## Independent Auditor's Report

Members of the Board of Directors  
Poudre Tech Metropolitan District

We have audited the accompanying financial statements of the governmental activities, business-type activities, and the major funds of Poudre Tech Metropolitan District as of and for the year ended December 31, 2018 and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, and the major funds of Poudre Tech Metropolitan District, as of December 31, 2018 and the respective changes in financial position and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Other-Matters

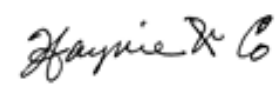

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that management's discussion and analysis, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. This information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

### *Other Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Poudre Tech Metropolitan District's financial statements as a whole. The supplementary information section is presented for purposes of additional analysis and is not a required part of the financial statements.

The supplementary information, as listed in the table of contents, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

**POUDRE TECH METROPOLITAN DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
DECEMBER 31, 2018**

This section of the annual financial report offers readers of the Poudre Tech Metropolitan District's (District) financial statements its management's discussion and analysis of the District's financial performance during the year ended December 31, 2018. We encourage readers to consider the information presented here in conjunction with additional information furnished in the District's financial statements, which immediately follow this section.

**Background Information**

The District, a quasi-municipal corporation, was formed on November 23, 1994 and is governed pursuant to provisions of the Colorado Special District Act. The District's service area is located in Windsor, Colorado. The District was established to provide public infrastructure including but not limited to roads, water and sewer services, storm drainage, green belts, parks and recreation amenities and landscaping. The District derives its revenues primarily from intergovernmental transfers, system development fees and irrigation fees.

The District has no employees and all operations and administrative functions are contracted.

**Financial Highlights**

- The liabilities of the District exceeded the sum of its assets and deferred outflows of resources at the close of 2018 by \$9.6 million (net deficit). Of this amount, (\$10.8) million represents net investment in capital assets, \$40 thousand is restricted for emergencies and debt service, and \$1.2 million is unrestricted. The negative \$10.8 million net investment in capital assets is mainly due to the District being responsible for debts issued for construction of capital assets, most of which have been conveyed to other entities.
- During 2018, general revenues are minimal, totaling only \$4 thousand, less than 1% of all revenues. The District's program specific revenues in the form of charges for services (services fees and water meter sales) accounted for 22%, operating grants and contributions (system development fees and transfers from Water Valley Metropolitan District Nos. 1 and 2) accounted for 43%, and capital grants and contributions (transfers from Water Valley Metropolitan District Nos. 1 and 2) accounted for 34% of all revenues.
- During 2018, the District had approximately \$4.0 million in expenses related to general government, public works, parks and recreation, debt service, and nonpotable water services, of which \$1.0 million were offset by program specific charges for services. Approximately \$1.3 million of the District's expenses in 2018 were to pay interest and related costs on long-term debt.
- During 2018, the District conveyed approximately \$6.0 million in capital assets to other governments.

**POUDRE TECH METROPOLITAN DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
DECEMBER 31, 2018**

**Overview of the Financial Statements**

The annual financial report consists of two parts: management's discussion and analysis and the basic financial statements. The basic financial statements include two kinds of statements that present different views of the District.

- The first two statements are government-wide financial statements that provide both short-term and long-term information about the District's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the District, reporting the District's operations in more detail than the government-wide statements. The governmental funds and proprietary fund statements reflect how basic services were financed in the short-term as well as what remains for future spending.

The financial statements also include notes that explain some of the information in the statements and required and other supplementary information which provide more detailed data. See below for a summary of the major features of the Government-wide and Fund Financial Statements.

**Major Features of the Government-wide and Fund Financial Statements**

	<b>Government-wide Financial Statements</b>	<b>Fund Financial Statements Governmental Funds</b>
Scope	Entire District	The activities of the District that are not proprietary
Required Financial Statements	Statements of Net Position  Statement of Activities	Balance Sheet  Statement of Revenues, Expenditures, and Changes in Fund Balances
Accounting basis and measurement focus	Accrual and economic resources focus	Modified accrual and current financial focus
Type of asset/liability information	All assets, deferred outflows of resources, liabilities, and deferred inflows of resources, both financial and capital, short-term and long-term	Generally assets and deferred outflows of resources expected to be used up and liabilities and deferred inflows of resources that come due during the year or soon thereafter; no capital assets or long-term liabilities included
Type of inflow/outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and the related liability is due and payable

**POUDRE TECH METROPOLITAN DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
DECEMBER 31, 2018**

**Government-wide Financial Statements**

The government-wide financial statements are designed to provide readers a broad overview of the District's finances, in a manner similar to a private-sector business. The statement of net position includes all of the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid. These statements provide both short-term and long-term information about the District's overall financial status.

The statement of net position presents information on all of the District's assets and liabilities, as well as deferred outflows of resources and deferred inflows of resources. The difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources is reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flow in future fiscal periods.

