INDEPENDENT AUDITORS' REPORT

To the City Council
City of Rocky Ford, Colorado

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities and each major fund of the City of Rocky Ford, Colorado as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the City of Rocky Ford, Colorado's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities and each major fund of the City of Rocky Ford, Colorado, as of December 31, 2019, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, pension schedules and budgetary comparison information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Rocky Ford, Colorado's basic financial statements. The combining and individual fund financial statements and budget schedules, and the local highway finance report, listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and budget schedules and the local highway finance report are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and budget schedules and the local highway finance report are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated July 28, 2020, on our consideration of the City of Rocky Ford, Colorado's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Rocky Ford, Colorado's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the City of Rocky Ford's (the "City") Annual Financial Report provides readers with a narrative overview and analysis of the City's financial performance during the fiscal year that ended on December 31, 2019. We encourage readers to consider the information presented here in conjunction with the letter of transmittal at the front of this report, the City of Rocky Ford's basic financial statements and notes to the financial statements to enhance their understanding of the activities and financial health of the City of Rocky Ford.

FINANCIAL HIGHLIGHTS

The City's total net position increased from \$19,153,114 to \$20,035,435 over the course of the City's operations in 2019.

During the year, the City's governmental revenues generated in taxes and other revenues for governmental programs (after other financing sources) were \$814,199 more than the \$2,909,423 of expenditures for general government and governmental services.

The City's business-type funds, the water, sewer and solid waste disposal funds, had an increase in total net position of \$68,122 over the year, up from \$9,502,347 in 2018 to \$9,570,469 in 2019.

Overview of the Financial Statements

The discussion and analysis is intended to serve as an introduction to the City's *Basic Financial Statements*. The Basic Financial Statements contain three components: (1), government-wide financial statements; (2), fund financial statements (including component unit statements, if applicable); and (3), notes to the financial statements. In addition, this report contains other *Required Supplementary Information*, and a *Supplemental Information* section that presents *combining statements* for non-major governmental funds and internal service funds (along with actual and budget comparison schedules).

The basic financial statements include two kinds of statements that present different views of the City: *government-wide financial statements* and *fund financial statements*.

The first two statements are government-wide financial statements that provide both *long-term* and *short-term* information about the City's *overall* financial status.

The remaining statements are *fund financial statements* that focus on *individual parts* of the City government, reporting the City's operations in more detail than the government-wide statements.

Governmental Fund statements tell how *general government* services like public safety, highways and streets, welfare, sanitation, cultural and recreation, and economic development were financed in the short-term as well as what remains for future spending.

Proprietary Fund statements offer *short-term* and *long-term* financial information about the activities the City government operates in, similar to a private business, such as the Rocky Ford Water Department, and the internal service funds which provide services to other departments or governmental units within the City on a cost-reimbursement basis.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of *required supplementary information* that further explain and support the information in the financial statements. In addition to these required components, a section is included with combining statements that provide further detail about the City's non-major governmental funds and internal service funds, each of which are added together and presented in single columns in each of the basic financial statements.

Government-wide Statements

The government-wide statements report information about the City as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the City's net position and how they have changed. Net position, the difference between the City's assets and liabilities, is one way to measure the City's financial health or current position.

Over time, increases or decreases in the City's net position is an indicator of whether its financial health is improving or deteriorating, respectively.

To assess the overall health of the City, consideration should be given to additional non-financial factors such as changes in the City's property tax base and the condition of the City's streets, sewer mains, and water treatment and distribution systems.

The government-wide financial statements of the City are divided into three categories.

1. *Governmental Activities.* Most of the City's basic services are included in governmental activities such as public safety, streets, recreation and general administration. Property and sales taxes and state and federal grants finance most of these activities.
2. *Business-type Activities.* The City charges fees to customers to help cover the costs of certain services it provides. The City's water, sewer and solid waste enterprise funds are included here.
3. *Component Units.* Component units are legally separate organizations for which the Rocky Ford City Council is financially accountable. Currently, the City has no component units.

Fund Financial Statements

The fund financial statements provide more detailed information about the City's most significant funds, the City as a whole. Funds are accounting devices that the City uses to keep track of specific sources of funding and spending for particular purposes.

Some funds are required by state law and by bond covenants.

The City Council establishes other funds to control and manage resources for particular purposes (i.e. Debt Services and Capital Projects Funds) or show that certain taxes and grants are used appropriately (i.e. Special Revenue Funds).

The City has two kinds of funds:

1. *Governmental Funds.* Most of the City's basic services are included in governmental funds, which focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. Because this information does not encompass the additional long-term focus of the government-wide funds statement that explains the relationship (or differences) between the two types of statements.
2. *Proprietary Funds.* Services for which the City charges customers a fee are generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both long-term and short-term financial information.

The City's Enterprise Funds are classified as business-type activities on the government-wide statements, but more detailed information is provided in the Proprietary Fund Statements, such as its cash flows.

Financial Analysis of the City as a Whole

Net Position: As discussed earlier, net position may serve as a useful indicator of a government's financial position. As of December 31, 2019, total City's net position was \$20,035,435, governmental activity net position was \$10,464,966 and business-type activities net position was \$9,570,469. The table below provides a comparative summary of the City's Governmental and Business-type net position for 2019 and 2018:

The 2019 MD&A presentation includes comparative changes in net position for the past two years below:

A significant portion (84%) of the net position represents the *net investment in capital asset*. This includes land, buildings, machinery and equipment, and infrastructure assets, offset with associated long-term and short-term debt liabilities. Capital assets are restricted for the purpose of providing services to the citizens of Rocky Ford; consequently, they are not available for future spending. Although the investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities.

Other *restricted net position* represents resources that are subject to external restrictions on how they may be used. Included in this category are unspent proceeds for capital projects, debt service reserve, conservation trust, restricted receivables and TABOR emergency funds. This portion makes up 7% of the total.

The remaining 9% of net position represent the *unrestricted* portion available for the City's ongoing obligations to its citizens.

