INDEPENDENT AUDITOR'S REPORT

Board of Education
Primero Reorganized School District Number 2
Primero, Colorado 81091

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Primero Reorganized School District Number 2, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Primero Reorganized School District Number 2, as of June 30, 2020, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information and pension and post employment benefits trend data on pages i through xi and 42 through 49 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Primero Reorganized School District Number 2's basic financial statements. The combining and individual fund financial statements, other schedules, and state required schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements, other schedules, and state required schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements, other schedules, and state required schedules, are fairly stated, in all material respect, in relation to the basic financial statements as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS

FINANCIAL HIGHLIGHTS

During the 2003-04 school year a completely new procedure was established to determine the District's net position. The 2003-04 baseline data will be used to determine net increases/decreases for all future years.

Total net position:

2019-20:	\$ 4,015,918.00
2018-19:	\$ 3,043,804.00
2017-18:	\$ 3,017,510.00
2016-17:	\$ 5,973,434.00
2015-16:	\$ 7,633,772.00
2014-15:	\$ 6,953,584.00
2013-14:	\$11,212,190.00
2012-13:	\$10,404,045.00
2011-12:	\$ 9,772,146.00
2010-11:	\$ 8,854,044.00
2009-10:	\$ 7,928,977.00

The District was required to implement GASB 68 in 2015. Under GASB 68 the District's proportionate share of the net pension liability of the Colorado state retirement system, the Public Employees Retirement Association, is recorded as a liability of the District. The net pension liability recorded at June 30, 2020 was \$5,790,109.

The General Fund reported a fund balance of \$2,069,708 at the close of the fiscal year 2020, which was an increase of \$51,755 over the previous year's \$2,017,953. The District strives to limit the spending of its reserves; thankfully, voters passed two mill levy overrides and a bond in November 2007. But unless enrollment stabilizes and the District frugally manages its ongoing budgets, the District will eventually deplete its reserves in future years (see "Financial Analysis of the District as a Whole" below).

OVERVIEW OF THE FINANCIAL STATEMENTS

Management's Discussion and Analysis is intended to serve as an introduction to the District's basic financial statements. Comparison to the prior year's activity is normally provided in this document. The School District's basic financial statements are comprised of three components: (1) district-wide financial statements; (2) fund financial statements; and (3) notes to the basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

DISTRICT-WIDE FINANCIAL STATEMENTS

The District-wide Statements report information about the District as a whole using accounting methods similar to those used in private sector companies. The statement of net position includes all of the governmental unit's assets, liabilities and deferred flows.

The District-wide Statements report the District's net position and how it has changed. Net position, the difference between the District's assets, liabilities and deferred flows, are one way to measure the District's financial health or position. Increases or decreases in the District's net position could indicate whether the District's financial health is improving or deteriorating. One needs to consider additional factors such as changes in the District's tax base, changes in student enrollment and the condition of the school building.

Governmental activities: Most of the District's basic services are included here, such as instruction, transportation, maintenance, operations, and administration. State funding from equalization and property taxes finance most of these activities. This information is comprised of all the Primero RE-2 School District Funds: General Fund, Preschool Fund, Capital Reserve Fund, Pupil Activity Fund, Debt Service Fund, Capital Project Fund, Food Service Fund and the Transportation Fund.

FUND FINANCIAL STATEMENTS

The Fund Financial Statements provide detailed information about the District's funds, focusing on its most significant funds or "major" funds, not the District as a whole. Fund Financial Statements are designed to demonstrate compliance with finance-related legal requirements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The School District, like other governments, uses fund accounting to ensure and demonstrate compliance. All of the funds of the District can be divided into two categories: "governmental funds" and "proprietary funds."

Governmental Funds: Most of the District's basic services are reported in **governmental funds**, which generally focus on the determination of financial position and change in financial position, not on income determination. They are reported using an accounting method called "modified accrual accounting," which measures cash and all other financial assets that can readily be converted into cash. The governmental fund statements provide a detailed short-term view of the District's operations and the services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Proprietary Funds: Services for which the District charges a fee are generally reported in **proprietary funds**. Proprietary funds are reported in the same way as the district-wide statements. This district has no proprietary fund types.

NOTES TO THE FINANCIAL STATEMENTS

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

In addition to the financial statements and accompanying notes, this report also contains other supplemental information concerning the District's non-major governmental funds. The combined statements of the non-major governmental funds are presented after the notes to the financial statements.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

As noted earlier, net position may serve, over time, as a useful indicator of the District's financial position. The District's total net position on June 30, 2020 was \$4,015,918. The District's net investment in capital assets (e.g., land, buildings, infrastructure, machinery and equipment, net of related debt) is \$11,450,083.

The unrestricted net position of \$(8,348,744) may be used to meet the District's ongoing financial obligations. Tabor Reserves amount to \$120,000. The District's unrestricted net position increased \$920,373 from 2018-19 to 2019-20. Unassigned fund balances are \$1,817,047 and are available to meet the District's ongoing financial requirements.

The District's fund balances are stabilizing for the current fiscal period, but could eventually be depleted unless (a) pupil enrollment increases dramatically; (b) the district continues to carefully monitor its allocations, expenditures and revenue sources; and (c) the State increases funding levels for public schools. Currently, the unrestricted net position permit the District to function without having to engage in short-term borrowing, therefore maintaining a proper cash flow between payments received from the State or County.

The Board of Education asked voters to consider approving two mill levy overrides and a bond issue in November 2007 for an additional \$350,000.00 per year for the general fund, up to \$140,000 per year for a new transportation fund, and \$10.7 million for a general obligation bond. The ballot issues 3D, 3E, and 3F passed on a 2-1 margin of support. The bonds were sold at a premium (net of issue cost) generating approximately \$500,000 of revenue for the district at no additional cost to the taxpayer. The bonds were sold on a 10-year repayment schedule.

The District selected Wold Architects and Engineers to design the remodel of the existing building infrastructure and new gymnasium. The District selected H.W. Houston Construction company to complete the renovation and the new construction of the gymnasium. The project ground breaking started in early fall of 2017. The completion of the project was completed in December 2019.

The additional override funds will help to hire, train and retain high-quality teachers; support elective course offerings, such as industrial arts and music; for alteration, improvements, equipment, furnishings, software and other long-range capital expenditures; additional

technology resources; for staff training to improve instruction; and other necessary uses, including maintaining a stable unrestricted net asset account that will enable the District to have cash flows that will prevent short-term borrowing. The bond has permitted the district to address significant health and safety issues in the current school facility, including a leaking roof, mold and asbestos abatement, and an aging septic system.

The taxpayers approved a bond in 2017 by 3 votes. There is a 20 year repayment schedule.

Where possible, appropriate and achievable, the District will also pursue future grant opportunities to increase funding available for instruction, special projects, and other initiatives.

Even with the voter-approved mill levy overrides, however, the District must be extremely frugal. The budget for 2017-18 and years following must also be frugal because the District needs to continue the growth of both its operational and capital reserve funds.

The greatest area of expense for the district historically over the past ten years has been on staff. Unless staff had been laid off at the end of 2015-16 for the 2016-17 school year, there would have been no more room for budget reductions. Staffing will continue to be the largest source of expenditure in years to come. Staffing will have to increase, too, to accommodate the expanded and updated facility through the building project.

Document prepared by Bill Naccarato, Superintendent of Schools and Eric Davies, Assistant Business Manager, and Kristen Alfonso, Business Manager.

Increase (Decrease) in Net Position	26,294	-	26,294	917,963	-	917,963

The District's total revenue was \$4,452,940. A significant portion, 54.42%, of the revenue comes from state equalization. Property taxes account for 37.10% of the district's revenue and the remaining 8.48% comes from other federal, state and local sources. The total cost of all governmental activities was \$4,296,097. Instruction and support services (not including operations and maintenance, interest, transportation, and capital outlay) were \$3,183,090 or 66.14%. The expenditures did not exceed revenues in 2019-20. The District operated in a positive budget status, two mill levy overrides passed by the voter in November 2007, has helped the District to keep this possible in 2019-2020. The District has continued to spend very frugally in order to try to keep the spending levels less than revenue in the General Fund. The District continues to apply for e-Rate rebates for telecommunications, saving almost \$25,000, and making cuts and reductions across the board. The District's operational reserves have been decreasing steadily for the past two years. This is mainly due to increased spending. The only way the District would significantly reduce expenditures without other external sources of revenue would be to lay-off staff. This was not a goal of the District's board of education.

The District has been successful in the passing of the two mill levy overrides resulting in increased revenue to support the current spending and increased staffing. The District needs to continue to long-range plan its' budget and to be frugal with its allocations and expenditures.

GOVERNMENTAL ACTIVITIES

The table below illustrates the total cost of the District's major services. It also shows the net cost of these services. The net cost includes all expenses for the particular service, less any revenue for the service

Primero RE-2 School District : Table 3-Activities 2018-2019 to 2019-2020

Special Revenue Funds

Special Revenue Funds and Capital Project Funds are made up of the Food Service fund, Designated Purpose Grants, and Capital Project Funds. The Food Service program had revenues of operating and \$69,827 in grants and expenses of \$137,204. The District's hot lunch/breakfast program is a recipient of Federal food commodities and is impacted when these commodities are not available to the District. The food Service Fund was subsidized with \$61,322 from the General Fund. The District has elected to give free meals to all students in the current and future years.