Both of the government-wide financial statements distinguish functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities) or fees and charges for services (business-type activities). The basic government-wide financial statements can be found on pages 1 – 2 of this report.

**Fund Financial Statements**

The fund financial statements provide more detailed information about the District's funds. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs. The District has two fund category types: governmental funds and proprietary fund.

- *Governmental funds:* All of the District's basic services are included in governmental funds, which generally focus on: 1) inflows and outflows of cash and other financial assets, and 2) balances remaining at year-end which are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps determine financial resources that may be available in the near term to finance the District's programs. Because this information does not encompass the long-term focus of the government-wide statements, a reconciling schedule is included on the governmental funds statements explaining the relationship (or difference) between them. The District maintains two governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances, found on pages 3 – 5 of this report. Budgetary financial statement for the General Fund and Debt Service Fund can be found on page 6 and 27, respectively.

**POUDRE TECH METROPOLITAN DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
DECEMBER 31, 2018**

- *Propriety fund:* On November 19, 2015, the District created its Water Activity Enterprise (Enterprise) to provide nonpotable water services and to acquire water or water rights. On January 1, 2016, the portion of the General Fund balance associated with Enterprise was transferred to the Proprietary Fund. Proprietary Fund financial statements can be found on pages 7 - 8 of this report. The statement of cash flows can be found on page 9 of this report. Budgetary financial statement for the proprietary fund can be found on page 28.

**Notes to the Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 10 – 25 of this report.

**Other Information**

In addition to the basic financial statements and accompanying notes, this report also presents certain required and other supplementary information. This includes the budgetary schedule for the Debt Service Fund (page 27), the budgetary schedule for the Enterprise Fund (page 28), and Schedules of Debt Service Requirement to Maturity (pages 29 – 31).

**Financial Analysis of the District as a Whole  
Net Position and Changes in Net Position**

Table 1 provides a summary of the District's net position at December 31, 2018 and 2017.

During 2018, the District's primary sources of revenues are (i) intergovernmental transfers from Water Valley Metropolitan District Nos. 1 and 2 pursuant to a Capital Pledge Agreement, as twice amended, (for debt service of the 2010 Bonds issued by the District) and the District Operating Agreement (for construction and operation and maintenance of public improvements that will be owned by the District), and (ii) service fees, system development fees, and water meter sales.

During 2018, the District's primary expenses were: (i) for governmental activities - to pay the principal and accrued interest due on the 2010 Bonds, and maintain open space and landscape improvements, (ii) for business-type activities - to operate and maintain the nonpotable water facilities, and (iii) conveyance of capital assets to other governments.

**Governmental and Business-Type Activities**

In 2018, the changes in net position were (\$4,661,496) and (\$727,560) for governmental activities and business-type activities, respectively. In 2018, the combined change in net position was (\$5,389,056).

**POUDRE TECH METROPOLITAN DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
DECEMBER 31, 2018**

The statement of activities shows the cost of program services and the related charges for services and grants offsetting those costs. Table 3 reflects each program's total cost and net cost of services. Net cost of services represents the cost of services supported by unrestricted property taxes.

**Table 3

**Financial Analysis of District Funds**

**General Fund**

The General Fund was established and is continually funded to provide for the daily activities of the District. The General Fund provides for the general, administrative, street and landscaping maintenance, capital, and certain debt service costs of the District. The primary funding sources for the General Fund are intergovernmental transfers from Water Valley Metropolitan District Nos. 1 and 2 (primarily from property taxes) and Developer advances. The primary projects or program efforts for establishing needed funding during 2018 were:

1. Street and landscaping maintenance
2. Payment of principal and interest on line of credit
3. Office overhead and other consultants' fees
4. Capital projects

The District maintains a 3% emergency reserve in compliance with TABOR (Taxpayer Bill of Rights). At December 31, 2018, the District's TABOR reserve amounted to \$39,200.

**Debt Service Fund**

The Debt Service Fund was established and is being funded to provide for the debt service of the bonds issued by the District in 2010.

**POUDRE TECH METROPOLITAN DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
DECEMBER 31, 2018**

**Enterprise Fund**

The Enterprise Fund provides for the operating and debt service costs of the nonpotable water system. The main funding sources for the Enterprise Fund are charges for services and capital contributions (e.g. system development fees). The primary projects for establishing needed funding during 2018 were:

1. Operating costs of the nonpotable water system
2. Office overhead
3. Debt service
4. Capital projects

**Budgetary Highlights**

The District's budget is prepared according to Colorado law and is based on accounting for certain transactions on a basis of cash receipts and disbursements.

**Capital Assets**

By the end of 2018, the District had capital assets net of accumulated depreciation totaling approximately \$17.5 million comprised of a broad range of capital items, including infrastructure and nonpotable water system (See Table 4). This amount represents a net decrease of \$6,268,190 from last year. Additional information on the District's capital assets can be found in Note 4 of the financial statements. Total depreciation expense for the year was \$330,033.

