INDEPENDENT AUDITOR'S REPORT

Board of Directors
The Country Homes Metropolitan District
Arapahoe County, Colorado

We have audited the accompanying financial statements of the governmental activities, the business-type activities and each major fund of The Country Homes Metropolitan District as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion.

8200 South Quebec Street, Suite A3259, Centennial, Colorado 80112
303-905-0809 • info@dazziocpa.com

• Member American Institute of Certified Public Accountants • Member Colorado Society of Certified Public Accountants •

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, and each major fund of The Country Homes Metropolitan District, as of December 31, 2020, and the respective changes in financial position, and where applicable, cash flows thereof and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 12 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise The Country Homes Metropolitan District's financial statements. The Supplementary Information and the Other Information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements.

The Supplementary Information is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the financial

statements. The Supplementary Information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplementary Information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Other Information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

MANAGEMENT'S DISCUSSION AND ANALYSIS

THE COUNTRY HOMES METROPOLITAN DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

December 31, 2020

As management of The Country Homes Metropolitan District (the District), we offer readers of the District's basic financial statements, this narrative overview and analysis of the financial activities of the District for the year ended December 31, 2020. We encourage readers to consider the information presented here in conjunction with the District's basic financial statements.

Financial Highlights

- The assets of the District exceeded its liabilities at the close of 2020 by \$1,132,767: \$747,749 in governmental activity net position and \$385,018 in business-type activity net position.
- The District's total net position decreased by \$6,854. Net position of the District's governmental activities increased \$21,125. Net position of the business-type activities decreased \$27,979.
- Total revenues increased \$4,143, or 2.1%, compared to 2019. Governmental activities revenues decreased \$2,795, or 2.0%, to \$138,644 and revenues of business-type activities increased \$6,938, or 12.0% to \$64,980 compared to 2019.
- The total cost of the District's programs increased \$83,014 or 65.1%, compared to 2019. The cost of governmental activities program expenses increased \$44,629, or 61.2% to \$109,127, and the cost of business-type activities increased \$38,385, or 70.3% to \$92,959 from 2019.
- The District's general fund reported an ending fund balance of \$467,198, an increase of \$15,910 in comparison with the prior year. Of the ending general fund balance, 91%, or \$426,763 is unassigned, or available for spending at the District's discretion.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components:

- 1) government-wide financial statements,
- 2) fund financial statements, and
- 3) notes to the financial statements.

This report also contains other supplementary information in addition to the basic financial statements themselves.

THE COUNTRY HOMES METROPOLITAN DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

December 31, 2020

Government-wide financial statements

The *government-wide financial statements* are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the District's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The *statement of activities* presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes).

Both of the government-wide financial statements distinguish functions of the District that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the District include general government and public works. The business-type activities of the District include the water and sewer operations.

Fund Financial Statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The funds of the District can be divided into two categories: governmental funds and proprietary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial

THE COUNTRY HOMES METROPOLITAN DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

December 31, 2020

statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The District maintains two governmental funds. Information is presented in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures and changes in fund balances for the General and Debt Service Funds, which are considered to be major funds.

The District adopts an annual appropriated budget for its both of its governmental funds. A budgetary comparison statement for the General Fund and a budgetary schedule for the Debt Service Fund have been provided to demonstrate compliance with the budget.

Proprietary funds. The District maintains one type of proprietary fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The District uses enterprise funds to account for two separate operations: Water and Sewer. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Supplementary and Other information. In addition to the basic financial statements and accompanying notes, this report also presents budget to actual schedules for the debt service and the water and sewer funds, as well as schedules presenting the District's debt requirements and a history of assessed valuation and mill levies for the past several years.

Government-wide Financial Analysis

A. Analysis of Net Position

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. The analysis below focuses on the net position and changes in net position of the District's governmental and business-type activities.

