INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Crowfoot Valley Ranch Metropolitan District No. 2
Douglas County, Colorado

We have audited the accompanying financial statements of the governmental activities and each major fund of Crowfoot Valley Ranch Metropolitan District No. 2 (the District) as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Crowfoot Valley Ranch Metropolitan District No. 2, as of December 31, 2020, and the respective changes in financial position thereof, and the budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information as listed in the table of contents is presented for the purposes of legal compliance and additional analysis and is not a required part of the basic financial statements. The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

The annual disclosure information as listed in the table of contents has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

CROWFOOT VALLEY RANCH METROPOLITAN DISTRICT NO. 2
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2020

NOTE 1 DEFINITION OF REPORTING ENTITY

Crowfoot Valley Ranch Metropolitan District No. 2 (District), a quasi-municipal corporation and political subdivision of the state of Colorado, was organized by Order and Decree of the District Court for Douglas County recorded on December 3, 2002, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District was organized to provide financing for the design, acquisition, installation, and construction of sanitation improvements, water improvements, street improvements, traffic and safety control improvements, park and recreation improvements, transportation improvements, television relay and translation improvements, mosquito control, fire protection, emergency medical services, and operation and maintenance of the District. Under the Service Plan, the District is the Financing District related to Crowfoot Valley Ranch Metropolitan District No. 1, the Service District (District No. 1).

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District has no employees, and all operations and administrative functions are contracted.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The more significant accounting policies of the District are described as follows:

Government-Wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities are normally supported by taxes and intergovernmental revenues.

The statement of net position reports all financial and capital resources of the District. The difference between the sum of assets and deferred outflows and the sum of liabilities and deferred inflows is reported as net position.

CROWFOOT VALLEY RANCH METROPOLITAN DISTRICT NO. 2
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2020

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Government-Wide and Fund Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes and specific ownership taxes. All other revenue items are considered to be measurable and available only when cash is received by the District. The District determined that Developer advances are not considered as revenue susceptible to accrual. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation is due.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of the governmental funds.

The Capital Projects Fund is used to account for financial resources to be used for the acquisition and construction of capital equipment and facilities.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

CROWFOOT VALLEY RANCH METROPOLITAN DISTRICT NO. 2
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2020

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgets

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures level and lapses at year-end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

The District amended its budget for the year ending December 31, 2020.

Pooled Cash and Investments

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash.

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflow of resources in the year they are levied and measurable. The unearned property tax revenues are recorded as revenue in the year they are available or collected.

Deferred Inflows of Resources

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies for reporting in this category. Accordingly, the item, *deferred property tax revenue*, is deferred and recognized as an inflow of resources in the period that the amount becomes available.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Equity

Net Position

For government-wide presentation purposes when both restricted and unrestricted resources are available for use, it is the government's practice to use restricted resources first, then unrestricted resources as they are needed.

Fund Balance

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

Nonspendable Fund Balance – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.

Restricted Fund Balance – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.

Committed Fund Balance – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.

Assigned Fund Balance – The portion of fund balance that is constrained by the government's intent to be used for specific purposes, but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.

Unassigned Fund Balance – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District's practice to use the most restrictive classification first.

NOTE 3 CASH AND INVESTMENTS

Cash and investments as of December 31, 2020 are classified in the accompanying financial statements as follows:

Statement of Net Position:

Cash and Investments	\$ 144
Cash and Investments - Restricted	<u>10,460,082</u>
Total Cash and Investments	<u><u>\$ 10,460,226</u></u>

Cash and investments as of December 31, 2020 consist of the following:

Investments	<u><u>\$ 10,460,226</u></u>
-------------	-----------------------------

Deposits with Financial Institutions

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2020, the District had no cash deposits.

