INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Ravenna Metropolitan District
Douglas County, Colorado

We have audited the accompanying financial statements of the governmental activities and each major fund of Ravenna Metropolitan District (the District) as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Ravenna Metropolitan District, as of December 31, 2020, and the respective changes in financial position thereof, and the budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements as a whole. The supplementary information as listed in the table of contents is presented for purposes of legal compliance and additional analysis and is not a required part of the basic financial statements. The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

**RAVENNA METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020**

NOTE 1 - DEFINITION OF REPORTING ENTITY

Ravenna Metropolitan District (District), a quasi-municipal corporation and political subdivision of the State of Colorado was organized on May 28, 2004 and is governed pursuant to provisions of the Colorado Special District Act. The District's service area is located in Douglas County, Colorado.

The District was established principally to provide streets, traffic and safety controls, water, sanitary sewer, storm drainage, television relay, parks and recreation, and mosquito control to areas within and without the boundaries of the District.

The District has no employees and all operations and administrative functions are contracted.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements, which provide guidance for determining which governmental activities, organizations, and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens, and fiscal dependency.

The District is not financially accountable for any other organization nor is the District a component unit of any other primary governmental entity.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The more significant accounting policies of the District are described as follows:

Government-wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities are normally supported by taxes and intergovernmental revenues.

The statement of net position reports all financial and capital resources of the District. The difference between the assets plus deferred outflows and liabilities plus deferred inflows of the District is reported as net position.

In addition to liabilities, the statement of net position may report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position and fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has one

**RAVENNA METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

item that is reported as a deferred inflow or resources. The item, deferred property tax revenue, is deferred and recognized as an inflow of resources in the period that the amount becomes available.

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met. Depreciation is computed and recorded as an operating expense. Expenditures for property and equipment are shown as increases in assets and redemption of bonds, notes, and developer advances are recorded as a reduction in liabilities.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes. Expenditures, other than interest on long-term obligations are recorded when the liability is incurred or the long-term obligation paid. All other revenue items are considered to be measurable and available only when cash is received by the District.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in other funds.

The Debt Service Fund accounts for the resources accumulated and payments made for principal, interest, and related expenses on long-term general obligation debt of the governmental funds.

**RAVENNA METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted first, then unrestricted resources as they are needed.

Budgets

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures level and lapses at year end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

Pooled Cash and Investments

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash.

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflows of resources in the year they are levied and measurable. The property tax revenues are recorded as revenue in the year they are available or collected.

Capital Assets

Capital assets, which include equipment and infrastructure assets (e.g. roads, bridges, sidewalks, and similar items), are reported in the governmental activities column in the governmental-wide financial statements.

**RAVENNA METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation. It is the District's policy to capitalize those assets with a cost or value of \$5,000 or more.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized. Improvements that will be dedicated to other governmental entities are not depreciated. Improvements to be owned by the District, with the exception of certain landscaping improvements (e.g. trees, sod, and similar items), are capitalized and depreciated over the remaining useful lives of the related fixed assets, as applicable. Depreciation expense has been computed using the straight-line method over the estimated economic useful lives:

Drainage system	40 years
Streets	40 years
Landscaping/irrigation system	20-25 years

Fees

The District imposes certain development impact fees on property within the Districts. The facility fees are required to be paid prior to the issuance of a building permit by the County. The District records the revenue when the fees are paid and received.

Fund Equity

The District reports fund balance classifications based on a hierarchy of spending constraints for nonspendable and spendable resources. Fund balances of governmental funds are classified as follows:

Nonspendable – Amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted – Amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed – Amounts that can be used only for specific purposes determined by a formal action of District's Board. The Board is the highest level of decision-making body for the District. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board.

**RAVENNA METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assigned – Amounts that do not meet the criteria to be classified as restricted or committed by that are intended to be used for specific purposes. Only the Board may assign fund balances for specific purposes.

Unassigned – All other spendable amounts.

Restricted Fund Balance

Emergency Reserves have been provided for as required by Article X, Section 20 of the Constitution of the State of Colorado. \$3,000 of the General Fund balance has been restricted in compliance with this requirement.

The restricted fund balance at December 31, 2020 in the Debt Service Fund \$1,418,685 represents the amount of pledged revenue that has been collected for future debt service payments.

NOTE 3 - CASH AND INVESTMENTS

Cash and investments as of December 31, 2020 are classified in the accompanying financial statements as follows:

Statement of net position:

Cash and investments - Unrestricted	\$ 178,414
Cash and investments - Restricted	1,358,411
Total cash and investments	<u><u>\$ 1,536,825</u></u>

Cash and investments as of December 31, 2020 consist of the following:

Statement of net position:

Deposits with financial institutions	\$ 76,676
Investments	1,460,149
Total cash and investments	<u><u>\$ 1,536,825</u></u>

Cash Deposits

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators.

Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least equal to 102% of the aggregate uninsured deposits.

**RAVENNA METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020**

NOTE 3 - CASH AND INVESTMENTS (CONTINUED)

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2020, the District's cash deposits had a bank balance of \$87,530 and a carrying balance of \$76,676.

Investments

Credit Risk

The District has not adopted a formal investment policy; however, the District follows state statutes regarding investments.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- * Obligations of the United States and certain U.S. government agency securities
- * Certain international agency securities
- * Certain certificates of participation
- * Certain securities lending agreements
- * General obligation and revenue bonds of U.S. local government entities
- * Bankers' acceptances of certain banks
- * Commercial paper
- * Written repurchase and reverse repurchase agreements collateralized by certain authorized securities
- * Certain money market funds
- * Guaranteed investment contracts
- * Local government investment pools

The local government investment pools, which include the Colorado Surplus Asset Fund Trust (CSAFE) and the Colorado Local Government Liquid Asset Trust (Colotrust) are both rated AAAM by Standard & Poor's.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

**RAVENNA METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020**

NOTE 3 - CASH AND INVESTMENTS (CONTINUED)

As of December 31, 2020, the District had the following investments:

Investment	Maturity	Amount
Colorado Surplus Asset Fund Trust (CSAFE)	Weighted average under 60 days	\$ 200,990
Colorado Liquid Asset Trust (COLOTRUST)	Weighted average under 60 days	<u>1,259,159</u>
		<u>\$ 1,460,149</u>

CSAFE

During 2020, the District invested in the Colorado Surplus Asset Fund Trust (CSAFE), which is an investment vehicle established by state statute for local government entities to pool surplus assets. The State Securities Commissioner administers and enforces all State statutes governing the Trust. The trust is similar to a money market fund, with each share valued at \$1.00. CSAFE may invest in U.S. Treasury securities and repurchase agreements collateralized by U.S. Treasury securities. A designated custodial bank serves as custodian for CSAFE's portfolio pursuant to custodian agreements. The custodian acts as safekeeping agent for CSAFE's investment portfolio and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by CSAFE. CSAFE records its investments at amortized cost and the District records its investments in CSAFE using the amortized cost method. There are no unfunded commitments, the redemption frequency is daily and there is no redemption notice period.

COLOTRUST

During 2020 the District invested in the Colorado Local Government Liquid Asset Trust (the Trust), an investment vehicle established for local government entities in Colorado to pool surplus funds. The State Securities Commissioner administers and enforces all State statutes governing the Trust. The Trust operates similarly to a money market fund and each share is equal in value to \$1.00. The Trust offers shares in two portfolios, COLOTRUST PRIME and COLOTRUST PLUS+. Both portfolios may invest in U.S. Treasury securities and repurchase agreements collateralized by U.S. Treasury securities. COLOTRUST PLUS+ may also invest in certain obligations of U.S. government agencies, highest rated commercial paper and repurchase agreements collateralized by certain obligations of U.S. government agencies. A designated custodial bank serves as custodian for the Trust's portfolios pursuant to a custodian agreement. The custodian acts as safekeeping agent for the Trust's investment portfolios and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by the Trust. COLOTRUST records its investments at fair value and the District records its investment in COLOTRUST using the net asset value method. There are no unfunded commitments, the redemption frequency is daily and there is no redemption notice period.

Series 2017A Limited Tax General Obligation Refunding and Improvement Convertible Capital Appreciation Bonds/Supplemental “B” Interest Registered Coupons

On November 1, 2017, the District issued its Senior Limited Property Tax Supported Convertible Capital Appreciation Revenue Bonds, Series 2017, in the original principal amount of \$31,995,697 (Senior Bonds) for the purpose of refunding the Series 2007 bonds and coupons, paying capital costs of public improvements, and paying to United Water and Sanitation District (United) amounts necessary to refund bonds related to United’s Ravenna Water Enterprise. The accreted value of the Series 2017 Bonds is \$33,685,000 at the current “A” interest conversion date (December 1, 2018). The Senior Bonds mature on December 1, 2046, and after conversion accrue interest at a rate of 5.0% per annum. The Senior Bonds are subject to mandatory sinking fund redemption beginning on December 1, 2023. Revenues pledged to the Senior Bonds are revenues derived from (1) the Senior Mill Levy of not more than 70 mills imposed on taxable property of the District, (2) specific ownership taxes remitted to the District as a result of the debt service mill levy and (3) any other legally available revenues the District, at its discretion, credits to pay the Senior Bonds.