Table 1 presents an analysis of the District's net position as of December 31. The District's assets exceeded liabilities by \$1,132,767 at the close of 2020. Governmental activities make up

THE COUNTRY HOMES METROPOLITAN DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

December 31, 2020

\$747,749 (66%) of this net position, with business-type activities making up the remaining \$385,018 (34%). Total net position decreased \$6,854 in 2020. The increase is comprised of the following:

- Total assets decreased \$36,285 to \$1,406,068 due to decreases of capital assets of \$36,044 due to depreciation on those assets.
- Total liabilities decreased \$31,276 to \$92,314 due to principal payments on the District's General Obligation Bonds of \$26,000 and increases in accounts payable at year-end of \$5,276.

Table 1
The Country Homes Metropolitan District
Summary of Net Position

	Governmental Activities		Business-type Activities		Total	
	2020	2019	2020	2019	2020	2019
Assets						
Current and other assets	\$ 626,077	\$ 605,290	\$ 267,351	\$ 288,379	\$ 893,428	\$ 893,669
Capital assets	340,859	368,428	171,781	180,256	512,640	548,684
Total assets	966,936	973,718	439,132	468,635	1,406,068	1,442,353
Liabilities						
Long-term liabilities	82,000	108,000	-	-	82,000	108,000
Other liabilities	8,651	11,831	1,663	3,759	10,314	15,590
Total liabilities	90,651	119,831	1,663	3,759	92,314	123,590
Deferred Inflows of Resources						
Property tax revenue	128,536	127,263	52,451	51,879	180,987	179,142
Net position						
Net Investment in Capital Assets	258,859	260,428	171,781	180,256	430,640	440,684
Restricted	24,739	18,133	1,711	1,582	26,450	19,715
Unrestricted	464,151	448,063	211,526	231,159	675,677	679,222
Total net position	\$ 747,749	\$ 726,624	\$ 385,018	\$ 412,997	\$ 1,132,767	\$ 1,139,621

The largest portion of the District's net position (38%) reflects its investment of \$512,640 in capital assets (e.g., streets; water and sewer infrastructure) less related debt of \$82,000 used to acquire those assets that is still outstanding. The District uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay the debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

THE COUNTRY HOMES METROPOLITAN DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

December 31, 2020

An additional portion of the District's net position, \$26,450 (2%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position amounts to \$675,677 (60%).

B. Analysis of Changes in Net Position

As presented in Table 2, the District's overall net position decreased \$6,854 during 2020. This increase is explained in the governmental and business-type activities discussion below.

Table 2
The Country Homes Metropolitan District
Summary of Changes in Net Position

	Governmental Activities		Business-type Activities		Total Primary Government	
	2020	2019	2020	2019	2020	2019

Change In Net Position	21,125	68,549	(27,979)	3,468	(6,854)	72,017
Net Position - Beginning	<u>726,624</u>	<u>658,075</u>	<u>412,997</u>	<u>409,529</u>	<u>1,139,621</u>	<u>1,067,604</u>
Net Position - Ending	<u>\$ 747,749</u>	<u>\$ 726,624</u>	<u>\$ 385,018</u>	<u>\$ 412,997</u>	<u>\$ 1,132,767</u>	<u>\$ 1,139,621</u>

Governmental Activities. Net position of governmental activities increased \$21,125.

Governmental revenues decreased \$2,795 compared to 2019. The decrease was due to increases in property taxes of \$7,727 while net investment income decreased \$10,522 due to lower interest rates in 2020.

Governmental expenses increased \$44,629 compared to 2019. The increase was mainly due to increases in irrigation system and street repairs of \$16,823 and 19,958, respectively.

THE COUNTRY HOMES METROPOLITAN DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

December 31, 2020

Business-type Activities. Business-type activities decreased the District's net position by \$27,979 to end at \$385,018 in total net position. Of this amount, \$171,781 represents net position invested in capital assets, \$1,711 is restricted and \$211,526 is unrestricted.

Revenues increased \$6,938 due to increases in property taxes of \$4,590 and tap fees of \$2,650 while expenses increased \$38,385 in 2020. Most of this increase is due the payment to the City of Cherry Hills Village of \$32,778 for the District's share of the Cherrymoor South Sewer Trunk Line Rehabilitation Project.

Financial Analysis of the Government's Funds

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

A. Governmental funds

The focus of the District's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. This information is necessary to assess the District's financing requirements.

