INDEPENDENT AUDITOR'S REPORT

Board of Directors
Mountain Valley Developmental Services, Inc.

We have audited the accompanying financial statements of Mountain Valley Developmental Services, Inc. (the Center), which comprise the statement of financial position as of June 30, 2020, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America as established by the Auditing Standards Board of the American Institute of Certified Public Accountants. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence that we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Mountain Valley Developmental Services, Inc. as of June 30, 2020, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited the Center's 2019 financial statements, and our report dated September 10, 2019, expressed an unmodified opinion on those audited financial statements. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2019, is consistent, in all material respects, with the audited financial statements from which it has been derived.

NOTES TO FINANCIAL STATEMENTS
June 30, 2020

NOTE A – NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This description of Mountain Valley Developmental Services, Inc.'s (the Center) nature of activities and summary of significant accounting policies is presented to assist in understanding the Center's financial statements.

1. *Summary of Business Activities*

Mountain Valley Developmental Services, Inc., a Colorado nonprofit corporation, was incorporated under the laws of the State of Colorado in 1975 for the purpose of providing a community center board to coordinate programs through interagency cooperation and local agencies to provide services to persons with developmental disabilities in Garfield, Eagle, Pitkin and Lake Counties. The Center's revenue comes primarily from the State of Colorado for services provided.

2. *Description of Services Provided*

The major program services or supports and functional activities directly provided or purchased by the Center are:

Program Services or Supports

Comprehensive (Medicaid) refers to residential services, adult day services or supports and transportation activities as specified in the eligible person's Individualized Plan (IP). Included are a number of different types of residential settings, which provide an array of training, learning, experiential and support activities provided in residential living alternatives designed to meet individual needs. Additionally, adult day services provide opportunities for individuals to experience and actively participate in valued roles in the community. These services and supports enable individuals to access and participate in typical community activities such as work, recreation, and senior citizen activities. Finally, transportation activities refer to "Home to Day Program transportation" services relevant to an individual's work schedule as specified in the IP. For these purposes, "work schedule" is defined broadly to include adult and retirement activities such as education, training, community integration and employment.

Adult Supported Living (State and Medicaid) provides individualized living services for persons who are responsible for their own living arrangements in the community.

Children's Extensive Support is a deeming waiver (only the child's income is considered in determining eligibility) intended to provide needed services and supports to eligible children under the age of eighteen years in order for the children to remain in or return to the family home. Waiver services are targeted to children having extensive support

Program Services or Supports (Continued)

needs, which require constant line-of-sight supervision due to significantly challenging behaviors and/or co-existing medical conditions. Available services include personal assistance, household modification, specialized medical equipment and supplies, professional services and community connection services.

Early Intervention is for children from birth through age two which offer infants and toddlers and their families services and supports to enhance child development in the areas of cognition, speech, communication, physical, motor, vision, hearing, social-emotional development, and self help skills; parent-child or family interaction; and early identification, screening and assessment services.

Family Support provides an array of supportive services to the person with a developmental disability and his/her family when the person remains within the family home, thereby preventing or delaying the need for out-of-home placement, which is unwanted by the person or the family.

Case Management is the determination of eligibility for services and supports, service and support coordination, and the monitoring of all services and supports delivered pursuant to the IP, and the evaluation of results identified in the IP.

Rocky Mountain Early Childhood Council promotes and supports a system of quality, accessibility, affordability of early childhood for families in the Rural Resort Region.

Supporting Services

Management and General includes those activities necessary for planning, coordination and overall direction of the organization, financial administration, general board activities and other related activities indispensable to the organization's corporate existence.

3. *Basis of Accounting*

Financial statements of the Center have been prepared on the accrual basis, whereby revenue is recorded when services are performed and expenses are recognized when incurred.

Mountain Valley Developmental Services, Inc.
NOTES TO FINANCIAL STATEMENTS

NOTE A – NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

4. *Subsequent Events*

The Center has evaluated events and transactions occurring subsequent to the end of the fiscal year for potential recognition or disclosure through September 8, 2020, the date on which the financial statements were issued. The Center did not identify any events or transactions that would have a material impact on the financial statements.

5. *Use of Estimates*

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues, support and expenses during the reporting period. Actual results could differ from those estimates.

6. *Cash and Cash Equivalents*

For purposes of the statement of cash flows, the Center considers cash to be cash on hand and cash on deposit, subject to immediate withdrawal, and cash equivalents to be certificates of deposit with an original maturity of three months or less.

