## Independent Auditor's Report

Members of the Board of Directors  
Timbers Metropolitan District

We have audited the accompanying financial statements of the governmental activities and the major funds of Timbers Metropolitan District as of and for the year ended December 31, 2019 and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major funds of Timbers Metropolitan District, as of December 31, 2019 and the respective changes in financial position and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other-Matters**

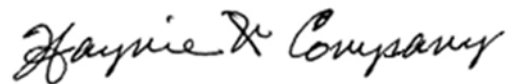

### *Required Supplementary Information*

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

### *Other Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Timbers Metropolitan District's financial statements as a whole. The supplementary information section is presented for purposes of additional analysis and is not a required part of the financial statements.

The supplementary information as listed in the table of contents is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Littleton, Colorado

These financial statements should be read only in connection with  
the accompanying notes to financial statements.

**Timbers Metropolitan District  
 Reconciliation of the Statement of Revenues  
 Expenditures and Changes in Fund Balances of  
 Governmental Funds to the Statement of Activities  
 Year Ended December 31, 2019**

Amounts reported for governmental activities in the statement of activities are different because:

Net changes in fund balances - Total governmental funds	\$ (7,631)
---	------------

Governmental funds report capital outlays as expenditure. In the statement of activities, capital outlay is reported as an asset. However, the statement of activities will report as depreciation expense the allocation of the cost of any depreciable asset over the estimated useful life of the asset. Therefore, this is the net capital outlay activity for the year.

Capital outlay	-
Depreciation	(138,575)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Accrued interest on developer advances - Change in liability	(345,420)
Change in net position of governmental activities	<u>\$ (491,626)</u>

These financial statements should be read only in connection with  
 the accompanying notes to financial statements.

These financial statements should be read only in connection with  
the accompanying notes to financial statements.

**Timbers Metropolitan District**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2019**

**NOTE 1 - DEFINITION OF REPORTING ENTITY**

Timbers Metropolitan District (District), is a special district organized under Title 32 of the Colorado Revised Statutes to serve the public improvement needs of Timbers at the Pinery (the “Project”), was organized on August 23, 2016, and is governed pursuant to provisions of the Special District Control Act, C.R.S. 32-1-201, as amended, and the Special District Service Plan Review Procedures for Douglas County (the “County”). The District’s service area is located in Douglas County, Colorado. The District was established for the purpose of providing public improvements for the benefit of all anticipated inhabitants and taxpayers of the District. It also serves to finance and oversee the construction of these public improvements. The District is governed by an elected Board of Directors comprised of up to five members.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements, which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. The Board of Directors (Districts Governing Body) is elected by the Districts qualified voters.

The District has no employees and all operations and administrative functions are contracted.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The more significant accounting policies of the District are described as follows:

**Government-wide and Fund Financial Statements**

The government-wide financial statements include the statement of net position and the statement of activities. For the most part, the effect of inter-fund activity has been removed from these statements. These financial statements include all of the activities of the District. Governmental activities that are normally supported by property taxes.

The statement of net position reports all financial and capital resources of the District. The difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources of the District is being reported as net position.

**Timbers Metropolitan District**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2019**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Redemption of bonds is recorded as a reduction in liabilities.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes. All other revenue items are considered to be measurable and available only when cash is received by the District. Expenditures, other than interest on long-term obligations are recorded when the liability is incurred or the long-term obligation paid.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term debt of the governmental funds.

The Capital Projects Fund is used to account for financial resources to be used for the acquisition and construction of capital development and facilities.

**Timbers Metropolitan District**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2019**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Budgets**

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures level and lapses at year-end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

**Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position**

*Cash and Investments*

The District's cash and investments include cash on hand and short-term investments with maturities of three months or less from the date of acquisition. Investments for the government are reported on the net asset method.

*Property Taxes*

Property taxes are levied by the District Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes are considered fully collectible and are recorded initially as deferred inflows of resources in the year they are levied and measurable. Property tax revenues are recorded as revenue in the year they are available or collected.

*Capital Assets*

Capital assets, which include infrastructure assets and landfill remediation, are reported in the applicable governmental activities column in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000. Such assets are recorded in historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

**Timbers Metropolitan District**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2019**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized.

Depreciation expense has been computed using the straight-line method over the following estimated economic useful lives:

Water/ Sewer/ Utilities	20 years
Traffic and Streets	20 years

***Deferred Outflows of Resources and Deferred Inflows of Resources***

A deferred inflow of resources is an acquisition of net position by a government that is applicable to a future reporting period and a deferred outflow of resources is a consumption of net position by a government that is applicable to a future reporting period. Both deferred inflows and outflows are reported in the statement of net position but are not recognized in the financial statement as revenues and expenses until the period(s) to which they relate. Deferred inflows of resources in the governmental fund financial statements of the District for the year ended December 31, 2019 are comprised of property taxes due from Douglas County that will not be collected within 60 days of the end of the current fiscal year. Deferred inflows of resources in the government-wide financial statements represents property taxes for which an enforceable legal claim to assets exists, but for which the levy pertains to the subsequent year.

