INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of the North Pine Metropolitan District, as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the basic financial statements of the District, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expression an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluation the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the North Pines Metropolitan District, as of December 31, 2018, and the respective changes in financial position, and the budgetary comparison for the general fund, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has not presented the management's discussion and analysis that governmental accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the North Pine Metropolitan District's basic financial statements. The supplemental information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information is fairly stated in all material respects in relation to the financial statements as a whole.

**NORTH PINES METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018**

NOTE 1 – DEFINITION OF REPORTING ENTITY

North Pines Metropolitan District (District), a quasi-municipal corporation, is governed pursuant to the provisions of the Colorado Special District Act. The District's service area is located in the Elbert County, Colorado. The District was organized along with Clearwater Metropolitan District to provide services to the Amanda Pines North Estates development and other included areas. North Pines Metropolitan District is to provide for facilities including street improvements, park and recreation, safety protection, transportation, television relay and translation and mosquito control services. During 2011, the District took over the administrative functions of the water system provided by Clearwater Metropolitan District. Revenue generated from water services fees are paid to the District. Contributions from the District are given to Clearwater Metropolitan District as needed to cover operating or capital expenses.

The District has no employees and all operations and administrative functions are contracted.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The more significant accounting policies of the District are described as follows:

Government-wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities are normally supported by taxes and intergovernmental revenues.

The statement of net position reports all financial and capital resources of the District, the difference between the assets and deferred outflows of resources, and liabilities and deferred inflows of resources of the District being reported as net position.

**NORTH PINES METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018**

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met. Depreciation is computed and recorded as an operating expense. Expenditures for capital assets are shown as increases in assets and redemption of bonds and notes are recorded as a reduction in liabilities.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes, maintenance fees and water service fees. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation paid. All other revenue items are considered to be measurable and available only when cash is received by the District.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of the governmental funds.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

**NORTH PINES METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018**

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

Budgets

In accordance with the Local Government Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures level and lapses at year end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

Pooled Cash and Investments

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each funds' average equity balance in total cash.

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April 1 or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflows of resources in the year they are levied and measurable. The deferred property tax revenues are recorded as revenue in the year they are available or collected.

Capital Assets

Capital assets, which include water rights and infrastructure are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

**NORTH PINES METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018**

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable. The District anticipates conveying all capital assets to other governments upon completion. Therefore, no depreciation has been provided.

Bond Issue Costs

In the government-wide financial statements and in the fund financial statements, governmental fund types recognize bond issuance costs during the current period. The face amount of debt issued is reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Deferred Cost on Bond Refunding

In the government-wide financial statements, the deferred cost on bond refunding is reported as a deferred outflow of resources is being amortized using the interest method over the life of the defeased bonds. The amortization amount is a component of interest expense and the unamortized deferred cost is reflected as a reduction of bonds payable.

Fund Equity

Fund balance for governmental funds are reported in the categories listed below to make the nature and extent of the constraints placed on a government's fund balances more transparent. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

Nonspendable fund balance—the amount of fund balance that is not in spendable form (such as inventory or prepaids) or is legally or contractually required to be maintained intact.

Restricted fund balance—the amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.

Committed fund balance—amounts constrained to specific purposes by the District itself, using its highest level of decision-making authority (i.e., Board of Directors). To be reported as committed, amounts cannot be used for any other purpose unless the District takes the same highest level action to remove or change the constraint.

Assigned fund balance—amounts the District intends to use for a specific purpose. Intent can be expressed by the District Board of Directors or by an official or body to which the District Board of Directors delegates the authority.

Unassigned fund balance—amounts that are available for any purpose. Positive amounts are reported only in the General Fund.

**NORTH PINES METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018**

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the District Board of Directors has provided otherwise in its commitment or assignment actions.

NOTE 3 - CASH AND INVESTMENTS

Cash and investments as of December 31, 2018 are classified in the accompanying financial statements as follows:

Statement of Net Position/ Balance Sheet – Governmental Funds:

Cash and investments – unrestricted	\$ 689,737
Cash and investments – restricted	<u>111,699</u>
Total cash and investments	<u>\$ 801,436</u>

Cash and investments as of December 31, 2018 consist of the following:

Deposits with financial institutions	\$ 145,705
Investments	<u>655,731</u>
Total cash and investments	<u>\$ 801,436</u>

Custodial Credit Risk

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least equal to 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by Statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2018, the District's cash deposits had a bank balance of \$145,932 and a carrying balance of \$145,705.

