June 10, 2020

Citizens of the City of Arvada,
Honorable Mayor, Members of City Council and City Manager

We are pleased to submit the Comprehensive Annual Financial Report for Arvada, Colorado for the fiscal year ended December 31, 2019. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the management of the City. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present the financial position and results of operations of various funds and component units of the City in accordance with Generally Accepted Accounting Principles (GAAP). All disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included.

In addition to an annual audit of the City's financial records performed by an independent auditor, the City is required to have an annual single audit in conformity with the provisions of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Information related to this single audit, including the schedules of federal financial assistance, findings and recommendations, and independent auditor's reports on the internal control structure and compliance with applicable laws and regulations, are available in the Single Audit Report.

In conformity with generally accepted accounting principles, as set forth in Governmental Accounting Standards Board (GASB) Statement 39, *Determining Whether Certain Organizations Are Component Units*, - an amendment of GASB Statement No. 14 and Statement 61, *The Financial Reporting Entity: Omnibus* - an amendment of GASB Statements No. 14 and No. 34, this report includes all funds of the primary government and the City's component units. For this report the City of Arvada and all its departments and funds comprise the Reporting Entity. Our component units are the Arvada Urban Renewal Authority and the Arvada Economic Development Association.

The City is required to provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of management's discussion and analysis (MD&A). This letter of transmittal is intended to complement the MD&A and should be read in conjunction with it.

PROFILE OF THE CITY OF ARVADA

The City of Arvada is located approximately 20 miles to the northwest of the City of Denver, Colorado along Interstate 70. The City provides a full range of services, including police protection, physical parks, planning and zoning, transportation planning, street improvements and maintenance, a housing authority, two golf courses, municipal court services, water, wastewater and stormwater services and facilities, along with various administrative functions. The area has separate governmental units that provide fire protection and recreational services. The population of the City is 123,502 and growing.

COVID-19

While the information in the following section deals solely with the economic factors of 2019, it would be remiss to not recognize what the world is currently going through. Our hearts and prayers go out to everyone that is dealing with COVID-19. The ramifications of this pandemic will be felt both economically and emotionally for a long time to come.

THE ECONOMIC FACTORS OF 2019

The current financial expansion sits at 126 months or just over 10 years, the longest in history. Consumer spending continues to lead the way accounting for more than 70% of the growth with year over year increases of 2.2%. Confidence is high with many factors helping to support this including unemployment at 3.5% the lowest in 50 years, the FED funds target rate at 1.50% - 1.75% and improved trade talks with China. Estimates call for 2.0% growth in 2020 with a cooling economy. Expectations are that the Federal Reserve will leave rates alone and "monitor the economy".

The State of Colorado continues to lead the rest of the nation related to economic health. Low unemployment, falling to 2.5% at the end of December down from 3.6% from 2018, high consumer confidence and growing personal income create a strong and diverse economy. Business growth has been restricted, not due to lack of desire but a lack of a qualified workforce. Net immigration continues to be positive as people move to Colorado to seek employment. This has bolstered the construction industry and housing markets.

The City of Arvada finished 2019 with positive overall financial results. Total General Fund revenues exceeded the budget by 2.2% and were up over 2018 by .2%, led by building revenues and auto use tax. Sales tax revenues were up 2.5% over 2018 but did fall under the 3% estimated budget. The year started slow with four of the first six months showing negative growth as compared to the prior year. The second half of the year was a different story with all six months showing year over year gains. Growth was experienced in 14 of the 20 sales tax categories bolstered by online retailers and restaurants. The six categories that contracted from 2018 were led by telecommunications and construction supply stores.

Auto use tax revenue rebounded in 2019 growing 1.3% over 2018 and surpassing the budget by 3.5%. New car sales along with an increased number of cars are helping to support this revenue. This revenue will be carefully monitored in the upcoming years as it can be highly cyclical and is usually very dependent on the health of the economy.

Building revenues again exceeded their budget even though year over year revenues were down 18.5%. With the approval of some large developments including Haskins Station and Sabells, this should continue to be a stable revenue source. Other major revenue sources including interest income and Highway Users Tax Fund (HUTF) exceeded their budgets. Property tax and court fines and fees were under budget. Court revenues are hard to predict as they are subject to the quantity and nature of the offenses. Property tax was short of the budget estimate, but only by 1.7%.

Total expenditures finished under budget by 7.2% and were up 2.6% over 2018, with small growth in both operating and capital costs. The work systems continue to do a great job managing their budgets and maximizing the value tax payers receive for their tax dollars.

The first six-year City Council strategic plan, 2014-2019, was finished at the end of 2019. Forty-nine goals were identified throughout the six years with 32 measures being completed, three measures being removed, nine measures being modified and five of the goals being added to the new six-year strategic plan. The 2020-2025 Council Strategic Plan was adopted on September 16, 2019 and included 25 measures in five strategic areas. Council will revisit the measures each fall during their annual planning process.

In 2014, Council approved, by resolution, mandatory reserves for all of the major funds, demonstrating a long-term conservative view of City finances. In 2019, each of the major funds met or exceeded their required reserve goal. By maintaining ten-year operating and capital improvement plans for these funds, the City is able to identify future challenges and work towards meeting them. The long-range financial planning process also makes sure that any decisions to add expenditures today can be paid for in the future.

FUTURE ECONOMIC FACTORS

The first couple of months of 2020 were much of the same. The longest economic expansion in United States history was still charging forward. Unemployment was just above its 50-year lows, short-term interest rates were hovering around 1.75%, corporate earnings were solid and the trade tensions with China were easing. Consumer optimism was still high and the predictions of the next recession were being pushed out. Slow but steady growth was the expectation.

Then came March and all of this changed. The worldwide pandemic, COVID-19, has changed all financial models for the short and long term. The national unemployment rate has moved from 3.6% to 4.4% to an estimated 16.1% at the end of April. The Fed has cut short term interest rates to 0 to .25%. The United States GDP decreased 4.8% in the first quarter of 2020, the first negative quarter since 2014. Retail sales plunged by a record 8.7% in March leading to the largest reduction in manufacturing output since 1946. Many expect the economic damage to only worsen in the second quarter, confirming the US is in the midst of a downturn. A recession, defined as two consecutive quarters of negative GDP growth, is all but a given.

The City of Arvada's current sales tax base is largely supported by supermarkets, grocery, health and small retail stores. Businesses like Costco, Sam's Club, King Soopers, Safeway, Target, Walmart, Home Depot and Lowes provide essential items to the residents of Arvada and its surrounding communities. Other retailers like Ulta Beauty, Michael's, Big 5, Kohl's and Floor and Décor meet specific needs and offer the in-person buying experience desired by many consumers. A diverse offering of restaurant and bar establishments helps to round out the sales tax portfolio. Expected annual sales tax growth, before COVID-19, was 2.5%. Obviously, this number will need to be revised as more information is obtained on the effects of consumer buying habits due to COVID-19.

Online retail continues to grow in total market share with significantly more entities choosing to capture and remit sales tax than in the past. The State of Colorado has passed its own act in support of the Wayfair decision requiring on-line and out of state retailer to collect and remit sales tax. A "one-stop" on-line portal will go live in June to help facilitate this process. Arvada will be a participant in this portal and should see additional sales tax growth.

Building activity is expected to return to more of a normal pattern in 2020. Single-family detached building permits, multi-family apartments and new businesses are still coming to the market, just at a slower pace. One large multi-family project, Olde Town Residences (252 units) is currently in design with many smaller projects in the planning process. Haskins Station and Sabell Subdivisions, two large residential infill projects, have received approval from City Council and have begun design work with the plan to break ground in late 2020.

Three major development areas continue to be keys to the growth of the City. These are the "Ralston Fields" urban renewal area, Transit-Oriented Development (TOD) in and around the G Line stations and the Candelas/Jefferson Center Metropolitan District (JCMD) project area, including completion of the 470 beltway. Each one of these areas has its own challenges; however, if properly developed, all will be favorable economic drivers in the years to come.

The "Ralston Fields" area was established in 2003 by City Council as an economic development area. The first phase of redevelopment included the addition of a Target, Big 5 and many smaller retail restaurants and shops. The area has seen increased usage with the addition of three multi-family projects, including a 380-unit complex, a 298-unit complex and the previously mentioned Arvada Station (302 unit) project. The next phase of development is well under way in the "triangle" area, recently named "Ralston Creek". Walmart opened in 2018 along with five new restaurants and the relocation of one liquor store. The next phase, currently in design, will include multi-family along with mixed-use options. This development will be located at the North-West corner of 58th and Garrison.

The three rail stops along the G Line (Gold Strike, Olde Town and Arvada Ridge) are completed and open for service. TOD development around the Olde Town station continues with the opening of a 136-room Hilton Garden

Inn with a conference center in late 2017, a completed remodel of a movie theater, expanded retail options in Olde Town and the formerly mentioned six-story, 252-unit multi-family complex underway. Additional development is proposed for the old RTD park-n-ride spot with possibilities including a hotel, stand-alone restaurants and a small retail.

The completion of the 470 beltway will have long-term implications. The final ten miles run through Broomfield County, Jefferson County and the City of Arvada. These three entities have created a joint Jefferson Parkway Public Highway Authority (JPPHA) to determine if a public-private partnership (P3) can be created to complete this integral piece of the regional transportation system. A request for qualifications was issued with three teams selected to compete to be the preferred private partner. Environmental concerns and escalating construction costs have slowed the project. Further testing will need to be completed before the final RFP process. The completion of the beltway would be the last piece of a large transportation project that would finally connect I-25 to I-70 in the western part of the Denver Metro region.

Overall, the local economy continues to do well with constant building activity, population growth and very low unemployment, but the effects of COVID-19 are still to be determined. Investing in the community and staying focused on the three major development areas will help to maintain a strong foundation and will benefit the City moving forward.

FINANCIAL INFORMATION

Retirement Funds: The City has three defined-contribution programs for different types of employees. These are the City of Arvada Retirement Program (CARP) for its regular employees; the Arvada Police Pension Plan (APPP) for its uniformed police officers; and the Executive Management Program for the appointed management team. The City deposits between 10% – 15% into an individual's account and the employee must contribute between 8% – 12%. The employee directs their own investments within a limitation of funds as identified by each Board. In addition, the City offers voluntary 457 programs where employees can place additional dollars for retirement on a pre-tax or post-tax basis. All four retirement programs have independently elected Boards. All plans use Fidelity Investments as their recordkeeper. The Council adopts the investment plans of all the Boards. The City also has one defined-benefit plan that covers one fully vested participant who did not elect to participate in the Arvada Police Pension Plan that became effective in 1986.

Internal Control Structure: The City of Arvada establishes and maintains an internal control structure designed to ensure that the assets of the City are protected from loss, theft, or misuse, and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived, and valuation of costs and benefits requires estimates and judgments by management.

Budgetary Controls: The City of Arvada maintains budgetary controls in order to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the City of Arvada's City Council, its governing body. All activities of the City are included in the annual appropriated budget except the City's self-insured health plan and retirement funds. The City maintains an accounting system to provide management with information regarding obligations against appropriations. Budgetary compliance is based on expenditures during the period (GAAP), rather than expenditures and encumbrances (non-GAAP). Because appropriations lapse at December 31, encumbrances outstanding are carried over and become a liability on the next year's budget. Appropriations for fiscal year 2020 will provide the authority to complete those transactions.

Single Audit: As a recipient of federal and state financial assistance, the City is responsible for ensuring that adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. As part of the City's single audit, tests are performed to determine the adequacy of the internal

control structure, including that portion related to federal financial assistance programs, as well as to determine that the City has complied, in all material respects, with applicable laws and regulations. The results of the City's single audit for fiscal year 2019, including any reported instances of material weaknesses or significant deficiencies in the internal control structure or any violations of applicable laws and regulations, are available in the Single Audit Report.

Independent Audit: Section 10.9 of the City of Arvada's charter requires an annual audit of accounts and other evidences of financial transactions of the City and its departments by independent certified public accountants. The audit is performed by a firm chosen by a seven-member audit board consisting of the City Manager, Deputy City Manager, Director of Finance, Deputy Director of Finance, Controller and two members of the Arvada City Council. This year BKD, LLP, a firm of independent accountants, audited the financial statements for the year ended December 31, 2019.

AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Arvada for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended December 31, 2018. The City of Arvada has received this award for 36 consecutive years. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized CAFR. This report must satisfy generally accepted accounting principles and applicable legal requirements.

A certificate of achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the certificate of achievement program requirements and we are submitting it to the committee to determine its eligibility for another certificate.

The preparation of this report could not have been accomplished without the professionalism and dedication demonstrated by the financial and management personnel of each department. Special mention needs to be directed to the dedicated employees of the Finance Department charged with ensuring that all accounting principles are adhered to each and every day, thus ensuring the efficient and effective preparation of this audit and document. Special thanks go to Lisa Yagi, Assistant Finance Director; Debra Nielson, Controller; and their teams. The production of the document was in the capable hands of Jenna Belec, the Finance Department's Executive Assistant, as well as Steve Milke and Bun Heng, the City's Creative Services Design and Print Services staff.

Respectfully submitted,

Bryan Archer CPA
Director of Finance

Management's Discussion and Analysis

Basic Financial Statements

Notes to the Financial Statements

Report of Independent Certified Public Accountants

Independent Auditor's Report

Honorable Mayor and Members of City Council
City of Arvada
Arvada, Colorado

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the City of Arvada (the City), as of and for the year ended December 31, 2019 and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Honorable Mayor and Members of City Council
City of Arvada

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the City, as of December 31, 2019 and the respective changes in financial position and, where applicable, budgetary comparison and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and pension and other postemployment benefit information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The supplementary and other information and introductory and statistical sections as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules, and other supplementary information, including the local highway finance report and the schedule of expenditures of federal awards required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole. The introductory and statistical sections have not been subjected to the

Honorable Mayor and Members of City Council
City of Arvada

auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we also have issued our report dated June 10, 2020, on our consideration of City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Management's Discussion and Analysis

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

December 31, 2019

This section of the City of Arvada's Comprehensive Annual Financial Report provides readers with a narrative overview and analysis of the City's financial performance during the fiscal year that ended on December 31, 2019. We encourage readers to consider the information presented here in conjunction with the letter of transmittal at the front of this report, the City's basic financial statements and notes to the financial statements, to enhance their understanding of the activities and financial health of the City of Arvada.

Overview of Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements consist of the following three components:

- Government-wide Financial Statements
- Fund Financial Statements
- Notes to the Financial Statements

Required supplementary information is included throughout the report. Other supplementary information is also included at the end of the report.

Government-Wide Financial Statements. The government-wide statements are designed to provide readers with a broad overview of the City's finances using the accrual basis of accounting, the basis of accounting used by most private-sector businesses.

The statement of net position presents information on all of the City's assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference reported as net position. Over time, increases and decreases in net position may provide an indication of whether the City's financial position is improving or deteriorating.

The statement of activities presents information reflecting how the City's net position has changed during the fiscal year that just ended. All changes in net position are reported as soon as the underlying activity occurs. Thus, revenues and expenses are reported in these statements for some items that will only result in cash flows in future periods (e.g. uncollected taxes and earned but unused vacation leave).

The government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (government activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, public works, parks, and human service. The business-type activities of the City include water, wastewater, stormwater, golf and food service.

The government-wide financial statements also include both the Arvada Urban Renewal Authority and Arvada Economic Development Association as discretely presented component units of the City.

Fund Financial Statements. Traditional users of the City's financial statements will find the fund financial statement presentation more familiar.

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. A major fund should generally meet both of the following criteria: 1) total assets and deferred outflows of resources, liabilities and deferred inflows of resources, revenues, or expenditures/expenses are at least 10% of the corresponding total (assets and deferred outflows of resources, liabilities and deferred inflows of resources or expenditures/expenses) for that fund type (i.e. governmental or enterprise funds) and 2) total assets and deferred outflows of resources, liabilities and deferred inflows of resources, revenues, or expenditures/expenses of the individual

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
December 31, 2019

governmental or enterprise fund are at least 5% of the corresponding total for all governmental and enterprise funds combined.

The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All funds of the City can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental Funds. Governmental funds are used to report those same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide statements, the fund financial statements are prepared on the modified accrual basis. Under the modified accrual basis of accounting, revenues are recognized when they become measurable and available, and expenditures are recognized when the related fund liability is incurred, with the exception of long-term debt and similar long-term items which are recorded when due. Therefore, the focus of the governmental fund financial statements is on near-term inflows and outflows of spendable resources as well as on the balance of spendable resources available at the end of the fiscal year.

Since the focus of the governmental funds is on near-term resources, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. To facilitate this comparison, reconciliations are provided for both the governmental fund balance sheet and the governmental statements of revenues, expenditures and changes in fund balances.

The City adopts an annual appropriated budget for all of its governmental funds. A budgetary comparison statement has been provided to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 30-33 of this report.

Proprietary Funds. The City maintains two different types of proprietary funds, enterprise and internal service funds. The proprietary fund financial statements are prepared on the accrual basis of accounting. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its water, wastewater, stormwater, food service and golf operations. Internal service funds are accounting devices used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for medical and dental benefits provided by the City, its risk management program, its replacement of vehicles and information technology equipment, maintenance of vehicles and buildings and its print shop operations. The activity in these funds is allocated between the governmental and business-type activities based upon actual usage.

Proprietary funds provide the same type of information as the business type activities in the government-wide financial statements, only in more detail. The Water, Wastewater, Stormwater and Golf enterprise funds are considered to be major funds and are therefore presented separately within the proprietary fund financial statements. All internal service funds are considered to be non-major funds and they are combined into a single, aggregated column in the proprietary fund statements. Individual fund data for each of the non-major proprietary funds is provided in the form of combining statements located within the supplementary information following the notes to the financial statements.

The basic proprietary fund financial statements can be found on pages 37-39 of this report.

Fiduciary Funds. The City maintains two different types of fiduciary funds, trust and agency funds. The fiduciary fund financial statements are prepared on the accrual basis of accounting. The fiduciary funds are used to account for resources held by the City in a trustee capacity or as an agent for the benefit of parties outside the government. The agency fund is not reflected in the government-wide financial statements because the resources of these funds are not available to support the City's own programs.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
December 31, 2019

The trust fiduciary fund is not shown in the government-wide financial statements because the resources of this fund are not available to support the City's own program.

The City does not adopt an annual appropriated budget for its fiduciary funds.

The basic fiduciary fund financial statements can be found on pages 40-41 of this report.

Notes to the Financial Statements. The notes to the basic financial statements are considered an integral part of the financial statements since they provide additional information needed to gain a full understanding of the data provided in both the government-wide and fund financial statements. The notes to the financial statements can be found on pages 45-77 of this report

Required Supplementary Information. In addition to the basic financial statements and accompanying notes, this report presents certain required supplementary information concerning the City of Arvada's progress in funding its obligation to provide pension benefits and other postemployment benefits, which can be found on pages 79-81.

Combining Statements. The combining statements referred to earlier in connection with the non-major governmental funds, internal service funds and fiduciary funds are presented following the required notes to the financial statements.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government financial position. At the close of December 31, 2019, the City's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$918,809,000. The following summaries of net position and changes in net position are presented for the current year and the previous year in comparison format.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

Deferred inflows of resources	<u>7,601</u>	<u>6,715</u>	<u>-</u>	<u>17</u>	<u>7,601</u>	<u>6,732</u>
Net position:						
Net investment in capital assets	352,675	354,428	304,821	294,032	657,496	648,460
Restricted	24,532	24,408	2,279	2,090	26,811	26,498
Unrestricted	106,286	89,866	128,216	129,871	234,502	219,737
Total Net position	<u>\$ 483,493</u>	<u>\$ 468,702</u>	<u>\$ 435,316</u>	<u>\$ 425,993</u>	<u>\$ 918,809</u>	<u>\$ 894,695</u>

For more detailed information, see the Statement of Net Position on page 27 of this report.

By far the largest portion of the City's Governmental net position, \$352,675,000 (73%), reflects its investment in capital assets (e.g. land, buildings, improvements, infrastructure and equipment), less any debt used to acquire those assets still outstanding. The City of Arvada uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's Governmental net position, \$24,532,000 (5%), represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position, \$103,286,000 (22%), may be used to meet the City's ongoing obligations to its citizens and creditors.

The City's total net position increased by \$24,114,000 during the current fiscal year. This is due to an increase in the governmental activities of \$14,791,000 and an increase in the business-type activities of \$9,323,000. The increase in the governmental activities is primarily due an increase in transfers from business type activities for construction projects and increased investment income. The increase in the business-type activities is primarily due to developer contributions and an increase in investment income.

The above condensed summary of the City of Arvada's governmental and business-type activities for the year ended December 31, 2019 reflects net position increasing \$24,114,000. Revenues and expenses graphs are presented below to enhance the reader's understanding of the current year activities.

Governmental Activities

Governmental Activities increased Arvada's Net Position by \$14,791,000.

2019 Revenues by Source Governmental Activities

2019 Expenses and Program Revenues Governmental Activities

Business-type Activities

Business-type Activities increased Arvada's Net Position by \$9,323,000

2019 Revenues by Source

2019 Expenses and Program Revenues Business-Type Activities

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
December 31, 2019

Governmental activities. Governmental activities increased the City's net position by \$14,791,000. Key elements of this change are due to the following:

- Capital contributions from developers amounted to \$2,866,000
- Transfers from business type activities and grants fund for construction projects increased \$3,263,000
- Investment earnings increased \$4,378,000
- Miscellaneous revenues increased \$5,628,000 due to contributions from traffic impact fees
- Increases in expenditures included \$2,000,000 to Jefferson Parkway Public Highway Authority

Business-type activities. Business-type activities increased the City's net position by \$9,323,000. Key elements of this increase are due to the following:

- Developer contributions amounted to \$10,823,000
- Charges for services increased \$416,000 due to water rate and consumption increases

Financial Analysis of the City's Funds

As noted previously, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of year.

December 31, 2019, fund balances of governmental funds are classified as follows:

Nonspendable – amounts that cannot be spent either because they are not spendable in form or because they are legally or contractually required to be maintained intact. The City had \$474,000 in non-spendable resources.

Restricted – amounts that are subject to externally enforceable legal purpose restrictions imposed by creditors, grantors, contributors, or law and regulations of other governments; or through constitutional provisional or enabling legislations. The City had \$103,480,000 in restricted resources.

Committed – amounts that are subject to a purpose constraint imposed by a formal action of the City Council. The City Council is the highest level of decision-making authority for the City. Commitments may be established, modified or rescinded only through resolutions and ordinances approved by the City Council. The City had \$23,192,000 in committed resources.

Assigned – amounts that are for an intended use established by the City, but that are not considered restricted or committed. The purpose of the assignment must be narrower than the purpose of the General Fund. The City had \$19,459,000 in assigned resources.

Unassigned – represents the remaining balance for the City's General Fund. The City had \$40,221,000 in unassigned resources.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
December 31, 2019

The General Fund is the main operating fund of the City. At December 31, 2019, the non-spendable fund balance was \$423,000, the restricted fund balance was \$2,844,000, the assigned fund balance was \$2,295,000, and the unassigned fund balance was \$40,221,000. The total fund balance increased \$922,000 in 2019 to \$45,783,000. On a budgetary basis, the General Fund finished over \$4,182,000 to the good on expenditures. The increase in total fund balance is primarily due to a decrease in transfers to the capital projects funds for construction.

The Community Development Fund is a major fund of the City. At December 31, 2019, the restricted fund balance was \$1,765,000 and the assigned fund balance was \$3,753,000. Total fund balance increased \$126,000 in 2019 to \$5,518,000. The increase was due to fewer transfers to the capital projects fund for construction.

The Parks Fund is a major fund of the City. At December 31, 2019, the non-spendable fund balance was \$27,000 the restricted fund balance was \$190,000 and the assigned fund balance was \$5,884,000. The total fund balance increased \$586,000 in 2019 to \$6,101,000. This increase is due to an increase in funding from Jefferson County Open Space and an increase in investment earnings.

The General Capital Projects Fund is another major fund of the City. At December 31, 2019, the restricted fund balance was \$4,816,000, the committed fund balance was \$23,192,000 and the assigned fund balance was \$7,527,000. The total fund balance increased \$10,065,000 in 2019 to \$35,535,000. The increase is due to fewer expenditures in 2019, and contributions for traffic impact fees in 2019.