***Long-term Liabilities***

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Long-term debt is reported gross.

***Use of Estimates***

The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Timbers Metropolitan District**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2019**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Fund Balance – Governmental Funds**

The fund balances for the District’s governmental funds are displayed in up to five components:

*Nonspendable* – amounts that are not in a spendable form or are required to be maintained intact.

*Restricted* – amounts that can be spent only for the specific purposes stipulated by external resource providers, constitutionally or through enabling legislation. Restrictions may be changed or lifted only with the consent of resource providers.

- The restricted fund balance in the Debt Service Fund in the amount of \$15,983 is to be used exclusively for the payment of bond interest and related costs.

*Assigned* – Amounts intended to be used by the District for specific purposes as determined by management. In governmental funds other than the General Fund, assigned fund balance represents the amount that is not restricted or committed. This indicates that resources in other governmental funds are, at a minimum, intended to be used for the purpose of that fund. There is no assigned fund balance for the year ended December 31, 2019.

*Unassigned* – the residual classification for the General Fund and includes all amounts not contained in the other classifications.

The District considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The District applies committed amounts first, followed by assigned amounts, and then unassigned amounts when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

**NOTE 3 - CASH AND INVESTMENTS**

Investments as of December 31, 2019, are classified in the accompanying financial statements as follows:

Statement of net position:

Cash and cash equivalents – Unrestricted	<u>\$ 18,177</u>
	<u>\$ 18,177</u>

**Timbers Metropolitan District**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2019**

**NOTE 3 - CASH AND INVESTMENTS (CONTINUED)**

**Deposits with Financial Institutions**

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least equal to 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2019, the District's cash deposits had a carrying balance of \$18,177 and a bank balance of \$18,177, which is fully insured by FDIC coverage and PDPA collateral.

**Investments**

The District has not adopted a formal investment policy; however, the District follows state statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (\*) below, which are believed to have minimal credit risk, minimal interest rate risk, and no foreign currency risk. Additionally, the District is not subject to concentration risk disclosure requirements or subject to investment custodial risk for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less (depending upon the type of investment) unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- Obligations of the United States, certain U.S. government agency securities, and securities of the World Bank
- General obligation and revenue bonds of U.S. local government entities
- Bankers' acceptances of certain banks
- Commercial paper
- Written repurchase and reverse repurchase agreements collateralized by certain authorized securities
- Certain money market funds
- Guaranteed investment contracts
- \* Local government investment

As of December 31, 2019, the District had no investments.

**Timbers Metropolitan District**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2019**

**NOTE 4 – CAPITAL ASSETS**

The following is an analysis of the changes in capital assets for the year ended December 31, 2019:

	<b>Balance at December 31, 2018</b>	<b>Additions</b>	<b>Transfers and Deletions</b>	<b>Balance at December 31, 2019</b>
Capital assets, being depreciated:				
Roadway & Streets	\$ 1,709,362	\$ -	\$ -	\$ 1,709,362
Water	1,153,314	-	-	1,153,314
Sewer/Sanitation	1,153,315	-	-	1,153,315
Utility	1,153,315	-	-	1,153,315
Traffic & Safety	25,044	-	-	25,044
Total capital assets being depreciated	5,194,350	-	-	5,194,350
Accumulated depreciation	(34,644)	(138,575)	-	(173,219)
Net capital assets being depreciated	5,159,706	(138,575)	-	5,021,131
Governmental assets, net	\$ 5,159,706	\$ (138,575)	\$ -	\$ 5,021,131

Depreciation expense charged in 2019 to the governmental functions of the District was \$138,575.

**NOTE 5 - LONG-TERM OBLIGATIONS**

**Debt Authorization**

On November 8, 2016, the District elector's authorized the issuance of indebtedness in an amount not to exceed \$9,000,000. The District is authorized to issue all, none or some of the bonds or other debts associated with the Project. On October 1, 2018, the District issued Series 2018A Senior Limited Tax General Obligation Bonds in the amount of \$1,500,000 and Series 2018B Subordinate Limited Tax General Obligation Bonds in the amount of \$3,800,000 at an interest rate not to exceed 5% (Series 2018A) and 7% (Series 2018B).

