INDEPENDENT AUDITOR'S REPORT

Board of Directors  
Blanca/Fort Garland Metropolitan District  
Blanca, Colorado 81123

We have audited the accompanying financial statements of the governmental activities and each major fund of the Blanca/Fort Garland Metropolitan District, as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Blanca/Fort Garland Metropolitan District, as of December 31, 2019, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Other Matters

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information and pension and other post employment benefit trend data on pages i through v and 39 through 45 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Blanca/Fort Garland Metropolitan District's basic financial statements. The other supplemental information is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The other supplemental information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplemental information is fairly stated, in all material respect, in relation to the basic financial statements as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS

BLANCA/FORT GARLAND METROPOLITAN DISTRICT  
MANAGEMENT DISCUSSION AND ANALYSIS  
For the Fiscal Year Ended December 31, 2019

## **Management's Discussion and Analysis**

Blanca/Fort Garland Metropolitan District encompasses the Northern half of Costilla County, and is located in the south central region of Colorado. The District serves the towns of Fort Garland and Blanca, as well as the areas that surround these towns. The District offers recreation, health and safety services to the public.

The discussion and analysis of the Blanca/Fort Garland Metropolitan District's financial performance is an overall review of the District's financial activities for the fiscal year ended December 31, 2019. The intent of this discussion and analysis is to look at the District's financial performance as a whole; it should be read in conjunction with the basic financial statements and notes to enhance the reader's understanding of the District's overall financial performance.

### **Using the Basic Financial Statements**

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the Blanca/Fort Garland Metropolitan District as an entire entity, presenting both an aggregate and a long-term view of those finances.

While this report contains all funds used by the District to provide programs and activities, the view of the District as a whole look's at all financial transactions and asks the question, "How did we do financially during the fiscal year 2019?" The statements of net position and of activities answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting system used by most private sector companies. In the statement of net position and the statement of activities, The Metropolitan District will report its activities as governmental activities as there are no business-type activities. The basis of accounting takes into account all the current year's revenues and expenses regardless of when cash was received or paid.

Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short term as well as what remains for future spending. The fund financial statements also report the District's operations in more detail than the government wide statements by providing information about the District's funds for the Blanca/Fort Garland Metropolitan District. The General Fund is the most significant fund.

Also, the notes to the financial statements provide additional information meaningful to a full understanding of the data provided in the district-wide and fund financial statements.

BLANCA/FORT GARLAND METROPOLITAN DISTRICT  
MANAGEMENT DISCUSSION AND ANALYSIS  
For the Fiscal Year Ended December 31, 2019

In addition to the basic financial statements and accompanying notes, this report also presents supplementary information. Supplementary information includes budget-to-actual information for the District as dictated by state law.

**Reporting the District as a whole**

Table 1 provides a summary of the district's net position at December 31, 2019.

Table 1

<b>Change in Net Position</b>	<u>155,803</u>	<u>93,228</u>
Net Position-Beginning	<u>1,069,509</u>	<u>976,280</u>
Net Position-Ending	<u>\$ 1,225,312</u>	<u>\$ 1,069,508</u>

Information regarding capital assets and long term debt, as well as additional information is available in the accompanying notes to the financial statements.

**Governmental Activities**

Governmental activities are generally financed through taxes, intergovernmental revenues, and service fees. Most of the Metropolitan District's programs and services include operation and maintenance of physical plant, health and safety instruction, and youth and adult activities for culture and recreation activities.

BLANCA/FORT GARLAND METROPOLITAN DISTRICT  
MANAGEMENT DISCUSSION AND ANALYSIS  
For the Fiscal Year Ended December 31, 2019

Property and other taxes account for 93% of the total revenues. Charges and Fees account for 4% and other revenue accounts for 3% of the total revenue. General fund revenues were used for operations and maintenance of facility which includes a swimming pool, full service kitchen, weight rooms, meeting rooms, etc. A significant amount also went to salaries for employees and utilities.

The General fund ended with more revenue than expenditures by the amount of \$33,924.

The Conservation trust fund consists of Colorado Lottery Funds and is restricted for the maintenance of recreational facilities. This fund ended with more revenues than expenditures by the amount of \$9,967.

**Capital Assets and Debt Administration**

**Capital Assets**

By the end of 2019, the District had invested in a broad range of capital assets, including, land, building, site improvements and furniture and fixtures. See table 3 below.

Table 3  
Capital Assets

	<u>Governmental Activities</u>
Land	\$ 24,500
Buildings and Improvements	2,808,867
Equipment	389,298
Furniture and Fixtures	17,448
Total	3,240,113
Depreciation	(1,561,275)
Total	\$ 1,678,838

Depreciation for 2019 was \$109,566 and \$100,899 for 2018

**Long-Term Debt**

At the end of 2019 the District had \$565,000 in General Obligation Bonds and Registered B Coupons. \$80,000 was paid on this debt during the year ended December 31, 2019

BLANCA/FORT GARLAND METROPOLITAN DISTRICT  
MANAGEMENT DISCUSSION AND ANALYSIS  
For the Fiscal Year Ended December 31, 2019

**Economic Factors Regarding Future Years**

The short, medium, and long range goals are as follows.

Short term goals are to make the facility available to the public on a day to day basis so that public has a safe, clean family oriented environment.

Medium range goals are to build programs that address the needs of the public. This will include maintaining and updating the existing facility to address these needs.

Long term goals include an addition to the current facility that will address the growing population and infrastructure needed to offer services that arise. This includes the acquisition of land and infrastructure in order to facilitate camps and retreats as well as adding transportation for youth programs.

**Contacting the District's Financial Management**

This financial report is designed to provide the District's citizens, taxpayers, customers, and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Blanca/Fort Garland Metropolitan District, P.O. Box 310, Blanca, Colorado.

BLANCA/FORT GARLAND METROPOLITAN DISTRICT  
RECONCILIATION OF GOVERNMENTAL FUNDS BALANCE SHEET  
TO THE STATEMENT OF NET POSITION  
December 31, 2019

---

Amounts reported for governmental activities in the statement of the net position are different because:

<u>Total Fund Balance – Governmental Funds</u>		484,800
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. The cost of the assets is \$3,240,113 and the accumulated depreciation is \$1,561,275.		1,678,838
Long-Term liabilities, including loans and capital leases are not due and payable in the current period and therefore are not reported in the funds. Issue costs associated with debt is expensed in the funds when incurred but is capitalized and amortized in government wide statements. Interest expense is recorded in the fund financial statements when paid.		
General Obligation Bonds	(565,000)	
Lease Payable	(45,210)	
Accrued Interest Payable	<u>(2,142)</u>	(612,352)
The liability for compensated absences is not recorded at the fund level.		(14,778)
The Net Pension Liability, along with associated deferred flows, is not recorded at the fund level but is recognized as part of the entity wide financial information.		
Net Pension Liability	(367,011)	
Net OPEB Liability	(30,801)	
Deferred Inflows	163,699	
Deferred Outflows	<u>(77,083)</u>	<u>(311,196)</u>
<u>Total Net Position – Governmental Activities</u>		<u>1,225,312</u>

The accompanying notes are an integral part of these financial statements.

BLANCA/FORT GARLAND METROPOLITAN. DISTRICT  
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN  
FUND BALANCES OF GOVERNMENT FUNDS TO THE STATEMENT OF ACTIVITIES  
Year Ended December 31, 2019

---

Amounts reported for governmental activities in the statement of activities are different because:

Net Change in Fund Balances – Total Governmental Funds 90,048

Governmental funds report capital outlays as expenditures. However, in the statement of activities, assets with an initial, individual cost of more than \$500 are capitalized and the cost is allocated over their estimated useful lives and reported as depreciation expense. This is the difference in depreciation and capital outlays in the current period.