Investments

The District has adopted a formal investment policy that follows state statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (*) below, which are believed to have minimal credit risk, minimal interest rate risk and no foreign currency risk. Additionally, the District is not subject to concentration risk disclosure requirements or investment custodial credit risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

Investments (Continued)

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States, certain U.S. government agency securities, and securities of the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Certain certificates of participation
- . Certain securities lending agreements
- . Bankers' acceptances of certain banks
- . Commercial paper
- . Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- . Guaranteed investment contracts
- * Local government investment pools

As of December 31, 2020, the District had the following investments:

<u>Investment</u>	<u>Maturity</u>	<u>Fair Value</u>
Colorado Surplus Asset Fund Trust (CSAFE)	Weighted Average Under 60 Days	\$ 10,460,226

CSAFE

The District invested in the Colorado Surplus Asset Fund Trust (CSAFE) (the Trust), which is an investment vehicle established by State statute for local government entities to pool surplus assets. The State Securities Commissioner administers and enforces all State statutes governing the Trust. The Trust is similar to a money market fund, with each share valued at \$1.00. CSAFE may invest in U.S. Treasury securities, repurchase agreements collateralized by U.S. Treasury securities, certain money market funds and highest rated commercial paper. A designated custodial bank serves as custodian for CSAFE's portfolio pursuant to a custodian agreement. The custodian acts as safekeeping agent for CSAFE's investment portfolio and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by CSAFE. CSAFE is rated AAAM by Standard & Poor's. CSAFE Records its investments at amortized cost and the district records investments in CSAFE at net asset value as determined by amortized costs. There are no unfunded commitments, the redemption frequency is daily and there is no redemption notice period.

Total	<u>\$ 35,619,150</u>	<u>\$ 293,932</u>	<u>\$ -</u>	<u>\$ 35,913,082</u>	<u>\$ -</u>

The details of the District’s long-term obligations are as follows:

Limited Tax General Obligation Bonds, Series 2018A (the “2018A Senior Bonds”) and **Subordinate Limited Tax General Obligation Bonds, Series 2018B** (the “2018B Subordinate Bonds”, and together with the 2018A Senior Bonds, the “Bonds”) dated June 19, 2018.

Bond Details

The District issued the Bonds on June 19, 2018, in the par amounts of \$31,945,000 for the 2018A Senior Bonds and \$3,260,000 for the 2018B Subordinate Bonds. Proceeds of the 2018A Senior Bonds were applied to: (i) finance or reimburse the costs of public improvements; (ii) fund capitalized interest on the 2018A Senior Bonds; (iii) make an initial deposit to the Senior Surplus Fund; and (iv) pay the costs of issuance of the Bonds. Proceeds of the 2018B Subordinate Bonds were applied to: (i) finance or reimburse the costs of public improvements; and (ii) pay certain other costs of issuance of the 2018B Subordinate Bonds.

The 2018A Senior Bonds bear interest at rates ranging from 5.625% to 5.750%, payable semiannually on June 1 and December 1 of each year, beginning on December 1, 2018. Annual mandatory sinking fund principal payments are due on December 1, beginning December 1, 2026. The 2018A Senior Bonds mature on December 1, 2048. To the extent the 2018A Senior Bonds are not paid when due, the unpaid principal will continue to bear interest and the unpaid interest will compound semiannually on each June 1 and December 1 until the total repayment obligation of the District for the 2018A Senior Bonds equals the amount permitted by law and the electoral authorization.

NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2020

NOTE 4 LONG-TERM OBLIGATIONS (CONTINUED)

Bond Details (Continued)

The 2018B Subordinate Bonds bear interest at 8.00% and are payable annually on December 15, beginning December 15, 2018, from, and to the extent of, Subordinate Pledged Revenue available, if any, and mature on December 15, 2048. The 2018B Subordinate Bonds are structured as “cash flow” bonds meaning that there are no scheduled payments of principal or interest prior to the final maturity date. Unpaid interest on the 2018B Subordinate Bonds compounds annually at the rate borne by the 2018B Subordinate Bonds on each December 15. The District shall not be obligated to pay more than the amount permitted by law and the electoral authorization in repayment of the 2018B Subordinate Bonds. In the event any amounts due and owing on the 2018B Subordinate Bonds remain outstanding on December 15, 2058, such amounts shall be deemed discharged and shall no longer be due and outstanding.