The following is an analysis of changes in long-term obligations for the year ended December 31, 2019:

	<b>Balance at December 31, 2018</b>	<b>Additions</b>	<b>Payments</b>	<b>Balance at December 31, 2019</b>	<b>Due Within One Year</b>
Senior Limited Tax GO Bonds 2018A	\$ 1,500,000	\$ -	\$ -	\$ 1,500,000	\$ -
Subordinate Limited Tax GO Bonds 2018B	3,800,000	-	-	3,800,000	-
Developer Advances	144,434	-	-	144,434	144,434
	\$ 5,444,434	\$ -	\$ -	\$ 5,444,434	\$ 144,434

**Timbers Metropolitan District**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2019**

**NOTE 5 - LONG-TERM OBLIGATIONS (CONTINUED)**

**\$1,500,000 Senior Limited Tax General Obligation Bond, Series 2018A**

On October 1, 2018 the District issued \$1,500,000 in Senior Limited Tax General Obligation Bonds, Series 2018A, for the purpose of repaying costs of designing, constructing, and otherwise providing public improvements throughout the District. The debt matures on December 1, 2053 (“Maturity Date”), and bears an interest rate of 5%, per annum, calculated on the basis of a 360-day year comprised of twelve 30-day months, payable semi-annually on June 1 and December 1, commencing June 1, 2019, until maturity. The Series 2018A bonds are subject to Mandatory Pledged Revenue Redemption and Optional Redemption prior to the Maturity Date. The principal of this bond is due on the Maturity Date, with no mandatory principal payments due at any point. This bond can be paid before the Maturity Date with no penalties.

**\$3,800,000 Subordinate Limited Tax General Obligation Bond, Series 2018B**

On October 1, 2018 the District issued \$3,800,000 in Subordinate Limited Tax General Obligation Bonds, Series 2018B, for the purpose of repaying costs of designing, constructing, and otherwise providing public improvements throughout the District. The debt matures on December 1, 2053, and bears in interest rate of 7%, per annum, calculated on the basis of a 360-day year comprised of twelve 30-day months, payable semi-annually on June 1 and December 1. Upon the payment in full of the Series 2018A Bonds, the interest on the Series 2018B Bonds shall be payable on each Interest Payment Date. The principal of the Series 2018B Bond shall not be payable until payment in full of the principal amount of the Series 2018A Bonds.

The District’s Service Plan provides that the District is authorized to impose a mill levy of 25 mills to repay District debt. Any mill levy in excess of 25 mills for the purposes of debt service cannot be imposed without District approval. During 2019, the District collected taxes based on a mill levy of 30.000 mills; 5.000 mills for operations and 25.000 mills for debt service. At December 31, 2019, the district levied 30.000 mills for collection in 2020; 5.000 mills for operations and 25.000 mills for debt service.

**Developer Advances**

To date, the Developer has advanced funds for the costs of the District’s public improvements for an amount equal to the Reimbursable Costs incurred by the Developer and any advances made, but in no event shall the total amount paid exceed \$6,800,000. Public Improvements shall include all construction costs, planning, design, engineering, surveying, construction management, legal and other consulting services, and any other capital expense relating to improvements. The claim for reimbursement of advances made for public improvements, is acknowledged by the District under the Advance and Reimbursement Agreement dated January 25, 2017 between the Developer and the District. The 1<sup>st</sup> Amendment to the Advance and Reimbursement Agreement provides that the District will reimburse the Developer for advances made plus accrued interest from the date each advance is made at the rate of 7% compounded annually. At December 31, 2019 the amount owed to the Developer was \$197,488, which included \$53,054 in accrued interest.

**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2019**

**NOTE 6 - NET POSITION**

The District has net position consisting of three components – net investment in capital assets, restricted and unrestricted.

The net investment in capital assets component of net position consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. As of December 31, 2019, the District had net investment in capital assets of (\$617,619).

Restricted assets include assets that are restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had a restricted net position of \$15,983 as of December 31, 2019 as follows:

Restricted net position:

Debt service	\$ <u>15,983</u>
	<u>\$ 15,983</u>

The District’s unrestricted net position (deficit) as of December 31, 2019 totaled (\$179,311).

**NOTE 7 - RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts, thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees, or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (Pool) as of December 31, 2019. The Pool is an organization created by intergovernmental agreement to provide property, liability, public official’s liability, boiler and machinery and workers compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property, public official’s liability and workers compensation coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

**NOTE 8 - TAX, SPENDING AND DEBT LIMITATIONS**

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations which apply to the State of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

On November 15, 2016, the District's voters passed an election question allowing the District to increase property taxes up to \$1,000,000 annually, without limitation of rate, in order for the District to pay for operations, maintenance, and other expenses. Additionally, voters authorized the District to collect, retain and spend amounts from all revenue sources, without imposed limitations.
