August 28, 2020

Honorable Chairman Wood, Members of the Board of County Commissioners, and Citizens of Clear Creek, County, Colorado:

The Clear Creek County Finance Department hereby submits the County of Clear Creek Comprehensive Annual Financial Report for the fiscal year ended December 31, 2019. This report was prepared by the County's Finance Department. Responsibility for both the accuracy of the prepared data and the completeness and fairness of the presentation, including all disclosures, rests with the County. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position of the County and results of the operations of its various funds. All necessary disclosures are included in this document enabling the reader to gain a full understanding of the County's financial activities.

Management's discussion and analysis (MD&A) immediately follows the independent auditors' report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

The County of Clear Creek's financial statements have been audited by the accounting firm Hinkle & Company, PC, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the County of Clear Creek for the fiscal year ended December 31, 2019, are free from material misstatement. The independent audit involved performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control. Because the cost of a control should not exceed the benefits to be derived, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. The independent auditors concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the County of Clear Creek's financial statements for the fiscal year ended December 31, 2019 are fairly presented in conformity with Generally Accepted Accounting Principles (GAAP). The independent auditors' report is presented as the first component of the financial section of this report.

Profile of the County

The County, established in 1861, is located in the Front Range Mountains of Colorado directly west of metropolitan Denver. The County occupies a land area of 396 square miles and serves an estimated population of 9,723. The County is empowered to levy a property tax on both real and personal properties located within its boundaries.

The County operates under State of Colorado statutes. Statutes provide for elected officials consisting of three Commissioners, Sheriff, Treasurer and Public Trustee, Clerk and Recorder, Assessor, Coroner, and Surveyor. Each official is elected for a term of four years. The three County Commissioners are limited to two consecutive four year terms.

Board of County Commissioners:

The Board of County Commissioners is the primary policy-making body for the County, and is responsible for the County's administrative and budgetary functions. Constitutionally, the Board also sits as the County Board of Equalization. The Board also fills all vacancies in County offices other than those for County Commissioner and for Public Trustee. All powers of the County, as a legal entity, are exercised by the Board of County Commissioners and not by its individual members. The Board approves the budgets for all County departments.

County Clerk and Recorder:

By State constitution, the County Clerk and Recorder is required to be the recorder of deeds and serves as the clerk to the Board of County Commissioners. The Clerk is also the agent of the State Department of Revenue and, among other duties, is charged with the administration of certain state laws relating to motor vehicles, certification of automobile titles, and motor vehicle registration. The Clerk administers all primary, general, and special elections held in the County, overseeing voter registration, publishing notices of elections, appointing election judges, and ensuring the printing and distribution of ballots. The Clerk and Recorder also issues marriage licenses, maintains records and books for the Board of Commissioners, collects license fees and charges required by the State, maintains property ownership records, and furnishes deed abstracts upon request.

County Assessor:

The County Assessor is responsible for discovering, listing, classifying, and valuing all property in the County in accordance with state laws. It is the Assessor's duty to determine the equitable value of property to ensure that the tax burden is distributed fairly and equitably among all property owners. Real property is revalued every odd-numbered year, and personal property is revalued every year. The Assessor is required to send out a notice of valuation each year to property owners, which reflects the owner's property value. This notice will reflect a value on property for ad valorem taxes payable to the County.

County Treasurer:

The County Treasurer is responsible for the receipt, custody and disbursement of County funds. The Treasurer also performs the duties of Public Trustee. The Treasurer collects some State taxes and all property taxes - including those for other units of local government. The Treasurer collects and disburses school funds belonging to school districts located within the County. The Treasurer sends notices of and collects all property taxes for all local governments and disburses receipts for each after charging a statutory collection fee. The Treasurer conducts sales of property for delinquent taxes.

County Sheriff:

The County Sheriff is the chief law enforcement officer of the unincorporated areas of the County, and is responsible for maintaining the peace and enforcing State criminal laws. The Sheriff supports the County court system and is required to serve and execute processes, subpoenas, writs, and orders as directed by the court. The Sheriff oversees the operations of the County jail, and must maintain and feed prisoners. The Sheriff is also fire warden for forest fires in the County, and is responsible for County search and rescue functions.

County Coroner:

The County Coroner is responsible for investigating the cause and manner of deaths, issuing death certificates, and requesting autopsies. State law requires the Coroner to attend an initial training course and

must obtain certification in basic medical-legal death investigation. State law also requires the Coroner to complete a minimum of 16 hours of in-service training during each year of the Coroner's term.

County Surveyor:

The County Surveyor's duties relate to: a) settlement of boundary disputes when directed by a court or when requested by interested parties; b) create survey markers and monuments, and c) conduct surveys relating to toll roads and reservoirs. The Surveyor must meet the requirements to qualify as a professional land surveyor.

This report includes all of the funds of the County. The County provides a full range of services including public safety, construction and maintenance of roads, recreation and open space, human services, sanitary waste, land use planning and development, and general administrative services.

Factors Affecting Financial Condition

Local economy. The County of Clear Creek is located in the heart of the Colorado Rockies. The largest industry is tourism. The County provides recreation in over 189,480 acres of public land including portions of the Arapahoe and Pike national forests. The Mount Evans Scenic Byway climbs more than 7,000 feet in just 28 miles, reaching an altitude of 14,264 feet. Winter visitors to the County may ski and snowboard at nearby ski areas and relax in mineral hot springs.

Mining has historically been a major industry in the County. Gold was discovered near Idaho Springs in 1858. Today, underground molybdenum mining, and tours of working gold mines continue the mining tradition.

Property tax revenues are dependent on assessed valuations and constitutional limitations on growth. One major taxpayer accounted for 36.13% of the property tax base in 2019.

Long-term financial planning. The Commissioners are developing water storage and other infrastructure planning to reflect the County's commitment to develop a more diverse commercial base. Development of trails and open space continue to reflect on-going recreational aspects from Conservation Trust and Open Space Funds.

Budgetary controls. The objective of budgetary controls is to ensure compliance with legal provisions in the annual appropriated budget approved by the County Commissioners. Expenditures may not legally exceed appropriations at the fund level.

Primary responsibility for fiscal analysis of budget to actual cash flows and overall program fiscal standing rests with the department operating the program. Sound financial management is shown in the budgetary to actual presentation in statements and schedules included in the Comprehensive Annual Financial Report.

Compliance. In November, 1992 Colorado voters passed the Taxpayer Bill of Rights (TABOR) as an amendment to the State Constitution. This amendment restricts growth in governmental spending and property tax revenues to amounts adjusted for inflation and a local growth factor. In 1999 the County voters approved a referendum that allowed the County to retain revenues that might otherwise have been refunded to citizens under the TABOR limits. As a result the County can retain excess revenues, if any, and spend them for any governmental purpose. The County continues to be subject to other TABOR requirements, including a 3% emergency reserve, and no real estate transfer tax or income tax can be imposed. The County is in compliance with these provisions. TABOR also requires that the County have elections if it wishes to change tax policy or issue debt (except debt related to enterprise funds). Additional information on tax limitation can be found in Note 11 of the notes to the financial statements.

Financial Policies with a significant impact on the current period financial statements. The County's fund accounting records are maintained primarily on a cash basis during the year and at year end adjusted to the modified accrual basis. The County's legal budgetary control is established at the Fund level. No supplemental budget appropriations were approved in 2019. Additional information is provided in the Required Supplemental Information of these financial statements. In addition, the General, Road and Bridge, Social Services and Public Health funds are controlled and monitored on a monthly basis at division, department, and program levels for compliance.

Awards and Acknowledgments. Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the County of Clear Creek for its comprehensive annual financial report for the fiscal year ended December 31, 2018. This was the fourth consecutive year that the County has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

The preparation of this report would not have been possible without the efficient and dedicated services of the entire staff of the finance division.

In closing, without the leadership of the County Commissioners and County Treasurer this report would not have been possible. They provide unfailing support for maintaining the highest standards of professionalism in the management and operations of the County of Clear Creek.