**Debt Administration**

**Long-Term Debt**

As of December 31, 2018, the District had outstanding debts in the form of bonds, advances, and capital leases totaling \$29,260,178. Detailed information on the District's long-term debts is presented in Note 5 of the financial statements.

**POUDRE TECH METROPOLITAN DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
DECEMBER 31, 2018**

**Economic Factors and Next Year's Budget**

- The District is an operating metropolitan district directly associated with Water Valley Metropolitan District No. 1 ("District No. 1") and Water Valley Metropolitan District No. 2 ("District No. 2"). The District is the owner of all public improvements within District Nos. 1 and 2, including: parks, trails, pedestrian bridges, beaches, swales, recreational trails, alleyways, and other recreational and architectural amenities. In addition, the District, through its Enterprise, owns all non-potable water utilities, lakes, and significant water rights necessary to support the delivery of non-potable irrigation water to all residential and commercial users within District Nos. 1 and 2.
- In addition to providing management services to both District Nos. 1 and 2, the District provides a variety of essential services to the residents of both District Nos. 1 and 2. Such services include: (1) the management and maintenance of all recreational facilities, trails, and amenities owned and operated by the Districts and (2) the upkeep and maintenance of all landscaping, greenways, entry features, floodways and public architectural amenities owned and controlled by the District. Further, through its Enterprise, the District facilitates (1) the provision of non-potable irrigation water to residential, commercial and public users within District Nos. 1 and 2 and (2) the maintenance and preservation of all water rights and resources, lakes, pumping facilities, distribution lines, and irrigation systems owned and controlled by the District.
- Revenues in support of the District's operations are derived from two principal sources: (1) Enterprise tap and water use fees charged to non-potable water users within District Nos. 1 and 2 and (2) intergovernmental transfers from District Nos. 1 and 2. As the Water Valley communities continue to grow (see below), Enterprise tap and use fees have grown accordingly and are now supported by over 2,445 dwelling units and commercial users. Intergovernmental transfers are supported by ad valorem tax base of both District Nos. 1 and 2, which have been augmented by robust growth, increases in assessed valuations, and substantial oil and gas development.
- With respect to the District revenue derived from intergovernmental transfers from District Nos. 1 and 2 and the sustainability thereof, the following commentary is provided with respect to the financial conditions of District Nos. 1 and 2:
  - **Real Estate Assessed Value:**

**District No. 1** is a mature district with all its residential lots having been developed and built. Within District No. 1, there are 591 single-family detached dwelling units, 125 single-family attached dwelling units, and 128 multi-family units (condominiums) built. As to commercial development in District No. 1, of the 28 acres zoned for commercial/office/retail uses, a total of approximately 16 acres have been developed into a total of approximately 24,285 square feet of office space and approximately 56,583 square feet of commercial/ retail space.

**POUDRE TECH METROPOLITAN DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
DECEMBER 31, 2018**

**District No. 2** is a mixed-use community planned to consist of 1,190 single-family detached homes, 150 single-family attached homes (townhomes), and 783 multi-family units (condominiums and apartments). District No. 2 also includes approximately 101 acres zoned for commercial/office/retail uses. The development of District No. 2 is being undertaken by Trolco, Inc., a Colorado corporation. Trolco or a related entity currently owns all the remaining developable property within District No. 2. With respect to residential development in District No. 2, of the planned 1,190 single-family detached homes, approximately 1,057 have been constructed and new construction continues at a robust pace. Of the planned 150 single-family attached homes (townhomes), 150 have been constructed. Of the planned 783 multi-family units (condominiums and apartments), 491 apartments, 56 condos and 4 duplex units have been constructed. With respect to commercial development in District No. 2, of the 101 acres zoned for commercial/office/retail uses, approximately 21 acres have been developed into a total of approximately 272,573 square feet of commercial/office/retail space.

Because of new construction, the Assessed Value for real estate within District No. 2 grew 13.27% from 2017 (tax collection in 2018) to 2018 (tax collection in 2019) (\$34,321,170 to \$38,875,160). At District No. 2's current total mill levy of 41.139 mills, this increase in value will result in approximately \$187,347 of additional revenue to District No. 2 in 2019.

District Nos. 1 and 2 are in the middle of Northern Colorado, an area that is continuing to enjoy a robust and growing regional economy and an associated material increase in property values. As the regional economy continues to grow, so too should the values of the residential and commercial real estate within District Nos. 1 and 2. As 2019 is a reassessment year, the District anticipates that the assessed value of the residential and commercial real estate within the District will materially increase because of the pending reassessment.

- **Oil and Gas Ad Valorem Tax:** The financial impact of ad valorem taxes on oil and gas produced from wells within the District is significant.

