INDEPENDENT AUDITOR'S REPORT

Board of Education
Alamosa School District RE-11J
Alamosa, Colorado 81101

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Alamosa School District RE-11J, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Alamosa School District RE-11J, as of June 30, 2018, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information and pension and post employment benefits trend data on pages i through x and 49 through 57 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Alamosa School District RE-11J's basic financial statements. The combining and individual fund financial statements, other schedules and state required schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is not a required part of the basic financial statements.

The combining and individual fund financial statements, other schedules, state required schedules and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements, other schedules, state required schedules and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 30, 2018, on our consideration of Alamosa School District RE-11J's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Alamosa School District RE-11J's internal control over financial reporting and compliance.

November 30, 2018

MANAGEMENT'S DISCUSSION AND ANALYSIS

ALAMOSA SCHOOL DISTRICT RE11J
MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Fiscal Year Ended June 30, 2018

Alamosa School District RE11J encompasses approximately 315 square miles in Alamosa and Conejos Counties, located in the south central region of Colorado. The District serves the municipality of Alamosa as well as the entire Southern half of the Alamosa County and a small portion of Northern Conejos County. The District serves an enrollment of 2,499 K-12 students.

The discussion and analysis of the Alamosa School District RE11J's financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2018. The intent of this discussion and analysis is to look at the District's financial performance as a whole; it should be read in conjunction with the basic financial statements and note to enhance the reader's understanding of the District's overall financial performance.

The District was required to implement GASB 75 in 2018 resulting in a net other post-employment benefit (OPEB) liability of \$1,738,820. Under GASB 75 the District's proportionate share of the OPEB liability of the Colorado state retirement system Health Care Trust Fund administered by the Public Employees Retirement Association, is recorded as a liability of the District. At implementation beginning equity is restated and deferred inflows, outflows and the net OPEB liability are reported. Beginning net position of governmental activities decreased as a result of this change.

Upon implementation of GASB 75, the beginning net position of governmental activities decreased \$1,650,145 to \$(6,684,054) from \$(5,033,909) at the end of the previous fiscal year. Fiscal year 2017 financial information has not been restated because some of the comparable information is not available

Financial Highlights

Key financial highlights for the fiscal year ended June 30, 2018 are as follows:

The District's overall net position at the end of fiscal year 17-18 was \$(20,548,322). The change in net position of \$(13,864,268) along with GASB 75 restatement of \$(1,650,145) represents the total net change of \$(15,514,413) over June 30, 2017 net position of \$(5,033,909). Net pension liabilities of \$76,143,766, along with associated deferred flow, are not recorded at the fund level.

Total District revenue was \$24,037,732. General Revenues of \$19,592,621 include taxes, grants, equalization, general interest and other revenues not restricted to specific programs accounted. Program specific revenues in the form of charges for services and sales and program specific grants and contributions total \$4, 445,111.

Total District expenditures were \$37,902,000 for the year ended June 30, 2018 .

The District's net capital assets were \$44, 618,975 at June 30, 2018.

ALAMOSA SCHOOL DISTRICT RE11J
MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Fiscal Year Ended June 30, 2018

Using the Basic Financial Statements

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the Alamosa School District RE11J as a financial whole, or as an entire operating activity.

The statement of net position and statement of activities provide information about the activities of the whole District, presenting both an aggregate view of the District's finances and a longer-term view of those finances. The governmental funds statements provide the next level of detail.

The fund financial statements report the District's operations in more detail by providing information about the District's most significant funds with all other non-major funds presented in total in a single column. For the Alamosa School District RE11J, the General Fund is the most significant fund. The remaining statements provide financial information about activities for which the District acts solely as a trustee or agent for the benefit of those outside of the reporting entity.

This is the eleventh year the School District has prepared financial statements following GASB Statement 34. In this year's financial statements, comparisons to the fiscal year 2017 information are presented alongside the fiscal year 2018 information to enable the reader to draw further conclusions about the District's financial status. The following schedules present condensed financial information for 2018 compared to 2017.

Fund financial reports provide detailed information about the District's major funds. The School District uses many funds to account for a multitude of financial transactions. However, the fund financial statements focus on the School District's most significant funds. The District's major governmental funds include the General Fund, the Capital Reserve Funds, the Designated Purpose Grant Fund, and the Bond Redemption Fund. Other governmental funds that are aggregated on the governmental fund financial statements include the Food Service Fund and Student Athletics Fund. Unlike government-wide financial statements, the focus of fund financial statements is directed to specific activities of the District rather than the District as a whole. Except for the General Fund, a specific fund is established to satisfy managerial control over resources or to satisfy finance-related legal requirements established by external parties or governmental statutes or regulations.

The District's fund financial statements are divided into three broad categories; namely (1) governmental funds; (2) proprietary funds; and (3) fiduciary funds.

Governmental Funds – The District's activities are reported in governmental funds, which focus on how monies flow into and out of those funds and the balances left at fiscal year end for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial position that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School District's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or less financial resources that can be spent in the near future to finance educational programs. The relationship, or differences, between governmental activities reported in the statement of net position and the statement of activities and the governmental funds is reconciled in the financial statements.

ALAMOSA SCHOOL DISTRICT RE11J
MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Fiscal Year Ended June 30, 2018

Proprietary Funds – The Enterprise Fund uses the same basis of accounting as business-type activities; therefore, these statements are essentially the same. The Alamosa School District does not have any proprietary funds.

Fiduciary Funds - The Pupil Activity Fund is used to account for position held for the various clubs and organizations sponsored by the District.

The statement of net position and activities include all assets, liabilities and deferred flows using the accrual basis of accounting similar to the accounting system used by most private sector companies. This basis of accounting takes into account the current year's revenues and expenses regardless of when cash was received or paid.

The two statements report the district's net position and changes in that position. This change in net position is important because it identifies whether the financial position of the District has improved or diminished for the District as a whole. The cause of this change may be the result of many factors, some financial, some not. Non-financial factors include the District's property tax base, current property tax laws, enrollment levels, statutorily required reserves, facility conditions, required educational programs and other factors.

ALAMOSA SCHOOL DISTRICT RE11J
MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Fiscal Year Ended June 30, 2018

STATEMENT OF NET POSITION

The perspective of the statement of net position is of the District as a whole. Following is a summary of the District's net position for the fiscal year 2018.

The focus of these government-wide statements is on the overall financial position and activities of the District. These financial statements are constructed around the concept of a primary government, the District, and its component units, except for fiduciary funds.

The financial statements of the District's fiduciary funds are not included in the government-wide financial statements, because resources of these funds cannot be used to finance the District's activities. However, the financial statements of fiduciary funds are included in the District's financial statements because the District is financially accountable for those resources, even though they belong to other parties.

GENERAL FUND BUDGETING HIGHLIGHTS

Budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP). During the course of fiscal 2018, the District amended its General Fund budget as needed. The District uses a line-item based budget. The budgeting systems are designed to tightly control line-item expenditures, but provide flexibility for overall budgetary management.

General Fund actual revenues of \$18,654,646 were higher than the final budgeted revenues of \$18,204,849.

ALAMOSA SCHOOL DISTRICT RE11J
MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Fiscal Year Ended June 30, 2018

STATEMENT OF LONG TERM DEBT

The District's long term debt was \$ 13,089,352. This total includes outstanding general obligations bonds for the capital construction projects as well as long term liabilities for compensated absences and early retirement incentives.

Outstanding General Obligation Bonds:

\$8.435 million of the outstanding bond obligation is the Series 2009 and 2009B for the two elementary schools BEST capital construction project. The final payment is expected in fiscal year 2029. As part of the requirements for the BEST Capitol Construction, the District will reserve \$120,000 per year for 10 years to fully fund the maintenance requirement.

\$4.3105 million of the outstanding bond obligation is the Series 2013A and 2013 B for the high school sports complex and AgEd building. The final payment expected in fiscal year 2024.

The outstanding bond balance is \$12,745,000 at June 30, 2018.

The District long-term liability for the following:

Compensated absences	\$98,835
Early Retirement Incentive	\$245,517

CURRENT ISSUES, ECONOMIC CONDITION AND OUTLOOK

The State of Colorado introduced the "Negative Factor" in the school finance formula due to the statewide budget balancing challenges facing Colorado. This "Negative Factor" became effective with the FY 2010-2011. The HealthCare Reform can have a major financial impact on the District's future financial status as well.