Fund	Total Revenue	Total Expenditures	Inc/Dec in Fund Bal	Ending Fund Balance
Food Service	\$69,827 \$61,322 transfer \$131,149 Total	\$137,204	\$(5,837)	\$2,640
Designated Purpose Grants	\$189,509	\$189,509	\$0	\$0
Capital Projects	\$25,154	\$1,413,784	\$(1,388,630)	\$197,747

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

State equalization for the General Fund and the Colorado Preschool Project fund is based on pupil count. State equalization funding, the per pupil amount set by the Colorado Department of Education, along with local property tax and specific ownership taxes decreased due to a drop in per pupil funding. Those students enrolled in preschool who qualify for the Colorado Preschool Project program of all other students enrolled in the District, who are funded at 100% of the per pupil rate of \$13,944.57. The District was funded with a count of 187 and 3.5 Colorado Preschool Project, and totaling 190.5, this was the count as of October 1, 2020. The District saw growth in the student count, with a slight increase in funding average in the last year. Steady increasing pupil enrollment is the best way to ensure adequate funding in a school district's budget.

The District continues to maintain frugal spending habits in a effort to spend only the money that is collected in a year, however, due a additional staffing, increased expenses, and limited resources, the District was forced to consider applying for the State's short-term, interest free loan-program at the end of calendar year 2007. The District was able to get by without borrowing and did not have to cash in its' long-term general fund Certificate of Deposit due to measures passed by voters on the ballot in November 2007, the fiscal year ended in June 2008 with a better than expected reserve in the general fund balance to carry forward into 2008-2009: \$1,492,335. The carry forward Cash in Bank Balance for the 2020-2021 school year is \$2,499,697. The District would like to maintain at least a \$2.0 million operational reserve to make cash flow, payroll, and to help the District in lean times and between county and state payments.

The Board decided in February 2007 to approach voters again regarding a mill levy override and also a bond issue. The Board placed three ballot issues on the November 2007 general election, including a \$350,000 per year general fund mill levy override, up to \$140,000 per year transportation fund mill levy override, and a \$10.7 million bond issue. Fortunately, these issues passed on a 2 to 1 margin by voters. The mill levy funds impacted the budget in the 2008-2009, 2009-2010, and the 2010-2011 fiscal years. The District sold bonds in December 2007 and

received these funds on December 19, 2007, which will only impact the design and construction of building improvements, upgrades, renovations, and additions. The mill levy overrides were reflected in the 2008-2009, 2009-2010, 2010-2011, 2011-2012, 2012-2013, 2013-2014, 2014-2015, 2015-2016, 2016-2017, 2017-2018, 2018-2019, and 2019-2020 budgets and audits, and the second bond was seen starting in the 2016-2017 budget and audit year.

CAPITAL ASSETS AND DEBT ADMINISTRATION

The District’s investment in capital assets for its governmental activities as of June 30, 2020 amounts to \$28,611,384. The increase is due to a change in statement; including food service equipment in calculation outweighing the higher depreciation dollar amount due to the large increase in value of the building and property due to the bonds passing in November 2007 and 2017. The next table outlines the District’s capital assets at historical cost. Accumulated depreciation at June 30, 2020 is \$5,986,301 for a net value of \$22,625,083.

Key	Net Governmental Assets June 30, 2019	Net Governmental Assets June 30, 2020
Land and Sites	\$50,000	\$50,000
Buildings	\$14,656,957	\$27,507,719
Vehicles	\$700,033	\$794,503
Equipment	\$146,070	\$146,070
Food Service Equipment	\$113,092	\$113,092
Construction in Progress	\$11,436,978	\$0
Total changes in Capital Assets	\$27,103,130	\$28,611,384

LONG-TERM DEBT

Voters in the Primero RE-2 School District approved an \$11.935 million bond in November 2017 for the completion of a major building project. The remaining debt is as follows:

Balance:	Beginning Balance	Added	Retired	Ending
GO Bonds Series 2017	\$11,570,000	\$0.00	\$395,000	\$11,175,000
Comp Absence	\$90,623	\$7,170	\$0.00	\$97,793
Total:	\$11,479,377	\$7,170	\$395,000	\$11,077,207

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The budget for the 2019-2020 school year will, as always, be impacted by student enrollment. The District's enrollment is subject to the unpredictable employment situation of the highly volatile natural gas and oil, and the coal mining industry in the region. The District's property taxes have been impacted by the exploding gas industry as the assessed valuation of the District has increased from about \$51,000,000 in 2000 to a high of just over \$424,000,000 in 2006. The December 2019 assessed valuation was \$106,440,580. Total mill levy for 2019-2020 school year is 18.673 mills with a net valuation decreasing to \$106,440,580.

Increased health insurance, utility and fuel costs and the rising percentage the District contributes to PERA all increase the problem of keeping spending in line with anticipated revenues. The State of Colorado forecasted in September 2006 that inflation rates would decrease from 3.3% to 3.1 %, thus impacting the revenue schools can expect to receive from Amendment 23. The District allocated \$120,000 to the TABOR Reserve in 2019-2020.

Primero RE-2 is committed to keeping the base salary for certified and classified employees at a level equal to or above other districts in Las Animas County, if at all possible, in order to attract and retain quality instructors and support staff. The District's goal is to monitor spending in the District and to eliminate in future years expending more than the District receives in revenue.

The District's Board of Education is in the process of analyzing program needs for the next three to five years and will prepare a long range plan for 2020-2021, 2021-2022, 2022-2023.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT TEAM

This financial report is designed to provide taxpayers, customers, prospective students and parents, and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the monies to receives and expends. The District's Board, Administration and Staff understand that the reader's questions may not have been entirely answered by reviewing this report; therefore, the read is invited to contact the following personnel at Primero RE-2 School District office for further information.

PRIMERO REORGANIZED SCHOOL DISTRICT NUMBER 2
RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET POSITION
June 30, 2020

Amounts reported for governmental activities in the statement of net position are different because:

<u>Total Fund Balance – Governmental Funds</u>	2,905,530
Capital Assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. The cost of the assets is \$28,611,384 and the accumulated depreciation is \$5,986,301.	22,625,083
Property tax revenue is recognized when earned (claim to resources established) rather than when “available” in the entity-wide financial statements.	264,807
Long-term liabilities, including certificates of participation and general obligation bonds are not due and payable in the current period and therefore are not reported in funds. The associated premiums are not capitalized and amortized to interest expense in the funds.	
GO Bonds	(11,175,000)
Unamortized Bond Premium	(960,883)
Interest is recognized when paid in the funds. This is accrued interest payable to year end.	(20,079)
Compensated absences are not reported as a liability in the funds.	(97,793)
Net pension and other post employment benefits liabilities, along with associated deferred flows, are not recorded at the fund level:	
Net Pension Liability	(5,790,109)
Net Other Post Employment Benefits Liability	(284,797)
Deferred Outflows	1,552,229
Deferred Inflows	<u>(5,003,070)</u>
<u>TOTAL NET POSITION – GOVERNMENTAL ACTIVITIES</u>	<u>4,015,918</u>

The accompanying notes are an integral part of these financial statements.

PRIMERO REORGANIZED SCHOOL DISTRICT NUMBER 2
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND
BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
For the Year Ended June 30, 2020

Amounts reported for governmental activities in the statement of activities are different because:

Net Change in Fund Balances – Total Governmental Funds (1,423,809)

Governmental funds report capital outlays as expenditures. However, in the statement of activities, assets with an initial, individual cost of more the \$5,000 are capitalized and the cost is allocated over their estimated used lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period.

	1,508,254	
Capital Outlays more than \$5,000	1,508,254	
Depreciation Expense	<u>(400,536)</u>	1,107,718

Property tax revenues are not recognized for amounts levied and due but not “available” at year end and are reported as deferred revenue in the governmental funds. They are, however, recorded as revenues in the statement of activities. 100,193

The governmental funds report debt proceeds as another financing source, while repayment of debt principal is reported as an expenditure. The effect of premiums are recognized when the debt is issued in governmental funds, whereas these amounts are deferred and amortized in the statement of activities. Interest expense is recognized as it accrues in the statement of activities regardless of when it is due. The net effect of these differences follows:

	395,000	
Repayment of Debt Principal	395,000	
Interest Expense	2,494	
Premium Amortization	<u>95,263</u>	492,757

Compensated absences change in the period based on amounts earned or paid. (7,170)

The increase in net pension and other post employment benefits liabilities, along with the changes and amortizations of deferred flows associated with those liabilities, are not recorded at the fund level:

	647,487	
Pension Cost	647,487	
Other Post Employment Benefits Cost	<u>787</u>	<u>648,274</u>

CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES 917,963

NOTES TO BASIC FINANCIAL STATEMENTS

PRIMERO REORGANIZED SCHOOL DISTRICT NUMBER 2
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2020

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Primero Reorganized School District Number 2 (the District) conform to generally accepted accounting principles as applicable to governmental units. The following is a summary of the more significant policies:

The District operates under an elected Board of Education with seven members.

The District is the lowest level of government, which is considered to be financially accountable over all activities related to public school education in Primero Reorganized School District Number 2. The District receives funding from local, state, and federal government sources and must comply with the requirements of these funding source entities. The Board of Education members are elected by the public and have decision-making authority, the power to designate management, the ability to significantly influence operations, and primary accountability for fiscal matters.

A. Reporting Entity

Governmental Accounting Standards board (GASB) Statement No. 14 (as amended by Statements No. 34, No. 39 and No. 61), "*The Financial Reporting Entity*" (GASB No. 14) describes the financial reporting entity as it relates to governmental accounting. According to this Statement, the financial reporting entity consists of a) the primary government, b) organizations for which the primary government is financially accountable, and c) other organizations whose exclusion from the reporting entity's financial statements would cause those statements to be misleading or incomplete. Any organizations that can be described by these last two items are included with the primary government in the financial statements as component units.