This financial report is designed to provide our citizens, taxpayers, customers, and creditors with a general overview of the County's finances and to illustrate the County's accountability for the revenue it receives. If you have questions about this report or need additional financial information, contact the Finance Department at P.O. Box 2000, 403 Argentine St., Georgetown, Colorado 80444.

Sincerely,

A handwritten signature in black ink, appearing to read 'Brent Worthington', with a stylized, flowing script.

Independent Auditors' Report

Board of County Commissioners
Clear Creek County
Clear Creek County, Colorado

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Clear Creek County as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the basic financial statements of Clear Creek County, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Clear Creek County as of December 31, 2019, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Clear Creek County's basic financial statements. The introductory section, combining and individual fund financial statements and schedules, statistical section, and local highway finance report listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual fund financial statements and schedules and the local highway finance report are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling the information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated August 28, 2020, on our consideration of Clear Creek County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Clear Creek County's internal control over financial reporting and compliance.

Hick & Company, PC

Greenwood Village, Colorado
August 28, 2020

This section of the report provides readers with a narrative overview and analysis of the financial activities of Clear Creek County for the fiscal year ended December 31, 2019. We encourage readers to consider the information presented here in conjunction with the letter of transmittal and basic financial statements to enhance their understanding of the County's financial performance.

Financial Highlights

Clear Creek County continues to maintain a strong financial condition. The County's assets exceeded liabilities and deferred inflows by \$122,709,329 at the end of 2019. Of this amount, \$95,618,772 is net investment in capital assets or restricted at the end of 2019. The remaining \$27,090,557 may be used to meet the County's ongoing obligations to citizens and creditors.

As of the close of the current fiscal year, the County's Governmental Funds reported combined ending fund balances of \$30,460,412, an increase of \$1,276,208 (4.4%) in comparison with the prior year. Of this amount, \$17,210,606 is unassigned.

The 2019 General Fund's fund balance increased \$1,148,807 (5.3%) from the prior year. The unassigned portion in the General Fund is \$17,210,606 and represents 89.5% of the total 2019 General Fund expenditures less debt service and capital expenditures.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The basic financial statements contain three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. In addition to the basic statements, this report also contains other supplementary information including combining statements for nonmajor funds, local highway finance report, a statistical information section, and information regarding federal grant programs.

Government-Wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of the County's finances in a manner similar to a private sector business.

The *Statement of Net Position* presents information on all of the County's assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the net of the four categories being reported as the County's net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the County's financial position is improving or deteriorating.

The *Statement of Activities* presents information showing how the County's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in the statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes).

Clear Creek County's governmental activities include general government, public safety, judicial, highways and streets, sanitation, health and human services, economic development and culture and recreation.

The government-wide financial statements include not only Clear Creek County itself (known as the primary government), but also legally separate entities which have a significant operational or financial

relationship with the County. These entities are known as blended component units. One such included entity is the Clear Creek Emergency Services General Improvement District. More information on the functions of this entity can be found in Note 1 to the financial statements. The government-wide financial statements can be found on pages 26 and 27 of this report.

Fund Financial Statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Clear Creek County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of Clear Creek County can be divided into two categories: governmental funds and fiduciary funds.

Governmental Funds. Most of the County's basic services are reported in the Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Clear Creek County maintained thirteen individual governmental funds during 2019. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, Road and Bridge Fund, and Social Services Fund, all of which are considered to be major funds. Data from the other nine funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor funds is provided in the form of *combining statements* elsewhere in this report. The governmental fund financial statements can be found on pages 28 through 31 of this report.

Fiduciary Funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not included in the government-wide financial statements because the resources of these funds are not available to support Clear Creek County's own operations. The County's agency funds include Public Trustee, Treasurer, Clerk and Recorder, and Inmate accounts. The fiduciary fund financial statements can be found on page 32 of this report.

Budgetary Comparisons. Clear Creek County adopts an annual appropriated budget for all of its governmental funds. Budget to actual comparisons for each of the funds are provided in schedules elsewhere in this report.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 33 through 48 of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Year Ended December 31, 2019

Clear Creek County, Colorado

Other Information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information. Budgetary comparison statements have been provided for general and major special revenue funds on pages 50 through 53. The combining statements and nonmajor fund schedules referred to earlier are presented following the notes to the required supplementary information and can be found on pages 56 through 69 of this report. The combining statement of changes in assets and liabilities in connection with the Agency Funds can be found on page 71 of this report.

County-Wide Financial Analysis

Net Position. As noted earlier, net position may serve over time as a useful indicator of a government's financial position. As of December 31, 2019, the County's assets exceeded liabilities and deferred inflows of resources by \$122,709,329.

The following table provides a summary of the County's governmental net position for 2019.

Clear Creek County Net Position

	Governmental Activities	
	2019	2018
Current and other assets	\$ 46,368,904	\$ 45,890,189
Capital assets	92,684,034	96,270,823
Total assets	139,052,938	142,161,012
Current and other liabilities	2,228,701	2,038,285
Long-term liabilities	340,985	409,471
Total liabilities	2,569,686	2,447,756
Deferred inflows of resources	13,773,923	15,123,982
Net investment in capital assets	92,274,350	95,830,543
Restricted	3,344,422	3,322,024
Unrestricted	27,090,557	25,436,707
Total net position	\$ 122,709,329	\$ 124,589,274

A significant portion of the County's net position (75.2%) reflects its investment in capital assets. These assets include land, buildings, equipment, vehicles, software, improvements, infrastructure, sewer capacity, water rights, and storage rights. These capital assets are used to provide services to citizens; consequently, they are not available for future spending. Although the investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities.

Another major portion of Clear Creek County's net position (22.1%) represents unrestricted net position of \$27,090,557 which may be used to meet the County's ongoing obligations to citizens and creditors. The graph on the following page provides information on how the unrestricted net position has changed over the past five years.

Unrestricted Net Position 2015 to 2019

An additional \$3,344,422 of the County's net position (2.7%) represents resources that are subject to external restrictions on how they may be used. Included in this category is the Colorado Constitution, Article X, Section 20 emergency reserve of \$984,588.

Changes in Net Position. Governmental activities decreased the County's net position by \$1,879,945 in 2019. The following table indicates the changes in net position for governmental activities in 2018 and 2019.

Clear Creek County Changes in Net Position

	Governmental Activities	
	2019	2018
Program revenues:		
Charges for services	\$ 4,533,284	\$ 4,394,386
Operating grants and contributions	5,421,019	5,230,446
Capital grants and contributions	832,647	395,031
General revenues:		
Property taxes	15,123,444	17,791,649
Other taxes	4,293,128	3,658,648
Other revenue	1,919,823	1,655,148
Total revenue	32,123,345	33,125,308
Expenses:		
General government	8,644,850	8,186,231
Public safety	13,340,956	12,538,489
Judicial	300,404	282,234
Highways and streets	7,235,096	7,217,191
Sanitation	402,314	424,602
Health and human services	3,204,004	3,479,972
Economic development	384,760	436,541
Culture and recreation	481,790	401,092
Interest on long-term debt	9,116	10,622
Total expenses	34,003,290	32,976,974
Increase in net position	(1,879,945)	148,334
Net position-Beginning	124,589,274	124,440,940
Net position-Ending	\$ 122,709,329	\$ 124,589,274

The chart below provides a perspective on 2019 governmental revenues.

The Graph below compares governmental expenses by function for 2019 and 2018. The functions of public safety, general government, and highways and streets comprise the largest expense functions in 2019.