**NORTH PINES METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018**

Credit Risk and Interest Rate Risk

The District has not adopted a formal investment policy, however, the District follows Colorado State Statutes which specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States and certain U.S. government agency securities and the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Bankers' acceptances of certain banks
- . Commercial paper
- . Certain reverse repurchase agreements
- . Certain securities lending agreements
- . Certain corporate bonds
- . Written repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- . Guaranteed investment contracts
- . Local government investment pools

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the board of Directors.

At December 31, 2018, the District had the following investments:

<u>Investment</u>	<u>Amount</u>	<u>Maturity</u>
COLOTRUST	<u>\$ 655,731</u>	Weighted avg. less than 60 day

Interest Rate Risk

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors.

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization.

At December 31, 2018 the District has invested in the Colorado Local Government Liquid Asset Trust (the Trust), an investment vehicle established for local government entities in Colorado to pool surplus funds. The State Securities Commissioner administers and enforces all State statutes governing the Trust. The Trust operates similarly to a money market fund. The Trust offers shares in two portfolios, COLOTRUST PRIME and COLOTRUST PLUS+. Both portfolios may invest in U.S. Treasury securities, repurchase agreements collateralized by U.S. Treasury securities, certain obligations of U.S. government agencies and instrumentalities, and repurchase agreements collateralized with certain U.S. government agencies or instrumentalities. COLOTRUST PLUS+ may also invest in the highest rated commercial paper. Both the

**NORTH PINES METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018**

COLOTRUST PRIME and COLOTRUST PLUS+ portfolios are rated AAAM by Standard and Poor's.

Valuation

Governmental Accounting Standards Board (GASB) Statements require or permit investments measured at fair value on a recurring basis in the statement of net position at the end of each reporting period to be categorized. Fair value measurements are categorized based on the valuation inputs used to measure an asset's fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The District has investments not categorized within the fair value hierarchy. These investments are measured at amortized cost or in certain circumstances the value is calculated using the net asset value (NAV) per share, or its equivalent of the investment. These investments include 2a7-like external investment pools and money market investments.

COLOTRUST is measured and reported at the NAV as of December 31, 2018.

COLOTRUST determines the NAV of the shares of each portfolio as of the close of business of each day. The NAV per share of each portfolio is computed by dividing the total value of the securities and other assets of the portfolios, less any liabilities, by the total outstanding shares of the portfolios. Liabilities, which include all expenses and fees of COLOTRUST, are accrued daily. The NAV is calculated at fair value using various inputs in determine value in accordance with FASB guidance. It is the goal of the Trust to maintain a NAV of \$1.00 per share, however changes in interest rates may affect the fair value of the securities held by COLOTRUST and there can be no assurance that the NAV will not vary from \$1.00 per share.

Restricted Cash and Investments

Cash and investments in the amount of \$111,699 are reflected as restricted. The District is in compliance with maintaining a reserve of \$100,000 as required by the Limited Tax General Obligation Refunding Bonds, Series 2012 (Note 5).

NOTE 4 - CAPITAL ASSETS

An analysis of the changes in capital assets for the year ended December 31, 2018 follows:

**NORTH PINES METROPOLITAN DISTRICT

Water rights	\$ 504,172	\$ -	\$ -	\$ 504,172
Total capital assets, not being depreciated	<u>\$ 504,172</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 504,172</u>

As reported in Note 12 - Litigation, the District obtained a judgment on November 25, 2009 that the water rights transaction was an unfair transaction that could be rescinded. The District has tendered its water rights to the developer and sought to recover return of the purchase price plus interest but has not yet been able to obtain recovery of the purchase price. The District has attempted to market the water rights and/or obtain an estimate of fair market value for the water rights but has not been able to obtain any offers. The District has been informed by several experts that the water rights have limited, if any, value. In view of the foregoing, the District believes that this historical cost is not indicative of the fair market value of the water rights.