**District No. 1:** The total Certified Assessed Value of oil and gas production within District No. 1 for 2018 (tax collection in 2019) decreased 49% from 2017 (tax collection in 2018), going from \$17,124,320 to \$8,748,450. At District No. 1's current mill levy of 41.139 mills, this decrease in assessed value from oil and gas will result in a reduction of revenues of approximately \$307,946 to District No. 1 in 2019. Total revenue from oil and gas taxes in 2018 and anticipated taxes for 2019 are \$667,848 and \$359,902 respectively. The decline in oil and gas related revenues for District No. 1 is the result of the naturally declining oil and gas production from wells within the district.

**District No. 2:** The total Certified Assessed Value of oil and gas production within District No. 2 for 2018 (tax collection in 2019) increased 17.1% from 2017 (tax collection in 2018), going from \$22,717,570 to \$26,602,200. At District No. 2's current mill levy of 41.139 mills, this increase in assessed value from oil and gas will result in an increase of revenue of approximately \$208,403 to District No. 2 in 2019. Total revenue from oil and gas taxes in 2018 (at 39 mills) and anticipated taxes for 2019 (at 41.139 mills) are \$885,985 and \$1,094,388 respectively. The increase in oil and gas related revenues for District No. 2 is the result of new oil and gas wells coming on line.

After 2019, the financial impact of oil and gas to Districts Nos. 1 and 2 will be predicated on the price of oil and gas over time, the actual amount of oil and gas produced from each well, and the number of new wells, if any, brought on line.

See accompanying Notes to Basic Financial Statements.

**POUDRE TECH METROPOLITAN DISTRICT  
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES  
IN FUND BALANCES OF THE GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES  
YEAR ENDED DECEMBER 31, 2018**

Net Change in Fund Balances - Total Governmental Funds \$ 174,529

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlay as expenditures. In the statement of activities, capital outlay is not reported as an expenditure. However, the statement of activities will report as depreciation expense the allocation of the cost of any depreciable asset over the estimated useful life of the asset.

Capital Outlay (Excluding Capital Leases)	14,475
Depreciation	(210,512)
Capital Leases Payments - Principal Portion	69,927
Conveyance of Capital Assets to Other Governments	(4,985,140)

Long-term debt (e.g., bonds, Developer advances) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.

Note Proceeds	(500,000)
Developer Advances	(114,900)
Repayment of Developer Advances	90,597
Repayment of Bonds - Principal Portion	425,000
Repayment of Line of Credit - Principal Portion	500,000

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Accrued Interest on Bonds - Change in Liability	1,151
Accrued Interest on Developer Advances - Change in Liability	(102,334)
Amortization of Deferred Cost of Refunding	(64,681)
Accretion of Bond Premium	40,392

Change in Net Position of Governmental Activities \$ (4,661,496)

**POUDRE TECH METROPOLITAN DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2018**

**NOTE 1 DEFINITION OF REPORTING ENTITY**

Poudre Tech Metropolitan District (District), a quasi-municipal corporation and a political subdivision of the State of Colorado, was organized by order and decree of the District Court for the Town of Windsor, Weld County, Colorado, in 1994, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes).

The District was organized to provide water and wastewater services, street construction, installation of safety control devices and construction and maintenance of parks and recreation facilities. The District is the Operating District organized in conjunction with two other related Financing Districts – Water Valley Metropolitan District Nos. 1 and 2 (Water Valley 1 and Water Valley 2). The District serves as the Operating District which is responsible for managing the construction and operation of facilities and improvements needed for Water Valley 1 and Water Valley 2. The Financing Districts are responsible for providing the tax base needed to support financing of capital improvements.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens, and fiscal dependency.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

On November 19, 2015, the District created its Water Activity Enterprise to provide nonpotable water services and to acquire water or water rights.

The District has no employees and all operations and administrative functions are contracted.

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The more significant accounting policies of the District are described as follows:

**Government-Wide and Fund Financial Statements**

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Both statements distinguish between governmental activities, which are normally supported by property taxes and intergovernmental revenues, and business-type activities, which rely to a significant extent on fees and charges for support.

**POUDRE TECH METROPOLITAN DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2018**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Government-Wide and Fund Financial Statements (Continued)**

The statement of net position reports all financial and capital resources of the District. The difference between the sum of assets and deferred outflows and the sum of liabilities and deferred inflows is reported as net position.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

**Measurement Focus, Basis of Accounting and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are intergovernmental revenues. All other revenue items are considered to be measurable and available only when cash is received by the District. The District determined that Developer advances are not considered as revenue susceptible to accrual. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation is due.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term debt of the governmental funds.

The District reports the following major proprietary fund:

The Enterprise Fund accounts for activities related to nonpotable water services.

**POUDRE TECH METROPOLITAN DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2018**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Budgets**

In accordance with the State Budget Law of Colorado, the District's Board of Directors holds public hearings in the fall of each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures and financing uses level and lapses at year-end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

The District has amended its annual budget for the year ended December 31, 2018.