Alamosa RE11J is accredited with improvement and has been working diligently to make improvements in student achievement.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our residents, customers, taxpayers, investors, and creditors with a general overview of the District's accountability for the money it receives. If you have any questions regarding this report or need additional information, please contact:

ALAMOSA SCHOOL DISTRICT RE-11J
RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET POSITION
June 30, 2018

Amounts reported for governmental activities in the statement of net position are different because:

<u>Total Fund Balance – Governmental Funds</u>	5,978,433
Capital Assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. The cost of the assets is \$69,506,398 and the accumulated depreciation is \$24,887,423.	44,618,975
Property tax revenue is recognized when earned (claim to resources established) rather than when “available” in the entity wide financial statements.	305,827
Interest is recognized when paid in the funds. This is accrued interest payable to year end.	(44,500)
Premiums received on bonds issued are recorded as revenues in the governmental funds. They are capitalized and amortized in the entity wide financial statements. This is an amortized premium.	(311,068)
Long-term liabilities, including certificates of participation, general obligation bonds and capital leases are not due and payable in the current period and therefore are not reported in the funds.	(12,745,000)
The long-term portion of retirement incentive is not recorded in the funds	(211,934)
Compensated absences are not reported as a liability in the funds.	(98,835)
Net pension and other post employment benefits liabilities, along with associated deferred flows, are not recorded at the fund level:	
Net Pension Liability	(76,143,766)
Net Other Post Employment Benefits Liability	(1,738,820)
Deferred Outflows	24,494,583
Deferred Inflows	<u>(4,652,217)</u>
<u>TOTAL NET POSITION – GOVERNMENTAL ACTIVITIES</u>	<u>(20,548,322)</u>

ALAMOSA SCHOOL DISTRICT RE-11J
 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND
 BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
 For the Year Ended June 30, 2018

Amounts reported for governmental activities in the statement of activities are different because:

<u>Net Change in Fund Balances – Total Governmental Funds</u>		583,798
<p>Governmental funds report capital outlays as expenditures. However, in the statement of activities, assets with an initial, individual cost of more than \$5,000 are capitalized and the cost is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period.</p>		
Capital Outlays more than \$5,000	818,025	
Depreciation Expense	<u>(2,250,433)</u>	(1,432,408)
<p>Property tax revenues are not recognized for amounts levied and due but not “available” at year end and are reported as deferred inflows in the governmental funds. They are, however, recorded as revenues in the statement of activities.</p>		
		10,215
<p>The governmental funds report debt proceeds as an other financing source, while repayment of debt principal is reported as an expenditure. The effect of deferred refundings and premiums are recognized when the debt is issued in governmental funds, whereas these amounts are deferred and amortized in the statement of activities. Interest expense is recognized as it accrues in the statement of activities regardless of when it is due. The net effect of these differences follows:</p>		
Repayment of Debt Principal	1,155,000	
Interest Expense	3,945	
Amortization - Premium	<u>103,477</u>	1,262,422
<p>In the statement of activities compensated absences are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially, the amount paid). During the year, compensated absences changed by this amount.</p>		
		(1,177)
<p>Early retirement incentives are accrued in their entirety in the entity wide financial statements. The current amount is accrued in the fund financial statements. This represents the change in the long term portion.</p>		
		100,362
<p>The increase in net pension and other post employment benefits liabilities, along with the changes and amortizations of deferred flows associated with those liabilities are not recorded at the fund level:</p>		
Pension Cost	(14,347,370)	
Other Post Employment Benefits Cost	<u>(40,110)</u>	(14,387,480)
<u>CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES</u>		<u>(13,864,268)</u>

The accompanying notes are an integral part of these financial statements.

NOTES TO BASIC FINANCIAL STATEMENTS

ALAMOSA SCHOOL DISTRICT RE-11J
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2018

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Alamosa School District RE-11J (the District) conform to generally accepted accounting principles as applicable to governmental units. The following is a summary of the more significant policies:

The District operates under an elected Board of Education with seven members.

The District is the lowest level of government, which is considered to be financially accountable over all activities related to public school education in Alamosa School District RE-11J. The District receives funding from local, state, and federal government sources and must comply with the requirements of these funding source entities. The Board of Education members are elected by the public and have decision-making authority, the power to designate management, the ability to significantly influence operations, and primary accountability for fiscal matters.

A. Reporting Entity

Governmental Accounting Standards board (GASB) Statement No. 14 (as amended by Statements No. 34, No. 39 and No. 61), "*The Financial Reporting Entity*" (GASB No. 14) describes the financial reporting entity as it relates to governmental accounting. According to this Statement, the financial reporting entity consists of a) the primary government, b) organizations for which the primary government is financially accountable, and c) other organizations whose exclusion from the reporting entity's financial statements would cause those statements to be misleading or incomplete. Any organizations that can be described by these last two items are included with the primary government in the financial statements as component units.

This District is not included in any other governmental "reporting entity" as defined in GASB No. 14 and does not include any other component unit as part of its "reporting entity". As required by accounting principles generally accepted in the USA, these basic financial statements present the District (the primary government) and its component units.

ALAMOSA SCHOOL DISTRICT RE-11J
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2018

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Government-Wide and Fund Financial Statements

The Government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The government-wide financial statements are presented using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the District's governmental and business-type activities. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, operating statements present increases and decreases in net current assets and unreserved fund balance as a measure of available spendable resources. This means that only current liabilities are generally included on their balance sheets.

ALAMOSA SCHOOL DISTRICT RE-11J
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2018

NOTE 1

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Amounts reported as program revenues included 1) charges to customers or applicants for goods, services or privileges provided 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

All governmental fund types use the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period, or soon enough thereafter, to pay liabilities of the current period. Revenues are considered to be available if collected within 60 days after year-end.

Property and automotive ownership taxes are reported as receivables and deferred inflows when levied and as revenues when due for collection in the following year and determined to be available.

Grants and entitlement revenues are recognized when compliance with matching requirements is met. A receivable is established when the related expenditures exceed revenue receipts.

Expenditures are recorded when the related fund liability is incurred with the exception of general obligation and capital lease debt service which is recognized when due and certain accrued sick and personal pay which are accounted for as expenditures when expected to be liquidated with expendable available financial resources.

Proprietary fund types are accounted for on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred. The measurement focus in these funds is on the flow of economic resources and emphasizes the determination of net income. All assets and all liabilities associated with their activity are included on their statements of financial position. Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in net total position.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing goods and services in connection with a proprietary fund's ongoing operations. The principal operating revenues of the District's proprietary funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenue and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources, as they are needed.

ALAMOSA SCHOOL DISTRICT RE-11J
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2018

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Fund Accounting

The accounts of the District are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, deferred flows, fund equity, revenues and expenditures, or expenses, as appropriate. Resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The major funds presented in the accompanying basic financial statements are as follows:

• Major Governmental Funds

1. General Fund – the general operating fund of the District; used to account for all resources that are not required legally or by sound financial management to be accounted for in another fund.
2. Bond Redemption Debt Service Fund – used to account for the accumulation of resources for, and the payment of, long-term general obligation debt principal, interest, and related costs.
3. Capital Reserve Capital Projects Fund – used to account for General Fund transfers and other revenue sources assigned for capital expenditures.
4. Designated Purpose Grants – Special Revenue Fund – used to account for restricted state and federal grants including, but not limited to, Every Student Succeeds Act programs which must be expended as designated by the grantor agency.

Additionally, the District reports the following fund type: Trust and Agency

The Student Activity Fund – this fund is used to account for the activities of student clubs and organizations held in a fiduciary capacity by the District.

E. Cash and Investments

Cash represents amounts on deposit with financial institutions or held by the District. The District is allowed to invest in the following types of investments: short-term certificates of deposit, repurchase agreements, money market deposit accounts, mutual funds, government pools, and U.S. Treasury Obligations. The District considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Investments are recorded at fair value in accordance with GASB Statement No. 72 *Fair Value Measurement and Application*. Accordingly, the change in fair value of investments is recognized as an increase or decrease to investment assets and investment income.

ALAMOSA SCHOOL DISTRICT RE-11J
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2018

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Receivables

Property taxes levied in 2017 but uncollected in 2018 are identified as property taxes receivable. Amounts of property taxes that are not available at June 30, 2018 are recorded as deferred inflows, and are presented net of an allowance for uncollectible taxes. Program grants are recorded as receivables and revenues at the time reimbursable project costs are incurred.

G. Inventories

Materials and supplies inventories are stated at cost. Inventories recorded in the Food Services Fund consist of purchased and donated commodities. Purchased inventories are stated at cost. Donated inventories, received at no cost under a program supported by the Federal Government, are recorded at their estimated fair value at the date of receipt.

The cost of all inventories is recorded as an asset when the individual inventory items are purchased, and as an expenditure or expense when consumed.

H. Capital Assets

Capital assets, which include property, vehicles and equipment, are utilized for general District operations and are capitalized at actual or estimated cost. Donations of such assets are recorded at estimated fair value at the time of donation. Capital assets are reported in the applicable governmental or business-type activities columns in the government-wide financial statements.

Maintenance, repairs, and minor renovations are recorded as expenditures when incurred. Major additions and improvements are capitalized. When assets used in the operation of the governmental fund types are sold, the proceeds of the sale are recorded as revenues in the appropriate fund. The District does not capitalize interest on the construction of capital assets in governmental funds. However, the District does capitalize interest on the construction of capital assets in business-type activities.

The monetary threshold for capitalization of assets is \$5,000. The District's capital assets are depreciated using the straight-line method over the estimated useful lives of the fixed assets (5-40 years). Depreciation of all capital assets is charged as an expense against their operations. Depreciation is recorded in the year of acquisition.

I. Deferred Outflows / Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

ALAMOSA SCHOOL DISTRICT RE-11J
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2018

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

I. Deferred Outflows / Inflows of Resources (continued)

In addition to liabilities, the statement of financial position sometimes reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

J. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long term debt and other long-term obligations are reported as liabilities in the applicable government activities, business-type activities, or proprietary fund type statement of net position. The District records long-term debt of governmental funds at the face value. The District's general obligation bonds are serviced from property taxes and other revenues of the Debt Service Fund. Capital leases are serviced from property taxes and other revenues of the General Fund. The long-term accumulated unpaid accrued sick leave is serviced from property taxes and other revenues by the respective fund type from future appropriations.

K. Constitutional Amendment

In November 1992, Colorado voters approved Article X of the Colorado Constitution by adding Section 20, commonly known as the Taxpayer's Bill of Rights (TABOR). TABOR contains revenue, spending, tax and debt limitations, which apply to the State of Colorado and local governments. It requires, with certain exceptions, advance voter approval for any new tax, tax rate increase, mill levy above that for the prior year, extension of an expiring tax, or tax policy change directly causing a net tax revenue gain to any entity.

In November of 1998 the registered voters approved a ballot resolution authorizing Alamosa School District RE-11J to collect, retain and expend all revenues from any source provided that no property tax mill levy be increased without the consent of the voters.

