INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Kipling Ridge Metropolitan District
Jefferson County, Colorado

We have audited the accompanying financial statements of the governmental activities and each major fund of Kipling Ridge Metropolitan District (the District), as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of December 31, 2018, and the respective changes in financial position thereof, and the budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Fiscal Focus Partners, LLC

Other Matters

Required Supplementary Information

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information as listed in the table of contents is presented for purposes of legal compliance and additional analysis and is not a required part of the basic financial statements. The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**KIPLING RIDGE METROPOLITAN DISTRICT
RECONCILIATION OF THE STATEMENTS OF REVENUES, EXPENDITURES, AND CHANGES
IN FUND BALANCES OF THE GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
YEAR ENDED DECEMBER 31, 2018**

Net Change in Fund Balances - Governmental Funds	\$	55,118
--------------------------------------------------	----	--------

Amounts reported for governmental activities in the statement of activities are different because:

Long-term debt (e.g., bonds, Developer advances) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Current Year Bond Principal		1,669,000
-----------------------------	--	-----------

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Accrued Interest Payable, Change in Liability		6,534
-----------------------------------------------	--	-------

Change in Net Position of Governmental Activities	\$	<u>1,730,652</u>
---------------------------------------------------	----	------------------

**KIPLING RIDGE METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2018**

NOTE 1 DEFINITION OF REPORTING ENTITY

Kipling Ridge Metropolitan District (the District), a quasi-municipal corporation and political subdivision of the state of Colorado, was organized on November 15, 2004, and is governed pursuant to provisions of the Colorado Special District Act. The District's service area is located in Jefferson County, Colorado, entirely within the City of Arvada. The District was established to provide financing for the acquisition, construction and installation of water, sanitation, parks and recreation, drainage, street improvements, transportation, and mosquito control.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements, which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens, and fiscal dependency.

The District is financially accountable for the Arvada Ridge Public Improvement Company (PIC). The PIC was formed on March 15, 2005, for the purpose of imposing and collecting certain retail sales fees (PIF) imposed for the benefit of the District and other parties. The District, the City of Arvada, the Arvada Urban Renewal Authority (AURA) and the Developer (as hereafter defined) entered into the Cooperation Agreement dated December 13, 2004, whereby the PIC agreed to remit a certain portion of the PIF revenue received to the District in consideration of the District's financing and construction of public improvements which benefit the members of the PIC. The Cooperation Agreement also provides for AURA and Target Corporation (Target) to receive a portion of the PIF revenue generated by the PIC. Since the resources received by the PIC are not entirely for the benefit of the District, the PIC is not a component unit of the District.

The District has no employees and all operations and administrative functions are contracted.

The District is not a component unit of any other primary governmental entity.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The more significant accounting policies of the District are described as follows:

Government-Wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities are normally supported by taxes.

**KIPLING RIDGE METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2018**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Government-Wide and Fund Financial Statements (Continued)

The statement of net position reports all financial and capital resources of the District. The difference between the sum of assets and deferred outflows and the sum of liabilities and deferred inflows is reported as net position.

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for the governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes. All other revenue items are considered to be measurable and available only when cash is received by the District. The District has determined that Developer advances are not considered as revenue susceptible to accrual. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation due.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term debt of the governmental funds.

The Capital Projects Fund is used to account for financial resources to be used for the acquisition and construction of infrastructure improvements.

**KIPLING RIDGE METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2018**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgets

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures and other financing uses level and lapses at year-end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

Pooled Cash and Investments

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash.

Investments are carried at fair value.

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflow of resources in the year they are levied and measurable. The property tax revenues are recorded as revenue in the year they are available or collected.

Capital Assets

Capital assets, which include infrastructure (e.g., storm drainage, streets, and similar items), are reported in the applicable governmental activities column in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

Capital assets which are anticipated to be conveyed to other governmental entities are recorded as construction in progress, and are not included in the calculation of the net investment in capital assets component of the District's net position.

**KIPLING RIDGE METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2018**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets (Continued)

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related fixed assets, as applicable. Depreciation expense has not been recorded as the assets are recorded as nondepreciable land improvements.

Retail Sales Fee

The District receives a portion of the retail sales fee (also referred to as PIF) that is collected by the PIC. The fee is received on taxable sales within the District pursuant to the Fee Servicing Agreement.

Deferred Inflows of Resources

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies for reporting in this category. Accordingly, the item, *deferred property tax revenue*, is deferred and recognized as an inflow of resources in the period that the amount becomes available.

Equity

Net Position

For government-wide presentation purposes when both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first, then unrestricted resources as they are needed.

