### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Broadway Park North Metropolitan District No. 3, as of December 31, 2020, and the respective changes in financial position and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's financial statements as a whole. **FKA BMP METROPOLITNA DISTRICT NO. 3**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2020**

**NOTE 1 – DEFINITION OF REPORTING ENTITY**

Broadway Park North Metropolitan District No. 3 (District) was organized on December 8, 2010 as BMP Metropolitan District No. 3 in Denver County as a quasi-municipal corporation and political subdivision of the State of Colorado and is governed pursuant to the provisions of the Colorado Special District Act together with Broadway Park North Metropolitan District No. 1 (District No. 1) and Broadway Park North Metropolitan District No. 2, (District No. 2). The District, District No. 1 and District No. 2 are collectively referred to as the Districts. On August 2, 2018, the Districts changed their names from BMP Metropolitan District No. 1, BMP Metropolitan District No. 2 and BMP Metropolitan District No. 3.

The Districts entered into a Facilities Funding, Construction and Operations Agreement with an effective date of January 1, 2020 (“FFCOA”) The FFCOA establishes District No. 1’s responsibility, as the Service District, to coordinate the construction, design, financing and operation and maintenance of the public improvements that benefit the Districts, establishes the District and District No. 2’s obligation, as the Consumer Districts, to pay for the services and benefit of the public improvements provided by District No. 1. Specifically, District No, 1 is responsible for providing all Actual Capital Costs and Actual Operations and Maintenance Costs (as such terms are defined in the FFCOA) for the Districts. The Consumer Districts agree to pay District No. 1 their funding obligations each year pursuant to the terms of the FFCOA.

On November 9, 2016, the District entered into an Operations Pledge Agreement with District No. 1 which provides for the District to impose an operations mill levy each year at a rate sufficient to pay for the operations obligations, but in no event more than 10 mills, provided however, that in the event the method of calculating assessed valuation is or was changed after July 26, 2010, the 10 mill maximum levy will be increased or decreased to reflect such changes. The revenue pledged under this agreement means all revenue generated from the imposition of the operating mill levy, including any specific ownership taxes and TIF revenue attributable to the District’s operations mill levy received from DURA.

District No. 1 coordinates with the City and County of Denver (City) regarding all regional improvements and services contributed by the Districts through the Regional Mill Levy. Upon completion of construction, District No. 1 will transfer certain improvements to the City, or other organizations. District No. 1 may operate and maintain all other improvements not conveyed to other entities.

The District has no employees and all operations and administrative functions are contracted.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency. The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

**NOTES TO FINANCIAL STATEMENTS**

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The more significant accounting policies of the District are described as follows:

**Basis of Presentation**

The accompanying financial statements are presented per GASB Statement No. 34 - Special Purpose Governments.

The government-wide financial statements (i.e. the governmental funds balance sheet/statement of net position and the governmental funds statement of revenues, expenditures, and changes in fund balances/statement of activities) report information on all of the governmental activities of the District. The statement of net position reports all financial and capital resources of the District. The difference between the (a) assets and deferred outflows of resources and the (b) liabilities and deferred inflows of resources of the District is reported as net position. The statement of activities demonstrates the degree to which expenditures/expenses of the governmental funds are supported by general revenues. For the most part, the effect of interfund activity has been removed from these statements.

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met. Depreciation is computed and recorded is an operating expense. Expenditures for capital assets are shown as increases in assets and redemption of loans and notes are recorded as a reduction in liabilities.

**BROADWAY PARK NORTH METROPOLITAN DISTRICT NO. 3**  
**FKA BMP METROPOLITNA DISTRICT NO. 3**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2020**

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Property and specific ownership taxes are the sources of revenue susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the District. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation is paid.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Debt Service Fund accounts for financial resources and payments made for the principal and interest on long-term general obligation debt of the governmental activities.

### **Budgets**

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures level and lapses at year end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated. Subsequent to year end, the District amended its total appropriations in the General Fund from \$83,844 to \$84,011.

### **Property Taxes**

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April 30 or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflows of resources in the year they are levied and measurable. The deferred property tax revenues are recorded as revenue in the year they are available or collected.

**BROADWAY PARK NORTH METROPOLITAN DISTRICT NO. 3**  
**FKA BMP METROPOLITNA DISTRICT NO. 3**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2020**

**Pooled Cash and Investments**

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each funds' average equity balance in total cash.

**Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District has no items that qualifies for reporting in this category

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualify for reporting in this category. Deferred property taxes are deferred and recognized as an inflow of resources in the period that the amounts become available.