At December 31, 2020, the District's general fund reported an ending fund balance of \$467,198, an increase of \$15,910. \$3,047 is restricted for TABOR emergencies, \$37,388 (8%) is assigned for expenditures in 2021, \$426,763 (91%) constitutes unassigned fund balance, which is available for spending at the District's discretion.

The District created the debt service fund in 2014 to account for the accumulation of resources for the payment of principal and interest on the 2014 General Obligation Bonds. At December 31, 2020, the District's debt service fund reported an ending fund balance of 21,692, an increase of \$6,784.

B. Proprietary funds. The District's proprietary funds provide the same type of information in the government-wide financial statements, but in more detail. Other factors concerning the finances of the enterprise fund have already been addressed in the discussion of the District's business-type activities.

THE COUNTRY HOMES METROPOLITAN DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

December 31, 2020

Capital Assets and Debt Administration

A. Capital Assets

As can be seen from the table below, the District's investment in capital assets for its governmental and business-type activities as of December 31, 2020 amounts to \$512,640 (net of accumulated depreciation).

Capital Assets, Net		
	2020	2019
Governmental Activities		
Streets	\$ 9,021	\$ 12,631
Lights	4,566	6,391
Perimeter Wall	294,339	314,189
Entryway	32,933	35,217
Total, Net	<u>340,859</u>	<u>368,428</u>
Business-type Activities		
Water System	34,759	39,204
Sewer System	137,022	141,052
Total, Net	<u>171,781</u>	<u>180,256</u>
Grand Total, Net	<u>\$ 512,640</u>	<u>\$ 548,684</u>

Additional information on capital assets can be found in Note 4 to the financial statements.

B. Long-term Obligations

The District made the required principal and interest payments on the Series 2014 General Obligation Bonds.

Additional information on long-term obligations can be found in Note 5 to the financial statements.

THE COUNTRY HOMES METROPOLITAN DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

December 31, 2020

Next Year's Budgets and Rates

Revenues

Property Taxes

The District receives the majority of its revenue from property taxes. The District levied \$91,012 for general operations, \$37,524 for debt service and \$52,451 for water and sewer operations, for collection in 2021.

Specific Ownership Taxes

This revenue is based on a sharing of the collection of vehicle ownership taxes pooled by the County and is based on historical experience.

Expenditures

General and Debt Service Fund Expenditures

General Fund expenditures have been projected to be higher than 2020.

Sewer System Expenditures

The District's expenditures on its sanitary sewer collection system for 2021 are projected to be higher than 2020.

Water System Expenditures

In 2021, the District's expenditures on its water system are projected to be slightly higher than 2020.

General Obligation Debt

On March 19, 2014, the District issued \$250,000 in General Obligation Bonds, Series 2014, for the purpose of rehabilitating a portion of its sanitary sewer wastewater collection system and a portion of its water distribution system. Debt service for these bonds will be \$29,460 in 2021.

THE COUNTRY HOMES METROPOLITAN DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

December 31, 2020

The District's budget for 2021 is as follows:

	Budgeted Revenue	Budgeted Expenditures	Net Increase (Decrease)
General Fund	\$ 100,012	\$ 137,400	\$ (37,388)
Debt Service Fund	37,574	30,760	6,814
Water and Sewer Fund	56,751	112,400	(55,649)
Total	<u>\$ 194,337</u>	<u>\$ 280,560</u>	<u>\$ (86,223)</u>

Requests for Information

This financial report is designed to provide a general overview of the District's finances for all those with an interest in the District's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the District in care of Collins, Cockrel & Cole, P.C., 390 Union Boulevard, Suite 400, Lakewood, Colorado 80228-1556.

THE COUNTRY HOMES METROPOLITAN DISTRICT
RECONCILIATION OF THE GOVERNMENTAL FUNDS
BALANCE SHEET TO THE STATEMENT OF NET POSITION
December 31, 2020

Total Fund Balances - Governmental Funds	\$ 488,890
Total net position reported for governmental activities in the statement of net position is different because:	
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.	340,859
Long-term liabilities applicable to the District's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. All liabilities - both current and long-term - are reported in the statement of net position.	
Balances at year end are:	
General Obligation Bonds Payable	<u>(82,000)</u>
Net Position - Governmental Activities	<u><u>\$ 747,749</u></u>

The notes to the financial statements are an integral part of this statement.

