INDEPENDENT AUDITORS' REPORT

Wall,
Smith,
Bateman Inc.

To the Board of County Commissioners
Alamosa County, Colorado
Alamosa, Colorado

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Alamosa County, Colorado (the County), as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Certified Public Accountants

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County, as of December 31, 2020, and the respective changes in financial position, and, where applicable, cash flows thereof, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

The County has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that budgetary comparison information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining fund financial schedules and the Local Highway Finance Report are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements. The schedule of passenger facility charges collected and expended is presented for purposes of additional analysis as required by the provisions of the *Passenger Facility Charge Audit Guide for Public Agencies*, issued by the Federal Aviation Administration (the Guide), and is also not a required part of the basic financial statements.

The combining fund financial schedules, the schedule of expenditures of federal awards, the schedule of passenger facility charges collected and expended, and the Local Highway Finance Report are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the

auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining fund financial schedules, the schedule of expenditures of federal awards, the schedule of passenger facility charges collected and expended, and the Local Highway Finance Report are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated August 17, 2021, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

ALAMOSA COUNTY, COLORADO
RECONCILIATION OF TOTAL GOVERNMENTAL FUND BALANCES
TO THE STATEMENT OF NET POSITION
December 31, 2020

TOTAL GOVERNMENTAL FUND BALANCES **\$ 20,074,632**

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. 41,412,196

Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds.

Lease Purchase Agreements	\$ (2,102,141)	
Certificates of Participation	(18,480,000)	
Notes Payable	(35,053)	
Premium on Bonds	(1,918,941)	
Compensated Absences	<u>(601,209)</u>	
		(23,137,344)

Internal service funds are used by management to charge the costs of services to individual funds. The assets and liabilities of the internal service fund are included in governmental activities in the statement of net position.

The accompanying notes are an integral part of this financial statement.

ALAMOSA COUNTY, COLORADO
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
For the Year Ended December 31, 2020

NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS **\$ 1,891,246**

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Fixed Asset Additions	\$ 720,351	
Depreciation Expense	<u>(2,223,869)</u>	(1,503,518)

Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. The bond premium provides a current financial resource to governmental funds, but must be capitalized and amortized over the life of the bonds in the government-wide financial statements.

Lease Purchase Agreement Principal Payments	207,903	
Certificates of Participation Payments	875,000	
Note Principal Payments	54,532	
COP Premium Amortization	<u>127,930</u>	1,265,365

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Compensated Absences		(119,390)
----------------------	--	-----------

Internal Service Funds are used by management to charge the costs of certain activities to individual funds. The net revenue (expense) of the internal service funds is reported with governmental activities.

ALAMOSA COUNTY, COLORADO
NOTES TO THE BASIC FINANCIAL STATEMENTS
December 31, 2020

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting and reporting policies of the County reflected in the accompanying financial statements conform to accounting principles generally accepted in the United States of America applicable to state and local governments. Accounting principles generally accepted in the United States of America for local governments are those promulgated by the Governmental Accounting Standards Board (GASB) in *Governmental Accounting and Financial Reporting Standards*.

REPORTING ENTITY

Primary Government

The County is a political subdivision organized under the statutes of the State of Colorado. The County is governed by a three-member Board of County Commissioners (the Board). Each commissioner is elected at-large by the voters of the County to represent one of the three separate districts and must reside in the district for which he or she is elected. There are also six other elected officials - assessor, clerk and recorder, coroner, sheriff, district attorney, and treasurer. The treasurer is also the County Public Trustee.

The County provides a wide range of services to its residents including general administration, public safety, highways and streets, parks and open spaces, health and social services, airport operations, public improvements, planning, zoning, and predatory animal control.

The County's combined financial statements include the accounts of all County operations. The criteria for including organizations as component units within the County's reporting entity, as set forth in Section 2100 of GASB's *Codification of Governmental Accounting and Financial Reporting Standards*, include whether:

- The organization is legally separate (can sue and be sued in their own name)
- The County holds the corporate powers of the organization
- The County appoints a voting majority of the organization's board
- The County is able to impose its will on the organization
- The organization has the potential to impose a financial benefit/burden on the County
- There is fiscal dependency by the organization on the County
- The organization is financially accountable to the County
- The organization receives or holds funds that are for the benefit of the County; and the County has access to a majority of the funds held; and the funds that are accessible are also significant to the County.

The Northwest Weed Control District was voted into existence in 1989. In 1992, the Alamosa County Commissioners assumed administration of the District and tax revenue received by the fund. The District is blended into the County's financial statements as a special revenue fund.

The Alamosa County Events and Facilities Local Marketing District was voted into existence November 3, 2003. The County Commissioners administer the District and tax revenue received by the fund. The District is blended into the County's financial statements as a special revenue fund.

GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements include the Statement of Net Position and the Statement of Activities. Government-wide statements report information on all of the activities of the County and its component units, except for County fiduciary activity. The effect of interfund transfers has been removed from the government-wide statements but continues to be reflected on the fund statements. Mainly taxes and intergovernmental revenues support governmental activities.

ALAMOSA COUNTY, COLORADO
NOTES TO THE BASIC FINANCIAL STATEMENTS
December 31, 2020

The statement of activities reflects the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include:

- Charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and
- Grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included in program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the fiduciary funds are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. This measurement is also used for the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants are recognized as revenue when all applicable eligibility requirements imposed by the provider are met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

The County reports the following major governmental funds:

- The ***General Fund*** is the general operating fund of the County. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
- The ***Road and Bridge Fund*** is used to account for the maintenance and improvements of streets and highways. The sources of funds include property taxes, highway users fees, and other revenue sources.
- The ***Social Services Fund*** is used to account for the operations of social programs; i.e. Temporary Aid to Needy Families, Old Age Pension, Aide to the Blind, Aide to the Needy and Disabled, among others. Financing is provided by grants, allotments, and property tax revenue.
- The ***Public Health Fund*** is used to account for the multiple programs of providing health services. Financing is provided by grants and fees for services.
- The ***Justice Center Fund*** is used to account for sales taxes collected to meet the statutory obligations of the County to provide adequate judicial and detention facilities.