**Pooled Cash and Investments**

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash.

**Capital Assets**

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g. roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation. The cost of normal maintenance and repairs that do not add to the value of the asset nor materially extend the life of the asset are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related fixed assets, as applicable.

Capital assets which are anticipated to be conveyed to other governmental entities, as well as capital assets being constructed which the District may operate and maintain, are recorded as construction in progress. Construction in progress is not being depreciated and is not included in the calculation of Net Investment in Capital Assets component of the District's net position.

Depreciation expense has been computed using the straight-line method over the following estimated economic useful lives:

Alleyways	20 - 75 years
Nonpotable Water	15 - 50 years
Equipment	5 - 25 years
Parks and recreation	10 - 50 years

**POUDRE TECH METROPOLITAN DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2018**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Water Rights**

The cost of water rights includes acquisition cost, and may also include legal and engineering costs related to the development and augmentation of those rights. Since the rights have perpetual lives, they are not amortized. All other costs, including costs incurred for the protection of those rights, are expensed.

**Cost of Bond Refunding**

In the government-wide financial statements, the deferred cost of bond refunding is being amortized using the interest method over the life of the bonds. The amortization amount is a component of interest expense and the unamortized deferred cost is reflected as a deferred outflow of resources.

**Deferred Outflows of Resources**

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense) until that time. The District has one item that qualifies for reporting in this category. Accordingly, the item, deferred cost of refunding, is deferred and recognized as an outflow of resources in the period that the amount is incurred.

**Equity**

**Net Position**

For government-wide presentation purposes, when both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first, then unrestricted resources as they are needed.

**Fund Balance**

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

*Nonspendable Fund Balance* – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.

*Restricted Fund Balance* – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.

**POUDRE TECH METROPOLITAN DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2018**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Equity (Continued)**

**Fund Balance (Continued)**

*Committed Fund Balance* – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government’s highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.

*Assigned Fund Balance* – The portion of fund balance that is constrained by the government’s intent to be used for specific purposes, but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.

*Unassigned Fund Balance* – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balances is available for use when an expenditure is incurred, it is the District’s practice to use the most restrictive classification first.

**Deficits**

The General Fund reported a deficit in the fund financial statement as of December 31, 2018. The deficit will be eliminated with the receipt of property taxes transferred from the Financing Districts in 2019.

**NOTE 3 CASH AND INVESTMENTS**

Cash and investments as of December 31, 2018, are classified in the accompanying financial statements as follows:

Statement of Net Position:

Cash and Investments	\$ 1,303,653
Cash and Investments - Restricted	39,830
Total Cash and Investments	\$ 1,343,483

Cash and investments as of December 31, 2018, consist of the following:

Deposits with Financial Institutions	\$ 1,342,853
Investments	630
Total Cash and Investments	\$ 1,343,483

**POUDRE TECH METROPOLITAN DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2018**

**NOTE 3 CASH AND INVESTMENTS (CONTINUED)**

**Deposits with Financial Institutions**

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2018, the District's cash deposits had a bank and carrying balance of \$1,342,853.

**Investments**

The District has not adopted a formal investment policy; however, the District follows state statutes regarding investments.

The District generally limits its concentration of investments to those which are believed to have minimal credit risk, minimal interest rate risk and no foreign currency risk. Additionally, the District is not subject to concentration risk or investment custodial risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States, certain U.S. government agency securities and securities of the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Certain certificates of participation
- . Certain securities lending agreements
- . Bankers' acceptances of certain banks
- . Commercial paper
- . Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- . Guaranteed investment contracts
- . Local government investment pools

**POUDRE TECH METROPOLITAN DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2018**

**NOTE 3 CASH AND INVESTMENTS (CONTINUED)**

**Fair Value Measurement and Application**

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets, Level 2 inputs are significant other observable inputs, and Level 3 inputs are significant unobservable inputs. Investments not measured at fair value and not categorized include governmental money market funds (PFM Funds Governmental Select series), money market funds (generally held by Bank Trust Departments in their role as paying agent or trustee), CSAFE which are recorded at amortized cost, and COLOTRUST which are recorded at net asset value.

At December 31, 2018, the District had the following investments:

<u>Investment</u>	<u>Maturity</u>	<u>Balance</u>
Morgan Stanley Institutional Liquidity Funds Treasury Portfolio	Weighted average 30 days	\$ 630

**Morgan Stanley Institutional Liquidity Funds Treasury Portfolio**

At December 31, 2018, the District's debt service funds held in trust by UMB Bank, n.a. (Trustee) were invested in Morgan Stanley Institutional Liquidity Funds Treasury Portfolio. This portfolio invests in liquid, high-quality debt securities issued by the U.S Treasury and is rated AAAM by Standard & Poor's.

