Independent Auditor's Report

To the Board of Directors
Twin Peaks Metropolitan District

We have audited the accompanying financial statements of the governmental activities and the major funds of Twin Peaks Metropolitan District as of and for the year ended December 31, 2019 and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major funds of Twin Peaks Metropolitan District, as of December 31, 2019 and the respective changes in financial position, and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

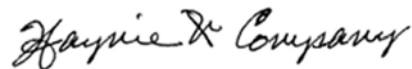

Required Supplementary Information

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Twin Peaks Metropolitan District's financial statements as a whole. The supplementary information section is presented for purposes of additional analysis and is not a required part of the financial statements.

The supplementary information as listed in the table of contents is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

**TWIN PEAKS METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 1 DEFINITION OF REPORTING ENTITY

Twin Peaks Metropolitan District (District), a quasi-municipal corporation and political subdivision of the State of Colorado, was organized by order and decree of the District Court for Boulder County on January 11, 2013, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District's service area is located in Longmont, Colorado. The District was established to assist the City of Longmont and the Urban Renewal Authority (URA) in the financing, acquisition, construction, installation, operations, and maintenance of public improvements, including water, sewer, street, transportation, safety protection, and parks and recreation.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District has no employees, and all operations and administrative functions are contracted.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The more significant accounting policies of the District are described as follows:

Government-wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities are normally supported by taxes and intergovernmental revenues.

The statement of net position reports all financial and capital resources of the District. The difference between the sum of assets and deferred outflows and the sum of liabilities and deferred inflows is reported as net position.

**TWIN PEAKS METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Government-wide and Fund Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met. Depreciation is computed and recorded as an operating expense. Expenditures for capital assets are shown as increases in assets and redemption of bonds, notes and developer advances are recorded as a reduction in liabilities.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes and specific ownership taxes. All other revenue items are considered to be measurable and available only when cash is received by the District. The District determined that Developer advances are not considered as revenue susceptible to accrual. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation is due.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of the governmental funds.

**TWIN PEAKS METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgets

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures level and lapses at year-end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

The District has amended its annual budget for the year ended December 31, 2019.

Pooled Cash and Investments

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash.

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflow of resources in the year they are levied and measurable. The unearned property tax revenues are recorded as revenue in the year they are available or collected.

Capital Assets

Capital assets, which include property and infrastructure assets (e.g. detention ponds and similar items), are reported in the applicable governmental columns in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

Capital assets which are anticipated to be conveyed to other governmental entities are recorded as construction in progress, and are not included in the calculation of net investment in capital assets.

**TWIN PEAKS METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets (Continued)

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related fixed assets, as applicable.

Depreciation expense has been computed using the straight-line method over the following estimated economic useful lives:

Sanitation, storm sewer, safety protection and signage	25 years
Streets and parks and recreation	40 years

Deferred Inflows of Resources

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies for reporting in this category. Accordingly, the item, deferred property tax revenue, is deferred and recognized as an inflow of resources in the period that the amount becomes available.

Equity

Net Position

For government-wide presentation purposes when both restricted and unrestricted resources are available for use, it is the government's practice to use restricted resources first, then unrestricted resources as they are needed.

Fund Balance

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

Nonspendable Fund Balance – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.

Restricted Fund Balance – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.

**TWIN PEAKS METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Equity (Continued)

Fund Balance (Continued)

Committed Fund Balance – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government’s highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.

Assigned Fund Balance – The portion of fund balance that is constrained by the government’s intent to be used for specific purposes, but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.

Unassigned Fund Balance – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District’s practice to use the most restrictive classification first.

NOTE 3 CASH AND INVESTMENTS

Cash and investments as of December 31, 2019, are classified in the accompanying financial statements as follows:

Statement of Net Position:

Cash and Investments	\$ 133,430
Cash and Investments - Restricted	17,700
Total Cash and Investments	\$ 151,130

Cash and investments as of December 31, 2019, consist of the following:

Deposits with Financial Institutions	\$ 25,025
Investments	126,105
Total Cash and Investments	\$ 151,130

Deposits with Financial Institutions

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

**TWIN PEAKS METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

Deposits with Financial Institutions (Continued)

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2019, the District's cash deposits had a bank balance of \$25,025 and a carrying balance of \$25,025.