Capital outlays more than \$500	82,186	
Depreciation expense	(109,566)	(27,380)

Proceeds from the issuance of debt are recognized as sources in the fund financial statements in the period received. The costs associated with the issuance of debt are recognized as expenditures in the period paid. Interest costs are recorded by the funds at the payment date.

Change in Accrued Interest Payable	5	5
------------------------------------	---	---

The changes in compensated absences are not reflected at the fund level. (14,778)

Principal payments on debt are recorded as expenditures in the fund financial statements.

Principal Paid on General Obligation Bonds	80,000	
Proceeds – Capital Lease	(51,939)	
Principal Paid Capital Lease	<u>6,729</u>	34,790

The increase in net pension liability, along with the changes and amortizations of deferred flows associated with the net pension liability are not recorded at the fund level:

Pension Expense	73,279	
OPEB Expense	<u>(161)</u>	<u>73,118</u>

Change in Net Position of Governmental Activities 155,803

The accompanying notes are an integral part of these financial statements.

BLANCA/FORT GARLAND METROPOLITAN DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2019

---

NOTE 1    SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A.    Reporting Entity

The reporting entity, for financial purposes, is defined as the primary government (the Blanca/Fort Garland Metropolitan District) and its component units. The District has no component units; the financial statements are comprised of the funds and account groups more fully described in subsequent information contained in the footnotes.

The accounting policies of the Blanca/Fort Garland Metropolitan District conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant policies:

B.    Government – Wide and Fund Financial Statements

The government-wide financial statements (i.e. the statement of net position and the statement of activities) report information on all the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from the District's legally separate *component units* for which the District is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or identifiable activity are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or identifiable activity. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C.    Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a

---

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Con't)

liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The District reports the following major governmental funds:

The *general fund* is the District's primary operating fund. It accounts for all financial resources of general government, except those required to be accounted for in another fund.

The *conservation trust fund* is used to account for the receipt and use of Colorado Lottery Funds.

The *bond redemption fund* is used to account for the taxes collected from a dedicated mill levy to pay general obligation debt. (Debt Service Fund)

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

BLANCA/FORT GARLAND METROPOLITAN DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2019

---

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Proprietary funds distinguish *operating revenues* and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the utility enterprise funds are charges to customers for sales and services. The enterprise funds also recognize as operating revenues the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for the enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

D. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$500 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities, if any, is included as part of the capitalized value of the assets constructed. No such interest expense was incurred during the current fiscal year.

Capital assets of the primary government are depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Equipment	5-20
Buildings and Improvements	10-50
Furniture and Fixtures	10-20

BLANCA/FORT GARLAND METROPOLITAN DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2019

---

NOTE 1    SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E.    Budgets and Budgetary Accounting

The District has set procedures to be followed in establishing the budgetary data reflected in the financial statements:

1.    Prior to October 1, a proposed operating budget for the fiscal year commencing the following January 1 is developed. The operating budget includes proposed expenditures and the means of financing them.
2.    Public hearings are conducted to obtain taxpayer comments.
3.    Prior to December 31, the budget is legally enacted through passage of an ordinance or resolution.
4.    Budgets for the General Fund, Conservation Trust Fund and Bond Redemption Fund are adopted on a basis consistent with generally accepted accounting principles (GAAP).

F.    Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the General Fund. All encumbrances lapse at the end of the year.

G.    Inventory

Inventory is valued at the lower of cost (first-in, first-out) or market. The costs of inventories are recorded as expenditures when they are used.

H.    Accumulated Unpaid Vacation, Sick Pay, and Other Employee Benefits Amounts

Accumulated unpaid vacation, sick pay, and other employee benefits amounts should be accrued when incurred in proprietary funds (using the accrual basis of accounting). Such amounts would not be accrued in governmental funds (using the modified accrual basis of accounting).

I.    Property Taxes

Property taxes represent ad valorem taxes levied by the District, which are payable to the County Treasurer, and are recognized as revenue by the District in the year for which they are levied.

Property taxes are levied in December for collection in the subsequent year.

BLANCA/FORT GARLAND METROPOLITAN DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2019

---

NOTE 1    SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

I.    Property Taxes (Continued)

Property taxes attach as an enforceable lien on property as of January 1. Taxes may be paid without penalty in either of two ways: (a) Full payment by April 30, or (b) First half must be paid by last day of February, and second half must be paid by June 15.

J.    Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expense during the reporting period. Actual results could differ from those estimates.

K.    Deposits and Investments

The District's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the District to deposit in the accounts of federally insured banks, credit unions, and savings and loan associations, and to invest in obligations of the U.S. Treasury, certain commercial paper, repurchase agreements, bankers acceptances, and mutual funds composed of otherwise legal investments.

L.    Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as expenses in the year incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

NOTES TO FINANCIAL STATEMENTS  
December 31, 2019

---

NOTE 1    SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

M.    Deferred Outflows / Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

N.    GASB Statement No. 54

The Government Accounting Standards Board (GASB) has issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions (GASB 54). This statement defines the different types of fund balances that a governmental entity must use for financial reporting purposes.

GASB 54 requires the fund balance amounts to be properly reported within one of the fund balance categories list below.

1. Nonspendable such as fund balances associated with inventories, prepaids, long-term loans and notes receivable, and property held for resale (unless the proceeds are restricted, committed, or assigned).
2. Restricted fund balance category includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation.
3. Committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the Board of Directors (the District's highest level of decision-making authority).
4. Assigned fund balance classification is intended to be used by the government for specific purposes that do not meet the criteria to be classified as restricted or committed.
5. Unassigned fund balance is the residual classification for the government's general fund and includes all spendable amounts not contained in the other classifications.

Fund Balance Classification Policies and Procedures

Committed Fund Balance Policy:

The District's Committed Fund Balance is fund balance reporting required by the Board, either because of a Board Policy in the Policy Manual, or because of motions that passed at Board meetings.

BLANCA/FORT GARLAND METROPOLITAN DISTRICT  
 NOTES TO FINANCIAL STATEMENTS  
 December 31, 2019

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

N. GASB Statement No. 54 (Continued)

Assigned Fund Balance Policy:

The Board's Assigned Fund Balance is fund balance reporting occurring by Board authority, under the direction of the Executive Director.

Order of Fund Balance Spending Policy

The Board's policy is to apply expenditures against non-spendable fund balance, restricted fund balance, committed fund balance, assigned fund balance, and unassigned fund balance at the end of the fiscal year by adjusting journal entries.

First, non-spendable fund balances are determined. Then restricted fund balances for specific purposes are determined (not including non-spendable amounts). Then unrestricted fund balances are determined following the order of committed, assigned, and unassigned.

