**Independent Auditors' Report On Internal
Control Over Financial Reporting And On
Compliance And Other Matters Based On An
Audit Of Financial Statements Performed In
Accordance With *Government Auditing Standards***

Board of County Commissioners
Larimer County, Colorado
Fort Collins, Colorado

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of Larimer County, Colorado (the County), as of and for the year ended December 31, 2017, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated June 15, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance And Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose Of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditors' Report On Compliance
For Each Major Federal Program, Report
On Internal Control Over Compliance And Report
On The Schedule Of Expenditures Of Federal Awards
Required By The Uniform Guidance**

Board of County Commissioners
Larimer County, Colorado
Fort Collins, Colorado

Report On Compliance For Each Major Federal Program

We have audited the Larimer County, Colorado's (the County) compliance with the types of compliance requirements described in the Office of Management and Budget's *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended December 31, 2017. The County's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the audit requirements of Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Costs Principles and Audit Requirements for Federal Awards* (the Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion On Each Major Federal Program

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2017.

Report On Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report On Schedule Of Expenditures Of Federal Awards Required By The Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the County as of and for the year ended December 31, 2017, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our report thereon dated June 15, 2018, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Explanatory Notes:

* Direct Federal Assistance Programs.

** Federal Share Computed Using Percentages Provided by the State Department of Human Services.

(1) The expenditures for these grants include expenditures from prior years.

*** Loan Balances as of 12/31/17:

Berthoud Estates 1	\$	904,042
Berthoud Estates 2	\$	1,028,063
Western Mini	\$	1,520,022

Loan balances consist of Federal and State monies; however, expenditure amounts reported above include only the Federal portion.

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Larimer County, Colorado, for the year ended December 31, 2017 and is presented on the accrual basis of accounting. All federal awards received directly from federal agencies, as well as federal awards passed through other governmental agencies, are included on the schedule. The information in this schedule is presented in accordance with requirements of the Uniform Guidance. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in preparation of, the basic financial statements.

Larimer County has not elected to use the 10% de minimis indirect cost rate as allowed in the Uniform Guidance, section 414.

Summary Schedule of Prior Year Findings For the Year Ended December 31, 2016

Finding 2016-001

Eligibility
Significant Deficiency On Internal Control Over Compliance

CFDA 93.658 - Foster Care Title IV-E (Title IV-E)

Federal Agency: U.S. Department of Health and Human Services

Federal Award Identification Number: OM-OPSO-2016-0006

Pass-Through Entity: Colorado Department of Human Services

Criteria Or Specific Requirement: The County is responsible for establishing internal controls over eligibility data to ensure recipients are in compliance with requirements of the grant.

Status: The County has updated their procedures during the current year to include documented review over eligibility determinations for IV-E case files.

Summary Schedule of Prior Year Findings
For the Year Ended December 31, 2016

Finding 2016-002

Special Tests

Significant Deficiency On Internal Control Over Compliance

CFDA 93.658 - Foster Care Title IV-E (Title IV-E)

Federal Agency: U.S. Department of Health and Human Services

Federal Award Identification Number: OM-OPSO-2016-0006

Pass-Through Entity: Colorado Department of Human Services

Criteria Or Specific Requirement: Title IV-E agencies establish payment rates for maintenance payments (e.g., payments to foster parents, child care institutions or directly to youth). Payment rates may also be established for Title IV-E administrative expenditures (e.g., payments to child placement agencies or other contractors, which may be either subrecipients or vendors) and for other services. Payment rates must provide for proper allocation of costs between Foster Care maintenance payments, administrative expenditures and other services in conformance with the cost principles. The Title IV-E agency's plan approved by ACF must provide for periodic review of payment rates for Foster Care maintenance payments at reasonable, specific, time-limited periods established by the Title IV-E agency to assure the rate's continuing appropriateness for the administration of the Title IV-E program (42 USC 671(a)(11); 45 CFR Section 1356.21(m)(1); 45 CFR Section 1356.60(a)(1) and (c)). The County is responsible for establishing controls over the rates charged for all types of Foster Care cases, including kinship maintenance rates.

Status: The County has updated its procedures to include a review of exception reports from the payment system, which is performed monthly.
