INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of Timnath Ranch Metropolitan District No. 4, Timnath, Colorado, as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Timnath Ranch Metropolitan District No. 4, Timnath, Colorado, as of December 31, 2018, and the respective changes in financial position, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required budgetary information on page 18 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has not presented the management's discussion and analysis that governmental accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The individual fund schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the individual fund schedule is fairly stated in all material respects in relation to the financial statements as a whole.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
Year Ended December 31, 2018

Amounts Reported for Governmental Activities in the Statement of Activities
are Different Because:

Net Changes in Fund Balances - Total Governmental Funds	\$ 3,555,703
Debt proceeds are reported as financing sources in the governmental funds and increase fund balance. In the government-wide financial statements, however, issuing debt increases long-term liabilities in the statement of net position and does not effect the statement of activities.	(13,936,000)
Repayment of long-term debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. This amount is the increase in accrued interest.	<u>(178,575)</u>
Change in Net Position of Governmental Activities	<u>\$ (10,558,872)</u>

The accompanying notes are an integral part of the financial statements.

TIMNATH RANCH METROPOLITAN DISTRICT NO. 4

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2018

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Timnath Ranch Metropolitan District No. 4 (“District”) was formed in conjunction with Timnath Ranch Metropolitan District Nos. 1, 2 and 3, collectively, “Districts” and was established as a Financing District. Timnath Ranch Metropolitan District Nos. 2-3 were also established as the Financing Districts and District No. 1 was established as the Service District. The District is governed by a five-member Board of Directors (“Board”) elected by the constituents.

The accounting policies of the District conform to generally accepted accounting principles (“GAAP”) as applicable to governments. The following is a summary of the more significant policies.

Reporting Entity

In accordance with governmental accounting standards, the District has considered the possibility of inclusion of additional entities in its financial statements.

The definition of the reporting entity is based primarily on financial accountability. The District is financially accountable for organizations that make up its legal entity. It is also financially accountable for legally separate organizations if District officials appoint a voting majority of the organization’s governing body and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the District. The District may also be financially accountable for organizations that are fiscally dependent upon it.

Based on the application of these criteria, the District does not include additional organizations in its reporting entity.

Government-Wide and Fund Financial Statements

The Government-Wide Financial Statements (i.e., the Statement of Net Position and the statement of activities) report information on all of the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of the given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

TIMNATH RANCH METROPOLITAN DISTRICT NO. 4

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2018

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Government-Wide and Fund Financial Statements (Continued)

Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The Government-Wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when the liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current *financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Service fees, grants, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the District.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

When both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first, then unrestricted resources as they are needed.

In the fund financial statements, the District reports the following major governmental funds:

The *General Fund* is the District's primary operating fund. It accounts for all financial resources of the District, except those required to be accounted for in another fund.

The *Debt Service Fund* accounts for the District's debt activities.

The *Capital Projects Fund* accounts for the District's capital activities.

TIMNATH RANCH METROPOLITAN DISTRICT NO. 4

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2018

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Liabilities and Fund Balance/Net Position

Investments

Investments are recorded at fair value.

Capital Assets

Capital assets, which include property and equipment, are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

As of December 31, 2018, the District has no capital assets to report.

Long-Term Obligations

In the Government-Wide financial statements long-term debt and other long-term obligations are reported as liabilities in the governmental activities fund type statement of net assets.

The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Financial Position and Balance Sheets will sometimes report a separate section for deferred outflows or resources. This separate financial statement element, deferred outflow of resources, represents a consumption of net position and fund balance that applies to a future period(s) and so will not be recognized as an outflow of resources expense/expenditure) until then.

In addition to liabilities, the statement of financial position and balance sheets will sometimes report a separate section for deferred inflows or resources. This separate financial statement element, deferred inflow of resources, represents an acquisition of net position and fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2018

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Liabilities and Fund Balance/Net Position (Continued)

Net Position

The Government-Wide fund financial statements utilize a net position presentation. Net position is categorized as investment in capital assets, restricted, and unrestricted. Investment in capital assets is intended to reflect the portion of net position which is associated with non-liquid, capital assets less outstanding capital asset related debt. The net related debt is the debt less the outstanding liquid assets and any associated unamortized cost. Restricted net position is liquid assets, which have third party limitations on their use. Unrestricted net position represents assets that do not have any third party limitations on their use.

