## Independent Auditor's Report

To the Board of Directors  
Iron Mountain Metropolitan District No. 2

We have audited the accompanying financial statements of the governmental activities and the major funds of Iron Mountain Metropolitan District No. 2 as of and for the year ended December 31, 2019 and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major funds of Iron Mountain Metropolitan District No. 2, as of December 31, 2019 and the respective changes in financial position, and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Other Matters

### *Required Supplementary Information*

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

### *Other Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Iron Mountain Metropolitan District No. 2's financial statements as a whole. The supplementary information section is presented for purposes of additional analysis and is not a required part of the financial statements.

The supplementary information as listed in the table of contents is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

IN FUND BALANCES OF THE GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES  
YEAR ENDED DECEMBER 31, 2019**

Net Change in Fund Balance - Governmental Fund \$ 2,852,171

Amounts reported for governmental activities in the statement of activities are different because:

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The net effect of these differences in the treatment of long-term debt and related items is as follows:

Bond Issuance - Senior Bonds, Series 2019A	(6,945,000)
Bond Issuance - Subordinate Bonds, Series 2019B	(1,000,000)
Bond Issuance - Series 2019A Bond Premium	(171,917)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

**IRON MOUNTAIN METROPOLITAN DISTRICT NO. 2**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**DECEMBER 31, 2019**

**NOTE 1 DEFINITION OF REPORTING ENTITY**

Iron Mountain Metropolitan District No. 2 (the District), a quasi-municipal corporation and a political subdivision of the State of Colorado under Title 32, Article I of the Colorado Revised Statutes, as amended ("C.R.S"), was organized and approved by the eligible electors of the District at an election held on Tuesday, November 7, 2006. The District was created by order and decree of the District Court in and for the Town of Windsor, Colorado in conjunction with the approval by the Town Board of a Consolidated Service Plan for the District, Iron Mountain Metropolitan District No.1 (District No. 1) and Iron Mountain Metropolitan District No. 3 (District No. 3).

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens, and fiscal dependency.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

The District has no employees and all operations and administrative functions are contracted.

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The more significant accounting policies of the District are described as follows:

**Government-Wide and Fund Financial Statements**

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities are normally supported by taxes and intergovernmental revenues.

The statement of net position reports all financial and capital resources of the District. The difference between the sum of assets and deferred outflows and the sum of liabilities and deferred inflows is reported as net position.

**IRON MOUNTAIN METROPOLITAN DISTRICT NO. 2**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**DECEMBER 31, 2019**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Government-Wide and Fund Financial Statements (Continued)**

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes. All other revenue items are considered to be measurable and available only when cash is received by the District. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation is due.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Debt Service Fund accounts for the resources accumulated and payments made for principal, interest, and other related costs on long-term general obligation debt.

The Capital Projects Fund is used to account for financial resources to be used for the acquisition and construction of capital equipment and facilities.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

**IRON MOUNTAIN METROPOLITAN DISTRICT NO. 2**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**DECEMBER 31, 2019**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Budgets**

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures and other financing uses level and lapses at year-end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

The District has amended its annual budget for the year ended December 31, 2019.

**Pooled Cash and Investments**

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash.

**Property Taxes**

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is always set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and, generally, sale of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflow of resources in the year they are levied and measurable. The unearned property tax revenue is recorded as revenue in the year they are available or collected.

**Amortization**

**Original Issue Premium**

In the government-wide financial statements, bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

**IRON MOUNTAIN METROPOLITAN DISTRICT NO. 2**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**DECEMBER 31, 2019**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Deferred Inflows of Resources**

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies for reporting in this category. Accordingly, the item, *deferred property tax revenue*, is deferred and recognized as an inflow of resources in the period that the amount becomes available.

**Equity**

**Net Position**

For government-wide presentation purposes, when both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first, then unrestricted resources as they are needed.

In the government-wide financial statements, fund equity is classified as net position. Net position may be classified into three components: net investment in capital assets, restricted and unrestricted.

**Fund Balance**

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

*Nonspendable Fund Balance* – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.

*Restricted Fund Balance* – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.