Fund Balance Classification by Fund:

	<u>General Fund</u>	<u>Conservation Trust Fund</u>	<u>Debt Service Fund</u>	<u>Total Governmental Funds</u>
<u>Nonspendable:</u>	-	-	-	-
<u>Restricted:</u>				
Emergencies	16,000	-	-	16,000
Culture and Recreation	-	29,939	-	29,939
Debt Service	-	-	321,358	321,358
<u>Committed:</u>	-	-	-	-
<u>Assigned:</u>	-	-	-	-
<u>Unassigned</u>	<u>117,503</u>	<u>-</u>	<u>-</u>	<u>117,503</u>
<u>Total Fund Balances</u>	<u>133,503</u>	<u>29,939</u>	<u>321,358</u>	<u>484,800</u>

BLANCA/FORT GARLAND METROPOLITAN DISTRICT  
 NOTES TO FINANCIAL STATEMENTS

NOTE 2    CAPITAL ASSETS

Capital assets activity for the year ended December 31, 2019 was as follows:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance</u>
<u>Governmental Activities</u>				
<u>Capital Assets Not Being Depreciated:</u>				
Land	24,500	-	-	24,500
<u>Capital Assets Being Depreciated:</u>				
Building and Improvements	2,808,867	-	-	2,808,867
Equipment	307,112	82,186	-	389,298
Furniture and Fixtures	17,448	-	-	17,448
<u>Total Capital Assets Being Depreciated</u>	<u>3,133,427</u>	<u>82,186</u>	<u>-</u>	<u>3,215,613</u>
<u>Less Accumulated Depreciation for:</u>				
Buildings and Improvements	1,186,514	91,577	-	1,278,091
Equipment	248,216	17,899	-	266,115
Furniture and Fixtures	16,979	90	-	17,069
<u>Total Accumulated Depreciation</u>	<u>1,451,709</u>	<u>109,566</u>	<u>-</u>	<u>1,561,275</u>
<u>Total Capital Assets Being Depreciated, Net</u>	<u>1,681,718</u>	<u>(27,380)</u>	<u>-</u>	<u>1,654,338</u>
<u>Governmental Activities Capital Assets, Net</u>	<u>1,706,218</u>	<u>(27,380)</u>	<u>-</u>	<u>1,678,838</u>

Depreciation expense was charged to functions/programs of the primary government as follows:

<u>Governmental Activities:</u>	
Culture and Recreation	<u>109,566</u>
<u>Total Depreciation Expense – Governmental Activities</u>	<u>109,566</u>

BLANCA/FORT GARLAND METROPOLITAN DISTRICT  
 NOTES TO FINANCIAL STATEMENTS  
 December 31, 2019

NOTE 3      CASH AND INVESTMENTS

The District's deposits at year end were covered by Federal depository insurance or secured under the Public Deposit Protection Act of the State of Colorado, whereby the custodial bank pledges collateral for amounts on deposit in excess of the amount guaranteed by the FDIC for governmental entities.

	<u>Bank Balance</u>	<u>Carrying Amount</u>
Insured	250,000	250,000
Uninsured, Collateralized Under the Public Deposit Protection Act of the State of Colorado	<u>259,151</u>	<u>255,812</u>
<u>Sub-Total</u>	509,151	505,812
 Cash with County Treasurer	 -	 4,639
Cash on Hand	<u>-</u>	<u>-</u>
<u>Total Cash and Deposits</u>	<u>509,151</u>	<u>510,451</u>

Cash of \$16,000 is restricted as Emergency Reserves as required by Article X, Section 20 of the Constitution of the State of Colorado. (See Note 5)

As presented above, deposits with a bank balance of \$259,151 and a carrying balance of \$255,812 as of December 31, 2019 are uninsured, are exposed to custodial risk, and are collateralized with securities held by the pledging financial institution.

NOTE 4      COMPENSATED ABSENCES

There is no liability for compensated absences at December 31, 2019.

NOTE 5      CONTINGENCIES - TAX, SPENDING AND DEBT LIMITATIONS

In November 1992, the voters of Colorado approved Amendment 1, commonly known as the Taxpayer's Bill of Rights (TABOR), which adds a new Section 20 to Article X of the Colorado Constitution. TABOR contains tax, spending, revenue and debt limitations which apply to the State of Colorado and all local governments.

BLANCA/FORT GARLAND METROPOLITAN DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2019

---

NOTE 5    CONTINGENCIES - TAX, SPENDING AND DEBT LIMITATIONS (Continued)

Enterprises, defined as government-owned businesses authorized to issue revenue bonds and receiving less than 10% of annual revenue in grants from all state and local governments combined, are excluded from the provisions of TABOR.

The initial base for local government spending and revenue limits is 1992 Fiscal Year Spending. Future spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 1% of Fiscal Year Spending (excluding bonded debt service) in 1993, 2% in 1994 and 3% thereafter. Local governments are not allowed to use the emergency reserves to compensate for economic contributions, revenue shortfalls, or salary or benefit increases.

TABOR requires, with certain exceptions, voters approval prior to imposing new taxes, increasing a tax rate, increasing a mill levy above that for the prior year, extending an expiring tax, or implementing a tax policy change directly causing a net tax revenue gain to any local government.

Except for bond refinancing at lower interest rates or adding employees to existing pension plans, TABOR specifically prohibits the creation of multiple-fiscal year debt or other financial obligations without voter approval or without irrevocable pledging present cash reserves for all future payments.

On May 7, 1996, the registered voters approved a ballot resolution authorizing Blanca/Fort Garland Metropolitan District to collect, retain and expend (during 1996 and beyond) all revenues from any source provided that no property tax mill levy be increased or any new tax be imposed.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits (and qualification as an Enterprise) will require judicial interpretation.

NOTE 6    RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees, or acts of God.

The District maintains commercial insurance for all risks of loss. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

BLANCA/FORT GARLAND METROPOLITAN DISTRICT  
 NOTES TO FINANCIAL STATEMENTS  
 December 31, 2019

NOTE 7    LONG-TERM DEBT

During the year ended December 31, 2004, the District issued debt in the form of General Obligation Bonds for the purpose of constructing facilities additions. The principal amount of bonds issued was \$1,400,000. Interest on the bonds ranges from 2.25% to 3.7%. In addition, registered "B" coupons were issued in the amount of \$109,443 paying interest from 2.25% to 2.7%. A schedule of changes and debt service follows:

	12-31-18	Issued	Paid	12-31-19	Due Within One Year
Series 2004 General Obligation Bonds	645,000	-	80,000	565,000	85,000

Series 2004 General Obligation Bonds

	Principal	Interest	Total
2020	85,000	25,706	110,706
2021	90,000	22,200	112,200
2022	90,000	18,038	108,038
2023	95,000	13,875	108,875
2024	100,000	9,481	109,481
2025	105,000	4,856	109,856
	565,000	94,156	659,156

NOTE 8    CAPITAL LEASE

The District purchased equipment in 2019 by entering into a lease purchase arrangement. The amount of the lease was \$51,939. The 58 monthly payments of \$948.93 began in May of 2019. Interest is at a rate of 2.292%. The following is a schedule of the required future minimum payments:

	Principal	Interest	Total
2020	10,460	927	11,387
2021	10,703	684	11,387
2022	10,951	436	11,387
2023	11,204	183	11,387
2024	1,892	6	1,898
	45,210	2,236	47,446
Less: Amounts Representing Interest			2,236
Present Value of Future Minimum Payments			45,210

NOTE 9      DEFINED BENEFIT PENSION PLAN

**Summary of Significant Accounting Policies:**

*Pensions.* The Blanca/Fort Garland Metropolitan District participates in the Local Government Division Trust Fund (LGDTF), a cost-sharing multiple-employer defined benefit pension fund administered by the Public Employees' Retirement Association of Colorado ("PERA"). The net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position and additions to/deductions from the fiduciary net position of the LGDTF have been determined using the economic resources measurement focus and the accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

The Colorado General Assembly passed significant pension reform through Senate Bill (SB) 18-200: *Concerning Modifications to the Public Employees' Retirement Association Hybrid Defined Benefit Plan Necessary to Eliminate with a High Probability the Unfunded Liability of the Plan Within the Next Thirty Years*. The bill was signed into law by Governor Hickenlooper on June 4, 2018. A brief description of some of the major changes to plan provisions required by SB 18-200 for the LGDTF that were in effect on the LGDTF's December 31, 2018 measurement date are listed below. A full copy of the bill can be found online at [www.leg.colorado.gov](http://www.leg.colorado.gov).

