CERTIFIED PUBLIC ACCOUNTANTS & BUSINESS ADVISORS

INDEPENDENT AUDITOR'S REPORT

Board of Directors
Crystal Valley Metropolitan District No. 2
Douglas County, Colorado

We have audited the accompanying financial statements of the governmental activities and each major fund of the Crystal Valley Metropolitan District No. 2 (the District), Douglas County, Colorado, as of and for the year ended December 31, 2020, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP); this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities and each major fund of Crystal Valley Metropolitan District No. 2, Douglas County, Colorado, as of December 31, 2020, and the respective changes in financial position and the budgetary comparison for the General Fund for the year then ended in conformity with U.S. GAAP.

Other Matters

Required Supplementary Information

Management has not presented Management's Discussion and Analysis. Such missing information, although not a part of the basic financial statements, is required by GASB, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by the missing information.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual – Debt Service Fund, Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual – Capital Projects Fund and Summary of Assessed Valuation, Mill Levy, and Property Taxes Collected were presented for the purpose of additional analysis and were not a required part of the financial statements.

The Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual – Debt Service Fund, Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual – Capital Projects Fund and Summary of Assessed Valuation, Mill Levy, and Property Taxes Collected are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

CRYSTAL VALLEY METROPOLITAN DISTRICT NO. 2

Notes to Financial Statements December 31, 2020

Note 1: Summary of Significant Accounting Policies

The accounting policies of the Crystal Valley Metropolitan District No. 2, (the “District”), located in Douglas County, Colorado, conform to the accounting principles generally accepted in the United States of America (“GAAP”) as applicable to governmental units. The Governmental Accounting Standards Board (“GASB”) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the more significant policies consistently applied in the preparation of financial statements.

Definition of Reporting Entity

The District was organized in 1986 concurrently with Crystal Valley Metropolitan District No. 1 (“District No. 1”), as a quasi-municipal organization established under the State of Colorado Special District Act. District No. 1 has the power to provide water, streets, traffic and safety controls, television relay and translator, transportation, park and recreation, mosquito and pest control, fire protection and emergency medical services, sanitation facilities and other related improvements for the benefit of the taxpayers and service users within both District No. 1 and No. 2 boundaries. The Service Plan anticipates that the District No. 1 will convey water, sanitation facilities, streets and other facilities to the Town of Castle Rock, Colorado (“the Town”) or Douglas County (“the County”) for operation and maintenance purposes. District No. 1 may however, upon mutual agreement with the Town, retain ownership in the facilities and/or retain responsibility for operations and maintenance.

The District is intended to serve as the “Taxing District” while District No. 1 is intended to serve as the “Operating District”. The District collects property and specific ownership taxes, and on a yearly basis remits payments to District No. 1 for the purpose of funding operational expenses and funding capital projects.

The Operating District is responsible for providing the day-to-day operations and administrative management for both Districts.

As required by GAAP, these financial statements present the activities of the District, which is legally separate and financially independent of other state and local governments. The District follows the GASB, Statement No. 61, *The Financial Reporting Entity: Omnibus, which amended* GASB Statement No. 14, *The Financial Reporting Entity* and GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*, which provides guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB sets forth the financial accountability of a governmental organization’s elected governing body as the basic criterion for including a possible component governmental organization in a primary government’s legal entity.

CRYSTAL VALLEY METROPOLITAN DISTRICT NO. 2

Notes to Financial Statements December 31, 2020

Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency. The pronouncements also require including a possible component unit if it would be misleading to exclude it.

The District is not financially accountable for any other organization. The District has no component units as defined by the GASB.

The District has no employees and all operations and administrative functions are contracted.

Basis of Presentation

The accompanying financial statements are presented per GASB Statement No. 34 - Special Purpose Governments.

The government-wide financial statements (i.e. the governmental funds balance sheet/statement of net position and the governmental funds statement of revenues, expenditures, and changes in fund balances/statement of activities) report information on all of the governmental activities of the District. The statement of net position reports all financial and capital resources of the District. The difference between the (a) assets and deferred outflows of resources and the (b) liabilities and deferred inflows of resources of the District is reported as net position. The statement of activities demonstrates the degree to which expenditures/expenses of the governmental funds are supported by general revenues. For the most part, the effect of interfund activity has been removed from these statements.

