## Independent Auditor's Report

Board of Directors  
Orchard Farms Metropolitan District  
Adams County, Colorado

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities and each major fund of Orchard Farms Metropolitan District (the "District") as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Orchard Farms Metropolitan District as of December 31, 2020, and the respective changes in financial position and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Other Matters

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the District's financial statements as a whole. The supplementary information as listed in the table of contents is presented for the purposes of legal compliance and additional analysis and is not a required part of the financial statements. The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

The other information, as listed in the table of contents, has not been subject to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Sincerely,

Wipfli LLP  
Lakewood, Colorado

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES  
IN FUND BALANCES OF THE GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES  
YEAR ENDED DECEMBER 31, 2020**

Net Change in Fund Balances - Governmental Funds \$ (603,209)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. In the statement of activities, capital outlay is not reported as an expenditure. However, the statement of activities will report as depreciation expense the allocation of any cost of any depreciable asset over the estimated useful life of the asset.

Capital Outlay - Public Improvements 2,352,504

Long-term debt (e.g., bonds, Developer advances) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The net effect of these differences in the treatment of long-term debt and related items is as follows:

Developer Advances (2,352,504)  
Repayment of Developer Advance 599,302

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Accrued Interest on Developer Advance - Change in Liability (15,482)  
Accrued Interest on Bonds - Change in Liability (328,702)

**ORCHARD FARMS METROPOLITAN DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2020**

**NOTE 1 DEFINITION OF REPORTING ENTITY**

Orchard Farms Metropolitan District (the District), a quasi-municipal corporation and political subdivision of the state of Colorado, was organized by order and decree of the District Court for the County of Adams, Colorado on November 28, 2007, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District is located within the boundaries of the city of Thornton, Colorado.

The District was established to provide financing for the operations and maintenance and design, acquisition, installation, construction and completion of public improvements and services, including water, sanitation/storm sewer, street improvements, safety protection, parks and recreation, transportation, fire protection, security, television relay and translation, and mosquito control.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens, and fiscal dependency.

The District has no employees and all operations and administrative functions are contracted.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The more significant accounting policies of the District are described as follows:

**Government-Wide and Fund Financial Statements**

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities are normally supported by property taxes and intergovernmental revenues.

The statement of net position reports all financial and capital resources of the District. The difference between the sum of assets and deferred outflows and the sum of liabilities and deferred inflows is reported as net position.

**ORCHARD FARMS METROPOLITAN DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2020**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Government-Wide and Fund Financial Statements (Continued)**

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as general revenues.

Separate financial statements are provided for the governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Redemption of bonds is recorded as a reduction in liabilities.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes, specific ownership taxes and operations fees. All other revenue items are considered to be measurable and available only when cash is received by the District. The District has determined that Developer advances are not considered as revenue susceptible to accrual. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation due.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of the governmental funds.

The Capital Projects Fund is used to account for financial resources to be used for the acquisition and construction of capital equipment and facilities.

**ORCHARD FARMS METROPOLITAN DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2020**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Budgets**

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures and other financing uses level and lapses at year-end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

The District amended its annual budget for the year ended December 31, 2020.

**Pooled Cash and Investments**

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash and investments.

**Property Taxes**

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and, generally, sale of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflow of resources in the year they are levied and measurable. The property tax revenues are recorded as revenue in the year they are available or collected.

**ORCHARD FARMS METROPOLITAN DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2020**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Operations Fees**

The District charges an operations fee to homeowners to cover costs related to district management and maintenance of district property and facilities. Excess fees at year-end are reflected as committed fund balance.

**Capital Assets**

Capital assets, which include infrastructure assets, are reported in the applicable governmental activities column in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

Capital assets which are anticipated to be conveyed to other governmental entities are recorded as construction in progress, and are not included in the calculation of the net investment in capital assets.

**Deferred Inflows of Resources**

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The District has two items that qualify for reporting in this category. The item *deferred property tax revenue* is deferred, and recognized as an inflow of resources in the period that the amount becomes available. The item *prepaid assessments* represents operations fees paid to the District in advance and is recognized as an inflow of resources in the period that the revenues are earned.

**Equity**

**Net Position**

For government-wide presentation purposes, when both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first, then unrestricted resources as they are needed.

**Fund Balance**

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

*Nonspendable Fund Balance* – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.

*Restricted Fund Balance* – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.

*Committed Fund Balance* – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.

*Assigned Fund Balance* – The portion of fund balance that is constrained by the government's intent to be used for specific purposes, but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.

*Unassigned Fund Balance* – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District's practice to use the most restrictive classification first.

