounting Standards Board (GASB) issued Statement No. 68, Accounting and Financial Reporting for Pensions, which established new financial reporting requirements for most governments that provide pension benefits through a multiple-employer cost-sharing, defined-benefit pension plan. District employees are in a program administered by the Public Employee's Retirement Association of Colorado (PERA). Statement No. 68 requires the district to record a proportionate share of PERA's unfunded pension liability. The district has no legal obligation to fund any shortfall, nor do they have any liability to affect funding, benefits, or annual required contribution decisions made by PERA.
- The liabilities and deferred inflows of resources of the district, the primary government, exceeded assets and deferred outflows of resources at June 30, 2017, by \$12.2 million, primarily due to the net pension liability, noted above, of \$72.8 million.
- The financial position of the primary government decreased as the total net position decreased by \$275,000, net of \$10.7 million employer contribution expenditures due to the requirement of GASB Statement No. 68.
- The total cost of basic programs increased \$10.3 million to \$32.6 million due to the requirement of GASB Statement No. 68.
- Revenues increased \$2.1 million, or 15% to \$15.9 million. This was due to the loss on the disposition of assets in 2016 of \$2 million. Taking out the loss in the previous year, revenue increased \$21,000.
- The net cost of governmental activities increased \$11.5 million, or 75%, primarily due to the inclusion of the pension expense of \$10.7 million due to the requirement of GASB Statement No. 68.

**Overview of the Financial Statements**

This annual report consists of three parts: management's discussion and analysis (this section), the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are district-wide financial statements that provide both short-term and long-term information about the District's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the District, reporting the District's operations in more detail than the district-wide statements.

- The governmental funds statements tell how basic services such as instruction were financed in the short term as well as what remains for future spending.
- Proprietary funds statements offer short-and long-term financial information about the activities the District operates like businesses.
- Fiduciary funds statements provide information about the financial relationships in which the District acts solely as a trustee or agent for the benefit of others.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the financial statements, and includes a comparison to the District's budget for the year.

### **Government-wide Financial Statements**

The district-wide financial statements are designed to provide readers a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the Sheridan School District's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Sheridan School District is improving or deteriorating. To assess the District's overall health, you need to consider additional non-financial factors such as changes in the District's property tax base and the condition of school buildings and other facilities.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenue and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. uncollected taxes and earned but unused vacation leave).

Both of the district-wide financial statements distinguish functions of the District that are principally supported by taxes and intergovernmental revenues (government activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). Included in governmental activities are most of the District's basic services such as regular and special education, transportation, and administration.

The district-wide financial statements can be found on pages 3&4 of this report.

### **Fund Financial Statements**

The fund financial statements provide more detailed information about the District's funds, focusing on its most significant or "major" funds, not the District as a whole. Funds are accounting devices the District uses to track specific sources of funding and spending on particular programs. The Sheridan School District, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District's funds are divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

*Governmental Funds:* Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) balances remaining at year-end which are available for spending.

Consequently, the governmental funds statements provide a detailed short-term view that helps determine financial resources that may be available in the near term to finance the District's programs. Because this information does not encompass the long-term focus of the district-wide statements, additional information at the bottom of the governmental funds statements explains the relationship (or differences) between them.

Sheridan School District maintains six individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the (1) general fund, (2) the technology fund and, (3) the governmental designated purpose grants fund because they are considered major funds. Data from the other three governmental funds are combined into a single, aggregated presentation. Also included in the supplementary information section is budget-to-actual information for the debt service fund as required by state statute.

*Proprietary funds:* The food services fund was switched to a special revenue fund for 2015, so there is no activity to report for proprietary funds for Sheridan School District.

Proprietary funds provide the same type of information as the district-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the nutrition services fund as it is the sole proprietary fund.

*Fiduciary Funds:* Fiduciary funds are used to account for resources held for the benefit of parties outside the government, such as scholarship funds and student activity funds. The district is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. Fiduciary funds are not reflected in the district-wide financial statements because the resources of those funds are not available to support the District's own programs.

#### **Notes to the financial statements**

The notes provide additional information that is essential to a full understanding of the data provided in the district-wide and fund financial statements. The notes to the financial statements can be found on pages 10-40 of this report.

#### **Other information**

In addition to the basic financial statements and accompanying notes, this report also presents supplementary information. Supplementary information includes combining statements, mentioned earlier, in connection with non-major governmental funds as well as budget-to-actual information for all funds as dictated by state statute.

#### **Financial Analysis of the District as a Whole**

The district's net position of the governmental activities on June 30, 2017, decreased \$10.97 million to a negative \$12.2 million from what it was the previous year (see Table 1) primarily as a result of the impact of GASB Statement No. 68.

Assets, deferred outflows of resources, liabilities and deferred inflows of resources changed from the prior year for the following reasons:

- Current and other assets increased by \$156,000, primarily from increased investments.
- Capital assets decreased \$1.7 million, the result of depreciation expense on our assets.

- Deferred outflows related to pension increased \$23 million. Deferred outflows of resources for deferred charges on refunding decreased \$171,000 due to amortization expense.
- The net pension liability increased \$35 million due to GASB Statement No. 68 to record a proportionate share of PERA's unfunded pension liability.
- Net position decreased \$10.9 million.

Table 1 presents a two-year, condensed statement of the district's net position.

	2016	2017	Change
<b>Assets</b>			
Current Assets	12,296,276	12,451,932	155,656
Non-Current Assets			
Capital Assets	46,688,524	44,969,689	(1,718,835)
<b>Total Assets</b>	58,984,800	57,421,621	(1,563,179)
<b>Deferred Outflow of Resources</b>	6,299,293	29,492,698	23,193,405
<b>Liabilities</b>			
Current Liabilities	4,229,771	4,212,404	(17,367)
Long-Term Liabilities	59,430,742	93,318,031	33,887,289
<b>Total Liabilities</b>	63,660,513	97,530,435	33,869,922
<b>Deferred Inflow of Resources</b>	2,882,395	1,608,981	(1,273,414)
<b>Net Position</b>			
Invested in Capital			
net of related debt	24,668,958	24,182,642	(486,316)
Restricted	3,591,027	3,456,553	(134,474)
Unrestricted (Deficit)	(29,518,800)	(39,864,292)	(10,345,492)
<b>Total Net Position</b>	-1,258,815	-12,225,097	(10,966,282)

The district's change in financial position is related to operating results (see Table 2), which are highlighted as follows:

- Expenses of \$32.68 million exceeded revenues of \$21.7 million, resulting in the \$10.9 million decrease in net position. Total revenue increased \$876,000 over revenues of the prior year and total expenses increased \$10.3 million. This was primarily due to the \$10.7 million in pension expense.

Table 2 presents a two-year summary of revenues and expenditures.

**Table 3**  
**Sources of Revenue for Fiscal Year 2017**

**Table 4**  
**Expenditures for Fiscal Year 2017**

## Governmental Activities

Revenues increased by \$876,739, or 4%, to \$21.7 million. Total expenses and transfers increased \$10.3 million to \$32.7 million as a result of the pension expense of \$10.7 million employer contribution expenditures due to GASB Statement No. 68, salary and benefit increases, and inflationary pressures. Expenses exceeded revenues resulting in \$10.9 million decrease in net position.

Table 5 summarizes the net cost of governmental activities, as presented in the statement of activities in the government-wide financial statements. The table also shows each activity's net cost (total cost less fees generated by the activities and other aid provided for specific programs). The net cost shows the financial burden placed on local and state taxpayers for each of the functions. Program revenues of \$5.8 million are a much smaller funding source for public school district governmental activities, representing only 26.7 percent of total revenues of \$21.7 million.

**Table 5**  
**Net Cost of Governmental Activities**

	Total Cost of Services		Net Cost of Services	
	2017	2016	2017	2016
Instruction	11,531,896	11,023,979	8,864,540	8,253,899
Students	844,142	926,434	645,716	656,022
Instructional Staff	1,821,464	1,895,786	599,045	538,538
General Administration	352,917	396,731	226,145	239,386
School Administration	1,470,591	1,366,135	1,318,769	1,182,115

Pension Expense	10,690,607	614,564	10,690,607	614,564
Food Service Operations	1,084,737	979,979	79,840	(42,660)
Unallocated Depreciation	0	0	0	0
Interest	707,554	745,975	707,554	745,975
Capital outlay	122,845	0	100,153	(406,866)
Other	6,667	77	0	0
Total	32,686,008	22,351,028	26,866,082	15,303,497

Other items of note about the governmental activities from the statement of activities are as follows:

- The cost of all governmental activities this year was \$32.68 million.
- Some of the cost was financed by the users of the District's programs, \$155,000.
- Federal and State governments subsidized certain programs with grants and contributions amounting to \$5.66 million.