Investments

The District has adopted a formal investment policy that follows state statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (*) below, which are believed to have minimal credit risk, minimal interest rate risk and no foreign currency risk. Additionally, the District is not subject to concentration risk disclosure requirements or investment custodial credit risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States, certain U.S. government agency securities and securities of the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Certain certificates of participation
- . Certain securities lending agreements
- . Bankers' acceptances of certain banks
- . Commercial paper
- . Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- . Guaranteed investment contracts
- * Local government investment pools

As of December 31, 2019, the District had the following investments:

<u>Investment</u>	<u>Maturity</u>	<u>Amount</u>
Colorado Surplus Asset Fund Trust (CSAFE)	Weighted Average Under 60 Days	\$ 126,105
		<u>\$ 126,105</u>

**TWIN PEAKS METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

CSAFE

The District invested in the Colorado Surplus Asset Fund Trust (CSAFE) (the Trust), which is an investment vehicle established by state statute for local government entities to pool surplus assets. The State Securities Commissioner administers and enforces all state statutes governing the Trust. The Trust is similar to a money market fund, with each share valued at \$1.00. CSAFE may invest in U.S. Treasury securities, repurchase agreements collateralized by U.S. Treasury securities, certain money market funds and highest rated commercial paper. A designated custodial bank serves as custodian for CSAFE's portfolio pursuant to a custodian agreement. The custodian acts as safekeeping agent for CSAFE's investment portfolio and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by CSAFE. CSAFE is rated AAAM by Standard & Poor's. CSAFE records its investments at amortized cost and the District records its investments in CSAFE at net asset value as determined by amortized cost. There are no unfunded commitments, the redemption frequency is daily and there is no redemption notice period.

NOTE 4 CAPITAL ASSETS

An analysis of the changes in capital assets for the year ended December 31, 2019, follows:

	Balance at December 31, 2018	Increases	Decreases	Balance at December 31, 2019
Capital Assets, Being Depreciated:				
Sanitation	5,320	-	-	5,320
Storm Sewer	87,143	-	-	87,143
Streets	2,753,512	-	-	2,753,512
Safety Protection	158,963	-	-	158,963

Signage	50,612	37,960	-	88,572
Total Accumulated Depreciation	253,562	190,169	-	443,731
Total Capital Assets, Being Depreciated, Net	6,632,997	(190,169)	-	6,442,828
Total Capital Assets	\$ 6,632,997	\$ (190,169)	\$ -	\$ 6,442,828

**TWIN PEAKS METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 5 LONG-TERM OBLIGATIONS

The following is an analysis of the changes in the District's long-term obligations for the year ended December 31, 2019:

	Balance at December 31, 2018	New Issues	Refundings/ Retirements	Balance at December 31, 2019	Due Within One Year
Developer Advance Payable - Capital	\$ 6,886,559	\$ -	\$ -	\$ 6,886,559	\$ -
Developer Advance Payable - Interest Capital	751,238	550,925	500,000	802,163	-
Total	<u>\$ 7,637,797</u>	<u>\$ 550,925</u>	<u>\$ 500,000</u>	<u>\$ 7,688,722</u>	<u>\$ -</u>

The District has entered into funding and reimbursement agreements with the Developer as described in Note 8.

Authorized Debt

On November 6, 2012, a majority of the qualified electors of the District authorized the issuance of indebtedness in an amount not to exceed \$353,000,000 at an interest rate not to exceed 18% per annum. At December 31, 2019, the District had authorized but unissued indebtedness in the following amounts allocated for the following purposes:

	Authorized November 6, 2012 Election	Authorization Used	Remaining at December 31, 2018
Streets	\$ 35,000,000	\$ -	\$ 35,000,000
Water	35,000,000	-	35,000,000

Pursuant to the Service Plan and the Amendment, the District is permitted to issue bond indebtedness of up to \$37,000,000 at a maximum interest rate of 18%.