Proprietary fund financial statements are used to account for activities, which are similar to those often found in the private sector. The measurement focus is dependent upon determination of net income, financial position, and cash flows. The County's proprietary funds consist of two enterprise funds and an internal service fund described as follows:

- The ***Mosca General Improvement District Fund*** is an enterprise fund used to provide quality sewer service to the residents of Mosca. The District is supported by fees of the users. Expenses are for operation and repair of the sewage system.

ALAMOSA COUNTY, COLORADO
NOTES TO THE BASIC FINANCIAL STATEMENTS
December 31, 2020

- The ***Airport Fund*** is an enterprise fund used to provide airport services to the San Luis Valley. The Airport is supported by intergovernmental revenue, fuel sales and landing fees. Expenses are for operation and repair of the airport.
- The ***Health Insurance Fund*** is an internal service fund used to account for the County's group medical insurance program. Revenues are derived from County contributions and employee contributions. Expenses are for the purchase of health insurance premiums.

The proprietary funds are accounted for using the accrual basis of accounting as follows:

- Revenues are recognized when earned and expenses are recognized when the liabilities are incurred.
- Current-year contributions, administrative expenses, and premium payments, which are not received or paid until the subsequent year, are accrued.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Fiduciary fund financial statements consist of the Treasurer's Agency Fund established to record transactions relating to assets held by the County as an agent for individuals, governmental entities, and non-public organizations. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Certain eliminations have been made as prescribed by GASB Statement No. 34 in regards to interfund activities, payables, and receivables. All internal balances in the statement of net position have been eliminated. In the statement of activities, internal service fund transactions have been eliminated.

ASSETS, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION / FUND BALANCE

Cash

The County's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments

All investments, if any, are recorded at fair market value.

Property Taxes

Property taxes attach as an enforceable lien on property as of January 1 each year. The taxes are payable in two installments on February 28 and June 15 or in full on April 30. The County Treasurer bills and collects all property taxes for the County. Property tax revenue is recognized by the County to the extent it results in a current receivable. The 2020 property tax levy due January 1, 2021, has been recorded in the financial statements as a receivable and corresponding deferred inflow of resources in the financial statements.

Receivables/Payables from Other County Funds

Balances that originate from current lending/borrowing arrangements between funds are referred to as "Due To/From Other Funds".

Inventories and Prepaid Items

Inventory is valued at the lower of cost (first-in, first-out) or market. Inventory in the special revenue funds consists of expendable supplies held for use. Reported inventories are equally offset by nonspendable fund balance, which

ALAMOSA COUNTY, COLORADO
NOTES TO THE BASIC FINANCIAL STATEMENTS
December 31, 2020

indicates that they do not constitute "available spendable resources" even though they are a component of net current assets. Inventory policy on government-wide statements is consistent with fund statements.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Capital Assets

Capital Assets, which include land, buildings and improvements, equipment, construction in progress, and infrastructure assets (e.g. roads, bridges, sidewalks, and similar items), are reported in the applicable governmental activities columns in the government-wide financial statements. The County defines capital assets as assets with an initial, individual cost of more than \$5,000. Capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Building	35-50
Furniture & Fixtures	5-10
General Equipment	3-20
Vehicles	5-15
Infrastructure	5-50

Long-Term Obligations

Long-term debt and other long-term obligations are recorded as liabilities in the government-wide financial statements. In the fund financial statements for governmental fund types, debt proceeds are reported as other financing sources and debt payments are reported as debt service expenditures.

Compensated Absences

County employees may earn and accumulate unused vacation and sick leave benefits. All vacation and sick leave pay is accrued when incurred in the government-wide financial statements. A liability is reported in governmental funds only if they have matured, for example as a result of employee resignations or retirements.

Deferred Inflows of Resources

In addition to liabilities, the statement of net position reports a separate section of deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to future periods and will not be recognized as an inflow of resources (revenue) until that time.

Encumbrances

The County does not record purchase orders in the accounting system until invoices are ready for payment. Unfulfilled purchase commitments outstanding at the end of the budget year are rebudgeted in the succeeding year. End of the year fund balance intended to be used in the succeeding year is reported as designated fund balance.

Net Position

Net position represents the difference between assets, deferred outflows of resources, liabilities, and deferred inflows of resources. Net position should be displayed in the following three components:

- *Net investment in capital assets* – consists of capital assets, net accumulated depreciation, reduced by the outstanding balances of any borrowings that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are

ALAMOSA COUNTY, COLORADO
NOTES TO THE BASIC FINANCIAL STATEMENTS
December 31, 2020

attributable to the acquisition, construction, or improvement of those assets or related debt should be included in this component of net position.

- *Restricted* – consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Restricted assets consist of assets that have limitations imposed on their use either through enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.
- *Unrestricted* – consists of net amount of assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted components of net position.

Fund Balance

Fund balances are classified based on the extent to which the District is bound to honor constraints for the specific purposes on which amounts in the fund can be spent. Fund balances are classified in one of the five categories:

- *Nonspendable Fund Balance* – amounts that cannot be spent because they are not in spendable form—such as inventory and prepaid insurance.
- *Restricted Fund Balance* – amounts with constraints placed on the use of resources are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.
- *Committed Fund Balance* – amounts that can only be used for specific purposes as a result of constraints imposed through resolution by the Board of County Commissioners, the highest level of decision making authority. Committed amounts cannot be used for any other purpose unless the Board removes those constraints by taking the same type of action. Committed fund balances differ from restricted balances because the constraints on their use do not come from outside parties, constitutional provisions, or enabling legislation.
- *Assigned Fund Balance* – amounts a government intends to use for a specific purpose; intent can be expressed by the Board of County Commissioners or by an official or body to which the governing body delegates the authority.
- *Unassigned Fund Balance* – amounts that are available for any purpose; these amounts are reported only in the General Fund.