This District is not included in any other governmental "reporting entity" as defined in GASB No. 14 and does not include any other component unit as part of its "reporting entity". As required by accounting principles generally accepted in the USA, these basic financial statements present the District (the primary government) and its component units.

PRIMERO REORGANIZED SCHOOL DISTRICT NUMBER 2
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2020

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Government-Wide and Fund Financial Statements

The Government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The government-wide financial statements are presented using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the District's governmental and business-type activities. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, operating statements present increases and decreases in net current assets and unreserved fund balance as a measure of available spendable resources. This means that only current liabilities are generally included on their balance sheets.

PRIMERO REORGANIZED SCHOOL DISTRICT NUMBER 2
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2020

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Amounts reported as program revenues included 1) charges to customers or applicants for goods, services or privileges provided 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

All governmental fund types use the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period, or soon enough thereafter, to pay liabilities of the current period. Revenues are considered to be available if collected within 60 days after year-end.

Property and automotive ownership taxes are reported as receivables and deferred inflows when levied and as revenues when due for collection in the following year and determined to be available.

Grants and entitlement revenues are recognized when compliance with matching requirements is met. A receivable is established when the related expenditures exceed revenue receipts.

Expenditures are recorded when the related fund liability is incurred with the exception of general obligation and capital lease debt service which is recognized when due and certain accrued sick and personal pay which are accounted for as expenditures when expected to be liquidated with expendable available financial resources.

Proprietary fund types are accounted for on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred. The measurement focus in these funds is on the flow of economic resources and emphasizes the determination of net income. All assets and all liabilities associated with their activity are included on their statements of net position. Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in net total position.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing goods and services in connection with a proprietary fund's ongoing operations. The principal operating revenues of the District's proprietary funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenue and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources, as they are needed.

PRIMERO REORGANIZED SCHOOL DISTRICT NUMBER 2
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2020

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Fund Accounting

The accounts of the District are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, deferred flows, fund equity, revenues and expenditures, or expenses, as appropriate. Resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The major funds presented in the accompanying basic financial statements are as follows:

- Major Governmental Funds
 1. General Fund – the general operating fund of the District; used to account for all resources that are not required legally or by sound financial management to be accounted for in another fund.
 2. Transportation Fund – the fund used to account for the proceeds of a transportation mill levy and state receipts and the transportation costs funded by these revenues.
 3. Bond Redemption Fund – this fund receives ad valorem taxes levied for the purpose of general obligation debt payments.
 4. Capital Project Fund – the fund is used to account for expenditures related to specific construction projects. The funding sources for the projects (General Obligation Debt, Grants and other earmarked funds) are recorded in this fund.

Additionally, the District reports the following fund types: Trust and Agency Funds

Trust Fund – Scholarship Fund – This fund is used to account for amounts held in a fiduciary capacity for scholarships.

E. Cash and Investments

Cash represents amounts on deposit with financial institutions or held by the District. The District is allowed to invest in the following types of investments: short-term certificates of deposit, repurchase agreements, money market deposit accounts, mutual funds, government pools, and U.S. Treasury Obligations. The District considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Investments are recorded at fair value in accordance with GASB Statement No. 72 *Fair Value Measurement and Application*. Accordingly, the change in fair value of investments is recognized as an increase or decrease to investment assets and investment income.

F. Receivables

Property taxes levied in 2019 but uncollected in 2020 are identified as property taxes receivable. Amounts of property taxes that are not available at June 30, 2020 are recorded as deferred inflows. Program grants are recorded as receivables and revenues at the time reimbursable project costs are incurred.

PRIMERO REORGANIZED SCHOOL DISTRICT NUMBER 2
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2020

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

G. Inventories

Materials and supplies inventories are stated at cost. Inventories recorded in the Food Services Fund consist of purchased and donated commodities. Purchased inventories are stated at cost. Donated inventories, received at no cost under a program supported by the Federal Government, are recorded at their estimated fair value at the date of receipt.

The cost of all inventories is recorded as an asset when the individual inventory items are purchased, and as an expenditure or expense when consumed.

H. Capital Assets

Capital assets, which include property, vehicles and equipment, are utilized for general District operations and are capitalized at actual or estimated cost. Donations of such assets are recorded at estimated fair value at the time of donation. Capital assets are reported in the applicable governmental or business-type activities columns in the government-wide financial statements.

Maintenance, repairs, and minor renovations are recorded as expenditures when incurred. Major additions and improvements are capitalized. When assets used in the operation of the governmental fund types are sold, the proceeds of the sale are recorded as revenues in the appropriate fund. The District does not capitalize interest on the construction of capital assets in governmental funds. However, the District does capitalize interest on the construction of capital assets in business-type activities.

The monetary threshold for capitalization of assets is \$5,000. The District's capital assets are depreciated using the straight-line method over the estimated useful lives of the fixed assets (5-40 years). Depreciation of all capital assets is charged as an expense against their operations. Depreciation is recorded in the year of acquisition.

I. Deferred Outflows / Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

J. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long term debt and other long-term obligations are reported as liabilities in the applicable government activities, business-type activities, or proprietary fund type statement of net position. The District records long-term debt of governmental funds at the face value.

PRIMERO REORGANIZED SCHOOL DISTRICT NUMBER 2
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2020

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

K. Constitutional Amendment

In November 1992, Colorado voters approved Article X of the Colorado Constitution by adding Section 20, commonly known as the Taxpayer's Bill of Rights (TABOR). TABOR contains revenue, spending, tax and debt limitations, which apply to the State of Colorado and local governments. It requires, with certain exceptions, advance voter approval for any new tax, tax rate increase, mill levy above that for the prior year, extension of an expiring tax, or tax policy change directly causing a net tax revenue gain to any entity.

In November of 2001 the registered voters approved a ballot resolution authorizing Primero Reorganized School District Number 2 to collect, retain and expend all revenues collected during 2001 & 2002 and any subsequent year from any source provided that no property tax mill levy be increased or any new tax imposed without the consent of the voters.

Except for refinancing bonded debt at a lower interest rate or adding new employees to existing pension plans, TABOR requires advance voter approval for the creation of any multiple-fiscal year debt or other financial obligation unless adequate present cash reserves are pledged irrevocably and held for payments in all future years. TABOR requires local governments to establish emergency reserves to be used for declared emergencies only. Emergencies, as defined by TABOR, exclude economic conditions, revenue shortfalls, or salary or fringe benefit increases. These reserves are required to be three percent or more of fiscal year spending (excluding bonded debt service). As of June 30, 2020 the District reserved \$120,000 for this purpose.

Spending and revenue limits are determined based on the prior fiscal year's spending adjusted for inflation in the prior calendar year plus annual increases in funded student enrollment. Fiscal year spending is generally defined as expenditures and reserve increases with certain exceptions.

L. Property Taxes

Under Colorado law, all property taxes are due and payable in the year following the year levied. The 2019 property tax calendar for Las Animas County was as follows:

Levy Date	December 15, 2019
Lien Date	January 1, 2020
Tax Bills Mailed	January 1, 2020
First Installment Due	February 28, 2020
Second Installment Due	June 15, 2020
If Paid in Full, Due	April 30, 2020
Tax Sale – 2018 Delinquent Property Taxes	October 25, 2019

M. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

PRIMERO REORGANIZED SCHOOL DISTRICT NUMBER 2
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

N. Interest Expense

All interest expense has been reported as unallocated in the Government-wide financial statements.

O. GASB Statement No. 54

The Government Accounting Standards Board (GASB) has issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions (GASB 54). This statement defines the different types of fund balances that a governmental entity must use for financial reporting purposes.

GASB 54 requires the fund balance amounts to be properly reported within one of the fund balance categories list below.

1. Nonspendable such as fund balances associated with inventories, prepaids, long-term loans and notes receivable, and property held for resale (unless the proceeds are restricted, committed, or assigned).
2. Restricted fund balance category includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation.
3. Committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the School District Board of Directors (the District's highest level of decision-making authority).
4. Assigned fund balance classification is intended to be used by the government for specific purposes that do not meet the criteria to be classified as restricted or committed.
5. Unassigned fund balance is the residual classification for the government's general fund and includes all spendable amounts not contained in the other classifications.

Fund Balance Classification Policies and Procedures

Committed Fund Balance Policy:

The District's Committed Fund Balance is fund balance reporting required by the School Board, either because of a School Board Policy in the School Board Policy Manual, or because of motions that passed at School Board meetings.

Assigned Fund Balance Policy:

The District's Assigned Fund Balance is fund balance reporting occurring by School Board Administration authority, under the direction of the Chief Business Officer.

Order of Fund Balance Spending Policy

The District's policy is to apply expenditures against non-spendable fund balance, restricted fund balance, committed fund balance, assigned fund balance, and unassigned fund balance at the end of the fiscal year by adjusting journal entries.

First, non-spendable fund balances are determined. Then restricted fund balances for specific purposes are determined (not including non-spendable amounts). Then unrestricted fund balances are determined following the order of committed, assigned, and unassigned.

NOTE 2 RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The governmental funds balance sheet includes a reconciliation between *fund balances – total governmental funds* and *net position – governmental activities* as reported in the government-wide statement of net position. Additionally, the governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net change in fund balances – total governmental funds* and *changes in net position of governmental activities* as reported in the government-wide statement of activities.

These reconciliations detail items that require adjustment to convert from the current resources measurement and modified accrual basis for governmental fund statements to the economic resources measurement and full accrual basis used for government-wide statements. However, certain items having no effect on measurement and basis were eliminated from the government fund statements during the consolidation of governmental activities.