Optional Redemption

The 2018A Senior Bonds and the 2018B subordinate Bonds are subject to redemption prior to maturity, at the option of the District, on December 1, 2023, and on any date thereafter, upon payment of par, accrued interest, and a redemption premium equal to a percentage of the principal amount so redeemed, as follows:

<u>Optional Redemption Date</u>	<u>Redemption Prices</u>
December 1, 2023 to November 30, 2024	3.00%
December 1, 2024 to November 30, 2025	2.00
December 1, 2025 to November 30, 2026	1.00
December 1, 2026 and Thereafter	0.00

Security

The 2018A Senior Bonds are payable solely from and to the extent of Senior Pledged Revenue, comprised of the following, net of any costs of collection: (i) all Senior Property Tax Revenues (generally defined as revenues resulting from the imposition of the Senior Required Mill Levy); (ii) all Senior Specific Ownership Tax Revenues resulting from the imposition of the Senior Required Mill Levy; (iii) all Capital Fees; and (iv) any other legally available moneys which the District determines, in its absolute discretion, to credit to the Senior Bond Fund.

NOTE 4 LONG-TERM OBLIGATIONS (CONTINUED)

Security (Continued)

The 2018A Senior Bonds are also secured by the amounts in the Senior Surplus Fund, which was partially funded with proceeds of the 2018A Senior Bonds in the amount of \$2,854,000, and will be additionally funded by excess Senior Pledged Revenue, if any, to the Maximum Surplus Amount of \$6,389,000. Amounts on deposit in the Senior Surplus Fund on the final maturity date of the 2018A Senior Bonds shall be applied to the payment of the 2018A Senior Bonds. The availability of such amount shall be taken into account in calculating the Senior Required Mill Levy to be imposed in December 2047. The balance in the Senior Surplus Fund on December 31, 2020, was \$2,958,898.

The 2018B Subordinate Bonds are payable solely from and to the extent of Subordinate Pledged Revenue, comprised of the following, net of any costs of collection: (i) all Subordinate Property Tax Revenues (generally defined as revenues resulting from the imposition of the Subordinate Required Mill Levy); (ii) all Subordinate Specific Ownership Tax Revenues resulting from the imposition of the Subordinate Required Mill Levy; (iii) all Subordinate Capital Fee Revenue (which means any revenue from Capital Fees remaining after deduction of amounts applied to the payment of any Senior Obligations); and (iv) any other legally available moneys which the District determines, in its absolute discretion, to credit to the Subordinate Bond Fund.

Required Mill Levy

The District has covenanted to impose a Senior Required Mill Levy each year in an amount which, if imposed by the District for collection in the succeeding calendar year, would generate Senior Property Tax Revenues sufficient to pay the 2018A Senior Bonds (less any amounts then on deposit in the Senior Bond Fund and, solely to the extent provided in the Senior Indenture, the Senior Surplus Fund), but not in excess of 50 mills (subject to adjustment), and for so long as the amount on deposit in the Senior Surplus Fund is less than the Maximum Surplus Amount, equal to 50 mills (subject to adjustment), or such lesser amount which, if imposed by the District for collection in the succeeding calendar year, would generate Senior Property Tax Revenues (A) sufficient to pay the 2018A Senior Bonds and to fully fund the Senior Surplus Fund to the Maximum Surplus Amount, or (B) which, when combined with moneys then on deposit in the Senior Bond Fund and the Senior Surplus Fund, will pay the 2018A Senior Bonds in full in the year such levy is collected.

In the event that the method of calculating assessed valuation is changed after December 16, 2008, the minimum mill levy of 50 mills and the maximum mill levy of 50 mills will be increased or decreased to reflect such changes, such increases or decreases to be determined by the Board in good faith so that to the extent possible, the actual tax revenues generated by the mill levy, as adjusted, are neither diminished nor enhanced as a result of such changes. For purposes of the foregoing, a change in the ratio of actual valuation to assessed valuation shall be deemed to be a change in the method of calculating assessed valuation. The adjusted minimum and maximum mill levy for tax collection year 2020 is 55.663. For tax levy year 2020 (for collection in 2021), the District levied 55.663 mills.