The Construction Fund is another major fund of the City. At December 31, 2019 the restricted fund balance was \$79,010,000. Total fund balance increased \$78,252,000 in 2019 to \$79,010,000. This increase is due to bond proceeds of \$80,171,000 from the issuance of Sales and Use Tax Revenue Bonds for two street improvement construction projects.

Proprietary funds. The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

The unrestricted net position balances of the City's proprietary funds (including the major enterprise funds) are reflected in the following table:

**Table of Unrestricted Net Position
Net Position - Proprietary Funds
(in thousands)**

	Unrestricted Net Position for Year ended 12/31/19	Unrestricted Net Position for Year ended 12/31/18
Major Enterprise Funds		
Water	\$ 106,225	\$ 105,154
Wastewater	12,370	13,574
Stormwater	7,076	7,261
Golf	(3,437)	(2,790)
Food Service	724	843
Total of major enterprise funds	122,958	124,042
Internal service funds	26,202	22,406
Total proprietary funds	\$ 149,160	\$ 146,448

Component units. The Arvada Economic Development Association (AEDA) was established to encourage all forms of economic development. Funding for AEDA consists of compensation from the City for services it renders the City and its citizens. The statement of net position reflects an unrestricted net position of \$651,000. The total change in net position for AEDA was a decrease of \$110,000.

The Arvada Urban Renewal Authority (AURA) was created by Ordinance No. 1717 under the Colorado Urban Renewal Law and approved by voters on March 3, 1981. AURA's purpose is to develop, redevelop or rehabilitate blighted areas of the City. The governing body of AURA is a commission of seven members, appointed by the Mayor and approved by City Council. AURA's annual budget is approved by the City Council and the City provides administrative support to AURA. The statement of net position reflects \$221,000 of restricted net position balance and \$2,956,000 of unrestricted net position balance. The total change in net position for AURA was an increase of \$2,420,000.

Budgetary Highlights

General Fund.

Final budgeted expenditures and transfers out increased \$6,572,000 from the original budget to a total of \$103,952,000. \$5,488,000 of this increase is due to projects not completed in 2018 and carried to 2019 and also one-time funding for projects. Major projects included obligations related to Jefferson Parkway Public Highway Authority (JPPHA), street maintenance projects, and security upgrades at City buildings. The remaining increase included various operational expenses in the General Fund.

Intergovernmental revenue exceed budget by \$1,202,000 due to a one time distribution of Highway Users Tax. Sales and Use taxes did not meet budget by \$4,102,000 due to sales and use tax not seeing expected increases however, auto use tax and building use tax exceeded budget. Fine and forfeitures did not meet budget by \$838,000 primarily due to decreases in court fines and fees. Public Works expenditures had a savings of \$4,679,000 due primarily to projects delayed to 2020. Finance expenditures exceeded budget by \$1,024,000 primarily due to tax abatements exceeding expectations and grants revenues and expenditures exceeding budget.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
December 31, 2019

Capital Asset and Debt Administration

Capital Assets. The City's investment in capital assets for its governmental and business-type activities as of December 31, 2019 amounted to \$683,081,000 (net of accumulated depreciation). This investment in capital assets includes land, water rights, buildings and improvements, equipment and infrastructure.

City of Arvada
Capital Assets (net of depreciation)
as of December 31, 2019
(in thousands)

	Governmental Activities	Business-type Activities	Total Primary Government
Land and water rights	\$ 55,990	\$ 39,771	\$ 95,761
Infrastructure	143,275	5,814	149,089
Construction in progress	53,403	11,472	64,875
Buildings	28,509	11,768	40,277
Improvements other than buildings	77,543	240,496	318,039
Equipment & vehicles	14,049	991	15,040
Total capital assets	<u>\$ 372,769</u>	<u>\$ 310,312</u>	<u>\$ 683,081</u>

Major capital improvements during this fiscal year include the following:

Governmental Activities

- Parks Maintenance Building
- Whisper Creek Community Police Station
- Fiber and conduit throughout the City
- Playground renovations
- Ralston Road improvements from Upham Street to Yukon Street
- Ralston Road improvements from Yukon Street to Garrison
- West 72nd Street improvements and railroad underpass from Kipling Street to Simms Street

Proprietary Activities

- On-going maintenance and replacement of water, sewer and stormwater lines
- Security system at the water treatment plant
- Denver Moffat water project
- Ralston line repairs

Additional information of the City's capital assets can be found in Note 3.B on page 60 of this report.

Long-term debt. At the end of December 31, 2019, the City had total debt outstanding of \$89,145,000. Of this amount, \$73,000,000 represents bonds secured by specified revenue sources (i.e. sales tax revenue bonds and water revenue bonds). The remaining \$16,145,000 are Certificates of Participation.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

**RECONCILIATION OF THE BALANCE SHEET OF
GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION
December 31, 2019
(in thousands)**

Amounts reported for governmental activities in the statement of net position are different because:

Total fund balances - governmental funds	\$ 186,826
--	------------

Capital assets net of accumulated depreciation used in governmental activities are not current financial resources. Therefore, they are not reported in the funds financial statements.	362,363
---	---------

Internal service funds are used by management to charge the costs of certain activities to individual funds. A portion of the assets and liabilities of internal service funds are included in the governmental activities in the statement of net position.	31,349
--	--------

Deferred outflow of resources are not financial resources, and therefore are not reported in the funds.	287
---	-----

Certain assets are not available to provide current year financial resources and therefore are deferred in the fund statements

Notes Receivable - non-current	1,624	
Grants Receivable - non-current	824	
AURA and Arvada Center Notes Receivable	1,894	
Subtotal	<u>4,342</u>	4,342

Long-term liabilities and assets are not due and payable or available in the current period and accordingly are not reported in the fund financial statements
Balances at December 31, 2019 are:

Bonds payable	(78,107)	
Obligation under certificates of participation	(17,739)	
Interest accrual	(296)	
Net pension liability	(3)	
Total OPEB liability	(1,894)	
Compensated absences	(3,635)	
Subtotal		(101,674)

Net position of governmental activities	<u><u>\$ 483,493</u></u>

**RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL
FUNDS TO THE STATEMENT OF ACTIVITIES**
Year ended December 31, 2019
(in thousands)

Net change in fund balances - total government funds \$ 89,253

Governmental funds report capital outlays as expenditures. However in the statement of activities, the cost of those assets is allocated over their useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period.

Capital outlay	15,126	
Disposal of Capital Assets, net of internal service funds	(3,067)	
Depreciation expense	(15,519)	
Excess of depreciation expense over capital outlay		(3,460)

Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of debt principal is an expenditure in the governmental funds, but repayment reduces long-term liabilities in the statement of net position. Issuing debt increases long-term liabilities and does not affect the statement of activities.

Issuance of debt	(80,171)	
Repayment of principal	3,295	
Subtotal		(76,876)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the governmental funds.

Developer Contributions	2,866	
Grants/notes receivable - current net of allowance	(404)	
Subtotal		2,462

Internal service funds are used by management to charge the costs of certain activities, such as risk management, vehicle replacement and maintenance, information technology replacement and the print shop services. A portion of the revenue (expense) of certain internal service funds is reported with governmental activities.

3,380

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Amortization of bond premium and deferred loss on refunding	363	
Pension	(2)	
OPEB	(77)	
Interest expense	(240)	
Compensated absences	(12)	
Subtotal		32

Change in net position of governmental activities		\$ 14,791
---	--	-----------

The accompanying notes are an integral part of these financial statements.

1. Summary of Significant Accounting Policies

This is a summary of significant accounting policies for the City of Arvada, Colorado presented to assist the reader in interpreting the financial statements and other data in this report. The policies are considered essential and should be read in conjunction with the accompanying financial statements.

A. Financial Reporting Entity

The City of Arvada is a political subdivision of the State of Colorado, located in Jefferson and Adams Counties in the northwest quadrant of the greater Denver, Colorado, metropolitan area. The population of the City is approximately 123,502. The City, incorporated in 1904, provides general government; police services; water; sewer, stormwater; golf; park maintenance; food service; and various trust and agency functions in a fiduciary capacity. The City does not provide fire protection, public education, or solid waste services.

An elected mayor and six-member council govern the City. As required by accounting principles generally accepted in the United States of America (US GAAP) these financial statements present the City and its component units, entities for which the City is considered to be financially accountable. Blended component units, although legally separate entities are, in substance, part of the City's operations and data from these units are combined with data of the City. The discretely presented component units, on the other hand, are reported in separate columns in the government-wide statements to emphasize they are legally separate from the City. Each blended and discretely presented component unit has a December 31 year-end.

Blended Component Units

Arvada Housing Authority (Special Revenue Fund) – The Authority administers funds received for rent subsidy to low/moderate income households under Section 8 of the U.S. Housing Assistance Payment Program. The City provides all administrative support to the Authority. The Authority, a legally separate entity, is governed by a Board of Directors, which consists of all current members of the Arvada City Council. Separate audited financial statements for the Arvada Housing Authority are not prepared.

Discrete Component Units

Arvada Urban Renewal Authority (AURA) – AURA is reported in a separate column as a discretely presented component unit to emphasize that it is legally separate from the City.

AURA was created by Ordinance No. 1717 under the Colorado Urban Renewal Law and was approved by the voters on March 3, 1981. Its purpose is to develop, redevelop or rehabilitate blighted areas of the City. AURA currently has five active project areas, Ralston Fields, Jefferson Center Metropolitan District (JCMD), Village Commons, Olde Town Station and Northwest Arvada. The governing body of the AURA is a commission of seven members, appointed by the Mayor and approved by City Council for staggered terms of five years. AURA's annual budget must be approved by the City Council and the City provides administrative support to AURA.

The City has implemented GASB Statement 61, *The Financial Statement Reporting Entity: Omnibus- An Amendment of GASB Statements No. 14 and No. 34*, and we believe that AURA is included as a discrete component unit in the City's financial statements for the following reasons: the City's ability to appoint AURA's governing authority and approve the budget and its revisions. The City does not have any responsibilities to fund AURA operating deficiencies or deficits. Tax revenues are imposed and collected by the City.

NOTES TO FINANCIAL STATEMENTS
December 31, 2019

Separate audited financial statements for AURA may be obtained from the City.

Arvada Economic Development Association (AEDA) – AEDA is reported in a separate column as a discretely presented component unit to emphasize that it is legally separate from the City. AEDA financial statements consist of one governmental fund.

AEDA was established to encourage and stimulate all forms of economic development, commercial and industrial. The services provided by AEDA benefit both the City and citizens by providing information and services to existing and prospective businesses and industries. Funding for AEDA consists of compensation from the City for services it renders the City and its citizens. The City also provides administrative support for AEDA. A Board of Directors appointed by City Council governs AEDA.

The City has implemented GASB Statement 61, *The Financial Statement Reporting Entity: Omnibus- An Amendment of GASB Statements No. 14 and No. 34*, and we believe that AEDA is included as a discrete component unit in the City's financial statements for the following reasons: the City funds all of the operations of AEDA, and the City Council appoints six members of the board. There are no separately issued financial statements for AEDA.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all the non-fiduciary activities of the City and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which are normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the City is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major enterprise funds are reported as separate columns in the fund financial statements.

Measurement Focus and Basis of Accounting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and trust fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

NOTES TO FINANCIAL STATEMENTS
December 31, 2019

Government fund financial statements are reported using the current financial resources measurement focus and modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and judgments, are recorded only when payment is due.

Taxes, franchise fees, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

Agency funds use the accrual basis of accounting.

C. Financial Statement Presentation

The accounts of the City are organized and operated on the basis of funds, each of which is considered a separate accounting entity. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts that comprise its assets and deferred outflows of resources, liabilities and deferred inflows of resources, fund equity, revenues and expenditures or expenses as appropriate. The various funds are summarized by type within the financial statements.

The City reports the following major governmental funds:

The General Fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Community Development Fund accounts for all entitlements, revenues and expenditures of the Community Development Block Grants (CDBG) program, the Home Rehabilitation program and Essential Home Repairs program.

The Parks Fund accounts for costs associated with the acquisition, design, development, maintenance and beautification of parks, open space and trails within the City. Revenues are derived from the City's General Fund, Grants Fund, Lands Dedicated Funds and Jefferson County Open Space funds.