NOTE 3 BUDGETARY INFORMATION

Revenues and expenditures are controlled by budgetary accounting systems in accordance with various legal requirements. The budgeted revenues and expenditures represent the original adopted budget as subsequently adjusted by the Board of Education in accordance with Colorado School Laws. Budgets are generally prepared on the same basis as that used for accounting purposes.

The District has set procedures to be followed in establishing the budgetary data reflected in the financial statements:

1. Prior to June 1, the Business Manager submits to the Board of Education a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them.
2. Public notices are released to obtain taxpayer comments.
3. Prior to June 30, the budget is legally enacted through passage of a resolution.
4. The Business Manager is authorized to transfer budgeted amounts between categories within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the Board of Education.
5. Formal budgetary integration should be employed as a management control device during the year for the General Fund, Special Revenue Funds, Capital Project Fund and Bond Redemption Funds.
6. Budgets for the General, Special Revenue, Capital Project Fund and Bond Redemption Fund are adopted on a basis consistent with generally accepted accounting principles (GAAP). A budget was adopted for the Trust Fund.

All appropriations lapse at the end of each fiscal year. Authorization to transfer budgeted amounts between programs and/or departments within any fund and the reallocation of budget line items within any program and/or department rests with the Superintendent of Schools and may be delegated to an appropriate level of management. Revisions and/or supplemental appropriations that alter the total expenditures of any fund must be approved by the Board of Education.

Budgetary amounts reported in the accompanying basic financial statements are as originally adopted and amended by the Superintendent and/or the Board of Education throughout the year.

NOTE 4 CASH AND INVESTMENTS

Deposits

The Colorado Public Deposit Protection Act (PDPA), requires that all units of local government deposit cash in eligible public depositories, eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool is to be maintained by another institution or held in trust for all the uninsured public deposits as a group. The market value of the collateral must be at least equal to the aggregate uninsured deposits.

PRIMERO REORGANIZED SCHOOL DISTRICT NUMBER 2
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2020

NOTE 4 CASH AND INVESTMENTS (Continued)

At June 30, 2020, the District's bank balance and corresponding carrying balance were as follows:

	<u>Carrying Balance</u>	<u>Bank Balance</u>
Insured (FDIC)	250,000	250,000
Uninsured, Collateralized under the Public Deposit Protection Act of the State of Colorado	1,987,959	2,032,719
Cash Equivalents	562,992	-
Cash with County Treasurer	23,206	-
Cash on Hand	160	-
<u>Total Cash and Deposits</u>	<u>2,824,317</u>	<u>2,282,719</u>

As presented above, deposits with a bank balance of \$2,032,719 and a carrying balance of \$1,987,959 as of June 30, 2020 are uninsured, are exposed to custodial risk, and are collateralized with securities held by the pledging financial institution.

Investments

At June 30, 2020, the District had the following investments:

	<u>Investment</u>	<u>Maturity</u>	<u>Fair Value</u>
COLOTRUST	External Investment Pool	Under 60 Day Average	599,098

Interest Rate Risk – The District does not have a formal investment policy that limits investment maturities for managing possible fair value losses due to increasing interest rates.

Credit Risk – State Law limits the type of investments allowable. The investment of COLOTRUST is rated AAAM by Standard and Poor's.

Concentration of Credit Risk – the District has no policy restricting the amount that can be invested in any issuer.

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The District has no recurring fair value measurements as of June 30, 2020:

- COLOTRUST – Investments in this external investment pool are reported at \$1 net asset value per share and are not subject to fair value measurement. The investment is reported at cost.

Depreciation expense was charged to functions/programs of the primary government as follows:

Governmental Activities:

Instruction	328,523
Food Service	-
Operations and Maintenance	30,245
Transportation	<u>41,768</u>
<u>Total Depreciation Expense –Governmental Activities</u>	<u>400,536</u>

NOTE 6 ACCRUED SALARIES AND BENEFITS

Salaries and retirement benefits of certain contractually employed personnel are paid over a twelve-month period from September to August, but are earned during a school year of approximately nine to ten months. The salaries and benefits earned, but unpaid, and June 30, 2020, are estimated to be \$262,992. Accordingly, the accrued compensation is reflected as a liability in the accompanying financial statements of the various funds.

PRIMERO REORGANIZED SCHOOL DISTRICT NUMBER 2
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 7

PENSION PLAN

Defined Benefit Pension Plan

Summary of Significant Accounting Policies

Pensions. Primero Reorganized School District Number 2 participates in the School Division Trust Fund (SCHDTF), a cost-sharing multiple-employer defined benefit pension plan administered by the Public Employees' Retirement Association of Colorado ("PERA"). The net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position and additions to/deductions from the fiduciary net position of the SCHDTF have been determined using the economic resources measurement focus and the accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

The Colorado General Assembly passed significant pension reform through Senate Bill (SB) 18-200: *Concerning Modifications to the Public Employees' Retirement Association Hybrid Defined Benefit Plan Necessary to Eliminate with a High Probability the Unfunded Liability of the Plan Within the Next Thirty Years*. The bill was signed into law by Governor Hickenlooper on June 4, 2018. SB 18-200 makes changes to certain benefit provisions. Some, but not all, of these changes were in effect as of June 30, 2020.

General Information about the Pension Plan

Plan description. Eligible employees of the Primero Reorganized School District Number 2 are provided with pensions through the SCHDTF - a cost-sharing multiple-employer defined benefit pension plan administered by PERA. Plan benefits are specified in Title 24, Article 51 of the Colorado Revised Statutes (C.R.S.), administrative rules set forth at 8 C.C.R. 1502-1, and applicable provisions of the federal Internal Revenue Code. Colorado State law provisions may be amended from time to time by the Colorado General Assembly. PERA issues a publicly available comprehensive annual financial report (CAFR) that can be obtained at www.copera.org/investments/pera-financial-reports.

Benefits provided as of December 31, 2019. PERA provides retirement, disability, and survivor benefits. Retirement benefits are determined by the amount of service credit earned and/or purchased, highest average salary, the benefit structure(s) under which the member retires, the benefit option selected at retirement, and age at retirement. Retirement eligibility is specified in tables set forth at C.R.S. § 24-51-602, 604, 1713, and 1714.

The lifetime retirement benefit for all eligible retiring employees under the PERA benefit structure is the greater of the:

- Highest average salary multiplied by 2.5 percent and then multiplied by years of service credit.
- The value of the retiring employee's member contribution account plus a 100 percent match on eligible amounts as of the retirement date. This amount is then annuitized into a monthly benefit based on life expectancy and other actuarial factors.

PRIMERO REORGANIZED SCHOOL DISTRICT NUMBER 2
NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2020

NOTE 7 PENSION PLAN (Continued)

The lifetime retirement benefit for all eligible retiring employees under the Denver Public Schools (DPS) benefit structure is the greater of the:

- Highest average salary multiplied by 2.5 percent and then multiplied by years of service credit.
- \$15 times the first 10 years of service credit plus \$20 times service credit over 10 years plus a monthly amount equal to the annuitized member contribution account balance based on life expectancy and other actuarial factors.

In all cases the service retirement benefit is limited to 100 percent of highest average salary and also cannot exceed the maximum benefit allowed by federal Internal Revenue Code.

Members may elect to withdraw their member contribution accounts upon termination of employment with all PERA employers; waiving rights to any lifetime retirement benefits earned. If eligible, the member may receive a match of either 50 percent or 100 percent on eligible amounts depending on when contributions were remitted to PERA, the date employment was terminated, whether 5 years of service credit has been obtained and the benefit structure under which contributions were made.

As of December 31, 2019, benefit recipients who elect to receive a lifetime retirement benefit are generally eligible to receive post-retirement cost-of-living adjustments, referred to as annual increases in the C.R.S., once certain criteria are met. Pursuant to SB 18-200, the annual increase for 2019 is 0.00 percent for all benefit recipients. Thereafter, benefit recipients under the PERA benefit structure who began eligible employment before January 1, 2007, and all benefit recipients of the DPS benefit structure will receive an annual increase of 1.25 percent unless adjusted by the automatic adjustment provision (AAP) pursuant to C.R.S. § 24-51-413. Benefit recipients under the PERA benefit structure who began eligible employment on or after January 1, 2007, will receive the lesser of an annual increase of 1.25 percent or the average Consumer Price Index for Urban Wage Earners and Clerical Workers for the prior calendar year, not to exceed 10 percent of PERA's Annual Increase Reserve (AIR) for the SCHDTF. The AAP may raise or lower the aforementioned annual increase by up to 0.25 percent based on the parameters specified in C.R.S. § 24-51-413.

Disability benefits are available for eligible employees once they reach five years of earned service credit and are determined to meet the definition of disability. The disability benefit amount is based on the lifetime retirement benefit formula(s) shown above considering a minimum 20 years of service credit, if deemed disabled.

Survivor benefits are determined by several factors, which include the amount of earned service credit, highest average salary of the deceased, the benefit structure(s) under which service credit was obtained, and the qualified survivor(s) who will receive the benefits.

Contribution provisions as of June 30, 2020: Eligible employees, Primero Reorganized School District Number 2 and the State are required to contribute to the SCHDTF at a rate set by Colorado statute. The contribution requirements for the SCHDTF are established under C.R.S. § 24-51-401, *et seq.* and § 24-51-413. Eligible employees are required to contribute 8.75 percent of their PERA-includable salary during the period of July 1, 2019 through June 30, 2020. Employer contribution requirements are summarized in the table below.