At the end of 2019, the City of Rocky Ford had positive balances in all three categories of net position.

Changes in Revenues and Expenditures

The table below presents the City's 2019 revenues and expenditures for Governmental and Business-type activities as they are reported in the Statement of Activities compared to 2018. The revenues and expenditures include the Governmental Funds (General Fund, Capital Projects Fund and Special Revenue Funds) and the Enterprise Funds (Water Utility Fund, Sewer Utility Fund and Solid Waste Disposal Utility Fund).

Governmental Activities: Governmental activities accounted for \$814,199 of revenues over expenses for 2019. Total revenues, including transfers, from governmental activities including the general fund and other governmental funds amounted to \$3,723,622.

Total expenses for governmental activities in 2019 including the general fund and other governmental funds amounted to \$2,909,423.

Business-type Activities: The business activities had expenses in excess of revenues totaling \$68,122 in 2019.

The Water Utility Fund had expenses in excess of revenues of \$16,718 due to interest expense of \$120,525.

The Sewer Utility Fund had revenues in excess of expenses of \$28,545. This was due to an operating income of \$25,107 in fiscal year 2019.

The Solid Waste Disposal Utility Fund had revenues in excess of expenses of \$56,295 due to operating revenues exceeding operating expenses by \$129,911 and the reduction in the closure and post closure cost estimate for the landfill that is reported as a special item for \$22,700.

Financial Analysis of the City's Funds

Governmental Funds Overview: The City of Rocky Ford uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. As described earlier, the City's governmental funds provide information on short-term inflows and outflows, as well as what remains for future spending. Such information is useful in assessing the City's financial requirements. For example, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. The following information is supplemental to the information presented in the previous section.

At the end of 2019, the City of Rocky Ford reported a fund balance for total governmental funds of \$600,743 compared to \$1,096,809 in 2018. Of the total fund balance, unassigned fund balance was \$168,910, the portion of fund balance which serves as a measure of current available financial resources. The fund balance is further divided into committed and restricted. The committed portion reflects the City's reserves, working capital, sick and vacation leave and future capital equipment. The unassigned portion is not set aside by management for any other purpose and is therefore an available financial resource, when available.

The restricted fund balance represents resources not available for spending or those on which legal restrictions have been placed. The City's restricted fund balance includes the following: restricted for emergencies- Tabor \$107,500; restricted for capital improvements \$168,634 and restricted for conservation trust \$106,346.

General Fund: The General Fund of the City accounts for all transactions not accounted for in other funds. As the City's major operating fund, the General Fund accounts for ordinary operating expenditures financed primarily by property and sales taxes and charges for services. The General Fund completed the year with a fund balance of \$283,697. This was a decrease of \$297,359 from the previous year's fund balance of 581,056. The General Fund had total budgeted revenues of \$2,712,428 and actual revenues of \$3,184,524 and total budgeted expenditures of \$3,295,149 and actual expenditures of \$3,583,565.

Proprietary Funds Overview: The proprietary funds are used to account for activities similar to those found in the private sector where determination of net income is necessary or useful to sound financial administration. The City has one type of proprietary fund, consisting of Enterprise Funds. The City's proprietary fund statements provide the same type of information found in the government-wide statements, but in more detail.

Enterprise Funds: The Enterprise Funds account for operations that are financed and operated in a manner similar to private business enterprises where the costs (expenses, including depreciation) of providing goods or services to the general public are being financed or recovered primarily through users charges on a continuing basis. The City of Rocky Ford has three enterprise funds: the Water Utility Fund with unrestricted net position of \$1,119,517 in 2019 up from \$952,869 in 2018, the Sewer Utility Fund with unrestricted net position of \$433,660 in 2019 up from \$339,453 in 2018 and the Solid Waste Disposal Utility Fund with unrestricted net position of \$460,029 in 2019 up from \$410,809 in 2018.

Capital Asset and Debt Administration

Capital Assets: At the end of 2019, the City had acquired \$22,245,916 (net of accumulated depreciation) in a broad range of capital assets for its governmental and business-type activities, including land, buildings, park facilities, roads, bridges, heavy machinery, vehicle and equipment, and infrastructure.

1. All infrastructure assets acquired to date are included in capital assets in accordance with GASB 34 requirements.
2. The total increase in net capital assets for 2019 was \$622,716 or 3%.
3. Additional information on the City's net position can be found in Notes 1 and 4 of the Notes to Financial Statements.

Long-Term Debt: Colorado Revised Statutes provide for a general obligation debt limit of 1.5% of assessed valuation. The 2019 assessed valuation was \$12,824,925.

At December 31, 2019, the City of Rocky Ford had the following outstanding long-term debt:

1. \$99,455 in accrued PTO and vacation due to employees;
2. \$132,000 in estimated closure and post closure care costs for the landfill operated by Otero County Landfill Inc.;
3. \$61,695 remaining balance on a \$109,079 loan payable to the Colorado Department of Local Affairs used to finance a waste-water lift station at the Arkansas Valley Fairgrounds and a chlorination and de-chlorination waste-water treatment facility in 2008;
4. \$2,391,671 loan payable semi-annually to Rural Development for financing of Zone 1, Zone 2, Water Treatment Plant & Water Tank improvements in 2011.
5. \$1,317,562 lease payable to U.S. Bancorp Government Leasing and Financing, Inc., for professional services and the acquisition of equipment for energy and water conservation measures.
6. \$23,070 lease payable to Fowler State Bank for improvements to the City administration building.
7. \$1,051,355 loan payable to Colorado Water Resources and Power Development Authority with a 0% interest rate for system upgrades in the Sewer Fund.
8. \$540,772 loan payable to Colorado Water Resources and Power Development Authority with a 0% interest rate for system upgrades in the Sewer Fund.
9. \$17,282 lease payables to Acme Leasing, Inc. for the purchase of vehicles (Dodge Chargers and Ram trucks)
10. \$70,583 lease payable to Deere Credit, Inc. for the purchase of a 2015 John Deere 410K backhoe.
11. \$382,438 in net pension liability for the Old Hire Police Pension Fund.