**NOTE 3 CASH AND INVESTMENTS**

Cash and investments as of December 31, 2020, are classified in the accompanying financial statements as follows:

Statement of Net Position:	
Cash and Investments	\$ 243,222
Cash and Investments - Restricted	970,407
Total Cash and Investments	<u>\$ 1,213,629</u>

**NOTE 3 CASH AND INVESTMENTS (CONTINUED)**

Cash and investments as of December 31, 2020, consist of the following:

Deposits with Financial Institutions	\$ 69,251
Investments	<u>1,144,378</u>
Total Cash and Investments	<u><u>\$ 1,213,629</u></u>

**Deposits with Financial Institutions**

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2020, the District's cash deposits had a bank and a carrying balance of \$69,251.

**Investments**

The District has not adopted a formal investment policy; however, the District follows state statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (\*) below, which are believed to have minimal credit risk, minimal interest rate risk, and no foreign currency risk. Additionally, the District is not subject to concentration risk or investment custodial risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

**Investments (Continued)**

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States, certain U.S. government agency securities, and securities of the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Certain certificates of participation
- . Certain securities lending agreements
- . Bankers' acceptances of certain banks
- . Commercial paper
- . Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- . Guaranteed investment contracts
- \* Local government investment pools

As of December 31, 2020, the District had the following investments:

<u>Investment</u>	<u>Maturity</u>	<u>Amount</u>
Colorado Surplus Asset Fund (CSAFE)	Weighted Average Under 60 Days	\$ 1,144,378

**CSAFE**

The District invested in the Colorado Surplus Asset Fund Trust (CSAFE) (the Trust), which is an investment vehicle established by state statute for local government entities to pool surplus assets. The State Securities Commissioner administers and enforces all state statutes governing the Trust. The Trust is similar to a money market fund, with each share valued at \$1.00. CSAFE may invest in U.S. treasury securities, repurchase agreements collateralized by U.S. treasury securities, certain money market funds, and highest rated commercial paper. A designated custodial bank serves as custodian for CSAFE's portfolio pursuant to a custodian agreement. The custodian acts as safekeeping agent for CSAFE's investment portfolio and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by CSAFE. CSAFE is rated AAAM by Standard & Poor's. CSAFE records its investments at amortized cost and the District records its investments in CSAFE at net asset value as determined by amortized cost. There are no unfunded commitments, the redemption frequency is daily, and there is no redemption notice period.

**\$9,740,000 Series 2017A General Obligation Refunding and Improvement Senior Bonds**

On May 4, 2017, the District issued Limited Tax (Convertible to Unlimited Tax) General Obligation Refunding and Improvement Senior Bonds (Senior Bonds) in the amount of \$9,740,000. Proceeds from the sale of the Senior Bonds were used for the purposes of: (i) reimbursing a portion of the costs of acquiring, constructing, and installing certain public improvements; (ii) refunding the District's outstanding General Obligation Subordinate Promissory Note, Series 2011A; (iii) providing an initial deposit to the Surplus Fund; (iv) providing capitalized interest; and (v) paying the costs of issuing the Senior Bonds. The Senior Bonds bear interest at a rate of 5.750% per annum, with interest payable on June 1 and December 1, and principal payable on December 1. The Senior Bonds are subject to redemption prior to maturity, at the option of the District, as a whole or in integral multiples of \$1,000, in any order of maturity and in whole or partial maturities, on December 1, 2022, and on any date thereafter, upon payment of par and accrued interest. The Senior Bonds are also subject to mandatory sinking fund redemption, in part, by lot, on December 1, 2022, and each December 1 thereafter.

<u>Date of Redemption</u>	<u>Redemption Premium</u>
December 1, 2022 to November 30, 2023	3.00 %
December 1, 2023 to November 30, 2024	2.00
December 1, 2024 to November 30, 2025	1.00
December 1, 2025 and Thereafter	-

The Senior Bonds are secured by and payable from the Pledged Revenue consisting of monies derived by the District from the following sources, net of any collection costs: 1) the Required Mill Levy, 2) the portion of the Specific Ownership Tax which is collected as a result of the imposition of the Required Mill Levy, and 3) any other legally available monies which the District determines to be treated as Pledged Revenue. Required Mill Levy means an ad valorem mill levy imposed upon all taxable property of the District each year in an amount sufficient to pay the principal, premium if any, and interest on the Senior Bonds as the same become due/payable. The District must levy 50.000 mills, as adjusted, so long as the amount on deposit in the Surplus Fund is less than the Required Surplus Fund amount of \$1,948,000. The balance in the Surplus Fund as of December 31, 2020 was \$950,765.

The Senior Bonds mature on December 1, 2047. In the event that any amount of principal and interest on the Senior Bonds remains unpaid on December 1, 2057, the Senior Bonds are to be discharged.

