INDEPENDENT AUDITOR'S REPORT

Board of Directors
South Central Board of
Cooperative Educational Services
Pueblo West, Colorado 81007

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund, of the South Central Board of Cooperative Educational Services (the BOCES), as of and for the year ended June 30, 2019, and the related notes to the financial statements; which collectively comprise the BOCES' basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the South Central Board of Cooperative Educational Services as of June 30, 2019, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information and pension and other post employment benefits trend data on pages i through ix and 38 through 44 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the South Central Board of Cooperative Educational Services' basic financial statements. The state required schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is not a required part of the basic financial statements.

The state required schedules and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the state required schedules and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 25, 2019 on our consideration of the South Central Board of Cooperative Educational Services' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering South Central Board of Cooperative Educational Services' internal control over financial reporting and compliance.

November 25, 2019

MANAGEMENT'S DISCUSSION AND ANALYSIS

South Central BOCES
Management's Discussion & Analysis
For the Fiscal Year Ended June 30, 2019

As management of the South Central BOCES, we offer readers of the BOCES financial statements this narrative overview and analysis of the financial activities of the BOCES for the fiscal year ended June 30, 2019. We encourage readers to consider the information presented here in conjunction with additional information furnished in the independent auditors report and financial statements, which immediately follow this section.

Financial Highlights

Beginning in fiscal year ending June 30, 2015, under GASB 68 the BOCES' proportionate share of the net pension liability of the Colorado state retirement system, the Public Employees Retirement Association, was recorded as a liability of the BOCES.

The BOCES was required to implement GASB 75 in 2019 resulting in a net other post-employment benefit (OPEB) liability of \$296,872 at June 30, 2019. Under GASB 75 the BOCES' proportionate share of the OPEB liability of the Colorado state retirement system Health Care Trust Fund administered by the Public Employees Retirement Association, is recorded as a liability of the BOCES. At implementation beginning equity was restated and deferred inflows, outflows and the net OPEB liability were reported. Beginning net position of governmental activities decreased as a result of this change.

Senate Bill 18-200 was passed in 2018 by Colorado General Assembly to help reduce PERA's unfunded actuarial accrued liability. A bill provision directed the State of Colorado to give a direct distribution payment to PERA to be allocated among its trust funds based on annual covered payroll. The related on-behalf payment meets the definition of special funding situation which occurs when a non-employer entity is required to make a contribution to another entity's pension plan. This is shown as revenue and expense on the BOCES financial statements of \$48,273.

Key financial highlights for 2019 are as follows:

- The net pension liability decreased by \$8.3 million to \$5.944 million for year ended June 30, 2019
- In total, BOCES net position increased by \$977 thousand to \$(8.644) million for the year ended June 30, 2019.
- Governmental activities have unrestricted net position of \$(9.027) million.
- Fund balance of the BOCES general fund increased by \$89 thousand resulting in an ending fund balance of \$1.078 million for the fiscal year 2019.

Overview of the Financial Statements

Management's discussion and analysis is intended to serve as an introduction to the BOCES basic financial statements. The South Central BOCES basic financial statements are comprised of three

South Central BOCES
Management's Discussion & Analysis
For the Fiscal Year Ended June 30, 2019

components: 1) Government-wide financial statements, 2) Fund financials statements, and 3) Notes to the basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

- The first two statements are BOCES-wide financial statements that provide both short-term and long-term information about the BOCES overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the BOCES, reporting the BOCES operations in more detail than the BOCES-wide statements.
- The governmental funds statements tell how basic services such as instruction were financed in the short-term as well as what remains for future spending.
- Proprietary funds statements offer short and long-term financial information about the activities that operate like businesses, such as food services.
- Fiduciary funds statements provide information about the financial relationships in which a District/BOCES acts solely as a trustee or agent for the benefit of others such as, scholarship funds.

The financial statements also include notes that explain some of the information in the statements and provides more detailed data. The statements are followed by a section of required supplemental information that further explains and supports the financial statements with a comparison of the BOCES budget for the year.

BOCES-wide Statements

The BOCES-wide statements report information about the BOCES as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the BOCES assets, liabilities and deferred flows. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The BOCES-wide statements report the BOCES *net position* and how they have changed. Net position – the difference between the BOCES assets, liabilities and deferred flows – is one way to measure the BOCES financial health or *position*.

- Over time, increases or decreases in the BOCES net position are an indicator of whether its financial position is improving or deteriorating, respectively.
- To assess the BOCES overall health, you need to consider additional nonfinancial factors such as changes in the BOCES revenue, membership, and the condition of facilities.

South Central BOCES
Management's Discussion & Analysis
For the Fiscal Year Ended June 30, 2019

Fund Financial Statements

The fund financial statements provide more detailed information about the BOCES funds. Funds are accounting devices Districts/BOCES uses to keep track of specific sources of funding and spending on particular programs:

- Some funds are required by state law and by bond covenants.
- A District/BOCES establishes other funds to control and manage money for particular purposes (such as repaying its long-term debts) or to show that it is properly using certain revenues (such as food service, insurance funds).

The BOCES has one, *Governmental fund*, out of the three kinds of funds:

- *Governmental funds*: Most of the BOCES basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the BOCES programs. Because this information does not encompass the additional long-term focus of the BOCES-wide statements, additional information at the bottom of the governmental funds statements explains the relationship (or differences) between them.
- *Proprietary funds*: Services for which a District/BOCES charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the District/BOCES-wide statements. The *enterprise funds* (one type of proprietary fund) are the same as its business-type activities but provide more detail and additional information such as cash flows. A district/BOCES can use *internal service funds* (the other kind of proprietary funds) to report activities that provide supplies and services for its other programs and activities. This fund is not applicable to the BOCES.
- *Fiduciary funds*: The District/BOCES is the agent, or *fiduciary*, for assets that belong to others, such as the education memorial and student activities funds. A District/BOCES is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. This fund is not applicable to the BOCES.

Financial Analysis of the BOCES as a Whole

The assets of the BOCES are classified as current assets and capital assets. Cash, investments, receivables, inventories and prepaid expenditures are current assets. These assets are available to provide resources for the near-term operations of the BOCES. The majority of current assets are the result of local, State and Federal grants and contributions. Capital assets are used in the operations of the BOCES. These assets include land, buildings, equipment and vehicles.

South Central BOCES
Management's Discussion & Analysis
For the Fiscal Year Ended June 30, 2019

Current and long-term liabilities are classified based on anticipated liquidation either in the near term or in the future. Current liabilities include accounts payable, accrued salaries and benefits, and grants or other payments received in advance of satisfying payer and grantor requirements.

The net position of the BOCES governmental activities increased by \$977 thousand

Table 1 provides a summary of the BOCES net position and Table 2 provides a summary for the BOCES changes in net position for 2019:

Table 3

Sources of Revenue Fiscal Year 2019

South Central BOCES
Management's Discussion & Analysis
For the Fiscal Year Ended June 30, 2019

Table 4

Operating grants and contributions accounted for 77 percent of the BOCES governmental activities total revenue. (See Table 3.) Another 23 percent came from, fees charged for services, and miscellaneous sources.

The BOCES expenses are predominantly related to supporting services, 54 percent and 24 percent instruction. (See Table 4.)

Governmental Activities

The primary source of operating revenue for the BOCES comes from the local, State, and Federal Grants as well as membership fees.

The statement of activities shows the cost of program services and the charges for services and grants offsetting those services. Table 5 shows, for governmental activities, the total cost of services.

South Central BOCES
Management's Discussion & Analysis
For the Fiscal Year Ended June 30, 2019

The cost of all *governmental* activities this year was \$2.431 million, a decrease of \$4.487 thousand.

- Some of the cost was financed by the users of the BOCES programs (\$131 thousand).
- The federal and state government subsidized certain programs with grants and contributions.
- Decrease of Pension and OPEB Costs

Financial Analysis of the BOCES Funds

The governmental funds are accounted for using the modified accrual basis of accounting. All governmental funds have total revenues of \$3.408 million and expenditures of \$3.319 million.

South Central BOCES
Management's Discussion & Analysis
For the Fiscal Year Ended June 30, 2019

Budgetary Highlights

The BOCES budget is prepared according to Colorado law and is based on accounting for certain transactions on a basis of cash receipts and disbursements. The only fund budgeted for is the General Fund. No additional budget appropriation was made during the fiscal year to the general fund budget.

Capital Assets and Debt Administration

By the end of 2019, the BOCES had invested \$382,961 in land, buildings, equipment, and transportation vehicles. Table 6 shows fiscal 2018 and 2019:

Table 6
Capital Assets at June 30
(Net of Depreciation)

	Governmental Activities	
	2018	2019
Land	106,191	106,191
Buildings and Site Improvements	284,748	261,441
Vehicles & Equipment	27,697	15,329
Total Capital Assets, Net	418,636	382,961

Additional information on the BOCES capital assets can be found in the Notes to the Financial Statements.