When an expenditure is incurred for purposes for which both restricted and unrestricted net position/fund balance is available, the County considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, and unassigned fund balances are available, the County considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Board of County Commissioners has provided otherwise in its commitment or assignment actions.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Reclassifications

Certain reclassifications were made to fiscal year 2019 financial statements in order to conform to the fiscal year 2020 financial statement presentation.

ALAMOSA COUNTY, COLORADO
NOTES TO THE BASIC FINANCIAL STATEMENTS
December 31, 2020

NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Budgets and Budgetary Accounting

Alamosa County follows the procedures set forth in the Colorado Local Government Budget Law when preparing the annual budget for each fund. Budget procedures include:

- Preparation of budget documents by administrative staff, which shall be submitted to the Board no later than October 15 of each year.
- Publication of a notice stating that the budget is available for public inspection.
- Discussion of the budget in a meeting open to the public.
- Adoption of the budget in a public meeting by appropriate resolution, no later than December 31.

Formal budgetary integration is employed as a management control device for all funds of the County. All budgets are adopted on a basis consistent with U.S. generally accepted accounting principles (GAAP).

The total expenditures for each fund cannot exceed the budgeted amount unless a supplemental appropriation is adopted. The Board of County Commissioners adopted supplemental appropriations during 2020.

All budget amounts presented in the accompanying supplementary information reflect the original budget and the final amended budget.

NOTE 3 CASH, DEPOSITS, AND INVESTMENTS

A summary of cash and investments for the County are as follows:

Cash on hand	\$ 3,401
Cash in banks	6,314,666
COLOTrust	12,291,261
CSIP	664,017
C-SAFE	511,742
Investments	<u>751,063</u>
Total cash, deposits, and investments: (book balance)	20,536,150
Less: amounts related to Treasurer's Agency Fund	<u>(872,410)</u>
Total cash, deposits, and investments on Statement of Net Position	<u><u>\$ 19,663,740</u></u>

Cash and Deposits

Colorado State Statutes govern the County's deposits of cash. The statutes specify eligible depositories for public cash deposits, which must be Colorado institutions and must maintain federal insurance (FDIC) on deposits held.

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized in accordance with the PDPA. PDPA allows the institution to create a single collateral pool for all public funds to be maintained by another institution or held in trust for all the uninsured public deposits as a group. The market value of the collateral must be at least equal to the aggregate uninsured deposits.

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the County's deposits may not be returned to it. The County does not have a deposit policy for custodial credit risk. At December 31, 2020, \$5,770,702 was exposed to

ALAMOSA COUNTY, COLORADO
NOTES TO THE BASIC FINANCIAL STATEMENTS
December 31, 2020

custodial credit risk. Deposits exposed to credit risk are collateralized with securities held by the pledging financial institutions through PDPA.

Investments

The County's investment policy and Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local government entities may invest. They include:

- Obligations of the United States and certain U.S. Government agency securities
- Certain international agency securities
- General obligation and revenue bonds of U.S. local government entities
- Bankers' acceptances of certain banks
- Commercial paper
- Local government investment pools
- Repurchase agreements
- Money market funds
- Guaranteed investments contracts
- Corporate or bank debt issued by eligible corporations or banks

Custodial Credit Risk - Investments

The County's investment policy calls for investment diversification within the portfolio to avoid unreasonable risks inherent in over investing in specific instruments, individual financial institutions or maturities. The policy allows for the investment in local government investment pools.

Interest Rate Risk

Colorado Revised Statutes and the County's investment policy limit investment maturities to five years or less from the date of purchase. This limit on investment maturities is a means of limiting exposure to fair values arising from increasing interest rates.

Fair Value

Fair value investments classified at Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Fair value investments classified as Level 2 of the fair value hierarchy are valued using the active market rates for the underlying securities. Fair value investments classified as Level 3 of the fair value hierarchy are valued using non-observable inputs.

Colorado Government Liquid Asset Trust (ColoTrust) is an investment vehicle established for local government entities in Colorado pursuant to Part 7 of Article 75 of Title 24 of the Colorado Revised Statutes, to pool surplus funds for investment purposes. ColoTrust operates similarly to a money market fund and each share is equal in value to \$1.00. The fair value of the position in the pool is the same as the value of the pool shares. The designated custodial bank provides safekeeping and depository services in connection with the direct investment and withdrawal functions. Substantially all securities owned by the pool are held by the Federal Reserve Bank in the account maintained for the custodial bank. The custodian's internal records identify the investments owned by the pool. Investments of the pools consist of U.S. Treasury bills, notes and note strips, and repurchase agreements collateralized by U.S. Treasury Notes. ColoTrust is rated AAAm by Standard and Poor's.

Colorado Statewide Investment Program (CSIP) is a money market mutual fund. Portfolio investments are assigned a level based upon the observability of the inputs which are significant to the overall valuation. The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. The fair value of investments in money market funds is based on the published net asset values per share

ALAMOSA COUNTY, COLORADO
NOTES TO THE BASIC FINANCIAL STATEMENTS
December 31, 2020

of those funds. Money market securities are valued using amortized cost. Generally, amortized cost approximates the current fair value of a security. CSIP is rated AAAM by Standard and Poor's.

The Colorado Surplus Asset Fund Trust (C-SAFE) investments are valued using the net asset value per share (or its equivalent) of the investments. The investments do not have any unfunded commitments, redemption restrictions, redemption notice periods or withdrawal restrictions. CSAFE investments conform to Colorado Statutes CRS 24-75-601 et. seq. and therefore invests primarily in securities of the United States Treasury, United States Agencies, Primary Dealer Repurchase Agreements, highly rated commercial paper, highly rated corporate bonds, Colorado depositories collateralized at 102% of market value according to the guidelines of the Public Deposit Protection Act. CSAFE measures all of its investments at amortized cost. CSAFE is rated AAAM by Standard & Poor's.

