INDEPENDENT AUDITOR'S REPORT

Board of Commissioners
Housing Authority of the City of Alamosa, Colorado

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities, of the Housing Authority of the City of Alamosa, Colorado as of and for the year ended March 31, 2019, and the related notes to the financial statements, which collectively comprise the Housing Authority of the City of Alamosa, Colorado's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the Housing Authority of the City of Alamosa, Colorado, as of March 31, 2019, and the respective changes in financial position, and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Schedule of the Authority's Proportionate Share of the Net Pension Liability – PERA, Schedule of Pension Contributions – PERA, Schedule of the Authority's Proportionate Share of the Net OPEB Liability – PERA and Schedule of OPEB Contributions – PERA, as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Housing Authority of the City of Alamosa, Colorado's basic financial statements. The financial data schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also not a required part of the basic financial statements.

The *financial data schedules* and the *schedule of expenditures of federal awards* are the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the *financial data schedules and schedule of expenditures of federal awards* are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated November 27, 2019, on our consideration of the Housing Authority of the City of Alamosa, Colorado's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Housing Authority of the City of Alamosa, Colorado's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Housing Authority of the City of Alamosa, Colorado's internal control over financial reporting and compliance.

Management Discussion and Analysis

Management Discussion and Analysis

As management of the Housing Authority of the City of Alamosa, Colorado (Authority), we offer readers of the Authority's financial statements this narrative overview and analysis of the financial activities of the Authority for the fiscal year ended March 31, 2019.

This discussion and analysis is intended to serve as an introduction to the Authority's basic financial statement. The Authority's financial statements comprise two components: 1) financial statements, and 2) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Financial Statements The financial statements are designed to provide readers with a broad overview of the Authority's finances in a manner similar to a private-sector business.

The statement of net position presents information on all of the Authority's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.

The statement of activities presents information showing how the Authority's net position changed during the most recent fiscal year. All changes in net position are reported as soon as an underlying event giving rise to the change occurs, regardless of the time of related cash flows.

Fund Financial Statements A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Authority, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The Authority consists of one proprietary enterprise fund containing housing and grant programs which are described in Note 1 to Financial Statements.

Notes to the Financial Statements The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statement begin on page 9.

Financial Analysis

As noted, net position may, over time serve as a useful indicator of the Authority's financial position. Assets exceeded liabilities by \$4,016,274 at the close of the most recent fiscal year.

The largest portion of the Authority's net position reflects its net investment in capital assets (e.g. land, building, machinery and equipment), less any related outstanding debt used to acquire those assets. The Authority uses these capital assets to provide affordable low rent housing to its tenants, these assets are not available for future spending. Although the Authority's investment in its capital assets are reported net of related debt, it should be noted that resources to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Condensed Statement of Net Position

	2019	2018	Increase (Decrease) CY vs. PY
ASSETS			
Cash and equivalents	\$ 1,464,715	\$ 1,365,121	\$ 99,594
Other current assets	841,151	904,656	(63,505)
Capital assets	2,381,324	2,227,539	153,785
Total Assets	<u>4,687,190</u>	<u>4,497,316</u>	<u>189,874</u>
DEFERRED OUTFLOWS OF RESOURCES	<u>148,934</u>	<u>61,575</u>	<u>87,359</u>
LIABILITIES			
Current liabilities	165,205	159,390	5,815
Long term liabilities	651,568	530,385	121,183
Total liabilities	<u>816,773</u>	<u>689,775</u>	<u>126,998</u>
DEFERRED INFLOWS OF RESOURCES	<u>77</u>	<u>94,154</u>	<u>(94,077)</u>
NET POSITION			
Net investment in capital assets	2,381,324	2,227,539	153,785
Unrestricted	1,637,950	1,547,423	90,527
Total Net Position	<u>\$ 4,019,274</u>	<u>\$ 3,774,962</u>	<u>\$ 244,312</u>

Condensed Statement of Activities is presented in the following table:

	2019	2018	Increase (Decrease) CY vs. PY
Revenue:			
Operating Revenue	\$ 552,942	\$ 547,003	\$ 5,939
HUD operating grants	412,041	414,038	(1,997)
Gain (Loss) on disposal of assets	-	3,945	(3,945)
Other Income	74,006	-	74,006
Interest Income	7,558	7,038	520
Total Revenue	<u>1,046,547</u>	<u>972,024</u>	<u>74,523</u>
Expenses:			
Operating Expenses	1,204,039	1,132,978	71,061
Total Expenses	<u>1,204,039</u>	<u>1,132,978</u>	<u>71,061</u>
Capital Contributions	401,804	75,097	326,707
Change in Net Position	244,312	(85,857)	330,169
NetPosition-Beginning (restated 2018)	3,774,962	3,860,819	(85,857)
Net Position-Ending	<u>\$ 4,019,274</u>	<u>\$ 3,774,962</u>	<u>\$ 244,312</u>

As of the current fiscal year, as well as in the previous fiscal year, the Authority is able to report a positive balance in the net position. Current and other assets are decreased due to a decrease in cash. This is primarily a result of capital asset additions throughout the year. Long term liabilities increased due to the changes in pension liabilities. Operating revenue is increased by \$5,939 in 2019 due to a decrease in the vacancy rate. Operating expenses increased by \$71,061 due to an increase in various operating costs and non-cash pension items.

Condensed Statement of Cash Flows is presented in the following table:

	<u>2019</u>	<u>2018</u>
Cash from (for) Operating Activities	\$ (444,464)	\$ (383,752)
Cash from Non Capital Financing Activities	486,761	225,718
Cash from (for) Capital and Related Financing Activities	(19,534)	(307,727)
Cash from (for) Investing Activities	<u>2,521</u>	<u>(35,884)</u>
Increase (Decrease)	<u>25,284</u>	<u>(501,645)</u>
Cash and Cash Equivalents, Beginning of Year	1,439,431	1,941,076
Cash and Cash Equivalents, End of Year	<u>\$ 1,464,715</u>	<u>\$ 1,439,431</u>

Capital Asset and Debt Administration

Capital Assets. The Authority's investment in capital assets as of March 31, 2019, amounts to \$2,381,324 (net of accumulated depreciation). This investment in capital assets includes land, building and improvements, machinery and equipment. The Authority's capital expenditure during fiscal year 2018 were \$412,455 relating to the upgrades to the facilities. The capital purchases were partially funded by HUD capital grants. The Authority disposed of \$32,293 of fully depreciated capital assets during the year. The remaining activity related to capital assets were the normal additions of assets and depreciation. Additional information on capital assets can be found in note 4 to the accompanying financial statements.

Long Term Debt

At the end of the year, the Authority had no long-term debt

Economic Factors and Next Year's Revenue

The Authority does not receive any revenue from taxes. The Authority's rental rates have not changed in fiscal year 2019. The Authority expects that subsidy will not increase in 2020.

Request for Information

This financial report is designed to provide an overview of the Authority's finances for all interested parties. Questions concerning any of the information provided in this report, or requests for additional information should be addressed to The Housing Authority of the City of Alamosa, Colorado, 213 Murphy Drive, Alamosa, CO 81101.