Economic Factors and Next Year's Budgets and Rates

The 2019 budget reflects an increase in the General Fund revenues and expenditures due to the construction and completion of the public safety building. Other factors potentially affecting the 2020 budget is the increase in minimum wage, the increase in fuel and utility costs, and the change in usage of water in 2020 verse 2019 which affects the revenues received in Enterprise Funds.

NOTES TO THE BASIC FINANCIAL STATEMENTS

CITY OF ROCKY FORD, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE -1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

REPORTING ENTITY

The City of Rocky Ford, Colorado (the "City") is a Statutory City governed by an elected mayor and council, which are governed by state statutes and regulations. As required by accounting principles generally accepted in the United States of America, these financial statements present the City of Rocky Ford (the primary government) and its component units, if applicable.

The City is not included in any other governmental "reporting entity", as required by accounting principles generally accepted in the United States of America; these basic financial statements present the City (the primary government) and its component units, if applicable. Currently no component units have been included in the City's reporting entity because of a lack of significant operational or financial relationships with the City.

Related Organizations:

Rocky Ford Housing Authority

A five-member board appointed by the Rocky Ford City Council governs the Rocky Ford Housing Authority. The Authority provides housing to certain qualified residents and is principally funded through Federal grants and rental charges. Because these appointments are administrative in nature and control over the organization is at the Federal Government level, the Authority is treated as a related organization of the City rather than a component unit.

Joint Venture:

Otero County Landfill, Inc.

The City of Rocky Ford is a participant along with six other entities within the County in a joint venture known as the Otero County Landfill, Inc. As a participant, the City is responsible for a portion of closure and post-closure costs of the landfill. As of December 31, 2019, the City's share of the closure and post-closure costs are estimated at \$132,000 or approximately 8.96% of the total. A complete financial report may be obtained from the administrative offices of Otero County. The City also incurred additional costs of approximately \$78,850 for services provided by Otero County Landfill, Inc.

GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the City and its component units, if applicable. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds (General and Capital Improvement Funds) and individual enterprise funds (Water Utility, Sewer Utility and Solid Waste Disposal Utility Funds) are reported as separate columns in the fund financial statements.

MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

CITY OF ROCKY FORD, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE -1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

Property and specific ownership taxes, sales taxes, interest revenues, and charges for services are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. Grants and entitlement awards are recorded as revenue when earned. Expenditure driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met. Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria are met. All other revenue items are considered to be measurable and available only when cash is received.

The City reports the following major governmental funds:

General Fund – The General Fund is the government's primary operating fund. It accounts for all financial resources of the general government, except those which are required to be accounted for in another fund. Major revenue sources include sales taxes, property taxes, franchise and other taxes, charges for services, and intergovernmental revenue. Primary expenditures include general government, public safety (fire and police), public works, health and welfare, culture and recreation, and general expenditures.

Capital Improvement Fund – Capital improvement fund is used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service.

The City reports the following major proprietary funds:

Water Utility Fund - Accounts for the operations of the City's water utility. Activities of the fund include administration, operation and maintenance, treatment, and distribution of the water system, along with accumulation of resources for the payment of principal and interest on long-term debt. All costs are financed through charges to utility customers with rates reviewed regularly and adjusted if necessary.

Sewer Utility Fund - Accounts for the operations of the City's sewer utility. Activities of the fund include administration, operation and maintenance, treatment, and collection of the waste water system, along with accumulation of resources for the payment of principal and interest on long-term debt. All costs are financed through charges to utility customers with rates reviewed regularly and adjusted if necessary.

Solid Waste Disposal Utility Fund - Accounts for the operations of the City's solid waste disposal utility. Activities of the fund include administration, operation and maintenance, and collection of trash related to the solid waste disposal system. All costs are financed through charges to utility customers with rates reviewed regularly and adjusted if necessary.

The proprietary funds account for transactions that are financed and operated in a manner similar to a private business enterprise where the intent of the governing body is that the costs and expenses of providing goods or services to the general public on a continuing basis, be financed or recovered primarily through charges. The proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the funds principal ongoing operations. The principal operating revenues of the funds are charges to customers for sales and service. Operating expenses include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting these definitions are reported as nonoperating revenues and expenses.

STEWARDSHIP

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

Prior to October 15, the City Finance Officer submits to the City Council a proposed operating budget for the fiscal year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.

CITY OF ROCKY FORD, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE -1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

STEWARDSHIP (Continued)

Public hearings are conducted to obtain taxpayer comments. Prior to December 15, the budget is legally enacted through passage of an ordinance.

Revisions that alter total expenditures of any kind generally must be approved by City Council. Budget amounts in the accompanying financial statements include revisions to the original approval. Appropriations lapse at year end and any open purchase item must be reappropriated in the following year.

All budget amounts presented in the accompanying supplemental information reflect the final budgets.

Expenditures may not legally exceed appropriations at the fund level. For the year ended December 31, 2019, expenditures exceeded appropriations in the General Fund, Capital Improvement Fund, Water Utility Fund, Sewer Utility Fund, Gobin Community Building Fund and Conservation Trust Fund.

ENCUMBRANCES

Outstanding encumbrances represent a commitment for the estimated amount of expenditures, which could ultimately result from the fulfillment of uncompleted purchase orders and contracts. Encumbrances lapse at the end of each fiscal year (December 31). Lapsed encumbrances are then reviewed by department heads to determine those which will remain canceled and those, which will be reinstated and paid from appropriations for the following year. Encumbrances are, therefore, not considered expenditures until an actual liability is incurred.

CASH AND CASH EQUIVALENTS

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and highly liquid investments held in banks. For purposes of the statement of cash flows, the City considers all highly liquid investments (including restricted assets) with a maturity of six months or less when purchased to be cash equivalents.