Long-Term Debt

The South Central BOCES does not have long-term debt at June 30, 2019.

Factors Bearing on the BOCES Future

At the time these financial statements were prepared and audited, the BOCES was aware the following existing circumstances that could significantly affect its financial health in the future:

- Continuing loss of enrollment in member districts.
- Expected increase in Health Insurance premiums.
- Decrease in revenues from grants.
- Increase in Employer Contribution to PERA
- Possible departure of Crowley County

SOUTH CENTRAL BOARD OF COOPERATIVE EDUCATIONAL SERVICES
 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND
 BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
 For the Year Ended June 30, 2019

Amounts reported for governmental activities in the statement of activities are different because:

Net Change in Fund Balances – Total Governmental Funds 88,582

Governmental funds report capital outlays as expenditures. However, in the statement of activities, assets with an initial, individual cost of more than \$2,000 are capitalized and the cost is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period.

	Capital outlays more than \$2,000	-	
	Depreciation expense	<u>(35,675)</u>	(35,675)

The increase in net pension and other post employment benefits liabilities, along with the changes and amortizations of deferred flows associated with those liabilities, are not recorded at the fund level.

	Pension Cost	922,163	
	Other Post Employment Benefits Cost	<u>1,817</u>	<u>923,980</u>

CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES 976,887

The accompanying notes are an integral part of these financial statements.

NOTES TO BASIC FINANCIAL STATEMENTS

SOUTH CENTRAL BOARD OF COOPERATIVE EDUCATIONAL SERVICES
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2019

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the South Central Board of Cooperative Educational Services (the BOCES) conform to generally accepted accounting principles as applicable to governmental units. The following is a summary of the more significant policies:

The District operates under a Board of Directors with fifteen members. Each school district within the BOCES is represented.

The BOCES is the lowest level of government, which is considered to be financially accountable over all activities. The BOCES receives funding from local, state, and federal government sources and must comply with the requirements of these funding source entities. The Board of Directors members are appointed by local school districts and have decision-making authority, the power to designate management, the ability to significantly influence operations, and primary accountability for fiscal matters.

A. Reporting Entity

Governmental Accounting Standards board (GASB) Statement No. 14 (as amended by Statements No. 34, No. 39 and No. 61), "*The Financial Reporting Entity*" (GASB No. 14) describes the financial reporting entity as it relates to governmental accounting. According to this Statement, the financial reporting entity consists of a) the primary government, b) organizations for which the primary government is financially accountable, and c) other organizations whose exclusion from the reporting entity's financial statements would cause those statements to be misleading or incomplete. Any organizations that can be described by these last two items are included with the primary government in the financial statements as component units.

This BOCES is not included in any other governmental "reporting entity" as defined in GASB No. 14 and does not include any other component unit as part of its "reporting entity". As required by accounting principles generally accepted in the USA, these basic financial statements present the BOCES (the primary government) and its component units.

B. Government-Wide and Fund Financial Statements

The Government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the BOCES. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

SOUTH CENTRAL BOARD OF COOPERATIVE EDUCATIONAL SERVICES
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2019

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Government-Wide and Fund Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds (General Fund) and individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The government-wide financial statements are presented using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the BOCES governmental and business-type activities. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, operating statements present increases and decreases in net current assets and unreserved fund balance as a measure of available spendable resources. This means that only current liabilities are generally included on their balance sheets.

Amounts reported as program revenues included 1) charges to customers or applicants for goods, services or privileges provided 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues.

SOUTH CENTRAL BOARD OF COOPERATIVE EDUCATIONAL SERVICES
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2019

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

All governmental fund types use the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period, or soon enough thereafter, to pay liabilities of the current period. Revenues are considered to be available if collected within 60 days after year-end.

Grants and entitlement revenues are recognized when compliance with matching requirements is met. A receivable is established when the related expenditures exceed revenue receipts.

Expenditures are recorded when the related fund liability is incurred with the exception of general obligation and capital lease debt service which is recognized when due and certain accrued sick and personal pay which are accounted for as expenditures when expected to be liquidated with expendable available financial resources.

The proprietary fund types are accounted for on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred. The measurement focus in these funds is on the flow of economic resources and emphasizes the determination of net income. All assets and all liabilities associated with their activity are included on their statements of position. Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in net total position.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing goods and services in connection with a proprietary fund's ongoing operations. The principal operating revenues of the District's proprietary funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenue and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the BOCES policy to use restricted resources first, then unrestricted resources, as they are needed.

D. Fund Accounting

The accounts of the BOCES are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, deferred flows, revenues and expenditures, or expenses, as appropriate. Resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The major funds presented in the accompanying basic financial statements are as follows:

SOUTH CENTRAL BOARD OF COOPERATIVE EDUCATIONAL SERVICES
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2019

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Fund Accounting (Continued)

• Major Governmental Funds

1. General Fund -- the general operating fund of the BOCES; used to account for all resources that are not required legally or by sound financial management to be accounted for in another fund.

E. Cash and Investments

Cash represents amounts on deposit with financial institutions or held by the BOCES. The BOCES is allowed to invest in the following types of investments: short-term certificates of deposit, repurchase agreements, money market deposit accounts, mutual funds, government pools, and U.S. Treasury Obligations. The BOCES considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Investments are recorded at fair value in accordance with GASB Statement No. 72 *Fair Value Measurement and Application*. Accordingly, the change in fair value of investments is recognized as an increase or decrease to investment assets and investment income.

F. Inventories

Materials and supplies inventories are stated at cost. Donated inventories, received at no cost, are recorded at their estimated fair value at the date of receipt.

The cost of all inventories is recorded as an asset when the individual inventory items are purchased, and as an expenditure or expense when consumed.

G. Capital Assets

Capital assets, which include property, vehicles and equipment, are utilized for general BOCES operations and are capitalized at actual or estimated cost. Donations of such assets are recorded at estimated fair value at the time of donation. Capital assets are reported in the applicable governmental or business-type activities columns in the government-wide financial statements.

Maintenance, repairs, and minor renovations are recorded as expenditures when incurred. Major additions and improvements are capitalized. When assets used in the operation of the governmental fund types are sold, the proceeds of the sale are recorded as revenues in the appropriate fund. The BOCES does not capitalize interest on the construction of capital assets in governmental funds.

The monetary threshold for capitalization of assets is \$2,000. The BOCES capital assets are depreciated using the straight-line method over the estimated useful lives of the fixed assets (5-40 years). Depreciation of all capital assets is charged as an expense against their operations. Depreciation is recorded in the year of acquisition.

SOUTH CENTRAL BOARD OF COOPERATIVE EDUCATIONAL SERVICES
NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2019

NOTE 1

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

H. DEFERRED OUTFLOWS / INFLOWS OF RESOURCES

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

I. Long-Term Obligations

In the government-wide financial statements, long term debt and other long-term obligations are reported as liabilities in the applicable government activities statement of net position. The BOCES records long-term debt of governmental funds at the face value. Capital leases are serviced from other revenues of the General Fund.

J. Constitutional Amendment

In November 1992, Colorado voters approved Article X of the Colorado Constitution by adding Section 20, commonly known as the Taxpayer's Bill of Rights (TABOR). TABOR contains revenue, spending, tax and debt limitations, which apply to the State of Colorado and local governments. It requires, with certain exceptions, advance voter approval for any new tax, tax rate increase, mill levy above that for the prior year, extension of an expiring tax, or tax policy change directly causing a net tax revenue gain to any entity.

The Cooperative has determined that it is not subject to amendment 1, commonly known as the Taxpayers Bill of Rights (TABOR) based on the following:

1. A BOCES is not independently subject to the spending and revenue limits imposed by Amendment 1. BOCES revenues and spending may therefore fluctuate independent of the restrictions imposed by the Amendment. However, contributions by member districts and by the state will be subject to the spending limits imposed by the Amendment at the time the transfer is made to the BOCES account.
2. A BOCES may enter into multiple-year financial obligations, as those obligations are defined in Amendment 1, only to the extent and in the manner to which its member school districts are permitted under Amendment 1 to enter into such financial obligations.
3. The BOCES need not maintain an emergency reserve as required by Amendment 1 for local government entities.
4. The BOCES is not a local government under Amendment 1 because its activities and authority are not confined to a specific geographical area within the state, it addresses matters of statewide concern, and it was created by a statewide vote of the electorate. The board is decidedly not a private entity. Nor is it as presently constituted an "enterprise" under Amendment 1. While the board is not an "agency" of the state, the BOCES conclude that the best reading of Amendment 1 is to exclude from state fiscal year spending limits only those entities that are nongovernmental, and the board is essentially governmental in nature. This interpretation of Amendment 1 is the interpretation that "reasonably restrains most of the growth of government".