- Most of the net cost \$26.86 million, was financed by state and local taxpayers with general revenues.
- Net cost of governmental services increased \$11.56 million, or 75 percent, from \$15.3 million in the previous year to \$26.86 million.
- General revenues of \$15.9 million, consisting of \$6.9 million in property and specific ownership taxes; \$8.8 million in state equalization aid; and \$183,000 in interest earnings and other revenue.

### **Financial Analysis of the District's Funds**

Information about the District's funds starts on page 5. These funds are accounted for using the modified accrual basis of accounting. All governmental funds have total revenues of \$21.97 million and expenditures of \$21.68 million. We had a \$189 thousand increase in our general fund balance. We also had an increase of \$272 thousand in our capital projects fund. We had an \$18 thousand decrease in our technology fund, a decrease of \$60 thousand in our insurance reserve fund, a decrease of \$46 thousand in our CPP fund, and a decrease of \$54 thousand in our lunch fund. We used funds from the technology endowment fund to start a Robotics class at Fort Logan Northgate. Our transfer into the insurance reserve fund will need to be increased in future years due to the higher premium for property insurance. Given the events nation wide property insurance premiums are going to increase. The spending down of CPP and our lunch fund were intentional. We had excess balances in both of those funds and they needed to be spent to improve the programs.

### **General Fund Budgetary Highlights**

The District approves a budget in June based on enrollment projections for the following school year. In January, 2018, the District will revise the annual operating budget approved by the District's Board of Education in June, 2017. The primary reason for the issuance of a supplemental budget is updated ending fund balance figures, a more accurate student count, and more accurate information on the current year staff members and the subsequent step increases that were given at the beginning of the contract year.

The district's revenue was more than budgeted by four hundred and thirteen thousand dollars. This was due to an increase in specific ownership taxes and an increase in indirect costs from additional grant funds that were received during the year. We also received high cost dollars for special needs students. There were other fluctuations as well but they evened out. Instruction expenditures were under budget by three hundred thirty thousand.

The unspent expenditure budget at the end of the 2016-2017 year is mostly due to underspending of the final budget that will be rolled into the subsequent year. The fund balance as of June 30, 2016 was \$5.03 million, compared to \$5.23 million as of June 30, 2017. The final budget reported reserves of \$4.1 million, which represents 21 percent of budgeted expenditures. Revenues of the general fund amounted to 103 percent of budgeted revenues.

### **Capital Assets**

As shown in Table 6, total primary government capital assets, net of depreciation, decreased a net \$1.7 million from the previous year. This was the result of \$1.8 million in depreciation expense. Additions consisted of building and site improvements and one new vehicle.

**Table 6  
Capital Assets (net of depreciation)**

	2016	2017	Change
Land	344,685	344,685	0
Building & Site Improvements	45,186,756	43,659,634	(1,527,122)
Equipment & Vehicles	1,157,083	965,370	(191,713)
<b>Total</b>	<b>46,688,524</b>	<b>44,969,689</b>	<b>(1,718,835)</b>

**Long-Term Debt**

As of year-end, the district had \$20 million in general obligation bonds and other long-term debt outstanding, a decrease of \$1.1 million, as shown in Table 7. The outstanding general obligation bonds at June 30, 2017 consisted of the 2012 bonds and bonds for BEST grants of \$6.1 million, 2013 general obligation refunding bonds of \$8.4 million, 2014 general obligation refunding bonds of \$1.3 million, and 2015 general obligation refunding bonds of \$4.95 million.

More detailed information about the District's long-term liabilities is presented in Note 7, General Obligation Bonds Payable, of the financial statements.

**Table 7  
Outstanding Long-Term Debt**

	2016	2017	Change
<b>Governmental Activities:</b>			
Bonds Payable	21,290,271	20,142,114	(1,148,157)
<b>Total</b>	<b>21,290,271</b>	<b>20,142,114</b>	<b>(1,148,157)</b>

**Economic Factors Bearing on the District's Future**

At the time these financial statements were prepared and audited, the District contemplated the following factors that could significantly affect its financial health in the future.

- Sheridan's student population had been relatively consistent over the past several years, however we did see a significant decline in our student enrollment for the 2017-2018 year of 120 students or 8%. This will continue to impact future years since Sheridan has been averaging our funded count over the past decade.
- The Governor submitted his budget proposal and it has additional revenue of approximately \$400,000 coming to Sheridan. The negative factor is still in place and the proposed budget includes \$1.6 million being taken away from students. We will have to monitor expenditures given our decline in student population.

- The public employee's Retirement Association (PERA) of Colorado is the pension plan that covers all district employees. PERA employer contribution rates will increase annually for the next several years, reaching a rate of 20.15 percent by 2018 (maximum at this time).
- The District contributes an agreed upon monthly amount, based on Master Agreement, for each eligible employee enrolled in the Kaiser group insurance plan. Rising healthcare costs continue to be a concern and a budgetary challenge as the increases in benefit costs exceed the increase in Cost of Living Adjustment. The District is looking at alternatives to sick leave bank, number of hours employed to be eligible and a high cost deductible plan option.
- The property at 3170 Knox Ct. was sold to Habitat for Humanity in March, 2016. The property was sold in three parcels. We received the first installment in March, 2016 and the second in March, 2017. We will receive the final payment in March, 2018.

### **Contacting the District's Financial Management**

This financial report is designed to provide the District's citizens, taxpayers, customers, and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Chief Operations Officer's Office, Sheridan School District #2, 4150 S. Hazel Ct. Englewood, CO 80110.

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN**  
**FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES**  
**For the Year Ended June 30, 2017**

<b><u>GOVERNMENTAL FUNDS CHANGES IN FUND BALANCES</u></b>		<b>291,020</b>
Deferred Property Tax Revenue – Revenues that do not provide current financial resources are deferred on the governmental fund financial statements but recognized on the government-wide financial statements.		165,366
<p>Governmental Funds report capital outlays as expenditures. However, in the statement of activities, assets with an initial, individual cost of more than \$5,000 are capitalized and the cost is allocated over their estimated used lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period. Gains or losses on the disposition of capital assets are reported in the Statement of Activities.</p>		
Capital Outlays more than \$5,000	163,317	
Depreciation Expense	<u>(1,882,152)</u>	(1,718,835)
Deferred Property taxes of the prior year – Property taxes earned but deferred in the prior year and received in the current year are recognized in the prior year net assets on the statement of activities		(260,705)
Compensated absences do not use current financial resources and are not reported on the governmental fund financial statements but are recognized on the government-wide financial statements, Increase (Decrease).		55,527
<p>The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued; whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.</p>		
Debt Principal Payments	1,232,519	
Interest Expense	<u>(40,567)</u>	1,191,952
The increase in net pension liability, along with the changes and amortizations of deferred flows associated with the net pension liability are not recorded at the fund level:

**NOTES TO BASIC FINANCIAL STATEMENTS**

**SHERIDAN SCHOOL DISTRICT NUMBER 2**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
June 30, 2017

---

**NOTE 1**      **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Sheridan School District No. 2 of Arapahoe County was organized through consolidation of three elementary school districts and a union high school district by a vote of qualified electorate on December 4, 1962, under the provisions of the Colorado School Organization Act of 1957.

The District operates under an elected Board of Education with four members and provides educational services to approximately 1,409 students.

The District is the lowest level of government, which is considered to be financially accountable over all activities related to public school education in Sheridan School District Number 2. The District receives funding from local, state, and federal government sources and must comply with the requirements of these funding source entities. The Board of Education members are elected by the public and have decision-making authority, the power to designate management, the ability to significantly influence operations, and primary accountability for fiscal matters.

**A.    Reporting Entity**

Governmental Accounting Standards board (GASB) Statement No. 14 (as amended by Statement No. 34, No. 39 and No. 61), "*The Financial Reporting Entity*" (GASB No. 14) describes the financial reporting entity as it relates to governmental accounting. According to this Statement, the financial reporting entity consists of a) the primary government, b) organizations for which the primary government is financially accountable, and c) other organizations whose exclusion from the reporting entity's financial statements would cause those statements to be misleading or incomplete. Any organizations that can be described by these last two items are included with the primary government in the financial statements as component units.

This District is not included in any other governmental "reporting entity" as defined in GASB No. 14 and does not include any other component unit as part of its "reporting entity". As required by accounting principles generally accepted in the USA, these basic financial statements present the District (the primary government) and its component units.

**SHERIDAN SCHOOL DISTRICT NUMBER 2**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
June 30, 2017

---

**NOTE 1**

**SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**B. Government-Wide and Fund Financial Statements**

The Government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds (General Fund, Grants Special Revenue Fund, and Technology Capital Projects Fund) are reported as separate columns in the fund financial statements.