Except for refinancing bonded debt at a lower interest rate or adding new employees to existing pension plans, TABOR requires advance voter approval for the creation of any multiple-fiscal year debt or other financial obligation unless adequate present cash reserves are pledged irrevocably and held for payments in all future years. TABOR requires local governments to establish emergency reserves to be used for declared emergencies only. Emergencies, as defined by TABOR, exclude economic conditions, revenue shortfalls, or salary or fringe benefit increases. These reserves are required to be three percent or more of fiscal year spending (excluding bonded debt service). As of June 30, 2018 the District reserved \$600,000 for this purpose.

Spending and revenue limits are determined based on the prior fiscal year's spending adjusted for inflation in the prior calendar year plus annual increases in funded student enrollment. Fiscal year spending is generally defined as expenditures and reserve increases with certain exceptions.

ALAMOSA SCHOOL DISTRICT RE-11J
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2018

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

L. Property Taxes

Under Colorado law, all property taxes are due and payable in the year following the year levied. The 2017 property tax calendar for Alamosa and Conejos Counties was as follows:

Levy Date	December 22, 2017
Lien Date	January 1, 2018
Tax Bills Mailed	January 1, 2018
First Installment Due	February 28, 2018
Second Installment Due	June 15, 2018
If Paid in Full, Due	April 30, 2018
Tax Sale – 2016 Delinquent Property Taxes	October 25, 2017

M. Accumulated Staff Leave

District policy allows for the accumulation of staff leave. Staff eligible for retirement under the Public Employees Retirement Association (PERA) statutes are paid an amount of money equal to their number of unused leave days times the substitute rate of pay per day when there is a separation from service. Maximum reimbursable days may not exceed 70.

Compensated absences are reported as non-current liabilities in the government-wide financial statements. As of June 30, 2018, the District has recorded an estimated liability of \$98,835 relating to accrued sick leave payable.

A summary of changes in compensated absences is as follows:

	<u>Balance</u> <u>July 1, 2017</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance</u> <u>June 30, 2018</u>
Accumulated Sick Leave	<u>97,658</u>	<u>1,177</u>	<u> -</u>	<u>98,835</u>

N. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

O. Interest Expense

All interest expense has been reported as unallocated in the Government-wide financial statements.

ALAMOSA SCHOOL DISTRICT RE-11J
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2018

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

P. GASB Statement No. 54

The Government Accounting Standards Board (GASB) has issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions (GASB 54). This statement defines the different types of fund balances that a governmental entity must use for financial reporting purposes.

GASB 54 requires the fund balance amounts to be properly reported within one of the fund balance categories list below.

1. Nonspendable such as fund balances associated with inventories, prepaids, long-term loans and notes receivable, and property held for resale (unless the proceeds are restricted, committed, or assigned).
2. Restricted fund balance category includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation.
3. Committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the School District Board of Directors (the District's highest level of decision-making authority).
4. Assigned fund balance classification is intended to be used by the government for specific purposes that do not meet the criteria to be classified as restricted or committed.
5. Unassigned fund balance is the residual classification for the government's general fund and includes all spendable amounts not contained in the other classifications.

Fund Balance Classification Policies and Procedures

Committed Fund Balance Policy:

The District's Committed Fund Balance is fund balance reporting required by the School Board, either because of a School Board Policy in the School Board Policy Manual, or because of motions that passed at School Board meetings.

Assigned Fund Balance Policy:

The District's Assigned Fund Balance is fund balance reporting occurring by School Board Administration authority, under the direction of the Chief Business Officer.

Order of Fund Balance Spending Policy

The District's policy is to apply expenditures against non-spendable fund balance, restricted fund balance, committed fund balance, assigned fund balance, and unassigned fund balance at the end of the fiscal year by adjusting journal entries.

First, non-spendable fund balances are determined. Then restricted fund balances for specific purposes are determined (not including non-spendable amounts). Then unrestricted fund balances are determined following the order of committed, assigned, and unassigned.

Q. Accrued Salaries and Benefits

Salaries and retirement benefits of certain contractually employed personnel are paid over a twelve-month period from September to August, but are earned during a school year of approximately nine to ten months. The salaries and benefits earned, but unpaid, and June 30, 2018, are estimated to be \$1,917,071. Accordingly, the accrued compensation is reflected as a liability in the accompanying financial statements of the various funds.

ALAMOSA SCHOOL DISTRICT RE-11J
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2018

NOTE 2 RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The governmental funds balance sheet includes a reconciliation between *fund balances – total governmental funds* and *net position – governmental activities* as reported in the government-wide statement of net position. Additionally, the governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net change in fund balances – total government funds* and *changes in net position of governmental activities* as reported in the government-wide statement of activities.

These reconciliations detail items that require adjustment to convert from the current resources measurement and modified accrual basis for governmental fund statements to the economic resources measurement and full accrual basis used for government-wide statements. However, certain items having no effect on measurement and basis were eliminated from the government fund statements during the consolidation of governmental activities.

	Items Eliminated	
	Due From Other Funds	Due To Other Funds
General Fund	-	34,081
Designated Purpose Grant Fund	14,099	-
Student Athletics Fund	-	-
Food Service	19,982	-
Capital Reserve-Capital Project	8,160	-
Building Fund	-	8,160
	42,241	42,241
	Transfers In	Transfers Out
General Fund	-	1,028,022
School Athletics – Special Revenue Fund	655,397	-
Capital Reserve – Capital Project	372,625	-
	1,028,022	1,028,022

NOTE 3 BUDGETARY INFORMATION

Revenues and expenditures are controlled by budgetary accounting systems in accordance with various legal requirements. The budgeted revenues and expenditures represent the original adopted budget as subsequently adjusted by the Board of Education in accordance with Colorado School Laws. Budgets are generally prepared on the same basis as that used for accounting purposes.

ALAMOSA SCHOOL DISTRICT RE-11J
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2018

NOTE 3 BUDGETARY INFORMATION (Continued)

The District has set procedures to be followed in establishing the budgetary data reflected in the financial statements:

1. Prior to June 1, the Business Manager submits to the Board of Education a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them.
2. Public notices are released to obtain taxpayer comments.
3. Prior to June 30, the budget is legally enacted through passage of a resolution.
4. The Business Manager is authorized to transfer budgeted amounts between categories within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the Board of Education.
5. Formal budgetary integration should be employed as a management control device during the year for the General Fund, Special Revenue Funds, Debt Service Funds and Capital Project Funds.
6. Budgets for the General, Special Revenue, Debt Service and Capital Project Funds are adopted on a basis consistent with generally accepted accounting principles (GAAP). Budgets have been adopted for Trust and Agency Funds although measurement of operations is not required in the financial statements.

All appropriations lapse at the end of each fiscal year. Authorization to transfer budgeted amounts between programs and/or departments within any fund and the reallocation of budget line items within any program and/or department rests with the Superintendent of Schools and may be delegated to an appropriate level of management. Revisions and/or supplemental appropriations that alter the total expenditures of any fund must be approved by the Board of Education.

Budgetary amounts reported in the accompanying basic financial statements are as originally adopted and amended by the Superintendent and/or the Board of Education throughout the year.

NOTE 4 CASH AND INVESTMENTS

Deposits

The Colorado Public Deposit Protection Act (PDPA), requires that all units of local government deposit cash in eligible public depositories, eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool is to be maintained by another institution or held in trust for all the uninsured public deposits as a group. The market value of the collateral must be at least equal to the aggregate uninsured deposits.

ALAMOSA SCHOOL DISTRICT RE-11J
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2018

NOTE 4 CASH AND INVESTMENTS (Continued)

At June 30, 2018, the District's bank balance and corresponding carrying balance were as follows:

	<u>Carrying Balance</u>	<u>Bank Balance</u>
Insured (FDIC)	500,000	500,000
Uninsured, Collateralized under the Public Deposit Protection Act of the State of Colorado	4,784,379	5,418,155
Cash with County Treasurer	<u>74,004</u>	<u>-</u>
<u>Total Cash and Deposits</u>	<u>5,358,383</u>	<u>5,918,155</u>

As presented above, deposits with a bank balance of \$5,418,155 and a carrying balance of \$4,784,379 as of June 30, 2018 are uninsured, are exposed to custodial risk, and are collateralized with securities held by the pledging financial institution.

Investments

At June 30, 2018, the District had the following investments:

	<u>Investment</u>	<u>Maturity</u>	<u>Value</u>
COLOTRUST	State Pool	Under 60 Day Average	2,361,464

Interest Rate Risk – The District does not have a formal investment policy that limits investment maturities for managing possible fair value losses due to increasing interest rates.

Credit Risk – State Law limits the type of investments allowable. The investment of COLOTRUST is rated AAAM by Standard and Poor's.

Concentration of Credit Risk – the District has no policy restricting the amount that can be invested in any issuer.

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The District has no fair value measurements as of June 30, 2018:

- COLOTRUST – Investments in this external investment pool are reported at \$1 net asset value per share and are not subject to fair value measurement. The investment is reported at cost.