In the future, the District may issue a portion or all of the remaining authorized but unissued general obligation debt for purposes of providing public improvements to support development as it occurs within the District's service area.

**TWIN PEAKS METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 6 POSITION

The District has net position consisting of three components – net investment in capital assets, restricted and unrestricted.

Net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of bonds, mortgage, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. As of December 31, 2019, the District had net investment in capital assets calculated as follows:

Net Investment in Capital Assets	
Capital Assets, Net	\$ 6,442,828
Noncurrent Portion of Outstanding LongTerm Obligation	<u>(7,688,722)</u>
	<u>\$ (1,245,894)</u>

Restricted assets include net position that are restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had restricted net position as of December 31, 2019, as follows:

Restricted Net Position:	
Emergency Reserves	\$ 17,700
Total Restricted Net Position	<u>\$ 17,700</u>

NOTE 7 DISTRICT AGREEMENTS

Redevelopment and Reimbursement Agreement

The District, the Longmont Urban Renewal Authority (Authority) and NMMS Twin Peaks, LLC (defined herein as Original Developer) (as its interest has been subsequently collaterally assigned) entered into that certain Redevelopment and Reimbursement Agreement dated January 8, 2013 (RRA). Pursuant to the terms of the RRA, the Original Developer agrees to acquire property and to finance certain public improvements within the boundaries of the Authority (Eligible Public Improvements).

The Authority agrees to reimburse the Original Developer for those costs associated with the acquisition of the property and the design and construction of the Eligible Public Improvements (Eligible Costs) in an amount not to exceed \$27,500,000 (Reimbursement Obligation) plus interest. The Reimbursement Obligation is anticipated to be reimbursed from either: (i) the proceeds of the bonds issued by the Authority (Authority Bonds); (ii) the proceeds of bonds issued by the District (District Bonds); or (iii) if no bonds are issued, through pledged revenues. If Eligible Costs are financed by a combination of Authority Bonds and District Bonds, the Developer advances shall be subordinate to the payment of bonds issued.

**TWIN PEAKS METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 7 DISTRICT AGREEMENTS (CONTINUED)

Redevelopment and Reimbursement Agreement (Continued)

Pursuant to the RRA, the District agrees to impose a debt service mill levy of 25 mills on the taxable property within its boundaries (Debt Service Mill Levy) and collect the revenues from the specific ownership tax associated with the Debt Service Mill Levy (Specific Ownership Tax Revenues) and agrees to pledge the same to the Authority Bonds or the District Bonds.

Further, the Authority agrees to pledge the incremental operating revenue received by the Authority as a result of the District's imposition of its operating and maintenance mill levy back to the District to pay for the District's operating and maintenance expenses.

The Authority agrees to establish the special fund to deposit the Pledged Property Tax Increment Revenues and Pledges Sales Tax Increment Revenues upon receipt. Pledged Property Tax Increment Revenue means the annual ad valorem property tax revenue received by the Authority from the Boulder County Treasurer in excess of the amount produced by the levy of those taxing bodies that levy property taxes in the TIF Area. These funds are to be remitted to the Bond Trustee for Authority issued bonds, the District Bond Trustee for District issued bonds, or to the Developer for unreimbursed developer advances. The Authority's obligation to remit the Pledged Revenue is a multiple fiscal-year obligation not subject to annual appropriation.

The City and the Authority agree that so long as the agreement is in effect Sales taxes in excess of the Sales Tax Base Amount shall be allocated to the Special Fund in an amount equal to Pledged Sales Tax Incremental Revenues.

The Developer shall be eligible to receive a maximum of \$27,500,000 for Eligible Costs, including land acquisition costs.