2019 and 2018 Governmental Expenses by Function

Governmental Activities. In 2019 the County's net position decreased by \$1,879,945. Key elements of 2019 activity are as follows:

- Total revenues were \$32,123,345, a decrease of \$1,001,963 (-3.02%) over revenues in 2018.
- Property taxes decreased \$2,668,205 (-15.0%) mainly as a result of reduced tax revenues received from the Henderson Mine. Mine management has indicated that it will continue production at reduced levels through 2039. Sales taxes (\$2,864,999) increased from 2018 by 19.9%, specific ownership taxes (\$1,132,633) increased 11.8% and lodging taxes (\$221,540) increased 10.0%. Investment earnings at \$579,048 increased from 2018 by 12.0%. Unrestricted grants and contributions at \$891,986 rose 18.9%.
- Program revenues increased \$767,087 (7.7%) compared to the 2018 revenues. The largest increase was in capital grants, the result of State funding of capital projects. The County received funding for the C-DOT TAP Silver Plume to Georgetown bike trail improvement project, completed in 2019. Additionally State funding was received for the Clear Creek County Collaborative Care Center design and site development.
- Operating expenses totaled \$34,003,290, increasing \$1,026,316 (3.1%) from the previous year. Components of the increase in operating expenses include Public Safety up \$802,467 (6.4%) and

General Government up \$458,619 (5.6%). Higher expenses were due in part to increases in personnel costs, depreciation costs, and grant distributions.

Financial Analysis of the County's Funds

As noted earlier, Clear Creek County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds Overview: The focus of County governmental funds is to provide information on near-term inflows, outflows, as well as, available spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of 2019, the combined ending fund balance of County governmental funds is \$30,460,412. Approximately 56.5% (\$17,210,606) of this is unassigned fund balance. This is available for spending at the County's discretion and serves as a measure of current available financial resources. The remainder of fund balance is not available for discretionary spending because it has already been constrained as follows: \$25,928 is nonspendable as the related assets are reported as prepaid assets; \$3,344,422 is restricted for spending only on specific programs or projects funded by restricted revenues; \$5,544,025 is committed to specific purposes according to limitations imposed by the Board of County Commissioners; and assigned fund balances of \$4,335,431 are set aside for planned or intended actions. Additional information on the County's fund balances can be found in Note 5 of the financial statements.

The County has three major governmental funds:

1. *General Fund.* This is the primary operating fund of the Clear Creek County Government. It accounts for many of the County's core services, such as law enforcement, land use planning, administration, treasurer, property assessment, records and elections. The General Fund fund balance was \$22,763,052 as of December 31, 2019. Of this amount, \$17,210,606 is unassigned and available for discretionary spending. The remaining portion of \$5,552,446 is nonspendable, restricted, committed or assigned.

The 2019 General Fund fund balance increased \$1,148,807 from the previous year. Contributing factors to this include:

- a) General Fund revenue decreased \$529,221 or -2.5%, from 2018, attributable to a decrease in property taxes \$1,836,133 (-14.4%). Sales taxes increased \$287,896 (19.7%) and intergovernmental revenue increased \$773,014 (43.3%).

- b) General Fund expenditures increased \$1,117,569 or 6.0% from 2018, primarily due to an increase in Public Safety operating costs \$1,139,393 (11.5%). This increase was largely due to POST grant distributions and a 9.5% increase in personnel costs. Capital outlay remained steady at \$566,372, decreasing on \$17,846 (-3.1%) from 2018.

- c) In 2019 the General Fund transferred \$121,358 to the Public Health Fund to subsidize operations, and \$200,000 to the Housing Authority Fund for funding housing projects. The General Fund received a transfer of \$1,042,487 from the Ambulance Sales Tax Fund to cover Emergency Medical Services operating losses for 2019.

As a measure of the General Fund's liquidity, it may be useful to compare total fund balance and unassigned fund balance to total fund expenditures. Total fund balance at the end of the year represents 114.5% of total 2019 expenditures before other financing uses. This compares to 115.2% for 2018. The unassigned fund balance at the end of the year represents 86.6% of total 2019 expenditures before other financing sources compared to 88.4% in 2018.

General Fund Unassigned Fund Balance

2. *Road and Bridge Fund.* The Road and Bridge Fund is mandated by State Statute. The fund records costs related to County road and bridge construction and maintenance. The Road and Bridge Fund had a fund balance of \$3,580,701 at the end of 2019. Fund balance increased \$780,729 from the previous year. Total fund balance represents 86.3% of 2019 expenditures before other financing uses. In 2019 expenditures decreased \$1,534,855 (-27.0%) from the prior year. 2019 operating expenditures decreased \$86,986 and capital expenditures decreased \$1,447,869. Road and Bridge capital expenditures of \$1,216,394 were for road paving, storm drainage and guardrail improvements, County building improvements, and road construction and maintenance vehicles.

3. *Social Services Fund:* The Social Services Fund is mandated by State Statute. This fund accounts for the Federal, State and local share of many Federal and State public welfare programs. The fund carried a \$406,059 fund balance at the end of 2019, which is a decrease of \$150,798 from 2018. Total fund balance represents 15.7% of 2019 expenditures. Social Services expenditures decreased \$297,117 (-10.3%) from 2018. Of the total expenditures, 79.6% or \$2,059,233 was funded by State and Federal programs.

Nonmajor Governmental Funds. Combined fund balances in the nonmajor governmental funds at the close of 2019 fiscal year totaled \$3,710,600, representing an decrease of \$502,530 (-11.9%) when compared with 2018. Total fund balance represents 94.2% of 2019 expenditures before other financing uses.

General Fund Budgetary Highlights

The County's budget is prepared in accordance with Colorado statutes. The County's most significant budgeted fund is the General Fund.

In December of 2018, the Board of County Commissioners appropriated \$20,252,699 for 2019 General Fund expenditures and other financing uses. Actual revenue and expenditures resulted in a favorable variance in fund balance of \$1,562,933.

	2019 General Fund Budget	
	Original and Final Budget	Actual
Fund Balance, January 1, 2018	\$ 21,343,201	\$ 21,614,245
Revenue and other financing sources	20,109,617	21,343,538
Expenditures and other financing uses	20,252,699	20,194,731
Fund Balance, December 31, 2018	<u>\$ 21,200,119</u>	<u>\$ 22,763,052</u>

Contributing to the positive \$1,233,921 variance in revenue and other financing sources in 2019 include favorable variances in: 1) sales taxes, \$274,225; 2) intergovernmental revenue, \$691,639; and 3) other revenue, \$301,669.

The \$57,968 positive variance in expenditures and other financing uses relates primarily to personnel costs that were under budget by \$257,941.

Additional information is found in the Required Supplementary Information Section of this report.

Capital Asset and Debt Administration

Capital Assets:

Clear Creek County's investment in capital assets from governmental activities as of December 31, 2019 totals \$92,684,034. This investment includes all land, buildings, equipment, vehicles, software, improvements, infrastructure, sewer capacity, water rights, and storage rights. Capital assets decreased \$3,586,789 (-3.7%) from 2018.

Major capital asset events during the current fiscal year included the following:

- The County has several projects under construction as of December 31, 2019. The 2019 cost of construction projects is \$1,243,734. The Georgetown/Silver Plume Trail Improvement project was completed in 2019. Included are multi-year projects that will continue into 2020—CDOT Ramp Project, TAP Peaks to Plains Design Phase II, C3 and THOR Network Build, Health Clinic Design and Construction, Devil's Nose Shooting Range and the Fall River Road Paving Project.
- In 2019 mining claims were purchased in the amount of \$120,820.
- The County capitalized equipment purchases of \$554,308, which included a track loader, excavator, flatbed trailer, generator, fuel tanks, six ambulance cot loader systems, and cooler/freezer for the jail.
- Improvement costs of \$39,715 were capitalized in 2019 for painting projects and a concrete slab in the confinement yard.

**MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Year Ended December 31, 2019**

Clear Creek County, Colorado

-
- Infrastructure costs totaling \$253,639 were incurred in 2019. Projects completed during the year include guardrail and storm drainage improvements.
 - \$716,038 in vehicle purchases were capitalized in 2019 including highway and street maintenance vehicles (dump truck, water truck, six pickup trucks), \$473,679; four sheriff patrol vehicles, \$179,861; coroner vehicle, \$38,285, and a general government vehicle, \$24,213.