NOTE 7 LONG-TERM DEBT – CAPITAL LEASES AND GENERAL OBLIGATIONS

The following is a summary of the transactions in the District's long-term debt:

	Balance at <u>7-1-2017</u>	Additions	Retirements	Balance at <u>6-30-2018</u>	Current Portion
G.O. Bond Series 2009 B	1,140,000	-	65,000	1,075,000	65,000
G.O. Matching Bonds 2009	7,825,000	-	465,000	7,360,000	485,000
G.O. Bonds 2013 A	4,935,000	-	625,000	4,310,000	655,000
<u>Total</u>	13,900,000	-	1,155,000	12,745,000	

Long-Term Debt as of June 30, 2018, is comprised of the following:

Series 2009 Matching Money Bonds, Series 2009 B General Obligation Bonds

These general obligation debts were issued August 12, 2009 and November 17, 2009, respectively, for the purpose of constructing District Facilities. The Series 2009 Matching Money Bonds of \$10,484,032 were used to match \$24,948,623 in State of Colorado – BEST Program funds as required under the State of Colorado Building Excellent Schools Today Qualified School Construction Program. In addition to the series 2009 Matching Money Bonds and the BEST program funds, the District will use \$1,515,000 of Series 2009 B General Obligation Bonds to do the building project. The Series 2009 Matching Money Bonds were issued at an interest rate 4.135204%. The interest rates on the Series 2009 B General Obligation Bonds range from 4.5% to 5.4%. Series 2009 B G.O. Bonds have an optional call date of December 1, 2019 at 100%.

At the completion of construction, the District will fund \$120,000 per year for 10 years to fully fund the maintenance reserve requirement of the BEST Grant agreement.

General Obligation Series 2013
General Obligation Refunding Series 2013
Capital Appreciation Bonds 2013

On March 20, 2013, the District issued \$4,990,000 in General Obligation Bonds bearing interest rates ranging from 2.0% to 4.0% (at a premium of \$823,063), \$1,555,000 in General Obligation Refunding Bonds to advance refund \$1,680,000 of 2003 General Obligation Refunding Bonds with an average interest rate of 3.33%, and \$212,285 of Capital Appreciation Bonds.

Refunding proceeds of \$1,767,285 were deposited with an escrow agent to provide debt service payments of \$1,680,000 in principal and \$137,514 in interest on the 2003 Series Bonds. As a result, \$855,000 of 2003 Bonds are outstanding but considered to be defeased at June 30, 2018.

The District completed the advance refunding to reduce the total debt service payments over the next 3 years by \$23,539 and to obtain an economic gain (difference between the present value of the old and new debt service payments) of approximately \$22,000.

ALAMOSA SCHOOL DISTRICT RE-11J
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2018

NOTE 7 LONG-TERM DEBT – CAPITAL LEASES AND GENERAL OBLIGATIONS (Continued)

As a result of the difference between the reacquisition price and the carrying amount of the old debt (including unamortized premium), a deferred refunding was recorded in the amount of \$88,119. It was amortized against interest costs of the 2013 Refunding Series.

Below is a schedule of debt service requirements to maturity:

2013 G.O. Issue

<u>Year</u>	<u>Principal</u>	<u>Interest</u>
2019	655,000	159,300
2020	680,000	132,600
2021	695,000	105,100
2022	725,000	76,700
2023	765,000	46,900
2024	<u>790,000</u>	<u>15,800</u>
	<u>4,310,000</u>	<u>536,400</u>

Early Retirement Bonuses Payable

A bonus is paid by the District to retirees meeting the requirements outlined in policy regarding age (50) and years of service (15). The bonus is paid in equal annual installments over five years beginning no later than the July or January immediately following retirement. The bonus is calculated as a percentage of salary as listed in the salary schedule. Percentages range from 40% to 75%. Amounts due within 60 days of year end are included in the General Fund as a liability.

The changes in the bonuses payable follow:

<u>Balance at 7-1-2017</u>	<u>Additions</u>	<u>Retirements</u>	<u>Balance at 6-30-2018</u>
<u>360,726</u>	<u>34,458</u>	<u>149,667</u>	<u>245,517</u>

NOTE 8 PENSION PLAN

Defined Benefit Pension Plan

Summary of Significant Accounting Policies

Pensions. Alamosa School District RE-11J participates in the School Division Trust Fund (SCHDTF), a cost-sharing multiple-employer defined benefit pension fund administered by the Public Employees' Retirement Association of Colorado ("PERA"). The net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position and additions to/deductions from the fiduciary net position of the SCHDTF have been determined using the economic resources measurement focus and the accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

During the 2018 legislative session, the Colorado General Assembly passed significant pension reform through Senate Bill (SB) 18-200: *Concerning Modifications to the Public Employees' Retirement Association Hybrid Defined Benefit Plan Necessary to Eliminate with a High Probability the Unfunded Liability of the Plan Within the Next Thirty Years*. Governmental accounting standards require the net pension liability and related amounts of the SCHDTF for financial reporting purposes be measured using the plan provisions in effect as of the SCHDTF's measurement date of December 31, 2017. As such, the following disclosures do not include the changes to plan provisions required by SB 18-200 with the exception of the section titled *Changes between the measurement date of the net pension liability and June 30, 2018*.

General Information about the Pension Plan

Plan description. Eligible employees of the Alamosa School District RE-11J are provided with pensions through the School Division Trust Fund (SCHDTF) - a cost-sharing multiple-employer defined benefit pension plan administered by PERA. Plan benefits are specified in Title 24, Article 51 of the Colorado Revised Statutes (C.R.S.), administrative rules set forth at 8 C.C.R. 1502-1, and applicable provisions of the federal Internal Revenue Code. Colorado State law provisions may be amended from time to time by the Colorado General Assembly. PERA issues a publicly available comprehensive annual financial report that can be obtained at www.copera.org/investment/pera-financial-reports.

Benefits provided as of December 31, 2017. PERA provides retirement, disability, and survivor benefits. Retirement benefits are determined by the amount of service credit earned and/or purchased, highest average salary, the benefit structure(s) under which the member retires, the benefit option selected at retirement, and age at retirement. Retirement eligibility is specified in tables set forth at C.R.S. 24-51-602, 604, 1713, and 1714.

The lifetime retirement benefit for all eligible retiring employees under the PERA Benefit Structure is the greater of the:

ALAMOSA SCHOOL DISTRICT RE-11J
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2018

NOTE 8 PENSION PLAN (Continued)

- Highest average salary multiplied by 2.5 percent and then multiplied by years of service credit.
- The value of the retiring employee's member contribution account plus a 100 percent match on eligible amounts as of the retirement date. This amount is then annuitized into a monthly benefit based on life expectancy and other actuarial factors.

The lifetime retirement benefit for all eligible retiring employees under the Denver Public Schools (DPS) benefit structure is the greater of the:

- Highest average salary multiplied by 2.5 percent and then multiplied by years of service credit.
- \$15 times the first 10 years of service credit plus \$20 times service credit over 10 years plus a monthly amount equal to the annuitized member contribution account balance based on life expectancy and other actuarial factors.

In all cases the service retirement benefit is limited to 100 percent of highest average salary and also cannot exceed the maximum benefit allowed by federal Internal Revenue Code.

Members may elect to withdraw their member contribution accounts upon termination of employment with all PERA employers; waiving rights to any lifetime retirement benefits earned. If eligible, the member may receive a match of either 50 percent or 100 percent on eligible amounts depending on when contributions were remitted to PERA, the date employment was terminated, whether 5 years of service credit has been obtained and the benefit structure under which contributions were made.

As of December 31, 2017, benefit recipients who elect to receive a lifetime retirement benefit are generally eligible to receive post-retirement cost-of-living adjustments, referred to as annual increases in the C.R.S. Benefit recipients under the PERA benefit structure who began eligible employment before January 1, 2007 and all benefit recipients of the DPS benefit structure receive an annual increase of 2 percent, unless PERA has a negative investment year, in which case the annual increase for the next three years is the lesser of 2 percent or the average of the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W) for the prior calendar year. Benefit recipients under the PERA benefit structure who began eligible employment after January 1, 2007 receive an annual increase of the lesser of 2 percent or the average CPI-W for the prior calendar year, not to exceed 10 percent of PERA's Annual Increase Reserve (AIR) for the SCHDTF.

Disability benefits are available for eligible employees once they reach five years of earned service credit and are determined to meet the definition of disability. The disability benefit amount is based on the retirement benefit formula shown above considering a minimum 20 years of service credit, if deemed disabled.

ALAMOSA SCHOOL DISTRICT RE-11J
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2018

NOTE 8 **PENSION PLAN (Continued)**

Survivor benefits are determined by several factors, which include the amount of earned service credit, highest average salary of the deceased, the benefit structure(s) under which service credit was obtained, and the qualified survivor(s) who will receive the benefits.

Contribution provisions as of June 30, 2018. Eligible employees and Alamosa School District RE-11J are required to contribute to the SCHDTF at a rate set by Colorado statute. The contribution requirements are established under C.R.S. 24-51-401, et seq. Eligible employees are required to contribute 8 percent of their PERA- includable salary. The employer contribution requirements are summarized in the table below.

	For the Year Ended December 31, 2017	For the Year Ended December 31, 2018
Employer Contribution Rate	10.15 %	10.15 %
Amount of Employer Contribution apportioned to the Health Care Trust Fund as specified in C.R.S. 24-51-208 (1) (f)	(1.02)%	(1.02)%
Amount Apportioned to the SCHDTF	9.13%	9.13%
Amortization Equalization Disbursement (AED) as specified in C.R.S. 24-51-411	4.50%	4.50%
Supplemental Amortization Equalization Disbursement (SAED) as specified in C.R.S. 24-51-411	5.000%	5.50%
Total Employer Contribution Rate to the SCHDTF	18.63%	19.13%

Rates are expressed as a percentage of salary as defined in C.R.S. §24-51-101(42).

Employer contributions are recognized by the SCHDTF in the period in which the compensation becomes payable to the member and the Alamosa School District RE-11J is statutorily committed to pay the contributions to the SCHDTF. Employer contributions recognized by the SCHDTF from Alamosa School District RE-11J were \$2,082,562 for the year ended June 30, 2018.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2018, the Alamosa School District RE-11J reported a liability of \$76,143,766 for its proportionate share of the net pension liability. The net pension liability for the SCHDTF was measured as of December 31, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2016. Standard update procedures were used to roll forward the total pension liability to December 31, 2017. The Alamosa School District RE-11J proportion of the net pension liability was based on Alamosa School District RE-11J contributions to the SCHDTF for the calendar year 2017 relative to the total contributions of participating employers to the SCHDTF.