NOTE 4 LONG-TERM OBLIGATIONS (CONTINUED)

Required Mill Levy (Continued)

The District has covenanted to impose a Subordinate Required Mill Levy each year in an amount equal to (i) 50 mills (subject to adjustment), less the Senior Obligation Mill Levy (which is defined as the sum of the Senior Required Mill Levy required to be imposed by the District in accordance with the 2018A Senior Indenture and any other ad valorem property tax levy required to be imposed by the District for the payment of Senior Obligations) or (ii) such lesser amount which, if imposed by the District for collection in the succeeding calendar year, would generate Subordinate Property Tax Revenues which, when combined with moneys then on deposit in the Subordinate Bond Fund, will pay the 2018B Subordinate Bonds in full in the year such levy is collected. The Subordinate Required Mill Levy will equal zero at any time that: (i) the payment of the 2018A Senior Bonds and any other Senior Obligations requires the imposition of at least 50 mills (subject to adjustment); and (ii) at any time that there is on deposit in the Senior Surplus Fund less than the Maximum Surplus Amount.

The outstanding bond principal and interest of the 2018A Senior bonds are due as follows:

Pursuant to the Service Plan, the District along with District No. 1 is permitted to issue bond indebtedness in an aggregate amount up to \$70,000,000 (Combined Debt Limit). In the future, the District may issue a portion or all of the remaining authorized but unissued general obligation debt for purposes of providing public improvements to support development as it occurs within the District's service area.

NOTE 5 NET POSITION

The District has net position consisting of two components, restricted and unrestricted.

Restricted assets include net position that are restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had restricted net position as of December 31, 2020, as follows:

NOTE 6 DISTRICT AGREEMENTS

Amended and Restated District Facilities Agreement

The District and District No. 1 entered into a District Facilities Agreement, dated February 19, 2003, as amended and restated by the Amended and Restated District Facilities Agreement dated January 1, 2008, and as amended by the First Amendment to Amended and Restated District Facilities Agreement, dated May 29, 2018, which sets forth the right and obligations of the District to issue indebtedness to fund, and for District No. 1 to construct, own or transfer, and operate and maintain, public facilities and services for the benefit of both Districts. The agreement establishes:

Maximum Debt Levy

To fund the obligations related to the limited tax general obligation of the District:

- 1) A Maximum Debt Levy not to exceed 50 mills, as adjusted for changes in calculating assessed valuation after December 16, 2008 and
- 2) Other Revenues of the District as may be legally available.

Maximum O&M Levy and Service Fee

To fund the operation and maintenance of District No. 1:

- 1) A Maximum O&M levy not to exceed 20 mills, as adjusted for changes in calculating assessed valuation after December 16, 2008
- 2) The imposition of a uniform Service Fee upon each single family lot, each multi-family unit, and each square foot of commercial development, and
- 3) Other revenues of the District as may be legally available.

Fire Protection Agreement

The District has entered into an intergovernmental agreement with the Town of Castle Rock for fire protection and emergency response services. The required mill levy is 6.75 mills, as adjusted for changes in assessed valuation, which for the tax collection year 2020 is 7.514 mills. The Town of Castle Rock was required to build a new fire station to service the District and as a result the District agreed to levy 7.462 mills, as adjusted for changes in assessed valuation, and remit the proceeds, net of collection fees, to the Town annually.

NOTE 7 RELATED PARTY

The majority of the members on the Board of Directors are employees, owners, or are otherwise associated with the Developer and may have conflicts of interest in dealing with the District.

NOTE 8 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (Pool) as of December 31, 2020. The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery and workers' compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property, public officials' liability, and workers' compensation coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

NOTE 9 TAX, SPENDING, AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations that apply to the state of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

On November 4, 2014, a majority of the District's electors authorized the District to collect and spend or retain in a reserve the full amount of all currently levied taxes and fees of the District annually, without regard to any limitations under TABOR.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the Emergency Reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases. Since substantially all funds received by the District are transferred to District No. 1, which pays for all of the District's operations and maintenance costs, an emergency reserve is not reflected in the District's financial statements. The emergency reserve for these funds are reflected in District No. 1.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits, will require judicial interpretation.