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are collected.

CRYSTAL VALLEY METROPOLITAN DISTRICT NO. 2

Notes to Financial Statements December 31, 2020

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The material sources of revenue subject to accrual are property taxes and interest. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation is paid.

The District reports the following major governmental funds:

General Fund - The General Fund is the general operating fund of the District. It is used to account for all financial resources not accounted for and reported in another fund.

Debt Service Fund – The Debt Service Fund is used to account for all financial resources that are restricted, committed or assigned to expenditures for principal, interest and other debt related costs.

Capital Projects Fund – The Capital Projects Fund is used to account for all financial resources that are restricted, committed or assigned to expenditures for capital outlays, including the acquisition or construction of capital facilities and other assets.

Budgetary Accounting

Budgets are adopted on a non-GAAP basis for the governmental funds. In accordance with the State Budget Law of Colorado, the District's Board of Directors holds public hearings in the fall of each year to approve the budget and appropriate the funds for the ensuing year. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated. The appropriation is at the total fund expenditures level and lapses at year end.

In August 2020, the District amended its total appropriations in the Capital Projects Fund from \$0 to \$69,296,198 and in the Debt Service Fund from \$1,341,562 to \$68,343,006 primarily due to the refunding of all of the long-term debt and the issuance of the Series 2020A Bonds (See note 3).

Assets, Liabilities, Deferred Inflows/Inflows of Resources and Net Position

Fair Value of Financial Instruments

The District's financial instruments include cash and cash equivalents, accounts receivable and accounts payable. The District estimates that the fair value of all financial instruments at December 31, 2020, does not differ materially from the aggregate carrying values of its financial instruments recorded in the accompanying balance sheet. The carrying amount of these financial instruments approximates fair value because of the short maturity of these instruments.

CRYSTAL VALLEY METROPOLITAN DISTRICT NO. 2

Notes to Financial Statements December 31, 2020

Deposits and Investments

The District's cash and cash equivalents are considered to be cash on hand and short-term investments with maturities of three months or less from the date of acquisition. Investments for the government are reported at fair value.

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a minimum number of bank accounts. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash.

Estimates

The preparation of these financial statements in conformity with GAAP requires the District management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District has no items that qualify for reporting in this category.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has one type of items that qualify for reporting in this category. Deferred property taxes are deferred and recognized as an inflow of resources in the period that the amounts become available.

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April 30 or if in equal installments, at the taxpayers' election, in February and June. Delinquent taxpayers are notified in July or August and the sales of the resultant tax liens on delinquent properties are generally held in November or December. The County Treasurer remits the taxes collected monthly to the District.

CRYSTAL VALLEY METROPOLITAN DISTRICT NO. 2

Notes to Financial Statements December 31, 2020

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflows in the year they are levied and measurable since they are not normally available nor are they budgeted as a resource until the subsequent year. The deferred property taxes are recorded as revenue in the subsequent year when they are available or collected.

Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities.

Fund Equity

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications make the nature and extent of the constraints placed on a government's fund balance more transparent:

Nonspendable Fund Balance

Nonspendable fund balance includes amounts that cannot be spent because they are either not spendable in form (such as inventory or prepaids) or are legally or contractually required to be maintained intact.

Restricted Fund Balance

The restricted fund balance includes amounts restricted for a specific purpose by external parties such as grantors, bondholders, constitutional provisions or enabling legislation.

The restricted fund balance in the General Fund represents Emergency Reserves that have been provided as required by Article X, Section 20 of the Constitution of the State of Colorado. A total of \$555 of the General Fund balance has been restricted in compliance with this requirement.

The restricted fund balance in the Debt Service Fund in the amount of \$848,334 is restricted for the payment of the debt service costs associated with the General Obligation Refunding Bonds 2020A (see Note 3).

The restricted fund balance in the Capital Projects Fund in the amount of \$88,899 is restricted for the payment of the costs for capital improvements within the District.

Committed Fund Balance

The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by a formal action of the government's highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.

CRYSTAL VALLEY METROPOLITAN DISTRICT NO. 2

Notes to Financial Statements
December 31, 2020

Assigned Fund Balance

Assigned fund balance includes amounts the District intends to use for a specific purpose. Intent can be expressed by the District's Board of Directors or by an official or body to which the Board of Directors delegates the authority.