At December 31, 2017, the Alamosa School District RE-11J proportion was 0.2355 percent, which was an increase of 0.0021 percent of its proportion measured as of December 31, 2016.

ALAMOSA SCHOOL DISTRICT RE-11J
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2018

NOTE 8 PENSION PLAN (Continued)

For the year ended June 30, 2018, the Alamosa School District RE-11J recognized pension expense of \$14,347,370. At June 30, 2018, the Alamosa School District RE-11J reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	1,399,963	-
Changes of assumptions or other inputs	19,442,332	(123,376)
Net difference between projected and actual earnings on pension plan investments	1,509,512	(4,499,751)
Changes in proportion and differences between contributions recognized and proportionate share of contributions	990,150	-
Contributions subsequent to the measurement date	1,074,971	N/A
Total	24,416,928	(4,623,127)

\$1,074,971 reported as deferred outflows of resources related to pensions, resulting from contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30,	
2019	12,605,624
2020	7,102,146
2021	136,000
2022	(1,124,940)
2023	-
Thereafter	-

ALAMOSA SCHOOL DISTRICT RE-11J
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2018

NOTE 8 PENSION PLAN (Continued)

Actuarial assumptions. The total pension liability in the December 31, 2016 actuarial valuation was determined using the following actuarial cost method, actuarial assumptions and other inputs:

Actuarial cost method	Entry age
Price inflation	2.40 percent
Real wage growth	1.10 percent
Wage inflation	3.50 percent
Salary increases, including wage inflation	3.50 – 9.70 percent
Long-term investment rate of return, net of pension plan investment expenses, including price inflation	7.25 percent
Discount rate	5.26 percent
Post-retirement benefit increases:	
PERA benefit structure hired prior to 1/1/07 and DPS benefit structure (automatic)	2.00 percent
PERA benefit structure hired after 12/31/06 (ad hoc, substantively automatic)	Financed by the Annual Increase Reserve

A discount rate of 4.78 percent was used in the roll-forward calculation of the total pension liability to the measurement date of December 31, 2017.

Healthy mortality assumptions for active members reflect the RP-2014 White Collar Employee Mortality Table, a table specifically developed for actively working people. To allow for an appropriate margin of improved mortality prospectively, the mortality rates incorporate a 70 percent factor applied to male rates and a 55 percent factor applied to female rates.

Healthy, post-retirement mortality assumptions reflect the RP-2014 White Collar Healthy Annuitant Mortality Table, adjusted as follows:

- Males: Mortality improvement projected to 2018 using the MP-2015 projection scale, a 93 percent factor applied to rates for ages less than 80, a 113 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.
- Females: Mortality improvement projected to 2020 using the MP-2015 projection scale, a 68 percent factor applied to rates for ages less than 80, a 106 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.

For disabled retirees, the mortality assumption was based on 90 percent of the RP-2014 Disabled Retiree Mortality Table.

The actuarial assumptions used in the December 31, 2016, valuations were based on the results of the 2016 experience analysis for the periods January 1, 2012, through December 31, 2015, as well as, the October 28, 2016, actuarial assumptions workshop and were adopted by the PERA Board during the November 18, 2016, Board meeting.

ALAMOSA SCHOOL DISTRICT RE-11J
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2018

NOTE 8 **PENSION PLAN (Continued)**

The long-term expected return on pension plan assets is reviewed as part of regular experience studies prepared every four or five years for PERA. Recently, this assumption has been reviewed more frequently. The most recent analyses were outlined in presentations to PERA's Board on October 28, 2016.

Several factors were considered in evaluating the long-term rate of return assumption for the SCHDTF, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed by the investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation.

As of the most recent adoption of the current long-term expected rate of return by the PERA Board, the target asset allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	30 Year Expected Geometric Real Rate of Return
U.S. Equity – Large Cap	21.20%	4.30%
U.S. Equity – Small Cap	7.42%	4.80%
Non U.S. Equity – Developed	18.55%	5.20%
Non U.S. Equity – Emerging	5.83%	5.40%
Core Fixed Income	19.32%	1.20%
High Yield	1.38%	4.30%
Non U.S. Fixed Income - Developed	1.84%	0.60%
Emerging Market Debt	0.46%	3.90%
Core Real Estate	8.50%	4.90%
Opportunity Fund	6.00%	3.80%
Private Equity	8.50%	6.60%
Cash	1.00%	0.20%
Total	100.00%	

*In setting the long-term expected rate of return, projections employed to model future returns provide a range of expected long-term returns that, including expected inflation, ultimately support a long-term expected rate of return assumption of 7.25%.

Discount rate. The discount rate used to measure the total pension liability was 5.26 percent. The projection of cash flows used to determine the discount rate applied the actuarial cost method and assumptions shown above. In addition, the following methods and assumptions were used in the projection of cash flows:

- Total covered payroll for the initial projection year consists of the covered payroll of the active membership present on the valuation date and the covered payroll of future plan members assumed to be hired during the year. In subsequent projection years, total covered payroll was assumed to increase annually at a rate of 3.50%.

ALAMOSA SCHOOL DISTRICT RE-11J
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2018

NOTE 8 PENSION PLAN (Continued)

- Employee contributions were assumed to be made at the current member contribution rate. Employee contributions for future plan members were used to reduce the estimated amount of total service costs for future plan members.
- Employer contributions were assumed to be made at rates equal to the fixed statutory rates specified in law and effective as of the measurement date, including current and estimated future AED and SAED, until the Actuarial Value Funding Ratio reaches 103%, at which point, the AED and SAED will each drop 0.50% every year until they are zero. Additionally, estimated employer contributions included reductions for the funding of the AIR and retiree health care benefits. For future plan members, employer contributions were further reduced by the estimated amount of total service costs for future plan members not financed by their member contributions.
- Employer contributions and the amount of total service costs for future plan members were based upon a process used by the plan to estimate future actuarially determined contributions assuming an analogous future plan member growth rate.
- The AIR balance was excluded from the initial fiduciary net position, as, per statute. AIR amounts cannot be used to pay benefits until transferred to either the retirement benefits reserve or the survivor benefits reserve, as appropriate. As the ad hoc post-retirement benefit increases financed by the AIR are defined to have a present value at the long-term expected rate of return on plan investments equal to the amount transferred for their future payment, AIR transfers to the fiduciary net position and the subsequent AIR benefit payments have no impact on the Single Equivalent Interest Rate (SEIR) determination process when the timing of AIR cash flows is not a factor (i.e., the plan's fiduciary net position is not projected to be depleted). When AIR cash flow timing is a factor in the SEIR determination process (i.e., the plan's fiduciary net position is projected to be depleted), AIR transfers to the fiduciary net position and the subsequent AIR benefit payments were estimated and included in the projections.
- Benefit payments and contributions were assumed to be made at the end of the month.

Based on the above assumptions and methods, the projection test indicates the SCHDTF's fiduciary net position was projected to be depleted in 2041 and, as a result, the municipal bond index rate was used in the determination of the discount rate. The long-term expected rate of return of 7.25 percent on pension plan investments was applied to periods through 2041 and the municipal bond index rate, the December average of the Bond Buyer General Obligation 20-year Municipal Bond Index published weekly by the Bond Buyer, was applied to periods on and after 2041 to develop the discount rate. For the measurement date, the municipal bond index rate was 3.43 percent, resulting in a discount rate of 4.78 percent.

As of the prior measurement date, the long-term expected rate of return on plan investments of 7.25 percent and the municipal bond index rate of 3.86 percent were used in the discount rate determination resulting in a discount rate of 5.26 percent, 0.48 percent higher compared to the current measurement date.

ALAMOSA SCHOOL DISTRICT RE-11J
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2018

NOTE 8 PENSION PLAN (Continued)

Sensitivity of the Alamosa School District RE-11J proportionate share of the net pension liability to changes in the discount rate. The following presents the proportionate share of the net pension liability calculated using the discount rate of 4.78 percent, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (3.78 percent) or 1-percentage-point higher (6.78 percent) than the current rate:

	1% Decrease (3.78%)	Current Discount Rate (4.78%)	1% Increase (5.78%)
Proportionate share of the net pension liability	96,182,527	76,143,766	59,814,464

Pension plan fiduciary net position. Detailed information about the SCHDTF's fiduciary net position is available in PERA's comprehensive annual financial report which can be obtained at www.copera.org/investments/pera-financial-reports.

Changes between the measurement date of the net pension liability and June 30, 2018.

During the 2018 legislative session, the Colorado General Assembly passed significant pension reform through SB 18-200: Concerning Modifications to the Public Employees' Retirement Association Hybrid Defined Benefit Plan Necessary to Eliminate with a High Probability the Unfunded Liability of the Plan Within the Next Thirty Years. The bill was signed into law by Governor Hickenlooper on June 4, 2018. SB 18-200 makes changes to the plans administered by PERA with the goal of eliminating the unfunded actuarial accrued liability of the Division Trust Funds and thereby reach a 100 percent funded ratio for each division within the next 30 years.

A brief description of some of the major changes to plan provisions required by SB 18-200 are listed below. A full copy of the bill can be found online at www.leg.colorado.gov.