Pledge Agreement

The District and the City entered into that certain Pledge Agreement dated August 1, 2014 (Pledge Agreement). The City has previously entered into a Lease Purchase Agreement (Lease) and certain Certificates of Participation (Certificates) were executed and delivered in connection with the Lease. The proceeds of the Certificates were applied to pay or reimburse the cost of issuance, financing costs and Eligible Costs associated with the Reimbursement Obligation discussed above. Pursuant to the Pledge Agreement, the District agrees to pledge the revenue from the Debt Service Mill Levy (as defined above) and Specific Ownership Tax Revenues to the payment of the debt service requirement of the Authority Bonds (as defined above) issued. The District shall remit revenues from the Debt Service Mill Levy and the Specific Ownership Tax Revenues for as long as the Authority Bonds are outstanding.

City IGA

The District entered into an intergovernmental agreement with the City, dated June 11, 2013. The agreement specifies which public improvements shall be dedicated to the City and which improvements are to be owned and maintained by the District. Public improvements to be dedicated to the City or other appropriate jurisdictions include exterior streets, water, and sanitary sewer facilities.

NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 7 DISTRICT AGREEMENTS (CONTINUED)

City IGA (Continued)

The agreement also states that the District shall have a public hearing, prior to any determination if the District should be dissolved, and that no dissolution shall occur until the District has provided payment for all outstanding indebtedness, nor shall the City request dissolution within the first 25 years following the approval of the Amended and Restated Service Plan.

The agreement states the maximum mill levy the District is allowed to impose is 50 mills, for both debt service and operations and maintenance. The Service plan and this agreement allow the District to impose reasonable fees pursuant to Colorado statutes.

NOTE 8 RELATED PARTY

The property which constitutes the District was originally developed by NMMS Twin Peaks, LLC (Original Developer) and is now being developed by NMMS VATP, LLC (New Developer). The majority of the members of the Board of Directors are employees, owners or are otherwise associated with the New Developer and may have conflicts of interest in dealing with the District.

Funding Reimbursement Agreement

The District and New Developer entered into the Funding Reimbursement Agreement dated August 21, 2017. All amounts previously owed to the Original Developer under the FFAA (Prior Advances) are due and payable to the New Developer pursuant to the terms of this agreement. Interest shall accrue on the Prior Advances at 8.0% per annum until paid. This agreement will terminate when all amounts owing are fully paid, unless terminated earlier pursuant to mutual written agreement of the parties. Notwithstanding, if the District has not paid the New Developer for any Prior Advances by December 31, 2057, the principal and accrued interest outstanding at that date will be discharged.

As of December 31, 2019, there was \$7,688,722, outstanding under this agreement, including \$6,886,559 in principal and \$802,163 in accrued interest.

Public Improvements Maintenance and License Agreement

The District and the Original Developer entered into the Public Improvements Maintenance and License Agreement dated August 21, 2017 as amended by a First Amendment dated July 25, 2019. The District has easement rights within the commercial development known as The Village at Twin Peaks within the City of Longmont. The District has constructed and owns public improvements around and within the easements. The Original Developer owns properties within The Village at Twin Peaks. The District granted to the Original Developer a revocable, nonexclusive license to enter onto the real property that is subject to the easement to provide services to maintain such public improvements at the Original Developer's sole cost and expense without reimbursement from the District. As long as the Agreement is in full force and effect, the District will not materially modify, alter or remove the public improvements without the Original Developer's written consent. This agreement will remain in effect until terminated or revoked, as provided in the agreement.

**TWIN PEAKS METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 9 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (Pool) as of December 31, 2019. The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery and workers compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property, public officials' liability, and workers compensation coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

NOTE 10 TAX, SPENDING AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations that apply to the State of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

On November 6, 2012, a majority of the District's electors authorized the District to collect and spend or retain in a reserve the full amount of all currently levied taxes and fees from the District annually, without regard to any limitations under TABOR.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the Emergency Reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits will require judicial interpretation.