Fund Balance Classification

The Governmental Fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

- Nonspendable – This classification includes amounts that cannot be spent because they are either not in a spendable form (such as inventories and prepaid amounts) or are legally or contractually required to be maintained intact. The District does not report any fund balances as nonspendable as of December 31, 2018.
- Restricted – This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation. The District has restricted fund balance to comply with debt service covenants.
- Committed – This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the District Board of Directors. These amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same type of action (ordinance or resolution) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements. The District does not report any committed fund balances as of December 31, 2018.

TIMNATH RANCH METROPOLITAN DISTRICT NO. 4

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2018

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Liabilities and Fund Balance/Net Position (Continued)

Fund Balance Classification (Continued)

- Assigned – This classification includes amounts the government intends to use for specific purposes that do not meet the criteria to be classified as restricted or committed. The District does not report any assigned fund balances as of December 31, 2018.
- Unassigned – This classification includes the residual fund balance for the General Fund. The District does not report any unassigned fund balances as of December 31, 2018.

The District would typically use Restricted Fund balances first, followed by Committed Resources, and then Assigned Resources, as appropriate opportunities arise, but reserves the right to selectively spend Unassigned Fund Balances.

Property Taxes

Property taxes are levied on December 15 and attach as an enforceable lien on property on January 1. Taxes are payable in full on April 30 or in two installments on February 28 and June 15. The County Treasurer's office collects property taxes and remits to the District on a monthly basis.

Property Taxes are also assessed and submitted to Timnath Ranch Metropolitan District No. 4 as payments for debt issued. These payments are labeled as Service Fees in the financial statements.

Comparative Data

Comparative total data for the prior year has been presented in the accompanying financial statements in order to provide an understanding of changes in the District's financial position and operations. However, comparative data has not been presented in all statements because such inclusion would make certain statements unduly complex and difficult to understand. Also, certain amounts presented in the prior year data have been reclassified to be consistent with current year's presentation.

TIMNATH RANCH METROPOLITAN DISTRICT NO. 4

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2018

NOTE 2: STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgets and Budgetary Accounting

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- On or before October 15th, District Management submits to the Board a proposed operating budget for the fiscal year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.
- Public hearings are conducted to obtain taxpayer comments.
- Prior to December 31, the budget is legally enacted through passage of a resolution.
- District Management is authorized to transfer budgeted amounts between line items within any fund. However, any revisions that alter the total expenditures of any fund must be approved by the Board.
- Budgets are legally adopted for all funds of the District on a basis consistent with GAAP.
- Budgeted amounts in the financial statements are as originally adopted or as amended by the Board. All appropriations lapse at year end.

NOTE 3: CASH AND INVESTMENTS

Deposits

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The Colorado Public Deposit Protection Act ("PDPA") requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulations. At December 31, 2018, State regulatory commissioners have indicated that all financial institutions holding deposits for the District are eligible public depositories.

TIMNATH RANCH METROPOLITAN DISTRICT NO. 4

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2018

NOTE 3: CASH AND INVESTMENTS (Continued)

Deposits (Continued)

Amounts on deposit in excess of federal insurance levels must be collateralized by eligible collateral as determined by the PDPA. PDPA allows the financial institution to create a single collateral pool for all public funds held. The pool is to be maintained by another institution, or held in trust for all the uninsured public deposits as a group. The market value of the collateral must be at least equal to 102% of the uninsured deposits. The District has no policy regarding custodial credit risk for deposits.

At December 31, 2018, the District had no deposits with financial institutions.

Investments

Interest Rate Risk

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates, but adheres to state statute requirements.

Credit Risk

Colorado statutes specify in which instruments the units of local government may invest which includes:

- Obligations of the United States and certain U.S. government agency securities
- Certain international agency securities
- General obligation and revenue bonds of U.S. local government entities
- Bankers' acceptances of certain banks
- Commercial paper
- Local government investment pools
- Written repurchase agreements collateralized by certain authorized securities
- Certain money market funds
- Guaranteed investment contracts

The above investments are authorized for all funds and fund types used by Colorado municipalities.