The General Capital Projects Fund accounts for all major capital projects of the City. Appropriations are not restricted to a fiscal year. Sources of revenue to this fund are transfers from the General and other funds, interest earned, transfers from Jefferson County Open Space funds and contributions by developers and government grants.

The Construction Fund accounts for proceeds from the Series 2016 Certificates of Participation issue and the Sales and Use Tax Revenue Bonds Series 2019. Funds be used for the reconstruction and widening of West 72nd Avenue and Indiana Street and to expand the existing West Woods Golf Clubhouse, reconstruction and widening of Ralston Road from Yukon Street to Garrison Street and the reconstruction and railroad underpass on West 72nd Avenue from Kipling Street to Simms Street.

NOTES TO FINANCIAL STATEMENTS
December 31, 2019

The City reports the following major proprietary funds:

The Water Fund accounts for all activity within the scope of water utility operations. Water service is available within the City limits and is extended to some residents of the county and adjacent cities. All activities necessary to provide such service are accounted for in this fund, including administration, operations, capital water projects, maintenance, financing and related debt service, and billing and collection.

The Wastewater Fund accounts for all activities necessary in the collection, transmission, and disposal of sewage and wastewater. It includes administration, operations, capital maintenance, financing and billing and collection.

The Stormwater Fund accounts for all activities necessary to maintain a stormwater management plan. It includes administration, operations, capital maintenance and billing and collection.

The Golf Course Fund accounts for all the operation and maintenance of the City's two golf courses and restaurants at each location. Revenues are derived from golf sales and restaurant sales.

Government fund and proprietary fund types that do not meet the criteria of major funds have been summarized and presented as other governmental or proprietary funds within the fund financial statements.

Additionally, the City reports the following fund types:

Internal Service Funds are used to account for the City's fleet and information technology replacement, risk management insurance program, self-funded medical and dental insurance, printing services and building and fleet maintenance services.

The City reports the following fiduciary funds:

The Pension Trust Fund is used to account for the City's defined benefit police pension trust to provide retirement benefits for one retiree that did not elect to join the new plan formed in 1986.

Agency Fund is used to account for a variety of deposits from various sources held in escrow.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this rule are the charges between the City's enterprise operations and various other functions. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses for enterprise and internal service funds include cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available, it is the City's practice to use restricted resources first, then unrestricted resources as they are needed.

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Fund Balance/Net Position**1) Deposits and Investments**

The City's cash and cash equivalents include amounts that are readily convertible to known cash and are not subject to significant risk from changes in interest.

The City pools cash resources of most funds to facilitate the management of cash. Cash applicable to a particular fund is readily identifiable. The balance in the pooled cash accounts is available to meet current operating requirements. Cash in excess of current requirements is invested in various interest-bearing securities and disclosed as part of the City's investments.

Cash overdrafts from pooled cash and investments are reported as an interfund receivable/payable.

Colorado statutes require that the City use an eligible public depository as defined by the Public Deposit Protection Act (PDPA). Under the Act, the depository is required to pledge a pool of eligible collateral having a market value at all times equal to at least 102% of the aggregate public deposits held by the depository not insured by Federal Depository Insurance. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. Each institution designated as a public depository can be assessed a portion of the losses of a public entity's deposits in a failed public depository. Thus, all public deposits are fully collateralized. Eligible collateral as defined by the Act primarily includes obligations of, or guaranteed by, the U.S. Government, the State of Colorado or any subdivision thereof and obligations evidenced by notes received by first lien mortgages or deeds of trust on real property.

Investments in local government investment pools are reported at the net asset value per share which is determined based upon how the fund is valued (i.e. fair value or amortized cost). All other investments are reported at fair value. For cash and cash equivalents, the fair value approximates the carrying value. For long-term investments, fair value is determined via dealer quotes. The City considers all investments with original maturities at three months or less to be cash equivalents.

2) Receivables and Payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "interfund receivables/payables" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds". On the Statement of Net Position, residual balances between governmental and business type activities are reflected as internal balances.

Receivables are shown net of an allowance for uncollectibles, where applicable.

Property taxes attach an enforceable lien on the property as of January 1 and are levied on the following January 1. Taxes are payable the following year in one installment made on or before April 30, or in two installments made on or before February 28 and June 15. The assessments and collections are made by Jefferson County and Adams County and are remitted monthly to the City. City property tax revenues certified in December are recorded as a receivable and an offsetting deferred inflow of resources.

NOTES TO FINANCIAL STATEMENTS
December 31, 2019

The City records non-current receivables for interfund and other long-term notes on the Statement of Net Position of its Proprietary Fund Types. Within the governmental funds, all non-current receivables are fully offset by deferred inflow of resource if the payment resulting in the receivable was originally recorded as an expenditure. Non-current receivables and other long-term notes are shown on the statement of net position of the government-wide statements, net of allowance.

3) Inventories and Prepaid Items

Inventories are valued at cost using the first-in/first-out (FIFO) method with the exception of the City's central supply inventory which is valued at average cost. The cost of inventories is recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid costs in both government-wide and fund financial statements. The consumption method is used to recognize expense in the period service is provided.

4) Restricted Assets

The City first applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available. Certain assets of the Community Development Block Grant special revenue fund are restricted because their use is completely restricted by grant agreements.

5) Capital Assets

Capital assets which include property, plant, equipment, and all infrastructure assets (e.g. roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities column in the government-wide financial statements and in the Proprietary funds in the fund financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of three years. Such assets are recorded at historical costs or estimated historical cost if purchased or constructed. Donated assets, donated works of art and similar items, and capital assets received in a service concession arrangement are recorded at acquisition value.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Capital assets other than land and water rights are depreciated. Depreciation is computed using the straight-line method with estimated useful lives as follows:

<u>Assets</u>	<u>Years</u>
Buildings	50
Road system infrastructure	25
Other improvements	20
Other infrastructure	8-50
Equipment	5-10
Vehicles	3-5

6) Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. No liability is reported for unpaid accumulated sick leave since benefits are not paid upon termination. Vacation pay is accrued when earned in the government-wide and proprietary fund financial statements. The compensated absences are only reported in governmental funds if they are due. Compensated absences of the governmental activities are expected to be liquidated primarily with revenues of the General Fund.

7) Long-Term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Debt premiums and discounts are deferred and amortized over the life of the debt using the straight line method. Debts payable are reported net of the applicable debt premium or discount.

In the fund financial statements, governmental fund types recognize debt premiums and discounts, as well as debt issuance costs, during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

8) Deferred Inflows and Outflows of Resources

A deferred inflow of resources is an acquisition of net position that is applicable to future reporting periods. A deferred outflow of resources is a consumption of net position that is applicable to future reporting periods. Deferred outflows of resources include items related to the Police Defined Benefit pension plan, items related to OPEB liability, and deferred loss on debt refunding and is included in the government wide statements but not in the fund statements.

Under the modified accrual basis of accounting, revenues and other fund financial resources are recognized in the period in which they become measurable and available. Assets recorded in the fund financial statements in which revenues are not available are recorded as a deferred inflow of resources. Property tax receivables are reported as a deferred inflow of resources when levied in both the government-wide activity and fund statements.

Deferred inflows of resources also include non-current grants and notes receivable that are unavailable in the fund statements but are recognized as revenue in the government-wide statements.

9) Fund Balance

The City previously adopted the standards of Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* (GASB 54). This Statement defines the different types of fund balances that a governmental entity must use for financial reporting purposes. The classifications are designed based on the relative strength of the constraints that control how specific amounts can be spent, or the inability to be spent such as inventories and prepaids. When expenditures are incurred that use funds from more than one classification, the City will generally determine the order which the funds are used on a case-by-basis, taking into account any application requirements or

NOTES TO FINANCIAL STATEMENTS
December 31, 2019

grant agreements, contracts, business circumstances or other constraints. If no other constraints exist, the order of spending of resources will be restricted, committed, assigned and lastly, unassigned.

GASB 54 requires the fund balance amounts to be properly reported within one of the fund balance classifications listed below:

1. **Nonspendable** – fund balance associated with inventories, prepaids, long-term loans and notes receivable (unless the proceeds are restricted, committed or assigned).
2. **Restricted** – fund balance that can be spent only for specific purposes stipulated by constitution, external resource providers or through enabling legislation.
3. **Committed** – fund balance that is subject to a purpose constraint imposed by formal action of the City Council. The City Council is the highest level of decision-making authority for the City. Commitments may be established, modified or rescinded through resolutions and ordinances approved by the City Council, both require the same level of action to add or remove the constraint.
4. **Assigned** – fund balance that is intended for use established by the City, but are not considered restricted or committed. The financial policies and guidelines authorize the assignment of fund balances by informal action of City Council (no ordinance or resolution) or by the City Manager.
5. **Unassigned** – fund balance that is the residual classification that does not meet any of the other classifications and is used for the General Fund. The General Fund is the only fund that reports a positive unassigned fund balance. Other governmental funds do not show a positive unassigned fund balance, however if expenditures incurred for specific purposes exceed amounts that are restricted, committed, or assigned to those purposes it may be necessary to show a negative unassigned fund balance in governmental funds other than the General Fund.

NOTES TO FINANCIAL STATEMENTS
December 31, 2019

The following table illustrates the current fund balance amounts associated with each major fund and the non-major funds in the aggregate:

Fund Balances:	General Fund	Community Development Fund	Parks Fund	Capital Projects Fund	Construction Fund	Other Governmental Funds	Total Governmental Funds

10) Net Position

Net position represents the difference between assets plus deferred outflows of resources, and liabilities plus deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition or construction of improvements of those assets. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation adopted by the City or through external restriction imposed by creditors, grantors, laws, or regulations of other governments.

In November, 1992, Colorado voters passed Article X, Section 20 to the State Constitution, described in Note 2C. The Amendment requires that a percentage of fiscal year spending, excluding bonded debt service, be legally restricted to be used for declared emergencies only. This amount is reflected on the government-wide statement of net position as net

NOTES TO FINANCIAL STATEMENTS
December 31, 2019

position – restricted for emergencies. The amendment requires a three percent emergency reserve at December 31, 1995 and thereafter. An emergency is defined in the Amendment as an event, which excludes economic conditions, revenue shortfalls, salary or fringe benefit increases.

11) Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

2. Stewardship, Compliance and Accountability

A. Budgetary Information

Annual budgets are adopted on a basis consistent with US GAAP for all governmental funds except the capital projects and construction funds. All other annual appropriations lapse at fiscal year-end. The General Fund expenditures are budgeted on a non-GAAP basis due to the allocation of internal transfers. Proprietary Funds are budgeted on a non-GAAP basis due to the budgeting of capital outlay and not depreciation. Budgetary financial statements do not include the Capital Projects Fund or Construction Fund because the projects accounted for in these funds often span multiple years. Budgets are also not adopted for the Fiduciary funds and the Arvada Medical internal service fund.

Not less than sixty days prior to the first day of the next fiscal year, Council adopts the City budget by resolution and the annual appropriation by ordinance. The City prepares a combination line item and program budget, but the level of control is at the fund level which is the amount approved by ordinance. For budgetary, appropriation and reporting purposes, interfund transfers are considered to be revenues or expenditures.

Both the adopted budget and the level of appropriation (by fund) can be amended during the budget year. This action requires Council approval in the form of a resolution for a budgetary amendment and by ordinance requiring a public hearing for an increase in appropriations. Intrafund budgetary transfers between departments within a fund can be accomplished with the approval of the Manager.

B. State Constitutional Amendment

On November 3, 1992, the voters of the State approved Article X, Section 20 to the State Constitution (the Amendment) limiting growth of public entities and their ability to borrow and tax.

Enterprises, defined as government-owned businesses authorized to issue revenue bonds and receiving less than 10% of its annual revenue in grants from all state and local governments combined, are excluded from the provisions of the Amendment. The City's management is of the opinion that it's Water, Wastewater, Stormwater, Golf and Food Service operations qualify for this exclusion.

The initial revenue base is 1992 fiscal year spending. Future revenue limits are determined based upon the prior year's fiscal year spending adjusted for a growth factor based upon inflation and changes in the actual value of real property within its boundaries. Excluded revenues such as gifts and federal funds are not used to calculate the limit. Revenue in excess of the limit must be refunded unless the voters approve retention of such revenue.