ACCOUNTS RECEIVABLE

The City grants credit terms in the normal course of business to its utility customers. Concentrations of credit risk with respect to accounts receivables which are uncollectible is limited due to customer deposits and account monitoring procedures which are utilized to minimize risk of loss. The City recognized amounts due from utility customers as of year-end but not billed due to cycle billings. Recognition is based upon a direct ratio of days in the current period to the total days in each individual billing cycle.

INVENTORIES

The inventories of the General Fund are accounted for as expenditures at the time they are purchased. Consumable supplies on hand are not recognized. The inventories of the Proprietary Funds are valued at cost using the first-in, first-out method.

WATER INVENTORY

The water inventory is carried at the lower of cost or market, with cost determined using the expenses involved in acquiring water held in storage.

CAPITAL ASSETS

Capital assets which include property, plant, equipment and current infrastructure (e.g. roads, bridges, sidewalks and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements.

Infrastructure assets have been capitalized on a prospective basis, from 2004. The City defines capital assets as assets with an initial life in excess of two years and an individual cost of \$5,000 or more. The valuation of acquisitions since 1969 is at cost. Acquisitions prior to 1969 are either at cost, if determinable, or at estimated cost.

Expenditures for maintenance and repairs are charged to expenses as incurred; expenditures for renewals and betterments are generally capitalized. Gains or losses due to disposal are charged or credited to income.

NOTE -1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

CAPITAL ASSETS (Continued)

Depreciation is determined using the straight-line method based on the estimated useful lives of the assets as follows:

Systems	5 - 50	Years
Equipment	4 - 15	Years
Buildings	25 - 50	Years

DEFERRED OUTFLOWS / INFLOWS OF RESOURCES

In addition to assets, the statement of financial position will sometimes report a separate section for *deferred outflows of resources*. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has one item that qualifies for reporting in this category which is for pension related amounts.

Pension Related - Amounts reported as deferred outflows of resources include the following:

Difference Between Expected and Actual Experience	\$ 35
Changes of Assumptions or Other Inputs	1,437
Net Difference Between Projected and Actual Investment	
Earnings on Pension Plan Investments	18,691
Contributions Made Subsequent to the Measurement Date	<u>14,637</u>
Total Pension Related Deferred Outflows	<u>\$ 34,800</u>

More information on pension related items is included in Note 8.

In addition to liabilities, the statement of financial position will sometimes report a separate section for *deferred inflows of resources*. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has two types of items that qualify for reporting in this category.

Property Taxes - The item, property taxes levied for subsequent years, arises only under a modified accrual basis of accounting. The governmental funds report unavailable revenues from property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. Property tax revenue is considered a deferred inflow of resources in the year the taxes are levied and measurable, and are recognized as an inflow of resources in the period they are collected.

Pension Related - Amounts reported as deferred inflows of resources include the following:

Difference Between Expected and Actual Experience	\$ 2,633
Changes of Assumptions or Other Inputs	-
Net Difference Between Projected and Actual Investment	
Earnings on Pension Plan Investments	<u>10,229</u>
Total Pension Related Deferred Inflows	<u>\$ 12,862</u>

More information on pension related items is included in Note 8.

LEASE AGREEMENTS

Annual rentals pertaining to leases which convey merely the right to use the property are charged to current operations. Lease agreements which are substantially installment purchases of property have been recorded as purchases with a corresponding liability recognized in the government-wide financial statements.

CITY OF ROCKY FORD, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE -1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

NET POSITION / FUND BALANCE

In the government-wide and proprietary financial statements, net position is classified in the following categories:

Net investment in capital assets – This amount consists of capital assets, net of accumulated depreciation, reduced by outstanding debt, if applicable, attributed to the acquisition, construction, or improvement of those assets.

Restricted net position – This amount is restricted by external creditors, grantors, contributors, laws or regulations of other governments.

Unrestricted net position – This amount is all net position that do not meet the definition of “net investment in capital assets” or “restricted net position”

GASB Statement No. 54 “Fund Balance Reporting and Governmental Fund Type Definitions” provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government’s fund balance more transparent. The following classifications describe the relative strength of the spending constraints placed on the purposes for which the resources can be used:

Nonspendable fund balance – amounts that are not in spendable form (such as inventory) or required to be maintained intact;

Restricted fund balance – amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation;

Committed fund balance – amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint;

Assigned fund balance – amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority;

Unassigned fund balance – amounts that are available for any purpose; positive amounts are reported only in the general fund.

The Council establishes (and modifies or rescinds) fund balance commitments by passage of a resolution. This is typically done through adoption and amendment of the budget. Assigned fund balance is established through the adoption or amendment of the budget as intended for specific purposes.

When both restricted and unrestricted resources are available in governmental funds, the City applies expenditures against restricted fund balance first, followed by committed fund balance, assigned fund balance and unassigned fund balance.

The Grand Theater Fund had a deficit unassigned fund balance of \$7,287 at December 31, 2019.

COMPENSATED ABSENCES

It is the City’s policy to permit employees to accumulate earned but unused vacation and sick pay benefits. All vacation and sick pay are accrued when incurred in the government-wide and proprietary fund financial statements. A liability is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

LONG-TERM OBLIGATIONS

In the government-wide financial statements, and proprietary fund types in the fund type financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type statement of net position.

Bond premiums and discounts, as well as issuance costs, except any portion related to prepaid insurance costs, are recognized as an expense in the period incurred.

CITY OF ROCKY FORD, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE -1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

LONG-TERM OBLIGATIONS (Continued)

In the fund financial statements, governmental fund types recognize bond premiums and discounts as well as bond issuance costs during the current period. The face amount of debt is reported as other financing sources while discounts on issuances are reported as other financing uses. Issuance costs are recorded as debt service expenditures.

Net pension liabilities and assets, associated with the Old Hire Police Pension Fund and Volunteer Fire Department Pension Fund administered by FPPA, represent the City's total pension liabilities less the fiduciary net position. Amounts have been determined using the economic resources measurement focus and the accrual basis of accounting.