*Committed Fund Balance* – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.

**IRON MOUNTAIN METROPOLITAN DISTRICT NO. 2  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2019**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Equity (Continued)**

Fund Balance (Continued)

*Assigned Fund Balance* – The portion of fund balance that is constrained by the government’s intent to be used for specific purposes, but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.

*Unassigned Fund Balance* – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District’s practice to use the most restrictive classification first.

**NOTE 3 CASH AND INVESTMENTS**

Cash and investments as of December 31, 2019, are classified in the accompanying financial statements as follows:

Statement of Net Position:

Cash and Investments	\$ 151
Cash and Investments - Restricted	2,890,328
Total Cash and Investments	\$ 2,890,479

Cash and investments as of December 31, 2019, consist of the following:

Deposits with Financial Institutions	\$ 2,890,479
Total Cash and Investments	\$ 2,890,479

**Deposits with Financial Institutions**

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

At December 31, 2019, the District’s cash deposits had a bank and carrying balance of \$2,890,479.

**IRON MOUNTAIN METROPOLITAN DISTRICT NO. 2**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**DECEMBER 31, 2019**

**NOTE 3 CASH AND INVESTMENTS (CONTINUED)**

**Investments**

The District has not adopted a formal investment policy; however, the District follows state statutes regarding investments.

The District generally limits its concentration of investments to those which are believed to have minimal credit risk, minimal interest rate risk, and no foreign currency risk. Additionally, the District is not subject to concentration risk or investment custodial risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States, certain U.S. government agency securities, and securities of the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Certain certificates of participation
- . Certain securities lending agreements
- . Bankers' acceptances of certain banks
- . Commercial paper
- . Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- . Guaranteed investment contracts
- . Local government investment pools

As of December 31, 2019, the District had no investments.

**NOTE 4 LONG-TERM OBLIGATIONS**

The following is an analysis of changes in the District's long-term obligations for the year ended December 31, 2019:

**NOTE 4 LONG-TERM OBLIGATIONS (CONTINUED)**

The details of the District's long-term obligations are as follows:

**Limited Tax General Obligation Refunding and Improvement Bonds, Series 2019A** (the Senior Bonds) and **Subordinate Limited Tax General Obligation Bonds, Series 2019B** (the Subordinate Bonds, and with the Senior Bonds, the Bonds)

**Bond Proceeds**

The District issued the Senior Bonds and the Subordinate Bonds on December 20, 2019, in the respective par amounts of \$6,945,000 and \$1,000,000. Proceeds from the sale of the Bonds were used to fund a portion of the costs of acquiring, constructing, and/or installing additional public infrastructure to serve the Iron Mountain development. A portion of the proceeds of the Senior Bonds were also used to fund: (a) the Refunding Project, (b) capitalized interest, (c) the Reserve Fund, and (d) the costs of issuing the Bonds.

The Refunding Project consisted of the defeasance and payment, respectively, on the date of issuance of the Bonds, of the Subordinate Taxable Revenue Bond, Series 2011 and the 2014 Taxable Limited Tax Supported Revenue Loan from Points West Community Bank, which are obligations of Iron Mountain Metropolitan District No. 1 incurred for the purpose of funding or reimbursing the costs of public improvements.

The Bonds were issued by and are solely the obligations of the District although Iron Mountain Metropolitan District No. 3 (District No. 3) is obligated to pay the Bonds pursuant to a Pledge Agreement. The District and District No. 3 are referred to herein as the Taxing Districts.

**Senior Bonds Details**

The Senior Bonds bear interest at 5%, payable semi-annually to the extent of Senior Pledged Revenue available on June 1 and December 1 ("Interest Payment Dates"), beginning on June 1, 2020. Annual mandatory sinking fund principal payments are due on December 1, beginning on December 1, 2024. The final maturity of the Bonds is December 1, 2049.