Fund Balance

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

Nonspendable Fund Balance – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.

Restricted Fund Balance – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.

**KIPLING RIDGE METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2018**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Equity (Continued)

Fund Balance (Continued)

Committed Fund Balance – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government’s highest level of decision-making authority, the board of directors. The constraint may be removed or changed only through formal action of the board of directors.

Assigned Fund Balance – The portion of fund balance that is constrained by the government’s intent to be used for specific purposes, but is neither restricted nor committed. Intent is expressed by the board of directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.

Unassigned Fund Balance – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District’s practice to use the most restrictive classification first.

NOTE 3 CASH AND INVESTMENTS

Cash and investments as of December 31, 2018, are classified in the accompanying financial statements as follows:

Statement of Net Position:

Cash and Investments	\$ 381,528
Cash and Investments - Restricted	1,340,405
Total Cash and Investments	\$ 1,721,933

Cash and investments as of December 31, 2018, consist of the following:

Deposits with Financial Institutions	\$ 91,071
Investments	1,630,862
Total Cash and Investments	\$ 1,721,933

Deposits with Financial Institutions

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

**KIPLING RIDGE METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2018**

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

Deposits with Financial Institutions (Continued)

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2018, the District's cash deposits had a bank balance of \$96,906 and a carrying balance of \$91,071.

Investments

The District has adopted a formal investment policy whereby the District follows state statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (*) below, which are believed to have minimal credit risk, minimal interest rate risk and no foreign currency risk. Additionally, the District is not subject to concentration risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States, certain U.S. government agency securities, and securities of the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Certain certificates of participation
- . Certain securities lending agreements
- . Bankers' acceptances of certain banks
- . Commercial paper
- . Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- . Guaranteed investment contracts
- * Local government investment pools

As of December 31, 2018, the District had the following investments:

<u>Investment</u>	<u>Maturity</u>	<u>Amount</u>
Colorado Local Government Liquid Asset Trust (COLOTRUST)	Weighted Average Under 60 Days	\$ 1,630,862

**KIPLING RIDGE METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2018**

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

COLOTRUST

The District invested in the Colorado Local Government Liquid Asset Trust (COLOTRUST) (the Trust), an investment vehicle established for local government entities in Colorado to pool surplus funds. The State Securities Commissioner administers and enforces all State statutes governing the Trust. The Trust operates similarly to a money market fund and each share is equal in value to \$1.00. The Trust offers shares in two portfolios, COLOTRUST PRIME and COLOTRUST PLUS+. Both portfolios may invest in U.S. Treasury securities and repurchase agreements collateralized by U.S. Treasury securities. COLOTRUST PLUS+ may also invest in certain obligations of U.S. government agencies, highest rated commercial paper and any security allowed under CRS 24-75-601. A designated custodial bank serves as custodian for the Trust's portfolios pursuant to a custodian agreement. The custodian acts as safekeeping agent for the Trust's investment portfolios and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by the Trust. COLOTRUST is rated AAAM by Standard & Poor's. COLOTRUST records its investments at fair value and the District records its investment in COLOTRUST at net asset value as determined by fair value. There are no unfunded commitments, the redemption frequency is daily, and there is no redemption notice period.

NOTE 4 CAPITAL ASSETS

An analysis of the changes in property for the period ended December 31, 2018 follows:

	Balance at December 31, 2017	Increases	Decreases	Balance at December 31, 2018
Capital Assets, Not Being Depreciated:				
Land Improvements	\$ 2,615,086	\$ -	\$ -	\$ 2,615,086
Capital Assets, Net	<u>\$ 2,615,086</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,615,086</u>

A portion of the capital assets constructed by the District were conveyed to other governmental entities. The costs of all capital assets transferred to other governmental entities were removed from the District's financial records.

NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2018**

NOTE 5 LONG-TERM OBLIGATIONS

The following is an analysis of changes in the District's long-term obligations for the year ended December 31, 2018:

	Balance - December 31, 2017	Additions	Retirements	Balance - December 31, 2018	Due Within One Year
Revenue Bonds Payable:					
Series 2011 B	\$ 5,375,000	\$ -	\$ 1,234,000	\$ 4,141,000	\$ 660,000
Series 2012 A	435,000	-	435,000	-	-
Total	<u>\$ 5,810,000</u>	<u>\$ -</u>	<u>\$ 1,669,000</u>	<u>\$ 4,141,000</u>	<u>\$ 660,000</u>

Refunding Revenue Bonds Payable

\$12,360,000 Refunding Revenue Bonds, Series 2011A and 2011B, dated November 1, 2011, consisting of Series 2011A taxable to tax-exempt bonds which converted to tax-exempt status on January 5, 2012, and became Series 2012A tax-exempt bonds, and Series 2011B tax-exempt bonds. The Series 2012A bonds have a par amount of \$2,360,000 and bear an interest rate of 4.55% (after conversion). The Series 2012A bonds were due annually beginning in 2012 through 2018, and were paid off on December 1, 2018. The Series 2011B bonds are tax-exempt bonds issued in the par amount of \$10,000,000 and bear an interest rate of 4.75% and are due annually beginning in 2018 through 2028.