PENSION PLANS

The employees of the City are covered by a variety of pension plans. Fire and police personnel who were hired prior to April 1978, and elected to do so, are covered by a defined benefit plan. All other fire and police personnel are covered by a defined contribution plan. The City also has a defined contribution plan covering substantially all full-time employees.

The City's policy is to fund defined contribution plans currently. More information on pension plans is included in Note 8.

INTERFUND TRANSACTIONS

Interfund transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund are recorded as expenditures/expenses in the reimbursing fund and as a reduction of expenditures/expenses in the fund that is reimbursed. All other interfund transactions are reported as transfers.

ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

ACCOUNTING PRINCIPLES

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations).

NOTE -2 DEPOSITS

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City does not have a deposit policy for custodial credit risk. As of December 31, 2019, the carrying value of cash deposits was \$3,283,343 and the bank balances were \$3,217,730 of which \$750,000 was covered by federal deposit insurance and the remaining balance was exposed to custodial credit risk. Deposits exposed to credit risk are collateralized with securities held by the pledging financial institution through PDPA.

The Colorado Public Deposit Protection Act, (PDPA) requires that all units of local government deposit cash in eligible public depositories, state regulators determine eligibility. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by PDPA. PDPA allows the institution to create a single pool for all public funds. The pool is to be maintained by another institution or held in trust for all the uninsured public deposits as a group. The market value of the collateral must be at least equal to 102% of the uninsured deposits.

NOTE -4 PROPERTY TAXES AND DEFERRED REVENUES

Property taxes are levied on November 15 and attached as a lien on property the following January 1. They are payable in full by April 30 or in two equal installments due February 28 and June 15. The County bills and collects property taxes for all taxing districts in the County. The City's share of property tax receipts collected by the County are remitted to the City in the subsequent month. Property taxes are reported as a receivable and a deferred revenue when levied and as a revenue when due for collection in the following year.

NOTE -5 RESTRICTED ASSETS

Governmental Funds - The cash is restricted for future capital improvements related to streets and gutters.

Proprietary Funds - The cash is restricted for future major repairs and the related debt service costs.

NOTE -6 PENSION FORFEITURE ACCOUNTS

These accounts represent employee forfeiture accounts in defined contribution plans that may be used by the City for appropriate expenditures of the fire and police departments upon approval by the trustees of the pension funds.

NOTE -7 CHANGES IN LONG-TERM OBLIGATIONS (Continued)

LEASE PAYABLE 1 - GOVERNMENTAL AND BUSINESS-TYPE ACTIVITIES

The City entered into a Master Tax-Exempt Lease/Purchase Agreement with U.S. Bancorp Government Leasing and Financing, Inc., on March 15, 2012, in the amount of \$2,033,000 for professional services and the acquisition of equipment for energy and water conservation measures. The lease is payable in varying annual installments of principal and interest from the Water Utility Fund (63%) and the Governmental Funds (37%) at 3.15% interest per annum beginning March 15, 2013 and maturing March 15, 2027. The lease is collateralized by a security interest constituting a first lien on the equipment.

Annual requirements of the lease as of December 31, 2019 are as follows:

<u>Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2020	\$ 132,133	\$ 41,572	\$ 173,705

In connection with the above Loan Payable 2- Sewer and Loan Payable 3- Sewer, the City is subject to various covenants and is required to maintain an operation and maintenance reserve in an amount equal to three months of operation and maintenance expenses, excluding depreciation. As of December 31, 2018, the City was in compliance with all covenants and maintained the required reserve of \$139,000.

LOAN PAYABLE 4- SEWER

The City in the Sewer Utility Fund entered into a loan agreement with First National Bank of Las Animas on July 23, 2014, in the amount of \$69,500 to purchase heavy equipment. The loan is payable in monthly principal and interest installments of \$1,254 at 3.15% per annum beginning August 23, 2014 with final payment made July 23, 2019.

LOAN PAYABLE – SOLID WASTE DISPOSAL

The City in the Solid Waste Disposal Utility Fund entered into a loan agreement with First National Bank of Las Animas on December 30, 2014, in the amount of \$161,438 to purchase heavy equipment. The loan is payable in monthly principal and interest installments of \$2,907 at 3.15% per annum beginning January 11, 2015 with final payment made December 11, 2019.

ESTIMATED CLOSURE AND POSTCLOSURE CARE COSTS

In 1995 the City entered into an intergovernmental agreement with Otero County and other municipalities within the County to form Otero County Landfill, Inc. to operate the landfill within the County. The agreement transfers the liability for closure and postclosure costs to this organization. The City and all participating entities are responsible for a portion of the costs based on an average of the population and assessed valuation of each entity to the total of all entities. Based on the current allocation, the City's share is approximately 8.96% of the estimated \$1,468,000 in closure and post-closure costs amounting to \$132,000. These amounts are based on estimates of what it would cost to perform all closure and post-closure care in 2019. Actual costs may be higher or lower due to inflation or deflation, changes in technology, or changes in applicable laws or regulations.

The City and other municipalities are required by state and federal laws and regulations to make certain financial assurances. These have been based on the same percentage as stated above.

Due to the significant decrease in the estimated closure and post closure costs from 2018 to 2019, the City's allocation was reduced by \$22,700 and is reported as a special item on the statement of activities and statement of revenues, expenses and changes in net position in the Solid Waste Disposal Utility Fund.

NOTE -8 PENSION PLANS

City employees may be covered under one or two of four different pension/defined contribution plans, depending on occupation and date of hire. The net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position and additions to / deductions from the fiduciary net position of the Old Hire Police Pension Fund has been determined using the economic resources measurement focus and the accrual basis of accounting. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms.

Investments - Investments are reported at fair value.