**C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The government-wide financial statements are presented using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the District's governmental and business-type activities. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, operating statements present increases and decreases in net current assets and unassigned fund balance as a measure of available spendable resources. This means that only current liabilities are generally included on their balance sheets.

SHERIDAN SCHOOL DISTRICT NUMBER 2

June 30, 2017

**NOTE 1**

**SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)**

Amounts reported as program revenues included 1) charges to customers or applicants for goods, services or privileges provided 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

All governmental fund types use the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period, or soon enough thereafter, to pay liabilities of the current period. Revenues are considered to be available if collected within 60 days after year-end.

Property and automotive ownership taxes are reported as receivables and deferred inflows when levied and as revenues when due for collection in the following year and determined to be available.

Grants and entitlement revenues are recognized when compliance with matching requirements is met. A receivable is established when the related expenditures exceed revenue receipts.

Expenditures are recorded when the related fund liability is incurred with the exception of general obligation and capital lease debt service which is recognized when due and certain accrued sick and personal pay which are accounted for as expenditures when expected to be liquidated with expendable available financial resources.

The proprietary fund types are accounted for on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred. The measurement focus in these funds is on the flow of economic resources and emphasizes the determination of net income. All assets and all liabilities associated with their activity are included on their statement of net position. Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in net position.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing goods and services in connection with a proprietary fund's ongoing operations. The principal operating revenues of the District's proprietary funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenue and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources, as they are needed.

*Fiduciary funds* are used to account for assets held by the District in a trustee or agency capacity for others that cannot be used to support the District's own programs.

**June 30, 2017**

---

**NOTE 1**

**SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**D. Fund Accounting**

The accounts of the District are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, deferred flows, fund equity, revenues and expenditures, or expenses, as appropriate. Resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The major funds presented in the accompanying basic financial statements are as follows:

- **Major Governmental Funds**

1. **General Fund** – the general operating fund of the District; used to account for all resources that are not required legally or by sound financial management to be accounted for in another fund.
2. **Capital Projects – Technology Fund** – this fund accounts for expenditures from bond proceeds for the improvement of District technology. The revenues and expenditures of this fund are controlled by state statute and the bond ordinance.
3. **Designated Purpose Grants – Special Revenue Fund** – used to account for restricted state and federal grants including, but not limited to, No Child Left Behind programs which must be expended as designated by the grantor agency.

- **Fiduciary Funds**

1. **Trust and Agency Funds** – Trust and Agency funds are used to account for assets held in a trustee or agency capacity for others that cannot be used to support the District's own programs. The key distinction between trust and agency funds is that trust funds are subject to a trust agreement that affects the degree of management involvement and the length of time that the resources are held.

**Student Activity Fund** – The Student Activity Fund is an agency fund and, therefore, consists only of accounts such as cash and balancing liability accounts, such as Due to Student Groups. This fund accounts for the transaction of that entity in raising and expending money to promote the general welfare, morale, and educational experiences of the student body.

**SHERIDAN SCHOOL DISTRICT NUMBER 2**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
June 30, 2017

---

**NOTE 1**      **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**E.    Cash and Investments**

Cash represents amounts on deposit with financial institutions or held by the District. The District is allowed to invest in the following types of investments: short-term certificates of deposit, repurchase agreements, money market deposit accounts, mutual funds, government pools, and U.S. Treasury Obligations. The District considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Investments are recorded at fair value in accordance with GASB Statement No. 72 *Fair Value Measurement and Application*. Accordingly, the change in fair value of investments is recognized as an increase or decrease to investment assets and investment income.

**F.    Receivables**

Property taxes levied in 2016 but uncollected in 2017 are identified as property taxes receivable. Amounts of property taxes that are not available at June 30, 2017 are recorded as deferred inflows in the fund financial statements, and are presented net of an allowance for uncollectible taxes. Program grants are recorded as receivables and revenues at the time reimbursable project costs are incurred.

**G.    Inventories**

Materials and supplies inventories are stated at cost. Inventories recorded in the Food Services Fund consist of purchased and donated commodities. Purchased inventories are stated at cost. Donated inventories, received at no cost under a program supported by the Federal Government, are recorded at their estimated fair value at the date of receipt.

The cost of all inventories is recorded as an asset when the individual inventory items are purchased, and as an expenditure or expense when consumed.

**H.    Capital Assets**

Capital assets, which include property, vehicles and equipment, are utilized for general District operations and are capitalized at actual or estimated cost. Donations of such assets are recorded at estimated fair value at the time of donation. Capital assets are reported in the applicable governmental or business-type activities columns in the government-wide financial statements.

Maintenance, repairs, and minor renovations are recorded as expenditures when incurred. Major additions and improvements are capitalized. When assets used in the operation of the governmental fund types are sold, the proceeds of the sale are recorded as revenues in the appropriate fund. The District does not capitalize interest on the construction of capital assets in governmental funds. However, the District does capitalize interest on the construction of capital assets in business-type activities.

**SHERIDAN SCHOOL DISTRICT NUMBER 2**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**June 30, 2017**

---

**NOTE 1**      **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**H.    Capital Assets (Continued)**

The monetary threshold for capitalization of assets is \$5,000. The District's capital assets are depreciated using the straight-line method over the estimated useful lives of the fixed assets (5-40 years). Depreciation of all capital assets is charged as an expense against their operations. Depreciation is recorded in the year of acquisition and any remaining depreciation is recorded in the year of disposition.

**I.    Long-Term Obligations**

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long term debt and other long-term obligations are reported as liabilities in the applicable government activities, business-type activities, or proprietary fund type statement of net position. The District records long-term debt of governmental funds at the face value. The District's general obligation bonds are serviced from property taxes and other revenues of the Debt Service Fund. Capital leases are serviced from property taxes and other revenues of the General Fund and the Capital Reserve Capital Projects Fund. The long-term accumulated unpaid accrued sick leave is serviced from property taxes and other revenues by the respective fund type from future appropriations.

**J.    Constitutional Amendment**

In November 1992, Colorado voters approved Article X of the Colorado Constitution by adding Section 20, commonly known as the Taxpayer's Bill of Rights (TABOR). TABOR contains revenue, spending, tax and debt limitations, which apply to the State of Colorado and local governments. It requires, with certain exceptions, advance voter approval for any new tax, tax rate increase, mill levy above that for the prior year, extension of an expiring tax, or tax policy change directly causing a net tax revenue gain to any entity.

On November 5, 1996 the registered voters approved a ballot resolution authorizing Sheridan School District Number 2 to collect, retain and expend all revenues from any source provided that no property tax mill levy be increased or any new tax be imposed.

**SHERIDAN SCHOOL DISTRICT NUMBER 2**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**June 30, 2017**

---

**NOTE 1**      **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**J.      Constitutional Amendment (Continued)**

Except for refinancing bonded debt at a lower interest rate or adding new employees to existing pension plans, TABOR requires advance voter approval for the creation of any multiple-fiscal year debt or other financial obligation unless adequate present cash reserves are pledged irrevocably and held for payments in all future years. TABOR requires local governments to establish emergency reserves to be used for declared emergencies only. Emergencies, as defined by TABOR, exclude economic conditions, revenue shortfalls, or salary or fringe benefit increases. These reserves are required to be three percent or more of fiscal year spending (excluding bonded debt service). As of June 30, 2017 the District reserved \$466,525 for this purpose.

Spending and revenue limits are determined based on the prior fiscal year's spending adjusted for inflation in the prior calendar year plus annual increases in funded student enrollment. Fiscal year spending is generally defined as expenditures and reserve increases with certain exceptions.

**K.      Property Taxes**

Under Colorado law, all property taxes are due and payable in the year following the year levied. The 2016 property tax calendar for Arapahoe County was as follows:

<b>Levy Date</b>	<b>December 22, 2016</b>
<b>Lien Date</b>	<b>January 1, 2017</b>
<b>Tax Bills Mailed</b>	<b>January 1, 2017</b>
<b>First Installment Due</b>	<b>February 28, 2017</b>
<b>Second Installment Due</b>	<b>June 15, 2017</b>
<b>If Paid in Full, Due</b>	<b>April 30, 2017</b>

SHERIDAN SCHOOL DISTRICT NUMBER 2  
 NOTES TO BASIC FINANCIAL STATEMENTS  
 June 30, 2017

---

**NOTE 1**      **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**L.    Accumulated Leave**

District policy allows accumulation of leave to a maximum of 180 days. Payment for unused leave days is made upon an employee's retirement at the rate of ¼ of the salary amount for step "A" of the salary schedule the employee is on at the time, not to exceed ½ of the substitute teacher rate of pay.