The Center maintains cash balances in financial institutions located in Glenwood Springs, Colorado, which at times, may exceed federally insured limits. The Center has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash and cash equivalents.

7. *Accounts Receivable*

The majority of the Center's accounts receivable are due from the State of Colorado. Accounts receivable are due according to contractual terms and are stated at the amount management expects to collect from outstanding balances. The Center determines its allowance by considering a number of factors, including the length of time accounts receivable are past due and the Center's previous collection history. The Center writes off accounts receivable to bad debt expense after reasonable collection efforts have been made. Payments subsequently received on such receivables, if any, are recorded as other revenue.

8. *Inventories*

The cost of inventories was determined principally on a first-in, first-out basis under the lower of cost or market method of accounting.

NOTE A – NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

9. *Land, Building and Equipment*

Land, building and equipment are reported at cost for purchased assets with a cost of \$5,000 or more and an estimated fair value, at date of receipt, for donated property. Depreciation is provided on the straight-line method over the following estimated useful lives:

	<u>Years</u>
Buildings and improvements	5–30
Equipment	2–10
Vehicles	3–6

10. *Accounting for Contributions*

All contributions are considered to be without donor restrictions unless specifically restricted by the donor. Amounts received that are designated for future periods or are restricted by the donor for specific purposes are reported as increases in net assets with donor restrictions. Unconditional promises to give, which do not state a due date, are presumed to be time-restricted by the donor until received and are reported as net assets with donor restrictions.

A donor restriction expires when a stipulated time restriction ends, when an unconditional promise with an implied time restriction is collected, or when a purpose restriction is accomplished. Upon expiration, net assets with donor restrictions are reclassified to net assets without donor restrictions and are reported in the statement of activities as net assets released from restrictions. Restricted contributions received in the same year in which the restrictions are met are recorded as increases in net assets without donor restrictions.

11. *In-kind Contributions*

Contributions of property, materials and personal services are known as in-kind contributions and are recorded at estimated fair value at the date of receipt. The amount recorded for these contributions (other than contributions of land, building and equipment) is also included as program costs to properly reflect the total cost of the particular program.

12. *Net Assets*

From time to time, the Center’s Board of Directors approves designating net assets for future use for a specific purpose.

NOTE A – NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

13. *Functional Allocation of Expenses*

The costs of supporting various programs and other activities have been summarized on a functional basis in the statement of activities. The statement of functional expenses presents the natural classification detail of expenses by function. Certain costs have been allocated to program and management and general based on estimates of time and effort, square footage of the office and other methods.

14. *Income Taxes*

The Center is operated as a nonprofit organization exempt from federal income tax under section 501(c)(3) of the Internal Revenue Code. The Center recognizes tax liabilities when, despite the Center's belief that its tax return positions are supportable, the Center believes that certain positions may not be fully sustained upon review by tax authorities. Benefits from tax positions are measured at the largest amount of benefit that is greater than fifty percent likely of being realized upon settlement. The Center has concluded there is no tax liability or benefit required to be recorded as of June 30, 2020. The Center is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. The Center believes it is no longer subject to income tax examinations for the years prior to the year ended June 30, 2017.

15. *Prior Year Summarized Information*

The financial statements include certain prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Center's financial statements as of and for the year ended June 30, 2019 from which the summarized information was derived.

16. *Recent Accounting Pronouncements*

In August 2016, the FASB issued ASU 2016-15, *Statement of Cash Flows (Topic 230): Classification of Certain Cash Receipts and Cash Payments*. The amendments in this update clarify the guidance regarding the classification of operating, investing and financing activities for certain types of cash receipts and payments. The amendments in this update are effective for the annual periods, and the interim periods within those years, beginning after December 15, 2018, and should be applied using a retrospective transition method to each period presented. Early adoption is permitted. The Center adopted this ASU during the year ended June 30, 2020 and there was no effect.

16. *Recent Accounting Pronouncements (Continued)*

In November 2016, the FASB issued ASU No. 2016-18, *Statement of Cash Flows (Topic 230): Restricted Cash*. The amendments in this ASU require that a statement of cash flows explain the change during the period in the total of cash, cash equivalents, and amounts generally described as restricted cash or restricted cash equivalents. Therefore, amounts generally described as restricted cash and restricted cash equivalents should be included with cash and cash equivalents when reconciling the beginning-of-period and end-of-period total amounts shown on the statement of cash flows. The ASU will be effective for fiscal years beginning after December 15, 2018. Earlier adoption is permitted. The changes in this ASU should generally be applied on a retrospective basis in the year that the ASU is first applied. The Center adopted this ASU during the year ended June 30, 2020 and there was no effect.