**Fund Balances – Governmental Funds**

The District's governmental fund balances may consist of five classifications based on the relative strength of the spending constraints:

Nonspendable fund balance—the amount of fund balance that is not in spendable form (such as inventory or prepaids) or is legally or contractually required to be maintained intact.

Restricted fund balance—the amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.

Committed fund balance—amounts constrained to specific purposes by the District itself, using its highest level of decision-making authority (i.e., Board of Directors). To be reported as committed, amounts cannot be used for any other purpose unless the District takes the same highest level action to remove or change the constraint.

Assigned fund balance—amounts the District intends to use for a specific purpose. Intent can be expressed by the District Board of Directors or by an official or body to which the District Board of Directors delegates the authority.

Unassigned fund balance—amounts that are available for any purpose. Positive amounts are reported only in the General Fund.

**BROADWAY PARK NORTH METROPOLITAN DISTRICT NO. 3**  
**FKA BMP METROPOLITNA DISTRICT NO. 3**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2020**

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the District Board of Directors has provided otherwise in its commitment or assignment actions.

**NOTE 3 - CASH DEPOSITS**

Cash deposits as of December 31, 2020 are classified in the accompanying financial statements as follows:

Cash deposits	<u>\$ 65,816</u>
---------------	------------------

Cash deposits as of December 31, 2020 consist of the following:

Deposits with financial institutions	<u>\$ 65,816</u>
--------------------------------------	------------------

**Cash Deposits**

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators.

Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least equal to 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by Statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2020, the District's deposits had a bank balance and a carrying balance of \$65,816.

**BROADWAY PARK NORTH METROPOLITAN DISTRICT NO. 3  
 FKA BMP METROPOLITNA DISTRICT NO. 3  
 NOTES TO FINANCIAL STATEMENTS  
 DECEMBER 31, 2020**

**Investments**

The District follows Colorado State Statutes which specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States and certain U.S. government agency securities and the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Bankers' acceptances of certain banks
- . Commercial paper
- . Certain reverse repurchase agreements
- . Certain securities lending agreements
- . Certain corporate bonds
- . Written repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- . Guaranteed investment contracts
- . Local government investment pools

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirement.

At December 31, 2020, the District had no investments.

**NOTE 4 – LONG-TERM OBLIGATIONS**

**Taxable (Convertible to Non-Taxable) Loan**

On December 12, 2013, the District entered into a Loan Agreement for the issuance of a Taxable (Convertible to Tax-Exempt) 2013 Revenue Loan (Loan Agreement) with BOKF, NA dba Colorado State Bank and Trust in the principal amount of \$3,795,000 (Loan). The purpose of the Loan is to fund the shortfall for the Dakota Outfall Project as obligated by District No. 1 under the Amended and Restated Project Funding Agreement (see Note 7). The Loan is a 7 year term loan with a taxable interest rate of 4.03% and a tax exempt interest rate of 2.86%. Interest is payable semi-annually on June 1 and December 1 commencing June 1, 2015. Principal payments are due each December 1 commencing on December 1, 2015. District No. 2's and the District's tax increment and property tax revenues are pledged to the repayment of the Loan.

The District has the option, but not the obligation, to cause the conversion for federal tax purposes upon the satisfaction of: 1) delivery to Colorado State bank and Trust, evidence of inclusion into the boundaries of the District of such portion of certain property; 2) a duly adopted fully-executed resolution of the Board; 3) a written opinion of bond counsel; 4) a fully-executed and completed IRS Form 8038-G; and 5) a written opinion of general counsel. This conversion was completed as of May 15, 2015. On September 30, 2020 the District repaid the Loan in full with proceeds from the issuance of District No. 2's Limited Tax General Obligation Refunding and Improvement Bonds Series 2020.

**Capital Pledge Agreement**

On December 12, 2013, the District and with District No. 2, entered into the Capital Pledge Agreement with BOKF, NA dba Colorado State Bank and Trust. District No. 2 agrees to levy the Required Mill Levy on all taxable property within District No. 2 to pay debt scheduled payments. The required mill levy is limited to 30.000 mills, until the ratio of the District's debt to assessed valuation value is 50% or less and at that time becomes unlimited to a maximum of 99.000 mills. This Capital Pledge Agreement was terminated concurrent with District No. 2's issuance of its Limited Tax General Obligation Refunding and Improvement Bonds. Series 2020.