Housing Authority of the City of Alamosa, Colorado
Notes to the Financial Statements
March 31, 2019

Note 1 Summary of Significant Accounting Policies

The Housing Authority of the City of Alamosa, Colorado (the Authority) was established by the City of Alamosa, Colorado in order to administer the public housing programs subsidized by the Federal Government through the U.S. Department of Housing and Urban Development (HUD). The Authority provides 199 units of housing under the program. The Authority is operated by a Board of Commissioners. The accounting policies of the Authority conform to Generally Accepted Accounting Principles (GAAP) as applicable to governments. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The Authority follows all pronouncements issued by GASB. The more significant of the Authority's policies are described below.

Financial Reporting Entity

The Authority follows GASB Statement No. 14 which provides guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of governmental organizations elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency. Based upon the application of these criteria, no entities will be included in the Authority's reporting entity. The Housing Authority of the City of Alamosa, Colorado is not a component unit of any other entities.

Basis of Accounting

Enterprise fund accounting is utilized by the Authority in accordance with accounting principles generally accepted in the United States of America. Enterprise funds are accounted for using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when they are earned and expenses are recorded when incurred. Depreciation is computed and recorded as an operating expense. Expenditures for capital outlay are recognized as increases in capital assets. Retirement of bonds is recorded as a reduction of liabilities.

Enterprise funds are used to account for those operations that are financed and operated in a manner similar to private business or where the Board has decided that the determination of revenues earned, cost incurred and/or net income is necessary for management accountability. All assets, deferred inflows, liabilities, deferred outflows associated with the operation of the Authority are included in the statement of net position.

The Authority distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Authority's enterprises fund is charges for providing low income housing. Operating expenses for the enterprise fund include the cost of providing low income housing, administrative expenses and depreciation on capital assets. All other revenues and expenses are reported as non-operating revenues and expenses. The Authority presents its activities as a single enterprise proprietary fund.

Housing Authority of the City of Alamosa, Colorado
Notes to the Financial Statements (Continued)
March 31, 2019

Note 1 Summary of Significant Accounting Policies (Continued)

The Authority follows the provisions of Governmental Accounting Standards Board (GASB) Statement No. 34 *Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments* as amended by Statement No. 61 *The Financial Reporting Entity: Omnibus—an amendment of GASB Statements No. 14 and No. 34* and Statement No. 63 *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. These statements establishes standards for external financial reporting for all state and local governmental entities which includes a management’s discussion and analysis section; a statement of net position; a statement of revenues, expenses, and changes in net position; and a statement of cash flows. It requires the classification of net position into three components: net investment in capital assets; restricted; and unrestricted.

Assets, Liabilities and Net Position

Investments - Investments are recorded at fair value, which approximates cost.

Receivables - All receivables are reported at their book value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

Prepaid expenses – Prepaid balances are for payments made by the Authority in the current year for items to be consumed in subsequent years.

Capital assets - These consist of all property, plant and equipment. The Authority defines capital assets as assets with an initial individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost if purchased or estimated historical cost if donated.

Depreciation of all exhaustible capital assets is charged as expense against operations. Accumulated depreciation is reported on the balance sheets. Depreciation has been provided over the estimated useful lives using the straight-line method. The estimated useful lives are as follows:

Buildings and improvements	10 - 40 years
Admin equipment	5 - 10 years
Operational equipment	3 - 10 years

Compensated Absences - Pursuant to its personnel policies, the Authority will compensate individual employment for unused vacation and 1/3 of sick leave accumulated upon their separation of employment. The Authority reports these potential payments as a liability for compensated absences.

Net Position – Equity is classified as net position and displayed in three components:

- a. Net investment in capital assets – consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Housing Authority of the City of Alamosa, Colorado
Notes to the Financial Statements (Continued)
March 31, 2019

Note 1 Summary of Significant Accounting Policies (Continued)

Assets, Liabilities and Net Position (Continued)

b. Restricted net position – consists of net position with constraints placed on the use either by (1) external groups, such as creditors, grantors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

c. Unrestricted net position – all other net position that do not meet the definition of “restricted” or “net investment in capital assets.” These net position are available for future operations or distributions. The Authority utilizes restricted net position before utilizing unrestricted net position when an expense is incurred for both purposes.

Cash Equivalents

For purposes of the statement of cash flows, cash equivalents are defined as investments (including restricted assets) with maturity of three months or less at date of acquisition. The Authority considers certificates of deposit with maturities of more than three months at date of purchase as investments.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Budgets and Budgetary Accounting

Budgets are adopted on a cash basis. Annual appropriated budgets are adopted for the fund. All annual appropriations lapse at fiscal year-end. The Authority adheres to the following procedures in establishing the budgetary data reflected in the financial statements:

- Budgets are required by state law for all funds. The budget includes proposed expenditures and the means of financing them. All budgets lapse at year-end.
- Prior to March 31, the budget is adopted by formal resolution.
- Budgets are required to be filed with the State of Colorado within thirty days after the beginning of the fiscal year.
- Expenditures may not legally exceed appropriations at the fund level.
- The Authority Board must approve revisions that alter the total expenditures of any fund.
- Budgeted amounts reported in the accompanying financial statements are as originally adopted by the Authority Board or revised by the Authority Board.

Note 2 Cash and Investments

Cash Deposits

As of March 31, 2019, the District’s cash deposits had a carrying balance of \$1,464,715 and a corresponding bank balance of \$1,500,115, of which \$250,000 was insured by the Federal Deposit Insurance Corporation, respectively.

Housing Authority of the City of Alamosa, Colorado
Notes to the Financial Statements (Continued)
March 31, 2019

Note 2 Cash and Investments (Continued)

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulations. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is specified under the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least equal to 102% of the uninsured deposits.

The Colorado Divisions of Banking and Financial Services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools. The Authority had \$1,214,715 collateralized under PDPA.

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the Authority’s deposits may not be returned to it. The Authority does not have a deposit policy for custodial credit risk. As of March 31, 2019, none of the Authority’s bank deposits were exposed to custodial credit risk.

Investments

Colorado statutes specify in which investment instruments the units of local government may invest:

- Obligations of the United States and certain United States government agency securities.
- Certain international agency securities.
- General obligation and revenue bonds of United States local government entities.
- Bankers’ acceptances of certain banks.
- Commercial paper.
- Local government investment pools.
- Written repurchase agreements collateralized by certain authorized securities.
- Certain money market funds.
- Guaranteed investment contracts.

The Authority does not have a formal investment policy.

As of March 31, 2019 the Authority had \$403,263 invested in certificates of deposit (CD’s) with various financial institutions carrying a maturity of 1-3 years from date of purchase. All CD’s were insured under the FDIC and are valued under amortized cost.

Note 3 Accounts Receivable

Accounts receivable balance at March 31, 2019, was comprised of the following:

<u>Program</u>	<u>Tenants Receivable</u>	<u>Allowance for Bad Debt</u>	<u>Receivable Net of Allowance</u>
Tenant receivables	\$ 5,817	\$ (5,375)	\$ 442
Total	<u>\$ 5,817</u>	<u>\$ (5,375)</u>	<u>\$ 442</u>

Note 5 Defined Benefit Pension Plan

Summary of Significant Accounting Policies

Pensions. The Housing Authority of the City of Alamosa, Colorado participates in the Local Government Division Trust Fund (LGDTF), a cost-sharing multiple-employer defined benefit pension plan administered by the Public Employees' Retirement Association of Colorado ("PERA"). The net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position and additions to/deductions from the fiduciary net position of the LGDTF have been determined using the economic resources measurement focus and the accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

The Colorado General Assembly passed significant pension reform through Senate Bill (SB) 18-200: *Concerning Modifications To the Public Employees' Retirement Association Hybrid Defined Benefit Plan Necessary to Eliminate with a High Probability the Unfunded Liability of the Plan Within the Next Thirty Years*. The bill was signed into law by Governor Hickenlooper on June 4, 2018. A brief description of some of the major changes to plan provisions required by SB 18-200 for the LGDTF that were in effect on the LGDTF's December 31, 2018 measurement date are listed below. A full copy of the bill can be found online at www.leg.colorado.gov.