Plan Information

Plan Description - The City, on behalf of certain full-time paid Police Officers, contributes to the Old Hire Police Pension Fund which is affiliated with the Colorado Fire and Police Pension Association (FPPA) to administer the funds for the City. Assets of the plan are commingled for investment purposes in the Fire Member's Benefit Fund, an agent multiple-employer defined benefit pension plan administered by FPPA. The plan provides retirement benefits for members and beneficiaries according to the plan provisions as enacted and governed by the City Council of the City of Rocky Ford.

Plan Membership – Plan membership consists of active employees hired prior to April 8, 1978, electing to remain covered under the provisions of the City's current plan.

The following is a summary of the participants:

	<u>Old Hire Police</u>
Active Members	0
Retired Members	2
Disabled Retired Members	0
Beneficiaries	0

Benefits Provided - The plan provides retirement benefits for members and beneficiaries according to the plan provisions and is as follows:

The Old Hire Police Pension Fund provides retirement benefits to police Officers who have attained both 55 years of age and completed 20 years of service or upon completion of 25 years of service, if earlier. Any Police Officer who elects to retire on or after his Normal Retirement Date shall be eligible for a monthly pension equal to 50% of his average monthly salary received one year before his retirement. For each year a member continues working past eligibility for normal retirement, a member's benefit will increase by 4% of his average monthly salary to a maximum benefit of 74%. This benefit will be applicable only for service earned after January 1, 1993.

Upon death or remarriage, the surviving spouse receives a monthly pension equal to 50% of the monthly pension the Police Officer was entitled to receive prior to death. In addition, the plan calls for a 3% cost of living adjustment effective each January 1.

Title 31, Article 30 of the Colorado Revised Statutes ("CRS"), as amended, establishes basic benefit provisions under the plan. FPPA issues a publicly available annual financial report that includes the assets of the City of Rocky Ford Old Hire Police Pension Fund. That report may be obtained by writing to: FPPA of Colorado, 5290 DTC Parkway, Suite 100, Greenwood Village, Colorado 80111 or by calling FPPA at (303) 770-3772 in the Denver Metro area, or 1-800-332-FPPA (3772) from outside the metro area.

Contributions

The Plan sets contribution rates at a level that enables all benefits to be fully funded at the retirement date of all members. Plan members and the City of Rocky Ford are required to contribute at a rate set by state statute. Employer contribution rates can only be amended by state statute. Member contribution rates can be amended by state statute or by election of the membership. The contributions are based on an actuarially determined amount recommended by an independent actuary.

OLD HIRE POLICE PENSION FUND – DEFINED BENEFIT PLAN (Continued)

The contribution rate for members and the City for the Old Hire Police Pension Fund is 0% of covered salaries. Contribution was determined as part of the January 1, 2018 actuarial valuation. Total contribution for the year ended December 31, 2019 was \$12,000 and the actuarially determined contribution was \$35,709.

Actuarial Assumptions – Actuarially determined contribution rates are calculated as of January 1 of even numbered years. The contribution rates have a one-year lag, so the actuarial valuation as of January 1, 2016, determines the contribution amounts for 2017 and 2018.

Methods and Assumptions Used to Determine Contribution Rates for the fiscal Year Ending December 31, 2017:

- Actuarial Cost Method – Entry Age Normal
- Amortization Method – Level Dollar, Open*
- Remaining Amortization Period – 12 years*
- Asset Valuation Method – 5-Year smoothed fair value
- Inflation – 2.50%
- Salary Increases – N/A
- Investment Rate of Return – 7.50%
- Retirement Age – Any remaining actives are assumed to retire immediately
- Mortality Rates – Post-retirement: For ages less than 55, RP-2014 Mortality Tables for Blue Collar Employees. For ages 65 and older, RP-2014 Mortality Tables for Blue Collar Healthy Annuitants. For ages 55 through 64, a blend of the previous tables. All tables are projected with Scale BB.
Disabled (pre-1980): RP-2014 Disabled Generational Mortality Table generationally projected with Scale BB with a minimum 3% rate for males and 2% rate for females.

* Plans that are heavily weighted with retiree liabilities use an amortization period based on the expected remaining lifetime of the participants.

Long-Term Expected Rate of Return on Pension Plan Investments

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic nominal rates of return for each major asset class included in the Fund's target asset allocation as of December 31, 2017, are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Nominal Rate of Return
Cash	2.00%	2.52%
Fixed Income	15.00%	2.90%
Managed Futures	4.00%	5.35%
Absolute Return	9.00%	5.08%
Equity Long / Short	9.00%	6.45%
Global Equity	37.00%	8.03%
Private Markets	24.00%	10.00%
Total	100.00%	

Single Discount Rate

Projected benefit payments are required to be discounted to their actuarial present values using a Single Discount Rate that reflects (1) a long-term expected rate of return on pension plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits) and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the plan's projected fiduciary net position is not sufficient to pay benefits).

CITY OF ROCKY FORD, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE -8 PENSION PLANS (Continued)

OLD HIRE POLICE PENSION FUND – DEFINED BENEFIT PLAN (Continued)

For the purpose of this valuation, the long-term expected rate of return on pension plan investments is 7.50%: the municipal bond rate is 3.71% (based on the weekly rate closet to but no later than the measurement date of the “state & local bonds” rate from Federal Reserve statically release(H.15)); and the resulting Single Discount Rate is 3.81%. If the plan sponsor begins to make actuarial contributions as prescribed in statute, the Single Discount Rate in future valuations will reflect that and trend towards the long-term expected rate of return.

The resulting Single Discount Rate for the prior measurement period was 3.56%. This reduction in Single Discount Rate is included in the reconciliation of the Net Pension Liability as an Assumption Change.

Projected cash flows used in determining the Single Discount Rate are available upon request.

Net Pension Liability

The net pension liability was measured at December 31, 2018, the total pension liability used to calculate the net pension liability was determined by an actuarial valuation dated January 1, 2018, and the City’s fiscal year ending date, or reporting date, is December 31, 2019.