The District made an extraordinary redemption of \$1,044,000 on the Series 2011B Bonds on December 1, 2018, without prepayment penalty.

The total debt service obligations of principal and interest for the Series 2011B bonds mature as follows:

<u>Year Ending December 31,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2019	\$ 660,000	\$ 196,698	\$ 856,698
2020	710,000	165,348	875,348
2021	750,000	131,623	881,623
2022	800,000	95,998	895,998
2023	845,000	57,998	902,998
2024	376,000	17,860	393,860
Total	<u>\$ 4,141,000</u>	<u>\$ 665,525</u>	<u>\$ 4,806,525</u>

NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2018**

NOTE 5 LONG-TERM OBLIGATIONS (CONTINUED)

Debt Authorization

On November 2, 2004, the District's electors authorized the issuance of indebtedness in an amount not to exceed \$123,000,000 at an interest rate not to exceed 18%, allocated for the following purposes:

	Authorized November 2, 2004 Election	Authorization Used, Series 2005	Authorization Used, Series 2011/2012	Authorized but Unissued
Streets	\$ 20,000,000	\$ 8,156,279	\$ -	\$ 11,843,721
Water	20,000,000	1,255,777	-	18,744,223
Storm Drainage and Sanitary Sewer	20,000,000	5,577,944	-	14,422,056
Refunding of Debt	20,000,000	-	12,360,000	7,640,000
Transportation	20,000,000	-	-	20,000,000
Intergovernmental Agreements	20,000,000	-	-	20,000,000
Operating Expenses	3,000,000	-	-	3,000,000
Total	<u>\$ 123,000,000</u>	<u>\$ 14,990,000</u>	<u>\$ 12,360,000</u>	<u>\$ 95,650,000</u>

Pursuant to the Service Plan, the District is permitted to issue bond indebtedness of up to \$20,000,000, not including refunding of debt.

In the future, the District may issue a portion or all of the remaining authorized but unissued general obligation debt for purposes of providing public improvements to support development as it occurs within the District's service area.

NOTE 6 NET POSITION

The District has net position consisting of three components – net investment in capital assets, restricted and unrestricted.

Net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. As of December 31, 2018, the District had net investment in capital assets, calculated as follows:

Net Investment in Capital Assets:	
Capital Assets, Net	\$ 2,615,086
Current Portion of Long-Term Obligations	(143,220)
Noncurrent Portion of Long-Term Obligations	(755,377)
Portion of Debt Related to Restricted Cash and Investments	<u>7,061</u>
Net Investment in Capital Assets	<u>\$ 1,723,550</u>

**KIPLING RIDGE METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2018**

NOTE 6 NET POSITION (CONTINUED)

Restricted net position includes assets that are restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had restricted net position as of December 31, 2018, as follows:

Restricted Net Position:	
Emergency Reserves	\$ 5,100
Debt Service	<u>1,495,032</u>
Total Restricted Net Position	<u><u>\$ 1,500,132</u></u>

The District has a deficit in unrestricted net position. This deficit is a result of the District being responsible for the repayment of bonds issued for public improvements conveyed to other governmental entities.

NOTE 7 RELATED PARTIES

The Developer of the property which constitutes the District is Arvada Ridge Market Place, LLC. Shea Arvada Ridge, LLC owns a 98% membership interest in the Developer and Peregrine Ridge, LLC owns a 2% membership interest. Shea Arvada Ridge, LLC is the managing member of the Developer. The members of the Board of Directors of the District are employees, owners or associated with the Developer and may have conflicts of interest in dealing with the District.