SOUTH CENTRAL BOARD OF COOPERATIVE EDUCATIONAL SERVICES
NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2019

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

K. Accumulated Staff Leave

Accumulated unpaid vacation and sick pay are not accrued in governmental funds (using the modified accrual basis of accounting). These amounts do not exceed normal year's accumulations. It is the policy of South Central Board of Cooperative Educational Services that no monetary payments will be made for unused sick leave upon termination, only retirement as defined.

L. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

M. Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the various funds. Encumbrances lapse at the end of the year.

N. GASB Statement No. 54

The Government Accounting Standards Board (GASB) has issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions (GASB 54). This statement defines the different types of fund balances that a governmental entity must use for financial reporting purposes.

GASB 54 requires the fund balance amounts to be properly reported within one of the fund balance categories list below.

1. Nonspendable such as fund balances associated with inventories, prepaids, long-term loans and notes receivable, and property held for resale (unless the proceeds are restricted, committed, or assigned).
2. Restricted fund balance category includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation.
3. Committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the BOCES Board of Directors (the BOCES' highest level of decision-making authority).
4. Assigned fund balance classification is intended to be used by the government for specific purposes that do not meet the criteria to be classified as restricted or committed.
5. Unassigned fund balance is the residual classification for the government's general fund and includes all spendable amounts not contained in the other classifications.

SOUTH CENTRAL BOARD OF COOPERATIVE EDUCATIONAL SERVICES
 NOTES TO FINANCIAL STATEMENTS
 June 30, 2019

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

N. GASB Statement No. 54 (Continued)

Fund Balance Classification Policies and Procedures

Committed Fund Balance Policy:

The BOCES' Committed Fund Balance is fund balance reporting required by the Board, either because of a Board Policy in the Board Policy Manual, or because of motions that passed at Board meetings.

Assigned Fund Balance Policy:

The BOCES' Assigned Fund Balance is fund balance reporting occurring by School Board Administration authority, under the direction of the Chief Business Officer.

Order of Fund Balance Spending Policy

The BOCES' policy is to apply expenditures against non-spendable fund balance, restricted fund balance, committed fund balance, assigned fund balance, and unassigned fund balance at the end of the fiscal year by adjusting journal entries.

First, non-spendable fund balances are determined. Then restricted fund balances for specific purposes are determined (not including non-spendable amounts). Then unrestricted fund balances are determined following the order of committed, assigned, and unassigned.

Fund Balance Classification by Fund:

	<u>General Fund</u>	<u>Total Governmental Funds</u>
<u>Nonspendable:</u>		
Prepaid Insurance and Contracts	17,471	17,471
<u>Unassigned</u>	<u>1,060,663</u>	<u>1,060,663</u>
<u>Total Fund Balances</u>	<u>1,078,134</u>	<u>1,078,134</u>

NOTE 2 RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The governmental funds balance sheet includes a reconciliation between *fund balances – total governmental funds* and *net position – governmental activities* as reported in the government-wide statement of net position. Additionally, the governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net change in fund balances – total government funds* and *changes in net position of governmental activities* as reported in the government-wide statement of activities.

These reconciliations detail items that require adjustment to convert from the current resources measurement and modified accrual basis for governmental fund statements to the economic resources measurement and full accrual basis used for government-wide statements.

SOUTH CENTRAL BOARD OF COOPERATIVE EDUCATIONAL SERVICES
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2019

NOTE 3

BUDGETARY INFORMATION

Revenues and expenditures are controlled by budgetary accounting systems in accordance with various legal requirements. The budgeted revenues and expenditures represent the original adopted budget as subsequently adjusted by the Board of Directors in accordance with Colorado School Laws. Budgets are generally prepared on the same basis as that used for accounting purposes.

The BOCES has set procedures to be followed in establishing the budgetary data reflected in the financial statements:

1. Prior to June 1, the Executive Director submits to the Board of Directors a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them.
2. Public notices are released to obtain taxpayer comments.
3. Prior to June 30, the budget is legally enacted through passage of a resolution.
4. The Business Manager is authorized to transfer budgeted amounts between categories within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the Board of Directors.
5. Formal budgetary integration should be employed as a management control device during the year for the General Fund.
6. Budgets for the General Fund are adopted on a basis consistent with generally accepted accounting principles (GAAP).

All appropriations lapse at the end of each fiscal year. Revisions and/or supplemental appropriations that alter the total expenditures of any fund must be approved by the Board of Directors.

Budgetary amounts reported in the accompanying basic financial statements are as originally adopted and amended by the Board of Directors throughout the year.

NOTE 4

CASH AND INVESTMENTS

Deposits

The Colorado Public Deposit Protection Act (PDPA), requires that all units of local government deposit cash in eligible public depositories, eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool is to be maintained by another institution or held in trust for all the uninsured public deposits as a group. The market value of the collateral must be at least equal to the aggregate uninsured deposits.

SOUTH CENTRAL BOARD OF COOPERATIVE EDUCATIONAL SERVICES
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2019

NOTE 4 CASH AND INVESTMENTS (Continued)

At June 30, 2019, the BOCES bank balance and corresponding carrying balance were as follows:

	<u>Carrying Balance</u>	<u>Bank Balance</u>
Insured (FDIC)	250,000	250,000
Uninsured, Collateralized under the Public Deposit Protection Act of the State of Colorado	<u>472,908</u>	<u>505,423</u>
<u>Total Cash and Deposits</u>	<u>722,908</u>	<u>755,423</u>

As presented above, deposits with a bank balance of \$505,423 and a carrying balance of \$472,908 as of June 30, 2019 are uninsured, are exposed to custodial risk, and are collateralized with securities held by the pledging financial institution.

Investments

At June 30, 2019, the BOCES had the following investments:

	<u>Investment</u>	<u>Maturity</u>	<u>Value</u>
COLOTRUST	State Pool	Under 60 Days	803,425

Interest Rate Risk – BOCES does not have a formal investment policy that limits investment maturities for managing possible fair value losses due to increasing interest rates.

Credit Risk – State Law limits the type of investments allowable. The investment of COLOTRUST is rated AAAM by Standard and Poor's.

Concentration of Credit Risk – the BOCES has no policy restricting the amount that can be invested in any issuer.

The BOCES categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The BOCES has no recurring fair value measurements as of June 30, 2019:

- COLOTRUST – Investments in this external investment pool are reported at \$1 net asset value per share and are not subject to fair value measurement. The investment is reported at cost.

Depreciation expense was charged to functions/programs of the primary government as follows:

Governmental Activities:

Student Support	1,436
General Administration Support	34,239
<u>Total Depreciation Expense – Governmental Activities</u>	<u>35,675</u>

NOTE 6 ACCRUED SALARIES AND BENEFITS

Salaries and retirement benefits of certain contractually employed personnel are paid over a twelve month period from September to August, but are earned during a school year of approximately nine to ten months. The salaries and benefits earned, but unpaid, at June 30, 2019, are estimated to be \$116,800. Accordingly, the accrued compensation is reflected as a liability in the accompanying financial statements of the General Fund.

SOUTH CENTRAL BOARD OF COOPERATIVE EDUCATIONAL SERVICES
NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2019

NOTE 7

PENSION PLAN

Defined Benefit Pension Plan

Summary of Significant Accounting Policies

Pensions. South Central Board of Cooperative Educational Services participates in the School Division Trust Fund (SCHDTF), a cost-sharing multiple-employer defined benefit pension plan administered by the Public Employees' Retirement Association of Colorado ("PERA"). The net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position and additions to/deductions from the fiduciary net position of the SCHDTF have been determined using the economic resources measurement focus and the accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

The Colorado General Assembly passed significant pension reform through Senate Bill (SB) 18-200: *Concerning Modifications to the Public Employees' Retirement Association Hybrid Defined Benefit Plan Necessary to Eliminate with a High Probability the Unfunded Liability of the Plan Within the Next Thirty Years*. The bill was signed into law by Governor Hickenlooper on June 4, 2018. A brief description of some of the major changes to plan provisions required by SB 18-200 for the SCHDTF are listed below. A full copy of the bill can be found online at www.leg.colorado.gov.

- Increases employer contribution rates for the SCHDTF by 0.25 percent on July 1, 2019.
- Increases employee contribution rates for the SCHDTF by a total of 2 percent (to be phased in over a period of 3 years starting on July 1, 2019)
- As specified in C.R.S. § 24-51-413, the State is required to contribute \$225 million each year to PERA starting on July 1, 2018. A portion of the direct distribution payment is allocated to the SCHDTF based on the proportionate amount of annual payroll of the SCHDTF to the total annual payroll of the SCHDTF, State Division Trust Fund, Judicial Division Trust Fund, and Denver Public Schools Division Trust Fund. A portion of the direct distribution allocated to the SCHDTF is considered a nonemployer contribution for financial reporting purposes.
- Modifies the retirement benefits, including temporarily suspending and reducing the annual increase for all current and future retirees, increases the highest average salary for employees with less than five years of service credit on December 31, 2019 and raises the retirement age for new employees.
- Member contributions, employer contributions, the direct distribution from the State, and the annual increases will be adjusted based on certain statutory parameters beginning July 1, 2020, and then each year thereafter, to help keep PERA on path to full funding in 30 years.