Housing Authority of the City of Alamosa, Colorado
Notes to the Financial Statements (Continued)
March 31, 2019

Note 5 Defined Benefit Pension Plan (Continued)

- Increases employee contribution rates for the LGDTF by a total of 2 percent (to be phased in over a period of 3 years starting on July 1, 2019).
- Modifies the retirement benefits, including temporarily suspending and reducing the annual increase for all current and future retirees, increases the highest average salary for employees with less than five years of service credit on December 31, 2019 and raises the retirement age for new employees.
- Member contributions, employer contributions, the direct distribution from the State, and the annual increases will be adjusted based on certain statutory parameters beginning July 1, 2020, and then each year thereafter, to help keep PERA on path to full funding in 30 years.
- Expands eligibility to participate in the PERA DC Plan to members of the Local Government Division hired on or after January 1, 2019. Beginning January 1, 2021, and every year thereafter, employer contribution rates for the LGDTF will be adjusted to include a defined contribution supplement based on the employer contribution amount paid to defined contribution plan participant accounts that would have otherwise gone to the defined benefit trusts to pay down the unfunded liability plus any defined benefit investment earnings thereon.

General Information about the Pension Plan

Plan description. Eligible employees of the Housing Authority of the City of Alamosa, Colorado are provided with pensions through the Local Government Division Trust Fund (LGDTF)—a cost-sharing multiple-employer defined benefit pension plan administered by PERA. Plan benefits are specified in Title 24, Article 51 of the Colorado Revised Statutes (C.R.S.), administrative rules set forth at 8 C.C.R. 1502-1, and applicable provisions of the federal Internal Revenue Code. Colorado State law provisions may be amended from time to time by the Colorado General Assembly. PERA issues a publicly available comprehensive annual financial report (CAFR) that can be obtained at www.copera.org/investments/pera-financial-reports.

Benefits provided as of December 31, 2018. PERA provides retirement, disability, and survivor benefits. Retirement benefits are determined by the amount of service credit earned and/or purchased, highest average salary, the benefit structure(s) under which the member retires, the benefit option selected at retirement, and age at retirement. Retirement eligibility is specified in tables set forth at C.R.S. § 24-51-602, 604, 1713, and 1714.

The lifetime retirement benefit for all eligible retiring employees under the PERA benefit structure is the greater of the:

Housing Authority of the City of Alamosa, Colorado
Notes to the Financial Statements (Continued)
March 31, 2019

Note 5 Defined Benefit Pension Plan (Continued)

- Highest average salary multiplied by 2.5 percent and then multiplied by years of service credit
- The value of the retiring employee's member contribution account plus a 100 percent match on eligible amounts as of the retirement date. This amount is then annuitized into a monthly benefit based on life expectancy and other actuarial factors.

The lifetime retirement benefit for all eligible retiring employees under the Denver Public Schools (DPS) benefit structure is the greater of the:

- Highest average salary multiplied by 2.5 percent and then multiplied by years of service credit
- \$15 times the first 10 years of service credit plus \$20 times service credit over 10 years plus a monthly amount equal to the annuitized member contribution account balance based on life expectancy and other actuarial factors.

In all cases the service retirement benefit is limited to 100 percent of highest average salary and also cannot exceed the maximum benefit allowed by federal Internal Revenue Code.

Members may elect to withdraw their member contribution accounts upon termination of employment with all PERA employers; waiving rights to any lifetime retirement benefits earned. If eligible, the member may receive a match of either 50 percent or 100 percent on eligible amounts depending on when contributions were remitted to PERA, the date employment was terminated, whether 5 years of service credit has been obtained and the benefit structure under which contributions were made.

As of December 31, 2018, benefit recipients who elect to receive a lifetime retirement benefit are generally eligible to receive post-retirement cost-of-living adjustments in certain years, referred to as annual increases in the C.R.S. Pursuant to SB 18-200, there are no annual increases (AI) for 2018 and 2019. Thereafter, benefit recipients under the PERA benefit structure who began eligible employment before January 1, 2007 and all benefit recipients of the DPS benefit structure will receive an annual increase, unless PERA has a negative investment year, in which case the annual increase for the next three years is the lesser of 1.5 percent or the average of the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W) for the prior calendar year. Benefit recipients under the PERA benefit structure who began eligible employment after January 1, 2007 will receive the lesser of an annual increase of 1.5 percent or the average CPI-W for the prior calendar year, not to exceed 10 percent of PERA's Annual Increase Reserve (AIR) for the LGDTF. The automatic adjustment provision may raise or lower the aforementioned AI for a given year by up to one-quarter of 1 percent based on the parameters specified C.R.S. § 24-51-413.

Disability benefits are available for eligible employees once they reach five years of earned service credit and are determined to meet the definition of disability. The

Housing Authority of the City of Alamosa, Colorado
Notes to the Financial Statements (Continued)
March 31, 2019

Note 5 Defined Benefit Pension Plan (Continued)

disability benefit amount is based on the lifetime retirement benefit formula(s) shown above considering a minimum 20 years of service credit, if deemed disabled.

Survivor benefits are determined by several factors, which include the amount of earned service credit, highest average salary of the deceased, the benefit structure(s) under which service credit was obtained, and the qualified survivor(s) who will receive the benefits.

Contributions provisions as of March 31, 2019: Eligible employees The Housing Authority of the City of Alamosa, Colorado are required to contribute to the LGDTF at a rate set by Colorado statute. The contribution requirements are established under C.R.S. § 24-51-401, *et seq.* and § 24-51-413. Eligible employees are required to contribute 8 percent of their PERA-includable salary. The employer contribution requirements during the period of are summarized in the table below :

	January 1, 2018 Through December 31, 2019
Employer contribution rate	10.00%
Amount of employer contribution apportioned to the Health Care Trust Fund as specified in C.R.S. § 24-51-208(1)(f)	(1.02)%
Amount apportioned to the LGDTF	8.98%
Amortization Equalization Disbursement (AED) as specified in C.R.S. § 24-51-411	2.20%
Supplemental Amortization Equalization Disbursement (SAED) as specified in C.R.S. § 24-51-411	1.50%
Total employer contribution rate to the LGDTF	12.68%

Contribution Rates for the LGDTF are expressed as a percentage of salary as defined in C.R.S. § 24-51-101(42).

Employer contributions are recognized by the LGDTF in the period in which the compensation becomes payable to the member and the The Housing Authority of the City of Alamosa, Colorado is statutorily committed to pay the contributions to the LGDTF. Employer contributions recognized by the LGDTF from The Housing Authority of the City of Alamosa, Colorado were \$41,357 for the year ended March 31, 2019.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At March 31, 2019 the Housing Authority of the City of Alamosa, Colorado reported a liability of \$601,120 for its proportionate share of the net pension liability. The net pension liability for the LGDTF was measured as of December 31, 2018, and the total

Housing Authority of the City of Alamosa, Colorado
Notes to the Financial Statements (Continued)
March 31, 2019

Note 5 Defined Benefit Pension Plan (Continued)

pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2017. Standard update procedures were used to roll-forward the total pension liability to December 31, 2018. The Housing Authority of the City of Alamosa, Colorado proportion of the net pension liability was based The Housing Authority of the City of Alamosa, Colorado contributions to the LGDTF for the calendar year 2018 relative to the total contributions of participating employers to the LGDTF.