NOTE 4 ACCOUNTS RECEIVABLE

Accounts receivable at December 31, 2020, consisted of the following:

Governmental Activities

General Fund Miscellaneous Receivable	\$ 14,094
Social Services Fund Miscellaneous Receivable	2,762
Public Health Nurse (net of allowance for doubtful accounts of \$26,569)	293,630
Facilities Expansion Fund	30,000
Internal Service Fund	95
Total Governmental Activities Accounts Receivable, net	340,581

Business-type Activities

Airport Fund	22,167
Mosca General Improvement District	7,374
Total Business-Type Activities Accounts Receivable	29,541
Total Accounts Receivable, net	\$ 370,122

NOTE 5 PROPERTY TAXES RECEIVABLE

At December 31, 2020, the County had an estimated property tax receivable divided among the funds as follows:

General Fund	\$ 4,122,652
Social Services Fund	647,385
Nonmajor Funds	56,501
	\$ 4,826,538

ALAMOSA COUNTY, COLORADO
NOTES TO THE BASIC FINANCIAL STATEMENTS
December 31, 2020

NOTE 6 INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

Interfund Receivables/Payables

The County reports interfund balances between many of its funds. The balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. Interfund balances are generally expected to be repaid within one year of the financial statement date.

Interfund receivable and payable balances at December 31, 2020, were as follows:

Receivable Fund	Payable Fund	Amount
General Fund	Social Services Fund	\$ 106,992
	Agency Fund	250,000
		<u>356,992</u>
Public Health Fund	General Fund	81,852
Road and Bridge Fund	General Fund	32,300
		<u>\$ 471,144</u>

The General Fund owes the Public Health fund \$81,852 and the Road and Bridge Fund \$32,300 for COVID-19 expense reimbursements. \$250,000 is the annual transfer of the Treasurer Fees into the General Fund. \$106,992 is for salary reimbursement and cost allocation owed by Social Services to the General Fund.

Interfund Transfers

Interfund transfers for the year ended December 31, 2020, were as follows:

Transfer In	Transfer Out	Amount
General Fund	Justice Center	\$ 1,335,050
Road & Bridge Fund	General Fund	28,800
Debt Service Fund	Justice Center	1,697,358
Airport Fund	General Fund	311,221
Justice Center Fund	Facilities Expansion Fund	683
	General Fund	412,231
		<u>412,914</u>
Public Health Fund	General Fund	160,654
Social Services Fund	General Fund	12,384
		<u>\$ 3,958,381</u>

The General Fund received transfers from the Justice Center Fund for the public safety's portion of sales tax revenue. The General Fund transferred funds to the Road & Bridge Fund, Public Health Fund and the Social Services Fund for reimbursements of COVID expenditures. The Debt Service Fund received transfers from the Justice Center Fund to cover bond payments. The General Fund transferred money to the Airport Fund for airport construction projects. The General Fund transferred funds to the Justice Center Fund for the purchase of the Rite of Passage building.

Governmental Activities

Lease Purchase Agreements

2013 Alamosa County Services and Department of Human Services Building Lease

An annually renewable Lease Purchase Agreement, dated December 9, 2013, was entered into between a Bank, as lessor, and Alamosa County (the "County"), as lessee. The Bank issued \$2,735,000 to the County to construct the new Annex building. The County is leasing the Department of Social Services building back at 3.9% interest via the

ALAMOSA COUNTY, COLORADO
NOTES TO THE BASIC FINANCIAL STATEMENTS
December 31, 2020

Lease Purchase Agreement. The County used the proceeds to repay the 2009 lease purchase agreement and to construct the new Annex building on land owned by the County and located in Alamosa, Colorado for the housing of County offices. The building is included in capital assets at a cost of \$3,230,870 with accumulated depreciation of \$743,100.

Payments are due to the Bank in March, June, September, and December through December 2033. The County can purchase the building back at any time for the Purchase Option Price included in the lease. Payments will be made from the Lease Service Fund. Principal balance at December 31, 2020, was \$2,007,474.

2016 Alamosa County and John Deere Financial Services Leases

A Lease Purchase agreement, dated February 11, 2016, was entered into with John Deere Financial Services, as lessor, and Alamosa County, as lessee in the amount of \$444,053 for the purchase of two John Deere Motor Graders. Payments are due in annual installments of \$97,789, which include interest at a rate of 3.25%. Final payment is due in February 2021. Principal balance at December 31, 2020, was \$94,667. The equipment is included in capital assets at a cost of \$444,053 with accumulated depreciation of \$311,883.

The annual debt service for the leases, are as follows:

	Principal	Interest	Total
2021	\$ 215,760	\$ 79,650	\$ 295,410
2022	125,885	71,735	197,620
2023	130,867	66,753	197,620
2024	135,867	61,753	197,620
2025	141,422	56,196	197,618
2026-2030	795,503	192,604	988,107
2031-2033	556,837	35,924	592,761
	<u>\$ 2,102,141</u>	<u>\$ 564,615</u>	<u>\$ 2,666,756</u>

Certificates of Participation

2016 Justice Center Lease Agreement

An annually renewable Lease Purchase Agreement, dated October 15, 2016, was entered into between UMB Bank, as lessor, and Alamosa County, as lessee. UMB Bank issued \$21,735,000 of Certificates of Participation Series 2016 to finance the acquisition, construction, installation, and equipping of various public improvements, and paying the costs of issuance by UMB Bank. The buildings will be leased to the County from UMB Bank under the Lease Agreement, dated October 15, 2016. The detention center is included in capital assets at a cost of \$10,534,469 with accumulated depreciation of \$210,689, and the justice center is included in capital assets at a cost of \$14,821,952 with accumulated depreciation of \$370,548, at December 31, 2020.

The County will make lease payments to UMB Bank and UMB Bank will use those funds to pay the principal and interest payments prescribed by the Certificates of Participation document. Payments on these Certificates of Participation will be funded from the judicial and detention sales tax. Principal repayments began November 15, 2017, and will finish on November 15, 2035. The interest rate ranges from 2.00% to 5.00% and will be paid semi-annually. The cost of issuing the Certificates of Participation was \$197,562. Principal balance at December 31, 2020, was \$18,480,000.