Long-Term Expected Rate of Return on Pension Plan Investments

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic nominal rates of return for each major asset class included in the Fund's target asset allocation as of December 31, 2018 are summarized in the table below:

Asset Class	Target Allocation	Long-Term Expected Nominal Rate of Return
Cash	2.00%	2.52%
Fixed Income	15.00%	2.90%
Managed Futures	4.00%	5.35%
Absolute Return	9.00%	5.08%
Equity Long/Short	9.00%	6.45%
Global Equity	37.00%	8.03%
Private Markets	24.00%	10.00%
Total	100.00%	

Single Discount Rate

Projected benefit payments are required to be discounted to their actuarial present values using a Single Discount Rate that reflects (1) a long-term expected rate of return on pension plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits) and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the plan's projected fiduciary net position is not sufficient to pay benefits).

VOLUNTEER FIRE DEPARTMENT PENSION FUND – DEFINED BENEFIT PLAN (Continued)

For the purpose of this valuation, the long-term expected rate of return on pension plan investments is 7.00%: the municipal bond rate is 3.71% (based on the weekly rate closet to but no later than the measurement date of the “state & local bonds” rate from Federal Reserve statistical release (H.15)); and the resulting Single Discount Rate is 7.00%.

Net Pension Liability (Asset)

The net pension liability (asset) was measured at December 31, 2018, the total pension liability (asset) used to calculate the net pension liability (asset) was determined by an actuarial valuation dated January 1, 2019, and the City’s fiscal year ending date, or reporting date, is December 31, 2019.

FIRE AND POLICE – DEFINED CONTRIBUTION PLANS

Plan Description - The City provides pension benefits for all of its full-time Fire and Police employees hired after April 1978 and old hires that chose to switch to the new plan through a defined contribution plan. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Employees are eligible to participate from the date of employment. The plan requires that both the employee and the City contribute an amount equal to 8 percent of the employee's base salary each month. The City's contributions for each employee (and interest allocated to the employee's account) are fully vested after seven years of continuous service. City contributions for and interest forfeited by employees who cease employment before seven years of service are used to reduce the City's current-period contribution requirement.

The City is the trustee of the Fire Defined Contribution Plan and the Police Defined Contribution Plan and has the duty of due care that would be required of an ordinary prudent investor, but has no liability for losses under the plans.

Funding Policy - The City's total Fire and Police payroll under the system for 2019 was \$220,335 and \$239,078 respectively. The City's contributions were calculated using a base salary amount of \$166,048 and \$194,666. Both City and the covered employees made the required 8 percent contribution or more, amounting to \$13,284 for the City match or a total of \$26,568 for the firemen and \$15,573 for the City match or a total of \$31,147 for the policemen. As of December 31, 2019, the market value of assets held by the plans are \$209,913 for Fire and \$241,901 for Police.

CITY RETIREMENT – DEFINED CONTRIBUTION PLAN

Plan Description - The City provides pension benefits for all of its full-time employees through a defined contribution plan. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Employees are eligible to participate after attaining age 18 and having been employed one year. The plan entrance dates are January 1 and July 1. The plan requires that the employees contribute 5 percent and the City contribute an amount equal to 5 percent of the employee’s base salary each month. The City’s contributions for each employee (and interest allocated to the employee’s account) are fully vested after seven years continuous service. City contributions for, and interest forfeited by, employees who leave employment before seven years of service are used to reduce the City’s current-period contribution requirement.

The City is the trustee of the plan and has the duty of due care that would be required of an ordinary prudent investor, but has no liability for losses under the plan.

Funding Policy - The City's total payroll in fiscal year 2019 was \$599,393. The City's contributions were calculated using the base salary amount of \$497,765. Both the City and the covered employees made the required contribution, amounting to \$24,888 and \$29,866, respectively, for a total of \$54,754. As of December 31, 2019, the market value of assets held was \$1,174,248.

NOTE -9 NET POSITION

Restricted net position represents net position whose users are subject to constraints that are either 1.) legally imposed by creditors (such as debt covenants), grantors, or laws or regulations of other governments, or 2.) imposed by law through constitutional provisions or enabling legislation. Restricted net position at December 31, 2019 is as follows:

	Governmental Activities	Business-Type Activities	Total
Operations and Maintenance	\$ -	\$ 144,000	\$ 144,000
Future Expenditures	168,634	870,541	1,039,175
Conservation Trust	106,346	-	106,346
Emergencies - TABOR	107,500	-	107,500
	\$ 382,480	\$ 1,014,541	\$ 1,397,021

Restricted for Operations and Maintenance – The City is required to maintain an operation and maintenance reserve in an amount equal to three months of operation and maintenance expenses, excluding depreciation as set forth by the creditor.

Restricted for Future Expenditures – This represents unspent cash received from special assessments in the Water Utility Fund and Sewer Utility Fund. The cash is restricted for future major repairs and the related debt service costs.

Restricted for Conservation Trust – This represents money received from the State of Colorado for parks and open space related projects.

Restricted for Emergencies - TABOR – This represents approximately 3% of the City’s 2019 fiscal year spending as that term is defined in the Colorado constitution. Under these provisions of the constitution, this portion of the City’s net position can be used for declared emergencies only and the City must maintain 3% or more of its spending in this restricted account. The City does not believe this restriction meets the definition of a stabilization arrangement under generally accepted accounting principles.

NOTE -12 RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

For risks related to property and liability and workers' compensation, the City is a member of the Colorado Intergovernmental Risk Sharing Agency (CIRSA), a separate and independent governmental and legal entity formed by intergovernmental agreement by member municipalities pursuant to the provision of 24-10-115.5, Colorado Revised Statutes (1982 Replacement Volume) and Colorado Constitution, Article XIV, section 18(2). The purposes of CIRSA are to provide members defined liability and property coverage and to assist members to prevent and reduce losses and injuries to municipal property and to persons or property which might result in claims being made against members of CIRSA, their employees or officers.

It is the intent of the members of CIRSA to create an entity in perpetuity which will administer and use funds contributed by the members to defend and indemnify, in accordance with the bylaws, any member of CIRSA against stated liability of loss, to the limit of the financial resources of CIRSA. It is also the intent of the members to have CIRSA provide continuing stability and availability of needed coverage at reasonable costs.