At December 31, 2018, the Housing Authority of the City of Alamosa, Colorado proportion was .0478136764 percent, which was an increase of .00043092080 from its proportion measured as of December 31, 2017.

For the year ended March 31, 2019 the The Housing Authority of the City of Alamosa, Colorado recognized pension expense of \$59,824. At March 31, 2019 the Housing Authority of the City of Alamosa, Colorado reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	\$ 25,135	\$0
Changes of assumptions or other inputs	0	0
Net difference between projected and actual earnings on pension plan investments	78,283	0
Changes in proportion and differences between contributions recognized and proportionate share of contributions	33,841	0
Contributions subsequent to the measurement date	6,714	N/A
Total	\$143,973	\$0

\$6,714 reported as deferred outflows of resources related to pensions, resulting from contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended March 31, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

For the Year Ended March 31,	
2020	\$71,556
2021	18,609
2022	4,362
2023	42,732
2024	0

Housing Authority of the City of Alamosa, Colorado
Notes to the Financial Statements (Continued)
March 31, 2019

Thereafter	\$0
------------	-----

Note 5 Defined Benefit Pension Plan (Continued)

Actuarial assumptions. The total pension liability in the December 31, 2017 actuarial valuation was determined using the following actuarial cost method, actuarial assumptions and other inputs:

Actuarial cost method	Entry age	
Price inflation	2.40 percent	
Real wage growth	1.10 percent	
Wage inflation	3.50 percent	
Salary increases, including wage inflation	3.50 – 10.45 percent	
Long-term investment rate of return, net of pension plan investment expenses, including price inflation	7.25 percent	
Discount rate	7.25 percent	
Post-retirement benefit increases:		
PERA benefit structure hired prior to 1/1/07; and DPS benefit structure (automatic) compounded	2.00	percent
		annually
PERA benefit structure hired after 12/31/06 (ad hoc, substantively automatic)		Financed by the Annual Increase
Reserve		

The revised assumptions shown below were reflected in the roll-forward calculation of the total pension liability from December 31, 2017 to December 31, 2018:

Discount rate	7.25 percent	
Post-retirement benefit increases:		
PERA benefit structure hired prior to 1/1/07 and DPS benefit structure (automatic) 1.5%	0%	through 2019 and
		compounded
annually, thereafter		
PERA benefit structure hired after 12/31/06 (ad hoc, substantively automatic)		Financed by the Annual Increase
Reserve		

Healthy mortality assumptions for active members reflect the RP-2014 White Collar Employee Mortality Table, a table specifically developed for actively working people. To allow for an appropriate margin of improved mortality prospectively, the mortality rates incorporate a 70 percent factor applied to male rates and a 55 percent factor applied to female rates.

Healthy, post-retirement mortality assumptions reflect the RP-2014 Healthy Annuitant Mortality Table, adjusted as follows:

Housing Authority of the City of Alamosa, Colorado
Notes to the Financial Statements (Continued)
March 31, 2019

Note 5 Defined Benefit Pension Plan (Continued)

- **Males:** Mortality improvement projected to 2018 using the MP-2015 projection scale, a 73 percent factor applied to rates for ages less than 80, a 108 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.
- **Females:** Mortality improvement projected to 2020 using the MP-2015 projection scale, a 78 percent factor applied to rates for ages less than 80, a 109 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.

For disabled retirees, the mortality assumption was based on 90 percent of the RP-2014 Disabled Retiree Mortality Table.

The actuarial assumptions used in the December 31, 2016, valuations were based on the results of the 2016 experience analysis for the periods January 1, 2012, through December 31, 2015, as well as, the October 28, 2016, actuarial assumptions workshop and were adopted by the PERA Board during the November 18, 2016, Board meeting.

The long-term expected return on plan assets is reviewed as part of regular experience studies prepared every four or five years for PERA. Recently, this assumption has been reviewed more frequently. The most recent analyses were outlined in presentations to PERA's Board on October 28, 2016.

Several factors were considered in evaluating the long-term rate of return assumption for the LGDTF, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation.

As of the most recent adoption of the long-term expected rate of return by the PERA Board, the target asset allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Housing Authority of the City of Alamosa, Colorado
Notes to the Financial Statements (Continued)
March 31, 2019

Note 5 Defined Benefit Pension Plan (Continued)

Asset Class	Target Allocation	30 Year Expected Geometric Real Rate of Return
U.S. Equity – Large Cap	21.20%	4.30%
U.S. Equity – Small Cap	7.42%	4.80%
Non U.S. Equity – Developed	18.55%	5.20%
Non U.S. Equity – Emerging	5.83%	5.40%
Core Fixed Income	19.32%	1.20%
High Yield	1.38%	4.30%
Non U.S. Fixed Income – Developed	1.84%	0.60%
Emerging Market Debt	0.46%	3.90%
Core Real Estate	8.50%	4.90%
Opportunity Fund	6.00%	3.80%
Private Equity	8.50%	6.60%
Cash	1.00%	0.20%
Total	100.00%	

In setting the long-term expected rate of return, projections employed to model future returns provide a range of expected long-term returns that, including expected inflation, ultimately support a long-term expected rate of return assumption of 7.25%.

Discount rate. The discount rate used to measure the total pension liability was 7.25 percent. The projection of cash flows used to determine the discount rate applied the actuarial cost method and assumptions shown above. In addition, the following methods and assumptions were used in the projection of cash flows:

- Total covered payroll for the initial projection year consists of the covered payroll of the active membership present on the valuation date and the covered payroll of future plan members assumed to be hired during the year. In subsequent projection years, total covered payroll was assumed to increase annually at a rate of 3.50%.
- Employee contributions were assumed to be made at the member contribution rates in effect for each year, including scheduled increases in SB 18-200. Employee contributions for future plan members were used to reduce the estimated amount of total service costs for future plan members.

Employer contributions were assumed to be made at rates equal to the fixed statutory rates specified in law for each year, including current and estimated future AED and SAED, until the actuarial value funding ratio reaches 103%, at which point, the AED and SAED will each drop 0.50% every year until they are zero. Additionally, estimated employer contributions included reductions for the funding of the AIR and retiree health care benefits. For future plan members, employer contributions were further reduced by the estimated amount of total service costs for future plan members not financed by their member contributions.

Housing Authority of the City of Alamosa, Colorado
Notes to the Financial Statements (Continued)
March 31, 2019

Note 5 Defined Benefit Pension Plan (Continued)

- Employer contributions and the amount of total service costs for future plan members were based upon a process to estimate future actuarially determined contributions assuming an analogous future plan member growth rate.
- The AIR balance was excluded from the initial fiduciary net position, as, per statute, AIR amounts cannot be used to pay benefits until transferred to either the retirement benefits reserve or the survivor benefits reserve, as appropriate. AIR transfers to the fiduciary net position and the subsequent AIR benefit payments were estimated and included in the projections.
- Benefit payments and contributions were assumed to be made at the middle of the year.