ALAMOSA COUNTY, COLORADO
NOTES TO THE BASIC FINANCIAL STATEMENTS
December 31, 2020

NOTE 10 DEFINED CONTRIBUTION PLAN

All eligible employees, participate in the Colorado County Officials and Employees Retirement Association (CCOERA) (the Plan), a defined contribution plan, authorized by state statute. The Plan is a tax qualified plan under Section 401(a) of the Internal Revenue Code and all contributions by or on behalf of employees are tax deferred until time of withdrawal.

Employees are eligible after completing twelve months of service with Alamosa County, and participation is mandatory after one year of employment. Employee and employer contributions are 100% vested immediately upon employee participation in the plan.

The County must contribute 4% of the compensation of each participant. Each participant contributes a minimum amount equal to the County's contribution, and is permitted to make additional contributions not to exceed 10% of their compensation. For the year ended December 31, 2020, employee contributions totaled \$329,495 and the County recognized pension expense of \$329,897. The County recognized \$0 of forfeitures in retirement expense during 2020.

Plan benefits depend solely on amounts contributed to the plan plus investment earnings, less administrative expenses. The Plan may be amended by resolution of the Board of County Commissioners but it may not be amended beyond the limits established by state statute.

NOTE 11 DEFERRED COMPENSATION PLAN

The County also offers its employees an additional voluntary deferred compensation plan created in accordance with Internal Revenue Code 457(f), administered by Colorado County Officials and Employees Retirement Association (CCOERA) (the Plan).

The Plan permits the employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergencies. The County has no other liability other than to make the required monthly contribution.

NOTE 12 COLORADO CONTRABAND FORFEITURE ACT

We have reviewed financial activities in the Sheriff's Department for compliance with the above referenced act. There were no sales of contraband during the year ended December 31, 2020.

NOTE 13 TABOR AMENDMENT RESERVE

Colorado voters passed an amendment to the State Constitution, Article X, Section 20, which has several limitations, including revenue raising, spending abilities, and other specific requirements of state and local governments. The amendment is complex and subject to judicial interpretation. The County believes it is in compliance with the requirements of the amendment.

Fiscal year spending and revenue limits are determined based on the prior year's spending adjusted for inflation and local growth. The voters of the County have approved a measure that allows the County to retain and spend revenue in excess of the limit.

The amendment also requires that Emergency Reserves be established. These reserves must be at least three percent of fiscal year spending. The Emergency Reserve has been presented as restricted fund balance/net position in the

ALAMOSA COUNTY, COLORADO
NOTES TO THE BASIC FINANCIAL STATEMENTS
December 31, 2020

financial statements. The County is not allowed to use the Emergency Reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

NOTE 14 RISK MANAGEMENT

Colorado Counties Casualty and Property Pool (CAPP)

The County is exposed to various risks of loss related to property and casualty losses. The County joined together with other counties in the State of Colorado to form the Colorado Counties Casualty and Property Pool (CAPP), a public entity risk pool currently operating as a common risk management and insurance program for member counties. The County pays an annual contribution to CAPP for its property and casualty insurance coverage. The inter-governmental agreement of formation of CAPP provides that the pool will be financially self-sustaining through member contributions and additional assessments, if necessary, and the Pool will purchase excess insurance through commercial companies for members' claims in excess of a specified self-insured retention that is determined each policy year. There have been no significant reductions in insurance coverage. Settled claims from these risks have not exceeded insurance coverage for the current year or the three prior years.

At December 31, 2020, CAPP had assets of \$22,392,071, liabilities of \$10,318,455 (including \$8,858,403 reserved for losses and claims), and members' equity of \$12,073,616. The liability amount includes no long-term debt. Total revenues for the year ended December 31, 2020, amounted to \$8,582,801 and total expenses were \$7,702,367, resulting in net income before return of surplus of \$880,434.

Colorado Workers' Compensation Pool (CWCP)

The County is exposed to various risks of loss related to injuries of employees while on the job. The County has joined together with other counties in the State of Colorado to form the Colorado Workers' Compensation Pool (CWCP), a public entity risk pool currently operating as a common risk management and insurance program for member counties. The County pays an annual contribution to CWCP for its workers' compensation insurance coverage. The intergovernmental agreement of formation of CWCP provides that the pool will be financially self-sustaining through member contributions and additional assessments, if necessary, and the Pool will purchase excess insurance through commercial companies for members' claims in excess of a specified self-insured retention that is determined each policy year. There have been no significant reductions in insurance coverage. Settled claims from these risks have not exceeded insurance coverage for the current year or the three prior years.

At December 31, 2020, CWCP had assets of \$48,084,671, liabilities of \$27,181,859 (including \$25,249,871 reserved for losses and claims) and members' equity of \$20,902,812. The liability amount includes no long-term debt. Total revenues for the year ended December 31, 2020, amounted to \$12,426,724, total expenses were \$8,102,764, resulting in net income before return of surplus of \$4,323,960.

NOTE 15 JOINT VENTURES

San Luis Valley Regional Solid Waste Authority

The San Luis Valley Regional Solid Waste Authority was created by an intergovernmental agreement between Rio Grande County and Alamosa County on April 14, 1995, pursuant to the authority granted by C.R.S. 29-1-203. It has been designated as a joint venture under the provisions of GASB Statement No. 14. Its purpose is to provide the citizens of both counties an integrated municipal solid waste disposal facility in accordance with provision of C.R.S. 30-20-1005.

The Authority is governed by a Board of Directors consisting of five members as follows: one Rio Grande County Commissioner, one Alamosa County Commissioner, one director appointed by the City of Monte Vista, one director

ALAMOSA COUNTY, COLORADO
NOTES TO THE BASIC FINANCIAL STATEMENTS
December 31, 2020

appointed by the City of Alamosa, and one director who is a member of the Rio Grande County Land Use or administrative staff as appointed by the Rio Grande County Commissioners.