NOTES TO FINANCIAL STATEMENTS
December 31, 2019

On November 5, 1996, the qualified electors of the City approved Resolution R-96-127, which reads as follows:

Without creating any new tax or increasing any current taxes, shall the City of Arvada be permitted, in 1996 and each year thereafter, to retain and spend City revenues in excess of the spending, revenue raising, or other limits in Article X, Section 20 or the Colorado Constitution, utilizing such revenues for public safety, municipal services, transportation and other public improvements, parks and recreational facilities, and any other lawful public purpose?

The Amendment requires, with certain exceptions, voter approval prior to imposing new taxes, increasing a tax rate, imposing a mill levy that will produce property tax revenue in excess of the amount collected in the previous year adjusted by the growth factor, extending an expiring tax, or implementing a tax policy change which directly causes a net tax revenue gain.

Except for bond refinancing at lower interest rates or adding employees to existing pension plans, the Amendment specifically prohibits the creation of multiple fiscal year debt or other financial obligations without voter approval and without irrevocably pledging present cash reserves for all future payments.

The City believes it is in compliance with the requirements of the Amendment. However, due to the broad general terms of the Amendment, the City has been required to make certain interpretations of the Amendment's language in order to determine its compliance. Ultimately, the courts may be required to determine the appropriate interpretations of the Amendment's terms and provisions.

3. Detailed Notes on Funds and Account Balances

A. Deposits and Investments

As of December 31, 2019, the City's cash deposits had a carrying value of \$5,942,013. The bank balances were \$7,609,591 of which \$890,275 was covered by federal deposit insurance and \$6,719,315 was collateralized with securities held by the pledging financial institution's trust department or agent in the City's name. Cash with fiscal agent had a balance of \$35,983,153. These funds are held in escrow for the Gross Reservoir Enlargement project with Denver Water. These funds are invested in instruments which follow the City's investment policies and procedures.

Investment policies are governed by the City's investment policies and procedures and State Statutes. Investments of the City and AEDA may include:

- Local government investment pools authorized under the laws of the State of Colorado whose investment policy closely mirrors that of the City.
- Direct obligations of the United States government, including such instruments as Treasury Bills, Treasury Notes, Treasury Bonds, Export Import Bank issues, Farmers Home Administration Insured Notes, certain scaled discount notes, and certain relatively short-term securities issued by the Government National Mortgage Association.
- Obligations of certain U.S. Government agencies, including but not limited to such instruments as Federal Home Loan Bank debt, Federal National Mortgage Association debt, certain scaled discount notes, and/or certain short-term Federal Farm Credit debt.
- Purchases of the direct or agency securities mentioned above, under the terms of a repurchase agreement or in support of a City "Sweep Account" which meet the City's procedures for the delivery, possession and safekeeping of investment securities.
- Repurchase agreements
- Commercial paper and certificates of deposits

NOTES TO FINANCIAL STATEMENTS
December 31, 2019

- AAA-rated money market funds

Interest Rate Risk

The City's investment policy does not specifically address Interest Rate Risk. The State Statutes require 3 or 5 years depending on the investment. In practice, the City does not purchase any investments with a maturity of longer than 5 years with all "money market instruments" having a maturity of one year or less. The City assumes its investments will be held to maturity and callable investments may or may not be called.

Credit Risk

The City's general investment policy is to apply the prudent-person rule: Investments are made as a prudent person would be expected to act, with discretion and intelligence, to seek reasonable income, preserve capital, and, in general, avoid speculative investments. The State Statutes specify rating requirements depending on the investment. All corporate bonds have AA or higher ratings.

Concentration of Credit Risk

As a means of limiting its exposure, the City's total investment in any specific money market or mutual fund shall not exceed 10% of the total assets of such fund class. At December 31, 2019, the City's investments in the Federal Home Loan Bank (FHLB), Federal Home Loan Mortgage Corporation (FHLMC), Federal National Mortgage Association (FNMA), Federal Farm Credit Bank (FFCB), and Federal Agricultural Mortgage Corporation (FAMC) are 6.06%, 7.04%, 3.98%, 6.38% and 3.02% of total investments, respectively.

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The City's investment policy requires commercial banks and savings and loan associations to be eligible public depositories within the meaning of the Colorado Revised Statutes of PDPA and S&L PDPA. The depositories will also have to possess overall financial strength, capitalization and liquidity to ensure the safety and availability of such monies. The assessment of this overall financial strength shall be made applying generally accepted industry standards (i.e. capital requirements, asset quality, earnings and liquidity) using available public agency and private rating services as appropriate.

Local Government Investment Pools

The City utilizes three local government investment pools for investment, when a high degree of liquidity is prudent. The three pools are the Colorado Local Government Liquid Asset Trust (COLOTRUST), The Colorado Surplus Asset Fund Trust (CSAFE), and the Colorado Statewide Investment Program Trust (CSIP), collectively, the Trusts. COLOTRUST and CSIP are local government investment pools with a stable net asset value (NAV) and its NAV is measured at fair value per share. CSAFE is considered a qualifying external investment pool under GASB Statement No. 79, *Certain External Investment Pools and Pool Participants* and its NAV is measured at amortized cost per share. The State Securities Commissioner administers and enforces all State statutes governing the Trusts. The Trusts operate similarly to a money market fund and each share is equal in value to \$1.00, although not guaranteed. Investment objectives and strategies focus on safety, liquidity, transparency, and competitive yields through investment in a diversified portfolio of short-term marketable securities. The Trusts may invest in U.S. Treasury securities and repurchase agreements collateralized by U.S. Treasury securities, certain obligations of U.S. government agencies and highly rated commercial paper. A designated custodial bank serves as custodian of the Trusts' portfolios and provides services as the depository in connection with direct investments and withdrawals. The custodians' internal records segregate investments owned by the Trusts. The Trusts do not have any limitations or restrictions on participant withdrawals.

NOTES TO FINANCIAL STATEMENTS
December 31, 2019

Cash and Investments reported on the financial statements as of December 31, 2019 (in thousands):

Cash and Investments	\$ 294,969
Cash with Fiscal Agent – restricted cash	35,983
Restricted Cash	<u>1,740</u>
Total per Statement of Net Position	332,692
Agency Fund	7,426
Police Pension Defined Benefit	<u>441</u>
Total Financial Statement Cash & Investments	<u>\$340,559</u>
Carrying value of cash	\$ 5,942
Cash with Fiscal Agent	35,983
Fair market value of investments	<u>298,634</u>
Total value cash and investments	<u>\$ 340,559</u>

AURA Investment Policy

AURA is required to comply with State statutes which specify instruments meeting defined rating, maturity, and concentration risk criteria in which units of local government may invest. In addition, AURA has an investment policy in which seeks to ensure the preservation of capital in the overall portfolio.

Per AURA's investment policy, funds of AURA may be invested in:

- U.S. Treasury Securities
- Obligations of the U.S. Government agencies (including FDIC and FSLIC insured transactions up to \$100,000)
- Certificates of deposit and other evidences of deposit or investment at banks, savings and loan associations and other state or federally regulated financial institutions subject to PDPA (5%) and a minimum net worth of any bank of \$10,000,000 and a minimum net worth of any savings and loan association of \$15,000,000
- Repurchase agreements made in compliance with Revised Colorado State Statute 24-36-113. Repurchase collateral will be perfected and delivered to the Trustee. Repurchase agreements must be collateralized at a minimum of 100% of the purchase price of the repurchase agreement and market-to-market on a weekly basis. All repurchase agreements shall be evidenced by a master repurchase agreement between AURA and securities dealer.
- Money market funds. Investments with any financial institutions which have appeared in any published watch list during a 12-month period preceding the investment date in an amount greater than \$100,000 is specifically prohibited.

AURA's investment policy follows State statutes, but places additional limits on investment maturities and custodial credit risk.

Interest Rate Risk – AURA's investment policy limits the maturity of investment instruments or fixed-income securities to a maximum of three years except for reserve funds which are invested subject to agreements tailored to bond indentures, when applicable.

Credit Risk – State statutes limit investments in money market funds to those that maintain a constant share price, with a maximum remaining maturity in accordance with Rule 2a-7, and either have assets of one billion dollars or the highest rating issued by a nationally recognized

NOTES TO FINANCIAL STATEMENTS
December 31, 2019

organization that regularly rates such obligations. At December 31, 2019, AURA's investment in the Dreyfus Government Cash Management money market fund of \$356,446 was rated AAA by Moody's and have a weighted average maturity of less than one year.

Custodial Credit Risk – AURA's investment policy requires that investments be placed with two or more financial institutions and in such amounts or proportions of total investments or assets as may be reasonable and prudent.

Concentration of Credit Risk – State statutes generally do not limit the amount AURA may invest in one issuer.

At December 31, 2019, the Authority invested in CSIP's Term Portfolio, an investment vehicle established for local government entities in Colorado pursuant to Part 7 of Article 75 of Title 24 of the Colorado Revised Statutes, to pool surplus funds for investment purposes. CSIP operates similarly to a money market fund and each share is equal to \$1.00. The value of the position in the pool is the same as the value of the pool shares. The designated custodial bank provides safekeeping and depository services in connection with the direct investment and withdrawal functions. Substantially all securities owned by the pool are held by the Federal Reserve Bank in the account maintained for the custodial bank. The custodian's internal records identify the investments owned by the pool. The Authority's investment in CSIP is rated AA+ by Fitch Ratings. CSIP is routinely monitored by the Colorado Division of Securities with regard to operations and investments.

Fair Value of Investments

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1: Quoted (unadjusted) prices in active markets or an identical asset or liability at the measurement date
- Level 2: The market approach technique is utilized using quoted prices of securities with similar characteristics or independent asset pricing services.
- Level 3: Unobservable inputs for an asset or liability

NOTES TO FINANCIAL STATEMENTS
December 31, 2019

The City has the following fair value measurements as of December 31, 2019:

Investment by fair value level	Fair Value	Fair Value Measurements		
		Level 1	Level 2	Level 3
US Treasuries	\$ 101,214,701	\$ 101,214,701	\$ -	\$ -

NOTES TO FINANCIAL STATEMENTS
December 31, 2019

Depreciation expense was charged to functions/programs of the primary government as follows (in thousands):

	<u>Governmental Activities</u>	<u>Business-Type Activities</u>
General government	\$ 5,137	\$ -
Public safety – police & judicial	659	-
Public works	9,114	-
Parks	332	-
Culture	277	-
Internal Service	2,386	-
Water	-	4,322
Wastewater	-	1,434
Stormwater	-	1,180
Golf	-	592
Food	-	32
Total depreciation expense	<u>\$ 17,905</u>	<u>\$ 7,560</u>

C. Construction Commitments

The City has active construction projects as of December 31, 2019. The projects include streets, general construction and water, and wastewater system projects. At year end the City's commitments with contractors are as follows (in thousands):

	<u>Project Spent-to-Date</u>	<u>Remaining Commitment</u>
Streets construction	\$ 12,727	\$ 828
General Construction	395	420
Wastewater System	1,248	63
Water system	5,649	1,663
Total	<u>\$ 20,019</u>	<u>\$ 2,974</u>

NOTES TO FINANCIAL STATEMENTS
December 31, 2019

D. Interfund Transactions

There were two “interfund receivable” and “interfund payable” balances and one “advance to” and “advance from” as of December 31, 2019. The Wastewater Fund loaned the Golf Fund \$2,000,000 for the construction of an irrigation system at Westwoods Golf Course. The loan is for 15 years at 2.5% interest with semi-annual interest and principal payments beginning in June, 2018. The balance as of December 31, 2019 was \$1,772,000. This transaction has been eliminated in the presentation of the Government-Wide financial statements but appears in the proprietary funds financial statements. The Golf Fund owes the General Fund \$1,348,706 for expenditures to be repaid, which accounts for the second “interfund receivable” and “interfund payable”.