Based on the above assumptions and methods, LGDTF’s fiduciary net position was projected to be available to make all projected future benefit payments of current members. Therefore, the long-term expected rate of return of 7.25 percent on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate determination does not use the municipal bond index rate, and therefore, the discount rate is 7.25 percent. There was no change in the discount rate from the prior measurement date.

Sensitivity of the Housing Authority of the City of Alamosa, Colorado share of the net pension liability to changes in the discount rate. The following presents the proportionate share of the net pension liability calculated using the discount rate of 7.25 percent, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.25 percent) or 1-percentage-point higher (8.25 percent) than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Proportionate share of the net pension liability	919,589	601,120	334,688

Pension plan fiduciary net position. Detailed information about the LGDTF’s fiduciary net position is available in PERA’s CAFR which can be obtained at www.copera.org/investments/pera-financial-reports.

Changes subsequent to the measurement date

During the 2019 legislative session, the Colorado General Assembly passed HB 19-1217: *PERA Public Employees’ Retirement Association Local Government Division Member Contribution Rate*. The bill was signed into law by Governor Polis on May 20, 2019, and eliminates the 2 percent increase in the contribution rate for members in the Local Government Division mandated by SB 18-200.

Housing Authority of the City of Alamosa, Colorado
Notes to the Financial Statements (Continued)
March 31, 2019

Note 5 Defined Benefit Pension Plan (Continued)

Defined Contribution Pension Plans

Voluntary Investment Program

Plan Description - Employees of the Housing Authority of the City of Alamosa, Colorado that are also members of the LGDTF may voluntarily contribute to the Voluntary Investment Program, an Internal Revenue Code Section 401(k) defined contribution plan administered by PERA. Title 24, Article 51, Part 14 of the C.R.S., as amended, assigns the authority to establish the Plan provisions to the PERA Board of Trustees. PERA issues a publicly available CAFR which includes additional information on the Voluntary Investment Program. That report can be obtained at www.copera.org/investments/pera-financial-reports.

Defined Contribution Retirement Plan (DC Plan)

Plan Description – Employees of the LGDTF that were hired on or after January 1, 2019 which were eligible to participate in the LGDTF, a cost-sharing multiple-employer defined benefit pension plan, have the option to participate in the LGDTF or the Defined Contribution Retirement Plan (PERA DC Plan). The PERA DC Plan is an Internal Revenue Code Section 401(a) governmental profit-sharing defined contribution plan. Title 24, Article 51, Part 15 of the C.R.S., as amended, assigns the authority to establish Plan provisions to the PERA Board of Trustees. The DC Plan is also included in PERA’s CAFR as referred to above.

Funding Policy – All participating employees in the PERA DC Plan and The Housing Authority of the City of Alamosa, Colorado are required to contribute a percentage of the participating employees’ PERA-includable salary to the PERA DC Plan. The employee and employer contribution rates for the period are summarized in the tables below :

	January 1, 2018 Through December 31, 2018	January 1, 2019 Through June 30, 2019	July 1, 2019 Through June 30, 2020
Employee contribution Rates:	8.00%	8.00%	8.75%
Employer Contribution Rates (On behalf of participating employees):	10.00%	10.00%	10.00%

Housing Authority of the City of Alamosa, Colorado
Notes to the Financial Statements (Continued)
March 31, 2019

Note 5 Defined Benefit Pension Plan (Continued)

Additionally the employers are required to contribute AED and SAED to the LGDTF as follows:

	<i>As of March 31, 2019</i>
Amortization Equalization Disbursement (AED) as specified in C.R.S. § 24-51-411 ¹	2.20%
Supplemental Amortization Equalization Disbursement (SAED) as specified in C.R.S. § 24-51-411 ¹	1.50%
Total employer contribution rate to the LGDTF¹	3.50%

Contribution rates for the DC Plan are expressed as a percentage of salary as defined in C.R.S. § 24-51-101(42).

Contribution requirements are established under Title 24, Article 51, Section 1505 of the C.R.S., as amended. Participating employees of the PERA DC Plan are immediately vested in their own contributions and investment earnings and are immediately 50 percent vested in the amount of employer contributions made on their behalf. For each full year of participation, vesting of employer contributions increases by 10 percent. Forfeitures are used to pay expenses of the PERA DC Plan in accordance with PERA Rule 16.80 as adopted by the PERA Board of Trustees in accordance with Title 24, Article 51, Section 204 of the C.R.S. As a result, forfeitures do not reduce pension expense. Participating employees in the PERA DC Plan contributed \$0 and the The Housing Authority of the City of Alamosa, Colorado recognized pension expense and a liability of \$0 and \$0, respectively, for the PERA DC Plan.

Note 6 Defined Benefit Other Post Employment Benefit (OPEB) Plan

Summary of Significant Accounting Policies

OPEB. The Housing Authority of the City of Alamosa, Colorado participates in the Health Care Trust Fund (HCTF), a cost-sharing multiple-employer defined benefit OPEB fund administered by the Public Employees' Retirement Association of Colorado ("PERA"). The net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, OPEB expense, information about the fiduciary net position and additions to/deductions from the fiduciary net position of the HCTF have been determined using the economic resources measurement focus and the accrual basis of accounting. For this purpose, benefits paid on behalf of health care participants are recognized when due and/or payable in accordance with the benefit terms. Investments are reported at fair value.

Housing Authority of the City of Alamosa, Colorado
Notes to the Financial Statements (Continued)
March 31, 2019

Note 6 Defined Benefit Other Post Employment Benefit (OPEB) Plan

General Information about the OPEB Plan

Plan description. Eligible employees of the Housing Authority of the City of Alamosa, Colorado are provided with OPEB through the HCTF—a cost-sharing multiple-employer defined benefit OPEB plan administered by PERA. The HCTF is established under Title 24, Article 51, Part 12 of the Colorado Revised Statutes (C.R.S.), as amended. Colorado State law provisions may be amended from time to time by the Colorado General Assembly. Title 24, Article 51, Part 12 of the C.R.S., as amended, sets forth a framework that grants authority to the PERA Board to contract, self-insure, and authorize disbursements necessary in order to carry out the purposes of the PERACare program, including the administration of the premium subsidies. Colorado State law provisions may be amended from time to time by the Colorado General Assembly. PERA issues a publicly available comprehensive annual financial report (CAFR) that can be obtained at www.copera.org/investments/pera-financial-reports.

Benefits provided. The HCTF provides a health care premium subsidy to eligible participating PERA benefit recipients and retirees who choose to enroll in one of the PERA health care plans, however, the subsidy is not available if only enrolled in the dental and/or vision plan(s). The health care premium subsidy is based upon the benefit structure under which the member retires and the member's years of service credit. For members who retire having service credit with employers in the Denver Public Schools (DPS) Division and one or more of the other four Divisions (State, School, Local Government and Judicial), the premium subsidy is allocated between the HCTF and the Denver Public Schools Health Care Trust Fund (DPS HCTF). The basis for the amount of the premium subsidy funded by each trust fund is the percentage of the member contribution account balance from each division as it relates to the total member contribution account balance from which the retirement benefit is paid.