To the extent principal of any Senior Bond is not paid when due, such principal will remain outstanding until paid provided that in the event that any amount of principal of or interest on the Senior Bonds remains unpaid after the application of all Senior Pledged Revenue available on December 1, 2059, the Senior Bonds will be deemed discharged. To the extent interest on any Senior Bond is not paid when due, such unpaid interest will compound semi-annually on each Interest Payment Date, at the rate then borne by the Senior Bonds until the Senior Bonds are paid in full, subject to discharge, or the total repayment obligation of the District for the Senior Bonds equals the amount permitted by law.

**NOTE 4 LONG-TERM OBLIGATIONS (CONTINUED)**

**Senior Bonds Optional Redemption**

The Senior Bonds are subject to redemption prior to maturity, at the option of the District, on December 1, 2024, and on any date thereafter, upon payment of par, accrued interest, and a redemption premium equal to a percentage of the principal amount so redeemed, as follows:

<u>Date of Redemption</u>	<u>Redemption Premium</u>
December 1, 2024, to November 30, 2025	3.00%
December 1, 2025, to November 30, 2026	2.00
December 1, 2026, to November 30, 2027	1.00
December 1, 2027, and thereafter	0.00

**Senior Bonds Pledged Revenue**

The Senior Bonds are secured by and payable from the Senior Pledged Revenue consisting of the following revenues, net of any costs of collection: (a) all Senior Property Tax Revenues; (b) all Senior Specific Ownership Tax Revenues; and (c) any other legally available moneys which the District determines, in its absolute discretion, to credit to the Senior Bond Fund.

Senior Property Tax Revenues means all moneys derived from imposition by the Taxing Districts of the Senior Required Mill Levy, net of the costs of collection and any tax refunds or abatements authorized by or on behalf of the County.

Senior Specific Ownership Tax Revenues are the specific ownership taxes remitted to the Taxing Districts as a result of imposition by the Taxing District of the applicable Senior Required Mill Levy.

**Senior Required Mill Levy**

The Taxing Districts have covenanted to impose a Senior Required Mill Levy each year in an amount which, if imposed by both Taxing Districts, would generate Senior Property Tax Revenues equal to the Annual Financing Costs, but not in excess of 35 mills (subject to adjustment for changes occurring after January 1, 2007, in the method of calculating assessed valuation) less the Permitted O&M Mill Levy.

For so long as the amount on deposit in the Surplus Fund is less than the Maximum Surplus Amount, the Senior Required Mill Levy is to be equal to 35 mills (subject to adjustment) less the then-applicable Permitted O&M Mill Levy, or such lesser amount which, if imposed by both Taxing Districts, would generate Senior Property Tax Revenues (A) sufficient to pay the principal of, premium if any, and interest on the Senior Bonds when due, to replenish the Reserve Fund to the Reserve Requirement, and to fully fund the Surplus Fund to the Maximum Surplus Amount, or (B) which, when combined with moneys then on deposit in the Senior Bond Fund and the Surplus Fund and the Reserve Fund, will pay the Senior Bonds and any Additional Senior Obligations in full in the year such mill levy is collected.

**NOTES TO BASIC FINANCIAL STATEMENTS**  
**DECEMBER 31, 2019**

**NOTE 4 LONG-TERM OBLIGATIONS (CONTINUED)**

**Permitted O&M Mill Levy**

The Permitted O&M Mill Levy is the lesser of: (i) the ad valorem property tax levy imposed by the applicable Taxing District for general, administrative, operation and maintenance cost; or (ii) the number of mills which, if imposed by both of the Taxing Districts, would generate property taxes, after deduction of collection costs, in the following amount: (a) for levy year 2019 (for collection in 2020), the amount of \$60,000, and (b) for each levy year thereafter, such maximum dollar amount for the prior year, plus 1.00%.

**Additional Security for Senior Bonds**

A portion of the proceeds of the Senior Bonds were used to fund the Capitalized Interest Account of the Senior Project Fund in the amount of \$447,000. A portion of the interest on the Senior Bonds will be paid from the Capitalized Interest Account in the following amounts: (i) for the Bond Year ending December 1, 2020, \$176,000; (ii) for the Bond Year ending December 1, 2021, \$139,000; and (iii) for the Bond Year ending December 1, 2022, \$132,000.