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN
FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
For the Year Ended December 31, 2020**

Net Change in Fund Balances - Governmental Funds \$ 22,694

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. (27,569)

Long-term debt (e.g., issuance of bonds) provides current financial resources to governmental funds, while the repayment of principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position.

Principal Payment - General Obligation Bonds 26,000

Change in Net Position - Governmental Activities \$ 21,125

THE COUNTRY HOMES METROPOLITAN DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

NOTE 1 – DEFINITION OF REPORTING ENTITY

The District was originally Country Homes Sanitation District and only provided sanitation services. On June 16, 1982, Country Homes Sanitation District became The Country Homes Metropolitan District (the District) by an Order and Decree of the District Court in Arapahoe County, Colorado. The District is governed by a five-member elected Board of Directors.

The District provides sewage collection, water transmission and street maintenance services to approximately 43 residences in its service area which is located in the City of Cherry Hills Village, Colorado, and consists of the Country Homes Subdivision and includes seven homes to the south of the Subdivision on Cherry Hills Drive. These seven homes receive sanitary sewer service only from the District. Water supply is provided by the City and County of Denver (Denver Water). Sewer treatment is provided by the City of Englewood (Englewood). Charges for these services are billed and collected directly from District customers by Denver Water and Englewood.

The District has no employees and all operations and administrative functions are contracted.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

THE COUNTRY HOMES METROPOLITAN DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The more significant accounting policies of the District are described as follows:

Government-wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. Governmental activities are normally supported by taxes.

The statement of net position reports all financial and capital resources of the District, the difference between the assets and deferred outflows of resources, and liabilities and deferred inflows of resources of the District being reported as net position.

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met. Depreciation is computed and recorded as an operating expense. Expenditures for capital assets are shown as increases in assets and redemption of bonds and notes are recorded as a reduction in liabilities.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days after year-end. The major sources of revenue susceptible to accrual

THE COUNTRY HOMES METROPOLITAN DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

are property taxes. All other revenue items are considered to be measurable and available only when cash is received by the District. Expenditures are recorded when the related fund liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

The District reports the following major governmental funds:

The *General Fund* is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Debt Service Fund* accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of the governmental funds.

The District reports the following major proprietary fund:

The *Water and Sewer Fund* accounts for revenues and expenses associated with maintaining the District's water distribution and sewer collection systems.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the District's water and sewer functions and various other functions of government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish between operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principle ongoing operations. Since Denver Water and Englewood bill the District's customers directly for water and sewer services, the District's enterprise fund does not report any operating revenues. Operating expenses for enterprise funds include repairs and maintenance on the water distribution and sewer collection systems, administrative expenses and depreciation on capital assets. All expenses not meeting this definition are reported as nonoperating expenses. The District's water and sewer enterprise fund recognizes as capital contributions the entire portion of tap fees, as they are intended to recover the cost of the capital investment in the water and sewer distribution systems.

THE COUNTRY HOMES METROPOLITAN DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

Budgets

In accordance with the Local Government Budget Law of Colorado, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures level and lapses at year end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

Pooled Cash and Investments

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash and investments.

Cash and investments are presented in the basic financial statements at fair value.

For purposes of the statement of cash flows, the District considers all highly liquid investments (including restricted assets) with a maturity when purchased of three months or less and all local government investment pools to be cash equivalents.

Restricted Assets

Certain assets whose use is restricted for bonded debt service by debt indentures are segregated on the government-wide statement of net position and the fund balance sheets.

Property Taxes

Property taxes are levied by the District's Board of Directors. Property taxes are levied by December 15 of each year and are due in full the following year. The lien date is January 1 following the levy. Taxes may be paid in two equal installments, on or before February 28 and June 15, or in full, on or before April 30. Delinquent taxpayers are notified in August and generally, sales of the tax liens on delinquent properties are held in November or December. Property taxes are collected by Arapahoe County and then remitted, net of a 1% collection fee, to the District. Taxes are recorded as a receivable and a deferred inflow of resources when levied, and subsequently recorded as revenue in the year they are available or collected.