**NOTE 5 LONG-TERM OBLIGATIONS (CONTINUED)**

**\$1,288,000 Series 2017B General Obligation Subordinate Bonds**

On May 4, 2017, the District issued Subordinate Limited Tax General Obligation Bonds (Subordinate Bonds) in the amount of \$1,288,000. The proceeds from the sale of the Subordinate Bonds were used for the purposes of reimbursing the construction costs of public infrastructure improvements benefitting the District, and paying costs of issuance of the Subordinate Bonds. Interest on the Subordinate Bonds is at a rate of 7.750% per annum is payable annually on December 15, beginning on December 15, 2017. Unpaid interest on the Subordinate Bonds compounds annually on each December 15. The Subordinate Bonds are subject to optional redemption prior to maturity as described in the Subordinate Indenture.

The Subordinate Bonds are secured by and payable solely from Pledged Revenue defined in the Subordinate Indenture as the moneys derived by the District, net of any costs of collection, from: (i) property taxes derived from the Required Subordinate Mill Levy; (ii) the portion of the Specific Ownership Tax which is collected as a result of the imposition of the Required Subordinate Mill Levy; and (iii) revenue, if any, available for the Subordinate Bonds after all amounts required by the Senior Indenture are applied by the trustee for Senior Bonds. Pledged Revenue for the Subordinate Bonds is subordinate to the revenue pledged to the Senior Bonds. While the Senior Bonds are secured by a Senior Reserve Fund and a Senior Surplus Fund, there is no reserve fund or surplus fund which secures the Subordinate Bonds. The Subordinate Bonds are structured as cash flow bonds meaning that there are no scheduled payments of principal prior to the final maturity date. The Subordinate Bonds mature on December 15, 2047. In the event that any amount of principal and interest on the Subordinate Bonds remains unpaid on December 15, 2057, the Subordinate Bonds are to be discharged.

**\$1,865,000 Series 2017C Junior Lien General Obligation Bonds**

On August 2, 2017, the District issued Junior Lien Limited Tax General Obligation Bonds (Junior Lien Bonds) in the amount of \$1,865,000. The proceeds from the sale of the Junior Lien Bonds were used for the purposes of reimbursing the construction costs of public infrastructure improvements benefitting the District, and paying costs of issuance of the Junior Lien Bonds. Interest on the Junior Lien Bonds is at a rate of 9.000% per annum is payable annually on December 15, beginning on December 15, 2017. Unpaid interest on the Junior Lien Bonds compounds annually on each December 15. The Junior Lien Bonds are subject to optional redemption prior to maturity as described in the Junior Lien Indenture.

**\$1,865,000 Series 2017C Junior Lien General Obligation Bonds (Continued)**

The Junior Lien Bonds are secured by and payable solely from Pledged Revenue defined in the Junior Lien Indenture as the moneys derived by the District, net of any costs of collection, from: (i) property taxes derived from the Junior Lien Required Mill Levy; (ii) the portion of the Specific Ownership Tax which is collected as a result of the imposition of the Junior Lien Required Mill Levy; and (iii) revenue, if any, available for the Junior Lien Bonds after all amounts required by the Senior and Subordinate Indentures are applied by the Trustee for Senior and Subordinate Bonds. Pledged Revenue for the Junior Lien Bonds is subordinate to the revenue pledged to the Senior and Subordinate Bonds. While the Senior Bonds are secured by a Senior Reserve Fund and a Senior Surplus Fund, there is no reserve fund or surplus fund which secures the Junior Lien Bonds. The Junior Lien Bonds are structured as cash flow bonds meaning that there are no scheduled payments of principal prior to the final maturity date. The Junior Lien Bonds mature on December 15, 2047. In the event that any amount of principal and interest on the Junior Lien Bonds remains unpaid on December 15, 2057, the Junior Lien Bonds are to be discharged.

The District's Senior Bonds will mature as follows:

**Debt Authorization**

On November 6, 2007 and November 4, 2014, the District's voters authorized total indebtedness of \$133,000,000 and \$140,000,000, respectively. Pursuant to the Service Plan, the total debt that the District shall be permitted to issue shall not exceed \$20,000,000. Additionally, the maximum debt mill levy is 50.000 mills, as adjusted for changes in the assessment ratio, which has been adjusted to 55.664 mills, which shall not be imposed for longer than 40 years from the first year the debt service mill levy is imposed. The final year to impose a debt service mill levy is 2057.

**NOTE 6 NET POSITION**

The District has net position consisting of two components – restricted and unrestricted.

Restricted net position consists of assets that are restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had a restricted net position of \$86,426 as of December 31, 2020 which consists of \$12,800 for emergencies and \$73,626 for debt service.