The Senior Bonds are also secured by amounts on deposit in the Reserve Fund, which was funded with proceeds of the Senior Bonds in an amount equal to the Reserve Requirement of \$533,750. The balance in the Reserve Fund as of December 31, 2019, is \$533,750.

Senior Pledged Revenue that is not needed to pay debt service on the Senior Bonds in any year will be deposited to and held in the Surplus Fund, up to the Maximum Surplus Amount of \$280,000. Amounts on deposit in the Surplus Fund (if any) on the final maturity date of the Senior Bonds will be applied to the payment of the Senior Bonds. The availability of such amount will be taken into account in calculating the Senior Required Mill Levy required to be imposed in the levy year prior to the year of the maturity of the Senior Bonds. The balance in the Surplus Fund as of December 31, 2019, is \$0.

**Senior Bonds Debt Service**

The outstanding principal and interest of the Senior Bonds are due as follows:

<u>Year Ending December 31,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2020	\$ -	\$ 328,923	\$ 328,923
2021	-	347,250	347,250

**NOTE 4 LONG-TERM OBLIGATIONS (CONTINUED)**

**Subordinate Bonds Details**

The Subordinate Bonds bear interest at the rate of 8% per annum and are structured as “cash flow” bonds, meaning that no regularly scheduled payments of principal are due on the Subordinate Bonds prior to their maturity date of December 15, 2049. Principal on the Subordinate Bonds is payable annually on each December 15 from, and to the extent of, Subordinate Pledged Revenue. Interest on the Subordinate Bonds is payable on each December 15, commencing December 15, 2020, to the extent of the Subordinate Pledged Revenue and accrued unpaid interest on the Subordinate Bonds will compound annually on each December 15 until sufficient Subordinate Pledged Revenue is available for payment. In the event that any amount of principal or interest on the Subordinate Bonds remains unpaid on December 15, 2059, the Subordinate Bonds will be deemed discharged.

**Subordinate Bonds Optional Redemption**

The Subordinate Bonds are subject to redemption prior to maturity, at the option of the District, on December 1, 2024, and on any date thereafter, upon payment of par, accrued interest, and a redemption premium equal to a percentage of the principal amount so redeemed, as follows:

<u>Date of Redemption</u>	<u>Redemption Premium</u>
December 1, 2024, to November 30, 2025	3.00%
December 1, 2025, to November 30, 2026	2.00
December 1, 2026, to November 30, 2027	1.00
December 1, 2027, and thereafter	0.00

**Subordinate Bonds Pledged Revenue**

The Subordinate Bonds are secured by and payable from the Subordinate Pledged Revenue, consisting of the following revenues, net of any costs of collection: (a) all Subordinate Property Tax Revenues; (b) all Subordinate Specific Ownership Tax Revenues; and (c) any other legally available moneys which the District determines, in its absolute discretion, to credit to the Subordinate Bond Fund.

Subordinate Property Tax Revenues includes all moneys derived from imposition by the Taxing Districts of the Subordinate Required Mill Levy. Subordinate Property Tax Revenues are net of the costs of collection and any tax refunds or abatements authorized by or on behalf of the County.

Subordinate Specific Ownership Tax Revenues means the specific ownership taxes remitted to the Taxing Districts as a result of imposition by the Taxing Districts of the applicable Subordinate Required Mill Levy.

**NOTE 4 LONG-TERM OBLIGATIONS (CONTINUED)**

**Subordinate Required Mill Levy**

Each Taxing District has covenanted to levy a Subordinate Required Mill Levy, imposed upon all taxable property of such Taxing District each year in an amount equal to: (i) 35 mills (subject to adjustment for changes occurring after January 1, 2007, in the method of calculating assessed valuation) less the Permitted O&M Mill Levy and less the then applicable Senior Obligation Mill Levy, or (ii) such lesser amounts which, if imposed by both Taxing Districts, would generate Subordinate Property Tax Revenues sufficient to pay the Subordinate Bonds in full in the year of collection.

The Subordinate Required Mill Levy will equal zero in any year that: (a) the payment of the Senior Bonds (and any other Senior Obligation) in such year, together with any replenishment of the Reserve Fund (and any similar reserve fund securing Senior Obligations) which is required in such year, requires the imposition of at least 35 mills (subject to adjustment) less the Permitted O&M Mill Levy; and (b) for so long as amounts on deposit in the Surplus Fund are less than the Maximum Surplus Amount.