Transfers to/from other funds for the year ended December 31, 2019 were as follows (in thousands):

Fund	Transfers In	Transfers Out
General Fund	\$ 35	\$ 15,025
Community Development Fund	45	102
Parks Fund	3,549	60
Capital Projects Fund	12,955	1,924
Construction Fund	2,320	-
Non-major Governmental Funds	2,198	1,972
Water Fund	510	1,229
Wastewater Fund	-	334
Stormwater Fund	-	1,585
Golf Course Fund	251	416
Food Service Fund	96	-
Internal Service Funds	1,199	511
Total	\$ 23,158	\$ 23,158

The General Fund transfers out include support transfers to Parks, Community Development, Food Service, and Golf Course Funds, capital transfer to the Capital Projects Fund, debt transfers to the COP Fund, and transfers to the Vehicles internal service for the purchase of police vehicles.

The Community Development Fund transfer in is from the General Fund to support operations and the transfers out are to the Housing Fund to offset administrative costs.

The Parks Fund transfer in is from the General Fund to support operations. The transfer out is to the Vehicle Internal Service Fund to purchase vehicles.

This year the General, Gants, Police Tax Incremental, Special Assessment, Stormwater, Building and Water Funds made transfers into the Capital Projects Fund. The transfer out was to the Construction fund.

The Construction Fund transfer in was from the Capital Project and Water Funds for construction projects.

The Water Fund transfer out was to the Vehicle Fund for the purchase of vehicles and to the Capital Project and Construction Funds for non-enterprise assets. The transfers in are from the Wastewater and Stormwater Funds in support of administrative expenses.

NOTES TO FINANCIAL STATEMENTS
December 31, 2019

The Wastewater Fund transfers out are to the Water Fund for administrative expenses.

The Stormwater Fund transfers out are to the Water Fund for administrative expenses, the Bond Funds for debt service payment on the 2015 Certificates of Participation, Capital Projects Fund, and the Vehicle Fund for the purchase of a vehicle.

The Golf Course Fund transfers in are from the General Fund to support operations. The transfers out are to the Bond fund for the payment of 2016 Certificates of Participation and to the Vehicle Fund for the purchase of a vehicle.

The Food Service Fund transfers in are from the General Fund to support operations.

The Internal Service Funds transfers in are in support of computer purchases and vehicle purchases. Transfers out are for Capital Projects Fund and to the Vehicles Fund for the purchase of a vehicle.

E. Long-Term Debt**Revenue Bonds****Business-Type Activities**Series 2009 Water Enterprise Revenue Refunding Bonds

On April 24, 2009 the City refunded \$22,615,000 of 2001 Variable Rate Demand Water Enterprise Bonds, with the issuance of \$21,745,000 of Water Enterprise Revenue Refunding bonds dated May 1, 2009 with interest ranging from 2.0% to 5.0% payable semi-annually on May 1 and November 1. No outstanding in-substance defeased debt remains on the 2001 Bonds. The bonds mature beginning in 2009 and continue through 2020.

Annual debt service requirements for the outstanding bond at December 31, 2019, are as follows (in thousands):

Year Ending December 31	Principal	Interest	Total
2020	2,175	87	2,262
Total	\$2,175	\$87	\$2,262

The 2009 Water Enterprise Revenue Refunding Bonds are payable solely from revenues of the Water Fund. During the year ended December 31, 2019, revenues of \$12,232,000 were available to pay the annual debt service of \$2,246,432.

NOTES TO FINANCIAL STATEMENTS
December 31, 2019

Governmental Activities

Series 2015A and 2015B Certificates of Participation

On January 22, 2015 the City advance refunded \$11,300,000 of 2005 Certificates of Participation with the issuance of \$7,880,000 of Refunding Certificates of Participation Series 2015A and \$3,940,000 taxable Refunding Certificates of Participation Series 2015B. No outstanding in-substance defeased debt remains on the 2005 Certificates. The refunding resulted in a deferred loss on refunding of \$444,000. Series 2015A Certificates have interest rate of 1.78%, payable semi-annually. The lease payments mature starting in 2018 and continue through 2024.

Annual lease payments for Series 2015A Certificates and outstanding balance at December 31, 2019 are as follows (in thousands):

Year Ending December 31	Principal	Interest	Total
2020	1,185	109	1,294
2021	1,210	88	1,298
2022	1,225	67	1,292
2023	1,250	45	1,295
2024	1,270	22	1,292
Total	\$ 6,140	\$ 331	\$6,471

Series 2016 Certificates of Participation

On August 31, 2016 the City issued \$11,180,000 of Certificates of Participation Series 2016 dated September 15, 2016 for two projects, Westwoods Golf Clubhouse expansion and W 72nd Ave and Indiana Ave intersection improvements. The coupon rate ranges from 4.0% to 5.0% with interest payable semi-annually on June 1 and December 1. The lease payments mature beginning in 2016 and continue through 2036.

Year Ending December 31	Principal	Interest	Total
2020	400	428	828
2021	420	408	828
2022	445	387	832
2023	465	364	829
2024	490	341	831
2025-2029	2,805	1,347	4,152
2030-2034	3,415	734	4,149
2035-2036	1,565	95	1,660
Total	\$ 10,005	\$ 4,104	\$ 14,109

NOTES TO FINANCIAL STATEMENTS
December 31, 2019

Sales and Use Tax Revenue Bonds Series 2019

On February 13, 2019 the City issued \$72,570,000 of Sales and Use Tax Revenue Bonds Series 21019 for two projects, West 72nd Ave improvements and railroad underpass between Kipling Street and Simms Street and Ralston Road improvement between Yukon Street and Garrison Street. The coupon rate ranges from 3.375% to 5.0% with interest payable semi-annually on June 1 and December 1. The bonds mature beginning in 2019 and continue through 2038.

Year Ending December 31	Principal	Interest	Total
2020	2,375	2,985	5,360
2021	2,495	2,867	5,362
2022	2,620	2,742	5,362

Total Business Type	\$ 5,095	\$ 564	\$ 2,669	\$ 2,990	\$ 2,635

4. Other Information

A. Risk Management

The City has established a risk management program for much of its insurance needs. It is self-insured for occurrences of general liability and auto liability claims, which are subject to the Colorado Governmental Immunity Act which caps recoveries at \$387,000 per person and \$1,093,000 per accident. Property damage is subject to a \$100,000 deductible and liability insurance a \$250,000 self-insured retention (SIR). Effective April 1, 2013 the Workers' Compensation program maintains a self-insured retention limit of \$500,000. There have been no settlements which exceed the Governmental Immunity Caps for general or auto liability in the last three years.

NOTES TO FINANCIAL STATEMENTS
December 31, 2019

Premiums are paid by each department into the Insurance Fund (internal service) to pay claims, claim reserves, loss control and administrative costs of the program including premiums to commercial insurance companies for losses in excess of the self-insured amounts.

Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported. Claim liabilities are calculated considering the effects of inflation, recent claim settlement trends including frequency and amount of payouts and other economic and social factors. The liability for claims and judgments is recorded in the internal service funds.

Changes in the balances of claims liabilities during the past two years are as follows (in thousands):

	Insurance Service
Unpaid Claims, January 1, 2018	\$ 2,299
Incurred Claims	884
Claim Payments	1,467
Unpaid Claims, December 31, 2018	1,716
Incurred Claims	1,102
Claim Payments	1,270
Unpaid Claims, December 31, 2019	\$ 1,548

Effective January 1, 2014, the City established a self-funded medical insurance program for employees who choose to participate in the program. The City utilizes a third party provider to administer the plan. Excess insurance coverage is maintained for claims greater than \$175,000 to limit the loss of any individual claim. The claim liability of \$547,000 as of December 31, 2019 represents an estimate of incurred but not reported (IBNR) claims.

	Medical Insurance
Unpaid Claims January 1, 2018	\$ 514
Incurred Claims	7,594
Claim Payments	7,520
Unpaid Claims, December 31, 2018	588
Incurred Claims	6,814
Claim Payments	6,855
Unpaid Claims, December 31, 2019	\$ 547

The City also provides dental insurance for employees. Dental claims are limited to \$1,500/year per person.

B. Commitments and Contingencies

1) Litigation

The City is involved in pending litigation. The City anticipates no potential claims resulting from these cases which would materially affect the financial statements of the City.

2) Federal Grants

Federal grants are subject to audit which could result in disallowed costs, the amount which is undeterminable at December 31, 2019. If any costs are disallowed in the future, the City expects them to be insignificant.

NOTES TO FINANCIAL STATEMENTS
December 31, 2019

3) Tax Abatements

The City enters into sales tax abatement agreements with local businesses for the purpose of attracting or retaining businesses within the City. Abatements are granted to businesses located within or promising to relocate to the City upon City Council approval.

For the fiscal year ended December, 31, 2019, the City abated sales taxes totaling \$957,218 under this program, including the following tax abatement agreements:

- A 50% sales tax abatement to a restaurant to improve and occupy an empty restaurant location. The abatement amounted to \$55,119.
- A 50% sales tax abatement to a retail store for construction including infrastructure and improvements of a retail store. The abatement amounted to \$31,039.
- A 75% sales tax abatement to a retail store to improve and occupy an empty store front. The abatement amounted to \$23,125.
- A \$76,486 annual sales tax abatement to a grocery store for retention and continued use of store front. The abatement amounted to \$76,486.
- A 50% sales tax abatement to a grocery store for construction including infrastructure and improvements of a grocery store. The abatement amounted to \$681,403.
- A 100% admission tax abatement after the first \$100,000 is retained by the City annually and a 100% use tax abatement on the building permit to reconstruct and modernize a public amenity. The abatement amounted to \$90,046.

4) AURA Commitments

Developer Agreements

The Authority, under the Urban Renewal Law of the State of Colorado, has entered into various Disposition and Development Agreements (DDAs) with certain developers, the terms of which are scoped into the requirements of Governmental Accounting Standards Board Statement No. 77, Tax Abatements. These agreements generally stipulate that the Authority will sell property held for resale, typically at a discount, and provide certain types of property and sales tax rebates (in excess of a set “base” amount and up to a set maximum dollar threshold and/or maturity date), lodging tax rebates, public improvement fee (PIF) rebates and/or PIF in lieu of sales taxes in exchange for a commitment from the developer to purchase, develop and otherwise rehabilitate the related property within a specified period of time.

As of December 31, 2019, the Authority has entered into nine DDAs expiring from 2025 to 2035. During the year ended December 31, 2019, the Authority rebated property tax of \$12,772,586, PIF of \$973,324 and lodging tax of \$119,031.

C. Conduit Debt Obligation

From time to time, the City has issued Industrial/Mortgage Revenue Bonds, Mortgage Credit Certificates and Private Activity Bonds. Industrial Bonds are issued to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities. Mortgage Bonds are issued to provide financial assistance to low and moderate income persons and families in the purchase of a home. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of such property transfers to the person/family served by the bond issuance. Neither the City, the State, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly the bonds are not reported as liabilities in the accompanying financial statements.

NOTES TO FINANCIAL STATEMENTS
December 31, 2019

As of December 31, 2019, there were 2 Industrial Revenue Bonds, 1,076 single and multi-family Mortgage Bonds, 247 Mortgage Credit Certificates and 3 Private Activity Bond and one Charter School Revenue Bond. The unpaid balance on the Industrial Revenue Bonds is \$11.5 million and on the multi-family Mortgage Bonds is \$10 million. The unpaid balance on the Mortgage Credit Certificates is \$36.4 million, and on the Private Activity Bonds is \$56.5 million. The balance on the Charter School Revenue Bond is \$6.19 million.

D. Retirement Commitments

The City has adopted one pension plan and three defined contribution plans (Plans) covering all employees, except those hired on a temporary basis.

Although it has not expressed any intention to do so, the City has the right under the Plans to discontinue its contribution or to terminate the Plans.

Should the Plans terminate at some future time, their net position will be used to provide participants' benefits. Upon such termination, the assets of the Plans are to be allocated for the benefit of each participant and the beneficiary in a manner approved by the Internal Revenue Service.

1) Defined Benefit Police Pension Plan

Governmental Accounting Standards Board Statement No. 67 *Financial Reporting for Pension Plans - an amendment of GASB Statement No. 25* (GASB 67) establishes the requirements for governmental pension plan financial statement reporting, including pension plan financial statements included as a pension trust fund of a government. Accordingly, GASB 67 applies to the City's reporting of statement of fiduciary net position, statement of changes in fiduciary net position, certain notes to the financial statements and certain required supplementary information (RSI).