Compensated absences are reported as non-current liabilities in the government-wide financial statements. As of June 30, 2017, the District has recorded an estimated liability of \$191,224 relating to accrued leave payable.

A summary of changes in compensated absences is as follows:

	<u>Balance</u> <u>July 1, 2016</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance</u> <u>June 30, 2017</u>
Accumulated Leave	<u>246,751</u>	<u>      -</u>	<u>55,527</u>	<u>191,224</u>

**M.    Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**N.    Interest Expense**

All interest expense has been reported as unallocated in the Government-wide financial statements.

**O.    GASB Statement No. 54**

The Government Accounting Standards Board (GASB) has issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions (GASB 54). This statement defines the different types of fund balances that a governmental entity must use for financial reporting purposes.

GASB 54 requires the fund balance amounts to be properly reported within one of the fund balance categories list below.

1. Nonspendable such as fund balance associated with inventories, prepaids, long-term loans and notes receivable, and property held for resale (unless the proceeds are restricted, committed, or assigned).

**SHERIDAN SCHOOL DISTRICT NUMBER 2**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**June 30, 2017**

---

**NOTE 1    SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**O.    GASB Statement No. 54**

- 2. Restricted fund balance category includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation.**
- 3. Committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the School District Board of Directors (the District's highest level of decision-making authority).**
- 4. Assigned fund balance classification is intended to be used by the government for specific purposes that do not meet the criteria to be classified as restricted or committed.**
- 5. Unassigned fund balance is the residual classification for the government's general fund and includes all spendable amounts not contained in the other classifications.**

**Fund Balance Classification Policies and Procedures**

**Committed Fund Balance Policy:**

**The District's Committed Fund Balance is fund balance reporting required by the School Board, either because of a School Board Policy in the School Board Policy Manual, or because of motions that passed at School Board meetings.**

**Assigned Fund Balance Policy:**

**The District's Assigned Fund Balance is fund balance reporting occurring by School Board Administration authority, under the direction of the Chief Business Officer.**

**Order of Fund Balance Spending Policy**

**The District's policy is to apply expenditures against non-spendable fund balance, restricted fund balance, committed fund balance, assigned fund balance, and unassigned fund balance at the end of the fiscal year by adjusting journal entries.**

**First, non-spendable fund balances are determined. Then restricted fund balances for specific purposes are determined (not including non-spendable amounts). Then unrestricted fund balances are determined following the order of committed, assigned, and unassigned.**

**SHERIDAN SCHOOL DISTRICT NUMBER 2**  
**NOTES TO FINANCIAL STATEMENTS**

**P.    Deferred Outflows / Inflows of Resources**

In addition to assets, the statement of financial position and the balance sheet will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position and the balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

**SHERIDAN SCHOOL DISTRICT NUMBER 2  
NOTES TO BASIC FINANCIAL STATEMENTS**

June 30, 2017

**NOTE 2      RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS**

The governmental funds balance sheet includes a reconciliation between *fund balances – total governmental funds* and *net position – governmental activities* as reported in the government-wide statement of net position. Additionally, the governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net change in fund balances – total government funds* and *changes in net position of governmental activities* as reported in the government-wide statement of activities.

These reconciliations detail items that require adjustment to convert from the current resources measurement and modified accrual basis for governmental fund statements to the economic resources measurement and full accrual basis used for government-wide statements. However, certain items having no effect on measurement and basis were eliminated from the government fund statements during the consolidation of governmental activities.

	Items Eliminated		
	Due From Other Funds	Due To Other Funds	Transfers In (Out)
General Fund	425,176	-	(500,000)
Grants - Special Revenue Fund	-	211,375	-
Bond Redemption – Debt Service Fund	-	118,116	-
Technology – Capital Projects Fund	-	95,685	-
Capital Reserve– Capital Projects Fund	-	-	500,000
Food Services – Special Revenue Fund	-	-	-
<b><u>Totals</u></b>	<b><u>425,176</u></b>	<b><u>425,176</u></b>	<b><u>-</u></b>

**NOTE 3      BUDGETARY INFORMATION**

Revenues and expenditures are controlled by budgetary accounting systems in accordance with various legal requirements. The budgeted revenues and expenditures represent the original adopted budget as subsequently adjusted by the Board of Education in accordance with Colorado School Laws. Budgets are generally prepared on the same basis as that used for accounting purposes.

The District has set procedures to be followed in establishing the budgetary data reflected in the financial statements:

1. Prior to June 1, the Business Manager submits to the Board of Education a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them.
2. Public notices are released to obtain taxpayer comments.
3. Prior to June 30, the budget is legally enacted through passage of a resolution.
4. The Business Manager is authorized to transfer budgeted amounts between categories within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the Board of Education.
5. Formal budgetary integration should be employed as a management control device during the year for the General Fund, Special Revenue Funds, Debt Service Funds, Capital Projects Funds and Fiduciary Funds.
6. Budgets for the General, Special Revenue, Debt Service, Capital Projects and Fiduciary Funds are adopted on a basis consistent with generally accepted accounting principles (GAAP).

**SHERIDAN SCHOOL DISTRICT NUMBER 2**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**June 30, 2017**

**NOTE 3**      **BUDGETARY INFORMATION (Continued)**

All appropriations lapse at the end of each fiscal year. Authorization to transfer budgeted amounts between programs and/or departments within any fund and the reallocation of budget line items within any program and/or department rests with the Superintendent of Schools and may be delegated to an appropriate level of management. Revisions and/or supplemental appropriations that alter the total expenditures of any fund must be approved by the Board of Education.

Budgetary amounts reported in the accompanying basic financial statements are as originally adopted and amended by the Superintendent and/or the Board of Education throughout the year.

**NOTE 4**      **CASH AND INVESTMENTS**

**Deposits**

The Colorado Public Deposit Protection Act (PDPA), requires that all units of local government deposit cash in eligible public depositories, eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool is to be maintained by another institution or held in trust for all the uninsured public deposits as a group. The market value of the collateral must be at least equal to the aggregate uninsured deposits.

At June 30, 2017, the District's bank balance and corresponding carrying balance were as follows:

	<u>Carrying Balance</u>	<u>Bank Balance</u>	<u>Bank &amp; Carrying Balance Certificates of Deposit</u>
Insured (FDIC)	500,000	500,000	-
Uninsured, Collateralized under the Public Deposit Protection Act of the State of Colorado	2,721,667	2,856,023	1,608,383
Cash with County Treasurer	85,760	-	-
Cash on Hand	<u>520</u>	<u>-</u>	<u>-</u>
<b><u>Total Cash and Deposits</u></b>	<b><u>3,307,947</u></b>	<b><u>3,356,023</u></b>	<b><u>1,608,383</u></b>

As presented above, deposits with a bank balance of \$2,856,023 and \$1,608,383 and a carrying balance of \$2,721,667 and \$1,608,383 are uninsured, are exposed to custodial risk, and are collateralized with securities held by the pledging financial institution.

SHERIDAN SCHOOL DISTRICT NUMBER 2  
 NOTES TO BASIC FINANCIAL STATEMENTS  
 June 30, 2017

**NOTE 4**      **CASH AND INVESTMENTS (Continued)**

**Investments**

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local government entities may invest:

- Obligations of the United States and certain U.S. government agency securities
- Certain international agency securities
- General obligation and revenue bonds of U.S. local government entities
- Bankers' acceptances of certain banks
- Commercial paper
- Local government investment pools
- Written repurchase agreements collateralized by certain authorized securities
- Certain money market funds
- Guaranteed investment contracts

**Investments**

At June 30, 2017, the District had the following investments:

<u>Investment</u>	<u>Maturity</u>	<u>Fair Value</u>	<u>Credit Risk Rating</u>
COLO TRUST Plus	Under 60 Day Average	5,253,590	AAA
FNMA Bond	November 25, 2019	<u>999,800</u>	AA+
		<u>6,253,390</u>	

**Interest Rate Risk** – The District does not have a formal investment policy that limits investment maturities for managing possible fair value losses due to increasing interest rates.

**Credit Risk** – State Law limits the type of investments allowable. The ratings by Standard & Poor for each investment are disclosed above.