- Increases employee contribution rates for the LGDTF by a total of 2 Percent (to be phased in over a period of 3 years starting on July 1, 2019).
- Modifies the retirement benefits, including temporarily suspending and reducing the annual increase for all current and future retirees, increases the highest average salary for employees with less than five years of service credit on December 31, 2019 and raises the retirement age for new employees.
- Member contributions, employer contributions, the direct distribution from the State, and the annual increases will be adjusted based on certain statutory parameters beginning July 1, 2020, and then each year thereafter, to help keep PERA on path to full funding in 30 years.
- Expands eligibility to participate in the PERA DC Plan to members of the Local Government Division hired on or after January 1, 2019. Beginning January 1, 2021, and every year thereafter, employer contribution rates for the LGDTF will be adjusted to include a defined contribution supplement based on the employer contribution amount paid to defined contribution plan participant accounts that would have otherwise gone to the defined benefit trusts to pay down the unfunded liability plus any defined benefit investment earnings thereon.

BLANCA/FORT GARLAND METROPOLITAN DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2019

---

NOTE 9      DEFINED BENEFIT PENSION PLAN (Continued)

**General Information about the Pension Plan**

*Plan description.* Eligible employees of the Blanca/Fort Garland Metropolitan District are provided with pensions through the Local Government Division Trust Fund (LGDTF) - a cost-sharing multiple-employer defined benefit pension plan administered by PERA. Plan benefits are specified in Title 24, Article 51 of the Colorado Revised Statutes (C.R.S.), administrative rules set forth at 8 C.C.R. 1502-1, and applicable provisions of the federal Internal Revenue Code. Colorado State law provisions may be amended from time to time by the Colorado General Assembly. PERA issues a publicly available comprehensive annual financial report (CAFR) that can be obtained at [www.copera.org/investments/pera-financial-reports](http://www.copera.org/investments/pera-financial-reports).

*Benefits provided as of December 31, 2018.* PERA provides retirement, disability, and survivor benefits. Retirement benefits are determined by the amount of service credit earned and/or purchased, highest average salary, the benefit structure(s), under which the member retires, the benefit option selected at retirement, and age at retirement. Retirement eligibility is specified in tables set forth at C.R.S. § 24-51-602, 604, 1713, and 1714.

The lifetime retirement benefit for all eligible retiring employees under the PERA benefit structure is the greater of the:

- Highest average salary multiplied by 2.5 percent and then multiplied by years of service credit.
- The value of the retiring employee's member contribution account plus a 100 percent match on eligible amounts as of the retirement date. This amount is then annuitized into a monthly benefit based on life expectancy and other actuarial factors.

The lifetime retirement benefit for all eligible retiring employees under the Denver Public Schools (DPS) benefit structure is the greater of the:

- Highest average salary multiplied by 2.5 percent and then multiplied by years of service credit.
- \$15 times the first 10 years of service credit plus \$20 times service credit over 10 years plus a monthly amount equal to the annuitized member contribution account balance based on life expectancy and other actuarial factors.

In all cases the service retirement benefit is limited to 100 percent of highest average salary and also cannot exceed the maximum benefit allowed by federal Internal Revenue Code.

Members may elect to withdraw their member contribution accounts upon termination of employment with all PERA employers; waiving rights to any lifetime retirement benefits earned. If eligible, the member may receive a match of either 50 percent or 100 percent on eligible amounts depending on when contributions were remitted to PERA, the date employment was terminated, whether 5 years of service credit has been obtained and the benefit structure under which contributions were made.

BLANCA/FORT GARLAND METROPOLITAN DISTRICT  
 NOTES TO FINANCIAL STATEMENTS  
 December 31, 2019

NOTE 9      DEFINED BENEFIT PENSION PLAN (Continued)

As of December 31, 2018, benefit recipients who elect to receive a lifetime retirement benefit are generally eligible to receive post-retirement cost-of-living adjustments in certain years, referred to as annual increases in the C.R.S. Pursuant to SB 18-200, there are no annual increases (AI) for 2018 and 2019. Thereafter, benefit recipients under the PERA benefit structure who began eligible employment before January 1, 2007 and all benefit recipients of the DPS benefit structure will receive an annual increase, unless PERA has a negative investment year, in which case the annual increase for the next three years is the lesser of 1.5 percent or the average of the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W) for the prior calendar year. Benefit recipients under the PERA benefit structure who began eligible employment after January 1, 2007 will receive the lesser of an annual increase of 1.5 percent or the average CPI-W for the prior calendar year, not to exceed 10 percent of PERA's Annual Increase Reserve (AIR) for the LGDTF. The automatic adjustment provision may raise or lower the aforementioned AI for a given year by up to one-quarter of 1 percent based on the parameters specified C.R.S. §24-51-413.

Disability benefits are available for eligible employees once they reach five years of earned service credit and are determined to meet the definition of disability. The disability benefit amount is based on the lifetime retirement benefit formula(s) shown above considering a minimum 20 years of service credit, if deemed disabled.

Survivor benefits are determined by several factors, which include the amount of earned service credit, highest average salary of the deceased, the benefit structure(s) under which service credit was obtained, and the qualified survivor(s) who will receive the benefits.

*Contributions provisions as of December 31, 2019:* Eligible employees and the Blanca/Fort Garland Metropolitan District are required to contribute to the LGDTF at a rate set by Colorado statute. The contribution requirements are established under C.R.S. § 24-51-401, et seq. and § 24-51-413. Eligible employees are required to contribute 8 percent of their PERA-includable salary during the period of January 1, 2019 through December 31, 2019. The employer contribution requirements during the period of January 1, 2019 through December 31, 2019 are summarized in the table below:

	For the Year Ended December 31, 2019
Employer Contribution Rate	10.00 %
Amount of Employer Contribution apportioned to the Health Care Trust Fund as specified in C.R.S. § 24-51-208(1)(f)	(1.02)%
Amount Apportioned to the LGDTF	8.98%
Amortization Equalization Disbursement (AED) as specified in C.R.S. § 24-51-411	2.20%
Supplemental Amortization Equalization Disbursement (SAED) as specified in C.R.S. § 24-51-411	1.50%
Total Employer Contribution Rate to the LGDTF	12.68%

Contribution Rates for the LGDTF are expressed as a percentage of salary as defined in C.R.S. § 24-51-101(42).

BLANCA/FORT GARLAND METROPOLITAN DISTRICT  
NOTES TO FINANCIAL STATEMENTS

December 31, 2019

NOTE 9      DEFINED BENEFIT PENSION PLAN (Continued)

Employer contributions are recognized by the LGDTF in the period in which the compensation becomes payable to the member and the Blanca/Fort Garland Metropolitan District is statutorily committed to pay the contributions to the LGDTF. Employer contributions recognized by the LGDTF from the Blanca/Fort Garland Metropolitan District were \$27,214 for the year ended December 31, 2019.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At December 31, 2019, the Blanca/Fort Garland Metropolitan District reported a liability of \$367,011 for its proportionate share of the net pension liability. The net pension liability for the LGDTF was measured as of December 31, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2017. Standard update procedures were used to roll-forward the total pension liability to December 31, 2018. The Blanca/Fort Garland Metropolitan District proportion of the net pension liability was based on the Blanca/Fort Garland Metropolitan District contributions to the LGDTF for the calendar year 2018 relative to the total contributions of participating employers to the LGDTF.

At December 31, 2018, the Blanca/Fort Garland Metropolitan District proportion was .02919 percent, which was a decrease of .0007 from its proportion measured as of December 31, 2017.