Governmental Accounting Standards Board (GASB) Statement 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27* sets forth the pension reporting requirements for the City in the statement of net position, statement of activities, certain notes to the financial statements and certain RSI. For purposes of measuring net pension liability, deferred outflows of resources and deferred inflows of resources related to the pension, pension expense, and information about the fiduciary net position of the Defined Benefit Police Pension (Plan) have been determined on the same basis as they are reported by the Plan. Benefit payments are recognized when due and payable. As no stand-alone financial report is issued, all required disclosures for both GASB 67 and GASB 68 are contained in this note.

Plan Description

The City has a single employer defined benefit pension plan that covers the uniformed police officers who did not elect to participate in the Defined Contribution Police Pension Plan that became effective January 1, 1986. In 1986, single premium group annuities were purchased for the benefit of retired employees, beneficiaries and terminated vested employees. After January 1, 1986, all new uniformed police officers are participants in the Defined Contribution Police Pension Plan.

The pension plan board consists of seven trustees, the Director of Finance (or designee), the Director of Human Resources (or designee), one resident citizen of the City of Arvada not

NOTES TO FINANCIAL STATEMENTS
December 31, 2019

employed by the City or affiliated with the retirement plan, four members of the retirement system elected by the members of the retirement system.

One fully vested participant remains in the Defined Benefit Plan as of December 31, 2019. The participant began receiving retirement benefits in 1997, as defined by City ordinance. The City does not issue a stand-alone financial report for the plan.

Lifetime retirement benefits are established in Chapter 86 of the City of Arvada City Code. A monthly benefit begins at the age of 55 and is based upon the members final base pay, allowing 2 ½ percent for each year of credited service to a maximum of 65 percent of final base pay. Final base pay is determined on the basis of the highest total salary received during any three consecutive years of service divided by the number of months for which pay was received.

No contributions were made by the participant for the year ended December 31, 2019. The City contributed \$20,000 per year to the plan from 2012 through 2015. During 2016 the City contributed \$170,000 to the plan, and a \$12,000 contribution in 2019. The City did not make a contribution to the plan during 2017 or 2018.

Investments

The pension plan's investment policy follows the City's investment policy as summarized on pages 55-57. The December 31, 2019 plan asset allocation is shown below:

Asset Class	Allocation
Local Government Investment Pool	1.52%
Pooled cash and investments	98.48%
	<u>100.00%</u>

For the year ended December 31, 2019, the annual money-weighted rate of return on pension plan investments, net of pension plan expense, was 2.26 percent. The money-weighted rate of return considers the changing amounts actually invested during a period and weights the amount of pension plan investments by the proportion of them they are available to earn a return during that period. External cash flows are determined on a monthly basis and are assumed to occur at the beginning of each month. External cash inflows are netted with external cash outflows, resulting in a net external cash flow each month. The money-weighted rate of return is calculated net of investment expenses.

Net Pension Liability of the City

The components of the net pension liability of the City at December 31, 2019, were as follows:

Total pension liability	\$445,226
Plan fiduciary net position	<u>442,564</u>
City's net pension liability	\$2,662
Plan fiduciary net position as a percentage of the total pension liability	99.40%

Mortality rates were based on the Pub-2010 Safety Retiree Mortality (Participant) and Pub 2010 General Retiree Mortality (Spouse), with Generational Projection using MP2019.

NOTES TO FINANCIAL STATEMENTS
December 31, 2019

The long-term expected rate of return is selected by the Plan Sponsor after review of expected inflation and long-term real-returns, reflecting volatility and correlation. The assumption currently selected is 3.5% per annum, net of investment expenses.

The discount rate used to measure the total pension liability was 3.5 percent. The projection of cash flows used to determine the discount rate assumed the City will not make additional contributions to the plan. Based on those assumptions, the pension plan's fiduciary net position was projected to make all projected future benefit payments. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

The following presents the net pension liability of the City, calculated using the discount rate of 3.5 percent, as well as what the City's net pension (asset) would be if it were calculated using a discount rate that is 1-percentage point lower (2.5 percent) or 1-percentage-point higher (4.5 percent) than the current rate:

	1% Decrease (2.5%)	Current Discount Rate (3.5%)	1% Increase (4.5%)
Net pension liability (asset)	\$ 56,757	\$ 2,662	\$ (42,206)

Net Pension Liability of the City

The net pension liability was measured as of December 31, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of January 1, 2018, rolled forward to December 31, 2019 using standard actuarial methods.

Significant methods and assumptions included the following:

- Actuarial Valuation Date – January 1, 2018
- Measurement Date – December 31, 2019
- Actuarial Cost Method – Entry Age Normal
- Amortization Method – Level Dollar
- Rate of Investment Return – 3.5% per annum
- Remaining Closed Amortization Period – 13 years
- Asset Valuation Method – Market Value
- Inflation 2.5%

Pension Expense and Deferred Outflows of Resources Related to Pensions

For the year ended December 31, 2019 the City recognized pension expense of \$13,357. At December 31, 2019 the City reported deferred outflows of resources related to pensions from the following source:

	Deferred Outflows of Resources
Net difference between projected and actual earnings	<u>\$ 15,969</u>
Totals	<u>\$ 15,969</u>

Amounts reported as deferred outflows of resources will be recognized in pension expense as follows:

Year ended December 31:	
2020	\$ 7,284
2021	4,963
2022	2,602
2023	1,120
2024	-
Thereafter	-
Total	<u>\$ 15,969</u>

NOTES TO FINANCIAL STATEMENTS
December 31, 2019

2) City of Arvada Retirement Plan – Defined Contribution Plan

Effective January 1, 1993, all eligible City employees participate in the City of Arvada Retirement Plan (CARP), a defined contribution plan.

All City full-time and part-time employees, except uniformed police officers, the City Manager, the City Attorney, the Municipal Judge and Department Heads are eligible to participate in CARP. 493 employees were participants in the plan as of December 31, 2019. Employer contributions vest with the employee according to the following:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 or more years	100%

The plan requires covered employees to contribute 8% of their salary to the plan and the City to contribute 10% of the compensation of all participants hired after April 2, 2004. Employees hired on or before April 2, 2004 had a choice of receiving a flat rate 10% contribution or receiving an age weighted, graduated retirement contribution up to a maximum of 15%. The maximum permissible contribution is the lesser of \$51,000 or 100% of the participant's earnings for the plan year.

If a participant is less than one hundred percent vested at the time of termination of employment, the non-vested portion of the amount in his/her Employer Contribution account shall be credited to a suspense account. If the participant does not incur a break in service after termination, prior to re-employment the credit in the suspense account shall be transferred back to the reconstituted Employer Contribution Account. If a break in service occurs after termination the amount credited to the suspense account will be used first to offset expenses of the plan. If the value in the suspense account exceeds \$50,000 as of the last day of the plan year, the amounts in excess of \$50,000 shall be allocated to participants pro rata based upon each participant's months of continuous service with the City during which the participant participated in the City benefit plans.

Benefit payments are based upon the participant account balance as of the valuation date immediately preceding the date of distribution. The participant may elect to receive distribution in a lump sum; substantially equal annual, semi-annual, quarterly or monthly installments; through the purchase of an immediate or deferred single payment, non-transferable annuity contract; or a combination of the above. Plan provisions and contribution requirements are established and may be amended by City Council.

The required City contribution of \$3,962,738 and the required employee contributions of \$2,810,204 were paid during 2019. Additional employee contributions, in the form of rollovers, of \$389,657 were also made in 2019. The required contributions represent 11.28% and 8% of total covered payroll, respectively. The plan investments are maintained and administered by Fidelity.

3) Defined Contribution Police Pension Plan

The City provides retirement benefits for all of its uniformed officers not covered in the Defined Benefit Police Pension Plan through a defined contribution plan named the Police Money Purchase Plan (PMPP). In a defined contribution plan, benefits depend solely on

NOTES TO FINANCIAL STATEMENTS
December 31, 2019

amounts contributed to the plan plus investment earnings. Participants are eligible to participate from the date of employment.

The Plan requires that the City and the participant each contribute 12% of the participant's compensation. Participants are fully vested after five years of continuous service. City contributions for, and interest forfeited by, employees who leave employment before five years of service are used to reduce the Plan's expenses. Plan provisions and contribution requirements are established and may be amended by City Council.

190 employees were participants as of December 31, 2019. The required contributions for the City and PMPP employees amounted to \$1,950,614 each (12% of covered payroll). The plan allows voluntary and roll over contributions by employees. The plan investments are maintained and administered by Fidelity Investments.

4) Executive Retirement Plan

The City provides retirement benefits for the City Manager, the City Attorney, the Municipal Judge and Department Heads through separate defined contribution plans. The plans are administered by Empower Retirement Services. Qualified employees are eligible to participate from the date of employment. Under the plan, the City contributes an amount equal to 10.02% of the participant's base salary. The employees covered by this plan were required to make an 8% contribution in 2019.

Employees covered under these Plans are vested upon date of hire. Employees who leave employment with the City are entitled to all contributions and interest earnings. Plan provisions and contribution requirements are established and may be amended by City Council. For the year ended December 31, 2019 the City contributed \$264,887 for the benefit of the 15 participants in the Plan and the employees contributed \$200,044, as required.

E. Postemployment Benefits Other than Pensions

Governmental Accounting Standards Board Statement No. 75 *Accounting and Financial Reporting for Postemployment Benefits Other than Pensions* establishes standards for recognizing and measuring liabilities, deferred outflows of resources, deferred inflows of resources and expenditures and certain note disclosure and required supplementary information.

Plan Description

The City has established a single employer-defined benefit post-employment healthcare plan for eligible retirees, their spouses and dependents.

All benefits are provided through the City's self-insured health plan. The two optional benefits levels High Deductible Health Plan (HDHP) and Traditional Open Access – IN Plan (OAP-IN), are the same for retirees as those afforded to active employees.

Benefits Provided

The City provides retiree health program coverage to current and future retirees of the City who qualify for retirement. Members who terminate prior to retirement eligibility are not eligible to participate in the program. The election to participate in the plan must occur upon retirement. The retirement eligibility is based on the following requirements:

NOTES TO FINANCIAL STATEMENTS
December 31, 2019

Civilian employees (CARP retirement plan) must have completed 20 years of service, or must have completed five years of service and attained 59 ½ years of age.

Sworn police officers (PMPP retirement plan) must have completed 20 years of service.

Once a retiree reaches the age of 65, or becomes eligible for Medicare, the retiree is no longer eligible to receive benefits under the City's plan.

As of December 31, 2019, the following employees were covered by the benefit terms:

Retirees and beneficiaries receiving benefits	26
Active Employees	609
	635

Accounting Policy

An irrevocable trust has not been established that meets the criteria in paragraph 4 of GASB Statement No. 75. Therefore, the plan is not accounted for as a trust fund. The plan does not issue a stand-alone financial report for the plan.

Funding Policies

The contribution requirements of plan members and the City are established and may be amended by the City Council. The required contribution is based on projected pay-as-you-go financing requirements. For the year ended December 31, 2019, the City made \$110,772 in contributions to the plan. Plan members are required to contribute their share of the premiums.

Monthly retiree health coverage contribution rates for offered benefit levels are as follows:

	HDHP	OAP-IN
Retiree	\$ 676	\$ 784
Retiree plus one	\$ 1,351	\$ 1,574

Actuarial Methods and Assumptions

Actuarial cost method	Entry Age Normal Level Percent of Pay
Discount rate	2.74%
Inflation	2.50%
Salary increases	3.50%
Medical trend	4.10% for 2018, 5.60% for 2019, grading down to 4.10% in 2080.
Mortality	Pub-2010 General Employee/Retiree Mortality Tables projected generationally using Scale MP 2019
Mortality Improvement Scale MP-2018 from 2006 base year, and projected forward using MP-2018 on a generational basis participation rates	All current retired participants are assumed to continue retiree health coverage. 20% of future eligible retired participants are assumed to elect retiree health coverage upon retirement. This assumption is based on historical participant behavior and expectations of future plan experience

NOTES TO FINANCIAL STATEMENTS
December 31, 2019

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events in the future. Amounts determined regarding funded status and contributions of the City's retiree health care plan are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The assumptions reflect the Bond Buyer 20-Year General Obligation Bond Index for the 2.74% discount rate.