SOUTH CENTRAL BOARD OF COOPERATIVE EDUCATIONAL SERVICES
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2019

NOTE 7 PENSION PLAN (Continued)

General Information about the Pension Plan

Plan description. Eligible employees of the South Central Board of Cooperative Educational Services are provided with pensions through the School Division Trust Fund (SCHDTF) - a cost-sharing multiple-employer defined benefit pension plan administered by PERA. Plan benefits are specified in Title 24, Article 51 of the Colorado Revised Statutes (C.R.S.), administrative rules set forth at 8 C.C.R. 1502-1, and applicable provisions of the federal Internal Revenue Code. Colorado State law provisions may be amended from time to time by the Colorado General Assembly. PERA issues a publicly available comprehensive annual financial report (CAFR) that can be obtained at www.copera.org/investments/pera-financial-reports.

Benefits provided as of December 31, 2018. PERA provides retirement, disability, and survivor benefits. Retirement benefits are determined by the amount of service credit earned and/or purchased, highest average salary, the benefit structure(s) under which the member retires, the benefit option selected at retirement, and age at retirement. Retirement eligibility is specified in tables set forth at C.R.S. § 24-51-602, 604, 1713, and 1714.

The lifetime retirement benefit for all eligible retiring employees under the PERA benefit structure is the greater of the:

- Highest average salary multiplied by 2.5 percent and then multiplied by years of service credit.
- The value of the retiring employee's member contribution account plus a 100 percent match on eligible amounts as of the retirement date. This amount is then annuitized into a monthly benefit based on life expectancy and other actuarial factors.

The lifetime retirement benefit for all eligible retiring employees under the Denver Public Schools (DPS) benefit structure is the greater of the:

- Highest average salary multiplied by 2.5 percent and then multiplied by years of service credit.
- \$15 times the first 10 years of service credit plus \$20 times service credit over 10 years plus a monthly amount equal to the annuitized member contribution account balance based on life expectancy and other actuarial factors.

In all cases the service retirement benefit is limited to 100 percent of highest average salary and also cannot exceed the maximum benefit allowed by federal Internal Revenue Code.

Members may elect to withdraw their member contribution accounts upon termination of employment with all PERA employers; waiving rights to any lifetime retirement benefits earned. If eligible, the member may receive a match of either 50 percent or 100 percent on eligible amounts depending on when contributions were remitted to PERA, the date employment was terminated, whether 5 years of service credit has been obtained and the benefit structure under which contributions were made.

SOUTH CENTRAL BOARD OF COOPERATIVE EDUCATIONAL SERVICES
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2019

NOTE 7 PENSION PLAN (Continued)

As of December 31, 2018, benefit recipients who elect to receive a lifetime retirement benefit are generally eligible to receive post-retirement cost-of-living adjustments in certain years, referred to as annual increases in the C.R.S. Pursuant to SB18-200, there are no annual increases (AI) for 2018 and 2019 for all benefit recipients. Thereafter, benefit recipients under the PERA benefit structure who began eligible employment before January 1, 2007 and all benefit recipients of the DPS benefit structure will receive an annual increase, unless PERA has a negative investment year, in which case the annual increase for the next three years is the lesser of 1.5 percent or the average of the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W) for the prior calendar year. Benefit recipients under the PERA benefit structure who began eligible employment after January 1, 2007 will receive the lesser of an annual increase of 1.5 percent or the average CPI-W for the prior calendar year, not to exceed 10 percent of PERA's Annual Increase Reserve (AIR) for the SCHDTF. The automatic adjustment provision may raise or lower the aforementioned AI for a given year by up to one-quarter of 1 percent based on the parameters specified C.R.S. § 24-51-413.

Disability benefits are available for eligible employees once they reach five years of earned service credit and are determined to meet the definition of disability. The disability benefit amount is based on the lifetime retirement benefit formula(s) shown above considering a minimum 20 years of service credit, if deemed disabled.

Survivor benefits are determined by several factors, which include the amount of earned service credit, highest average salary of the deceased, the benefit structure(s) under which service credit was obtained, and the qualified survivor(s) who will receive the benefits.

Contribution provisions as of June 30, 2019. Eligible employees, South Central Board of Cooperative Educational Services and the State are required to contribute to the SCHDTF at a rate set by Colorado statute. The contribution requirements for the SCHDTF are established under C.R.S. § 24-51-401, et seq. and § 24-51-413. Eligible employees are required to contribute 8 percent of their PERA-includable salary during the period of July 1, 2018 through June 30, 2019. Employer contribution requirements are summarized in the table below.

	July 1, 2018 Through December 31, 2018	January 1, 2019 Through June 30, 2019
Employer Contribution Rate	10.15 %	10.15 %
Amount of employer contribution apportioned to the Health Care Trust Fund as specified in C.R.S. § 24-51-208 (1)(f)	(1.02)%	(1.02)%
Amount apportioned to the SCHDTF	9.13%	9.13%
Amortization Equalization Disbursement (AED) as specified in C.R.S. § 24-51-411	4.50%	4.50%
Supplemental Amortization Equalization Disbursement (SAED) as specified in C.R.S. § 24-51-411	5.50%	5.50%
Total employer contribution rate to the SCHDTF	19.13%	19.13%

Contribution rates for the SCHDTF are expressed as a percentage of salary as defined in C.R.S. § 24-51-101(42).

SOUTH CENTRAL BOARD OF COOPERATIVE EDUCATIONAL SERVICES
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2019

NOTE 7 **PENSION PLAN (Continued)**

As specified in C.R.S. § 24-51-413, the State is required to contribute \$225 million each year to PERA starting on July 1, 2018. A portion of the direct distribution payment is allocated to the SCHDTF based on the proportionate amount of annual payroll of the SCHDTF to the total annual payroll of the SCHDTF to the total annual payroll of the SCHDTF, State Division Trust Fund, Judicial Division Trust Fund, and Denver Public Schools Division Trust Fund. A portion of the direct distribution allocated to the SCHDTF is considered a nonemployer contribution for financial reporting purposes.

Employer contributions are recognized by the SCHDTF in the period in which the compensation becomes payable to the member and the South Central Board of Cooperative Educational Services is statutorily committed to pay the contributions to the SCHDTF. Employer contributions recognized by the SCHDTF from South Central Board of Cooperative Educational Services were \$312,982 for the year ended June 30, 2019.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability for the SCHDTF was measured as of December 31, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2017. Standard update procedures were used to roll-forward the total pension liability to December 31, 2018. The South Central Board of Cooperative Educational Services proportion of the net pension liability was based on South Central Board of Cooperative Educational Services contributions to the SCHDTF for the calendar year 2017 relative to the total contributions of participating employers and the State as a nonemployer contributing entity.

At June 30, 2019, the South Central Board of Cooperative Educational Services reported a liability of \$5,944,104 for its proportionate share of the net pension liability that reflected a reduction for support from the State as a nonemployer contributing entity. The amount recognized by the South Central Board of Cooperative Educational Services as its proportionate share of the net pension liability, the related support from the State as a nonemployer contributing entity, and the total portion of the net pension liability that was associated with South Central Board of Cooperative Educational Services were as follows:

South Central Board of Cooperative Educational Services proportionate share of the net pension liability	\$ 5,944,104
The State's proportionate share of the net pension liability as a nonemployer contributing entity associated with the South Central Board of Cooperative Educational Services	\$ 812,774
Total	\$ 6,756,878

At December 31, 2018, the South Central Board of Cooperative Educational Services proportion was 0.033 percent, which was a decrease of 0.011 from its proportion measured as of December 31, 2017.