**Concentration of Credit Risk** – the District has no policy restricting the amount that can be invested in any issuer.

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The District has the following recurring fair value measurements as of June 30, 2017:

- ColoTrust Investment Pool of \$5,253,590 is valued using quoted market prices (Level 1 Inputs)
- FHLM Term Notes of \$999,800 are valued using quoted market prices (Level 1 Inputs)

**SHERIDAN SCHOOL DISTRICT NUMBER 2**

**NOTE 7      GENERAL OBLIGATION BONDS PAYABLE**

**A. Series 2012, General Obligation Refunding Bonds**

General Obligation Refunding (\$1,355,000) Bonds (Series 2012) dated April 10, 2012 with a par value of \$5,000 each were issued on April 10, 2012. Interest at an average coupon rate of 2.5% is payable each June 1, and December 1. Bond principal is due beginning December 1, 2012, and each year thereafter. Property taxes collected by the Debt Service Fund will be used to retire this bond issue. The maturity date of the bonds is December 1, 2019. The purpose of the bond issue was to advance refund the outstanding 1997 General Obligation Bonds.

SHERIDAN SCHOOL DISTRICT NUMBER 2  
NOTES TO BASIC FINANCIAL STATEMENTS  
June 30, 2017

---

**NOTE 7**      **GENERAL OBLIGATION BONDS PAYABLE**

**B. Series 2014, General Obligation Refunding Bonds**

On March 20, 2014 the District issued \$3,175,000 in General Obligation Refunding Bonds with interest at 2.00 to advance refund the outstanding 2004 General Obligation Refunding Bonds bearing interest rates ranging from 3.90% to 4.25%. Refunding proceeds of \$3,280,861 were deposited with an escrow agent to provide debt service payments of \$3,150,000 in principal and \$465,369 in interest on the 2004 Series bonds. As a result, the 2004 bonds are considered to be defeased and the liability for the issue has been removed from the District financial statements.

The District completed the advance refunding to reduce the total debt service payment over the next 6 years by \$237,546 and to obtain an economic gain (difference between the present value of the old and new debt service payments) of \$231,256.

As a result of the difference between the reacquisition price and the carrying amount of the old debt (including unamortized premium), a deferred refunding was recorded in the amount of \$180,092. It will be amortized against the interest costs of 2014 refunding issue.

**C. Series 2015, General Obligation Refunding Bonds**

On March 12, 2015, the District issued \$5,000,000 in General Obligation Refunding Bonds with interest at 2.00% to 4.00% to advance refund the outstanding 2007 General Obligation Bonds bearing interest rates ranging from 4.10% to 4.25%. Refunding proceeds of \$5,547,675 were deposited with an escrow agent to provide debt service payments of \$5,015,000 in principal and \$1,706,841 in interest on the 2007 series bonds. As a result, the 2007 bonds are considered to be defeased and the liability for the issue has been removed from the District financial statements.

The District completed the advance refunding to reduce the total debt service payments over the next 9 years by \$268,350 and to obtain an economic gain (difference between the present value of the old and new debt service payments) of \$241,492.

As a result of the difference between the reacquisition price and the carrying amount of the old debt (including unamortized premium of \$547,675), a deferred refunding was recorded in the amount of \$335,406. It will be amortized against the interest costs of the 2015 refunding issue.

**SHERIDAN SCHOOL DISTRICT NUMBER 2**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**June 30, 2017**

**NOTE 7**      **GENERAL OBLIGATION BONDS PAYABLE (Continued)**

**D. Series 2012 Best Matching Bond**

A General Obligation (\$6,490,426) Bond (Series 2012) dated December 6, 2012 with a par value of \$6,490,426, was issued December 6, 2012, to the State of Colorado for the purpose of matching a State of Colorado BEST Grant. Interest at a coupon rate of 3.005898% is payable each June 1 and December 1. Bond principal is due beginning December 1, 2013 and each year thereafter. Bonds of the issue maturing in the years 2022 and thereafter are redeemable at the option of the District, in whole but not in part, at a redemption price equal to the principal amount thereof and a premium of 3.0% of the principal amount so redeemed, plus accrued interest to the redemption date

The purpose of the bond is to pay matching monies to the State of Colorado under the Building Excellent Schools Today program. The combined funds will be used for the construction and improvement of District facilities.

**E. Series 2013, General Obligation Refunding Bonds**

On April 25, 2013, the District issued \$9,025,065 in General Obligation Refunding Bonds with interest from 2.00 % to 3.5% to advance refund a portion of the outstanding 2007 General Obligation Refunding Bonds bearing interest rates ranging from 4.10% to 5.00%. Refunding proceeds of \$9,444,258 were deposited with an escrow agent to provide debt service payments of \$7,850,000 in principal and \$822,750 in interest on the 2007 Series bonds. As a result, that portion of the 2007 bonds is considered to be defeased and the liability for the issue has been removed from the District financial statements.

The District completed the advance refunding to reduce the total debt service payment over the next 7 years by \$718,443 and to obtain an economic gain (difference between the present value of the old and new debt service payments) of \$549,783.

As a result of the difference between the reacquisition price and the carrying amount of the old debt (including unamortized premium), a deferred refunding was recorded in the amount of \$1,414,800. It will be amortized against the interest costs of 2013 refunding issue.

Below is a schedule of debt service requirements to maturity:

	Beginning Balance			Ending Balance	Due Within
	<u>July 1, 2016</u>	<u>Additions</u>	<u>Deletions</u>	<u>June 30, 2017</u>	<u>One Year</u>

**NOTES TO BASIC FINANCIAL STATEMENTS**  
**June 30, 2017**

**NOTE 7**      **GENERAL OBLIGATION BONDS PAYABLE (Continued)**

**Advance Refunding**

During prior years, the District defeased certain general obligation bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the District's financial statements. On June 30, 2017, \$16,000,000 of bonds outstanding are considered defeased.

**NOTE 8**      **CAPITAL LEASES PAYABLE**

A summary of changes in Capital Leases Payable are as follows:

	<u>Balance</u> <u>July 1, 2016</u>	<u>Additions</u>	<u>Payments</u>	<u>Balance</u> <u>June 30, 2017</u>
<b>General Governmental:</b>				
Copiers	<u>82,593</u>	<u>      -</u>	<u>43,795</u>	<u>38,798</u>

During fiscal year 2013, the District entered into a capital lease to purchase 17 copiers. Notwithstanding the fact that the District may elect not to renew the agreement in any year, it is the present intention of the District that the agreement will be renewed annually until full rights to the copiers are acquired. The annual interest rate is 6.70% with monthly payments of \$3,999.97. The balance due as of June 30, 2017 was \$38,798. Annual debt service requirements to maturity for the capital lease are as follows:

	<u>Fiscal</u> <u>Year</u>	<u>Annual</u> <u>Payment</u>	<u>Principal</u>	<u>Interest</u>
	2018	<u>40,000</u>	<u>38,798</u>	<u>1,202</u>
<b>Total Minimum Payments</b>		<u>40,000</u>	<u>38,798</u>	<u>1,202</u>
<b>Less Amount representing Interest</b>		<u>(1,202)</u>		
<b>Net Present Value of Future Minimum Payments</b>		<u>38,798</u>

---

**NOTE 9**      **PENSION PLAN**

**Defined Benefit Pension Plan**

**Summary of Significant Accounting Policies**

**Pensions.** Sheridan School District Number 2 participates in the School Division Trust Fund (SCHDTF), a cost-sharing multiple-employer defined benefit pension fund administered by the Public Employees' Retirement Association of Colorado ("PERA"). The net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position and additions to/deductions from the fiduciary net position of the SCHDTF have been determined using the economic resources measurement focus and the accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**General Information about the Pension Plan**

**Plan description.** Eligible employees of the Sheridan School District Number 2 are provided with pensions through the School Division Trust Fund (SCHDTF) - a cost-sharing multiple-employer defined benefit pension plan administered by PERA. Plan benefits are specified in Title 24, Article 51 of the Colorado Revised Statutes (C.R.S.), administrative rules set forth at 8 C.C.R. 1502-1, and applicable provisions of the federal Internal Revenue Code. Colorado State law provisions may be amended from time to time by the Colorado General Assembly. PERA issues a publicly available comprehensive annual financial report that can be obtained at [www.copera.org/investment/pera-financial-reports](http://www.copera.org/investment/pera-financial-reports).

**Benefits provided.** PERA provides retirement, disability, and survivor benefits. Retirement benefits are determined by the amount of service credit earned and/or purchased, highest average salary, the benefit structure(s), under which the member retires, the benefit option selected at retirement, and age at retirement. Retirement eligibility is specified in tables set forth at C.R.S. 24-51-602, 604, 1713, and 1714.

The lifetime retirement benefit for all eligible retiring employees under the PERA Benefit Structure is the greater of the:

- Highest average salary multiplied by 2.5 percent and then multiplied by years of service credit.
- The value of the retiring employee's member contribution account plus a 100 percent match on eligible amounts as of the retirement date. This amount is then annuitized into a monthly benefit based on life expectancy and other actuarial factors.