CITY OF ROCKY FORD, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE -12 RISK MANAGEMENT (Continued)

All income and assets of CIRSA shall be at all times dedicated to the exclusive benefit of its members. CIRSA is a separate legal entity and the City does not approve budgets nor does it have ability to significantly affect the operations of the unit. The City has not significantly changed its insurance coverage over the past three years, nor have settlements exceeded coverage during the same period.

The City purchases commercial insurance coverage for all items not covered by CIRSA. Settled claims for these risks have not exceeded insurance coverage the past three years.

NOTE -13 CONTINGENCIES AND COMMITMENTS

The general obligation bonds recorded as liabilities of the Water Utility Fund are contingent liabilities of the general resources of the City.

The City participated in federally assisted grant programs. Under the terms of the grants, periodic compliance audits are required by the granting agencies and certain costs may be questioned as not being appropriate expenditures under the terms of the grants and could require reimbursement. City administration believes disallowance, if any, will be immaterial.

NOTE -14 TAX SPENDING AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations, which apply to the State of Colorado and all local governments.

Enterprises, defined as government-owned businesses authorized to issue revenue bonds and receiving less than 10% of annual revenue in grants from all state and local governments combined, are excluded from the provisions of TABOR. The City's management believes a significant portion of its operations qualify for this exclusion.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention on such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). A portion of the fund balance has been restricted in compliance with this requirement. At December 31, 2019, \$107,500 of the fund balance has been restricted.

Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

The City's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation.

In November 1995, the voters of the City approved an amendment to allow the collection, retention, and expenditure of all excess funds.

NOTE -15 RELATED PARTY TRANSACTIONS

As indicated in Note -1, the City entered into an intergovernmental agreement with Otero County Landfill, Inc. (OCLI) regarding a landfill operation. For the year ended December 31, 2019, the City had expenditures of \$78,850 to OCLI for its share of the costs of which \$14,916 was due and recorded as accounts payable in the Solid Waste Disposal Utility Fund. The City has recognized \$132,000 for its share of estimated closure and post closure care costs.

CITY OF ROCKY FORD, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE -16 NEW ACCOUNTING PRONOUNCEMENTS

In March 2018, the Governmental Accounting Standards Board (“GASB”) issued Statement No.88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*. The GASB is issuing this Statement to improve the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. This Statement requires that additional essential information related to debt be disclosed in notes to financial statements, including unused lines of credit; assets pledged as collateral for debt; and terms specified in debt agreements related to significant events of default with finance-related consequences, significant termination events with finance-related consequences, and significant subjective acceleration clauses.

In May 2020, the Governmental Accounting Standards Board (“GASB”) issued Statement No.95, *Postponement of the Effective Dates of Certain Authoritative Guidance*. This Statement provides temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. The Statement has postponed the effective date of GASB Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*, 12 months from years beginning after June 15, 2018 to years beginning after June 15, 2019.

NOTE -17 SUBSEQUENT EVENTS

The City evaluated its December 31, 2019 financial statements for subsequent events through the date the financial statements were available to be issued. As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which are likely to negatively impact tax revenues and charges for services. Other financial impact could occur though such potential impact is unknown at this time.

NOTE -1 SCHEDULE OF CHANGES IN THE PLAN'S NET PENSION LIABILITY (ASSET) AND RELATED RATIOS

Measurement Period: January 1, 2018 - December 31, 2018 for the Fiscal Year Ending December 31, 2019 (December 31, 2017 measurement date). The City elected the one-year lookback for measurement date and measurement period purposes.

NOTE -2 SCHEDULES OF PLAN CONTRIBUTIONS

Actuarial Assumptions

OLD HIRE POLICE PENSION FUND

Valuation Date: January 1, 2018

Actuarially determined contribution rates are calculated as of January 1 of even numbered years. The contribution rates have a one-year lag, so the actuarial valuation as of January 1, 2018, determines the contribution amounts for 2018 and 2019.

Significant actuarial methods and assumptions used to determine the contribution rates for the Old Hire Police Pension Fund is as follows:

Methods and assumptions used to determine contribution rates:

Actuarial Cost Method	- Entry Age Normal
Amortization Method	- Level Dollar, Open*
Remaining Amortization Period	- 12 Years*
Asset Valuation Method	- 5-Year smoothed fair value
Inflation	- 2.50%
Salary Increase	- N/A
Investment Rate of Return	- 7.50%
Retirement Age	- Any remaining actives are assumed to retire immediately
Mortality (Annuities)	- <u>Post-retirement</u> : For ages less than 55, RP-2014 Mortality Tables for Blue Collar Employees. For ages 65 and older, RP-2014 Mortality Tables for Blue Collar Healthy Annuitants. For ages 55 through 64, a blend of the previous tables. All tables are projected with Scale BB. <u>Disabled (pre-1980)</u> : RP-2014 Disabled Generational Mortality Table generationally projected with Scale BB with a minimum 3% rate for males and 2% rate for females.

* Plans that are heavily weighted with retiree liabilities use an amortization period based on the expected remaining lifetime of the participants.

VOLUNTEER FIRE DEPARTMENT PENSION FUND

Valuation Date: January 1, 2017

Actuarially determined contribution rates are calculated as of January 1 of odd numbered years. The contribution rates have a one-year lag, so the actuarial valuation as of January 1, 2017, determines the contribution amounts for 2018 and 2019.

Significant actuarial methods and assumptions used to determine the contribution rates for the Volunteer Fire Department Pension Fund is as follows:

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the City Council
City of Rocky Ford, Colorado

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities and each major fund of the City of Rocky Ford, Colorado, as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the City of Rocky Ford, Colorado's basic financial statements, and have issued our report thereon dated July 28, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Rocky Ford, Colorado's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Rocky Ford, Colorado's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Rocky Ford, Colorado's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Rocky Ford, Colorado's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report