For the year ended June 30, 2019, the South Central Board of Cooperative Educational Services recognized pension income of \$922,163 and revenue of \$48,273 for support from the State as a nonemployer contributing entity. At June 30, 2019, the South Central Board of Cooperative Educational Services reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

SOUTH CENTRAL BOARD OF COOPERATIVE EDUCATIONAL SERVICES
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2019

NOTE 7 PENSION PLAN (Continued)

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	201,631	-
Changes of assumptions or other inputs	1,109,493	(3,696,594)
Net difference between projected and actual earnings on pension plan investments	805,105	(481,113)
Changes in proportion and differences between contributions recognized and proportionate share of contributions	211,051	(2,131,551)
Contributions subsequent to the measurement date	150,431	N/A
Total	2,477,711	(6,309,258)

\$150,431 reported as deferred outflows of resources related to pensions, resulting from contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30,	
2020	(916,594)
2021	(1,992,479)
2022	(1,250,135)
2023	177,230
2024	-
Thereafter	-

Actuarial assumptions. The total pension liability in the December 31, 2017 actuarial valuation was determined using the following actuarial cost method, actuarial assumptions and other inputs:

Actuarial cost method	Entry age
Price inflation	2.40 percent
Real wage growth	1.10 percent
Wage inflation	3.50 percent
Salary increases, including wage inflation	3.50 – 9.70 percent
Long-term investment rate of return, net of pension plan investment expenses, including price inflation	7.25 percent
Discount rate	4.78 percent
Post-retirement benefit increases:	
PERA benefit structure hired prior to 1/1/07 and DPS benefit structure (automatic)	2.00 percent compounded annually
PERA benefit structure hired after 12/31/06 (ad hoc, substantively automatic)	Financed by the Annual Increase Reserve

SOUTH CENTRAL BOARD OF COOPERATIVE EDUCATIONAL SERVICES
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2019

NOTE 7 PENSION PLAN (Continued)

The revised assumptions shown below were reflected in the roll-forward calculation of the total pension liability from December 31, 2017 to December 31, 2018:

Discount Rate	7.25 percent
Post-retirement benefit increases:	
PERA benefit structure hired prior to 1/1/07 and DPS benefit structure (automatic)	0% through 2019 and 1.5% compounded annually, thereafter
PERA benefit structure hired after 12/31/06 (ad hoc, substantively automatic)	Financed by the Annual Increase Reserve

Healthy mortality assumptions for active members reflect the RP-2014 White Collar Employee Mortality Table, a table specifically developed for actively working people. To allow for an appropriate margin of improved mortality prospectively, the mortality rates incorporate a 70 percent factor applied to male rates and a 55 percent factor applied to female rates.

Healthy, post-retirement mortality assumptions reflect the RP-2014 White Collar Healthy Annuitant Mortality Table, adjusted as follows:

- **Males:** Mortality improvement projected to 2018 using the MP-2015 projection scale, a 93 percent factor applied to rates for ages less than 80, a 113 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.
- **Females:** Mortality improvement projected to 2020 using the MP-2015 projection scale, a 68 percent factor applied to rates for ages less than 80, a 106 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.

For disabled retirees, the mortality assumption was based on 90 percent of the RP-2014 Disabled Retiree Mortality Table.

The actuarial assumptions used in the December 31, 2016, valuations were based on the results of the 2016 experience analysis for the periods January 1, 2012, through December 31, 2015, as well as, the October 28, 2016, actuarial assumptions workshop and were adopted by the PERA Board during the November 18, 2016, Board meeting.

The long-term expected return on plan assets is reviewed as part of regular experience studies prepared every four or five years for PERA. Recently, this assumption has been reviewed more frequently. The most recent analyses were outlined in presentations to PERA's Board on October 28, 2016.

Several factors were considered in evaluating the long-term rate of return assumption for the SCHDTF, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation.

SOUTH CENTRAL BOARD OF COOPERATIVE EDUCATIONAL SERVICES
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2019

NOTE 7 PENSION PLAN (Continued)

As of the most recent adoption of the long-term expected rate of return by the PERA Board, the target asset allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	30 Year Expected Geometric Real Rate of Return
U.S. Equity – Large Cap	21.20%	4.30%
U.S. Equity – Small Cap	7.42%	4.80%
Non U.S. Equity – Developed	18.55%	5.20%
Non U.S. Equity – Emerging	5.83%	5.40%
Core Fixed Income	19.32%	1.20%
High Yield	1.38%	4.30%
Non U.S. Fixed Income - Developed	1.84%	0.60%
Emerging Market Debt	0.46%	3.90%
Core Real Estate	8.50%	4.90%
Opportunity Fund	6.00%	3.80%
Private Equity	8.50%	6.60%
Cash	1.00%	0.20%
Total	100.00%	

In setting the long-term expected rate of return, projections employed to model future returns provide a range of expected long-term returns that, including expected inflation, ultimately support a long-term expected rate of return assumption of 7.25%.

Discount rate. The discount rate used to measure the total pension liability was 7.25 percent. The projection of cash flows used to determine the discount rate applied the actuarial cost method and assumptions shown above. In addition, the following methods and assumptions were used in the projection of cash flows:

- Total covered payroll for the initial projection year consists of the covered payroll of the active membership present on the valuation date and the covered payroll of future plan members assumed to be hired during the year. In subsequent projection years, total covered payroll was assumed to increase annually at a rate of 3.50%.
- Employee contributions were assumed to be made at the member contribution rates in effect for each year, including the scheduled increases in SB 18-200. Employee contributions for future plan members were used to reduce the estimated amount of total service costs for future plan members.
- Employer contributions were assumed to be made at rates equal to the fixed statutory rates specified in law for each year, including the scheduled increase in SB 18-200. Employer contributions also include the current and estimated future AED and SAED, until the actuarial value funding ratio reaches 103%, at which point, the AED and SAED will each drop 0.50% every year until they are zero. Additionally, estimated employer contributions included reductions for the funding of the AIR and retiree health care benefits. For future plan members, employer contributions were further reduced by the estimated amount of total service costs for future plan members not financed by their member contributions.

SOUTH CENTRAL BOARD OF COOPERATIVE EDUCATIONAL SERVICES
NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2019

NOTE 7 PENSION PLAN (Continued)

- As specified in law, the State will provide an annual direct distribution of \$225 million (actual dollars), commencing July 1, 2018, that is proportioned between the State, School, Judicial, and DPS Division Trust Funds based upon the covered payroll of each Division. The annual direct distribution ceases when all Division Trust Funds are fully funded.
- Employer contributions and the amount of total service costs for future plan members were based upon a process to estimate future actuarially determined contributions assuming an analogous future plan member growth rate.
- The AIR balance was excluded from the initial fiduciary net position, as, per statute, AIR amounts cannot be used to pay benefits until transferred to either the retirement benefits reserve or the survivor benefits reserve, as appropriate. AIR transfers to the fiduciary net position and the subsequent AIR benefit payments were estimated and included in the projections.
- Benefit payments and contributions were assumed to be made at the middle of the year.

Based on the above assumptions and methods, the projection test indicates the SCHDTF's fiduciary net position was projected to be available to make all projected future benefit payments of current members. Therefore, the long-term expected rate of return of 7.25 percent on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount determination does not use the municipal bond rate, and therefore, the discount rate is 7.25 percent.

As of the prior measurement date, the long-term expected rate of return on plan investments of 7.25 percent and the municipal bond index rate of 3.43 percent were used in the discount rate determination resulting in a discount rate of 4.78 percent, 2.47 percent lower compared to the current measurement date.

Sensitivity of the South Central Board of Cooperative Educational Services proportionate share of the net pension liability to changes in the discount rate. The following presents the proportionate share of the net pension liability calculated using the discount rate of 7.25 percent, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.25 percent) or 1-percentage-point higher (8.25 percent) than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Proportionate share of the net pension liability	7,556,912	5,944,104	4,590,687

Pension plan fiduciary net position. Detailed information about the SCHDTF's fiduciary net position is available in PERA's CAFR which can be obtained at www.copera.org/investments/pera-financial-reports.

NOTE 7 PENSION PLAN (Continued)

Defined Contribution Pension Plan

Voluntary Investment Program

Plan Description – Employees of the South Central Board of Cooperative Educational Services that are also members of the SCHDTF may voluntarily contribute to the Voluntary Investment Program, an Internal Revenue Code Section 401(k) defined contribution plan administered by PERA. Title 24, Article 51, Part 14 of the C.R.S., as amended, assigns the authority to establish the Plan provisions to the PERA Board of Trustees. PERA issues a publicly available comprehensive annual financial report which includes additional information on the Voluntary Investment Program. That report can be obtained at www.copera.org/investments/pera-financial-reports.

Funding Policy – The Voluntary Investment Program is funded by voluntary member contributions up to the maximum limits set by the Internal Revenue Service, as established under Title 24, Article 51, Section 1402 of the C.R.S., as amended. Employees are immediately vested in their own contributions, employer contributions and investment earnings. For the year ended June 30, 2019, program members contributed \$16,212.

NOTE 8 OTHER POST EMPLOYMENT BENEFITS

Defined Benefit Other Post Employment Benefit (OPEB) Plan

Summary of Significant Accounting Policies

OPEB. South Central Board of Cooperative Educational Services participates in the Health Care Trust Fund (HCTF), a cost-sharing multiple-employer defined benefit OPEB fund administered by the Public Employees' Retirement Association of Colorado ("PERA"). The net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, OPEB expense, information about the fiduciary net position and additions to/deductions from the fiduciary net position of the HCTF have been determined using the economic resources measurement focus and the accrual basis of accounting. For this purpose, benefits paid on behalf of health care participants are recognized when due and/or payable in accordance with the benefit terms. Investments are reported at fair value.