For the year ended December 31, 2019, the Blanca/Fort Garland Metropolitan District recognized pension expense (income) of \$73,279. At December 31, 2019, the Blanca/Fort Garland Metropolitan District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	15,346	-
Changes of assumptions or other inputs	-	-
Net difference between projected and actual earnings on pension plan investments	118,076	(70,281)
Changes in proportion and differences between contributions recognized and proportionate share of contributions	-	(5,563)
Contributions subsequent to the measurement date	27,214	N/A
Total	160,636	(75,844)

\$27,214 reported as deferred outflows of resources related to pensions, resulting from contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended December 31, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended December 31, 2019	
2020	23,652
2021	5,173
2022	2,663
2023	26,090
2024	-
Thereafter	-

BLANCA/FORT GARLAND METROPOLITAN DISTRICT  
NOTES TO FINANCIAL STATEMENTS

December 31, 2019

**NOTE 9**     DEFINED BENEFIT PENSION PLAN (Continued)

*Actuarial Assumptions.* The total pension liability in the December 31, 2017 actuarial valuation was determined using the following actuarial cost method, actuarial assumptions and other inputs:

Actuarial Cost Method	Entry Age
Price inflation	2.40 percent
Real wage growth	1.10 percent
Wage Inflation	3.50 percent
Salary increases, including wage inflation	3.50 percent – 10.45 percent
Long-term investment rate of return, net of pension plan investment expenses, including price inflation	7.25 percent
Discount rate	7.25 percent
<b>Post-retirement benefit increases:</b>	
PERA benefit structure hired prior to 1/1/07 and DPS Benefit Structure (automatic)	2.00 percent compounded annually
PERA Benefit Structure hired after 12/31/06 (ad hoc, substantively automatic)	Financed by the Annual Increase Reserve

The revised assumptions shown below were reflected in the roll-forward calculation of the total pension liability from December 31, 2017 to December 31, 2018.

Discount Rate	7.25 percent
<b>Post-retirement benefit increases:</b>	
PERA benefit structure hired prior to 1/1/07 and DPS benefit structure (automatic)	0% through 2019 and 1.5% compounded annually, thereafter
PERA benefit structure hired after 12/31/06 (ad hoc, substantively automatic)	Financed by the Annual Increase Reserve

Healthy mortality assumptions for active members reflect the RP-2014 White Collar Employee Mortality Table, a table specifically developed for actively working people. To allow for an appropriate margin of improved mortality prospectively, the mortality rates incorporate a 70 percent factor applied to male rates and a 55 percent factor applied to female rates.

Healthy, post-retirement mortality assumptions reflect the RP-2014 Healthy Annuitant Mortality Table, adjusted as follows:

- **Males:** Mortality improvement projected to 2018 using the MP-2015 projection scale, a 73 percent factor applied to rates for ages less than 80, a 108 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.
- **Females:** Mortality improvement projected to 2020 using the MP-2015 projection scale, a 78 percent factor applied to rates for ages less than 80, a 109 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.

For disabled retirees, the mortality assumption was based on 90 percent of the RP-2014 Disabled Retiree Mortality Table.

The actuarial assumptions used in the December 31, 2016, valuations were based on the results of the 2016 experience analysis for the periods January 1, 2012 through December 31, 2015, as well as, the October 28, 2016 actuarial assumptions workshop and were adopted by the PERA Board during the November 18, 2016, Board meeting.

BLANCA/FORT GARLAND METROPOLITAN DISTRICT  
 NOTES TO FINANCIAL STATEMENTS  
 December 31, 2019

**NOTE 9**      DEFINED BENEFIT PENSION PLAN (Continued)

The long-term expected return on plan assets is reviewed as part of regular experience studies prepared every four or five years for PERA. Recently, this assumption has been reviewed more frequently. The most recent analyses were outlined in presentations to PERA's Board on October 28, 2016.

Several factors were considered in evaluating the long-term rate of return assumption for the LGDTF, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation.

As of the most recent adoption of the long-term expected rate of return by the PERA Board, the target asset allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	30 Year Expected Geometric Real Rate of Return
U.S. Equity – Large Cap	21.20%	4.30%
U.S. Equity – Small Cap	7.42%	4.80%
Non U.S. Equity – Developed	18.55%	5.20%
Non U.S. Equity – Emerging	5.83%	5.40%
Core Fixed Income	19.32%	1.20%
High Yield	1.38%	4.30%
Non U.S. Fixed Income – Developed	1.84%	0.60%
Emerging Market Debt	0.46%	3.90%
Core Real Estate	8.50%	4.90%
Opportunity Fund	6.00%	3.80%
Private Equity	8.50%	6.60%
Cash	1.00%	0.20%
<b>Total</b>	<b>100.00%</b>	

In setting the long-term expected rate of return, projections employed to model future returns provide a range of expected long-term returns that, including expected inflation, ultimately support a long-term expected rate of return assumption of 7.25 percent.

*Discount Rate.* The discount rate used to measure the total pension liability was 7.25 percent. The projection of cash flows used to determine the discount rate applied the actuarial cost method and assumptions shown above. In addition, the following methods and assumptions were used in the projection of cash flows:

- Total covered payroll for the initial projection year consists of the covered payroll of the active membership present on the valuation date and the covered payroll of future plan members assumed to be hired during the year. In subsequent projection years, total covered payroll was assumed to increase annually at a rate of 3.50%.
- Employee contributions were assumed to be made at the member contribution rates in effect for each year, including scheduled increases in SB 18-200. Employee contributions for future plan members were used to reduce the estimated amount of total service costs for future plan members.

BLANCA/FORT GARLAND METROPOLITAN DISTRICT  
 NOTES TO FINANCIAL STATEMENTS  
 December 31, 2019

**NOTE 9**      DEFINED BENEFIT PENSION PLAN (Continued)

- Employer contributions were assumed to be made at rates equal to the fixed statutory rates specified in law for each year, including current and estimated future AED and SAED, until the actuarial value funding ratio reaches 103%, at which point, the AED and SAED will each drop 0.50% every year until they are zero. Additionally, estimated employer contributions included reductions for the funding of the AIR and retiree health care benefits. For future plan members, employer contributions were further reduced by the estimated amount of total service costs for future plan members not financed by their member contributions.
- Employer contributions and the amount of total service costs for future plan members were based upon a process to estimate future actuarially determined contributions assuming an analogous future plan member growth rate.
- The AIR balance was excluded from the initial fiduciary net position, as, per statute, AIR amounts cannot be used to pay benefits until transferred to either the retirement benefits reserve or the survivor benefits reserve, as appropriate. AIR transfers to the fiduciary net position and the subsequent AIR benefit payments were estimated and included in the projections.
- Benefit payments and contributions were assumed to be made at the middle of the year.

Based on the above assumptions and methods, the LGDTF's fiduciary net position was projected to be available to make all projected future benefit payments of current members. Therefore, the long-term expected rate of return of 7.25 percent on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate determination does not use the municipal bond index rate, and therefore, the discount rate is 7.25 percent. There was no change in the discount rate from the prior measurement date.

*Sensitivity of the Blanca/Fort Garland Metropolitan District proportionate share of the net pension liability to changes in the discount rate.* The following presents the proportionate share of the net pension liability calculated using the discount rate of 7.25 percent, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.25 percent) or 1-percentage-point higher (8.25 percent) than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Proportionate share of the net pension liability	561,451	367,011	204,342

*Pension plan fiduciary net position.* Detailed information about the LGDTF's fiduciary net position is available in PERA's CAFR which can be obtained at [www.copera.org/investments/pera-financial-reports](http://www.copera.org/investments/pera-financial-reports).