The District has a deficit in unrestricted net position. The deficit at December 31, 2020 was primarily due to interest paid and related costs on long-term debts.

**NOTE 7 AGREEMENTS**

**Operations Funding Agreement**

On October 30, 2013, the Operations Funding Agreement was entered into between the District and TCIRATO, LLC (the Developer). The Agreement provides that the Developer will advance to the District funds required to be paid by the District for the District's permitted purposes. The Developer agrees to loan to the District an amount that does not exceed the aggregate of \$100,000 per annum for five years, up to \$500,000. The interest rate shall be 5% per annum, from the date any such advance is made, simple interest, to the earlier of the date the Reimbursement Obligation is issued to evidence such advance, or the date of repayment of such amount. The term for repayment of this obligation shall not extend beyond 40 years from the date of this agreement.

As of December 31, 2020, the amount outstanding totaled \$44,837, comprised of \$43,735 principal and \$1,102 accrued interest.

**Lennar Facilities Acquisition Agreement**

On October 21, 2013, the Lennar Facilities Acquisition Agreement (the Lennar Agreement) was entered into between the District and Lennar Colorado, LLC (Lennar), as amended by a First Amendment dated October 30, 2014, and as amended by a Second Amendment dated May 2, 2017. Lennar has incurred certain costs related to the Public Improvements for the benefit of the District, and expects to incur additional costs on the condition that the District agrees to reimburse Lennar for such costs, constituting Repayment Obligations. Repayment Obligation shall bear simple interest at a rate of 5% per annum from the date any such Repayment Obligation is incurred to the earlier of the date a Reimbursement Obligation is issued, or the date of payment of such amount in full. The District is not required to make any payments to Lennar unless and until the District issues bonds in an amount sufficient to acquire all or a portion of the completed Public Improvements. The District's obligations under the Lennar Agreement are subordinate to the Senior Bonds. During 2020, the District accepted costs of Public Infrastructure totaling \$2,352,504.

As of December 31, 2020, the amount outstanding totaled \$1,805,644, comprised of \$1,795,458 principal and \$10,186 accrued interest.

**NOTE 7 AGREEMENTS (CONTINUED)**

**Subordinate Facilities Acquisition Agreement**

The District and the Developer entered into a Subordinate Facilities Acquisition Agreement on October 2013, as amended by a First Amendment thereto dated as of May 2, 2017. Pursuant to the Subordinate Facilities Acquisition Agreement, the Developer agreed to design, construct, and complete and/or cause the design, construction, and completion of certain Public Improvements to serve the development within the District. In exchange, the District agreed to acquire such Public Improvements and to reimburse the Developer for the costs of such Public Improvements at the rate of 5% per annum. The District's obligations under the Subordinate Facilities Acquisition Agreement are subordinate to the Lennar Agreement and any other bonds issued by the District. No payments are to be made to the Developer until all obligations to reimburse Lennar under the Lennar Agreement have been satisfied in full. In the event that the District has not paid the Developer for any Verified Reimbursement Amount by December 31, 2043, any amount of principal and accrued interest outstanding on such date is to be deemed forever discharged and satisfied in full. No amounts are outstanding under this Agreement as of December 31, 2020.

**NOTE 8 TRANSFERS**

The District transferred \$1,589 from the General Fund to Capital Projects Fund to cover engineer fees for cost verification work.

**NOTE 9 RELATED PARTIES**

The Developer of the property which constitutes the District is TCIRATO, LLC. Certain members of the Board of Directors are employees, owners or otherwise associated with the Developer, and may have conflicts of interest in dealing with the District.

The Homebuilder of the project is Lennar Colorado, LLC. Certain members of the Board of Directors are employees, owners, or otherwise associated with the Homebuilder, and may have conflicts of interest in dealing with the District.

**NOTE 10 RISK MANAGEMENT**

Except as provided in the Colorado Governmental Immunity Act, §24-10-101, et seq., C.R.S., the District may be exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (Pool). The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery and workers' compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

**ORCHARD FARMS METROPOLITAN DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2020**

**NOTE 10 RISK MANAGEMENT (CONTINUED)**

The District pays annual premiums to the Pool for liability, property, workers' compensation, and public officials' liability coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

**NOTE 11 TAX, SPENDING, AND DEBT LIMITATIONS**

Article X, Section 20 of the Colorado Constitution, referred to as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations which apply to the state of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

On November 6, 2007 and November 4, 2014, the District's voters approved for an annual increase in taxes of \$500,000 and \$5,000,000, respectively, for general operations and maintenance without limitation of rate. This election question allowed the District to collect and spend the additional revenue without regard to any spending, revenue raising, or other limitations contained within TABOR.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the Emergency Reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits, will require judicial interpretation.