General Information about the OPEB Plan

Plan description. Eligible employees of the South Central Board of Cooperative Educational Services are provided with OPEB through the HCTF—a cost-sharing multiple-employer defined benefit OPEB plan administered by PERA. The HCTF is established under Title 24, Article 51, Part 12 of the Colorado Revised Statutes (C.R.S.), as amended. Colorado State law provisions may be amended from time to time by the Colorado General Assembly. Title 24, Article 51, Part 12 of the C.R.S., as amended, sets forth a framework that grants authority to the PERA Board to contract, self-insure, and authorize disbursements necessary in order to carry out the purposes of the PERACare program, including the administration of the premium subsidies. Colorado State law provisions may be amended from time to time by the Colorado General Assembly. PERA issues a publicly available comprehensive annual financial report (CAFR) that can be obtained at www.copera.org/investments/pera-financial-reports.

SOUTH CENTRAL BOARD OF COOPERATIVE EDUCATIONAL SERVICES
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2019

NOTE 8

OTHER POST EMPLOYMENT BENEFITS (Continued)

Benefits provided. The HCTF provides a health care premium subsidy to eligible participating PERA benefit recipients and retirees who choose to enroll in one of the PERA health care plans, however, the subsidy is not available if only enrolled in the dental and/or vision plan(s). The health care premium subsidy is based upon the benefit structure under which the member retires and the member's years of service credit. For members who retire having service credit with employers in the Denver Public Schools (DPS) Division and one or more of the other four Divisions (State, School, Local Government and Judicial), the premium subsidy is allocated between the HCTF and the Denver Public Schools Health Care Trust Fund (DPS HCTF). The basis for the amount of the premium subsidy funded by each trust fund is the percentage of the member contribution account balance from each division as it relates to the total member contribution account balance from which the retirement benefit is paid.

C.R.S. § 24-51-1202 et seq. specifies the eligibility for enrollment in the health care plans offered by PERA and the amount of the premium subsidy. The law governing a benefit recipient's eligibility for the subsidy and the amount of the subsidy differs slightly depending under which benefit structure the benefits are calculated. All benefit recipients under the PERA benefit structure and all retirees under the DPS benefit structure are eligible for a premium subsidy, if enrolled in a health care plan under PERACare. Upon the death of a DPS benefit structure retiree, no further subsidy is paid.

Enrollment in the PERACare is voluntary and is available to benefit recipients and their eligible dependents, certain surviving spouses, and divorced spouses and guardians, among others. Eligible benefit recipients may enroll into the program upon retirement, upon the occurrence of certain life events, or on an annual basis during an open enrollment period.

PERA Benefit Structure

The maximum service-based premium subsidy is \$230 per month for benefit recipients who are under 65 years of age and who are not entitled to Medicare; the maximum service-based subsidy is \$115 per month for benefit recipients who are 65 years of age or older or who are under 65 years of age and entitled to Medicare. The basis for the maximum service-based subsidy, in each case, is for benefit recipients with retirement benefits based on 20 or more years of service credit. There is a 5 percent reduction in the subsidy for each year less than 20. The benefit recipient pays the remaining portion of the premium to the extent the subsidy does not cover the entire amount.

For benefit recipients who have not participated in Social Security and who are not otherwise eligible for premium-free Medicare Part A for hospital-related services, C.R.S. § 24-51-1206(4) provides an additional subsidy. According to the statute, PERA cannot charge premiums to benefit recipients without Medicare Part A that are greater than premiums charged to benefit recipients with Part A for the same plan option, coverage level, and service credit. Currently, for each individual PERACare enrollee, the total premium for Medicare coverage is determined assuming plan participants have both Medicare Part A and Part B and the difference in premium cost is paid by the HCTF or the DPS HCTF on behalf of benefit recipients not covered by Medicare Part A.

SOUTH CENTRAL BOARD OF COOPERATIVE EDUCATIONAL SERVICES
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2019

NOTE 8 OTHER POST EMPLOYMENT BENEFITS (Continued)

DPS Benefit Structure

The maximum service-based premium subsidy is \$230 per month for retirees who are under 65 years of age and who are not entitled to Medicare; the maximum service-based subsidy is \$115 per month for retirees who are 65 years of age or older or who are under 65 years of age and entitled to Medicare. The basis for the maximum subsidy, in each case, is for retirees with retirement benefits based on 20 or more years of service credit. There is a 5 percent reduction in the subsidy for each year less than 20. The retiree pays the remaining portion of the premium to the extent the subsidy does not cover the entire amount.

For retirees who have not participated in Social Security and who are not otherwise eligible for premium-free Medicare Part A for hospital-related services, the HCTF or the DPS HCTF pays an alternate service-based premium subsidy. Each individual retiree meeting these conditions receives the maximum \$230 per month subsidy reduced appropriately for service less than 20 years, as described above. Retirees who do not have Medicare Part A pay the difference between the total premium and the monthly subsidy.

Contributions. Pursuant to Title 24, Article 51, Section 208(1)(f) of the C.R.S., as amended, certain contributions are apportioned to the HCTF. PERA-affiliated employers of the State, School, Local Government, and Judicial Divisions are required to contribute at a rate of 1.02 percent of PERA-includable salary into the HCTF.

Employer contributions are recognized by the HCTF in the period in which the compensation becomes payable to the member and the South Central Board of Cooperative Educational Services is statutorily committed to pay the contributions. Employer contributions recognized by the HCTF from South Central Board of Cooperative Educational Services were \$16,688 for the year ended June 30, 2019.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2019, the South Central Board of Cooperative Educational Services reported a liability of \$296,872 for its proportionate share of the net OPEB liability. The net OPEB liability for the HCTF was measured as of December 31, 2018, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of December 31, 2017. Standard update procedures were used to roll-forward the total OPEB liability to December 31, 2018. The South Central Board of Cooperative Educational Services proportion of the net OPEB liability was based on South Central Board of Cooperative Educational Services contributions to the HCTF for the calendar year 2018 relative to the total contributions of participating employers to the HCTF.

At December 31, 2018, the South Central Board of Cooperative Educational Services proportion was 0.022 percent, which was a decrease of 0.003 from its proportion measured as of December 31, 2017.

For the year ended June 30, 2019, the South Central Board of Cooperative Educational Services recognized OPEB revenue of \$1,817. At June 30, 2019, the South Central Board of Cooperative Educational Services reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

SOUTH CENTRAL BOARD OF COOPERATIVE EDUCATIONAL SERVICES
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2019

NOTE 8

OTHER POST EMPLOYMENT BENEFITS (Continued)

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	1,077	(452)
Changes of assumptions or other inputs	2,083	-
Net difference between projected and actual earnings on OPEB plan investments	1,707	-
Changes in proportion and differences between contributions recognized and proportionate share of contributions	-	(45,374)
Contributions subsequent to the measurement date	8,021	N/A
Total	12,888	(45,826)

\$8,021 reported as deferred outflows of resources related to OPEB, resulting from contributions subsequent to the measurement date, will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended June 30,	
2020	(8,716)
2021	(8,716)
2022	(8,716)
2023	(7,530)
2024	(7,008)
Thereafter	(273)

Actuarial assumptions. The total OPEB liability in the December 31, 2017 actuarial valuation was determined using the following actuarial cost method, actuarial assumptions and other inputs:

Actuarial cost method	Entry age
Price inflation	2.40 percent
Real wage growth	1.10 percent
Wage inflation	3.50 percent
Salary increases, including wage inflation	3.50 percent in aggregate
Long-term investment rate of return, net of pension plan investment expenses, including price inflation	7.25 percent
Discount rate	7.25 percent
Health care cost trend rates	
PERA benefit structure:	
Service-based premium subsidy	0.00 percent
PERACare Medicare plans	5.00 percent
Medicare Part A premiums	3.25 percent for 2018, gradually rising to 5.00 percent in 2025
DPS benefit structure:	
Service-based premium subsidy	0.00 percent
PERACare Medicare plans	N/A
Medicare Part A premiums	N/A

SOUTH CENTRAL BOARD OF COOPERATIVE EDUCATIONAL SERVICES
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2019

NOTE 8 OTHER POST EMPLOYMENT BENEFITS (Continued)

Calculations are based on the benefits provided under the terms of the substantive plan in effect at the time of each actuarial valuation and on the pattern of sharing of costs between employers of each fund to that point.