**Changes between the measurement date of the net pension liability and December 31, 2019.**

During the 2019 legislative session, the Colorado General Assembly passed HB 19-1217: *PERA Public Employee's Retirement Association Local Government Division Member Contribution Rate*. The bill was signed into law by Governor Polis on May 20, 2019, and eliminates the 2 percent increase in the contribution rate for members in the Local Government Division mandated by SB 18-200.

BLANCA/FORT GARLAND METROPOLITAN DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2019

---

**NOTE 10 OTHER POST EMPLOYMENT BENEFITS**

**Defined Benefit Other Post Employment Benefit (OPEB) Plan**

**Summary of Significant Accounting Policies**

*OPEB.* The Blanca/Fort Garland Metropolitan District participates in the Health Care Trust Fund (HCTF), a cost-sharing multiple-employer defined benefit OPEB fund administered by the Public Employees' Retirement Association of Colorado ("PERA"). The net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, OPEB expense, information about the fiduciary net position and additions to/deductions from the fiduciary net position of the HCTF have been determined using the economic resources measurement focus and the accrual basis of accounting. For this purpose, benefits paid on behalf of health care participants are recognized when due and/or payable in accordance with the benefit terms. Investments are reported at fair value.

**General Information about the OPEB Plan**

*Plan description.* Eligible employees of the Blanca/Fort Garland Metropolitan District are provided with OPEB through the HCTF—a cost-sharing multiple-employer defined benefit OPEB plan administered by PERA. The HCTF is established under Title 24, Article 51, Part 12 of the Colorado Revised Statutes (C.R.S.), as amended. Colorado State law provisions may be amended from time to time by the Colorado General Assembly. Title 24, Article 51, Part 12 of the C.R.S., as amended, sets forth a framework that grants authority to the PERA Board to contract, self-insure, and authorize disbursements necessary in order to carry out the purposes of the PERACare program, including the administration of the premium subsidies. Colorado State law provisions may be amended from time to time by the Colorado General Assembly. PERA issues a publicly available comprehensive annual financial report (CAFR) that can be obtained at [www.copera.org/investments/pera-financial-reports](http://www.copera.org/investments/pera-financial-reports).

*Benefits provided.* The HCTF provides a health care premium subsidy to eligible participating PERA benefit recipients and retirees who choose to enroll in one of the PERA health care plans, however, the subsidy is not available if only enrolled in the dental and/or vision plan(s). The health care premium subsidy is based upon the benefit structure under which the member retires and the member's years of service credit. For members who retire having service credit with employers in the Denver Public Schools (DPS) Division and one or more of the other four Divisions (State, School, Local Government and Judicial), the premium subsidy is allocated between the HCTF and the Denver Public Schools Health Care Trust Fund (DPS HCTF). The basis for the amount of the premium subsidy funded by each trust fund is the percentage of the member contribution account balance from each division as it relates to the total member contribution account balance from which the retirement benefit is paid.

C.R.S. § 24-51-1202 et seq. specifies the eligibility for enrollment in the health care plans offered by PERA and the amount of the premium subsidy. The law governing a benefit recipient's eligibility for the subsidy and the amount of the subsidy differs slightly depending under which benefit structure the benefits are calculated. All benefit recipients under the PERA benefit structure and all retirees under the DPS benefit structure are eligible for a premium subsidy, if enrolled in a health care plan under PERACare. Upon the death of a DPS benefit structure retiree, no further subsidy is paid.

BLANCA/FORT GARLAND METROPOLITAN DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2019

---

**NOTE 10** OTHER POST EMPLOYMENT BENEFITS (CONTINUED)

Enrollment in the PERACare is voluntary and is available to benefit recipients and their eligible dependents, certain surviving spouses, and divorced spouses and guardians, among others. Eligible benefit recipients may enroll into the program upon retirement, upon the occurrence of certain life events, or on an annual basis during an open enrollment period.

*PERA Benefit Structure*

The maximum service-based premium subsidy is \$230 per month for benefit recipients who are under 65 years of age and who are not entitled to Medicare; the maximum service-based subsidy is \$115 per month for benefit recipients who are 65 years of age or older or who are under 65 years of age and entitled to Medicare. The basis for the maximum service-based subsidy, in each case, is for benefit recipients with retirement benefits based on 20 or more years of service credit. There is a 5 percent reduction in the subsidy for each year less than 20. The benefit recipient pays the remaining portion of the premium to the extent the subsidy does not cover the entire amount.

For benefit recipients who have not participated in Social Security and who are not otherwise eligible for premium-free Medicare Part A for hospital-related services, C.R.S. § 24-51-1206(4) provides an additional subsidy. According to the statute, PERA cannot charge premiums to benefit recipients without Medicare Part A that are greater than premiums charged to benefit recipients with Part A for the same plan option, coverage level, and service credit. Currently, for each individual PERACare enrollee, the total premium for Medicare coverage is determined assuming plan participants have both Medicare Part A and Part B and the difference in premium cost is paid by the HCTF or the DPS HCTF on behalf of benefit recipients not covered by Medicare Part A.

*DPS Benefit Structure*

The maximum service-based premium subsidy is \$230 per month for retirees who are under 65 years of age and who are not entitled to Medicare; the maximum service-based subsidy is \$115 per month for retirees who are 65 years of age or older or who are under 65 years of age and entitled to Medicare. The basis for the maximum subsidy, in each case, is for retirees with retirement benefits based on 20 or more years of service credit. There is a 5 percent reduction in the subsidy for each year less than 20. The retiree pays the remaining portion of the premium to the extent the subsidy does not cover the entire amount.

For retirees who have not participated in Social Security and who are not otherwise eligible for premium-free Medicare Part A for hospital-related services, the HCTF or the DPS HCTF pays an alternate service-based premium subsidy. Each individual retiree meeting these conditions receives the maximum \$230 per month subsidy reduced appropriately for service less than 20 years, as described above. Retirees who do not have Medicare Part A pay the difference between the total premium and the monthly subsidy.

*Contributions.* Pursuant to Title 24, Article 51, Section 208(1)(f) of the C.R.S., as amended, certain contributions are apportioned to the HCTF. PERA-affiliated employers of the State, School, Local Government, and Judicial Divisions are required to contribute at a rate of 1.02 percent of PERA-includable salary into the HCTF.

BLANCA/FORT GARLAND METROPOLITAN DISTRICT  
 NOTES TO FINANCIAL STATEMENTS  
 December 31, 2019

**NOTE 10**    OTHER POST EMPLOYMENT BENEFITS (CONTINUED)

Employer contributions are recognized by the HCTF in the period in which the compensation becomes payable to the member and the Blanca/Fort Garland Metropolitan District is statutorily committed to pay the contributions. Employer contributions recognized by the HCTF from the Blanca/Fort Garland Metropolitan District were \$2,189 for the year ended December 31, 2019.

**OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

At December 31, 2019, the Blanca/Fort Garland Metropolitan District reported a liability of \$30,801 for its proportionate share of the net OPEB liability. The net OPEB liability for the HCTF was measured as of December 31, 2018, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of December 31, 2017. Standard update procedures were used to roll-forward the total OPEB liability to December 31, 2018. The Blanca/Fort Garland Metropolitan District proportion of the net OPEB liability was based on Blanca/Fort Garland Metropolitan District' contributions to the HCTF for the calendar year 2018 relative to the total contributions of participating employers to the HCTF.

At December 31, 2018, the Blanca/Fort Garland Metropolitan District proportion was 0.00226 percent, which was a decrease of 0.00006 percent from its proportion measured as of December 31, 2017.