**POUDRE TECH METROPOLITAN DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2018**

**NOTE 5 LONG-TERM OBLIGATIONS (CONTINUED)**

The details of the District's long-term obligations are as follows:

**Unlimited Property Tax Supported Revenue Refunding and Improvement Bonds,  
Series 2010 A, B and C**

On October 22, 2010, the District issued the following Bonds: 1) \$18,070,000 Unlimited Property Tax Supported Revenue Refunding and Improvement Bonds Series 2010A with an interest rate of 5.0%, 2) \$7,305,000 Unlimited Property Tax Supported Revenue Refunding and Improvement Bonds Series 2010B with interest rates varying from 2.5% to 5.0% and 3) \$300,000 Taxable Unlimited Property Tax Supported Revenue Refunding and Improvement Bonds Series 2010C with an interest rate of 1.25%.

The Series 2010A bonds are subject to redemption prior to maturity, at the option of the District, as a whole or integral multiples of \$5,000, in any order of maturity and in whole or partial maturities, on December 1, 2020, and on any date thereafter, upon payment of the principal amount so redeemed plus accrued interest to the date of redemption, without redemption premium. The bonds maturing December 1, 2030, are subject to mandatory sinking fund redemption, in part, by lot, on December 1, 2027, and on each December 1 thereafter prior to the maturity date. Additionally, the bonds maturing December 1, 2039 are subject to mandatory sinking fund redemption, in part, by lot, on December 1, 2011, and on each December 1 thereafter prior to the maturity date.

The Series 2010B bonds maturing December 1, 2021, are subject to redemption prior to the maturity, at the option of the District, as a whole or in integral multiples of \$5,000, in any order of maturity and in whole or partial maturities, on December 1, 2020, and on any date thereafter, upon payment of the principal amount so redeemed plus accrued interest to the date of redemption, without redemption premium. The bonds maturing December 1, 2028, are subject to mandatory sinking fund redemption, in part, by lot, on December 1, 2025, and on each December 1 thereafter prior the maturity date.

The Series 2010C bonds were paid for in full on December 1, 2010.

The District's 2010 Bonds will mature as follows:

<u>Year Ending December 31,</u>	<u>Governmental Activities</u>		
	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2019	\$ 450,000	\$ 1,149,562	\$ 1,599,562
2020	475,000	1,131,563	1,606,563
2021	495,000	1,113,750	1,608,750
2022	545,000	1,089,000	1,634,000
2023	575,000	1,061,750	1,636,750
2024-2028	3,435,000	4,848,000	8,283,000
2029-2033	6,525,000	3,694,250	10,219,250
2034-2038	8,680,000	1,853,500	10,533,500
2039	2,020,000	101,000	2,121,000
Total	<u>\$ 23,200,000</u>	<u>\$ 16,042,375</u>	<u>\$ 39,242,375</u>

**POUDRE TECH METROPOLITAN DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2018**

**NOTE 5 LONG-TERM OBLIGATIONS (CONTINUED)**

**Taxable Water Revenue Note, Series 2016**

On November 29, 2016, the District, acting by and through its Enterprise, entered into a Loan Agreement with Points West Community Bank (Lender) to obtain a loan in the amount of \$4,100,000 (Loan). The maturity date of the Loan is December 1, 2023, with an interest rate of 4.575% from November 29, 2016 through December 1, 2021. From December 1, 2021 through and including December 1, 2023, the Loan shall bear interest at a per annum fixed rate equal to the lesser of: (i) the sum of the Index plus 100 basis points; or (ii) the Maximum Rate of 18.00% per annum. Index means the prime rate published by the Wall Street Journal Online, or, in the event that such Index is no longer published, then the term Index shall be deemed to refer to a similar index selected by the Lender and approved by the Enterprise. Interest is paid semiannually on June 1 and December 1. The proceeds from the Loan were used to purchase water rights, pay for certain nonpotable water system improvements, and paid for transaction costs.

The obligation of the Enterprise under the Loan is not payable from property taxes of the District, but rather from income and revenues from the use or operation of the nonpotable water system, including fees and charges.

The Enterprise's repayment obligation under the Loan Agreement is further evidenced by a promissory note in favor of the Lender in the aggregate principal amount of \$4,100,000. A portion of the Loan in the principal amount of \$3,900,000, plus accrued interest, is secured by certain water rights in accordance with a Stock Pledge Agreement between the District and the Lender.

**Capital Lease Obligation**

In 2013, the District entered into a capital lease for the purchase of a Toolcat equipment. The lease requires 60 monthly payments of \$963 beginning in July 2013 and final payment of \$6,709 at the end of the lease. The District negotiated a new final payment of \$3,500 which will be paid in 2019. The lease bears interest at the rate of 5.52% per annum. The equipment is carried at \$55,909 with \$32,788 in accumulated depreciation.