Subordinate Limited Tax General Obligation Refunding Bonds, Series 2017B

On November 1, 2017, the District issued its Subordinate Limited Tax General Obligation Refunding Bonds (Subordinate Bonds) in the principal amount of \$8,000,000. Revenues pledged to the Subordinate bonds are derived from the imposition of a mill levy of 70 mills, the collection of subordinate specific ownership taxes, facility fees, and any other legally available revenues. Revenues remaining after all payments necessary to satisfy the requirements of the Senior Bonds are available to pay the Subordinate Bonds. The Subordinate Bonds mature on December 1, 2056, and accrue interest at an annual rate of 7.50%. The Subordinate Bonds are subject to redemption, beginning December 15, 2022, at par plus accrued interest and a

NOTE 6 - NET POSITION

The District's net position consists of three components – Net investment in capital assets; restricted; and unrestricted.

Net investment in capital assets consists of capital assets, net of accumulated depreciation, and reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets. As of December 31, 2020, the District had net investments in capital assets, in the amount of (\$36,866,544), calculated as follows:

Net investment in capital assets:

Capital assets, net	\$	6,403,456
Bonds payable		(43,270,000)
	\$	(36,866,544)

Restricted assets include net position that is restricted for use either externally by creditors, grantors, contributors, or laws and regulations of other governments; or imposed by law through constitutional provisions or enabling legislation. The District has restricted net position of \$1,421,685 restricted for emergency reserves and debt requirements.

The District has unrestricted net deficit of \$(1,937,167) at December 31, 2020. The deficit is a result of the District's outstanding debt, which in part was used to acquire assets that were transferred to other entities.

NOTE 7 - AGREEMENTS

Intergovernmental Agreement for Maintenance

The District entered into an intergovernmental agreement for maintenance with the City and County of Denver, acting by and through its Water Board, effective March 23, 2007, to provide for the District's use and maintenance of certain roadway improvements located on Tract D, River Canyon Filing No. 2, in the Ravenna development. Tract D is owned by the Water Board. The agreement is in effect in perpetuity or until it is modified by written agreement of the parties.

Inclusion Agreement with Roxborough Water and Sanitation District

On November 8, 2016, the eligible electors of the District approved the inclusion of the property in the District into the boundaries of Roxborough Water and Sanitation District (Roxborough), subject to the satisfaction of certain conditions. The District Court of Douglas County, Colorado has issued an Order for inclusion, which Order was recorded upon closing of the District's restructure of debt. Water and wastewater services for the District were transferred to Roxborough during 2017. As part of the Series 2017 bond transaction, the District deposited \$3,580,000 into a segregated account held by Roxborough. Roxborough is to apply the funds to the costs of the District's water system improvements. If amounts remain in the segregated account after such improvements are complete, the amount will be returned to the District to pay Series 2017A bonds. At December 31, 2020, \$3,196,997 remained in Roxborough's segregated account.

NOTE 7 – AGREEMENTS (CONTINUED)

Maintenance and Easement Agreement with Ravenna Homeowners Master Association

On January 14, 2019, the District and the Ravenna Homeowners Master Association, Inc. (the Association) entered into the Maintenance and Easement Agreement with Attached Deed and Bill of Sale (HOA Agreement). Pursuant to the HOA Agreement, the District grants the Association a perpetual easement through the District's property for the purpose of operating, maintaining, repairing, and replacing District property and improvements (the Property), subject to the terms of the HOA Agreement. The Association is granted all right, title and interest in the District's property and improvements (as defined in the HOA Agreement) other than and except for record title, which is retained by the District until the bonds (see Note 5) are discharged. The Association will maintain, replace, and improve the Property at its sole discretion, provided that the District shall have the right to maintain Property in the event that the District determines that the Property is not maintained to the District's satisfaction. The District's financial statements will continue to reflect the net investment in the capital assets until the bonds are discharged.

NOTE 8 - RISK MANAGEMENT

Except as provided in the Colorado Governmental Immunity Act, the District may be exposed to various risks of loss related to torts, thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees, or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (Pool) as of December 31, 2020. The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery and workers compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years. The District pays annual premiums to the Pool for liability, property, public officials' liability and workers compensation coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members.

Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

NOTE 9 – RELATED PARTY

A member of the Board of Directors, a homeowner in the District, is affiliated with River Canyon Real Estate Investments, LLC, the owner of the majority of the lots located within the District's boundaries, and may have conflicts of interest in dealing with the District.

NOTE 10 - TAX, SPENDING AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations which apply to the State of Colorado and all local governments, except Enterprises.

**RAVENNA METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020**

NOTE 10 - TAX, SPENDING AND DEBT LIMITATIONS (CONTINUED)

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases. The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits will require judicial interpretation.

NOTE 11 – RESTATEMENT

The District restated its net position (deficit) as of December 31, 2019, due to previous interest accrued on the 2017B Subordinate G.O. bonds, as follows:

Net position (deficit) December 31, 2019, as previously reported	\$ (35,256,436)