Changes in assumptions

- Discount rate has been changed to 20-year-tax-exempt municipal bond yield, beginning of the year discount rate 4.1% and end of year discount rate 2.4%
- Mortality assumption was updated to Pub-2010 General Employee/Retiree Mortality Tables projected generationally using Scale MP-2019
- Health care cost trend assumption was updated to reflect the repeal of the Affordable Care Act excise tax on "Cadillac" healthcare plans (effective December 31, 2019).

Total OPEB Liability

The total OPEB liability of \$2,408,364 was measured as of December 31, 2019, and was determined by an actuarial valuation as of January 1, 2018 and rolled forward to December 31, 2019.

The total OPEB liability and related information are as follows as of December 31, 2019:

	Total OPEB Liability
Balance as of January 1, 2019	\$ 2,159,930
Changes for the year:	
Service cost	132,977
Interest on Total OPEB Liability	91,791
Effect of changes to benefit terms	-
Effect of economic/demographic gains or losses	-
Effect of assumptions changes or inputs	134,468
Benefit payments	(110,772)
Balance as of December 31, 2019	<u>\$ 2,408,394</u>

OPEB Expense and Deferred Inflows of Resources Related to OPEB

For the year ended December 31, 2019 the City recognized OPEB expense of \$227,292. As of December 31, 2019, the City reported deferred inflows of resources and deferred outflows of resources related to OPEB from the following

	Deferred Inflows of Resources	Deferred Outflows of Resources
Changes of assumptions	<u>\$ (79,425)</u>	<u>\$ 112,057</u>
Total deferred inflow of resources December 31, 2019	<u>\$ (79,425)</u>	<u>\$ 112,057</u>
Net deferred (Inflow) / Outflow of resources		\$ 32,632

NOTES TO FINANCIAL STATEMENTS
December 31, 2019

Amounts currently reported as deferred inflows of resources related to other postemployment benefits will be recognized in OPEB expense as follows:

Year ended December 31	
2020	\$ 2,554
2021	2,554
2022	2,554
2023	2,557
2024	22,413
Thereafter	-
Total	<u>\$ 32,632</u>

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability of the City, calculated using the discount rate of 2.74 percent, as well as what the total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (1.74 percent) or 1 percentage point higher (3.74 percent) than the current rate:

	1% Decrease 1.74%	Current Discount Rate 2.74%	1% Increase 3.74%
Total OPEB liability	\$ 2,598,213	\$ 2,408,364	\$ 2,227,624

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following presents the total OPEB liability of the City, calculated using healthcare cost trend rates that are 1 percentage point lower or one percentage point higher than the current healthcare cost trend rate:

	1% Decrease	Current Healthcare Cost Trend Rates Assumption	1% Increase
Total OPEB liability	\$ 2,087,081	\$ 2,408,364	\$ 2,797,781

F. Related Party Notes

In February 2010, the City and AURA entered into a promissory note in which the City loaned AURA \$2,745,000 at a simple interest rate of 3.5% for 2 years. Interest payments are due monthly. The loan was due and payable in full on April 1, 2016. The loan was collateralized with a building and two parcels of land. During 2015, the property was sold and the note amended. Under the amended note, AURA made a lump sum payment to the City in the amount of \$500,000 at the time of sale and the remaining balance of \$2,245,000 is being paid in monthly installments beginning January 2016 and continuing through November 2023 at a simple interest rate of 1.5%. The balance as of December 31, 2019 is \$1,694,074. Though the note is not unsecured, the City shall be authorized to withhold payment to AURA derived from the incremental sales tax in the event of default.

In June, 2016, the City entered into a loan agreement with AURA in which the City's Wastewater Fund loaned AURA \$5,000,000 at a simple interest rate of 3% through June 2028. Interest payments are due monthly beginning in June 2017 through 2018. Principal and interest is being paid monthly thereafter until maturity. The balance as of December 31, 2019 is \$4,750,000. The

NOTES TO FINANCIAL STATEMENTS
December 31, 2019

loan is unsecured, though the City shall be authorized to withhold payment to AURA derived from incremental sales tax or public improvement fees in the event of default.

In June 2016, the City entered into a loan agreement with the newly formed stand-alone not for profit, Arvada Center for the Arts and Humanities for \$200,000. The loan was made interest-free as long as the not for profit is in compliance with all terms of the agreement. The agreement may be extended for four one-year terms. In June, 2019 this agreement was extended for one year.

G. Net Investment in Capital Assets

Net investment in capital assets is a component of net position, and consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of borrowing attributable to the acquisition, construction or improvement of those assets. The calculation of net investment in capital assets is shown below:

	Governmental Activities	Business-type Activities
Capital assets, net	\$ 372,769	\$ 310,312
Related debt	(95,846)	(2,279)
Unspent debt proceeds	76,956	-
Deferred loss on refunding	244	-
Outstanding related accounts and contracts payable	(1,448)	(3,212)
	<u>\$ 352,675</u>	<u>\$ 304,821</u>
Net investment in capital assets	<u>\$ 352,675</u>	<u>\$ 304,821</u>

G. Subsequent Events

The worldwide pandemic, COVID-19 started affecting all financial models in March, 2020. Non-essential businesses were closed in mid- March with some businesses reopening in mid-May 2020 with restrictions. The closing of businesses will negatively impact sales tax revenues. The expected annual sales tax growth, before COVID-19, was 2.5% and will need to be revised as more information is obtained on the effects of consumer buying habits due to COVID-19. The City is actively monitoring all revenues and will make adjustments for 2020 revenues as needed.

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

Arvada Housing Authority Fund - The Section 8 Housing Assistance Payments Program is administered by the Arvada Housing Authority. The program is designed to provide rent subsidies to low or moderate income households.

Police Seizure Fund - Colorado statutes authorize local law enforcement agencies to seize cash and other assets belonging to persons convicted of public nuisance crimes. The statutes also specify that the courts may award the property to the agency that apprehended the criminal and that these resources must be used only for specific law enforcement purposes. This fund was established to account for these resources as they are awarded to and expended by the City's law enforcement agency.

Police Tax Increment Funds - The purpose of the tax increment funds is to account for the voter approved sales tax increases to fund expanded police services.

Grants Fund - To account for receipt of lottery monies through the Conservation Trust Fund. Also to account for the disbursement of monies through transfers to other funds for specific uses as dictated by the Conservation Trust Fund.

Debt Service Funds

Bond Fund – To account for transfers from the General Fund and Stormwater Fund for payments of principal and interest on the \$18,505,000 Series 2015 and 2016 COP Bonds.

Debt Service Fund – To account for the payment of revenue debt incurred through bond issues other than Water Bond Issues, which are accounted for in the Water Fund. Payments for the Limited Sales and Use Tax Revenue Bonds are included in this fund.

Stormwater Fund
Golf Fund
Food Service Fund

ENTERPRISE FUNDS

Water Fund - This fund accounts for all activity within the scope of water utility operations. Water service is available to all areas within the City limits and is extended to some residents of the county and adjacent cities. All activities necessary to provide such service are accounted for in this fund, including administration, operations, capital water projects, maintenance, financing and related debt service, and billing and collection.

Wastewater Fund - This fund accounts for all activities necessary in the collection, transmission, and disposal of sewage and wastewater. It includes administration, operations, capital maintenance, financing and billing and collection.

Stormwater Fund - This fund accounts for all activities necessary to maintain a stormwater management plan. It includes administration, operations, capital maintenance and billing and collection.

Golf Course Fund - This fund accounts for all revenues and expenses of the Lake Arbor and West Woods Golf Courses, including food service operations. It includes administrative, operations, maintenance, financing and related debt service at Lake Arbor and West Woods Golf Courses. Food service activities include restaurant operations at the West Woods and Lake Arbor Golf Courses.

Food Services Fund - This fund accounts for all revenues and expenses associated with food service activities including the operation of banquet facilities at the Arvada Center for the Arts and Humanities and offsite catering.

Vehicle Fund

Building Fund

INTERNAL SERVICE FUNDS

Insurance Service Fund - This fund accounts for the activities that are associated with the City's worker's compensation, unemployment and property and liability insurance activities. Premiums are paid by each department into this fund to pay claims, claim reserves and administrative costs of the program including premiums to commercial insurance companies for losses in excess of the self-insured amounts.

Arvada Medical Fund – This fund accounts for all of the activities associated with the self-insured medical plan for employees who choose to participate in the plan.

Computer Fund - This fund accounts for the accumulation of financial resources necessary for the timely and orderly replacement and maintenance of the City's computer equipment and software.

Print Shop Fund - This fund accounts for the accumulation of financial resources necessary for the operation of the City's print shop, copier maintenance and replacement.

Vehicle Fund – This fund accounts for the accumulation of financial resources necessary for the timely and orderly replacement and maintenance of the City's vehicles and equipment.

Building Fund – This fund accounts for the accumulation of financial resources used for non-routine building maintenance.

Statistical Section

Statistical Section

This part of the City of Arvada's Comprehensive Annual Financial Report represents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplemental information says about the City's overall financial health.

Contents	Page
Financial Trends	
These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	
Net Position by Component	126
Changes in Net Position (expenses)	127
Changes in Net Position (revenues)	128
Fund Balances, Governmental Funds	139
Changes in Fund Balances, Governmental Funds	130
Revenue Capacity	
These schedules contain information to help the reader assess the factors affecting the City's ability to generate its property and sales taxes.	
Direct and Overlapping Sales Tax Rates	131
Sales and Use Tax Revenue	132-133
Principal Property Tax Payers	134-135
Property Tax Levies and Collections	136
Assessed & Actual Values of Taxable Property	137
Debt Capacity	
These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	
Ratios of Outstanding Debt by Type	138
Ratios of General Bonded Debt Outstanding	139
Direct and Overlapping Governmental Activities Debt	140
Legal Debt Margin Information	141
Pledged-Revenue Coverage	142
Schedule of Debt Service Requirements - Governmental - Type Activities	143
Schedule of Debt Service Requirements - Business-Type Activities	144
Demographic and Economic Information	
These schedules offer demographic and economic indicators to help the reader understand the environment wherein the City's financial activities take place and to help make comparisons over time and with other governments.	
Demographic and Economic Statistics	145
Principal Employers	146-147
Operating Information	
These schedules contain information about the City's operations and resources to help the reader understand how the City's financial information relates to the service the City provides and the activities it performs.	
Full-time Equivalent City Government Employees by Function/Program	148
Operating Indicators by Function/Program	149
Capital Asset Statistics by Function/Program	150
 Sources: Unless otherwise noted, the information in these schedules is derived from the Comprehensive Annual Financial Reports for the relevant year.

City of Arvada
Notes to Schedule of Expenditures of Federal Awards
Year Ended December 31, 2019

Notes to Schedule

1. This schedule includes the federal awards activity of the City of Arvada (the City). The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net position, or cash flows of the City.
2. Expenditures reported on the schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The City has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.
3. Revolving Loan Funds – Not Subject to Compliance

The City has certain revolving loan funds, which were originally financed with federal financial assistance through the Community Development Block Grants/Entitlement Grants program (CFDA No. 14.218). However, this program is not subject to any continuing compliance requirements other than required loan payments; therefore, the outstanding loan balances have not been included in the accompanying schedule of expenditures of federal awards. The outstanding balance of the revolving loan funds at December 31, 2019 is \$2,254,354.

**Report on Internal Control Over Financial Reporting and on
Compliance and Other Matters Based on an Audit
of Financial Statements Performed in Accordance with
Government Auditing Standards**

Honorable Mayor and Members of City Council
City of Arvada
Arvada, Colorado

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component units, each major fund and the aggregate remaining fund information of the City of Arvada (the City), as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated June 10, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses or significant deficiencies.

Honorable Mayor and Members of City Council
City of Arvada

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance

Independent Auditor's Report

Honorable Mayor and Members of City Council
City of Arvada
Arvada Colorado

Report on Compliance for Each Major Federal Program

We have audited the City of Arvada's (the City) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on its major federal program for the year ended December 31, 2019. The City's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, contracts and the terms and conditions of its federal awards applicable to its federal program.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the City's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the City's compliance.

Honorable Mayor and Members of City Council
City of Arvada

Opinion on Each Major Federal Program

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended December 31, 2019.

Report on Internal Control Over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