In 2014, the District entered into capital leases that bear interest rate of 3.20% per annum as follows:

1. Caterpillar Compact Track Loader - The lease requires 60 monthly payments of \$955 beginning in October 2014. The equipment is carried at \$52,900 with \$18,735 in accumulated depreciation.
2. Caterpillar Backhoe Loader – The lease requires 60 monthly payments of \$1,715 beginning in October 2014. The equipment is carried at \$95,000 with \$33,646 in accumulated depreciation.
3. Caterpillar Hydraulic Excavator – The lease requires 60 monthly payments of \$2,780 beginning in December 2014. The equipment is carried at \$192,725 with \$65,580 in accumulated depreciation.

**POUDRE TECH METROPOLITAN DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2018**

**NOTE 5 LONG-TERM OBLIGATIONS (CONTINUED)**

**Capital Lease Obligation (Continued)**

The District's annual payments related to these capital leases are annually appropriated and included in the District's annual budget.

**Authorized Debt**

On November 4, 2003, the District's voters authorized the issuance of indebtedness in an amount not to exceed \$156,000,000. At December 31, 2018, the District had authorized but unissued indebtedness in the following amounts allocated for the following purposes:

	Amount Authorized on November 4, 2003	Authorization Used for Series 2010 Bonds	Authorized But Unissued
Streets	\$ 27,750,000	\$ 10,860,289	\$ 16,889,711
Traffic and Safety Controls	2,250,000	291,690	1,958,310
Water	13,500,000	5,174,100	8,325,900
Sewer	15,000,000	2,510,579	12,489,421
Parks and Recreation	17,250,000	-	17,250,000
Television Relay and Translation	2,250,000	-	2,250,000
Debt Refunding	78,000,000	1,422,701	76,577,299
Total	\$ 156,000,000	\$ 20,259,359	\$ 135,740,641

In the future, the District may issue a portion or all of the remaining authorized but unissued debt for purposes of providing public improvements to support development as it occurs within the District's service area, however, as of the date of this audit, the amount and timing of any future debt issuances are not determinable.

**NOTE 6 NET POSITION**

The District has net position consisting of three components – net investment in capital assets, restricted and unrestricted.

Net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. As of December 31, 2018, the District had net investments in capital assets calculated as follows:

	Governmental Activities	Business-Type Activities
Capital Assets, Net	\$ 4,303,754	\$ 13,220,428
Outstanding Long-Term Debts Used to Acquire Capital Assets	(24,738,460)	(3,936,000)
Bond Premium, Net	(556,994)	-
Cost of Refunding, Net	891,918	-
Net Investment in Capital Assets	\$ (20,099,782)	\$ 9,284,428

**POUDRE TECH METROPOLITAN DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2018**

**NOTE 6 NET POSITION (CONTINUED)**

The restricted component of net position includes assets that are restricted for use as imposed by external parties such as creditors, grantors or contributors, or as imposed by laws and regulations of other governments, or as imposed by law through constitutional provisions or enables legislation. The District had restricted net position as of December 31, 2018 as follows:

	Governmental Activities
Restricted Net Position:	
Emergency Reserves	\$ 39,200
Debt Service	630
Restricted Net Position	\$ 39,830

The District's unrestricted net position as of December 31, 2018 totaled \$1,188,954.

**NOTE 7 PRIMARY AGREEMENTS**

**District Operating Agreement**

The District and District Nos. 1 and 2 (collectively, the Taxing Districts) have entered into a District Operating Agreement dated January 30, 2014. The purpose of the District Operating Agreement is to set forth the rights and obligations of the Taxing Districts to fully fund and of the District to provide operations on behalf of all the Districts. Based on the integrated nature of the public improvements, it is most efficient and cost effective to combine the operations, maintenance and administration and to have the District provide those services for the benefit of all the Districts. The agreement shall be interpreted consistent with the Service Plan.

**Capital Pledge Agreement**

The District entered into a Capital Pledge Agreement in October 2010, as amended on January 31, 2014, and again on April 21, 2015, pursuant to which District Nos. 1 and 2 are obligated to impose an ad valorem property tax levy without limitation as to the rate to pay the principal and accrued interest payable on the District's Unlimited Property Tax Supported Revenue Refunding and Improvement Bonds, Series 2010 A, B and C in the aggregate principal amount of \$25,675,000 issued pursuant to a 2010 Indenture of Trust with UMB Bank (2010 Bonds).

The First Amendment, dated January 31, 2014, made changes to the allocation between District Nos. 1 and 2's required debt service on the 2010 Bonds. The Districts later determined that the changes were not necessary, and therefore, the Capital Pledge Agreement was amended for a second time on April 21, 2015, to reinstate the original definitions and allocations.