Additional information on the County's capital assets can be found in Note 4 of the financial statements.

Long-Term Liabilities:

In 2019 the County's long-term liabilities decreased by \$20,042. At December 31, 2019 the County had outstanding long-term liabilities (principal amount) of \$1,192,338. A capital lease (\$370,866) is for the 2017 financing of energy efficiency equipment and improvements to County buildings. The balance of \$821,472 is for compensated absences. Additional information on Clear Creek County's long-term liabilities can be found in Note 7 of the financial statements.

Other Matters

The following factors are expected to have a significant effect on the County's financial position or results of operations and were taken into account in developing the 2019 budget:

- The State of Colorado has reduced or shifted costs to the County in a number of grant programs in the areas of public safety, highways, health, and human services.
- Clear Creek County will experience changes in economic factors related to tourism, mining, and business development. The County's tourism industry is expected to have moderate growth. Property valuations for mining production of minerals are dependent on the world market prices and demand.
- The Board of County Commissioner's has implemented procedures to consider mid-year budget adjustments.

Requests for Information

This financial report is designed to provide a general overview of Clear Creek County's finances for all those with an interest in the County's finances. For questions concerning any of the information provided in this report or for additional financial information contact the County Finance Director, P.O. Box 2000, Georgetown, CO 80444.

CLEAR CREEK COUNTY, COLORADO
Reconciliation of the Statement of Revenues, Expenditures, and Changes in
Fund Balances of Governmental Funds to the Statement of Activities
For the Year Ended December 31, 2019

Net change in fund balances - total governmental funds	\$ 1,276,208
--	--------------

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation expense (\$6,400,070) exceeded capital outlays \$2,928,254 in the current period.	(3,471,816)
---	-------------

The effect of various miscellaneous transactions involving capital assets, i.e., sales and disposals is to decrease net position.	(114,973)
---	-----------

Revenues in the statement of activities that do not provide current financial resources are deferred in the governmental funds.	410,594
---	---------

The repayment of principal on long-term debt consumes the current financial resources of the governmental funds. This transaction has no effect on the statement of activities.	69,415
---	--------

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds (change in compensated absences).	(49,373)
--	--

Change in net position of governmental activities	\$ (1,879,945)

Clear Creek County, Colorado
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended December 31, 2019

Note 1 - Summary of Significant Accounting Policies

A. Reporting Entity

The County of Clear Creek, Colorado ("County") was established in 1861 as a political subdivision of the State of Colorado. The County is governed by an elected three-member Board of County Commissioners. There are also six other elected officials of Clear Creek County (Assessor, Clerk and Recorder, Coroner, Sheriff, Surveyor and Treasurer). The County operates under an elected commissioner form of government, and provides the full range of services contemplated by statute. These include general government functions, public safety, health, social services, public improvements, road and bridge operations, land use planning and zoning, and general administrative services.

The financial statements of the County have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The following summary of significant accounting policies is presented to assist the reader in evaluating the County's financial statements.

Blended Component Units

The definition of the reporting entity is based primarily on financial accountability. The County is financially accountable for organizations that make up its legal entity. It is also financially accountable for legally separate organizations if County officials appoint a voting majority of the organization's governing body and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the County. The County may also be financially accountable for organizations that are fiscally dependent upon it. The following organization is blended into the accompanying financial statements:

Clear Creek County Emergency Services General Improvement District (District) - The District was created to provide emergency response to fire, medical, and other emergencies in certain areas of unincorporated Clear Creek County. The Board of County Commissioners is also the District's Board of Directors and the County has operational responsibility for the District. Since 1999, the District has participated in an intergovernmental agreement with the municipalities in the County to form the Clear Creek Fire Authority. The District makes contractual payments to the Fire Authority to provide fire protection to the District. The operations of the District are reported in the Emergency Services District Fund, a Special Revenue Fund.

Jointly Governed Organizations

Jointly governed organizations are organizations that provide goods or services to the citizenry of two or more governments, but that do not meet the definition of a joint venture because there is no ongoing financial interest or responsibility by the participating governments.

Clear Creek Fire Authority (Authority) was created in 1999 by an intergovernmental agreement between Clear Creek County Emergency Services District, the City of Idaho Springs, the Town of Georgetown, the Town of Empire, and the Town of Silver Plume. The Authority provides emergency fire services in these areas. The District appoints one member to the Authority board of seven. Financial statements can be obtained by contacting the Authority directly. <http://clearcreekfire.com/>

Clear Creek County, Colorado
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended December 31, 2019

Joint Ventures

In 2008 the County and the City of Black Hawk acquired the Green Lake Reservoir located in Clear Creek County. Clear Creek obtained a 10/27th undivided joint interest. The County and the City share the storage capacity, and the maintenance and operational costs according to this ratio under a joint maintenance agreement. Each agency records its share of the assets and operational costs. The County has recorded its share of the operational costs in the General Fund. Financial Statements are not issued for Green Lake Reservoir.

Related Organizations

The Board is responsible for appointing board members for other organizations; however, the commissioners' accountability does not extend beyond those appointments. The commissioners themselves may serve on other organizations' boards and provide some financial and operational influence, but they do not serve in a controlling capacity. These organizations are not included as component units of the County; however, any financial support and obligations of the County related to these organizations are reported in the County's financial statements.

B. Government-Wide and Fund Financial Statements

The County's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities. Fund financial statements are presented which provide a more detailed level of financial information. The government-wide focus is more on the sustainability of the County as an entity and the change in aggregate financial position resulting from activities of the fiscal period.

Government-Wide Financial Statements

The statement of net position and the statement of activities display information about the County as a whole. In the government-wide statement of net position the governmental activities column is presented. These statements include the financial activities of the primary government, except for fiduciary activities. For the most part, the effect of interfund activity has been removed from these statements. Exceptions to this general rule are charges for interfund services that are reasonably equivalent to the services provided.

The government-wide statement of activities reflects both the direct expenses and net cost of each function of the County's governmental activities. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include charges paid by the recipient for goods or services offered by the program. Grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program are included in operating grants and contributions, or capital grants and contributions. Revenues which are not classified as program revenues are presented as general revenues of the County, with certain limited exceptions.

Fund Financial Statements

The financial transactions of the County are recorded in individual funds. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. Separate statements for each fund category—*governmental and fiduciary*—are presented. The emphasis of fund financial statements is on the major governmental funds. All remaining governmental funds are aggregated and presented as nonmajor funds.

Clear Creek County, Colorado
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended December 31, 2019

C. Measurement Focus and Basis of Accounting

Government-Wide and Fiduciary Fund Financial Statements

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied. The fiduciary fund financial statements are reported using the accrual basis of accounting.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Taxes, intergovernmental revenue, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

When both restricted and unrestricted resources are available for a specific use, it is the County's policy to use restricted resources first, and then unrestricted resources as they are needed.

The County reports the following major governmental funds:

General Fund: The General Fund is the general operating fund of the County which accounts for all financial resources that are not accounted for in other funds. Operations of the County such as public safety, planning and zoning, property valuation, tax collection and distribution, vehicle licensing, County administration, and other activities financed from taxes and general revenues are reflected in this fund.

Road and Bridge Fund: This fund records resources and expenditures related to County road and bridge construction and maintenance. By State law, Colorado counties are required to maintain a Road and Bridge Fund of which a portion of road and bridge property taxes is allocated to cities and towns for use in their road and street activities. Other significant resources in the fund include State and Federal shared revenue for road maintenance.

Social Services Fund: This fund administers human services programs under State and Federal regulations. Programs include, but are not limited to, Medicaid, Supplemental Nutrition Assistance Program (SNAP), child welfare programs, and Temporary Assistance to Needy Families (TANF). Colorado counties are required by State law to maintain a Social Services Fund.