For the year ended December 31, 2019, the Blanca/Fort Garland Metropolitan District recognized OPEB expense of \$161. At December 31, 2019, the Blanca/Fort Garland Metropolitan District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	112	(47)
Changes of assumptions or other inputs	216	-
Net difference between projected and actual earnings on OPEB plan investments	546	(369)
Changes in proportion and differences between contributions recognized and proportionate share of contributions	-	(823)
Contributions subsequent to the measurement date	2,189	N/A
Total	3,063	(1,239)

BLANCA/FORT GARLAND METROPOLITAN DISTRICT  
 NOTES TO FINANCIAL STATEMENTS  
 December 31, 2019

**NOTE 10** OTHER POST EMPLOYMENT BENEFITS (CONTINUED)

\$2,189 reported as deferred outflows of resources related to OPEB, resulting from contributions subsequent to the measurement date, will be recognized as a reduction of the net OPEB liability in the year ended December 31, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended December 31,	
2020	(98)
2021	(98)
2022	(98)
2023	25
2024	(95)
Thereafter	(1)

*Actuarial assumptions.* The total OPEB liability in the December 31, 2017 actuarial valuation was determined using the following actuarial cost method, actuarial assumptions and other inputs:

Actuarial cost method	Entry age
Price inflation	2.40 percent
Real wage growth	1.10 percent
Wage inflation	3.50 percent
Salary increases, including wage inflation	3.50 percent in aggregate
Long-term investment rate of return, net of pension plan investment expenses, including price inflation	7.25 percent
Discount rate	7.25 percent
Health care cost trend rates	
PERA benefit structure:	
Service-based premium subsidy	0.00 percent
PERACare Medicare plans	5.00 percent
Medicare Part A premiums	3.25 percent for 2018, gradually rising to 5.00 percent in 2025
DPS benefit structure:	
Service-based premium subsidy	0.00 percent
PERACare Medicare plans	N/A
Medicare Part A premiums	N/A

Calculations are based on the benefits provided under the terms of the substantive plan in effect at the time of each actuarial valuation and on the pattern of sharing of costs between employers of each fund to that point.

The actuarial assumptions used in the December 31, 2017 valuation were based on the results of the 2016 experience analysis for the periods January 1, 2012 through December 31, 2015, as well as, the October 28, 2016 actuarial assumptions workshop and were adopted by PERA Board during the November 18, 2016 Board meeting. In addition, certain actuarial assumptions pertaining to per capita health care costs and their related trends are analyzed and reviewed by PERA's actuary, as discussed below.

BLANCA/FORT GARLAND METROPOLITAN DISTRICT  
 NOTES TO FINANCIAL STATEMENTS  
 December 31, 2019

NOTE 10    OTHER POST EMPLOYMENT BENEFITS (CONTINUED)

In determining the additional liability for PERACare enrollees who are age sixty-five or older and who are not eligible for premium-free Medicare Part A, the following monthly costs/premiums are assumed for 2018 for the PERA Benefit Structure:

Medicare Plan	Cost for Members Without Medicare Part A	Premiums for Members Without Medicare Part A
Self-Funded Medicare Supplement Plans	\$736	\$367
Kaiser Permanente Medicare Advantage HMO	602	236
Rocky Mountain Health Plans Medicare HMO	611	251
United Healthcare Medicare HMO	686	213

The 2018 Medicare Part A premium is \$422 per month.

In determining the additional liability for PERACare enrollees in the PERA Benefit Structure who are age sixty-five or older and who are not eligible for premium-free Medicare Part A, the following chart details the initial expected value of Medicare Part A benefits, age adjusted to age 65 for the year following the valuation date.

Medicare Plan	Cost for Members Without Medicare Part A
Self-Funded Medicare Supplement Plans	\$289
Kaiser Permanente Medicare Advantage HMO	300
Rocky Mountain Health Plans Medicare HMO	270
United Healthcare Medicare HMO	400

All costs are subject to the health care cost trend rates, as discussed below.

Health care cost trend rates reflect the change in per capita health costs over time due to factors such as medical inflation, utilization, plan design, and technology improvements. For the PERA benefit structure, health care cost trend rates are needed to project the future costs associated with providing benefits to those PERACare enrollees not eligible for premium-free Medicare Part A.

Health care cost trend rates for the PERA benefit structure are based on published annual health care inflation surveys in conjunction with actual plan experience (if credible), building block models and heuristics developed by health plan actuaries and administrators, and projected trends for the Federal Hospital Insurance Trust Fund (Medicare Part A premiums) provided by the Centers for Medicare & Medicaid Services. Effective December 31, 2017, the health care cost trend rates for Medicare Part A premiums were revised to reflect the current expectation of future increases in rates of inflation applicable to Medicare Part A premiums.

BLANCA/FORT GARLAND METROPOLITAN DISTRICT  
 NOTES TO FINANCIAL STATEMENTS  
 December 31, 2019

NOTE 10    OTHER POST EMPLOYMENT BENEFITS (CONTINUED)

The PERA benefit structure health care cost trend rates that were used to measure the total OPEB liability are summarized in the table below:

Year	PERACare Medicare Plans	Medicare Part A Premiums
2018	5.00%	3.25%
2019	5.00%	3.50%
2020	5.00%	3.75%
2021	5.00%	4.00%
2022	5.00%	4.25%
2023	5.00%	4.50%
2024	5.00%	4.75%
2025+	5.00%	5.00%

Mortality assumptions for the determination of the total pension liability for each of the Division Trust Funds as shown below are applied, as applicable, in the determination of the total OPEB liability for the HCTF. Affiliated employers of the State, School, Local Government, and Judicial Divisions participate in the HCTF.

Healthy mortality assumptions for active members were based on the RP-2014 White Collar Employee Mortality Table, a table specifically developed for actively working people. To allow for an appropriate margin of improved mortality prospectively, the mortality rates incorporate a 70 percent factor applied to male rates and a 55 percent factor applied to female rates.

Healthy, post-retirement mortality assumptions for the State and Local Government Divisions were based on the RP-2014 Healthy Annuitant Mortality Table, adjusted as follows:

- **Males:** Mortality improvement projected to 2018 using the MP-2015 projection scale, a 73 percent factor applied to rates for ages less than 80, a 108 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.
- **Females:** Mortality improvement projected to 2020 using the MP-2015 projection scale, a 78 percent factor applied to rates for ages less than 80, a 109 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.

Healthy, post-retirement mortality assumptions for the School and Judicial Divisions were based on the RP-2014 White Collar Healthy Annuitant Mortality Table, adjusted as follows:

- **Males:** Mortality improvement projected to 2018 using the MP-2015 projection scale, a 93 percent factor applied to rates for ages less than 80, a 113 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.
- **Females:** Mortality improvement projected to 2020 using the MP-2015 projection scale, a 68 percent factor applied to rates for ages less than 80, a 106 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.

For disabled retirees, the mortality assumption was based on 90 percent of the RP-2014 Disabled Retiree Mortality Table.

BLANCA/FORT GARLAND METROPOLITAN DISTRICT  
 NOTES TO FINANCIAL STATEMENTS  
 December 31, 2019

**NOTE 10 OTHER POST EMPLOYMENT BENEFITS (CONTINUED)**

The following health care costs assumptions were updated and used in the measurement of the obligations for the HCTF:

- Initial per capita health care costs for those PERACare enrollees under the PERA benefit structure who are expected to attain age 65 and older ages and are not eligible for premium-free Medicare Part A benefits were updated to reflect the change in costs for the 2018 plan year.
- The health care cost trend rates for Medicare Part A premiums were revised to reflect the then-current expectation of future increases in rates of inflation applicable to Medicare Part A premiums.