THE COUNTRY HOMES METROPOLITAN DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The District currently capitalizes expenditures that cost more than \$5,000 and have a life of one year or more. Such capital assets are recorded at historical cost or at estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

Public domain assets consisting of streets and lighting systems are examples of infrastructure assets. Infrastructure assets are distinguished from other capital assets because their useful life often extends beyond most other capital assets and are stationary in nature. General infrastructure assets are those associated with or arising from governmental activities. Generally accepted accounting principles requires the District to report general infrastructure assets obtained subsequent to January 1, 2004 but allows the District to retroactively capitalize general infrastructure assets obtained prior to that date. The District elected to not report general infrastructure assets retroactively.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed and depreciated over their remaining useful lives.

Capital assets of the District are depreciated, using the straight-line method over their estimated useful lives:

Roads and Streets	40 years
Lights and Signs	40 years
Water and Sewer Systems	40 years
Entryway and Fence	35 years

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position/balance sheet will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position or fund balance that applies to a future period(s) and thus, will not be recognized as an outflow of resources (expense/expenditure) until then.

THE COUNTRY HOMES METROPOLITAN DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

In addition to liabilities, the statement of financial position/balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position or fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District reports unavailable revenue for property taxes to be collected in the subsequent period and therefore not yet available.

Long-term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type statement of net position.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Issuance costs, even if withheld from the actual new proceeds received, are reported as debt service expenditures.

Use of Estimates

The preparation of financial statements, in conformity with generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. An example of such an estimate that has been made by management is depreciation expense.

Net Position and Fund Equity

Net Position

The government-wide financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted and unrestricted.

Net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets.

Restricted Net Position is subject to restrictions by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provision or enabling legislation.

THE COUNTRY HOMES METROPOLITAN DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

Unrestricted Net Position represents assets that do not have any third-party limitations on their use.

For government-wide presentation purposes, when both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first, then unrestricted resources as they are needed.

Fund Balances

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned.

Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

Nonspendable fund balance – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.

Restricted fund balance – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.

The District reports the following Restricted Fund Balances:

Restricted for Debt Service

Represents the portion of fund balance that is legally restricted to payment of principal and interest on long-term debt maturing in future years.

Restricted for TABOR Emergencies

Emergency reserves have been provided for as required by Article X, Section 20 of the Constitution of the State of Colorado (see Note 9).

Committed fund balance – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.

THE COUNTRY HOMES METROPOLITAN DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

Assigned fund balance – The portion of fund balance that is constrained by the government’s intent to be used for specific purposes but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.

Unassigned fund balance – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District’s practice to use the most restrictive classification first.

NOTE 3 – CASH DEPOSITS AND INVESTMENTS

The District’s unrestricted and restricted cash deposits and investments are presented as follows at December 31, 2020:

	Governmental Activities	Business-Type Activities	Total
Cash	\$ 811	\$ -	\$ 811
Investments	496,190	207,367	703,557
Total	<u>\$ 497,001</u>	<u>\$ 207,367</u>	<u>\$ 704,368</u>
Unrestricted	\$ 475,309	\$ 207,367	\$ 682,676
Restricted	21,692	-	21,692
	<u>\$ 497,001</u>	<u>\$ 207,367</u>	<u>\$ 704,368</u>

Cash Deposits

Custodial credit risk

Custodial risk for deposits is the risk that, in the event of a failure of a depository financial institution, the District will not be able to recover its deposits or will not be able to recover collateral securities that are in possession of an outside party. The Colorado Public Deposit Protection Act (PDPA) governs the investment of public funds. PDPA requires that all units of local government deposit cash in eligible public depositories. State regulators determine eligibility. Amounts on deposit in excess of federal insurance levels (\$250,000) must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits

THE COUNTRY HOMES METROPOLITAN DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least equal to 102% of the aggregate uninsured deposits. The institution's internal records identify the collateral by depositor and as such, these deposits are considered to be uninsured but collateralized. The State Regulatory Commissions for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2020, At December 31, 2020, the District's cash deposits had a bank balance of \$31,487 and a carrying balance of \$811.