The County also reports the following fund type:

Agency Funds: Agency funds account for assets held by the County as an agent for individuals, private organizations and other governments. These funds are custodial in nature (assets equal liabilities) and do not involve the measurement of results of operations. The agency funds held by the County:

Clear Creek County, Colorado
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended December 31, 2019

County Treasurer

The County Treasurer collects the County's taxes and taxes for other entities within the County during the ensuing calendar year. The collection and remittance of taxes for other entities is accounted for in an agency fund.

County Clerk

The County Clerk collects funds for motor vehicle registration and remits the fees monthly to the Colorado Department of Revenue.

Public Trustee

The Public Trustee collects funds on behalf of Public Trustee sales as a result of a foreclosure action. The deposits collected from the law firms to process these foreclosures are expensed for advertising, recording, postage and other costs related to the foreclosure. If there are over bids from the Public Trustee auction the Public Trustee follows statute to find the true owner of those funds.

Inmate Funds

Upon jail admission cash carried by an inmate is put into an inmate account. Additional deposits can be made into this account. The inmate may use the funds for expenditures during their jail stay. Upon release the remaining funds are returned to the inmate.

D. Assets, Liabilities, Deferred Inflows of Resources, and Net Position or Fund Balance

1. Cash and Investments

The Clear Creek County Treasurer maintains a cash and investment pool that is available for use by all County funds except for the inmate trust agency fund. Each fund's portion of this pool is displayed as "cash and investments". The amount of interest gained through secured investments is credited to the County's General Fund, Emergency Telephone Fund, Capital Improvement Fund, Open Space Fund, Conservation Trust Fund, and the Emergency Services District Fund.

2. Property Taxes

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied during December and are payable either in two installments due the last day of February and June 15th or in full on April 30 of the following year. The bill becomes delinquent on March 1, May 1, and June 16 and penalties and interest may be assessed by the County. The County, through the Clear Creek County Treasurer, bills and collects its own property taxes as well as property taxes of all other taxing authorities within the County.

3. Interfund Transactions

During the course of operations, numerous transactions occur between individual funds. The resulting receivables and payables are classified on the balance sheet as "due from other funds" and "due to other funds" because they are short-term in nature.

4. Receivables

Receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. The estimated uncollectible portion of the ambulance trade receivables is 38.2%.

5. Prepaid Items

Payments made to vendors for services that will benefit periods beyond the end of the fiscal year are recorded as prepaid items using the consumption method by recording an asset for the prepaid amount and

Clear Creek County, Colorado
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended December 31, 2019

reflecting the expenditure/expense in the year in which services are consumed. The expenditure will be appropriately recognized using the consumption method, in the benefitting period.

6. Capital Assets

Capital assets, which include land, buildings, equipment, intangibles, and current infrastructure assets (e.g., roads, bridges and similar items added since 1980), are reported in the government-wide financial statements. Capital assets are defined by the County as assets with an initial, individual cost of more than \$5,000 and a useful life of more than one year. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are recorded at the acquisition value on the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Capital assets are depreciated over the remaining useful lives of the related capital assets. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Buildings	20-50 years	Vehicles	5-10 years
Improvements	10-20 years	Infrastructure	10-40 years
Equipment	5-10 years	Software	3-5 years

7. Unearned Revenue

Unearned revenues include grants that have been collected but the corresponding expenditures have not been incurred, and fees received in advance.

8. Compensated Absences

County employees accumulate vacation benefits depending on length of service. In the event of retirement or termination, an employee is paid 100% of accumulated vacation pay. The accumulated amount may not exceed up to two times the normal annual accrual rate. The liability for these amounts is reported in the government-wide financial statements when earned and reported in the governmental funds when due.

9. Long-Term Obligations

Long-term debt and other long-term obligations are reported as liabilities in the governmental activities statement of net position. In the fund financial statements, governmental funds recognize the face amount of debt issued as other financing sources.

10. Deferred Inflows of Resources

Deferred inflows of resources represent an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. Property tax revenue is considered a deferred inflow of resources in the year the taxes represent an enforceable lien on property and are measurable, and are recognized as revenue in the period they are collected.

Some items are considered deferred inflows of resources under the modified accrual basis of accounting and are only reported in the governmental funds. Included in the items that qualify for reporting in this category are unavailable revenue from Emergency Medical Services receivables, Federal Forest Reserve distribution, and State and Federal funding for infrastructure repairs due to 2013 flooding. These receivables are recognized as revenue in the period the revenue becomes available.

Clear Creek County, Colorado
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended December 31, 2019

11. Net Position

In the government-wide financial statements, net position is restricted when constraints placed on the use of resources are externally imposed.

12. Fund Balances (See Note 5)

In the fund financial statements the following classifications describe the relative strength of the spending constraints.

- *Nonspendable fund balance* - The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid items) or is legally or contractually required to be maintained intact.
- *Restricted fund balance* - The portion of fund balance constrained to being used for a specific purpose by external parties (such as grantors or bondholders), constitutional provisions or enabling legislation.
- *Committed fund balance* - The portion of fund balance constrained for specific purposes according to limitations imposed by the County's highest level of decision making authority, the Board of County Commissioners, prior to the end of the current fiscal year. The constraint may be removed or changed only by resolution approved by the Board of County Commissioners.
- *Assigned fund balance* - The portion of fund balance set aside for planned or intended purposes. The intended use is expressed by the Board of County Commissioners through an informal action. Assigned fund balances in special revenue funds will also include any remaining fund balance that is not restricted or committed. This classification is necessary to indicate that those funds are, at a minimum, intended to be used for the purpose of that particular fund.
- *Unassigned fund balance* - The residual portion of fund balance that does not meet any of the above criteria. The County will only report a positive unassigned fund balance in the General Fund.

If both restricted and unrestricted amounts of fund balance are available for use when an expenditure is incurred, it is County policy to use restricted amounts first. Unrestricted fund balance will be used in the following order; committed, assigned and unassigned.

The County has determined to maintain a portion of fund balance as working capital. This amount will be equal to the following percentages of the fund's current year operating budgets: General Fund, 30%; Road and Bridge Fund, 20%; Emergency Telephone Fund, 20%; Open Space Trust Fund, 20%; Public Health Fund, 15%; and the Social Services Fund, 4.75%.

E. Welfare Reform

Conversion to an electronic benefit transfer (EBT) system through the State occurred July 1, 1997 pursuant to C.R.S. 26-1-122(2)(a) and 26-2-104. The method of payments to recipients and service providers changed from a paper warrant system to an electronic debit card system or direct deposits. These electronic payments are processed by a State contractor, Citibank. EBT reduces or eliminates county expenditures for the TANF, Colorado Works/Jobs, AND, SNAP, OAP AB, LEAP, Child Care, and Child Welfare programs. The State of Colorado assumes much of the internal control responsibility of these programs that are often paid on behalf of the County. The County reports all activity of the EBTs in the Social Services Fund and recognizes 100% of the payments and revenues on behalf of the County.

Clear Creek County, Colorado
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended December 31, 2019

Note 2 - Equity in Pooled Cash and Investments

A summary of deposits and investments as of December 31, 2019 follows:

Petty Cash	\$ 9,766
Cash Deposits	12,573,820
Investments	<u>20,485,366</u>
Total	<u><u>\$ 33,068,952</u></u>

The cash and investment balances reported in the Financial Statements are as follows:

Statement of Net Position	
Cash and Investments	\$ 30,421,481
Statement of Fiduciary Assets and Liabilities	
Cash and Investments	<u>2,647,471</u>
Total	<u><u>\$ 33,068,952</u></u>

Cash Deposits

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulations. Amounts on deposit in excess of federal insurance levels must be collateralized by eligible collateral as determined by the PDPA. PDPA allows the financial institution to create a single collateral pool for all public funds held. The pool is to be maintained by another institution, or held in trust for all the uninsured public deposits as a group. The market value of the collateral must be at least equal to 102% of the uninsured deposits. At December 31, 2019, the County had bank deposits of \$12,115,064 collateralized with securities held by the financial institutions' agents but not in the County's name.