PRIMERO REORGANIZED SCHOOL DISTRICT NUMBER 2
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2020

NOTE 7 PENSION PLAN (Continued)

	July 1, 2019 Through June 30, 2020
Employer Contribution Rate	10.40%
Amount of employer contribution apportioned to the Health Care Trust Fund as specified in C.R.S. § 24-51-208(1)(f)	(1.02)%
Amount apportioned to the SCHDTF	9.38%
Amortization Equalization Disbursement (AED) as specified in C.R.S. § 24-51-411	4.50%
Supplemental Amortization Equalization Disbursement (SAED) as specified in C.R.S. § 24-51-411	5.50%
Total employer contribution rate to the SCHDTF	19.38%

Contribution rates for the SCHDTF are expressed as a percentage of salary as defined in C.R.S. § 24-51-101(42).

As specified in C.R.S. § 24-51-414, the State is required to contribute \$225 million each year to PERA starting on July 1, 2018. A portion of the direct distribution payment is allocated to the SCHDTF based on the proportionate amount of annual payroll of the SCHDTF to the total annual payroll of the SCHDTF, State Division Trust Fund, Judicial Division Trust Fund, and Denver Public Schools Division Trust Fund. A portion of the direct distribution allocated to the SCHDTF is considered a nonemployer contribution for financial reporting purposes.

Subsequent to the SCHDTF's December 31, 2019, measurement date, HB20-1379 *Suspend Direct Distribution to PERA Public Employees Retirement Association for 2020-21 Fiscal Year*, was passed into law during the 2020 legislative session and signed by Governor Polis on June 29, 2020. This bill suspends the July 1, 2020, \$225 million direct distribution allocated to the State, School, Judicial, and DPS Divisions, as required under Senate Bill 18-200.

Employer contributions are recognized by the SCHDTF in the period in which the compensation becomes payable to the member and the Primero Reorganized School District Number 2 is statutorily committed to pay the contributions to the SCHDTF. Employer contributions recognized by the SCHDTF from Primero Reorganized School District Number 2 were \$430,019 for the year ended June 30, 2020.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability for the SCHDTF was measured as of December 31, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2018. Standard update procedures were used to roll-forward the total pension liability to December 31, 2019. The Primero Reorganized School District Number 2 proportion of the net pension liability was based on Primero Reorganized School District Number 2 contributions to the SCHDTF for the calendar year 2019 relative to the total contributions of participating employers and the State as a nonemployer contributing entity.

PRIMERO REORGANIZED SCHOOL DISTRICT NUMBER 2
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2020

NOTE 7 PENSION PLAN (Continued)

At June 30, 2020, the Primero Reorganized School District Number 2 reported a liability of \$5,790,109 for its proportionate share of the net pension liability that reflected a reduction for support from the State as a nonemployer contributing entity. The amount recognized by the Primero Reorganized School District Number 2 as its proportionate share of the net pension liability, the related support from the State as a nonemployer contributing entity, and the total portion of the net pension liability that was associated with Primero Reorganized School District Number 2 were as follows:

Primero Reorganized School District Number 2 proportionate share of the net pension liability	\$ 5,790,109
The State's proportionate share of the net pension liability as a nonemployer contributing entity associated with the Primero Reorganized School District Number 2	\$ 734,401
Total	\$ 6,524,510

At December 31, 2019, the Primero Reorganized School District Number 2 proportion was 0.039 percent, which was a decrease of 0.002 from its proportion measured as of December 31, 2018.

For the year ended June 30, 2020, the Primero Reorganized School District Number 2 recognized pension income of \$647,487 and revenue of \$55,624 for support from the State as a nonemployer contributing entity. At June 30, 2020, the Primero Reorganized School District Number 2 reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	315,565	-
Changes of assumptions or other inputs	165,299	(2,626,339)
Net difference between projected and actual earnings on pension plan investments	617,695	(1,303,591)
Changes in proportion and differences between contributions recognized and proportionate share of contributions	190,144	(998,737)
Contributions subsequent to the measurement date	219,832	N/A
Total	1,508,535	(4,928,667)

\$219,832 reported as deferred outflows of resources related to pensions, resulting from contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30, 2020	
2021	(1,862,732)
2022	(1,471,201)
2023	(72,709)

PRIMERO REORGANIZED SCHOOL DISTRICT NUMBER 2
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2020

NOTE 7 PENSION PLAN (Continued)

Actuarial assumptions. The total pension liability in the December 31, 2018 actuarial valuation was determined using the following actuarial cost method, actuarial assumptions and other inputs:

Actuarial cost method	Entry age
Price inflation	2.40 percent
Real wage growth	1.10 percent
Wage inflation	3.50 percent
Salary increases, including wage inflation	3.50 – 9.70 percent
Long-term investment rate of return, net of pension plan investment expenses, including price inflation	7.25 percent
Discount rate	7.25 percent
Post-retirement benefit increases:	
PERA benefit structure hired prior to 1/1/07 and DPS benefit structure (automatic)*	1.25 percent compounded annually
PERA benefit structure hired after 12/31/06 (ad hoc, substantively automatic)*	Financed by the Annual Increase Reserve

*For 2019, the annual increase was 0.00 percent.

Healthy mortality assumptions for active members reflect the RP-2014 White Collar Employee Mortality Table, a table specifically developed for actively working people. To allow for an appropriate margin of improved mortality prospectively, the mortality rates incorporate a 70 percent factor applied to male rates and a 55 percent factor applied to female rates.

Post-retirement non-disabled mortality assumptions were based on the RP-2014 Healthy Annuitant Mortality Table, adjusted as follows:

- **Males:** Mortality improvement projected to 2018 using the MP-2015 projection scale, a 93 percent factor applied to rates for ages less than 80, a 113 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.
- **Females:** Mortality improvement projected to 2020 using the MP-2015 projection scale, a 68 percent factor applied to rates for ages less than 80, a 106 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.

For disabled retirees, the mortality assumption was based on 90 percent of the RP-2014 Disabled Retiree Mortality Table.

The actuarial assumptions used in the December 31, 2018, valuation were based on the results of the 2016 experience analysis for the periods January 1, 2012, through December 31, 2015, as well as, the October 28, 2016, actuarial assumptions workshop and were adopted by the PERA Board during the November 18, 2016, Board meeting.

The long-term expected return on plan assets is reviewed as part of regular experience studies prepared every four or five years for PERA. Recently, this assumption has been reviewed more frequently. The most recent analyses were outlined in presentations to PERA's Board on October 28, 2016.

PRIMERO REORGANIZED SCHOOL DISTRICT NUMBER 2
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2020

NOTE 7 PENSION PLAN (Continued)

Several factors were considered in evaluating the long-term rate of return assumption for the SCHDTF, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation.

As of the most recent adoption of the long-term expected rate of return by the PERA Board, the target asset allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	30 Year Expected Geometric Real Rate of Return
U.S. Equity – Large Cap	21.20%	4.30%
U.S. Equity – Small Cap	7.42%	4.80%
Non U.S. Equity – Developed	18.55%	5.20%
Non U.S. Equity – Emerging	5.83%	5.40%
Core Fixed Income	19.32%	1.20%
High Yield	1.38%	4.30%
Non U.S. Fixed Income - Developed	1.84%	0.60%
Emerging Market Debt	0.46%	3.90%
Core Real Estate	8.50%	4.90%
Opportunity Fund	6.00%	3.80%
Private Equity	8.50%	6.60%
Cash	1.00%	0.20%
Total	100.00%	

In setting the long-term expected rate of return, projections employed to model future returns provide a range of expected long-term returns that, including expected inflation, ultimately support a long-term expected rate of return assumption of 7.25 percent.

Discount rate. The discount rate used to measure the total pension liability was 7.25 percent. The projection of cash flows used to determine the discount rate applied the actuarial cost method and assumptions shown above. In addition, the following methods and assumptions were used in the projection of cash flows:

- Total covered payroll for the initial projection year consists of the covered payroll of the active membership present on the valuation date and the covered payroll of future plan members assumed to be hired during the year. In subsequent projection years, total covered payroll was assumed to increase annually at a rate of 3.50 percent.
- Employee contributions were assumed to be made at the member contribution rates in effect for each year, including the scheduled increases in SB 18-200 and the additional 0.50 percent resulting from the 2018 AAP assessment, statutorily recognized July 1, 2019, and effective July 1, 2020. Employee contributions for future plan members were used to reduce the estimated amount of total service costs for future plan members.

PRIMERO REORGANIZED SCHOOL DISTRICT NUMBER 2
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2020

NOTE 7

PENSION PLAN (Continued)

- Employer contributions were assumed to be made at rates equal to the fixed statutory rates specified in law for each year, including the scheduled increase in SB 18-200 and the additional 0.50 percent, resulting from the 2018 AAP assessment, statutorily recognized July 1, 2019, and effective July 1, 2020. Employer contributions also include the current and estimated future AED and SAED, until the actuarial value funding ratio reaches 103 percent, at which point, the AED and SAED will each drop 0.50 percent every year until they are zero. Additionally, estimated employer contributions reflect reductions for the funding of the AIR and retiree health care benefits. For future plan members, employer contributions were further reduced by the estimated amount of total service costs for future plan members not financed by their member contributions.
- As specified in law, the State provides an annual direct distribution of \$225 million, which commenced July 1, 2018, that is proportioned between the State, School, Judicial, and DPS Division Trust Funds based upon the covered payroll of each Division. The annual direct distribution ceases when all Division Trust Funds are fully funded.
- Employer contributions and the amount of total service costs for future plan members were based upon a process to estimate future actuarially determined contributions assuming an analogous future plan member growth rate.
- The AIR balance was excluded from the initial fiduciary net position, as, per statute, AIR amounts cannot be used to pay benefits until transferred to either the retirement benefits reserve or the survivor benefits reserve, as appropriate. AIR transfers to the fiduciary net position and the subsequent AIR benefit payments were estimated and included in the projections.
- The projected benefit payments reflect the lowered annual increase cap, from 1.50 percent to 1.25 percent resulting from the 2018 AAP assessment, statutorily recognized July 1, 2019, and effective July 1, 2020.
- Benefit payments and contributions were assumed to be made at the middle of the year.