- Increases employer contribution rates by 0.25 percent on July 1, 2019.
- Increases employee contribution rates by a total of 2 percent (to be phased in over a period of 3 years starting on July 1, 2019).
- Directs the state to allocate \$225 million each year to PERA starting on July 1, 2018. A portion of the direct distribution will be allocated to the SCHDTF based on the proportionate amount of annual payroll of the SCHDTF to the other divisions eligible for the direct distribution.
- Modifies the retirement benefits, including temporarily suspending and reducing the annual increase for all current and future retirees, modifying the highest average salary for employees with less than five years of service credit on December 31, 2019 and raises the retirement age for new employees.
- Member contributions, employer contributions, the direct distribution from the state, and the annual increases will be adjusted based on certain statutory parameters beginning July 1, 2020, and then each year thereafter, to help keep PERA on path to full funding in 30 years.

ALAMOSA SCHOOL DISTRICT RE-11J
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2018

NOTE 8 **PENSION PLAN (Continued)**

At June 30 2018, the Alamosa School District RE-11J reported a liability of \$76,143,766 for its proportionate share of the net pension liability which was measured using the plan provisions in effect as of the pension plan's year-end based on a discount rate of 4.78%. For comparative purposes, the following schedule presents an estimate of what the Alamosa School District RE-11J's proportionate share of the net pension liability and associated discount rate would have been had the provisions of SB 18-200, applicable to the SCHDTF, become law on December 31, 2017. This pro forma information was prepared using the fiduciary net position of the SCHDTF as of December 31, 2017. Future net pension liabilities reported could be materially different based on changes in investment markets, actuarial assumptions, plan experience and other factors.

Estimated Discount Rate Calculated Using Plan Provisions Required by SB 18-200 (pro forma)	Proportionate Share of the Estimated Net Pension Liability Calculated Using Plan Provisions Required by SB 18-200 (pro forma)
7.25%	34,401,093

Recognizing that the changes in contribution and benefit provisions also affect the determination of the discount rate used to calculate proportionate share of the net pension liability, approximately \$35,544,456 of the estimated reduction is attributable to the use of a 7.25 percent discount rate.

Defined Contribution Pension Plan

Voluntary Investment Program

Plan Description – Employees of the Alamosa School District RE-11J that are also members of the SCHDTF may voluntarily contribute to the Voluntary Investment Program, an Internal Revenue Code Section 401(k) defined contribution plan administered by PERA, Title 24, Article 51, Part 14 of the C.R.S., as amended, assigns the authority to establish the Plan provisions to the PERA Board of Trustees. PERA issues a publicly available comprehensive annual financial report which includes additional information on the Voluntary Investment Program. That report can be obtained at www.copera.org/investments/pera-financial-reports.

Funding Policy – The Voluntary Investment Program is funded by voluntary member contributions up to the maximum limits set by the Internal Revenue Service, as established under Title 24, Article 51, Section 1402 of the C.R.S., as amended. Employees are immediately vested in their own contributions and investment earnings. For the year ended June 30, 2018, program members contributed \$35,451.

NOTE 9 OTHER POST EMPLOYMENT BENEFITS

Defined Benefit Other Post Employment Benefit (OPEB) Plan

Summary of Significant Accounting Policies

OPEB. Alamosa School District RE-11J participates in the Health Care Trust Fund (HCTF), a cost-sharing multiple-employer defined benefit OPEB fund administered by the Public Employees' Retirement Association of Colorado ("PERA"). The net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, OPEB expense, information about the fiduciary net position and additions to/deductions from the fiduciary net position of the HCTF have been determined using the economic resources measurement focus and the accrual basis of accounting. For this purpose, benefits paid on behalf of health care participants are recognized when due and/or payable in accordance with the benefit terms. Investments are reported at fair value.

General Information about the OPEB Plan

Plan description. Eligible employees of the Alamosa School District RE-11J are provided with OPEB through the HCTF—a cost-sharing multiple-employer defined benefit OPEB plan administered by PERA. The HCTF is established under Title 24, Article 51, Part 12 of the Colorado Revised Statutes (C.R.S.), as amended. Colorado State law provisions may be amended from time to time by the Colorado General Assembly. Title 24, Article 51, Part 12 of the C.R.S., as amended, sets forth a framework that grants authority to the PERA Board to contract, self-insure, and authorize disbursements necessary in order to carry out the purposes of the PERACare program, including the administration of the premium subsidies. Colorado State law provisions may be amended from time to time by the Colorado General Assembly. PERA issues a publicly available comprehensive annual financial report that can be obtained at www.copera.org/investments/pera-financial-reports.

Benefits provided. The HCTF provides a health care premium subsidy to eligible participating PERA benefit recipients and retirees who choose to enroll in one of the PERA health care plans, however, the subsidy is not available if only enrolled in the dental and/or vision plan(s). The health care premium subsidy is based upon the benefit structure under which the member retires and the member's years of service credit. For members who retire having service credit with employers in the Denver Public Schools (DPS) Division and one or more of the other four Divisions (State, School, Local Government and Judicial), the premium subsidy is allocated between the HCTF and the Denver Public Schools Health Care Trust Fund (DPS HCTF). The basis for the amount of the premium subsidy funded by each trust fund is the percentage of the member contribution account balance from each division as it relates to the total member contribution account balance from which the retirement benefit is paid.

C.R.S. § 24-51-1202 et seq. specifies the eligibility for enrollment in the health care plans offered by PERA and the amount of the premium subsidy. The law governing a benefit recipient's eligibility for the subsidy and the amount of the subsidy differs slightly depending under which benefit structure the benefits are calculated. All benefit recipients under the PERA benefit structure and all retirees under the DPS benefit structure are eligible for a premium subsidy, if enrolled in a health care plan under PERACare. Upon the death of a DPS benefit structure retiree, no further subsidy is paid.

ALAMOSA SCHOOL DISTRICT RE-11J
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2018

NOTE 9

OTHER POST EMPLOYMENT BENEFITS (Continued)

Enrollment in the PERACare is voluntary and is available to benefit recipients and their eligible dependents, certain surviving spouses, and divorced spouses and guardians, among others. Eligible benefit recipients may enroll into the program upon retirement, upon the occurrence of certain life events, or on an annual basis during an open enrollment period.

PERA Benefit Structure

The maximum service-based premium subsidy is \$230 per month for benefit recipients who are under 65 years of age and who are not entitled to Medicare; the maximum service-based subsidy is \$115 per month for benefit recipients who are 65 years of age or older or who are under 65 years of age and entitled to Medicare. The basis for the maximum service-based subsidy, in each case, is for benefit recipients with retirement benefits based on 20 or more years of service credit. There is a 5 percent reduction in the subsidy for each year less than 20. The benefit recipient pays the remaining portion of the premium to the extent the subsidy does not cover the entire amount.

For benefit recipients who have not participated in Social Security and who are not otherwise eligible for premium-free Medicare Part A for hospital-related services, C.R.S. § 24-51-1206(4) provides an additional subsidy. According to the statute, PERA cannot charge premiums to benefit recipients without Medicare Part A that are greater than premiums charged to benefit recipients with Part A for the same plan option, coverage level, and service credit. Currently, for each individual PERACare enrollee, the total premium for Medicare coverage is determined assuming plan participants have both Medicare Part A and Part B and the difference in premium cost is paid by the HCTF or the DPS HCTF on behalf of benefit recipients not covered by Medicare Part A.

DPS Benefit Structure

The maximum service-based premium subsidy is \$230 per month for retirees who are under 65 years of age and who are not entitled to Medicare; the maximum service-based subsidy is \$115 per month for retirees who are 65 years of age or older or who are under 65 years of age and entitled to Medicare. The basis for the maximum subsidy, in each case, is for retirees with retirement benefits based on 20 or more years of service credit. There is a 5 percent reduction in the subsidy for each year less than 20. The retiree pays the remaining portion of the premium to the extent the subsidy does not cover the entire amount.

For retirees who have not participated in Social Security and who are not otherwise eligible for premium-free Medicare Part A for hospital-related services, the HCTF or the DPS HCTF pays an alternate service-based premium subsidy. Each individual retiree meeting these conditions receives the maximum \$230 per month subsidy reduced appropriately for service less than 20 years, as described above. Retirees who do not have Medicare Part A pay the difference between the total premium and the monthly subsidy.

Contributions. Pursuant to Title 24, Article 51, Section 208(1)(f) of the C.R.S., as amended, certain contributions are apportioned to the HCTF. PERA-affiliated employers of the State, School, Local Government, and Judicial Divisions are required to contribute at a rate of 1.02 percent of PERA-includable salary into the HCTF.

ALAMOSA SCHOOL DISTRICT RE-11J
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2018

NOTE 9 **OTHER POST EMPLOYMENT BENEFITS (Continued)**

Employer contributions are recognized by the HCTF in the period in which the compensation becomes payable to the member and the Alamosa School District RE-11J is statutorily committed to pay the contributions. Employer contributions recognized by the HCTF from Alamosa School District RE-11J were \$112,483 for the year ended June 30, 2018.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2018, the Alamosa School District RE-11J reported a liability of \$1,738,820 for its proportionate share of the net OPEB liability. The net OPEB liability for the HCTF was measured as of December 31, 2017, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of December 31, 2016. Standard update procedures were used to roll-forward the total OPEB liability to December 31, 2017. The Alamosa School District RE-11J proportion of the net OPEB liability was based on Alamosa School District RE-11J contributions to the HCTF for the calendar year 2017 relative to the total contributions of participating employers to the HCTF.

At December 31, 2017, the Alamosa School District RE-11J proportion was 0.1338 percent, which was an increase of 0.0011 percent from its proportion measured as of December 31, 2016.