Investments

The County is required to comply with State statutes which specify investment instruments meeting defined rating, maturity, and concentration risk criteria in which local governments may invest, which include the following. State statutes do not address custodial risk.

- Obligations of the United States and certain U.S. Government agency securities
- Certain international agency securities
- General obligation and revenue bonds of U.S. local government entities
- Bankers' acceptance of certain banks
- Commercial paper
- Local government investment pools
- Written repurchase agreements collateralized by certain authorized securities
- Certain money market funds
- Guaranteed investment contracts

The County's investment policy follows State statutes, however, places additional limits on investment maturities.

Clear Creek County, Colorado
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended December 31, 2019

The County had the following investments as of December 31, 2019:

Investment Type	S&P Rating	Investment Maturities (in Years)		
		Less than 1	1 - 3	Total
Local Govt Inv Pools	AAAm	14,987,132	-	14,987,132
U.S. Treasury Securities	n/a	3,007,533	1,990,701	4,998,234
U.S. Agency Securities	AA+	500,000	-	500,000
Totals		<u>\$ 18,494,665</u>	<u>\$ 500,000</u>	<u>\$20,485,366</u>

Fair Value

The County reports its investments within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; level 2 inputs are valued based on significant other observable inputs; and level 3 inputs are valued based on significant unobservable inputs.

There have been no significant changes in the valuation techniques during the year ending December 31, 2019. Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted prices are not available, then the fair values are estimated using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the hierarchy. In certain cases where Level 1 and Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. As of December 31, 2019, U.S. Treasury securities and U.S. Agency securities are classified within Level 2 of the hierarchy.

The County has the following fair value measurements for investments as of December 31, 2019:

- U.S. Treasury Securities of \$4,998,234 are reported using level 2 inputs.
- U.S. Agency Securities of \$500,000 are reported using level 2 inputs.

Local Government Investment Pool - At December 31, 2019, the County had \$6,526,878 and \$8,460,254, respectively, invested in the Colorado Local Government Liquid Asset Trust (COLOTRUST) and Colorado Surplus Asset Fund Trust (CSAFE). These pools are investment vehicles established by State statute for local government entities in Colorado to pool surplus funds. The Colorado Division of Securities administers and enforces the requirements of creating and operating the pools. The pools operate in conformity with the Securities and Exchange Commission's Rule 2a-7. The pools are measured at the net asset value per share, with each share valued at \$1. The pools are rated AAAM by Standard and Poor's. Investments of the pools are limited to those allowed by State statutes. A designated custodial bank provides safekeeping and depository services in connection with the direct investment and withdrawal functions. Substantially all securities owned are held by the Federal Reserve Bank in the account maintained for the custodial bank. The custodian's internal records identify the investments owned by the participating governments.

Interest Rate Risk - The County's investment policy limits deposit and investment maturities. Forty percent of all funds invested must have immediate access on a daily basis. Investments shall be limited to maturities not exceeding three years.

Clear Creek County, Colorado
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended December 31, 2019

Credit Risk - The County's investment policy and State statutes limit investments in money market funds to those with a constant share price, with a maximum remaining maturity in accordance with the Securities and Exchange Commission's Rule 2a-7 and either have assets of one billion dollars or the highest rating issued by one or more nationally recognized statistical rating organizations.

Concentration of Credit Risk - State statutes do not limit the amount the County may invest in one issuer, except for corporate securities. It is the County's policy to diversify cash and investments to minimize the risk of loss resulting from over-concentration of assets in a specific maturity, a specific issuer, or a specific class of securities.

Note 3 - Interfund Transactions

Transactions between the various funds of the County can result in receivables and payables at year-end. Interfund receivable and payable balances at December 31, 2019 were:

Due From	Due To				Totals
	General Fund	Road and Bridge Fund	Social Services Fund	Nonmajor Special Revenue Funds	
General Fund	\$ -	\$ 6,364	\$ 3,757	\$ 2,827	\$ 12,948
Road and Bridge	1,260	-	-	-	1,260
Social Services	11,417	-	-	-	11,417
Nonmajor Special Revenue Funds	1,074,026	-	-	-	1,074,026
Trust and Agency Funds	13,977	83,265	-	9,612	106,854
Totals	<u>\$1,100,680</u>	<u>\$ 89,629</u>	<u>\$ 3,757</u>	<u>\$ 12,439</u>	<u>\$ 1,206,505</u>

During the course of normal operations the County transfers resources between funds to finance various programs reported in other funds. Transfers between funds during the year ended December 31, 2019 were:

Transfers In	Transfers Out				Totals
	General Fund	Capital Improvement Trust Fund	Conservation Trust Fund	Ambulance Sales Tax Fund	
General Fund	\$ -	\$ -	\$ -	\$ 1,042,487	\$ 1,042,487
Road and Bridge Fund	-	50,000	-	-	50,000
Housing Authority Fund	200,000	-	-	-	200,000
Capital Projects Fund	-	-	236,000	-	236,000
Public Health Fund	121,358	-	-	-	121,358
Totals	<u>\$ 321,358</u>	<u>\$ 50,000</u>	<u>\$ 236,000</u>	<u>\$ 1,042,487</u>	<u>\$ 1,649,845</u>

The transfer from the General Fund to the Housing Authority Fund provided resources for a County housing project. The annual operating programs of the Clear Creek Environmental and Public Health Agency were in part funded by the transfer from the General Fund to the Public Health Fund. The transfer from the Capital Improvement Trust Fund to the Road and Bridge Fund provided funding for a portion of capital road improvements and project costs. The transfer from the Conservation Trust Fund to the General Fund was for the purpose of partially funding a trail project. The General fund received a transfer from the Ambulance Sales Tax Fund to cover the annual cost of providing emergency medical services in the County.

Clear Creek County, Colorado
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended December 31, 2019

Note 4 - Capital Assets

Capital asset activity for the year ended December 31, 2019, was as follows:

Governmental Activities	Balance 12/31/2018	Additions	Deletions	Transfer of Activity Type	Balance 12/31/2019
Capital assets not being depreciated:					
Construction in progress	\$ 3,211,895	\$ 1,243,734	\$ -	\$ (600,411)	\$ 3,855,218

Note 6 - Risk Management and Insurance

The County is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters. The County participates in the following insurance pools for these risks of loss.

County Workers' Compensation Pool-

In 1987, the County joined the County Workers' Compensation Pool (CWCP), a public entity risk pool currently operating as a common risk management and insurance program for member counties. The County

Clear Creek County, Colorado
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended December 31, 2019

pays an annual contribution to CWCP for its workers' compensation insurance coverage. The intergovernmental agreement of formation of CWCP provides that the pool will be financially self-sustaining through member contributions and additional assessments, if necessary, and the Pool will purchase excess insurance through commercial companies for members' claims in excess of a specified self-insured retention, which is determined each policy year.

Colorado Counties Casualty and Property Pool-

In 1986, the County joined the Colorado Counties Casualty and Property Pool (CAPP), a public entity risk pool currently operating as a common risk management and insurance program for member counties. The County pays an annual contribution to CAPP for its property and casualty insurance coverage. The intergovernmental agreement of formation of CAPP provides that the pool will be financially self-sustaining through member contributions and additional assessments, if necessary, and the Pool will purchase excess insurance through commercial companies for members' claims in excess of a specified self-insured retention, which is determined each policy year.