C.R.S. § 24-51-1202 et seq. specifies the eligibility for enrollment in the health care plans offered by PERA and the amount of the premium subsidy. The law governing a benefit recipient's eligibility for the subsidy and the amount of the subsidy differs slightly depending under which benefit structure the benefits are calculated. All benefit recipients under the PERA benefit structure and all retirees under the DPS benefit structure are eligible for a premium subsidy, if enrolled in a health care plan under PERACare. Upon the death of a DPS benefit structure retiree, no further subsidy is paid.

Enrollment in the PERACare is voluntary and is available to benefit recipients and their eligible dependents, certain surviving spouses, and divorced spouses and guardians, among others. Eligible benefit recipients may enroll into the program upon retirement, upon the occurrence of certain life events, or on an annual basis during an open enrollment period.

PERA Benefit Structure

The maximum service-based premium subsidy is \$230 per month for benefit recipients who are under 65 years of age and who are not entitled to Medicare; the maximum service-based subsidy is \$115 per month for benefit recipients who are 65 years of age or older or who are under 65 years of age and entitled to Medicare. The basis for the maximum service-based subsidy, in each case, is for benefit recipients with retirement

Housing Authority of the City of Alamosa, Colorado
Notes to the Financial Statements (Continued)
March 31, 2019

Note 6 Defined Benefit Other Post Employment Benefit (OPEB) Plan

benefits based on 20 or more years of service credit. There is a 5 percent reduction in the subsidy for each year less than 20. The benefit recipient pays the remaining portion of the premium to the extent the subsidy does not cover the entire amount.

For benefit recipients who have not participated in Social Security and who are not otherwise eligible for premium-free Medicare Part A for hospital-related services, C.R.S. § 24-51-1206(4) provides an additional subsidy. According to the statute, PERA cannot charge premiums to benefit recipients without Medicare Part A that are greater than premiums charged to benefit recipients with Part A for the same plan option, coverage level, and service credit. Currently, for each individual PERACare enrollee, the total premium for Medicare coverage is determined assuming plan participants have both Medicare Part A and Part B and the difference in premium cost is paid by the HCTF or the DPS HCTF on behalf of benefit recipients not covered by Medicare Part A.

DPS Benefit Structure

The maximum service-based premium subsidy is \$230 per month for retirees who are under 65 years of age and who are not entitled to Medicare; the maximum service-based subsidy is \$115 per month for retirees who are 65 years of age or older or who are under 65 years of age and entitled to Medicare. The basis for the maximum subsidy, in each case, is for retirees with retirement benefits based on 20 or more years of service credit. There is a 5 percent reduction in the subsidy for each year less than 20. The retiree pays the remaining portion of the premium to the extent the subsidy does not cover the entire amount.

For retirees who have not participated in Social Security and who are not otherwise eligible for premium-free Medicare Part A for hospital-related services, the HCTF or the DPS HCTF pays an alternate service-based premium subsidy. Each individual retiree meeting these conditions receives the maximum \$230 per month subsidy reduced appropriately for service less than 20 years, as described above. Retirees who do not have Medicare Part A pay the difference between the total premium and the monthly subsidy.

Contributions. Pursuant to Title 24, Article 51, Section 208(1) (f) of the C.R.S., as amended, certain contributions are apportioned to the HCTF. PERA-affiliated employers of the State, School, Local Government, and Judicial Divisions are required to contribute at a rate of 1.02 percent of PERA-includable salary into the HCTF.

Employer contributions are recognized by the HCTF in the period in which the compensation becomes payable to the member and the Housing Authority of the City of Alamosa, Colorado is statutorily committed to pay the contributions. Employer contributions recognized by the HCTF for the year ended were \$3,327.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At March 31, 2019 the Housing Authority of the City of Alamosa, Colorado reported a liability of \$50,448 for its proportionate share of the net OPEB liability. The net OPEB

Housing Authority of the City of Alamosa, Colorado
Notes to the Financial Statements (Continued)
March 31, 2019

Note 6 Defined Benefit Other Post Employment Benefit (OPEB) Plan

liability for the HCTF was measured as of December 31, 2018, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of December 31, 2017. Standard update procedures were used to roll-forward the total OPEB liability to December 31, 2018. The Housing Authority of the City of Alamosa, Colorado proportion of the net OPEB liability was based Housing Authority of the City of Alamosa, Colorado contributions to the HCTF for the calendar year 2018 relative to the total contributions of participating employers to the HCTF.

At December 31, 2018, the Housing Authority of the City of Alamosa, Colorado proportion was .00037079429 percent, which was an increase of .000003274509 from its proportion measured as of December 31, 2017.

For the year ended March 31, 2019 the Housing Authority of the City of Alamosa, Colorado recognized OPEB expense of \$429. At March 31, 2019, the Housing Authority of the City of Alamosa, Colorado reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	\$183	\$77
Changes of assumptions or other inputs	354	0
Net difference between projected and actual earnings on OPEB plan investments	290	0
Changes in proportion and differences between contributions recognized and proportionate share of contributions	3,594	0
Contributions subsequent to the measurement date	540	N/A
Total	\$4,961	\$77

\$540 reported as deferred outflows of resources related to OPEB, resulting from contributions subsequent to the measurement date, will be recognized as a reduction of the net OPEB liability in the year ended March 31, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Housing Authority of the City of Alamosa, Colorado
Notes to the Financial Statements (Continued)
March 31, 2019

Note 6 Defined Benefit Other Post Employment Benefit (OPEB) Plan

Year ended March 31	
2020	\$835
2021	835
2022	835
2023	1,036
2024	772
Thereafter	\$108

Actuarial assumptions. The total OPEB liability in the December 31, 2017 actuarial valuation was determined using the following actuarial cost method, actuarial assumptions and other inputs:

Actuarial cost method	Entry age
Price inflation	2.40 percent
Real wage growth	1.10 percent
Wage inflation	3.50 percent
Salary increases, including wage inflation aggregate	3.50 percent in
Long-term investment rate of return, net of OPEB plan investment expenses, including price inflation	7.25 percent
Discount rate	7.25 percent
Health care cost trend rates	
PERA benefit structure:	
Service-based premium subsidy	0.00 percent
PERACare Medicare plans	5.00 percent
Medicare Part A premiums	3.25 percent for 2018, gradually rising to
5.00	percent in 2025
DPS benefit structure:	
Service-based premium subsidy	0.00 percent
PERACare Medicare plans	N/A
Medicare Part A premiums	N/A

Calculations are based on the benefits provided under the terms of the substantive plan in effect at the time of each actuarial valuation and on the pattern of sharing of costs between employers of each fund to that point.

The actuarial assumptions used in the December 31, 2017, valuations were based on the results of the 2016 experience analysis for the periods January 1, 2012, through December 31, 2015, as well as, the October 28, 2016, actuarial assumptions workshop and were adopted by the PERA Board during the November 27, 2016, Board meeting. In addition, certain actuarial assumptions pertaining to per capita health care costs and their related trends are analyzed and reviewed by PERA's actuary, as discussed below.

Housing Authority of the City of Alamosa, Colorado
Notes to the Financial Statements (Continued)
March 31, 2019

Note 6 Defined Benefit Other Post Employment Benefit (OPEB) Plan

In determining the additional liability for PERACare enrollees who are age sixty–five or older and who are not eligible for premium–free Medicare Part A, the following monthly costs/premiums are assumed for 2018 for the PERA Benefit Structure:

Medicare Plan	Cost for Members Without Medicare Part A	Premiums for Members Without Medicare Part A
Self-Funded Medicare Supplement Plans	\$736	\$367
Kaiser Permanente Medicare Advantage HMO	602	236
Rocky Mountain Health Plans Medicare HMO	611	251
UnitedHealthcare Medicare HMO	686	213

The 2018 Medicare Part A premium is \$422 per month.