NOTE 8 DISTRICT AGREEMENTS

Cooperation Agreement

On December 13, 2004, the City of Arvada, AURA, the Developer, and the District entered into a Cooperation Agreement (Agreement) that authorized the creation of the Public Improvement PIC, as well as sharing of the sales tax increment, if any, and property tax increment (TIF). The PIC imposes a retail sales fee (PIF) on certain retail transactions occurring within the District. In conjunction with the implementation of the PIF, the City agreed that so long as the PIC imposes the PIF, and in consideration for the District's application of the PIF revenues to pay for public improvements, the City adopted an ordinance amending its municipal sales tax code to provide for each taxpayer liable for sales taxes on taxable transactions within the District to receive a credit against such taxes due equal to the amount of PIF paid by such taxpayer to the PIC during such period. The parties agreed not to include ad valorem property taxes generated by imposition of the District Mill Levy in the calculation of TIF revenue, alternatively, AURA agrees to remit all proceeds of such taxes that it receives from the County Treasurer to the District. In addition, the Agreement also provides for the District to receive a proportionate share of the TIF property tax revenue. The terms of the Agreement shall expire on the date that is the earliest to occur of (i) payment in full of any bonds permitted to be issued by the District pursuant to the Agreement or (ii) September 30, 2028. The agreement was amended on April 4, 2005, to state that the District mill levy is not to exceed 40.000 mills, subject to adjustment.

**KIPLING RIDGE METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2018**

NOTE 8 DISTRICT AGREEMENTS (CONTINUED)

Implementation Agreement

The District and AURA executed the Implementation Agreement on October 3, 2007, which provides a formula for calculating amounts to be paid to the District by AURA as outlined in the Cooperation Agreement. The formula will consist of taking the agreed upon base TIF amount of \$2,879,969 and inflating the base TIF by the overall percentage change in commercial growth in Jefferson County. The District's assessed valuation, net of the adjusted base, is multiplied by the overlapping mill levy and then allocated to the District as described above. During 2018, AURA remitted \$49,918 to the District for property taxes collected on behalf of the District. Additionally, during 2018, AURA remitted \$708,558 in TIF property tax revenues.

Fee Servicing Agreement

On March 23, 2005, the District, AURA, the PIC, and Target entered into an agreement to designate the PIC to act as the servicer for purposes of collecting the PIF and transferring the PIF revenue to the District, AURA, and Target. The agreement states that the PIC agrees to keep accurate records of the imposition and collection of the PIF revenue, to maintain internal controls to ensure compliance by payors of the PIF, take all actions necessary to collect and enforce the collection of PIF and, advise the District of any events, trends or circumstances which could have a material and/or deleterious impact on the flow of revenues from the PIC to the District. The PIC must remit the PIF revenue to each of the District, AURA, and Target monthly. The PIC retains 1% of the monthly PIF to cover operating expenses and the net amount is then distributed to the District, AURA, and Target. The District's share of the net Target PIF is 45% and 60% of the net non-Target PIF. If the PIC defaults under the Fee Servicing Agreement, the PIC's rights as the servicer of the PIF can be revoked. During 2013, the District, along with Arvada Ridge Urban Renewal Authority, reached the threshold of \$3,000,000 and satisfied their obligations as it relates to payments to Target pursuant to the Cooperation Agreement. The District now receives 60% of all PIF revenues.

Lee Street Cost Sharing Agreement

On May 26, 2017, the District, Gateway at Arvada Ridge, LLC (Owner), and Fidelity National Title Insurance Company (Escrow Agent), entered into an agreement for the construction of the public improvements known as the "Lee Street Project." The Parties agreed that the District will deposit \$750,000 into escrow, for the purpose of reimbursing the Owner for a portion of the construction costs incurred by owner for the construction and completion of the Lee Street Project. Pursuant to the agreement, the Owner is responsible for all work on and completion of the Lee Street Project. The agreement states that upon completion of the Lee Street Project, the Owner should deliver to the Escrow Agent and the District's engineer the City Preliminary Acceptance Certificate and the request for disbursement in the amount of \$750,000. The District's Engineer shall review the disbursement request and provide written approval of the public improvements accepted by the City. Upon receipt of all documents, the Escrow Agent shall disburse the District contribution funds to the Owner and any interest earned on these funds to the District.

As of December 31, 2018 the escrow balance was \$750,116, of which \$116 is interest earned on District contribution funds.

**KIPLING RIDGE METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2018**

NOTE 9 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (the Pool). The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery, and workers' compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property and public officials' liability coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

NOTE 10 TAX, SPENDING, AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, referred to as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations which apply to the state of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

On November 2, 2004, the District voters passed an election question to increase property taxes \$1,000,000 annually, without limitation of rate, to pay the District's operations, maintenance, and other expenses. Additionally, the District's electors authorized the District to collect, retain and spend all revenue, other than ad valorem taxes, without regard to any limitations under TABOR.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits, will require judicial interpretation.