Investments

The District has not adopted a formal investment policy; however, the District follows state statutes regarding investments.

The District generally limits its concentration of investments to obligations of the United States, certain U.S. government agency securities and Local Government Investment Pools, which are believed to have minimal credit risk, minimal interest rate risk and no foreign currency risk. Additionally, the District is not subject to concentration risk disclosure requirements or subject to investment custodial credit risk for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors, such actions are generally associated with a debt service reserve or sinking fund requirements.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- Obligations of the United States, certain U.S. government agency securities and securities of the World Bank
- General obligation and revenue bonds of US local government entities
- Certain certificates of participation
- Certain securities lending agreements
- Bankers' acceptances of certain banks
- Commercial paper
- Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- Certain money market funds
- Guaranteed investment contracts
- Local government investment pools

THE COUNTRY HOMES METROPOLITAN DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

At December 31, 2020, the District had the following investments:

<u>Investment</u>	<u>Maturity</u>	<u>Amount</u>
Colorado Government Liquid Asset Trust (COLOTRUST)	Weighted Average under 60 Days	<u>\$ 703,557</u>

The District invested in the Colorado Local Government Liquid Asset Trust (COLOTRUST) (the Trust), an investment vehicle established for local government entities in Colorado to pool surplus funds. The State Securities Commissioner administers and enforces all State statutes governing the Trust. The Trust operates similarly to a money market fund and each share is equal in value to \$1.00. The Trust offers shares in two portfolios, COLOTRUST PRIME and COLOTRUST PLUS+. Both portfolios may invest in U.S. Treasury securities and repurchase agreements collateralized by U.S. Treasury securities. COLOTRUST PLUS+ may also invest in certain obligations of U.S. government agencies, highest rated commercial paper and any security allowed under CRS 24-75-601. A designated custodial bank serves as custodian for the Trust's portfolios pursuant to a custodian agreement. The custodian acts as safekeeping agent for the Trust's investment portfolios and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by the Trust. COLOTRUST is rated AAAM by Standard & Poor's. COLOTRUST records its investments at fair value and the District records its investment in COLOTRUST using the net asset value method. There are no unfunded commitments, the redemption frequency is daily and there is no redemption notice period.

THE COUNTRY HOMES METROPOLITAN DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

NOTE 4 – CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2020 was as follows:

Governmental Activities:	Beginning Balance	Increases	Decreases	Ending Balance
Capital Assets Being Depreciated:				
Streets	\$ 144,393	\$ -	\$ -	\$ 144,393
Lights	73,008	-	-	73,008
Perimeter Wall	694,762	-	-	694,762
Entryway	79,942	-	-	79,942

THE COUNTRY HOMES METROPOLITAN DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

NOTE 5 – LONG-TERM DEBT

Long-term debt of the District is as follows:

	Balance December 31, 2019	New Issues	Retirements	Balance December 31, 2020	Due Within One Year
General Obligation Bonds, Series 2014	\$ 108,000	\$ -	\$ 26,000	\$ 82,000	\$ 27,000

On March 19, 2014, the District issued \$250,000 of General Obligation Bonds to fund water and wastewater improvements. The Bond, a term bond maturing on December 1, 2023, is subject to mandatory sinking fund redemption prior to the maturity date of the Bond beginning on December 1, 2014 and continuing until December 1, 2023. The bonds bear interest at 3%, payable semiannually on June 1 and December 1, commencing June 1, 2014. The Bond is subject to optional redemption prior to maturity, at the option of the District, in whole or in part and if in part by lot, on December 1, 2020 and on any date thereafter, at a redemption price equal to the principal amount thereof (with no redemption premium), plus accrued interest to the redemption date.