In June 2018, the FASB issued ASU No. 2018-08 *Not-for Profit Entities (Topic 958): Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*. The amendments in this ASU clarify and improve the scope and the accounting guidance for contributions received and contributions made. The ASU will be effective for all entities that have not issued or is a conduit bond obligor for securities that are traded, listed or quoted on an exchange or an over-the-counter market services as a resource recipient, for fiscal years beginning after December 15, 2018. The ASU will be effective for all entities that have not issued or is a conduit bond obligor for securities that are traded, listed or quoted on an exchange or an over-the-counter market services as a resource provider, for fiscal years beginning after December 15, 2019. The Center implemented ASU 2018-08 where it is a resource recipient. The Center is in the process of evaluating the impact of this new guidance related to the Center serving as a resource provider.

In May 2014, the FASB issued Accounting Standards Update (ASU) 2014-09, *Revenue from Contracts with Customers (Topic 606)*, requiring an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. The updated standard will replace most existing revenue recognition guidance in generally accepted accounting principles in the United States of America (US GAAP) when it becomes effective and permits the use of either a full retrospective or retrospective with cumulative effect transition method. In August 2015, the FASB issued ASU 2015-14, which defers the effective date of ASU 2014-09 one year, making it effective for annual reporting periods beginning after December 15, 2018. In June 2020, the FASB issued ASU 2020-05, which allows certain entities the option to delay the adoption by one year, making it effective for annual reporting periods beginning after

December 15, 2019. The Center has not yet selected a transition method and is currently evaluating the effect that the standard will have on the financial statements.

In February 2016, the FASB issued ASU 2016-02, *Leases (Topic 842)*, which sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract (i.e. lessees and lessors). The most significant change for lessee is the requirement under the new guidance to recognize right-of-use assets and lease liabilities for all leases not considered short-term leases. Changes to the lessor accounting model include: (a) synchronizing key aspects of the model with the new revenue recognition guidance, such as basing whether a lease is similar to a sale or whether control of the underlying asset has transferred to the lessee and (b) prospectively eliminating the specialized accounting for leveraged leases. The new standard requires lessors to account for leases using an approach that is substantially equivalent to existing guidance for sales-type leases, direct financing leases and operating leases. The ASU will be effective for fiscal years beginning after December 15, 2019, with early adoption permitted. In November 2019, the FASB issued ASU 2019-10, which defers the effective date of ASU 2016-02 one year, making it effective for annual reporting periods beginning after December 15, 2020. In June 2020, the FASB issued ASU 2020-05, which allows certain entities the option to delay the adoption by one year, making it effective for annual reporting periods beginning after December 15, 2021. The Center is in the process of evaluating the impact of this new guidance.

NOTE B – LIQUIDITY AND AVAILABILITY

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the balance sheet date, comprise the following:

Cash and cash equivalents	\$ 3,756,767
Accounts receivable	<u>1,798,907</u>
	<u>\$ 5,555,674</u>

As a part of the Center's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due.

NOTE G – FUNCTIONALIZED EXPENSES

The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated included salaries and benefits, telephone, depreciation and amortization, insurance, utilities, postage, storage and equipment lease, miscellaneous and interest, which are allocated on the basis of usage studies, square footage and other methods.

NOTE H – RETIREMENT PLANS

Defined Contribution Plan

The Center has adopted a contributory defined contribution plan for employees. Employees are eligible to participate after one year of full-time employment. The Center is a safe harbor plan with a maximum match of 4%, depending on years of service, which becomes fully vested immediately. During the year ended June 30, 2020, contributions to the plan by the Center were \$101,482.

Deferred Compensation Plan

The Center has a deferred compensation plan for a select group of management and highly compensated employees. Participants contribute a certain percentage of their salary to the Plan and the Center can make contributions to the Plan. The Center will distribute the balance of the participant's account upon the 90th day after the participant separates employment with the Center, unless the participant has elected to commence distribution prior to this date. The Center maintains accounts for the participants. The total amount in these accounts was \$239,169 as of June 30, 2020. The amount is recorded in prepaid expenses and other and accounts payable and accrued expenses. For the year ended June 30, 2020, no deferred compensation contributions were made and \$12,000 in distributions were made.