The long-term expected return on plan assets is reviewed as part of regular experience studies prepared every four or five years for PERA. Recently, this assumption has been reviewed more frequently. The most recent analyses were outlined in presentations to PERA's Board on October 28, 2016.

Several factors were considered in evaluating the long-term rate of return assumption for the HCTF, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation.

As of the most recent adoption of the long-term expected rate of return by the PERA Board, the target asset allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	30 Year Expected Geometric Real Rate of Return
U.S. Equity – Large Cap	21.20%	4.30%
U.S. Equity – Small Cap	7.42%	4.80%
Non U.S. Equity – Developed	18.55%	5.20%
Non U.S. Equity – Emerging	5.83%	5.40%
Core Fixed Income	19.32%	1.20%
High Yield	1.38%	4.30%
Non U.S. Fixed Income - Developed	1.84%	0.60%
Emerging Market Debt	0.46%	3.90%
Core Real Estate	8.50%	4.90%
Opportunity Fund	6.00%	3.80%
Private Equity	8.50%	6.60%
Cash	1.00%	0.20%
<b>Total</b>	<b>100.00%</b>	

In setting the long-term expected rate of return, projections employed to model future returns provide a range of expected long-term returns that, including expected inflation, ultimately support a long-term expected rate of return assumption of 7.25%.

BLANCA/FORT GARLAND METROPOLITAN DISTRICT  
 NOTES TO FINANCIAL STATEMENTS  
 December 31, 2019

**NOTE 10 OTHER POST EMPLOYMENT BENEFITS (CONTINUED)**

*Sensitivity of the Blanca/Fort Garland Metropolitan District proportionate share of the net OPEB liability to changes in the Health Care Cost Trend Rates.* The following presents the net OPEB liability using the current health care cost trend rates applicable to the PERA benefit structure, as well as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current rates:

	1% Decrease in Trend Rates	Current Trend Rates	1% Increase in Trend Rates
PERACare Medicare trend rate	4.00%	5.00%	6.00%
Initial Medicare Part A trend rate	2.25%	3.25%	4.25%
Ultimate Medicare Part A trend rate	4.00%	5.00%	6.00%
Net OPEB Liability	29,950	30,801	31,779

*Discount rate.* The discount rate used to measure the total OPEB liability was 7.25 percent. The projection of cash flows used to determine the discount rate applied the actuarial cost method and assumptions shown above. In addition, the following methods and assumptions were used in the projection of cash flows:

- Updated health care cost trend rates for Medicare Part A premiums as of the December 31, 2018, measurement date.
- Total covered payroll for the initial projection year consists of the covered payroll of the active membership present on the valuation date and the covered payroll of future plan members assumed to be hired during the year. In subsequent projection years, total covered payroll was assumed to increase annually at a rate of 3.50%.
- Employer contributions were assumed to be made at rates equal to the fixed statutory rates specified in law and effective as of the measurement date.
- Employer contributions and the amount of total service costs for future plan members were based upon a process to estimate future actuarially determined contributions assuming an analogous future plan member growth rate.
- Transfers of a portion of purchase service agreements intended to cover the costs associated with OPEB benefits were estimated and included in the projections.
- Benefit payments and contributions were assumed to be made at the middle of the year.

Based on the above assumptions and methods, the projection test indicates the HCTF's fiduciary net position was projected to make all projected future benefit payments of current members. Therefore, the long-term expected rate of return of 7.25 percent on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability. The discount rate determination does not use the municipal bond index rate, and therefore, the discount rate is 7.25 percent.

BLANCA/FORT GARLAND METROPOLITAN DISTRICT  
 NOTES TO FINANCIAL STATEMENTS  
 December 31, 2019

NOTE 10 OTHER POST EMPLOYMENT BENEFITS (CONTINUED)

*Sensitivity of the Blanca/Fort Garland Metropolitan District proportionate share of the net OPEB liability to changes in the discount rate.* The following presents the proportionate share of the net OPEB liability calculated using the discount rate of 7.25 percent, as well as what the proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.25 percent) or 1-percentage-point higher (8.25 percent) than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Proportionate share of the net OPEB liability	34,463	30,801	27,670

*OPEB plan fiduciary net position.* Detailed information about the HCTF's fiduciary net position is available in PERA's CAFR which can be obtained at [www.copera.org/investments/pera-financial-reports](http://www.copera.org/investments/pera-financial-reports).

NOTE 11 RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The governmental funds balance sheet includes reconciliation between *fund balances – total governmental funds* and *net position – governmental activities* as reported in the government-wide statement of net position. Additionally, the governmental fund statement of revenues, expenditures, and changes in fund balances includes reconciliation between *net change in fund balances – total government funds* and *changes in net position of governmental activities* as reported in the government-wide statement of activities.

These reconciliations detail items that require adjustment to convert from the current resources measurement and modified accrual basis for governmental fund statements to the economic resources measurement and full accrual basis used for government-wide statements.

The following interfund activity has been eliminated in the government-wide financial statements:

	<u>Interfund Transfer In</u>	<u>Interfund Transfer Out</u>	<u>Interfund Receivable</u>	<u>Interfund Payable</u>
General Fund	-	-	33,592	-
Conservation Trust Fund	-	-	-	-
Bond Redemption Fund	<u>-</u>	<u>-</u>	<u>-</u>	<u>33,592</u>
	<u>-</u>	<u>-</u>	<u>33,592</u>	<u>33,592</u>

NOTE 12 INTERFUND BALANCES

The Bond Redemption Fund had amounts due to other funds at year end. They will be liquidated in early 2020.

BLANCA/FORT GARLAND METROPOLITAN DISTRICT  
 NOTES TO FINANCIAL STATEMENTS  
 December 31, 2019

NOTE 13      COLORADO SPECIAL DISTRICTS PROPERTY AND LIABILITY POOL

The District is one of approximately 360 special districts which are members of the Colorado Special Districts Property and Liability Pool (Pool) as of December 31, 2019. The Pool is an organization created by intergovernmental agreement to provide property and general liability, automobile physical damage and liability, public officials liability and boiler and machinery coverage to its members. The Pool provides coverage for property claims up to the values declared and liability and public officials coverage for claims up to \$1,000,000. The Pool is self insured for 100% of the first \$150,000 of all claims and covered 100% for claims in excess of 150,000 (not to exceed \$850,000).

Employment related wrongful termination claims are shared 50% with the Pool up to \$200,000 (\$100,000 Pool and \$100,000 District). The District is responsible for all claims in excess of \$200,000.

The District pays annual premiums to the Pool for liability, property and public officials coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from insurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

A summary of the latest available audited financial information for the Pool as of and for the year ended December 31, 2018 is as follows:

Assets	<u>63,918,422</u>
Liabilities	39,345,647
Capital and Surplus	<u>24,572,775</u>
	<u>63,918,422</u>
Revenue	20,983,559
Underwriting Expenses	<u>22,973,705</u>
Underwriting Gain (Loss)	(1,990,146)
Other Income	898,330
Other – Change in Nonadmitted Assets	<u>(122,776)</u>
Net Income (Loss) and Changes	<u>(1,214,592)</u>

There is no current or long-term debt outstanding; the above liabilities represent incurred claims and an estimated liability for incurred but not reported claims at December 31, 2018.

NOTE 14      BUDGET INFORMATION

For the year ended December 31, 2019, the General Fund had expenditures in excess of amounts budgeted of \$36,021.

NOTE 15      COMPENSATED ABSENCES

Permanent full-time employees earn sick leave at the rate of one day per month. Unused sick leave may be carried forward at year end at a maximum of 30 days. At the end of employment, accrued sick leave is compensated at the employee's hourly rate. The liability for accrued sick leave at December 31, 2019 was \$14,778.