Unassigned Fund Balance

Unassigned fund balance includes amounts that are available for any purpose. Positive amounts are reported only in the General Fund, all other funds can report negative amounts. For the classification of Governmental Fund balances, the District considers an expenditure to be made from the most restrictive first when more than one classification is available.

Net Position

Net Position represents the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources. The District reports three categories of net position, as follows:

Net investment in capital assets – consists of net capital assets, reduced by outstanding balances of any related debt obligations and deferred inflows of resources attributable to the acquisition, construction, or improvement of those assets and increased by balances of deferred outflows or resources related to those assets. At December 31, 2020, the District did not have any amounts to report in this category.

Restricted net position – net position is considered restricted if their use is constrained to a particular purpose. Restrictions are imposed by external organizations such as federal or state laws. Restricted net position is reduced by liabilities and deferred inflows of resources related to the restricted assets.

Unrestricted net position – consists of all other net position that does not meet the definition of the above two components and is available for general use by the District.

When an expense is incurred for purposes for which both restricted and unrestricted net position are available, the District will use the most restrictive net position first.

Note 2: Cash and Investments

As of December 31, 2020, cash and investments are classified in the accompanying financial statements as follows:

Statement of Net Position:	
Cash and investments	\$ 282,048
Cash and investments - Restricted	<u>915,408</u>
Total	\$ <u>1,197,456</u>

CRYSTAL VALLEY METROPOLITAN DISTRICT NO. 2

Notes to Financial Statements
December 31, 2020

Cash and investments as of December 31, 2020, consist of the following:

Deposits with financial institutions	\$ 191,294
Investments - COLOTRUST	<u>1,006,162</u>
	\$ <u>1,197,456</u>

Deposits

Custodial Credit Risk

The Colorado Public Deposit Protection Act, (“PDPA”) requires that all units of local government deposit cash in eligible public depositories. State regulators determine eligibility. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool is to be maintained by another institution or held in trust for all the uninsured public deposits as a group. The market value of the collateral must be at least equal to 102% of the aggregate uninsured deposits. The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

The District does not have a formal policy for deposits, however, none of the District’s deposits were exposed to custodial credit risk.

Investments

Credit Risk

The District has not adopted a formal investment policy; however, the District follows state statutes regarding investments. Colorado statutes specify the types of investments meeting defined rating and risk criteria in which local governments may invest. These investments include obligations of the United States and certain U.S. Government agency entities, certain money market funds, guaranteed investment contracts, and local government investment pools.

Custodial and Concentration of Credit Risk

None of the District’s investments are subject to custodial or concentration of credit risk.

Interest Rate Risk

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors.

CRYSTAL VALLEY METROPOLITAN DISTRICT NO. 2

Notes to Financial Statements December 31, 2020

Investment Valuation

Certain investments are measured at fair value within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The District's investment is not required to be categorized within the fair value hierarchy. This investment's value is calculated using the net asset value method (NAV) per share.

The District has the following investments as of December 31, 2020:

COLOTRUST

The local government investment pool, Colorado Local Government Liquid Asset Trust ("COLOTRUST") is rated AAAM by Standard & Poor's with a weighted average maturity of under 60 days. COLOTRUST is an investment trust/joint ventures established for local government entities in Colorado to pool surplus funds. The State Securities Commissioner administers and enforces all State statutes governing the Trust. COLOTRUST records its investments at fair value and the District records its investment in COLOTRUST using the net asset value method. The trusts operate similarly to a money market fund with each share maintaining a value of \$1.00. The Trust offers shares in two portfolios, COLOTRUST PRIME and COLOTRUST PLUS+. Both investments consist of U.S. Treasury bills and notes and repurchase agreements collateralized by U.S. Treasury securities. COLOTRUST PLUS+ may also invest in certain obligations of U.S. government agencies, highest rated commercial paper and repurchase agreements collateralized by certain obligations of U.S. government agencies. Designated custodian banks provide safekeeping and depository services to the trusts. Substantially all securities owned by the trusts are held by the Federal Reserve Bank in the accounts maintained for the custodian banks. The custodians' internal records identify the investments owned by COLOTRUST. At December 31, 2020, the District had \$1,006,162 invested in COLOTRUST.