Note 7 - Long-Term Liabilities

During the year ended December 31, 2019, the following changes occurred in long-term liabilities:

	Balance 12/31/18	Additions	Payments	Balance 12/31/19	Due Within One Year
Governmental Activities					
Capital Leases					
General Government Equipment	\$ 440,281	\$ -	\$ 69,415	\$ 370,866	\$ 70,955
Compensated Absences	772,099	788,529	739,156	821,472	780,398
Total	<u>\$ 1,212,380</u>	<u>\$ 788,529</u>	<u>\$ 808,571</u>	<u>\$ 1,192,338</u>	<u>\$ 851,353</u>

Compensated absences for governmental activities are expected to be liquidated through the following governmental funds:

General	\$ 637,714
Road and Bridge	70,015
Open Space	12,345
Human Services	68,596
Public Health	32,802
Total	<u>\$ 821,472</u>

Capital Leases

The County has entered into a lease agreement that qualifies as capital lease for accounting purposes and, therefore, has been recorded at the present value of the future minimum lease payments as of the date of inception.

General Government Equipment-

The County has a capital lease for energy efficiency equipment and improvements, dated October 30, 2016. This lease requires quarterly payments of \$19,633 beginning in October 2017 through October 2024. The lease has an interest rate of 2.20%, is secured by the equipment, and repayment is from the General Fund.

Clear Creek County, Colorado
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended December 31, 2019

Future minimum lease payments for energy efficiency equipment are as follows:

Year Ending December 31,	Principal	Interest	Total
2020	\$ 70,955	\$ 7,577	\$ 78,532
2021	72,529	6,003	78,532
2022	74,137	4,395	78,532
2023	75,782	2,750	78,532
2024	77,463	1,069	78,532
Totals	<u>\$ 370,866</u>	<u>\$ 21,794</u>	<u>\$ 392,660</u>

Assets acquired through capital leases are valued at the present value of minimum lease payments at the inception of the lease. The table below is an analysis of capital assets recorded under capital leases as of December 31, 2019.

	Governmental Activities
Equipment	\$ 516,368
Less: Accumulated Depreciation	<u>(46,473)</u>
Carrying Amount	<u>\$ 469,895</u>

Note 8 - Commitments and Contingencies

Commitments

The County has entered into a professional services contract having remaining commitments under contract as of December 31, 2019:

Project	Contract Date	Fund	Total Contract	Completed to Date	Remaining Commitment
Medical Clinic Operations					
Centura Health	11/15/2016	General Fund	<u>\$ 525,000</u>	<u>\$ 308,027</u>	<u>\$ 216,973</u>

Litigation

The County is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, it is expected that the resolution of these matters will not have a material adverse effect on the financial condition of the County.

Grants

The County has received revenues from various Federal and State grant programs, which are subject to final review and approval as to allowability with the respective grantor agencies. The County believes it is in compliance with the provisions of all applicable grant programs and that the disallowance of any expenditure would be immaterial.

Clear Creek County, Colorado
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended December 31, 2019

Concentration of Risk

A substantial amount of the County's property tax revenues are received from The Henderson Mine. In April 2015, Freeport-McMoRan Inc., owner of the mine, said the mine would close in 10 years and anticipated lower annual production levels through 2020. In November 2015 a reduction in workforce of 160 was announced, this from a workforce of 600. The workforce reduction was completed in 2016. The resulting lower production and market value for molybdenum has resulted in decreased tax revenues for Clear Creek County. This has had a significant effect on the County's programs and activities. The County has implemented procedures to reduce services and contain costs. More recently the mine estimates adequate reserves to maintain current production levels through 2039.

Note 9 - Retirement Systems

Pension

The County provides pension benefits for all of its full-time employees through a defined contribution plan administered by the Colorado County Officials and Employees Retirement Association (CCOERA). This is a qualified plan as defined by Internal Revenue Code Section 401(A) and Colorado Revised Statutes 24.54. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Employees are required to participate in the plan upon the first payroll period following the date of hire. Both the employee and the County contribute an amount equal to 4% of compensation. For the year ended December 31, 2019 employee contributions to this plan totaled \$444,955 and the County recognized an expense of \$446,846. An additional expense of \$1,375 was recognized for missed contributions and earned interest between 2009 and 2010. The County's contributions for each employee (and income allocated to the employee's account) are vested at a rate of 0% at the end of year one, 33% at the end of year two, 67% at the end of year three, and 100% at the end of year four. Non-vested County contributions and earnings forfeited by employees who terminate employment are returned to the County. For the year ended December 31, 2019 forfeitures reduced the County's expense as shown above by \$17,213. The County had no liability to the retirement plan at December 31, 2019. The Board of County Commissioners is authorized to amend the plan provisions, and determines the contributions made by the County.

Additionally, the County offers its employees a deferred compensation plan administered by CCOERA, created in accordance with Internal Revenue Code Section 457. The plan permits County employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. Participation in this plan is optional. All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights are to be held in trust for the exclusive benefit of the plan participants and their beneficiaries. Employee contributions for the year ended December 31, 2019 totaled \$235,939.

Note 10 - Related Party Transactions

The County Commissioners are on or appoint members to boards of various organizations in the region. In addition, joint ventures and joint operating agreements have created related party relationships. The Commissioners do not have a controlling interest in these organizations.

Clear Creek County, Colorado
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended December 31, 2019

The County made payments of the following amounts to these organizations in 2019:

City of Black Hawk	\$ 22,624
Clear Creek Economic Development Corporation	22,000
Clear Creek County Tourism Board	205,000
Clear Creek Fire Authority	<u>1,360,000</u>
Total	<u><u>\$ 1,609,624</u></u>

Note 11 - Tax Spending and Debt Limitations

On November 3, 1992 Colorado voters passed an amendment to the State Constitution, Article X, Section 20 (TABOR), which has several limitations, including revenue-raising, spending abilities, and other specific requirements of state and local governments. The Amendment is complex and subject to judicial interpretation. The County believes it is in compliance with the requirements of the amendment. However, the County has made certain interpretations of the amendment's language to determine its compliance.

On November 1995 Emergency Services District voters approved the retention by the District of all revenues generated and received in 1995 and subsequent years, notwithstanding the revenue and spending limits contained in the TABOR Amendment to the Colorado Constitution.

On November 1999 County voters approved the retention by the County of all revenues generated and received in 1999 and subsequent years, notwithstanding the revenue and spending limits contained in the TABOR Amendment to the Colorado Constitution.

In accordance with Article X, Section 20 of the Colorado Constitution, the County and District were required to reserve 3% of fiscal year spending as "emergency reserves" at December 31, 2019. The total amount restricted in County fund balances at December 31, 2019 is as follows:

	General Fund	Open Space Fund	Emergency Services District	Total
Emergency	<u>\$ 931,286</u>	<u>\$ 13,741</u>	<u>\$ 39,561</u>	<u>\$ 984,588</u>

CLEAR CREEK COUNTY, COLORADO
Notes to Required Supplementary Information
For the Year Ended December 31, 2019

Note 1 - Budgetary Basis of Accounting

A. Budgetary information

Formal budgetary integration in all funds is employed as a management control device during the year. Budgets are adopted for all governmental fund types on a basis consistent with generally accepted accounting principles (GAAP) as applicable to governmental units. The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to October 15, the County Budget Officer submits to the Board of County Commissioners a proposed operating budget for the fiscal year commencing the following January 1. The budget is prepared by fund and department, and includes actual data from the prior year, current year and budget year estimated revenues and expenditures.
2. Public hearings are conducted to obtain taxpayer comments.
3. Prior to December 16, the budget is legally enacted and the required mill levy is adopted through the passage of a resolution. This resolution authorizes an appropriation at each fund level and lapses at year end. The fund then becomes the level of control upon which expenditures cannot legally exceed appropriations.
4. All appropriations lapse at the end of the year.
5. Budgeted amounts in this report are as originally adopted or as amended by the Board of Commissioners during the year through supplemental appropriation.

B. Legal Compliance

For the year ended December 31, 2019 the Capital Improvement Trust Fund, Ambulance Sales Tax Fund, and Housing Authority Fund expenditures exceeded the budgeted amounts by \$277, \$1,434, and \$85, respectively. These may be violations of State statutes.