In determining the additional liability for PERACare enrollees in the PERA Benefit Structure who are age sixty–five or older and who are not eligible for premium–free Medicare Part A, the following chart details the initial expected value of Medicare Part A benefits, age adjusted to age 65 for the year following the valuation date:

Medicare Plan	Cost for Members Without Medicare Part A
Self-Funded Medicare Supplement Plans	\$289
Kaiser Permanente Medicare Advantage HMO	300
Rocky Mountain Health Plans Medicare HMO	270
UnitedHealthcare Medicare HMO	400

All costs are subject to the health care cost trend rates, as discussed below.

Health care cost trend rates reflect the change in per capita health costs over time due to factors such as medical inflation, utilization, plan design, and technology improvements. For the PERA benefit structure, health care cost trend rates are needed to project the future costs associated with providing benefits to those PERACare enrollees not eligible for premium-free Medicare Part A.

Health care cost trend rates for the PERA benefit structure are based on published annual health care inflation surveys in conjunction with actual plan experience (if credible), building block models and heuristics developed by health plan actuaries and administrators, and projected trends for the Federal Hospital Insurance Trust Fund (Medicare Part A premiums) provided by the Centers for Medicare & Medicaid Services. Effective December 31, 2017, the health care cost trend rates for Medicare Part A premiums were revised to reflect the current expectation of future increases in rates of inflation applicable to Medicare Part A premiums.

Housing Authority of the City of Alamosa, Colorado
Notes to the Financial Statements (Continued)
March 31, 2019

Note 6 Defined Benefit Other Post Employment Benefit (OPEB) Plan

The PERA benefit structure health care cost trend rates that were used to measure the total OPEB liability are summarized in the table below:

Year	PERACare Medicare Plans	Medicare Part A Premiums
2018	5.00%	3.25%
2019	5.00%	3.50%
2020	5.00%	3.75%
2021	5.00%	4.00%
2022	5.00%	4.25%
2023	5.00%	4.50%
2024	5.00%	4.75%
2025+	5.00%	5.00%

Mortality assumptions for the determination of the total pension liability for each of the Division Trust Funds as shown below are applied, as applicable, in the determination of the total OPEB liability for the HCTF. Affiliated employers of the State, School, Local Government, and Judicial Divisions participate in the HCTF.

Healthy mortality assumptions for active members were based on the RP-2014 White Collar Employee Mortality Table, a table specifically developed for actively working people. To allow for an appropriate margin of improved mortality prospectively, the mortality rates incorporate a 70 percent factor applied to male rates and a 55 percent factor applied to female rates.

Healthy, post-retirement mortality assumptions for the State and Local Government Divisions were based on the RP-2014 Healthy Annuitant Mortality Table, adjusted as follows:

- **Males:** Mortality improvement projected to 2018 using the MP-2015 projection scale, a 73 percent factor applied to rates for ages less than 80, a 108 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.
- **Females:** Mortality improvement projected to 2020 using the MP-2015 projection scale, a 78 percent factor applied to rates for ages less than 80, a 109 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.

Healthy, post-retirement mortality assumptions for the School and Judicial Divisions were based on the RP-2014 White Collar Healthy Annuitant Mortality Table, adjusted as follows:

Housing Authority of the City of Alamosa, Colorado
Notes to the Financial Statements (Continued)
March 31, 2019

Note 6 Defined Benefit Other Post Employment Benefit (OPEB) Plan

- Males: Mortality improvement projected to 2018 using the MP-2015 projection scale, a 93 percent factor applied to rates for ages less than 80, a 113 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.
- Females: Mortality improvement projected to 2020 using the MP-2015 projection scale, a 68 percent factor applied to rates for ages less than 80, a 106 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.

For disabled retirees, the mortality assumption was based on 90 percent of the RP-2014 Disabled Retiree Mortality Table.

The following health care costs assumptions were updated and used in the measurement of the obligations for the HCTF:

- Initial per capita health care costs for those PERACare enrollees under the PERA benefit structure who are expected to attain age 65 and older ages and are not eligible for premium-free Medicare Part A benefits were updated to reflect the change in costs for the 2018 plan year.
- The health care cost trend rates for Medicare Part A premiums were revised to reflect the then-current expectation of future increases in rates of inflation applicable to Medicare Part A premiums.

The long-term expected return on plan assets is reviewed as part of regular experience studies prepared every four or five years for PERA. Recently, this assumption has been reviewed more frequently. The most recent analyses were outlined in presentations to PERA's Board on October 28, 2016.

Several factors were considered in evaluating the long-term rate of return assumption for the HCTF, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation.

As of the most recent adoption of the long-term expected rate of return by the PERA Board, the target asset allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Housing Authority of the City of Alamosa, Colorado
Notes to the Financial Statements (Continued)
March 31, 2019

Note 6 Defined Benefit Other Post Employment Benefit (OPEB) Plan

Asset Class	Target Allocation	30 Year Expected Geometric Real Rate of Return
U.S. Equity – Large Cap	21.20%	4.30%
U.S. Equity – Small Cap	7.42%	4.80%
Non U.S. Equity – Developed	18.55%	5.20%
Non U.S. Equity – Emerging	5.83%	5.40%
Core Fixed Income	19.32%	1.20%
High Yield	1.38%	4.30%
Non U.S. Fixed Income – Developed	1.84%	0.60%
Emerging Market Debt	0.46%	3.90%
Core Real Estate	8.50%	4.90%
Opportunity Fund	6.00%	3.80%
Private Equity	8.50%	6.60%
Cash	1.00%	0.20%
Total	100.00%	

In setting the long-term expected rate of return, projections employed to model future returns provide a range of expected long-term returns that, including expected inflation, ultimately support a long-term expected rate of return assumption of 7.25%.

Sensitivity of the Housing Authority of the City of Alamosa, Colorado proportionate share of the net OPEB liability to changes in the Health Care Cost Trend Rates. The following presents the net OPEB liability using the current health care cost trend rates applicable to the PERA benefit structure, as well as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current rates:

	1% Decrease in Trend Rates	Current Trend Rates	1% Increase in Trend Rates
PERACare Medicare trend rate	4.00%	5.00%	6.00%
Initial Medicare Part A trend rate	2.25%	3.25%	4.25%
Ultimate Medicare Part A trend rate	4.00%	5.00%	6.00%
Net OPEB Liability	\$56,447	\$50,448	\$45,320

Discount rate. The discount rate used to measure the total OPEB liability was 7.25 percent. The projection of cash flows used to determine the discount rate applied the actuarial cost method and assumptions shown above. In addition, the following methods and assumptions were used in the projection of cash flows:

Updated health care cost trend rates for Medicare Part A premiums as of the December 31, 2018, measurement date.