TIMNATH RANCH METROPOLITAN DISTRICT NO. 4

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2018

NOTE 3: CASH AND INVESTMENTS (Continued)

Investments (Continued)

Fair Value

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant observable inputs.

The Town had invested \$3,671,362 in the Colorado Government Liquid Asset Trust (ColoTrust) which has a credit rating of AAAM by Standard and Poor's. ColoTrust is an investment vehicle established for local government entities in Colorado to pool surplus funds and is regulated by the State Securities Commissioner. It operates similarly to a money market fund and each share is equal in value to \$1.00. Investments consist of U.S. Treasury and U.S. Agency securities, and repurchase agreements collateralized by U.S. Treasury and U.S. Agency securities. A designated custodial bank provides safekeeping and depository services in connection with the direct investment and withdrawal functions. Substantially all securities owned are held by the Federal Reserve Bank in the account maintained for the custodial bank. The custodian's internal records identify the investments owned by the entities.

ColoTrust is not a 2a7-like external investment pool. The unit of account is each share held, and the value of the position would be the fair value of the pool's share price multiplied by the number of shares held. The government-investor does not "look through" the pool to report a pro rata share of the pool's investments, receivables, and payables.

Restricted Cash

At December 31, 2018, \$3,671,362 was restricted in the Debt Service Fund and Capital Projects Fund to comply with debt service requirements.

TIMNATH RANCH METROPOLITAN DISTRICT NO. 4

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2018

NOTE 4: LONG-TERM DEBT(Continued)

Following is a summary of long-term debt transactions for the governmental activities for the year ended December 31, 2018.

	<u>Balance</u> <u>12/31/17</u>	<u>Additions</u>	<u>Payments</u>	<u>Balance</u> <u>12/31/18</u>	<u>Due In</u> <u>One Year</u>
GO Refunding Bond, Series 2018A	\$ -	\$ 12,030,000	\$ -	\$ 12,030,000	-

Accrued Interest	<u>-</u>	<u>178,575</u>	<u>-</u>	<u>178,575</u>	<u>-</u>
Total	<u>\$ -</u>	<u>\$ 14,114,575</u>	<u>\$ -</u>	<u>\$ 14,114,575</u>	<u>\$ -</u>

Limited Tax General Obligation Bonds

On February 20, 2018, the District issued Limited Tax General Obligation Refunding and Improvement Bonds, Series 2018A and Subordinate Limited Tax General Obligation Bonds, Series 2018B in the amounts of \$12,030,000 and \$1,906,000, respectively. The 2018A and 2018B Bonds are secured and payable solely from the senior pledged revenue and subordinated pledged revenue, as applicable. These revenues consist of monies derived by the District from property tax collections and any other legally available funds which the District determines at its discretion, to credit to the bonds. The 2018A bonds are also secured by amounts held in the senior reserve fund.

The 2018A Bonds carry an interest rate of 5.250% which will then be increased to 5.375% as of June 1, 2038. The 2018B Bonds carry an interest rate of 5.375% until maturity. For the 2018A Bonds, interest payments are due semi-annually on June 1 and December 1 with principal payments beginning December 1, 2021 and due annually thereafter. For the 2018B Bonds, interest payments are due annually beginning on December 15, 2022 and principal payments are due annually beginning on December 15, 2024.

TIMNATH RANCH METROPOLITAN DISTRICT NO. 4

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2018

NOTE 4: LONG-TERM DEBT (Continued)

Annual debt service requirements for the outstanding loans payable at December 31, 2018 are as follows:

<u>Year Ended December 31,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2019	\$ -	\$ 641,138	\$ 641,138
2020	-	641,138	641,138
2021	65,000	641,138	706,138
2022	130,000	666,834	796,834
2023	140,000	1,203,952	1,343,952
Thereafter	<u>13,601,000</u>	<u>11,157,763</u>	<u>24,758,763</u>
Total Debt Service Requirements	<u>\$ 13,936,000</u>	<u>\$ 14,951,963</u>	<u>\$ 28,887,963</u>

NOTE 5: DEVELOPER AGREEMENT

The Infrastructure Acquisition Agreement with the Developer requires the District to reimburse the Developer for costs related to the design, construction, acquisition and installation of certain public improvements constructed or acquired on behalf of the District. The Developer agreed to construction of the improvements with the understanding that the District would acquire these improvements when they are completed.