CRYSTAL VALLEY METROPOLITAN DISTRICT NO. 2

Notes to Financial Statements December 31, 2020

Note 3: Long Term Debt

A description of the long-term obligations as of December 31, 2020, is as follows:

General Obligation Refunding Subordinate Bonds Series 2014A and Series 2014B

On August 1, 2014, the District issued \$28,370,000 of General Obligation Refunding Subordinate Bonds Series 2014A at an interest rate of 5.5% and \$10,000,000 of General Obligation Refunding Subordinate Bonds Series 2014B at an interest rate of 0%. The 2014A and 2014B Bonds mature on December 15, 2049. Both sets of bonds were issued for the purpose of refunding developer notes, including any accrued interest, held by District No. 1.

The amounts of all other Subordinate Debt of District No. 1, as listed above, that is not otherwise restructured into the Series 2014A and Series 2014B Bonds have been discharged in its entirety. Per a Limited Mutual Release between the Districts and the Subordinate Bondholders, dated July 2, 2014, both the Series 2014A and 2014B Bonds are subject to discharge in their entirety thirty-five years after issuance, unless litigation is filed against the developer entity, Bondholders or current or past board members by or through the Districts challenging the enforceability or terms of the Bonds, or relating in any way to the operations of the District. The Subordinate Bondholders also agree to release the Districts, their successors, administrators, principals, board members, officers and assigns and any construction management fees of any possible challenges on the past, present or future operations of the Districts. If such litigation is filed by either party, the principal and interest due on the Series 2014A and Series 2014B Bonds will not be discharged at year thirty-five (35) but rather will be due and payable until paid in full. In 2020, the District paid the principal and accrued interest for \$40,826,552 on the Series 2014A bonds and \$4,000,000 on the Series 2014B Bonds which includes a premium on early redemption of the 2014 Bonds of \$1,418,500. The Subordinate Bondholders have waived any further obligations of the District.

Limited Tax General Obligation Refunding Loan Series 2015

On December 23, 2015, the District authorized the issuance of Limited Tax General Obligation Refunding Loan Series 2015, (the "Series 2015 Loan") for refunding of the outstanding Limited Tax General Obligation Bonds Series 2004A and a portion of the Series 2004B bonds held by District No. 1. The loan bears interest at 3.54% per annum, payable semiannually on each June 1 and December 1, commencing on June 1, 2016. The loan is subject to mandatory sinking fund redemption commencing on December 1, 2016. The 2015 Series Loan is secured by Pledged Revenues including (i) the Required Mill Levy; (ii) the portion of the Specific Ownership Tax which is collected as a result of the imposition of the Required Mill Levy; and (iii) any other legally available moneys which the District determines, in its absolute discretion, to transfer to the Trustee for application as Pledged Revenue. In 2020, the District refunded the Series 2015 Loan in full.

CRYSTAL VALLEY METROPOLITAN DISTRICT NO. 2

Notes to Financial Statements December 31, 2020

Limited Tax General Obligation Refunding Loan Series 2017

On November 1, 2017, the District authorized the issuance of Limited Tax General Obligation Refunding Loan Series 2017, (the “Series 2017 Loan”) for refunding of the outstanding Limited Tax General Obligation Bonds Series 2004B bonds held by District No. 1. The loan bears interest at 3.25% per annum, payable semiannually on each June 1 and December 1, commencing on December 1, 2017. The loan is subject to mandatory sinking fund redemption commencing on December 1, 2018. The 2017 Series Loan is secured by Pledged Revenues including (i) the Required Mill Levy; (ii) the portion of the Specific Ownership Tax which is collected as a result of the imposition of the Required Mill Levy; and (iii) any other legally available moneys which the District determines, in its absolute discretion, to transfer to the Trustee for application as Pledged Revenue. In 2020, the District refunded the Series 2017 Loan in full.