CLEAR CREEK COUNTY, COLORADO

Nonmajor Governmental Funds

Special Revenue Funds

Special revenue funds are used to account for specific revenues that are legally restricted to expenditures for particular purposes.

Emergency Telephone Fund - accounts for the collections and expenditures in connection with Emergency Telephone Service Fees. The expenditure of these funds is to be used for the operation of emergency telephone service as authorized pursuant to state statute.

Open Space Trust Fund - accounts for the administration, maintenance and acquisition of open space lands in the county as provided by 1999 election allowing property tax of 1.00 mill.

Conservation Trust Fund - accounts for lottery proceeds received from the State government. Spending is restricted to recreation and parks projects.

Lodging Tax Fund - accounts for the receipt of lodging taxes and distribution of funds to the designated county tourism agency for marketing tourism in Clear Creek County.

Ambulance Sales Tax Fund - accounts for the receipt and expenditures related to the Clear Creek County Ambulance Sales Tax.

Emergency Services District Fund - accounts for the revenue of property tax assessments in the District and distribution of funds to the Clear Creek Fire Authority by intergovernmental agreement.

Housing Authority Fund - accounts for the revenue from grants, transfers from the General Fund and distribution of funds for housing projects.

Public Health Fund - accounts for the activities of the Clear Creek County Public Health Agency. Resources include revenues from charges for services, contracts with the State, and operating transfers from the County General Fund. Expenditures are for public health nurse, governmental contracts, and environmental health.

Capital Projects Type Fund

Capital Improvement Trust Fund - accounts for the receipt of impact fees and the use of these fees for capital road improvements.

Capital Projects Fund – accounts for the construction, improvement, and/or purchase of public facilities, including land, buildings, equipment, and furnishings.

CLEAR CREEK COUNTY, COLORADO

Fiduciary Funds Agency Funds

County Treasurer - accounts for the receipt, custody and disbursement of county funds. The treasurer collects some state taxes and all property taxes - including those for other units of local government. The treasurer collects and disburses school funds belonging to school districts located within the county. The treasurer sends notices of and collects all property taxes for all local governments and disburses receipts for each. The treasurer conducts sales of property for delinquent taxes.

County Clerk and Recorder - accounts for collections for other governments. The clerk is the agent of the state Department of Revenue and, among other duties, is charged with the responsibility of administering state laws relating to motor vehicles, certification of automobile titles, and motor vehicle registration. The clerk and recorder also collects a multitude of license fees and charges required by the state.

County Public Trustee - accounts for the collections and distributions associated with public trustee sales and release of deeds.

Inmate Funds - accounts for the collection, holding and returning of prisoner funds.

Statistical Section

CLEAR CREEK COUNTY, COLORADO
Statistical Section
(Unaudited)

This part of Clear Creek County's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the County's overall financial health.

	Page
Financial Trends , schedules 1- 4	
These schedules contain trend information that may aid the reader in evaluating the County's current financial performance by placing it in historical perspective.	
Net Position by Component	76
Changes in Net Position	78
Fund Balances, Governmental Funds	80
Changes in Fund Balances, Governmental Funds	81
Revenue Capacity , schedules 5 - 8	
These schedules contain information that may aid the reader in assessing the County's most significant source of revenue, property taxes.	
Assessed Value and Estimated Actual Value of Taxable Property	82
Direct and Overlapping Property Tax Rates	84
Principal Property Tax Payers	85
Property Tax Levies and Collections	86
Debt Capacity , schedules 9 - 10	
These schedules present information that may aid the reader in analyzing the County's current level of debt and the County's ability to issue debt in the future.	
Ratios of Outstanding Debt by Type	87
Legal Debt Margin Information	88
Demographic and Economic Information , schedules 11 – 12	
These schedules offer demographic and economic indicators that may aid the reader in understanding the environment within which the County's financial activities take place.	
Demographic and Economic Statistics	89
Principal Employers	91
Operating Information , schedules 13 – 15	
These schedules contain service and infrastructure data which may aid the reader in ascertaining how the information in the County's financial statements relate to the services the County provides and the activities it performs.	
Budgeted Full-Time Equivalent County Government Employees by Function	92
Operating Indicators by Function	93
Capital Asset Statistics by Function	95

CLEAR CREEK COUNTY
Chart - TOTAL PRIMARY GOVERNMENT NET POSITION (Unaudited)
Last Ten Fiscal Years

Note:

The \$43,863,615 increase in net position from 2010 to 2011 was primarily due to the completion and acceptance of Phase 2 on the Guanella Pass Road construction project. Phase 2 was financed by the Federal Lands Highway Division and conveyed to the County in 2011. The County recorded \$37,727,662 in capital contributions and related infrastructure assets.

Notes:

Business-type activities were closed at the end of 2010. The residual operating funds transferred to the General Fund, the activities reported in the General Fund.

¹ In 2017 property taxes decreased 12% from 2016. The 2018 property taxes decreased 11% from 2017. The reduction in taxes is due to decreasing production levels at the Henderson Mine. Freeport-McMoRan Inc., owner of mine, has indicated it will continue production at reduced levels through 2039. The mine has been assessed a decreasing value of the County's total assessed value in the last two years. The assessed value of the mine as a percentage of the County's total assessed value in 2016, 2017 and 2018 was equal to 64.74%, 58.21%, and 50.42% respectively.

² In 2018 the County sales tax rate increased from 1% to 1.65% when the voters approved an increase of .65% to be used to offset the rising cost of providing emergency medical services.

Notes:

Tax rates expressed in rate per \$1,000 of assessed value

¹ Tax rates for Special Districts are shown as an average. Current year individual Special District rates range from .0134 to 21.845.

Rates will vary depending on which district(s) the property resides in.

Limitations: Colorado constitution requires voter approval to increase property tax rates of all governmental units.

**Independent Auditors' Report on Internal Control over
Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed
in Accordance with *Government Auditing Standards***

Board of County Commissioners
Clear Creek County
Clear Creek County, Colorado

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Clear Creek County as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the basic financial statements of Clear Creek County, and have issued our report thereon dated August 28, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Clear Creek County's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Clear Creek County's internal control. Accordingly, we do not express an opinion on the effectiveness of Clear Creek County's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of Clear Creek County's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of Clear Creek County's internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Clear Creek County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Clear Creek County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Clear Creek County's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

**Independent Auditors' Report on Compliance for Each
Major Federal Program, Internal Control over Compliance,
and the Schedule of Expenditures of Federal Awards
Required by the Uniform Guidance**

Board of County Commissioners
Clear Creek County
Clear Creek County, Colorado

Report on Compliance for Each Major Federal Program

We have audited Clear Creek County's compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on each of Clear Creek County's major federal programs for the year ended December 31, 2019. Clear Creek County's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Clear Creek County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Clear Creek County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Clear Creek County's compliance.

Opinion on Each Major Federal Program

In our opinion, Clear Creek County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2019.

Report on Internal Control Over Compliance

Management of Clear Creek County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Clear Creek County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Clear Creek County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of Clear Creek County's internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Clear Creek County as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the basic financial statements of Clear Creek County. We issued our report thereon dated August 28, 2020, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Clear Creek County's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling the information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

CLEAR CREEK COUNTY, COLORADO
Notes to the Schedule of Expenditures of Federal Awards
For the Year Ended December 31, 2019

Note 1: Basis of Presentation

The accompanying schedule of expenditures of federal awards is presented in accordance with the requirements of Title 2 U.S Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), using the accrual basis of accounting. Therefore, some amounts presented in this schedule may differ from amounts presented in the basic financial statements.

Note 2: Value of Non-cash Awards

Supplemental Nutrition Assistance Program (SNAP) electronic benefit transfers of \$613,763 are reported in the Social Services Fund and not reported in the Schedule of Expenditures of Federal Awards.

Note 3: Cost rates

Clear Creek County did not elect to utilize the 10% de minimis indirect cost rate.

The public report burden for this information collection is estimated to average 380 hours annually.