Based on the above assumptions and methods, the projection test indicates the SCHDTF's fiduciary net position was projected to be available to make all projected future benefit payments of current members. Therefore, the long-term expected rate of return of 7.25 percent on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate determination does not use the municipal bond rate, and therefore, the discount rate is 7.25 percent. There was no change in the discount rate from the prior measurement date.

Sensitivity of the Primero Reorganized School District Number 2 proportionate share of the net pension liability to changes in the discount rate. The following presents the proportionate share of the net pension liability calculated using the discount rate of 7.25 percent, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.25 percent) or 1-percentage-point higher (8.25 percent) than the current rate:

Pension plan fiduciary net position. Detailed information about the SCHDTF’s fiduciary net position is available in PERA’s CAFR which can be obtained at www.copera.org/investments/pera-financial-reports.

Defined Contribution Pension Plan

Voluntary Investment Program

Plan Description – Employees of the Primero Reorganized School District Number 2 that are also members of the SCHDTF may voluntarily contribute to the Voluntary Investment Program, an Internal Revenue Code Section 401(k) defined contribution plan administered by PERA. Title 24, Article 51, Part 14 of the C.R.S., as amended, assigns the authority to establish the Plan provisions to the PERA Board of Trustees. PERA issues a publicly available CAFR which includes additional information on the Voluntary Investment Program. That report can be obtained at www.copera.org/investments/pera-financial-reports.

Funding Policy – The Voluntary Investment Program is funded by voluntary member contributions up to the maximum limits set by the Internal Revenue Service, as established under Title 24, Article 51, Section 1402 of the C.R.S., as amended. Employees are immediately vested in their own contributions and investment earnings. For the year ended June 30, 2020, program members contributed \$-0-.

NOTE 8 **OTHER POST EMPLOYMENT BENEFITS**

Defined Benefit Other Post Employment Benefit (OPEB) Plan

Summary of Significant Accounting Policies

OPEB. Primero Reorganized School District Number 2 participates in the Health Care Trust Fund (HCTF), a cost-sharing multiple-employer defined benefit OPEB fund administered by the Public Employees’ Retirement Association of Colorado (“PERA”). The net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, OPEB expense, information about the fiduciary net position and additions to/deductions from the fiduciary net position of the HCTF have been determined using the economic resources measurement focus and the accrual basis of accounting. For this purpose, benefits paid on behalf of health care participants are recognized when due and/or payable in accordance with the benefit terms. Investments are reported at fair value.

PRIMERO REORGANIZED SCHOOL DISTRICT NUMBER 2
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2020

NOTE 8

OTHER POST EMPLOYMENT BENEFITS (Continued)

General Information about the OPEB Plan

Plan description. Eligible employees of the Primero Reorganized School District Number 2 are provided with OPEB through the HCTF—a cost-sharing multiple-employer defined benefit OPEB plan administered by PERA. The HCTF is established under Title 24, Article 51, Part 12 of the Colorado Revised Statutes (C.R.S.), as amended. Colorado State law provisions may be amended from time to time by the Colorado General Assembly. Title 24, Article 51, Part 12 of the C.R.S., as amended, sets forth a framework that grants authority to the PERA Board to contract, self-insure, and authorize disbursements necessary in order to carry out the purposes of the PERACare program, including the administration of the premium subsidies. Colorado State law provisions may be amended from time to time by the Colorado General Assembly. PERA issues a publicly available comprehensive annual financial report (CAFR) that can be obtained at www.copera.org/investments/pera-financial-reports.

Benefits provided. The HCTF provides a health care premium subsidy to eligible participating PERA benefit recipients and retirees who choose to enroll in one of the PERA health care plans, however, the subsidy is not available if only enrolled in the dental and/or vision plan(s). The health care premium subsidy is based upon the benefit structure under which the member retires and the member's years of service credit. For members who retire having service credit with employers in the Denver Public Schools (DPS) Division and one or more of the other four Divisions (State, School, Local Government and Judicial), the premium subsidy is allocated between the HCTF and the Denver Public Schools Health Care Trust Fund (DPS HCTF). The basis for the amount of the premium subsidy funded by each trust fund is the percentage of the member contribution account balance from each division as it relates to the total member contribution account balance from which the retirement benefit is paid.

C.R.S. § 24-51-1202 et seq. specifies the eligibility for enrollment in the health care plans offered by PERA and the amount of the premium subsidy. The law governing a benefit recipient's eligibility for the subsidy and the amount of the subsidy differs slightly depending under which benefit structure the benefits are calculated. All benefit recipients under the PERA benefit structure and all retirees under the DPS benefit structure are eligible for a premium subsidy, if enrolled in a health care plan under PERACare. Upon the death of a DPS benefit structure retiree, no further subsidy is paid.

Enrollment in the PERACare is voluntary and is available to benefit recipients and their eligible dependents, certain surviving spouses, and divorced spouses and guardians, among others. Eligible benefit recipients may enroll into the program upon retirement, upon the occurrence of certain life events, or on an annual basis during an open enrollment period.

PERA Benefit Structure

The maximum service-based premium subsidy is \$230 per month for benefit recipients who are under 65 years of age and who are not entitled to Medicare; the maximum service-based subsidy is \$115 per month for benefit recipients who are 65 years of age or older or who are under 65 years of age and entitled to Medicare. The basis for the maximum service-based subsidy, in each case, is for benefit recipients with retirement benefits based on 20 or more years of service credit. There is a 5 percent reduction in the subsidy for each year less than 20. The benefit recipient pays the remaining portion of the premium to the extent the subsidy does not cover the entire amount.

PRIMERO REORGANIZED SCHOOL DISTRICT NUMBER 2
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2020

NOTE 8

OTHER POST EMPLOYMENT BENEFITS (Continued)

For benefit recipients who have not participated in Social Security and who are not otherwise eligible for premium-free Medicare Part A for hospital-related services, C.R.S. § 24-51-1206(4) provides an additional subsidy. According to the statute, PERA cannot charge premiums to benefit recipients without Medicare Part A that are greater than premiums charged to benefit recipients with Part A for the same plan option, coverage level, and service credit. Currently, for each individual PERACare enrollee, the total premium for Medicare coverage is determined assuming plan participants have both Medicare Part A and Part B and the difference in premium cost is paid by the HCTF or the DPS HCTF on behalf of benefit recipients not covered by Medicare Part A.

DPS Benefit Structure

The maximum service-based premium subsidy is \$230 per month for retirees who are under 65 years of age and who are not entitled to Medicare; the maximum service-based subsidy is \$115 per month for retirees who are 65 years of age or older or who are under 65 years of age and entitled to Medicare. The basis for the maximum subsidy, in each case, is for retirees with retirement benefits based on 20 or more years of service credit. There is a 5 percent reduction in the subsidy for each year less than 20. The retiree pays the remaining portion of the premium to the extent the subsidy does not cover the entire amount.

For retirees who have not participated in Social Security and who are not otherwise eligible for premium-free Medicare Part A for hospital-related services, the HCTF or the DPS HCTF pays an alternate service-based premium subsidy. Each individual retiree meeting these conditions receives the maximum \$230 per month subsidy reduced appropriately for service less than 20 years, as described above. Retirees who do not have Medicare Part A pay the difference between the total premium and the monthly subsidy.

Contributions. Pursuant to Title 24, Article 51, Section 208(1)(f) of the C.R.S., as amended, certain contributions are apportioned to the HCTF. PERA-affiliated employers of the State, School, Local Government, and Judicial Divisions are required to contribute at a rate of 1.02 percent of PERA-includable salary into the HCTF.

Employer contributions are recognized by the HCTF in the period in which the compensation becomes payable to the member and the Primero Reorganized School District Number 2 is statutorily committed to pay the contributions. Employer contributions recognized by the HCTF from Primero Reorganized School District Number 2 were \$22,633 for the year ended June 30, 2020.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2020, the Primero Reorganized School District Number 2 reported a liability of \$284,797 for its proportionate share of the net OPEB liability. The net OPEB liability for the HCTF was measured as of December 31, 2019, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of December 31, 2018. Standard update procedures were used to roll-forward the total OPEB liability to December 31, 2019. The Primero Reorganized School District Number 2 proportion of the net OPEB liability was based on Primero Reorganized School District Number 2 contributions to the HCTF for the calendar year 2019 relative to the total contributions of participating employers to the HCTF.

PRIMERO REORGANIZED SCHOOL DISTRICT NUMBER 2
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2020

NOTE 8 **OTHER POST EMPLOYMENT BENEFITS (Continued)**

At December 31, 2019, the Primero Reorganized School District Number 2 proportion was 0.025 percent, which was a decrease of 0.001 from its proportion measured as of December 31, 2018.