Amended and Restated Intercreditor Agreement

The District entered into an Amended and Restated Intercreditor Agreement with District No. 1 and all bond holders of both Districts, dated August 1, 2014, in order to set priority of payment of the debt issued by District No. 1 and the District. Under the obligations of the Master IGA, the District is to provide revenues to District No. 1 to pay its debt service obligations. The Series 2004A Bonds issued by District No. 1 have priority of the revenues provided by the District for interest and principal payments followed by the Series 2004B Bonds (also issued by District No. 1), the Series 2014A Bonds and finally the Series 2014B Bonds if not discharged. On December 23, 2015, the Series 2015 Loan repayment replaced the Series 2004A Bonds. On November 1, 2017, the Series 2017 Loan replaced the Series 2004B Bonds.

Limited Tax General Obligation Refunding and Improvement Bonds Series 2020A

On September 17, 2020, the District issued General Obligation Refunding & Improvement Bonds Series 2020A, (the “Series 2020A Bonds”), for refunding of the outstanding Series 2014A and Series 2014B Bonds, the Series 2015 Loan, and the Series 2017 Loan, and to reimburse a portion of the costs of acquiring, constructing, and/or installing certain public infrastructure to serve the development. The Series 2020A Bonds bear interest at rates ranging from 3.0% to 5.0% payable semiannually on each June 1 and December 1, commencing on December 1, 2020. The 2020A Bonds have a final maturity date of December 1, 2049 and have a final discharge date of December 31, 2052 regardless of the amount of principal and interest paid prior to that date.

The Series 2020A Bonds maturing on or after December 1, 2031, are subject to redemption prior to maturity at the option of the District, as a whole, or in part, in integral multiples of \$1,000, in any order of maturity and in whole or partial maturities, on December 1, 2030, and on any date thereafter at a redemption price equal to the principal amount so redeemed plus accrued interest to the date of redemption.

CRYSTAL VALLEY METROPOLITAN DISTRICT NO. 2

Notes to Financial Statements
December 31, 2020

The Series 2020A Bonds maturing on December 1, 2044, are also subject to a mandatory sinking fund prior to the maturity date of such bonds, in part, by lot, upon payment of par and accrued interest without redemption premium commencing on December 1, 2041. The Series 2020A Bonds maturing on December 1, 2049, are also subject to a mandatory sinking fund prior to the maturity date of such bonds, in part, by lot, upon payment of par and accrued interest without redemption premium commencing on December 1, 2045.

The Series 2020A Bonds are secured by Pledged Revenues including: (a) the property tax revenues; (b) the portion of the specific ownership tax which is collected as a result of the imposition of the required mill levy; (c) the pledged developer fee revenue; and (d) any other legally available moneys which the District determines to be used as pledged revenue. The payment of principal and interest on the Series 2020A Bonds is secured under a municipal insurance policy with Assured Guaranty Municipal Corp. The bonds were issued at a premium of \$7,782,603 which is being amortized over the life of the bonds. As of December 31, 2020, \$88,533 has been amortized.

The following is a summary of the annual long-term debt principal and interest requirements for the Series 2020A Bonds:

	Principal	Interest	Total
2021	\$ -	\$ 2,161,300	\$ 2,161,300
2022	250,000	2,161,300	2,411,300
2023	780,000	2,148,800	2,928,800
2024	875,000	2,109,800	2,984,800
2025	920,000	2,066,050	2,986,050
2026 - 2030	5,935,000	9,551,000	15,486,000
2031 - 2035	8,235,000	7,996,100	16,231,100
2036 - 2040	10,950,000	6,140,900	17,090,900
2041 - 2045	14,225,000	3,700,100	17,925,100
2046 - 2049	13,940,000	1,065,450	15,005,450
	<u>\$ 56,110,000</u>	<u>\$ 39,100,800</u>	<u>\$ 95,210,800</u>

Debt Authorization

In 1999, 2000 and 2001, a majority of the qualified electors of the District who voted in the election authorized the issuance of indebtedness of \$137,500,000. As of December 31, 2020, the amount of debt authorized by the District's electorate but unissued was \$99,130,000. Per the District's Service Plan, the District debt is limited to \$45,000,000 of which \$6,630,000 is remaining. The District has not budgeted to issue an any debt in 2021.