NOTE 5 – LONG-TERM OBLIGATIONS

The following is an analysis of the changes in the District's long-term obligations for the year ended December 31, 2018.

	<u>Balance at January 1, 2018</u>	<u>Additions</u>	<u>Reductions</u>	<u>Balance at December 31, 2018</u>	<u>Due Within One Year</u>
General obligation bonds payable, Series 2012	\$ 2,170,000	<u>\$ -</u>	<u>\$ 95,000</u>	\$ 2,075,000	<u>\$ 100,000</u>
Less current portion	(95,000)			(100,000)	
	<u>\$ 2,075,000</u>			<u>\$ 1,975,000</u>	

General Obligation Bonds

\$2,565,000 Limited Tax General Obligation Refunding Bonds, Series 2012. The bonds were issued for the purpose of refunding the District's Series 2007 bonds in the amount of \$2,330,000. The bonds are limited tax general obligation bonds, secured by the District's covenant to levy ad valorem property taxes up to a maximum mill levy of 90 mills. The Bonds are term bonds maturing on December 1, 2032 with interest of 3.75% with interest payable on June 1 and December 1 of each year commencing in 2013. The bonds are subject to redemption prior to maturity on any date, upon payment of par, accrued interest, and a redemption premium. The bonds are subject to mandatory sinking fund redemptions beginning on December 1, 2013 and on each December 1st thereafter prior to the maturity date of the bonds in varying amounts. The bonds require a Reserve Fund to be established in the amount of \$100,000.

**NORTH PINES METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018**

The District's general obligation bonds will mature as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2019	\$ 100,000	\$ 77,812	\$ 177,812
2020	105,000	74,063	179,063
2021	110,000	70,125	180,125
2022	115,000	66,000	181,000
2023	120,000	61,687	181,687
2024-2028	715,000	234,750	949,750
2029-2032	810,000	83,063	893,063
	<u>\$ 2,075,000</u>	<u>\$ 667,500</u>	<u>\$ 2,742,500</u>

Debt Authorization

As of December 31, 2018, the District has authorized but unissued debt of \$24,195,000 as follows:

	<u>November 4, 1997 Election</u>	<u>November 7, 2000 Election</u>	<u>Total Authorization</u>
Streets	\$ 4,000,000	\$ 10,500,000	\$ 14,500,000
Traffic and safety	500,000	2,500,000	3,000,000
Park and recreation	500,000	2,500,000	3,000,000
Public transportation	500,000	1,500,000	2,000,000
Mosquito control	100,000	300,000	400,000
Television relay and translation	500,000	1,000,000	1,500,000
Water supply	500,000	-	500,000
Sanitary sewer	500,000	-	500,000
Refunding	7,100,000	-	7,100,000
	<u>\$ 14,200,000</u>	<u>\$ 18,300,000</u>	<u>\$ 32,500,000</u>
G.O. Bonds, Series 1999			(1,560,000)
G.O. Bonds, Series 2000			(1,510,000)
G.O. Bonds, Series 2007			(2,670,000)
Limited Tax G.O. Bonds, Series 2012			<u>(2,565,000)</u>
Remaining Authorization			<u>\$ 24,195,000</u>

NOTE 6 - FUND EQUITY

At December 31, 2018, the District reported the following classifications of fund equity.

Restricted Fund Balance

The restricted fund balance in the General Fund in the amount of \$9,700 is comprised of the Emergency Reserves that have been provided for as required by Article X, Section 20 of the Constitution of the State of Colorado (Note 10).

**NORTH PINES METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018**

The restricted fund balance in the Debt Service Fund in the amount of \$111,699 is to be used exclusively for debt service requirements (see Note 5).

Assigned for Subsequent Year's Expenditures

The assigned fund balance in the General Fund in the amount of \$12,705 is comprised of amounts assigned by the Board of Directors by a resolution to eliminate the projected budgetary deficit in the subsequent year's budget.

Unassigned Fund Balance

The District considers all unassigned fund balances to be "reserves" for future operations or capital replacement as defined within Article X, Section 20 of the Constitution of the State of Colorado (see Note 10).