For the year ended June 30, 2020, the Primero Reorganized School District Number 2 recognized OPEB income of \$787. At June 30, 2020, the Primero Reorganized School District Number 2 reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	945	(47,856)
Changes of assumptions or other inputs	2,363	-
Net difference between projected and actual earnings on OPEB plan investments	4,585	(9,339)
Changes in proportion and differences between contributions recognized and proportionate share of contributions	24,231	(17,208)
Contributions subsequent to the measurement date	11,570	N/A
Total	43,694	(74,403)

\$11,570 reported as deferred outflows of resources related to OPEB, resulting from contributions subsequent to the measurement date, will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended June 30, 2020	
2021	(6,001)
2022	(6,000)
2023	(4,624)
2024	(12,260)
2025	(12,633)
Thereafter	(761)

Actuarial assumptions. The total OPEB liability in the December 31, 2018 actuarial valuation was determined using the following actuarial cost method, actuarial assumptions and other inputs:

Actuarial cost method	Entry age
Price inflation	2.40 percent
Real wage growth	1.10 percent
Wage inflation	3.50 percent
Salary increases, including wage inflation	3.50 percent in aggregate
Long-term investment rate of return, net of OPEB plan investment expenses, including price inflation	7.25 percent
Discount rate	7.25 percent
Health care cost trend rates	
PERA benefit structure:	
Service-based premium subsidy	0.00 percent
PERACare Medicare plans	5.60 percent in 2019, gradually decreasing to 4.50 percent in 2029

PRIMERO REORGANIZED SCHOOL DISTRICT NUMBER 2
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2020

NOTE 8 **OTHER POST EMPLOYMENT BENEFITS (Continued)**

Medicare Part A premiums	3.50 percent in 2019, gradually increasing to 4.50 percent in 2029
DPS benefit structure:	
Service-based premium subsidy	0.00 percent
PERACare Medicare plans	N/A
Medicare Part A premiums	N/A

Calculations are based on the benefits provided under the terms of the substantive plan in effect at the time of each actuarial valuation and on the pattern of sharing of costs between employers of each fund to that point.

The actuarial assumptions used in the December 31, 2018, valuations were based on the results of the 2016 experience analysis for the periods January 1, 2012, through December 31, 2015, as well as, the October 28, 2016, actuarial assumptions workshop and were adopted by the PERA Board during the November 18, 2016, Board meeting. In addition, certain actuarial assumptions pertaining to per capita health care costs and their related trends are analyzed and reviewed by PERA's actuary, as discussed below.

In determining the additional liability for PERACare enrollees who are age sixty-five or older and who are not eligible for premium-free Medicare Part A, the following monthly costs/premiums are assumed for 2019 for the PERA Benefit Structure:

Medicare Plan	Cost for Members Without Medicare Part A	Premiums for Members Without Medicare Part A
Medicare Advantage/Self-Insured Prescription	\$601	\$240
Kaiser Permanente Medicare Advantage HMO	605	237

The 2019 Medicare Part A premium is \$437 per month.

In determining the additional liability for PERACare enrollees in the PERA Benefit Structure who are age sixty-five or older and who are not eligible for premium-free Medicare Part A, the following chart details the initial expected value of Medicare Part A benefits, age adjusted to age 65 for the year following the valuation date:

Medicare Plan	Cost for Members Without Medicare Part A
Medicare Advantage/Self-Insured Prescription	\$562
Kaiser Permanente Medicare Advantage HMO	571

All costs are subject to the health care cost trend rates, as discussed below.

Health care cost trend rates reflect the change in per capita health costs over time due to factors such as medical inflation, utilization, plan design, and technology improvements. For the PERA benefit structure, health care cost trend rates are needed to project the future costs associated with providing benefits to those PERACare enrollees not eligible for premium-free Medicare Part A.

PRIMERO REORGANIZED SCHOOL DISTRICT NUMBER 2

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2020

NOTE 8

OTHER POST EMPLOYMENT BENEFITS (Continued)

Health care cost trend rates for the PERA benefit structure are based on published annual health care inflation surveys in conjunction with actual plan experience (if credible), building block models and industry methods developed by health plan actuaries and administrators. In addition, projected trends for the Federal Hospital Insurance Trust Fund (Medicare Part A premiums) provided by the Centers for Medicare & Medicaid Services are referenced in the development of these rates. Effective December 31, 2018, the health care cost trend rates for Medicare Part A premiums were revised to reflect the current expectation of future increases in rates of inflation applicable to Medicare Part A premiums.

The PERA benefit structure health care cost trend rates that were used to measure the total OPEB liability are summarized in the table below:

Year	PERACare Medicare Plans	Medicare Part A Premiums
2019	5.60%	3.50%
2020	8.60%	3.50%
2021	7.30%	3.50%
2022	6.00%	3.75%
2023	5.70%	3.75%
2024	5.50%	3.75%
2025	5.30%	4.00%
2026	5.10%	4.00%
2027	4.90%	4.25%
2028	4.70%	4.25%
2029+	4.50%	4.50%

Mortality assumptions for the determination of the total pension liability for each of the Division Trust Funds as shown below are applied, as applicable, in the determination of the total OPEB liability for the HCTF. Affiliated employers of the State, School, Local Government, and Judicial Divisions participate in the HCTF.

Healthy mortality assumptions for active members were based on the RP-2014 White Collar Employee Mortality Table, a table specifically developed for actively working people. To allow for an appropriate margin of improved mortality prospectively, the mortality rates incorporate a 70 percent factor applied to male rates and a 55 percent factor applied to female rates.

Post-retirement non-disabled mortality assumptions for the State and Local Government Divisions were based on the RP-2014 Healthy Annuitant Mortality Table, adjusted as follows:

- **Males:** Mortality improvement projected to 2018 using the MP-2015 projection scale, a 73 percent factor applied to rates for ages less than 80, a 108 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.
- **Females:** Mortality improvement projected to 2020 using the MP-2015 projection scale, a 78 percent factor applied to rates for ages less than 80, a 109 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.

PRIMERO REORGANIZED SCHOOL DISTRICT NUMBER 2
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2020

NOTE 8 OTHER POST EMPLOYMENT BENEFITS (Continued)

Post-retirement non-disabled mortality assumptions for the School and Judicial Divisions were based on the RP-2014 White Collar Healthy Annuitant Mortality Table, adjusted as follows:

- **Males:** Mortality improvement projected to 2018 using the MP-2015 projection scale, a 93 percent factor applied to rates for ages less than 80, a 113 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.
- **Females:** Mortality improvement projected to 2020 using the MP-2015 projection scale, a 68 percent factor applied to rates for ages less than 80, a 106 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.

For disabled retirees, the mortality assumption was based on 90 percent of the RP-2014 Disabled Retiree Mortality Table.

The following health care costs assumptions were updated and used in the measurement of the obligations for the HCTF:

- Initial per capita health care costs for those PERACare enrollees under the PERA benefit structure who are expected to attain age 65 and older ages and are not eligible for premium-free Medicare Part A benefits were updated to reflect the change in costs for the 2019 plan year.
- The morbidity assumptions were updated to reflect the assumed standard aging factors.
- The health care cost trend rates for Medicare Part A premiums were revised to reflect the then-current expectation of future increases in rates of inflation applicable to Medicare Part A premiums.

The long-term expected return on plan assets is reviewed as part of regular experience studies prepared every four or five years for PERA. Recently, this assumption has been reviewed more frequently. The most recent analyses were outlined in presentations to PERA's Board on October 28, 2016.

Several factors were considered in evaluating the long-term rate of return assumption for the HCTF, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation.

As of the most recent adoption of the long-term expected rate of return by the PERA Board, the target asset allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

PRIMERO REORGANIZED SCHOOL DISTRICT NUMBER 2
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2020

NOTE 8 OTHER POST EMPLOYMENT BENEFITS (Continued)

Asset Class	Target Allocation	30 Year Expected Geometric Real Rate of Return
U.S. Equity – Large Cap	21.20%	4.30%
U.S. Equity – Small Cap	7.42%	4.80%
Non U.S. Equity – Developed	18.55%	5.20%
Non U.S. Equity – Emerging	5.83%	5.40%
Core Fixed Income	19.32%	1.20%
High Yield	1.38%	4.30%
Non U.S. Fixed Income - Developed	1.84%	0.60%
Emerging Market Debt	0.46%	3.90%
Core Real Estate	8.50%	4.90%
Opportunity Fund	6.00%	3.80%
Private Equity	8.50%	6.60%
Cash	1.00%	0.20%
Total	100.00%	

In setting the long-term expected rate of return, projections employed to model future returns provide a range of expected long-term returns that, including expected inflation, ultimately support a long-term expected rate of return assumption of 7.25 percent.

Sensitivity of the Primero Reorganized School District Number 2 proportionate share of the net OPEB liability to changes in the Health Care Cost Trend Rates. The following presents the net OPEB liability using the current health care cost trend rates applicable to the PERA benefit structure, as well as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current rates:

	1% Decrease in Trend Rates	Current Trend Rates	1% Increase in Trend Rates
Initial PERACare Medicare trend rate	4.60%	5.60%	6.60%
Ultimate PERACare Medicare trend rate	3.50%	4.50%	5.50%
Initial Medicare Part A trend rate	2.50%	3.50%	4.50%
Ultimate Medicare Part A trend rate	3.50%	4.50%	5.50%
Net OPEB Liability	278,032	284,797	292,615

Discount rate. The discount rate used to measure the total OPEB liability was 7.25 percent. The projection of cash flows used to determine the discount rate applied the actuarial cost method and assumptions shown above. In addition, the following methods and assumptions were used in the projection of cash flows:

- Updated health care cost trend rates for Medicare Part A premiums as of the December 31, 2019, measurement date.