The lifetime retirement benefit for all eligible retiring employees under the Denver Public Schools (DPS) Benefit Structure is the greater of the:

- Highest average salary multiplied by 2.5 percent and then multiplied by years of service credit.

SHERIDAN SCHOOL DISTRICT NUMBER 2  
NOTES TO BASIC FINANCIAL STATEMENTS  
June 30, 2017

---

**NOTE 9**      **PENSION PLAN (Continued)**

- \$15 times the first 10 years of service credit plus \$20 times service credit over 10 years plus a monthly amount equal to the annuitized member contribution account balance based on life expectancy and other actuarial factors.

In all cases the service retirement benefit is limited to 100 percent of highest average salary and also cannot exceed the maximum benefit allowed by federal Internal Revenue Code.

Members may elect to withdraw their member contribution accounts upon termination of employment with all PERA employers; waiving rights to any lifetime retirement benefits earned. If eligible, the member may receive a match of either 50 percent or 100 percent on eligible amounts depending on when contributions were remitted to PERA, the date employment was terminated, whether 5 years of service credit has been obtained and the benefit structure under which contributions were made.

Benefit recipients who elect to receive a lifetime retirement benefit are generally eligible to receive post-retirement cost-of-living adjustments (COLAs), referred to as annual increases in the C.R.S. Benefit recipients under the PERA benefit structure who began eligible employment before January 1, 2007 and all benefit recipients of the DPS benefit structure receive an annual increase of 2 percent, unless PERA has a negative investment year, in which case the annual increase for the next three years is the lesser of 2 percent or the average of the Consumer Price Index for urban Wage Earners and Clerical Workers (CPI-W) for the prior calendar year. Benefit recipients under the PERA benefit structure who began eligible employment after January 1, 2007 receive an annual increase of the lesser of 2 percent or the average CPI-W for the prior calendar year, not to exceed 10 percent of PERA's Annual Increase Reserve for the SCHDTF.

Disability benefits are available for eligible employees once they reach five years of earned service credit and are determined to meet the definition of disability. The disability benefit amount is based on the retirement benefit formula shown above considering a minimum 20 years of service credit, if deemed disabled.

Survivor benefits are determined by several factors, which include the amount of earned service credit, highest average salary of the deceased, the benefit structure(s) under which service credit was obtained, and the qualified survivor(s) who will receive the benefits.

*Contributions.* Eligible employees and Sheridan School District Number 2 are required to contribute to the SCHDTF at a rate set by Colorado statute. The contribution requirements are established under C.R.S. 24-51-401, et seq. Eligible employees are required to contribute 8 percent of their PERA- includable salary. The employer contribution requirements are summarized in the table below.

**SHERIDAN SCHOOL DISTRICT NUMBER 2  
NOTES TO BASIC FINANCIAL STATEMENTS  
June 30, 2017**

**NOTE 9      PENSION PLAN (Continued)**

	For the Year Ended December 31, 2016	For the Year Ended December 31, 2017
Employer Contribution Rate	10.15 %	10.15 %
Amount of Employer Contribution apportioned to the Health Care Trust Fund as specified in C.R.S. 24-51-208 (1) (f)	(1.02)%	(1.02)%
Amount Apportioned to the SCHDTF	9.13%	9.13%
Amortization Equalization Disbursement (AED) as specified in C.R.S. 24-51-411	4.50%	4.50%
Supplemental Amortization Equalization Disbursement (SAED) as specified in C.R.S. 24-51-411	4.50%	5.00%
<b>Total Employer Contribution Rate to the SCHDTF</b>	<b>18.13%</b>	<b>18.63%</b>

Rates are expressed as a percentage of salary as defined in C.R.S. §24-51-101(42).

Employer contributions are recognized by the SCHDTF in the period in which the compensation becomes payable to the member and the Sheridan School District Number 2 is statutorily committed to pay the contributions to the SCHDTF. Employer contributions recognized by the SCHDTF from Sheridan School District Number 2 were \$2,044,977 for the year ended June 30, 2017.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At June 30, 2017, the Sheridan School District Number 2 reported a liability of \$72,868,157 for its proportionate share of the net pension liability. The net pension liability was measured as of December 31, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2015. Standard update procedures were used to roll forward the total pension liability to December 31, 2016. The Sheridan School District Number 2 proportion of the net pension liability was based on Sheridan School District Number 2 contributions to the SCHDTF for the calendar year 2016 relative to the total contributions of participating employers to the SCHDTF.

At December 31, 2016, the Sheridan School District Number 2 proportion was 0.2447 percent, which was a decrease of 0.0008 from its proportion measured as of December 31, 2015.

For the year ended June 30, 2017, the Sheridan School District Number 2 recognized pension expense of \$10,690,607. At June 30, 2017, the Sheridan School District Number 2 reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

**SHERIDAN SCHOOL DISTRICT NUMBER 2**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**June 30, 2017**

**NOTE 9**      **PENSION PLAN (Continued)**

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	910,964	(641)
Changes of assumptions or other inputs	23,644,197	(328,598)
Net difference between projected and actual earnings on pension plan investments	2,436,559	-
Changes in proportion and differences between contributions recognized and proportionate share of contributions	-	(1,279,742)
Contributions subsequent to the measurement date	1,037,787	N/A
<b>Total</b>	<b>28,029,507</b>	<b>(1,608,981)</b>

\$1,037,787 reported as deferred outflows of resources related to pensions, resulting from contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended June 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30, 2017	
2018	9,711,863
2019	10,376,712
2020	5,269,798
2021	24,366
2022	-
Thereafter	-

*Actuarial assumptions.* The total pension liability in the December 31, 2015 actuarial valuation was determined using the following actuarial cost method, actuarial assumptions and other inputs:

<b>Actuarial Cost Method</b>	<b>Entry Age</b>
<b>Price inflation</b>	<b>2.80 percent</b>
<b>Real wage growth</b>	<b>1.10 percent</b>
<b>Wage Inflation</b>	<b>3.90 percent</b>
<b>Salary increases, including wage inflation</b>	<b>3.90 – 10.10 percent</b>
<b>Long-term investment Rate of Return, net of pension plan investment expenses, including price inflation</b>	<b>7.50 percent</b>
<b>Discount Rate</b>	<b>7.50 percent</b>
<b>Future post-retirement benefit increases:</b>	
PERA Benefit Structure hired prior to 1/1/07; and DPS Benefit Structure (automatic)	<b>2.00 percent</b>
PERA Benefit Structure hired after 12/31/06 (ad hoc, substantively automatic)	<b>Financed by the Annual Increase Reserve</b>

**SHERIDAN SCHOOL DISTRICT NUMBER 2  
NOTES TO BASIC FINANCIAL STATEMENTS  
June 30, 2017**

**NOTE 9      PENSION PLAN (Continued)**

Based on the 2016 experience analysis and the October 28, 2016 actuarial assumptions workshop, revised economic and demographic assumptions were adopted by PERA's Board on November 18, 2016 and effective as of December 31, 2016. These revised assumptions shown below were reflected in the roll-forward calculation of the total pension liability from December 31, 2015 to December 31, 2016:

Actuarial cost method	Entry age
Price inflation	2.40 percent
Real wage growth	1.10 percent
Wage inflation	3.50 percent
Salary increases, including wage inflation	3.50 – 9.70 percent
Long-term investment rate of return, net of pension plan investment expenses, including price inflation	7.25 percent
Discount rate	5.26 percent
Post-retirement benefit increases:	
PERA benefit structure hired prior to 1/1/07 and DPS benefit structure (automatic)	2.00 percent
PERA benefit structure hired after 12/31/06 (ad hoc, substantively automatic)	Financed by the Annual Increase Reserve

Mortality rates used in the December 31, 2015 valuation were based on the RP-2000 combined Mortality Table for Males or Females, as appropriate, with adjustments for mortality improvements based on a projection of Scale AA to 2020 with Males set back 1 year, and Females set back 2 years. Active member mortality was based upon the same mortality rates but adjusted to 55 percent of the base rate for males and 40 percent of the base rate for females. For disabled retirees, the RP-2000 Disabled Mortality Table (set back 2 years for males and set back 2 years for females) was assumed.

The actuarial assumptions used in the December 31, 2015 valuation were based on the results of an actuarial experience study for the period January 1, 2008 through December 31, 2011, adopted by PERA's Board on November 13, 2012, and an economic assumption study, adopted by PERA's Board on November 15, 2013 and January 17, 2014.