Housing Authority of the City of Alamosa, Colorado
Notes to the Financial Statements (Continued)
March 31, 2019

Note 6 Defined Benefit Other Post Employment Benefit (OPEB) Plan

- Total covered payroll for the initial projection year consists of the covered payroll of the active membership present on the valuation date and the covered payroll of future plan members assumed to be hired during the year. In subsequent projection years, total covered payroll was assumed to increase annually at a rate of 3.50%.
- Employer contributions were assumed to be made at rates equal to the fixed statutory rates specified in law and effective as of the measurement date.
- Employer contributions and the amount of total service costs for future plan members were based upon a process to estimate future actuarially determined contributions assuming an analogous future plan member growth rate.
- Transfers of a portion of purchase service agreements intended to cover the costs associated with OPEB benefits were estimated and included in the projections.
- Benefit payments and contributions were assumed to be made at the middle of the year.

Based on the above assumptions and methods, the projection test indicates the HCTF's fiduciary net position was projected to make all projected future benefit payments of current members. Therefore, the long-term expected rate of return of 7.25 percent on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability. The discount rate determination does not use the municipal bond index rate, and therefore, the discount rate is 7.25 percent.

Sensitivity of the Housing Authority of the City of Alamosa, Colorado proportionate share of the net OPEB liability to changes in the discount rate. The following presents the proportionate share of the net OPEB liability calculated using the discount rate of 7.25 percent, as well as what the proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.25 percent) or 1-percentage-point higher (8.25 percent) than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Proportionate share of the net OPEB liability	\$56,447	\$50,448	\$45,320

OPEB plan fiduciary net position. Detailed information about the HCTF's fiduciary net position is available in PERA's CAFR which can be obtained at www.copera.org/investments/pera-financial-reports.

Housing Authority of the City of Alamosa, Colorado
Notes to the Financial Statements (Continued)
March 31, 2019

Note 7 Contingencies and Commitments

The Authority is exposed to various risks related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Authority carries commercial insurance for all risks of loss, including workers' compensation and employee health and accident insurance. Settled claims have not exceeded commercial coverage in any of the past three years.

The Authority participates in a number of federal, state, and local programs that are fully or partially funded by grants received from other governmental units. Expenses financed by grants are subject to audit by the appropriate grantor government. If expenses are disallowed due to noncompliance with grant program regulations, the Authority may be required to reimburse the grantor government. As of March 31, 2019, significant amounts of grant expenses have not been audited, but the Authority believes that disallowed expenses, if any, based on subsequent audits will not have a material effect on any of the individual funds or the overall financial position of the Authority.

In November 1992, Colorado voters passed the Tabor Amendment (Amendment 1) to the State Constitution which limits state and local government tax powers and imposes spending limitations. Fiscal year 1993 provides the basis for limits in future years to which may be applied allowable increases for inflation and student enrollment. Revenue received in excess of the limitations may be required to be refunded, unless the local electorate votes to retain the revenue. The Tabor Amendment is subject to many interpretations, however, the Authority believes it is exempt because it receives no taxes and is funded primarily by federal grants and contributions.

Note 8 Economic Dependency

The Authority is economically dependent on annual contributions and grants from HUD. The extent of this funding from HUD depends upon appropriations from the Federal government and is subject to annual renewals.

Note 9 Prior Period Adjustment

For the year ended March 31, 2019, the Authority adopted the provisions of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* (GASB no. 75), which is effective for financial statements beginning after June 15, 2017. GASB No. 75 revises and establishes new financial reporting requirements for most governments that provide postemployment benefits other than pensions (OPEB). GASB No. 75 requires cost-sharing employers participating in the Health Care Trust Fund (HCTF) administered by the Public Employees' Retirement Association of Colorado (PERA) to record their proportionate share, as defined in GASB No. 75, of the HCTF's net OPEB liability.

Net Position, March 31, 2018, as previously reported	\$ 3,820,955
Cumulative Effect of Application of GASB No. 75, Net OPEB Liability	(45,993)
Net Position, March 31, 2018, as Restated	<u>\$ 3,774,962</u>

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Commissioners
Housing Authority of the City of Alamosa, Colorado

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the business-type activities as of and for the year ended March 31, 2019, and the related notes to the financial statements, which collectively comprise the Housing Authority of the City of Alamosa, Colorado's basic financial statements, and have issued our report thereon dated November 27, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Housing Authority of the City of Alamosa, Colorado's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Housing Authority of the City of Alamosa, Colorado's internal control. Accordingly, we do not express an opinion on the effectiveness of the Housing Authority of the City of Alamosa, Colorado's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Housing Authority of the City of Alamosa, Colorado's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. This report is intended solely for the information and use of management, the Board of Commissioners, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE UNIFORM GUIDANCE

To the Board of Commissioners
Housing Authority of the City of Alamosa, Colorado

Report on Compliance for Each Major Federal Program

We have audited the Housing Authority of the City of Alamosa, Colorado's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Housing Authority of the City of Alamosa, Colorado's major federal programs for the year ended March 31, 20109. The Housing Authority of the City of Alamosa, Colorado's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Housing Authority of the City of Alamosa, Colorado's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Housing Authority of the City of Alamosa, Colorado's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Housing Authority of the City of Alamosa, Colorado's compliance.

Opinion on Each Major Federal Program

In our opinion, the Housing Authority of the City of Alamosa, Colorado complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended March 31, 2019.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as items 2019-001. Our opinion on each major federal program is not modified with respect to these matters.

The Housing Authority of the City of Alamosa, Colorado's response to the noncompliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The Housing Authority of the City of Alamosa, Colorado's was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Management of the Housing Authority of the City of Alamosa, Colorado is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Housing Authority of the City of Alamosa, Colorado's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Housing Authority of the City of Alamosa, Colorado's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify certain deficiencies in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as items 2019-001, that we consider to be significant deficiencies.

The Housing Authority of the City of Alamosa, Colorado's response to the internal control over compliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Housing Authority of the City of Alamosa, Colorado's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose. This report is intended solely for the information and use of management, the Board of Commissioners, others within the entity, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Internal control over major programs:

- Material Weakness identified? _____ yes no
- Significant deficiency identified that are not considered to be material weakness? yes _____ no

Type of auditors' report issued on compliance for major programs: unmodified

Any audit findings disclosed that are required to be reported in accordance with section 2 CFR 200.516(a)?

_____ yes no

Identification of major programs:

Public and Indian Housing 14.850

Dollar threshold used to distinguish between type A and type B programs: \$750,000

Auditee qualified as low-risk auditee?

_____ yes no

Current years findings:

2019-001

Federal Program: CFDA # 14.850 Public and Indian Housing

Criteria: PHAs are required to enter into depository agreements with their financial institution using the HUD-51999 (*OMB No. 2577-0075*) or a form required by HUD in the ACC. The agreements serve as safe guards for Federal funds and provide third-party rights to HUD (Section 9 of the ACC).

Condition: The Authority did not have current, signed agreements with their financial institutions as required under the terms of the funding agreement.

Cause: The cause of the deficiency is related to procedures that were not properly documented.

Effect: The effect of the deficiency is a limitation of the rights of HUD in regards to deposits in financial institutions.

Questioned Costs: None

Prevalence and Consequences: Four financial institutions were tested for compliance with this requirement and in each case a signed depository agreement as required by HUD failed to be present.

Repeat Finding: No

Recommendation: It is recommended the Authority review all of the policies in place relating to the depository agreements and obtain the signed forms as required by HUD.

Management Response:

The Alamosa Housing Authority will take the corrective action to assure that the Alamosa Housing Authority is in compliance. The Alamosa Housing Authority is in the process of obtaining HUD form 51999 General Depository Agreement for all financial institutions that obtain HUD funds.

Prior years findings: None