Note 4: Related Party

In 2020, one member of the Board of Directors is an employee of RainTree Investment Corporation ("RainTree"), which has significant ownership and/or investment interests in the property within the Districts. One other director is a consultant, directly or indirectly, to Raintree. Management believes that all potential conflicts, if any, have been disclosed to the Secretary of State and the Board of Directors. In 2021, that one member, who is an employee of Raintree, resigned from the Board of Directors.

CRYSTAL VALLEY METROPOLITAN DISTRICT NO. 2

Notes to Financial Statements December 31, 2020

Note 5: Agreements

District Facilities Construction and Service Agreement

On June 4, 2001, and as amended on February 24, 2012, the District entered into a District Facilities Construction and Service Agreement with District No. 1 under which District No. 1 coordinates the financing, acquisition, construction, installation, completion, operation, maintenance and repair of public improvements and the management, administration and provision of services benefitting both Districts. The District will financially support the repayment of bonds and other obligations incurred in connection with the completion, operation, maintenance and repair of public improvements and the management, administration, and provision of services by District No. 1.

District Development Fees

The District has adopted fees for services and/or development provided by the District under a Resolution dated as of July 23, 2020. The District authorized an increase in the fees effective January 1, 2021, for a total residential development fee payable of \$2,315.25, a multi-family development fee payable of \$1,323.00, and a commercial development fee of \$9,261 per acre of zoned commercial property. The Development Fee is due and required to be paid by the home builder not later than the time at which a building permit is obtained. In 2020, the District collected \$92,610 in fees.

Agreement Regarding Reimbursement of Advances

On July 21, 2020, the District entered into an agreement with Crystal Valley Recovery Acquisition, LLC (the "Developer"), in which the District recognizes that the Developer has funded and constructed public improvements within the District and determined it appropriate to reimburse the Developer \$4,051,111 out of the Series 2020A Bonds proceeds. This amount is recorded as a transfer to District No. 1 on the attached financial statements, and the developer was reimbursed by District No. 1.

Note 6: Tax, Spending and Debt Limitations

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer Bill of Rights ("TABOR"), contains tax, spending, revenue and debt limitations which apply to the State of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

CRYSTAL VALLEY METROPOLITAN DISTRICT NO. 2

Notes to Financial Statements December 31, 2020

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits will require judicial interpretation.

On November 6, 2001, a majority of the District's electors authorized the District to collect and spend or retain in a reserve all currently levied taxes and fees of the District without regard to any limitations under Article X, Section 20 of the Colorado Constitution

Note 7: Risk Management

Except as provided in the Colorado Governmental Immunity Act, 24-10-101, et seq., CRS, the District may be exposed to various risks of loss related to torts, theft of, damage to, or destruction of assets; errors or omissions; injuries to agents; and natural disasters. The District has elected to participate in the Colorado Special Districts Property and Liability Pool ("Pool") which is an organization created by intergovernmental agreement to provide common liability and casualty insurance coverage to its members at a cost that is considered economically appropriate. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for auto, public officials' liability, and property and general liability coverage. In the event aggregated losses incurred by the Pool exceed its amounts recoverable from reinsurance contracts and its accumulated reserves, the District may be called upon to make additional contributions to the Pool on the basis proportionate to other members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

Note 8: Interfund and Operating Transfers

The transfer of \$1,090,260 from the General Fund to the Debt Service Fund and \$61,973,678 from the Capital Projects Fund to the Debt Service Fund was transferred for the purpose of Series 2020A Bond issuance (see Note 3).

CRYSTAL VALLEY METROPOLITAN DISTRICT NO. 2

Notes to Financial Statements
December 31, 2020

Note 9: Reconciliation of Government-Wide Financial Statements and Fund Financial Statements

The *Governmental Funds Balance Sheet/Statement of Net Position* includes an adjustments column. The adjustments may have the following elements:

- 1) long-term liabilities such as bonds payable and accrued bond interest payable are not due and payable in the current period and, therefore, are not in the funds.

The *Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances/Statement of Activities* includes an adjustments column. The adjustments may have the following elements:

- 1) governmental funds report interest expense on the modified accrual basis; however, interest expense is reported on the full accrual method on the Statement of Activities;
- 2) governmental funds report developer advances and/or bond proceeds as revenue; and,
- 3) governmental funds report long-term debt payments as expenditures, however, in the statement of activities, the payment of long-term debt is recorded as a decrease of long-term liabilities.