The actuarial assumptions used in the December 31, 2017, valuations were based on the results of the 2016 experience analysis for the periods January 1, 2012, through December 31, 2015, as well as, the October 28, 2016, actuarial assumptions workshop and were adopted by the PERA Board during the November 18, 2016, Board meeting. In addition, certain actuarial assumptions pertaining to per capita health care costs and their related trends are analyzed and reviewed by PERA's actuary, as discussed below.

In determining the additional liability for PERACare enrollees who are age sixty-five or older and who are not eligible for premium-free Medicare Part A, the following monthly costs/premiums are assumed for 2018 for the PERA Benefit Structure:

Medicare Plan	Cost for Members Without Medicare Part A	Premiums for Members Without Medicare Part A
Self-Funded Medicare Supplement Plans	\$736	\$367
Kaiser Permanente Medicare Advantage HMO	602	236
Rocky Mountain Health Plans Medicare HMO	611	251
United Healthcare Medicare HMO	686	213

The 2018 Medicare Part A premium is \$422 per month.

In determining the additional liability for PERACare enrollees in the PERA Benefit Structure who are age sixty-five or older and who are not eligible for premium-free Medicare Part A, the following chart details the initial expected value of Medicare Part A benefits, age adjusted to age 65 for the year following the valuation date:

Medicare Plan	Cost for Members Without Medicare Part A
Self-Funded Medicare Supplement Plans	\$289
Kaiser Permanente Medicare Advantage HMO	300
Rocky Mountain Health Plans Medicare HMO	270
United Healthcare Medicare HMO	400

All costs are subject to the health care cost trend rates, as discussed below.

Health care cost trend rates reflect the change in per capita health costs over time due to factors such as medical inflation, utilization, plan design, and technology improvements. For the PERA benefit structure, health care cost trend rates are needed to project the future costs associated with providing benefits to those PERACare enrollees not eligible for premium-free Medicare Part A.

SOUTH CENTRAL BOARD OF COOPERATIVE EDUCATIONAL SERVICES
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2019

NOTE 8 OTHER POST EMPLOYMENT BENEFITS (Continued)

Health care cost trend rates for the PERA benefit structure are based on published annual health care inflation surveys in conjunction with actual plan experience (if credible), building block models and heuristics developed by health plan actuaries and administrators, and projected trends for the Federal Hospital Insurance Trust Fund (Medicare Part A premiums) provided by the Centers for Medicare & Medicaid Services. Effective December 31, 2017, the health care cost trend rates for Medicare Part A premiums were revised to reflect the current expectation of future increases in rates of inflation applicable to Medicare Part A premiums.

The PERA benefit structure health care cost trend rates that were used to measure the total OPEB liability are summarized in the table below:

Year	PERACare Medicare Plans	Medicare Part A Premiums
2018	5.00%	3.25%
2019	5.00%	3.50%
2020	5.00%	3.75%
2021	5.00%	4.00%
2022	5.00%	4.25%
2023	5.00%	4.50%
2024	5.00%	4.75%
2025+	5.00%	5.00%

Mortality assumptions for the determination of the total pension liability for each of the Division Trust Funds as shown below are applied, as applicable, in the determination of the total OPEB liability for the HCTF. Affiliated employers of the State, School, Local Government, and Judicial Divisions participate in the HCTF.

Healthy mortality assumptions for active members were based on the RP-2014 White Collar Employee Mortality Table, a table specifically developed for actively working people. To allow for an appropriate margin of improved mortality prospectively, the mortality rates incorporate a 70 percent factor applied to male rates and a 55 percent factor applied to female rates.

Healthy, post-retirement mortality assumptions for the State and Local Government Divisions were based on the RP-2014 Healthy Annuitant Mortality Table, adjusted as follows:

- **Males:** Mortality improvement projected to 2018 using the MP-2015 projection scale, a 73 percent factor applied to rates for ages less than 80, a 108 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.
- **Females:** Mortality improvement projected to 2020 using the MP-2015 projection scale, a 78 percent factor applied to rates for ages less than 80, a 109 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.

SOUTH CENTRAL BOARD OF COOPERATIVE EDUCATIONAL SERVICES
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2019

NOTE 8 OTHER POST EMPLOYMENT BENEFITS (Continued)

Healthy, post-retirement mortality assumptions for the School and Judicial Divisions were based on the RP-2014 White Collar Healthy Annuitant Mortality Table, adjusted as follows:

- **Males:** Mortality improvement projected to 2018 using the MP-2015 projection scale, a 93 percent factor applied to rates for ages less than 80, a 113 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.
- **Females:** Mortality improvement projected to 2020 using the MP-2015 projection scale, a 68 percent factor applied to rates for ages less than 80, a 106 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.

For disabled retirees, the mortality assumption was based on 90 percent of the RP-2014 Disabled Retiree Mortality Table.

The following health care costs assumptions were updated and used in the measurement of the obligations for the HCTF:

- Initial per capita health care costs for those PERACare enrollees under the PERA benefit structure who are expected to attain age 65 and older ages and are not eligible for premium-free Medicare Part A benefits were updated to reflect the change in costs for the 2018 plan year.
- The health care cost trend rates for Medicare Part A premiums were revised to reflect the then-current expectation of future increases in rates of inflation applicable to Medicare Part A premiums.

The long-term expected return on plan assets is reviewed as part of regular experience studies prepared every four or five years for PERA. Recently, this assumption has been reviewed more frequently. The most recent analyses were outlined in presentations to PERA's Board on October 28, 2016.

Several factors were considered in evaluating the long-term rate of return assumption for the HCTF, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation.

As of the most recent adoption of the long-term expected rate of return by the PERA Board, the target asset allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

SOUTH CENTRAL BOARD OF COOPERATIVE EDUCATIONAL SERVICES
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2019

NOTE 8 OTHER POST EMPLOYMENT BENEFITS (Continued)

Asset Class	Target Allocation	30 Year Expected Geometric Real Rate of Return
U.S. Equity – Large Cap	21.20%	4.30%
U.S. Equity – Small Cap	7.42%	4.80%
Non U.S. Equity – Developed	18.55%	5.20%
Non U.S. Equity – Emerging	5.83%	5.40%
Core Fixed Income	19.32%	1.20%
High Yield	1.38%	4.30%
Non U.S. Fixed Income - Developed	1.84%	0.60%
Emerging Market Debt	0.46%	3.90%
Core Real Estate	8.50%	4.90%
Opportunity Fund	6.00%	3.80%
Private Equity	8.50%	6.60%
Cash	1.00%	0.20%
Total	100.00%	

In setting the long-term expected rate of return, projections employed to model future returns provide a range of expected long-term returns that, including expected inflation, ultimately support a long-term expected rate of return assumption of 7.25%.

Sensitivity of the South Central Board of Cooperative Educational Services proportionate share of the net OPEB liability to changes in the Health Care Cost Trend Rates. The following presents the net OPEB liability using the current health care cost trend rates applicable to the PERA benefit structure, as well as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current rates:

	1% Decrease in Trend Rates	Current Trend Rates	1% Increase in Trend Rates
PERACare Medicare trend rate	4.00%	5.00%	6.00%
Initial Medicare Part A trend rate	2.00%	3.00%	4.00%
Ultimate Medicare Part A trend rate	3.25%	4.25%	5.25%
Net OPEB Liability	288,674	296,872	306,301

Discount rate. The discount rate used to measure the total OPEB liability was 7.25 percent. The projection of cash flows used to determine the discount rate applied the actuarial cost method and assumptions shown above. In addition, the following methods and assumptions were used in the projection of cash flows:

- Updated health care cost trend rates for Medicare Part A premiums as of the December 31, 2018, measurement date.

SOUTH CENTRAL BOARD OF COOPERATIVE EDUCATIONAL SERVICES
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2019

NOTE 8 OTHER POST EMPLOYMENT BENEFITS (Continued)

- Total covered payroll for the initial projection year consists of the covered payroll of the active membership present on the valuation date and the covered payroll of future plan members assumed to be hired during the year. In subsequent projection years, total covered payroll was assumed to increase annually at a rate of 3.50%.
- Employer contributions were assumed to be made at rates equal to the fixed statutory rates specified in law and effective as of the measurement date.
- Employer contributions and the amount of total service costs for future plan members were based upon a process to estimate future actuarially determined contributions assuming an analogous future plan member growth rate.
- Transfers of a portion of purchase service agreements intended to cover the costs associated with OPEB benefits were estimated and included in the projections.
- Benefit payments and contributions were assumed to be made at the middle of the year.

Based on the above assumptions and methods, the projection test indicates the HCTF's fiduciary net position was projected to make all projected future benefit payments of current members. Therefore, the long-term expected rate of return of 7.25 percent on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability. The discount rate determination does not use the municipal bond index rate, and therefore, the discount rate is 7.25 percent.