It is the intent of the counties that the initial funding of the Authority by each county be provided on a loan basis in substantially the same proportion that the population of each county bears to the combined population of both counties. Alamosa and Rio Grande Counties may provide additional funding at any time in the future if they choose to do so by resolution.

Closure and Post-Closure Care

Rio Grande and Alamosa Counties are exposed to closure and post-closure expenses should the Authority be unable to meet those obligations when they become due. Management believes the risk of failure to be minimal. State and federal laws and regulations require the Authority to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site after closure. Although closure and post-closure care costs will be paid only near or after the date that the landfill stops accepting waste, the Authority reports a portion of these closure and post-closure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The Authority reported \$1,209,605 as landfill closure and post-closure care liability at December 31, 2020, that represents the cumulative amount reported to date based on the use of 39% of the estimated capacity of the landfill.

The Authority will recognize the remaining estimated cost of closure and post-closure care of \$1,870,028 as the remaining estimated capacity is filled. These amounts are based on what it would cost to perform all closure and post-closure care in 2020, the most recent information available. As the Authority expects to close the landfill in the year 2043, the remaining useful life is 23 years. Actual costs may be higher due to inflation, changes in technology, or changes in regulations.

The most recent audited financial statements of the authority report total assets of \$4,701,980, total liabilities of \$1,246,481, and net position of \$3,455,499 at December 31, 2020.

The San Luis Valley Regional Solid Waste Authority issues publicly available annual financial statements. That report may be obtained by writing to the San Luis Valley Regional Solid Waste Authority, PO Box 861, Monte Vista, Colorado 81144.

NOTE 16 COMMITMENTS AND CONTINGENCIES

Grant Programs – The County participates in a number of federal and state grant programs. These programs are subject to program compliance audits by the grantors or their representatives. The amount of expenditures, if any, which may be disallowed by the granting agencies cannot be determined at this time although the County expects any such amounts to be immaterial.

Single Entry Point Program – In 2019, the Colorado Department of Health Care Policy and Financing requested repayment of unspent Single Entry Point funds accumulated by the county. The County is required to pay back \$734,752. This amount was recorded as accounts payable and general government expenditures in the public health fund. The County paid \$470,752 in February 2020 and the remaining \$264,000 on April 28, 2021.

Insurance Pools – The County is a member of the Colorado Counties Casualty and Property Pool (CAPP) and the Colorado Workers' Compensation Pool (CWCP). CAPP and CWCP have a legal obligation for claims against its members to the extent that funds are available in their annually established loss funds and amounts are available from insurance providers under excess specific and aggregate insurance contracts. Losses incurred in excess of loss funds are direct liabilities of the participating members. CAPP and CWCP have indicated that the amount of any excess

ALAMOSA COUNTY, COLORADO
NOTES TO THE BASIC FINANCIAL STATEMENTS
December 31, 2020

losses would be billed to members in proportion to their contributions in the year such excess occurs. The ultimate liability to the County resulting from claims not covered by CAPP and CWCP is not presently determinable.

Litigation – The County is a party to various legal actions normally associated with governmental activities, the aggregate effect which, in management's and legal counsel's opinion, would not be material to the financial statements.

COVID-19 - In March of 2020, the COVID-19 virus was declared a global pandemic. Business continuity could be severely impacted for months or more, as significant and unprecedented measures to mitigate the consequences of the pandemic are undertaken. The County has received Coronavirus Aid, Relief, and Economic Security (CARES) Act funding in 2020 and American Rescue Plan Act (ARPA) in 2021 to mitigate some of the costs/losses as a result of the pandemic. No adjustments have been made to these financial statements as the potential impact is unknown at this time.

Airport Runway Reconstruction – The County is in the process of reconstructing Taxiway A. The reconstruction estimated completion date is 2021. As of 12/31/2020, project costs are approximately \$5,431,411 with total estimated completion costs of \$1,700,000. The County is using proceeds from Federal Airport Improvement Project grant funds for the project.

ALAMOSA COUNTY, COLORADO

REQUIRED SUPPLEMENTARY INFORMATION

In addition to the basic financial statements, a budgetary comparison schedule is required for the General Fund and, if applicable, each of the County's major special revenue funds.

ALAMOSA COUNTY, COLORADO NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service and capital projects.

Conservation Trust Fund – This fund is used to account for the County share of the state lottery program. The monies may be expended for the acquisition, development, and maintenance of parks, and other public recreational facilities.

Tourism and Development Fund – This fund is used to account for the County share of the lodging tax collected on each hotel/motel that is rented in Alamosa County. The monies may be expended to promote Alamosa County to tourists.

Northwest Weed Control District Fund – This fund is used to provide monies for spraying of undesirable plants along the roads within the northwest corner of the County.

Local Marketing District Fund – This fund is used to oversee the collection and disbursement of a 4% cultural and tourism tax on each hotel/motel room sold in Alamosa County.

CAPITAL PROJECTS FUNDS

Capital projects funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays including the acquisition or construction of capital facilities and other capital assets.

Facilities Expansion Fund – This fund is used to account for the facility construction projects of Alamosa County.

DEBT SERVICE FUNDS

Debt service funds are used to account for and report financial resources that are restricted or committed to expenditure for principal and interest.

Lease Service Fund – This fund is used to pay the debt service on the construction of the Alamosa County buildings, which were financed by Lease Purchase Agreements.

ALAMOSA COUNTY, COLORADO
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
For the Year Ended December 31, 2020

NOTE 1 BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal grant activity of Alamosa County, Colorado under programs of the federal government for the year ended December 31, 2020. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Alamosa County, Colorado, it is not intended to and does not present the financial position, changes in net position, or cash flows of Alamosa County, Colorado.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting, except for funds passed-through the Colorado Department of Human Services and Department of Public Health and Environment. These funds are reported on a cash basis. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through entity identifying numbers are presented where available. Community Development Block Grants/State's Program and Non-Entitlement Grants in Hawaii funds were passed through to subrecipients. The County did not elect to use the 10-percent de minimis indirect cost rate as allowed under Uniform Guidance for the year ended December 31, 2020.