As a result of the 2016 experience analysis and the October 28, 2016 actuarial assumptions workshop, revised economic and demographic actuarial assumptions including withdrawal rates, retirement rates for early reduced and unreduced retirement, disability rates, administrative expense load, and pre- and post-retirement and disability mortality rates were adopted by PERA's Board on November 18, 2016 to more closely reflect PERA's actual experience. As the revised economic and demographic assumptions are effective as of the measurement date, December 31, 2016, these revised assumptions were reflected in the total pension liability roll-forward procedures.

**SHERIDAN SCHOOL DISTRICT NUMBER 2**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**June 30, 2017**

---

**NOTE 9**      **PENSION PLAN (Continued)**

Healthy mortality assumptions for active members reflect the RP-2014 White Collar Employee Mortality Table, a table specifically developed for actively working people. To allow for an appropriate margin of improved mortality prospectively, the mortality rates incorporate a 70 percent factor applied to male rates and a 55 percent factor applied to female rates.

Healthy, post-retirement mortality assumptions reflect the RP-2014 White Collar Healthy Annuitant Mortality Table, adjusted as follows:

- **Males: Mortality improvement projected to 2018 using the MP-2015 projection scale, a 93 percent factor applied to rates for ages less than 80, a 113 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.**
- **Females: Mortality improvement projected to 2020 using the MP-2015 projection scale, a 68 percent factor applied to rates for ages less than 80, a 106 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.**

For disabled retirees, the mortality assumption was changed to reflect 90 percent of the RP-2014 Disabled Retiree Mortality Table.

The long-term expected rate of return on pension plan assets is reviewed as part of regular experience studies prepared every four or five years for PERA. Recently, this assumption has been reviewed more frequently. The most recent analyses were outlined in presentations to PERA's Board on October 28, 2016. As a result of the October 28, 2016 actuarial assumptions workshop and the November 18, 2016 PERA Board meeting, the economic assumptions changed, effective December 31, 2016, as follows:

- **Investment rate of return assumption decreased from 7.50 percent per year, compounded annually, net of investment expenses to 7.25 percent per year, compounded annually, net of investment expenses.**
- **Price inflation assumption decreased from 2.80 percent per year to 2.40 percent per year.**
- **Real rate of investment return assumption increased from 4.70 percent per year, net of investment expenses, to 4.85 percent per year, net of investment expenses.**
- **Wage inflation assumption decreased from 3.90 percent per year to 3.50 percent per year.**

Several factors were considered in evaluating the long-term rate of return assumption for the SCHDTF, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best -estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed by the investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation.

**SHERIDAN SCHOOL DISTRICT NUMBER 2**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
 June 30, 2017

**NOTE 9**      **PENSION PLAN (Continued)**

As of the November 18, 2016 adoption of the current long-term expected rate of return by the PERA Board, the target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	30 Year Expected Geometric Real Rate of Return
U.S. Equity – Large Cap	21.20%	4.30%
U.S. Equity – Small Cap	7.42%	4.80%
Non U.S. Equity – Developed	18.55%	5.20%
Non U.S. Equity – Emerging	5.83%	5.40%
Core Fixed Income	19.32%	1.20%
High Yield	1.38%	4.30%

<b>Total</b>	<b>100.00%</b>	

\*In setting the long-term expected rate of return, projections employed to model future returns provide a range of expected long-term returns that, including expected inflation, ultimately support a long-term expected rate of return assumption of 7.25%.

*Discount rate.* The discount rate used to measure the total pension liability was 5.26 percent. The projection of cash flows used to determine the discount rate applied the actuarial cost method and assumptions shown above. In addition, the following methods and assumptions were used in the projection of cash flows:

- Updated economic and demographic actuarial assumptions adopted by PERA’s Board on November 18, 2016.
- Total covered payroll for the initial projection year consists of the covered payroll of the active membership present on the valuation date and the covered payroll of future plan members assumed to be hired during the year. In subsequent projection years, total covered payroll was assumed to increase annually at a rate of 3.50%.
- Employee contributions were assumed to be made at the current member contribution rate. Employee contributions for future plan members were used to reduce the estimated amount of total service costs for future plan members.

**SHERIDAN SCHOOL DISTRICT NUMBER 2**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**June 30, 2017**

---

**NOTE 9**

**PENSION PLAN (Continued)**

- Employer contributions were assumed to be made at rates equal to the fixed statutory rates specified in law and effective as of the measurement date, including current and estimated future AED and SAED, until the Actuarial Value Funding Ratio reaches 103%, at which point, the AED and SAED will each drop 0.50% every year until they are zero. Additionally, estimated employer contributions included reductions for the funding of the AIR and retiree health care benefits. For future plan members, employer contributions were further reduced by the estimated amount of total service costs for future plan members not financed by their member contributions.
- Employer contributions and the amount of total service costs for future plan members were based upon a process used by the plan to estimate future actuarially determined contributions assuming an analogous future plan member growth rate.
- The AIR balance was excluded from the initial fiduciary net position, as, per statute. AIR amounts cannot be used to pay benefits until transferred to either the retirement benefits reserve or the survivor benefits reserve, as appropriate. As the ad hoc post-retirement benefit increases financed by the AIR are defined to have a present value at the long-term expected rate of return on plan investments equal to the amount transferred for their future payment, AIR transfers to the fiduciary net position and the subsequent AIR benefit payments have no impact on the Single Equivalent Interest Rate (SEIR) determination process when the timing of AIR cash flows is not a factor (i.e., the plan's fiduciary net position is not projected to be depleted). When AIR cash flow timing is a factor in the SEIR determination process (i.e., the plan's fiduciary net position is projected to be depleted), AIR transfers to the fiduciary net position and the subsequent AIR benefit payments were estimated and included in the projections.
- Benefit payments and contributions were assumed to be made at the end of the month.

Based on the above assumptions and methods, the projection test indicates the SCHDTF's fiduciary net position was projected to be depleted in 2041 and, as a result, the municipal bond index rate was used in the determination of the discount rate. The long-term expected rate of return of 7.25 percent on pension plan investments was applied to periods through 2041 and the municipal bond index rate, the December average of the Bond Buyer General Obligation 20-year Municipal Bond Index published weekly by the Board of Governors of the Federal Reserve System, was applied to periods on and after 2041 to develop the discount rate. For the measurement date, the municipal bond index rate was 3.86 percent, resulting in a discount rate of 5.26 percent.

As of the prior measurement date, the projection test indicated, the SCHDTF's fiduciary net position was projected to be available to make all projected future benefit payments of current members. Therefore, the long-term expected rate of return on plan investments of 7.50% was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate determination did not use a municipal bond index rate. The discount rate was 7.50 percent, 2.24 percent higher compared to the current measurement date.

SHERIDAN SCHOOL DISTRICT NUMBER 2  
 NOTES TO BASIC FINANCIAL STATEMENTS  
 June 30, 2017

**NOTE 9**      **PENSION PLAN (Continued)**

*Sensitivity of the Sheridan School District Number 2 proportionate share of the net pension liability to changes in the discount rate.* The following presents the proportionate share of the net pension liability calculated using the discount rate of 5.26 percent, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (4.26 percent) or 1-percentage-point higher (6.26 percent) than the current rate:

	1% Decrease (4.26%)	Current Discount Rate (5.26%)	1% Increase (6.26%)
Proportionate share of the net pension liability	91,629,365	72,868,157	57,587,831

*Pension plan fiduciary net position.* Detailed information about the SCHDTF's fiduciary net position is available in PERA's comprehensive annual financial report which can be obtained at [www.copera.org/investments/pera-financial-reports](http://www.copera.org/investments/pera-financial-reports).

**Defined Contribution Pension Plan**

**Voluntary Investment Program**

*Plan Description* – Employees of the Sheridan School District Number 2 that are also members of the SCHDTF may voluntarily contribute to the Voluntary Investment Program, an Internal Revenue Code Section 401(k) defined contribution plan administered by PERA, Title 24, Article 51, Part 14 of the C.R.S., as amended, assigns the authority to establish the Plan provisions to the PERA Board of Trustees, PERA issues a publicly available comprehensive annual financial report for the Plan. That report can be obtained at [www.copera.org/investments/pera-financial-reports](http://www.copera.org/investments/pera-financial-reports).

*Funding Policy* – The Voluntary Investment Program is funded by voluntary member contributions up to the maximum limits set by the Internal Revenue Service, as established under Title 24, Article 51, Section 1402 of the C.R.S., as amended. Employees are immediately vested in their own contributions and investment earnings. For the year ended June 30, 2017, program members contributed \$174,453.