NOTE 7 - NET POSITION

The District has net position consisting of two components –restricted, and unrestricted.

Restricted net position include items that are restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had restricted net position as of December 31, 2018 as follows:

Net investment in capital assets:

Capital assets	\$ 504,172
Capital related debt	<u>(504,172)</u>
	<u><u>\$ -</u></u>

NOTE 8 – AGREEMENTS

Regional Facilities Agreement

The District entered into an agreement with Clearwater Metropolitan District whereby Clearwater Metropolitan District has agreed to construct and finance certain major regional water facilities to serve the property within the District and Clearwater Metropolitan District.

Pursuant to this agreement, the District adopted pertinent rules and regulations of Clearwater Metropolitan District and agreed to cooperate in the enforcement and collection of Clearwater Metropolitan District's fees and charges imposed for the provision of water service within the District.

IGA with Clearwater Metropolitan District

On September 17, 2009, the District entered into an intergovernmental agreement with Clearwater Metropolitan District (Clearwater) regarding a lease and purchase of a generator. Clearwater entered into a contract with a third party during 2008 to purchase an electrical generator which has been delivered and is operational. The agreement

**NORTH PINES METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018**

provides for the District to provide funds to make payments on the purchase of the generator on behalf of Clearwater. The agreement grants the District an option to purchase the generator. If the generator is purchased by the District, the generator will be leased to Clearwater for the purpose of providing water service to residents of Clearwater. At December 31, 2018, the asset has been reflected in the financial statements of Clearwater.

NOTE 9 - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees, or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (Pool) as of December 31, 2018. The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery and workers compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property, public officials' liability and workers compensation. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

NOTE 10 - TAX, SPENDING AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations that apply to the State of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

On November 4, 1997, a majority of the District's voters approved the District to increase taxes \$150,000 annually, as may be necessary to pay the District's operations, maintenance, and other expenses: such taxes to consist of an ad valorem mill levy imposed without limitation of rate or with such limitations as may be determined by the Board, and shall the proceeds of such taxes and investment income thereon constitute voter-approved revenue changes and be collected and spent by the District each year

**NORTH PINES METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018**

without regard to any spending, revenue-raising or other limitation contained within Article X, Section 20 of the Colorado Constitution or Section 29-1-301, C.R.S.

Additionally, the voters authorized the District to collect, retain and spend the amount of \$520,000 annually from any revenue source other than ad valorem taxes, including but not limited to tap fees, facility fees, service charges, inspection charges, administrative charges, grants, or any other fee, rate, toll, penalty, income, or charge imposed, collected or authorized by law to be imposed without regard to any spending, revenue-raising or other limitation contained within Article X, Section 20 of the Colorado Constitution, and without limiting in any year the amount of other revenues that may be collected and spent by the District.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits will require judicial interpretation.

NOTE 11 - LITIGATION

On November 25, 2009, the District obtained a judgment against the developer Sky Rim Development, LLC that the District was entitled to rescind its purchase of 320.78 acre feet of water rights from Sky Rim Development, LLC, and receive return of the \$500,000.00 purchase price together with interest at 8% from June 22, 2009 until paid in exchange for return of the water rights. The District also was awarded a judgment of \$22,989.96 for costs on March 14, 2010. The District tendered the water rights to Sky Rim Development, LLC, but that entity refused to return payment on the grounds that it was insolvent. Those judgments are now final and non-appealable.

On July 30, 2010, the District obtained a judgment against David Gertz, individually, and Sunshine Master Builders, Ltd. in the amount of \$529,539.86, plus interest at 8% from March 24, 2010 based on transfers that rendered Sky Rim Development, LLC, insolvent. The defendants did not appeal that judgment. Accordingly, it is final and non-appealable.

To date, the District has recovered only a small amount of these judgments through garnishment which it has applied to the judgment. There is substantial doubt as to whether the District will be able to collect any of the remaining amounts awarded from this judgment. During 2018, the District recovered \$54,788 through garnishment.

On April 29, 2014, the District Court of Elbert County, Colorado entered an order offsetting \$19,600 plus interest that the Court found was owed under the May 6, 2008 advance and reimbursement agreement against the unpaid judgment owed by the developer to the District.