NOTE 3 FOOD DISTRIBUTION

Nonmonetary assistance is reported in the Schedule at the fair market value of commodities received and disbursed.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Wall,
Smith,
Bateman Inc.

To the Board of County Commissioners
Alamosa County, Colorado
Alamosa, Colorado

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Alamosa County, Colorado (the County), as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated August 17, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs that we consider to be material weaknesses. Finding 2020-001 and 2020-002.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on

Certified Public Accountants

compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Alamosa County's Response to the Finding

The County's response to the finding identified in our audit is described in the accompanying corrective action plan. The County's response was not subjected to the auditing procedures applied in the audit of the financial statements and accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE
FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Wall,
Smith,
Bateman Inc.

To the Board of County Commissioners
Alamosa County, Colorado
Alamosa, Colorado

Report on Compliance for Each Major Federal Program

We have audited Alamosa County, Colorado's (the County) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended December 31, 2020. The County's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, Alamosa County, Colorado, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2020.

Certified Public Accountants

Report on Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

ALAMOSA COUNTY, COLORADO
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
Year Ended December 31, 2020

Section I – Summary of Auditors’ Results

Financial Statements

Type of auditors’ report issued: Unmodified

Internal control over financial reporting:

- Material weakness(es) identified? X yes no
- Significant deficiency(ies) identified that are **not** considered to be material weakness(es)? yes X none reported
- Noncompliance material to financial statements noted? yes X no

Federal Awards

Internal control over major programs:

- Material weakness(es) identified? yes X no
- Significant deficiency(ies) identified that are **not** considered to be material weakness(es)? yes X none reported

Type of auditors’ report issued on compliance for major programs: Unmodified

Any audit findings disclosed that are required to be reported in accordance with 2 CFR section 200.516(a)? yes X no

Identification of major programs:

<u>CFDA Number(s)</u>	<u>Name of Federal Program or Cluster</u>
20.106	Airport Improvement Program
21.019	Coronavirus Relief Fund
93.568	Low-Income Home Energy Assistance

Dollar threshold used to distinguish between type A and type B programs: \$750,000

Auditee qualified as a low-risk auditee? yes X no

Section II – Financial Statement Findings

Finding 2020-001: Internal Control over Financial Reporting
(Repeat of Finding 2019-001 and 2018-001)

Type of finding: Internal Control (material weakness)

Criteria: A system of internal controls includes the design, documentation, and monitoring of control activities over the application of accounting principles, non-routine transactions, financial statement preparation, and budget preparation.

Condition: The County’s system of internal controls did not detect and correct financial misstatements.

Cause: The County has not developed procedures designed to incorporate reconciliation and review processes over the general ledger.

ALAMOSA COUNTY, COLORADO
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
Year Ended December 31, 2020

Effect: Audit adjustments were proposed to properly state the financial statements as of December 31, 2020, in accordance with generally accepted accounting principles.

Recommendation: The County should strengthen its internal controls with adopted policies and procedures to include a review process over the general ledger that is segregated from the individual who completes reconciliations, to ensure accurate reporting. The County should consider that this might require additional senior level finance staff.

Management's Response: See corrective action plan.

Finding 2020-002: Grant Management

Type of finding: Internal Control (material weakness)

Criteria: A system of internal controls includes the design, documentation, and monitoring of control activities over the grant reconciliation and oversight processes.

Condition: The County did not adequately reconcile grant activity in the general ledger in a timely manner for the airport, Coronavirus Relief Funds (CVRF), and jail based behavioral health services (JBBS) grants.

Cause: The County has not developed procedures designed to incorporate a reconciliation and review process over grant activity.

Effect: Audit adjustments to the airport, CVRF, and JBBS grants were necessary to identify and segregate grant transactions appropriately in the general ledger.

Recommendation: The County should strengthen its internal controls with adopted policies and procedures for reconciliation and oversight of grant activity. The County should consider that this might require additional senior level finance staff.

Management's Response: See corrective action plan.

Section III – Federal Award Findings and Questioned Costs

None

ALAMOSA COUNTY, COLORADO
SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS
December 31, 2020

Section II – Financial Statement Findings

**Finding 2019-001: Internal Control Over Financial Reporting
(Repeat of Finding 2018-001)**

Type of finding: Internal Control (material weakness)

Condition/Cause: Internal controls over monthly and year-end reconciliation procedures were not sufficient to prevent and detect financial misstatements.

Status: Partially Implemented. (See Finding 2020-001)

Section III – Federal Award Findings and Questioned Costs

**Finding 2019-002: Airport Improvement Program, CFDA No. 20.106
U.S. Department of Transportation
(Repeat of Finding 2018-002)**

Compliance Requirements Reporting

Grant No.: FAA 3-08-0002-022/023/024/025

Type of finding: Internal Control Over Compliance (material weakness) and compliance (material noncompliance)

Condition: The federal share of unliquidated obligations of \$224,927 for the remaining retainage was not reported.

Status: Implemented

**Finding 2019-003: Foster Care – Title IV-E, CFDA No. 93.658
U.S. Department of Health and Human Services**

Passed through Colorado Department of Human Services Compliance Requirement: Eligibility

Grant No.: Not applicable

Type of finding: Internal Control Over Compliance (significant deficiency) and Noncompliance

Condition: The child placement agreement was missing from the case file for 3 of the 10 case files examined requiring this document. In addition, the record of admissions was missing from 2 of the 10 case files examined requiring this document.

Status: Implemented

Alamosa, CO 81101

Audit period: Year ended December 31, 2020

The findings from the December 31, 2020 schedule of findings and questioned costs are discussed below. The findings are numbered consistently with the numbers assigned in the schedule. Section I of the schedule, Summary of Auditors' Results, does not include findings and is not addressed.