The Developer also provided preliminary financing for these improvements with the understanding that the District would eventually repay the Developer and acquire the improvements with the proceeds of General Obligations Bonds, revenue bonds, promissory notes or other indebtedness of the Districts which will be issued by the District.

The Infrastructure Acquisition Agreement provides for funds to be loaned to the Districts in one or a series of installments and shall be available to the District through December 31, 2017 as may be amended pursuant to an annual review and annual appropriations of the District. The Funding and Reimbursement Agreement provides for fund to be loaned to the District one or a series of installments and shall be available to the District through December 31, 2018.

The Improvement Acquisition Agreement with the Developer requires the District to reimburse the Developer for costs related to the design, construction, acquisition and installation of certain public improvements constructed or acquired on behalf of the District. The Developer agreed to construction of the improvements with the understanding that the District would acquire these improvements when they are completed.

TIMNATH RANCH METROPOLITAN DISTRICT NO. 4

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2018

NOTE 5: DEVELOPER AGREEMENT (Continued)

The Developer also provided preliminary financing for these improvements with the understanding that the District would eventually repay the Developer and acquire the improvements with the proceeds of General Obligations Bonds, revenue bonds, promissory notes or other indebtedness of the Districts which will be issued by the District.

NOTE 6: RELATED PARTIES

The Developers of the property which constitutes the District are Timnath Ranch, LLC. All of the members of the Board are employees, owners or are otherwise associated with the Developers, and have disclosed any potential conflicts of interest in taking action on matters brought before the Board. The District does not owe Timnath Ranch, LLC. as of December 31, 2018.

NOTE 7: RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, thefts of, damage to, and destruction of assets, injuries to employees, and natural disasters. The District participates in the Colorado Special Districts Property and Liability Pool ("Pool"). The Pool insures property and liability exposures through contributions made by member districts. The District does not maintain an equity interest in the self-insurance pool. The District funds its pool contributions, outside insurance purchases, deductible, and uninsured losses through the General Fund. Settled claims have not exceeded this coverage in any of the past three fiscal years.

NOTE 8: DEBT AUTHORIZATION

On November 6, 2007, a majority of the qualified electors of the District authorized the issuance of general indebtedness as follows:

- An amount not to exceed \$175,000,000 at an interest rate not to exceed 15% per annum, for providing public improvements; and
- An amount not to exceed \$25,000,000 in an interest rate not to exceed 15% per annum, for service plan purposes; and

As of December 31, 2018, the amount of debt authorized but unissued was \$0 and limited by the Service Plan as a result of Debt issued by this District and District Nos. 1 & 2.

TIMNATH RANCH METROPOLITAN DISTRICT NO. 4

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2018

NOTE 9: DEFICIT NET POSITION

As of December 31, 2018, the District had a government-wide net position deficit of \$10,558,872.

NOTE 10: COMMITMENTS AND CONTINGENCIES

TABOR Amendment - Colorado voters passed an amendment to the State Constitution, Article X, Section 20, which has several limitations, including revenue raising, spending abilities, and other specific requirements of state and local government. The Amendment is complex and subject to judicial interpretation. The District believes it is in compliance with the requirements of the Amendment.

NOTE 11: SUBSEQUENT EVENTS

The District has evaluated subsequent events through July 25, 2019, the date which the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure.

¹ One mill equals 1/10 of 1 cent.

² This mill levy is to fund the District's obligation under the Master IGA and the 2014 Master IGA.

³ Collections include current taxes and both correct year and prior year delinquent taxes (but not interest or the deduction of County Treasurer's fees) and therefore may exceed the amount levied.

⁴ This amount includes both the amounts distributed to the District and to the TDA.