PRIMERO REORGANIZED SCHOOL DISTRICT NUMBER 2
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2020

NOTE 8 OTHER POST EMPLOYMENT BENEFITS (Continued)

- Total covered payroll for the initial projection year consists of the covered payroll of the active membership present on the valuation date and the covered payroll of future plan members assumed to be hired during the year. In subsequent projection years, total covered payroll was assumed to increase annually at a rate of 3.50 percent.
- Employer contributions were assumed to be made at rates equal to the fixed statutory rates specified in law and effective as of the measurement date.
- Employer contributions and the amount of total service costs for future plan members were based upon a process to estimate future actuarially determined contributions assuming an analogous future plan member growth rate.
- Benefit payments and contributions were assumed to be made at the middle of the year.

Based on the above assumptions and methods, the projection test indicates the HCTF's fiduciary net position was projected to make all projected future benefit payments of current members. Therefore, the long-term expected rate of return of 7.25 percent on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability. The discount rate determination does not use the municipal bond index rate, and therefore, the discount rate is 7.25 percent.

Sensitivity of the Primero Reorganized School District Number 2 proportionate share of the net OPEB liability to changes in the discount rate. The following presents the proportionate share of the net OPEB liability calculated using the discount rate of 7.25 percent, as well as what the proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.25 percent) or 1-percentage-point higher (8.25 percent) than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Proportionate share of the net OPEB liability	322,020	284,797	252,963

OPEB plan fiduciary net position. Detailed information about the HCTF's fiduciary net position is available in PERA's CAFR which can be obtained at www.copera.org/investments/pera-financial-reports.

PRIMERO REORGANIZED SCHOOL DISTRICT NUMBER 2
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2020

NOTE 9 JOINT VENTURES

Not reflected in the accompanying financial statements is the District's participation in the South Central Board of Cooperative Educational Services (BOCES). The BOCES is an organization that provides member districts educational services at a shared lower cost per district.

The District has one member on the Board. This Board has final authority for all budgeting and financing of the joint venture. The BOCES by-laws indicate that the entity is to have perpetual existence, but in the event of its dissolution, all assets shall be divided among member school districts on a pro rata basis determined by the BOCES board. The joint venture summary audited financial information for the year ended June 30, 2019 is as follows:

Assets and Deferred Outflows	4,793,274
Liabilities and Deferred Inflows	<u>13,437,640</u>
Net Position	<u>(8,644,366)</u>
Revenues	3,318,328
Expenses	<u>2,341,441</u>
Changes in Net Position	<u>976,887</u>

The BOCES is not included as a component unit of the District as the financial responsibility is minimal, there is no financial interdependency, the District does not have the ability to significantly influence the operations of the BOCES and the District is not accountable for fiscal matters of the BOCES. An audited financial statement is filed annually with the Colorado State Auditor's Office.

NOTE 10 COMPENSATED ABSENCES

In accordance with generally accepted accounting principles for governmental entities, the District had accrued a liability for future compensated absences (sick leave, vacation allowance, etc.). The amount accrued as of June 30, 2020 is \$97,793.

NOTE 11 COLORADO SCHOOL DISTRICT SELF INSURANCE POOL (CSDSIP)

The District belongs to the Colorado School District's Self-Insurance Pool. The Pool was established by the Colorado Association of School Boards (CASB) to provide insurance coverage to participants in the areas of General Liability, Errors and Omissions, Automobile Liability, Auto Physical Damage, Auto Personal Injury Protection, Real and Personal Property, Crime and other coverage. The Board of Directors is composed of nine persons; of whom are appointed by the Board of Directors of CSDSIP. The Pool is managed by an executive director chosen by the Board of Directors. Each member's initial contribution and subsequent contributions are determined by the Pool based on factors including, but not limited to, the Aggregate Pool claims, the cost of Administrative and other operating expenses, the number of participants, the adequacy of both Operating and Reserve Funds and other factors touching on the status of the Pool or an individual participant, and as approved by the Colorado Insurance Commissioner.

PRIMERO REORGANIZED SCHOOL DISTRICT NUMBER 2
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2020

NOTE 11 COLORADO SCHOOL DISTRICT SELF INSURANCE POOL (CSDSIP) (Continued)

As the District did not exercise oversight responsibility nor have sufficient control over Pool activities, the Pool is not a component unit of the District and only the District's share of contributions to the Pool is recorded as Expenditures in the fund from which they are paid.

The District's share in the Pool is not determinable from current information, but is estimated to be less than 1%. The District's share, if calculated, would not be material to the Pool's financial information at June 30, 2020.

An audited summary of the Colorado School District's Pool financial information for the year ended June 30, 2019 (latest information available) follows:

Total Assets	48,583,211
Total Liabilities	<u>26,773,438</u>
Total Equity	<u>21,809,773</u>
Revenue	19,817,153
Underwriting Expenses	<u>26,652,902</u>
Underwriting Gain (Loss)	(6,835,749)
Net Investment Income	865,849
Other Income	-
Net Income (Loss) Before Dividend	<u>(5,969,900)</u>
Dividend	-
Net Income (Loss)	<u>(5,969,900)</u>
Transfer of Capital Contributions	-
Change in Non Admitted Assets	<u>156,358</u>
Capital Contributions from Members	-
Unassigned Surplus	<u>21,809,773</u>

NOTE 12 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees, or acts of God.

The District maintains commercial insurance for all risks of loss. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

PRIMERO REORGANIZED SCHOOL DISTRICT NUMBER 2
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2020

NOTE 13 LONG – TERM DEBT

Changes in long-term debt follow:

	<u>Beginning Balance</u>	<u>Added</u>	<u>Retired</u>	<u>Ending Balance</u>	<u>Current Portion</u>
GO Bonds – Series 2017	<u>11,570,000</u>	<u>-</u>	<u>395,000</u>	<u>11,175,000</u>	<u>405,000</u>
Total	<u>11,570,000</u>	<u>-</u>	<u>395,000</u>	<u>11,175,000</u>	<u>405,000</u>

General Obligation Bonds

In January 2017, the District issued General Obligation Bonds for the purpose of funding additions and improvements to their school buildings. The bonds were issued for \$11,955,000 and a premium of \$1,286,836 was received on sale. Payments will be made semi-annually and began in June of 2017. Payments will be interest only until December 2018 when principal payments begin. The final payment is due in December 2037. Coupon interest rates vary from 3% to 5%. Following is a schedule of debt service to maturity.

<u>Year</u>	<u>Principal</u>	<u>Interest</u>
2021	405,000	521,800
2022	420,000	505,300
2023	440,000	485,900
2024	460,000	463,400
2025	485,000	439,775
2026	510,000	414,900
2027	535,000	388,775
2028	560,000	361,400
2029	590,000	332,650
2030	620,000	302,400
2031	650,000	270,650
2032	680,000	237,400
2033	715,000	202,525
2034	750,000	167,775
2035	785,000	133,250
2036	820,000	97,150
2037	855,000	59,475
2038	<u>895,000</u>	<u>20,125</u>
Total	<u>11,175,000</u>	<u>5,404,650</u>

PRIMERO REORGANIZED SCHOOL DISTRICT NUMBER 2
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2020

NOTE 14 INTERFUND ACTIVITY

Transfers from the general fund to support operational cash requirements were made in the following amounts:

Food Service Fund	61,322
Transportation Fund	33,425

The Transportation Fund owes the General Fund \$33,002 at year end for amounts paid by the General Fund. The Designated Purpose Grant Fund owes the General Fund \$99,059. All amounts are expected to be paid within the year.

NOTE 15 CHANGE IN ACCOUNTING FOR STUDENT ACTIVITY FUND

In prior years, the Student Activity Fund had been recorded as a Fiduciary Fund. Beginning July 1, 2019, the District accounts for student activities in a Special Revenue Fund. The beginning fund balance for the Student Activity Special Revenue Fund at July 1, 2019, was \$54,150. That amount is the reclassified equity of the Student Activity Agency Fund at June 30, 2019. The beginning net position of governmental activities has been increased by that same amount.

	<u>Net Position</u>	<u>Fund Balance – Governmental Funds</u>
Balance at June 30, 2019	3,043,805	4,275,189
Change for Student Activity	<u>54,150</u>	<u>54,150</u>
Beginning Balance, as Restated	<u>3,097,955</u>	<u>4,329,339</u>

REQUIRED SUPPLEMENTARY INFORMATION

BUDGETARY COMPARISONS

PENSION TREND DATA

OPEB TREND DATA

REQUIRED SUPPLEMENTARY INFORMATION

General Fund

The General Fund accounts for all transactions of the District not accounted for in other funds. This fund represents an accounting for the District's ordinary operations financed from property taxes and other general revenues. It is the most significant fund in relation to the District's overall operations.

Transportation Fund

This Fund accounts for the tax proceeds from a transportation mill levy override. State Transportation Funds are also recorded here. The costs associated with student transportation are recorded in this fund.

COMBINING AND INDIVIDUAL FUND STATEMENTS AND OTHER SCHEDULES

NON MAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

Special revenue funds account for revenues that are legally restricted to expenditures for specified purposes.

Food Service Fund – This fund accounts for all financial activities associated with the District’s school breakfast and lunch programs.

Designated Purpose Grant Fund – To account for the receipt and expenditure of federal and state designated purpose grants.

Pupil Activity Fund – This fund is used to account for receipts and expenditures of student clubs and organizations.

MAJOR GOVERNMENTAL FUNDS

Capital Project Fund

The Capital Project Fund is used to record the expenditures related to specific construction projects. The projects are funded by General Obligation Debt.

Debt Service

Bond Redemption Fund – This fund receives ad valorem taxes levied for the purpose of general obligation debt payment. Principal, interest and fees paid on general obligation debt are recorded in this fund.

AGENCY FUNDS

Fiduciary Fund Types

Trust Fund – Scholarship Fund – This fund is used to account for amounts held in a fiduciary capacity for scholarships.