For the year ended June 30, 2018, the Alamosa School District RE-11J recognized OPEB expense of \$40,110. At June 30, 2018, the Alamosa School District RE-11J reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	8,223	-
Changes of assumptions or other inputs	-	-
Net difference between projected and actual earnings on OPEB plan investments	-	(29,090)
Changes in proportion and differences between contributions recognized and proportionate share of contributions	12,115	-
Contributions subsequent to the measurement date	57,317	N/A
Total	77,655	(29,090)

ALAMOSA SCHOOL DISTRICT RE-11J
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2018

NOTE 9 OTHER POST EMPLOYMENT BENEFITS (Continued)

\$57,317 reported as deferred outflows of resources related to OPEB, resulting from contributions subsequent to the measurement date, will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended June 30,	
2019	(3,277)
2020	(3,277)
2021	(3,277)
2022	(3,274)
2023	3,996
Thereafter	357

Actuarial assumptions. The total OPEB liability in the December 31, 2016 actuarial valuation was determined using the following actuarial cost method, actuarial assumptions and other inputs:

Actuarial cost method	Entry age
Price inflation	2.40 percent
Real wage growth	1.10 percent
Wage inflation	3.50 percent
Salary increases, including wage inflation	3.50 percent in aggregate
Long-term investment rate of return, net of pension plan investment expenses, including price inflation	7.25 percent
Discount rate	7.25 percent
Health care cost trend rates	
PERA benefit structure:	
Service-based premium subsidy	0.00 percent
PERACare Medicare plans	5.00 percent
Medicare Part A premiums	3.00 percent for 2017, gradually rising to 4.25 percent in 2023
DPS benefit structure:	
Service-based premium subsidy	0.00 percent
PERACare Medicare plans	N/A
Medicare Part A premiums	N/A

The calculations are based on the benefits provided under the terms of the substantive plan in effect at the time of each actuarial valuation and on the pattern of sharing of costs between employers of each fund to that point.

Health care cost trend rates reflect the change in per capita health costs over time due to factors such as medical inflation, utilization, plan design, and technology improvements. For the PERA benefit structure, health care cost trend rates are needed to project the future costs associated with providing benefits to those PERACare enrollees not eligible for premium-free Medicare Part A.

ALAMOSA SCHOOL DISTRICT RE-11J
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2018

NOTE 9 OTHER POST EMPLOYMENT BENEFITS (Continued)

Health care cost trend rates for the PERA benefit structure are based on published annual health care inflation surveys in conjunction with actual plan experience (if credible), building block models and heuristics developed by health plan actuaries and administrators, and projected trends for the Federal Hospital Insurance Trust Fund (Medicare Part A premiums) provided by the Centers for Medicare & Medicaid Services. Effective December 31, 2016, the health care cost trend rates for Medicare Part A premiums were revised to reflect the current expectation of future increases in rates of inflation applicable to Medicare Part A premiums.

The PERA benefit structure health care cost trend rates that were used to measure the total OPEB liability are summarized in the table below:

Year	PERACare Medicare Plans	Medicare Part A Premiums
2017	5.00%	3.00%
2018	5.00%	3.25%
2019	5.00%	3.50%
2020	5.00%	3.75%
2021	5.00%	4.00%
2022	5.00%	4.00%
2023	5.00%	4.25%
2024+	5.00%	4.25%

The Mortality assumptions for the determination of the total pension liability for each of the Division Trust Funds as shown below are applied, as applicable, in the determination of the total OPEB liability for the HCTF. Affiliated employers of the State, School, Local Government, and Judicial Divisions participate in the HCTF.

Healthy mortality assumptions for active members were based on the RP-2014 White Collar Employee Mortality Table, a table specifically developed for actively working people. To allow for an appropriate margin of improved mortality prospectively, the mortality rates incorporate a 70 percent factor applied to male rates and a 55 percent factor applied to female rates.

Healthy, post-retirement mortality assumptions for the State and Local Government Divisions were based on the RP-2014 Healthy Annuitant Mortality Table, adjusted as follows:

- **Males:** Mortality improvement projected to 2018 using the MP-2015 projection scale, a 73 percent factor applied to rates for ages less than 80, a 108 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.
- **Females:** Mortality improvement projected to 2020 using the MP-2015 projection scale, a 78 percent factor applied to rates for ages less than 80, a 109 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.

ALAMOSA SCHOOL DISTRICT RE-11J
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2018

NOTE 9 OTHER POST EMPLOYMENT BENEFITS (Continued)

Healthy, post-retirement mortality assumptions for the School and Judicial Divisions were based on the RP-2014 White Collar Healthy Annuitant Mortality Table, adjusted as follows:

- **Males:** Mortality improvement projected to 2018 using the MP-2015 projection scale, a 93 percent factor applied to rates for ages less than 80, a 113 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.
- **Females:** Mortality improvement projected to 2020 using the MP-2015 projection scale, a 68 percent factor applied to rates for ages less than 80, a 106 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.

For disabled retirees, the mortality assumption was based on 90 percent of the RP-2014 Disabled Retiree Mortality Table.

The following economic and demographic assumptions were specifically developed for, and used in, the measurement of the obligations for the HCTF:

- The assumed rates of PERACare participation were revised to reflect more closely actual experience.
- Initial per capita health care costs for those PERACare enrollees under the PERA benefit structure who are expected to attain age 65 and older ages and are not eligible for premium-free Medicare Part A benefits were updated to reflect the change in costs for the 2017 plan year.
- The percentages of PERACare enrollees who will attain age 65 and older ages and are assumed to not qualify for premium-free Medicare Part A coverage were revised to more closely reflect actual experience.
- The percentage of disabled PERACare enrollees who are assumed to not qualify for premium-free Medicare Part A coverage were revised to reflect more closely actual experience.
- Assumed election rates for the PERACare coverage options that would be available to future PERACare enrollees who will qualify for the “No Part A Subsidy” when they retire were revised to more closely reflect actual experience.
- Assumed election rates for the PERACare coverage options that will be available to those current PERACare enrollees, who qualify for the “No Part A Subsidy” but have not reached age 65, were revised to more closely reflect actual experience.

ALAMOSA SCHOOL DISTRICT RE-11J
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2018

NOTE 9

OTHER POST EMPLOYMENT BENEFITS (Continued)

- The health care cost trend rates for Medicare Part A premiums were revised to reflect the then-current expectation of future increases in rates of inflation applicable to Medicare Part A premiums.
- The rates of PERAcare coverage election for spouses of eligible inactive members and future retirees were revised to more closely reflect actual experience.
- The assumed age differences between future retirees and their participating spouses were revised to reflect more closely actual experience.

The actuarial assumptions used in the December 31, 2016, valuations were based on the results of the 2016 experience analysis for the periods January 1, 2012, through December 31, 2015, as well as, the October 28, 2016, actuarial assumptions workshop and were adopted by the PERA Board during the November 18, 2016, Board meeting. In addition, certain actuarial assumptions pertaining to per capita health care costs and their related trends are analyzed and reviewed by PERA's actuary, as needed.

The long-term expected return on plan assets is reviewed as part of regular experience studies prepared every four or five years for PERA. Recently, this assumption has been reviewed more frequently. The most recent analyses were outlined in presentations to PERA's Board on October 28, 2016.

Several factors were considered in evaluating the long-term rate of return assumption for the HCTF, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation.

As of the most recent adoption of the long-term expected rate of return by the PERA Board, the target asset allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

ALAMOSA SCHOOL DISTRICT RE-11J
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2018

NOTE 9

OTHER POST EMPLOYMENT BENEFITS (Continued)

Asset Class	Target Allocation	30 Year Expected Geometric Real Rate of Return
U.S. Equity – Large Cap	21.20%	4.30%
U.S. Equity – Small Cap	7.42%	4.80%
Non U.S. Equity – Developed	18.55%	5.20%
Non U.S. Equity – Emerging	5.83%	5.40%
Core Fixed Income	19.32%	1.20%
High Yield	1.38%	4.30%
Non U.S. Fixed Income - Developed	1.84%	0.60%
Emerging Market Debt	0.46%	3.90%
Core Real Estate	8.50%	4.90%
Opportunity Fund	6.00%	3.80%
Private Equity	8.50%	6.60%
Cash	1.00%	0.20%
Total	100.00%	

*In setting the long-term expected rate of return, projections employed to model future returns provide a range of expected long-term returns that, including expected inflation, ultimately support a long-term expected rate of return assumption of 7.25%.

Sensitivity of the Alamosa School District RE-11J proportionate share of the net OPEB liability to changes in the Health Care Cost Trend Rates. The following presents the net OPEB liability using the current health care cost trend rates applicable to the PERA benefit structure, as well as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current rates:

	1% Decrease in Trend Rates	Current Trend Rates	1% Increase in Trend Rates
PERACare Medicare trend rate	4.00%	5.00%	6.00%
Initial Medicare Part A trend rate	2.00%	3.00%	4.00%
Ultimate Medicare Part A trend rate	3.25%	4.25%	5.25%
Net OPEB Liability	1,690,979	1,738,820	1,796,443

Discount rate. The discount rate used to measure the total OPEB liability was 7.25 percent. The projection of cash flows used to determine the discount rate applied the actuarial cost method and assumptions shown above. In addition, the following methods and assumptions were used in the projection of cash flows:

- Updated health care cost trend rates for Medicare Part A premiums as of the December 31, 2017, measurement date.

ALAMOSA SCHOOL DISTRICT RE-11J
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2018

NOTE 9 OTHER POST EMPLOYMENT BENEFITS (Continued)

- Total covered payroll for the initial projection year consists of the covered payroll of the active membership present on the valuation date and the covered payroll of future plan members assumed to be hired during the year. In subsequent projection years, total covered payroll was assumed to increase annually at a rate of 3.50%.
- Employer contributions were assumed to be made at rates equal to the fixed statutory rates specified in law and effective as of the measurement date. For future plan members, employer contributions were reduced by the estimated amount of total service costs for future plan members.
- Employer contributions and the amount of total service costs for future plan members were based upon a process used by the plan to estimate future actuarially determined contributions assuming an analogous future plan member growth rate.
- Transfers of a portion of purchase service agreements intended to cover the costs associated with OPEB benefits were estimated and included in the projections.
- Benefit payments and contributions were assumed to be made at the end of the month.