The bonds mature as follows:

	Principal	Interest	Total
2021	\$ 27,000	\$ 2,460	\$ 29,460
2022	27,000	1,650	28,650
2023	28,000	840	28,840
	\$ 82,000	\$ 4,950	\$ 86,950

THE COUNTRY HOMES METROPOLITAN DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

NOTE 6 – DEBT AUTHORIZATION

On November 3, 2013, a majority of the District’s electors authorized the issuance of indebtedness in an amount not to exceed \$500,000 at an interest rate not to exceed 7% per annum.

	Amount Authorized on November 5, 2013	Authorization Used Series 2014 Bonds	Authorized but Unissued
Water Distribution System	\$ 200,000	\$ 100,000	\$ 100,000
Wastewater Collection System	300,000	150,000	150,000
	<u>\$ 500,000</u>	<u>\$ 250,000</u>	<u>\$ 250,000</u>

NOTE 7 – RISK MANAGEMENT

The District is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters.

The District is a member of the Colorado Special Districts Property and Liability Pool (Pool). The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials’ liability, boiler and machinery and workers compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property and public officials’ liability coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

NOTE 8 – RELATED PARTY

All of the members of the District's Board of Directors are also on the Board of Directors of the Country Homes Association, Inc., a Colorado Nonprofit Corporation. The Association was created to perform services and to own land within the subdivision. The District and the Association serve common homeowners.

NOTE 9 – TAX SPENDING AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer’s Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations which apply to the State of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls or salary or benefit increases.

The District’s management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits, may require judicial interpretation.

On November 5, 2013, the District’s electors approved the following ballot issues:

Shall Country Homes Metropolitan District, Parcels A and B debt be increased up to \$300,000, with a repayment cost of up to \$595,000; and shall district taxes be increased up to \$30,000 annually, or by such lesser amount as may be necessary to pay the District's debt; such debt to consist of general obligation bonds or other multi-fiscal year financial obligations, including contracts, issued or to be issued for the purpose of paying all or any part of the cost of rehabilitating the District's wastewater collection system and related improvements; such debt to bear interest at a net effective Interest rate not to exceed 7% per annum and be payable from any legally available revenues, including a mill levy without limitation of rate and in amounts sufficient to pay the principal of, premium, if any, and interest on such debt, and have such terms and conditions as the District may determine, and shall such tax revenues be collected, retained and spent as a voter approved revenue change.

Shall Country Homes Metropolitan District, Parcels A and B debt be increased up to \$200,000, with a repayment cost of up to \$395,000; and shall district taxes be increased up to \$20,000 annually, or by such lesser amount as may be necessary to pay the District's debt; such debt to consist of general obligation bonds or other multi-fiscal year financial obligations, including contracts, issued or to be issued for the purpose of paying all or any part of the cost of

THE COUNTRY HOMES METROPOLITAN DISTRICT

rehabilitating the District's potable water distribution system and related improvements; such debt to bear interest at a net effective Interest rate not to exceed 7% per annum and be payable from any legally available revenues, including a mill levy without limitation of rate and in amounts sufficient to pay the principal of, premium, if any, and interest on such debt, and have such terms and conditions as the District may determine, and shall such tax revenues be collected, retained and spent as a voter approved revenue change.

NOTE 10 – COMMITMENT

On August 18, 2020, the District entered into an agreement with the City of Cherry Hills Village (the City) for the reimbursement of costs for the Cherrymoor South Sewer Trunk Line Rehabilitation Project (the Project). The terms of the agreement call for the District to reimburse the City for the District's pro-rata share of the Project costs. The estimated total cost of the Project is \$1,231,477 and the District's share of the cost is \$52,777.58. If there are cost overruns associated with the Project, the District will pay the City its pro-rata share of the cost overruns. If there are cost savings associated with the Project, the City will refund to the District its pro-rata share of the cost savings. The District has no obligation to pay a pro-rata share of cost overruns if the overrun exceeds ten percent (10%) of the District's Project costs, without first having the opportunity to review and approve the amount of the cost overruns. During the year ended December 31, 2020, the District paid the City its first installment of \$32,777.58. Within 60 days of the City's acceptance of the Project, the City shall provide an invoice to the District for the second installment of \$20,000.00, as adjusted by cost overruns or cost savings, if any.