**POUDRE TECH METROPOLITAN DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2018**

**NOTE 7 PRIMARY AGREEMENTS (CONTINUED)**

**Infrastructure Acquisition and Reimbursement Agreements**

On June 14, 2016, the District entered into an Infrastructure Acquisition and Reimbursement Agreement with Pelican Farms Investments, LLC (Builder). The Builder has incurred certain costs related to public infrastructure for the benefit of the District and expects to incur additional costs. The District has agreed to: (i) reimburse the Builder for all District Eligible Costs to the extent constituting Repayment Obligations (as defined in the agreement); (ii) acquire any such public infrastructure constructed for the benefit of the District from the Builder that is not being dedicated to other governmental entities, and (iii) to reimburse the Builder for any costs incurred by the Builder for public infrastructure that is being dedicated to other governmental entities.

On September 19, 2017, the District entered into an Infrastructure Acquisition and Reimbursement Agreement with Eagle Crossing Development, Inc. (Eagle Crossing). Eagle Crossing has expended funds on behalf of the District previously, and intends to make future payments for costs related to the provision of public infrastructure in the nature of capital costs in furtherance of the District's permitted purposes, including but not limited to: organization of the District, engineering, architectural, surveying, construction planning and other related costs, during the period when the District is unable to pay for such costs. The District and Eagle Crossing established the terms and conditions under which the District will reimburse Eagle Crossing for such costs and acquire such public infrastructure that will either be owned by the District or dedicated to other governmental entities.

**Donation Agreement**

In June 2017, the District received a donation of land from The Evangelical Lutheran Good Samaritan Society through a quitclaim deed for ten dollars (\$10.00). The donated land shall not be used for any residential or commercial development, but shall be used for any public purpose, in the sole discretion of the District, for the benefit of the District, Water Valley 1, Water Valley 2, and the general public of Windsor, Colorado. If at any time the above condition is defaulted upon, title to the donated land shall automatically revert back to The Evangelical Lutheran Good Samaritan Society.

**Dog Park Lease**

On September 27, 2018, the District entered into a Dog Park Lease with Trollco, Inc. (Trollco). Trollco owns the Dog Park within the District's service area and the District has agreed to lease the Dog Park from Trollco for the benefit of the residents, property owners and taxpayers of the District. The District is responsible for all operations and maintenance necessary for the Dog Park. The District may make District Improvements to the Dog Park; however, Trollco must approve the District Improvements in writing. At the time of approval request, the District and Trollco will determine whether the District Improvement will be surrendered to Trollco upon expiration or termination of lease, removed by the District upon expiration or termination of the lease, or Trollco shall request that the decision be made at lease expiration or termination. The term of the lease is one year and will automatically renew upon the same terms, on a month-to-month basis, until terminated.

**POUDRE TECH METROPOLITAN DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2018**

**NOTE 7 PRIMARY AGREEMENTS (CONTINUED)**

**Temporary Non-Potable Water Service**

On September 27, 2018, the District entered into an Intergovernmental Agreement with Raindance Metropolitan District No. 1 (RDMD) to provide temporary non-potable water service to RDMD through the Interconnect Facilities. The District owns and operates a non-potable irrigation system. RDMD is developing its own non-potable irrigation system to serve future development within the community known as Raindance. Certain areas within Raindance will require non-potable water service prior to the time that RDMD will have the ability to provide such service. RDMD is in the process of constructing facilities that will permit an interconnect between RDMD and the District's non-potable irrigation system which will be known as the Interconnect Facilities. RDMD will own and maintain the Interconnect Facilities. The District will deliver non-potable water to RDMD on a temporary basis through the Interconnect Facilities upon the request of RDMD. RDMD shall pay \$1.52 per thousand gallons. The District will invoice RDMD within 15 days of the end of each month and payment of invoices by RDMD shall be due by the end of each month.

**NOTE 8 RELATED PARTIES**

The developer of the property which constitutes the District is Trollco Inc., a Colorado corporation (Developer). Certain members of the Board of Directors of the District are officers or employees of or related to the Developer or an entity affiliated with the Developer or the majority owner of the Developer, and may have conflicts of interest in dealing with the District.

**NOTE 9 RISK MANAGEMENT**

Except as provided in the Colorado Governmental Immunity Act, §24-10-101, et seq., C.R.S., the District may be exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (Pool). The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery and workers compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years. The District pays annual premiums to the Pool for liability, property and public officials' liability coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

**POUDRE TECH METROPOLITAN DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2018**

**NOTE 10 TAX, SPENDING AND DEBT LIMITATIONS**

Article X, Section 20 of the Colorado Constitution, referred to as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations which apply to the State of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases. At December 31, 2018, the District determined and calculated its required emergency reserve to be approximately \$39,200, funding of which were provided by the Financing Districts. At December 31, 2018, the Financing Districts have combined cash reserves in their General Funds totaling \$250,000.

The District's management has taken steps it believes are necessary to comply with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits, will require judicial interpretation.