Section II – Financial Statement Findings

Finding 2020-001: Internal Control Over Financial Reporting (Repeat of Finding 2019-001 and 2018-001)

Type of finding: Internal Control (material weakness)

Recommendation: The County should strengthen its internal controls with adopted policies and procedures to include a review process over the general ledger that is segregated from the individual who completes the reconciliations, to ensure accurate reporting. The County should consider that this might require additional senior level finance staff.

Action Taken: Management has been working toward the development of the necessary internal controls needed to ensure proper monthly and year-end financial close accounting, government-wide reporting and reconciliation processes. Due to the disruption caused by the Covid pandemic of 2020, the processes were not completed and/or implemented. Management will continue to move forward with completion of the controls along with strong consideration of additional senior level staff to address a stronger separation of duties and oversight. Management will implement processes on or before year end close of December 31, 2022.

Finding 2020-002: Grant Management

Type of finding: Internal Control (material weakness)

Recommendation: The County should strengthen its internal controls with adopted policies and procedures for reconciliation and oversight of grant activity. The County should consider that this might require additional senior level finance staff.

Action Taken: Management has been working toward the development of the necessary internal controls needed to ensure proper monthly and year-end financial close accounting, government-wide reporting and reconciliation processes. Due to the disruption caused by the Covid pandemic of 2020, the processes were not completed and/or implemented. Management will continue to move forward with completion of the controls along with strong consideration of additional senior level staff to address a stronger separation of duties and oversight. Management will implement processes on or before year end close of December 31, 2022.

NOTE 1 BASIS OF PRESENTATION

The accompanying Schedule of Passenger Facility Charges (PFCs) Collected and Expended (Schedule) includes the PFC activity of the San Luis Valley Regional Airport. The information in this schedule is presented for purposes of additional analysis as specified in the *Passenger Facility Charge Audit Guide for Public Agencies*, issued by the Federal Aviation Administration. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in preparation of, the basic financial statements.

PFC expenditures may consist of direct project costs, administrative costs, debt service costs, and bond financing costs, if requested in the application. Eligible expenditures not requested or approved in the application are not applied against PFCs collected. The accompanying Schedule of PFCs Collected and Expended include eligible expenditures that have been applied against PFCs collected as of December 31, 2020.

Report on Compliance for Passenger Facility Charges

We have audited San Luis Valley Regional Airport's (the Airport) compliance with the types of compliance requirements described in the *Passenger Facility Charge Audit Guide for Public Agencies*, issued by the Federal Aviation Administration (the Guide) for the year ended December 31, 2020.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to the passenger facility charge program.

Auditors' Responsibility

Our responsibility is to express opinions on compliance for the Airport's passenger facility charge program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the Guide. Those standards and the Guide require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above occurred. An audit includes examining, on a test basis, evidence about the Airport's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinions on compliance for the Airport's passenger facility charge program. However, our audit does not provide a legal determination of the Airport's compliance.

Opinion on the Passenger Facility Charges

In our opinion, the Airport complied, in all material respects, with the requirements of the passenger facility charge program for the year ended December 31, 2020.

Report on Internal Control Over Compliance

Management of the Airport is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Airport's internal control over compliance with the passenger facility charge program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance and to test and report on internal control over compliance in accordance with the Guide, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Airport's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of the passenger facility charge program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with the passenger facility charge program will not be prevented, or detected and corrected, on a

timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with the passenger facility charge program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified deficiencies in internal control over compliance that we consider to be significant deficiencies. Finding 2020-001.

The Airport's response to the internal control over compliance finding identified in our audit is described in the accompanying schedule of findings. The Airport's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Guide. Accordingly, this report is not suitable for any other purpose.

ALAMOSA COUNTY, COLORADO
SAN LUIS VALLEY REGIONAL AIRPORT
PFC AUDIT – SCHEDULE OF FINDINGS
For the Year Ended December 31, 2020

Finding 2020-001: Passenger Facility Charge Program Reporting
(Repeat of Finding 2016-002, 2017-002, 2018-002 and 2019-002)

Type of finding: Internal Control (significant deficiency)

Condition: The PFC quarterly disbursements were not reported accurately in two quarterly reports. Revenues collected in each period recover expenditures for projects paid in prior years and should match disbursements for each period.

Criteria: Part 158.63(a) of Title 14 CFR identifies the reporting requirements of public agencies.

Cause: The Airport does not have a complete system of internal control to prevent and detect misstatements in PFC reporting.

Effect: Lack of controls have led to noncompliance with 14 CFR Part 158.63(a)

Recommendation: The Airport should implement internal controls to ensure that the quarterly reports are prepared accurately and reconciled to accounting and other records.

Management's Response: Alamosa County had been working with the SLV Regional Airport to develop PFC policies and procedures to ensure PFC program compliance. Unfortunately, the Coronavirus pandemic of 2020 created a lot of disruption in our progress and we were not able to complete our restructure. Finance and the Airport staff will work toward completing procedures to reconcile and report the PFC program accurately. We will work toward completion of necessary policies and procedures by December 31, 2022.

ALAMOSA COUNTY, COLORADO
SAN LUIS VALLEY REGIONAL AIRPORT
PFC AUDIT – SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS
For the Year Ended December 31, 2020

**Finding 2019-001: Internal Control Over Passenger Facility Charge (PFC) Program Compliance
(Repeat of Finding 2018-001, 2017-001, 2016-001, 2015-001, 2014-001, and 2013-001)**

Type of finding: Internal Control (significant deficiency)

Condition: The Airport does not have a system of internal control to properly monitor passenger facility reporting of disbursements to the FAA to prevent and detect noncompliance with Title 14 Code of Federal Regulations (CFR) Part 158, Passenger Facility Charges (PFC).

Status: Implemented.

**Finding 2019-002: Passenger Facility Charge Program Reporting
(Repeat of Finding 2018-002, 2017-002, and 2016-002)**

Type of finding: Internal Control (significant deficiency)

Condition: The PFC quarterly reports were not reported accurately.

Status: Not implemented. See finding 2020-001.