**Dakota Outfall Funding Reimbursement Agreement**

On November 10, 2015, the District entered into the Dakota Outfall Funding Reimbursement Agreement (Outfall Agreement) with Denver Properties I, LLC (DPI). The Outfall Agreement acknowledges that DPI contributed the sum of \$400,000 toward the cost of the Dakota Outfall Project. Without the contribution from DPI, District No. 1 would have been unable to complete the Dakota Outfall Project. The District agrees to impose the Regional Mill Levy as set forth in the Regional Mill Levy IGA and the First Amendment to the Regional Mill levy Intergovernmental Agreement. The District agrees, on an annual basis, to remit to DPI, the revenues it received from the imposition of the Regional Mill Levy IGA up to the amount of \$400,000, less any reasonable administrative expenses incurred by the District. The DPI contribution shall not accrue interest. The DPI contribution has been recorded as a developer advance in the District. As the Regional Mill Levy is collected by the District, such revenue will be used for repayment to DPI. (See Note 7 - Regional Mill Levy Intergovernmental Agreement). The principal balance outstanding as of December 31, 2020 is \$298,505.

**NOTE 7- AGREEMENTS**

**Regional Mill Levy Intergovernmental Agreement**

On December 10, 2010, the District together with District No. 1 and District No. 2, entered into the Regional Mill Levy Intergovernmental Agreement (IGA) with the City. The Districts have agreed to impose a Regional Mill Levy and pledge all revenues from such Regional Mill Levy to the City to be used for regional projects selected by the City. The Districts will impose a Regional Mill Levy of 5.000 mills on all property within their respective boundaries at the same time as each District first imposes either an operating or debt service mill levy. For residential property only, the 5.000 mill levy rate may be adjusted by the Board of Directors to take into account legislative or constitutionally imposed adjustments in assessed values or the method of their calculation occurring after January 1, 2010. The Districts covenant to impose the Regional Mill Levy as long as the IGA and Service Plans for the Districts are in place.

On January 9, 2014, the First Amendment to the Regional Mill levy Intergovernmental Agreement was approved by all parties. The amendment allows the District to utilize up to a maximum of \$400,000 of the revenues derived from the imposition of the Regional Mill Levy on certain property as described in the amendment, for the purposes of funding the Dakota Outfall Project. Once the District has received \$400,000 of Regional mill levy revenues from the certain property, all other amounts collected are to be remitted to the City in accordance with the original IGA (Note 4 - Dakota Outfall Funding Reimbursement Agreement).

**NOTE 8 – RELATED PARTY**

The members of the Board of Directors of the District are owners, principals or employees of D4 Urban, LLC which previously had an ownership interest in DPI, the prior owner of property within the boundaries of the District and/or CFPM (formerly CF Property Management, Inc.) which acts as management for the property ownership. The Dakota Outfall Funding Reimbursement Agreement is now payable to the current owner of property within the District boundaries, which is not affiliated with D4 or CFPM. As of December 31, 2020, the unpaid balance due to the current property owner is \$298,505 (Note 4).

**NOTE 9 - RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts, thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees, or acts of God.

**BROADWAY PARK NORTH METROPOLITAN DISTRICT NO. 3**  
**FKA BMP METROPOLITNA DISTRICT NO. 3**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2020**

The District is a member of the Colorado Special Districts Property and Liability Pool (Pool) as of December 31, 2020. The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery and workers compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property, public officials' liability and workers compensation coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

**NOTE 10 - TAX, SPENDING AND DEBT LIMITATIONS**

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations that apply to the State of Colorado and all local governments. Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue. The District transfers all of its operating revenue to District No. 1, as provided for in the FFCOA or to Denver Properties I. Therefore, the emergency reserve related to the District's revenue stream is reflected in District No. 1.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

The District's electors approved the following ballot issues during its November 2, 2010 election:

**Ballot Issue 5A:** Shall BMP Metropolitan District No. 3 taxes be increased \$300,000,000 annually or such lesser amount as necessary to pay the District's administration and operations and maintenance expenses, by the imposition of ad valorem property taxes levied in any year, without limitation as to rate or amount or any other condition to pay such expenses and shall the proceeds of such taxes and any investment income thereon be collected, retained and spent by the District in fiscal year 2011 and in each fiscal year thereafter as a voter-approved revenue change without regard to any spending, revenue-raising, or other limitation contained within Article X, Section 20 of the Colorado Constitution, the limits imposed on increases in property taxation by Section 29-1-301, C.R.S. in any year, or any other law which purports to limit the District's revenues or expenditures as it currently exists or as it may be amended in the future, all without limiting in any year the amount of other revenues that may be collected, retained and spent by the District?

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits will require judicial interpretation.