The annual debt service requirements on the Subordinate Bonds are not currently determinable since they are payable only from available Subordinate Pledged Revenue.

On December 5, 2019, the District and District No. 1 adopted a Joint Resolution Regarding Intent to Implement Common Plan of Finance pursuant to which: (a) the District and District No. 1 declared their mutual intent to implement the common plan of finance set forth and approved in the Service Plan to fund or reimburse from obligations issued by District, all or a portion of the capital costs related to the facilities to service the Districts (including the refunding of the 2011 Bonds and 2014 Loan); and (b) the District declared its intent, upon issuance of obligations, to transfer all available proceeds to District No. 1 for the payment of such cost, including amounts that may become outstanding from time to time pursuant to the Acquisition and Reimbursement Agreement.

\* To be re-allocated

A portion of the Bonds (\$5,924,085) was issued for the purpose of refinancing District debt (consisting of the Series 2011 Bonds and the 2014 Loan) at a lower interest rate, and, in accordance with the Article X, Section 20 of the Colorado Constitution, the Board determined that: (a) no portion of the District's electoral authorization for indebtedness shall be required to be allocated to the portion of the Bonds that did not exceed the outstanding principal amount of the Series 2011 Bonds and 2014 Loan (\$4,305,345); and (b) there shall be allocated to the District's electoral authorization for indebtedness for refunding the principal amount of the Bonds that exceeded the outstanding principal amount of the Series 2011 Bonds and 2014 Loan (\$1,618,740).

The remaining portion of the Bonds that were issued for the purpose of financing the costs of the Project shall be allocated to the District's electoral authorization in accordance with the use of net proceeds of the Bonds, as indicated in Project Requisitions submitted, when such information becomes available, with that portion of the principal amount of the Bonds that funded the Reserve Fund, Costs of Issuance Fund and capitalized interest to be allocated to infrastructure categories provided in the Election in accordance with the percentage of total net proceeds indicated in the Project Requisitions allocated to each such category.

In the future, the District may issue a portion or all of the remaining authorized but unissued debt for purposes of providing public improvements to support development as it occurs within the District's service area; however, as of the date of this audit, the amount and timing of any future debt issuances are not determinable.

**NOTES TO BASIC FINANCIAL STATEMENTS**  
**DECEMBER 31, 2019**

**NOTE 6 NET POSITION**

The District has net position consisting of one component – unrestricted.

The District has a negative unrestricted net position. This negative net position is a result of the District being responsible for the repayment of long-term debt, and accrued interest, issued to finance public improvements previously constructed and conveyed to other governmental entities.

**NOTE 7 RELATED PARTIES**

The Developer of the property which constitutes the District is Windsor Southgate Development, LLC, a Colorado limited liability company. All members of the Board of Directors of the District are officers or employees of an entity affiliated with the Developer or the majority owner of the Developer, and may have conflicts of interest in dealing with the District.

**NOTE 8 AGREEMENTS**

**Operations IGA**

Pursuant to an Operations IGA, Iron Mountain Metropolitan District Nos. 1 – 3 (Districts) have agreed that District No. 1 will provide certain operation, maintenance and administrative services benefiting the Districts, and that the District and District No. 3 will pay all costs related thereto through the imposition of ad valorem property taxes and transferring the net tax revenues to District No. 1.

**NOTE 9 RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (the Pool). The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery, and workers' compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property and public officials' liability coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

**NOTES TO BASIC FINANCIAL STATEMENTS**

**NOTE 10 TAX, SPENDING, AND DEBT LIMITATIONS**

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations which apply to the State of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases. As of December 31, 2019, the District has not provided for an emergency reserve equal to at least 3% of fiscal year spending, as defined under TABOR, because net tax revenue is transferred to District No. 1, the Operating District, which provides for the emergency reserve.

The District's management has taken steps it believes are necessary to comply with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits, will require judicial interpretation.