Sensitivity of the South Central Board of Cooperative Educational Services proportionate share of the net OPEB liability to changes in the discount rate. The following presents the proportionate share of the net OPEB liability calculated using the discount rate of 7.25 percent, as well as what the proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.25 percent) or 1-percentage-point higher (8.25 percent) than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Proportionate share of the net OPEB liability	332,174	296,872	266,692

OPEB plan fiduciary net position. Detailed information about the HCTF's fiduciary net position is available in PERA's CAFR which can be obtained at www.copera.org/investments/pera-financial-reports.

SOUTH CENTRAL BOARD OF COOPERATIVE EDUCATIONAL SERVICES
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2019

NOTE 9 INTERGOVERNMENTAL AGREEMENTS

Not reflected in the accompanying financial statements is the various Districts' participation in the South Central Board of Cooperative Educational Services (BOCES). The BOCES is an organization that provides member districts educational services at a shared lower cost per district.

The Districts have one member on the Board. This Board has full authority for all budgeting and financing of the Cooperative.

The BOCES is not a component unit of the participating Districts as the oversight responsibility is minimal, there is no financial interdependency, the Districts do not have the ability to significantly influence the operations of the BOCES and the Districts are not accountable for fiscal matters of the BOCES.

NOTE 10 SUMMARY DISCLOSURE OF SIGNIFICANT COMMITMENTS AND CONTINGENCIES

Claims and Judgments - The BOCES participates in a number of federal, state and county programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the BOCES may be required to reimburse the grantor government. As of June 30, 2019, significant amounts of grant expenditures have not been audited, but the BOCES believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on the individual government fund or the overall financial position of the BOCES.

NOTE 11 COLORADO SCHOOL DISTRICTS SELF-INSURANCE POOL

The BOCES belongs to the Colorado School Districts' Self-Insurance Pool. The Pool was established by the Colorado Association of School Boards (CASB) to provide insurance coverage to participants in the areas of General Liability, Errors and Omissions, Automobile Liability, Auto Physical Damage, Auto Personal Injury Protection, Real and Personal Crime, Worker's Compensation and other coverages. The Board of Directors is composed of eight persons; seven of whom are appointed by the Board of Directors of CASB and the Executive Director of CASB. The Pool is managed by an independent manager chosen by the Board of Directors. Each member's initial contribution and subsequent contributions are determined by the Pool based on factors including, but not limited to, the aggregate Pool claims, the cost of administrative and other operating expenses, the number of participants, the adequacy of both Operating and Reserve Funds and other factors touching on the status of the Pool or an individual participant, and as approved by the Colorado Insurance Commissioner.

As the BOCES did not exercise oversight responsibility nor have sufficient control over Pool activities, the Pool is not a component unit of the Cooperative and only the Cooperative's share of contributions to the Pool is recorded as expenditures in the General Fund.

The BOCES' share in the Pool is not determinable from current information, but is estimated to be less than 1%. The Cooperative's share, if calculated, would not be material to the Pool's financial information at June 30, 2019.

NOTE 11 COLORADO SCHOOL DISTRICTS SELF-INSURANCE POOL (Continued)

An audited summary of the Colorado School Districts' Pool financial information for the year ended June 30, 2018 (latest information available) follows:

Total Assets	<u>44,237,852</u>
Total Liabilities	<u>16,614,537</u>
Total Surplus	<u>27,623,315</u>
Revenue	15,844,221
Underwriting Expenses	<u>19,487,647</u>
Underwriting Gain (Loss)	(3,643,426)
Net Investment Income	517,310
Other Income	-
Net Income (Loss) Before Dividend	<u>(3,126,116)</u>
Dividend	-
Net Income	<u>(3,126,116)</u>
Transfer of Capital Contributions	-
Change in Non Admitted Assets	<u>130,742</u>
Return of Capital Contributions to Members	-
Unassigned Surplus	<u><u>27,623,315</u></u>

NOTE 12 RISK MANAGEMENT

The BOCES is exposed to various risks of loss related to torts, thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees, or acts of God. The BOCES maintains commercial insurance for all risks of loss. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

SINGLE AUDIT SECTION

164 E. MAIN
TRINIDAD, COLORADO 81082
(719) 846-9241 FAX (719) 846-3352

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS***

Board of Directors
South Central Board of
Cooperative Educational Services
Pueblo West, Colorado 81007

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of South Central Board of Cooperative Educational Services as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise South Central Board of Cooperative Educational Services' basic financial statements, and have issued our report thereon dated November 25, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered South Central Board of Cooperative Educational Services' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the South Central Board of Cooperative Educational Services' internal control. Accordingly, we do not express an opinion on the effectiveness of the South Central Board of Cooperative Educational Services' internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control described in the accompanying schedule of findings and questioned costs that we consider to be significant deficiencies. (See item 2019-001).

Compliance and Other Matters

As part of obtaining reasonable assurance about whether South Central Board of Cooperative Educational Services' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE
FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY UNIFORM GUIDANCE**

Board of Directors
South Central Board of
Cooperative Educational Services
Pueblo West, Colorado 81007

Report on Compliance for Each Major Federal Program

We have audited South Central Board of Cooperative Educational Services' compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of South Central Board of Cooperative Educational Services' major federal programs for the year ended June 30, 2019. South Central Board of Cooperative Educational Services' major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of South Central Board of Cooperative Educational Services' major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about South Central Board of Cooperative Educational Services' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of South Central Board of Cooperative Educational Services' compliance.

Opinion on Each Major Federal Program

In our opinion, South Central Board of Cooperative Educational Services complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

Report on Internal Control Over Compliance

Management of South Central Board of Cooperative Educational Services is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered South Central Board of Cooperative Educational Services' internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of South Central Board of Cooperative Educational Services' internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

SOUTH CENTRAL BOARD OF COOPERATIVE EDUCATIONAL SERVICES
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
For the Year Ended June 30, 2019

SECTION 1 - SUMMARY OF AUDITOR'S RESULTS:

FINANCIAL STATEMENTS

Auditor's Report

An unmodified opinion has been issued on the financial statements of South Central Board of Cooperative Educational Services.

Internal Control Over Financial Reporting

A significant deficiency was disclosed by the audit; there were no material weaknesses identified.

Noncompliance Material to Financial Statements

No instances of noncompliance in amounts material to the financial statements of South Central Board of Cooperative Educational Services were disclosed by the audit.

FEDERAL AWARDS

Internal Control Over Major Programs

No significant deficiencies or material weaknesses were identified.

Auditor's Report on Compliance for Major Programs

An unmodified opinion has been issued on South Central Board of Cooperative Educational Services compliance for major programs.

Audit Findings

No findings requiring disclosure in accordance with 2 CFR Section 200.516(a) were disclosed by the audit.

Major Programs

Special Education Cluster:

Title VI B	84.027
Preschool	84.173

Dollar Threshold to Distinguish Type A and Type B Programs

\$ 750,000.

Qualification as low-risk auditee

The BOCES qualified as a low-risk auditee for fiscal year ended June 30, 2019.

SOUTH CENTRAL BOARD OF COOPERATIVE EDUCATIONAL SERVICES
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
For the Year Ended June 30, 2019

(Continued)

SECTION II – FINANCIAL STATEMENT FINDINGS

Item 2019-001

The South Central Board of Cooperative Educational Services has an inherent problem it shares with other entities in that it has a limited number of personnel performing accounting and administrative functions. Therefore, a proper separation of duties and responsibilities is not possible.

SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

None.

SOUTH CENTRAL BOARD OF COOPERATIVE EDUCATIONAL SERVICES
SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS
For the Year Ended June 30, 2019

There are no prior audit findings requiring disclosure.

SOUTH CENTRAL BOARD OF COOPERATIVE EDUCATIONAL SERVICES
SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
For the Year Ended June 30, 2019

<u>Federal Grantor/Program or Cluster Title</u>	<u>CFDA Number</u>	<u>Pass-through Grantor</u>	<u>Grant ID Number</u>	<u>Federal Expenditures</u>

The accompanying notes are an integral part of this schedule

SOUTH CENTRAL BOARD OF COOPERATIVE EDUCATIONAL SERVICES
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
For the Year Ended June 30, 2019

NOTE 1 BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the South Central Board of Cooperative Educational Services and is presented on the modified accrual basis of accounting. The information is presented in accordance with the requirements of Title 2 U.S. Code of Federal Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the general purpose financial statements.

NOTE 2 INDIRECT COST RATES

All grants have been received from the Colorado Department of Education. The Department calculates an allowable indirect cost rate for individual sub-recipients and mandates that the rate be used as the maximum for the recovery of indirect cost. The BOCES has recovered indirect cost from grant funds at an amount no greater than that allowed by the Colorado Department of Education and has not elected to use the 10% de minimis indirect cost rate allowed by Uniform Guidance.

NOTE 3 SUBRECIPIENT PAYMENTS

No amounts of federal financial assistance were passed through to subrecipients in the year ended June 30, 2019.