Based on the above assumptions and methods, the projection test indicates the HCTF's fiduciary net position was projected to make all projected future benefit payments of current members. Therefore, the long-term expected rate of return of 7.25 percent on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability. The discount rate determination does not use the municipal bond index rate, and therefore, the discount rate is 7.25 percent.

Sensitivity of the Alamosa School District RE-11J proportionate share of the net OPEB liability to changes in the discount rate. The following presents the proportionate share of the net OPEB liability calculated using the discount rate of 7.25 percent, as well as what the proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.25 percent) or 1-percentage-point higher (8.25 percent) than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Proportionate share of the net OPEB liability	1,954,981	1,738,820	1,554,322

OPEB plan fiduciary net position. Detailed information about the HCTF's fiduciary net position is available in PERA's comprehensive annual financial report which can be obtained at www.copera.org/investments/pera-financial-reports.

ALAMOSA SCHOOL DISTRICT RE-11J
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2018

NOTE 10 JOINT VENTURE

Not reflected in the accompanying financial statements is the District's participation in the San Luis Valley Board of Cooperative Educational Services (BOCES). The BOCES is an organization that provides member districts educational services at a shared lower cost per district.

The District has one member on the Board. This Board has final authority for all budgeting and financing of the joint venture. The District's share of the joint venture is not determinable at June 30, 2018. The joint venture summary audited financial information as of June 30, 2017, is as follows:

Assets and Deferred Outflows	9,109,380
Liabilities and Deferred Inflows	<u>18,838,160</u>
Net Position	<u>(9,728,780)</u>
Revenues	4,871,297
Expenses	<u>(7,183,348)</u>
Change in Net Position	<u>2,312,051</u>

The BOCES is not included as a component unit of the District as the financial responsibility is minimal, there is no financial interdependency, the District does not have the ability to significantly influence the operations of the BOCES and the District is not accountable for fiscal matters of the BOCES. The BOCES is audited annually, and a financial statement is filed with the Colorado State Auditor's Office.

NOTE 11 COLORADO SCHOOL DISTRICT SELF INSURANCE POOL (CSDSIP)

The District belongs to the Colorado School District's Self-Insurance Pool. The Pool was established by the Colorado Association of School Boards (CASB) to provide insurance coverage to participants in the areas of General Liability, Errors and Omissions, Automobile Liability, Auto Physical Damage, Auto Personal Injury Protection, Real and Personal Property, Crime, and other coverage. The Board of Directors is composed of nine persons; all of whom are appointed by the Board of Directors of CSDSIP. The Pool is managed by an executive director chosen by the Board of Directors. Each member's initial contribution and subsequent contributions are determined by the Pool based on factors including, but not limited to, the Aggregate Pool claims, the cost of Administrative and other operating expenses, the number of participants, the adequacy of both Operating and Reserve Funds and other factors touching on the status of the Pool or an individual participant, and as approved by the Colorado Insurance Commissioner.

ALAMOSA SCHOOL DISTRICT RE-11J
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2018

NOTE 11 COLORADO SCHOOL DISTRICT SELF INSURANCE POOL (continued)

As the District did not exercise oversight responsibility nor have sufficient control over Pool activities, the Pool is not a component unit of the District and only the District's share of contributions to the Pool is recorded as Expenditures in the Insurance Reserve Fund.

The District's share in the Pool is not determinable from current information, but is estimated to be less than 1%. The District's share, if calculated, would not be material to the Pool's financial information at June 30, 2018.

An audited summary of the Colorado School District's Pool financial information for the six months ended June 30, 2017 (latest information available) follows:

Total Assets	<u>42,273,940</u>
Total Liabilities	<u>11,655,251</u>
Total Equity	<u>30,618,689</u>
Revenue	7,429,394
Underwriting Expenses	<u>4,126,717</u>
Underwriting Gain (Loss)	3,302,677
Net Investment Income	276,653
Other Income	-
Net Income (Loss) Before Dividend	<u>3,579,330</u>
Dividend	-
Net Income	<u>3,579,330</u>
Transfer of Capital Contributions	-
Change in Non Admitted Assets	<u>235,606</u>
Capital Contributions from Members	-
Unassigned Surplus	<u><u>30,618,689</u></u>

NOTE 12 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees, or acts of God.

The District maintains commercial insurance for all risks of loss. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

ALAMOSA SCHOOL DISTRICT RE RE-11J
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2018

NOTE 13 SUMMARY DISCLOSURE OF SIGNIFICANT COMMITMENTS AND CONTINGENCIES

Claims and Judgments - The District participates in a number of federal, state and county programs that are fully or partially funded by grants received from other governmental units. Expenditures that are fully or partially subject to audit by the appropriate grantor government. If expenditures are financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the District may be required to reimburse the grantor government. As of June 30, 2018, significant amounts of grant expenditures have not been audited by the grantor but the District believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on any of the individual government funds or the overall financial position of the District.

NOTE 14 BUDGET DISCLOSURE

In the year ended June 30, 2018, expenditures of the Student Activity Agency Fund exceeded amounts budgeted by \$38,372.

NOTE 15 RESTATEMENT OF BEGINNING NET POSITION

The net position of the governmental activities has been restated to reflect the implementation of GASB Statement 75. That statement requires that the District report their portion of any post employment benefit (OPEB) liability, and related deferred flows. The beginning net position of \$(5,033,909) has been changed by the net OPEB liability at June 30, 2017 of \$(1,720,223) and related deferred flows of \$70,078, resulting in a restated beginning net position of \$(6,684,054).

REQUIRED SUPPLEMENTARY INFORMATION

BUDGETARY COMPARISONS

PENSION TREND DATA

OPEB TREND DATA

MAJOR FUNDS

General Fund

The General Fund accounts for all transactions of the District not accounted for in other funds. This fund represents an accounting for the District's ordinary operations financed from property taxes and other general revenues. It is the most significant fund in relation to the District's overall operations.

Designated Purpose Grant Funds

The Designated Purpose Grant Fund is provided to maintain a separate accounting for federal and state grant programs normally having a different fiscal period than that of the District.

COMBINING AND INDIVIDUAL FUND STATEMENTS AND OTHER SCHEDULES

Bond Redemption Debt Service Fund

Bond Redemption Debt Service Fund – used to account for the accumulation of resources for, and the payment of, long-term general obligation debt principal, interest, and related costs.

Capital Reserve – Capital Projects Fund

Capital Projects Fund – used to account for the acquisition of sites, buildings, equipment and vehicles.

NON MAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

Special revenue funds account for revenues that are legally restricted to expenditures for specified purposes.

Food Service Fund – This fund accounts for all financial activities associated with the District's school breakfast and lunch programs.

High School Athletics Fund – This fund is used to account for the costs associated with school athletics programs. It is funded by event receipts and transfers from the General Fund.

Building – Capital Projects Fund

Capital Projects Fund – used to account for the proceeds of General Obligation Bonds and matching grants to fund the construction of District facilities.

Fiduciary Funds

Student Activity – Agency Fund – This fund is used to account for deposits held in a fiduciary capacity for various student clubs and organizations.

SINGLE AUDIT SECTION

164 E. MAIN
TRINIDAD, COLORADO 81082
(719) 846-9241 FAX (719) 846-3352

**INDEPENDENT AUDITOR'S REPORT
ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

**To the Board of Education
Alamosa School District RE-11J
Alamosa, Colorado 81101**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Alamosa School District RE-11J as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise Alamosa School District RE-11J's basic financial statements, and have issued our report thereon dated November 30, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Alamosa School District RE-11J's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Alamosa School District RE-11J's internal control. Accordingly, we do not express an opinion on the effectiveness of the Alamosa School District RE-11J's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Alamosa School District RE-11J's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE
FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY UNIFORM GUIDANCE**

To the Board of Education
Alamosa School District RE-11J
Alamosa, Colorado 81101

Report on Compliance for Each Major Federal Program

We have audited Alamosa School District RE-11J's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Alamosa School District RE-11J's major federal programs for the year ended June 30, 2018. Alamosa School District RE-11J's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Alamosa School District RE-11J's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Alamosa School District RE-11J's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Alamosa School District RE-11J's compliance.

Opinion on Each Major Federal Program

In our opinion, Alamosa School District RE-11J complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2018.

Report on Internal Control Over Compliance

Management of Alamosa School District RE-11J is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Alamosa School District RE-11J's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Alamosa School District RE-11J's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

The accompanying notes are an integral part of this financial statement.

ALAMOSA SCHOOL DISTRICT RE-11J
SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
For the Year Ended June 30, 2018

NOTE 1 Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the Alamosa School District Number RE-11J and is presented on the modified accrual basis of accounting. The information is presented in accordance with the requirements of Title 2 U.S. Code of Federal Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the general purpose financial statements.

NOTE 2 Indirect Cost Rates

All grants being charged indirect cost have been received through the Colorado Department of Education. The Department calculates an allowable indirect cost rate for individual sub-recipients and mandates that the rate be used as the maximum for the recovery of indirect cost. The District has recovered indirect cost from grant funds at an amount no greater than that allowed by the Colorado Department of Education and has not elected to use the 10% de minimis indirect cost rate allowed by Uniform Guidance.

NOTE 3 Food Distribution

Non-monetary assistance is reported in the schedule at the fair market value of commodities received.

NOTE 4 Subrecipients

No payments were made to subrecipients in the fiscal year ended June 30, 2018.