**Other Post-Employment Benefits**

**Health Care Trust Fund**

*Plan Description* – The Sheridan School District Number 2 contributes to the Health Care Trust Fund (“HCTF”), a cost-sharing multiple-employer healthcare trust administered by PERA. The HCTF benefit provides a health care premium subsidy and health care programs (known as PERACare) to PERA participating benefit recipients and their eligible beneficiaries. Title 24, Article 51, Part 12 of the C.R.S., as amended, establishes the HCTF and sets forth a framework that grants authority to the PERA Board to contract, self-insure and authorize disbursements necessary in order to carry out the purposes of the PERACare program, including the administration of health care subsidies. PERA issues a publicly available comprehensive annual financial report that includes financial statements and required supplementary information for the HCTF. That report can be obtained at [www.copera.org/investments/pera-financial-reports](http://www.copera.org/investments/pera-financial-reports).

**SHERIDAN SCHOOL DISTRICT NUMBER 2**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
June 30, 2017

---

**NOTE 9**      **PENSION PLAN (Continued)**

*Funding Policy* – The Sheridan School District Number 2 is required to contribute at a rate of 1.02 percent of PERA-includable salary for all PERA members as set by statute. No member contributions are required. The contribution requirements for the Sheridan School District Number 2 are established under Title 24, Article 51, Part 4 of the C.R.S., as amended. The apportionment of the contributions to the HCTF is established under Title 24, Article 51, Section 208(1)(f) of the C.R.S., as amended. For the years ending June 30, 2017, 2016 and 2015, the Sheridan School District Number 2 contributions to the HCTF were \$113,732, \$109,700 and \$109,647, respectively equal to their required contributions for each year.

**NOTE 10**      **RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts, thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees, or acts of God.

The District maintains commercial insurance for all risks of loss. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

**NOTE 11**      **COLORADO SCHOOL DISTRICT SELF INSURANCE POOL**

The District belongs to the Colorado School District's Self-Insurance Pool. The Pool was established by the Colorado Association of School Boards (CASB) to provide insurance coverage to participants in the areas of General Liability, Errors and Omissions, Automobile Liability, Auto Physical Damage, Auto Personal Injury Protection, Real and Personal Property, Crime and other coverage. The Board of Directors is composed of nine persons; who are appointed by the existing Board of Directors. Each member's initial contribution and subsequent contributions are determined by the Pool based on factors including, but not limited to, the Aggregate Pool claims, the cost of Administrative and other operating expenses, the number of participants, the adequacy of both Operating and Reserve Funds and other factors touching on the status of the Pool or an individual participant, and as approved by the Colorado Insurance Commissioner.

As the District did not exercise oversight responsibility nor have sufficient control over Pool activities, the Pool is not a component unit of the District and only the District's share of contributions to the Pool is recorded as Expenditures in the Insurance Reserve Fund.

The District's share in the Pool is not determinable from current information, but is estimated to be less than 1%. The District's share, if calculated, would not be material to the Pool's financial information at June 30, 2017.

**SHERIDAN SCHOOL DISTRICT NUMBER 2**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**June 30, 2017**

---

**NOTE 11    COLORADO SCHOOL DISTRICT SELF INSURANCE POOL (Continued)**

An audited summary of the Colorado School District's Pool financial information at December 31, 2016 (latest information available) follows:

Total Assets	<u>48,036,383</u>
Total Liabilities	<u>21,232,630</u>
Total Equity	<u>26,803,753</u>
Revenue	14,232,299
Underwriting Expenses	<u>12,497,566</u>
Underwriting Gain (Loss)	1,734,733
Net Investment Income	690,250
Other Income	-
Net Income (Loss) Before Dividend	<u>2,424,983</u>
Dividend	-
Net Income	<u>2,424,983</u>
Transfer of Capital contributions	-
Change in Non Admitted Assets	<u>53,761</u>
Capital Contributions from Members	-
Unassigned Surplus	<u>26,803,753</u>

**NOTE 12    LITIGATION**

None.

**NOTE 13    SUMMARY DISCLOSURE OF SIGNIFICANT COMMITMENTS AND CONTINGENCIES**

Claims and Judgments - The District participates in a number of federal, state and county programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the District may be required to reimburse the grantor government. As of June 30, 2017, significant amounts of grant expenditures have not been audited by the grantor but the District believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on any of the individual government funds or the overall financial position of the District.

**REQUIRED SUPPLEMENTARY INFORMATION**

**BUDGETARY COMPARISONS**

**PENSION TREND DATA**

## **REQUIRED SUPPLEMENTARY INFORMATION**

### **General Fund**

**The General Fund accounts for all transactions of the District not accounted for in other funds. This fund represents an accounting for the District's ordinary operations financed from property taxes and other general revenues. It is the most significant fund in relation to the District's overall operations.**

### **Special Revenue Funds**

**Special Revenue Funds account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.**

**Grants Fund – This fund is provided to maintain a separate accounting for federal and state grant funded programs which normally have a different fiscal period than that of the District.**

**OTHER SUPPLEMENTARY INFORMATION**

## COMBINING AND INDIVIDUAL FUND STATEMENTS AND OTHER SCHEDULES

### Capital Projects Funds

**Technology Fund** – This fund accounts for expenditures from bond proceeds for the improvement of district technology. The revenues and expenditures of this fund are controlled by state statute and the bond ordinance.

## NON MAJOR GOVERNMENTAL FUNDS

### Special Revenue Fund

Special revenue funds account for revenues that are legally restricted to expenditures for specified purposes.

**Food Service Fund** – This fund accounts for all financial activities associated with the District's school breakfast and lunch programs.

### Debt Service Fund

### Bond Redemption Fund

**Bond Redemption Debt Service Fund** – Use to account for the accumulation of resources for, and the payment of, long-term general obligation debt principal, interest, and related costs.

### Capital Projects Funds

**Capital Reserve Capital Projects Fund** – This fund accounts for the acquisition of sites, buildings, equipment and vehicles.

### Fiduciary Fund Types

**Agency Fund** – **Student Activity Fund** – This fund is used to account for amounts held in a fiduciary capacity for organizations.

**SINGLE AUDIT SECTION**

164 E. MAIN  
TRINIDAD, COLORADO 81082  
(719) 846-9241 FAX (719) 846-3352

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL  
OVER FINANCIAL REPORTING AND ON COMPLIANCE  
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS  
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

**To the Board of Education  
Sheridan School District Number 2  
Englewood, Colorado 80150**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Sheridan School District Number 2 as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise Sheridan School District Number 2's basic financial statements, and have issued our report thereon dated November 10, 2017.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Sheridan School District Number 2's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Sheridan School District Number 2's internal control. Accordingly, we do not express an opinion on the effectiveness of the Sheridan School District Number 2's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Sheridan School District Number 2's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE  
FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL  
OVER COMPLIANCE REQUIRED BY UNIFORM GUIDANCE**

To the Board of Education  
Sheridan School District Number 2  
Englewood, Colorado 80150

**Report on Compliance for Each Major Federal Program**

We have audited Sheridan School District Number 2's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Sheridan School District Number 2's major federal programs for the year ended June 30, 2017. Sheridan School District Number 2's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

**Management's Responsibility**

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

**Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of Sheridan School District Number 2's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Sheridan School District Number 2's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Sheridan School District Number 2's compliance.

## Opinion on Each Major Federal Program

In our opinion, Sheridan School District Number 2 complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2017.

## Report on Internal Control Over Compliance

Management of Sheridan School District Number 2 is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Sheridan School District Number 2's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Sheridan School District Number 2's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

The accompanying notes are an integral part of this schedule.

**SHERIDAN SCHOOL DISTRICT NUMBER 2**  
**NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**  
**For the Year Ended June 30, 2017**

---

**NOTE 1**    **BASIS OF PRESENTATION**

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the Sheridan School District Number 2 and is presented on the modified accrual basis of accounting. The information is presented in accordance with the requirements of Title 2 U.S. Code of Federal Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the general purpose financial statements.

**NOTE 2**    **INDIRECT COST RATES**

The Colorado Department of Education calculates an allowable indirect cost rate for individual sub-recipients and mandates that the rate be used as the maximum for the recovery of indirect cost. The District has recovered indirect cost from grant funds at an amount no greater than that allowed by the Colorado Department of Education and has not elected to use the 10% de minimis indirect cost rate allowed by Uniform Guidance.

**NOTE 3**    **NON-CASH ASSISTANCE**

**Food Distribution:**

Non-monetary assistance is reported in the schedule at the fair market value of commodities received.

**NOTE 4**    **HEAD START PROGRAM**

\$736,370 of Head Start monies were passed through to the following school districts during fiscal year June 30, 2017.

The cash basis of accounting was used to recognize the pass through of these program monies.

The Village of Littleton	\$261,806
Englewood School District	\$253,520
Cherry Creek School District	<u>\$221,044</u>
Total	<u>\$736,370</u>
