INDEPENDENT AUDITORS' REPORT

To the Board of Commissioners
Housing Authority of the Town of Springfield
Springfield, Colorado

Report on the Financial Statements

We have audited the accompanying financial statements of the Housing Authority of the Town of Springfield (the "Housing Authority"), as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the Housing Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Housing Authority's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Housing Authority's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Housing Authority of the Town of Springfield as of September 30, 2020, and the respective changes in financial position, and where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by the missing information.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Housing Authority's basic financial statements. The combining financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and the Department of Housing and Urban Development, and is also not a required part of the basic financial statements.

The combining financial statements and schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining financial statements and schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 22, 2020, on our consideration of the Housing Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Housing Authority's internal control over financial reporting and compliance.

HOUSING AUTHORITY OF THE TOWN OF SPRINGFIELD
Springfield, Colorado
NOTES TO THE BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2020

NOTE 1 - Summary of Significant Accounting Policies

Reporting Entity - The Housing Authority of the Town of Springfield (the "Housing Authority") is a separate governmental entity created for the purpose of constructing, maintaining, and operating public housing and providing rental assistance to disabled and elderly persons. Most of the Housing Authority's funding is provided by the United States Department of Housing and Urban Development (HUD). All programs of the Housing Authority are included in these statements.

Based on the application of this criterion, the Housing Authority does not include additional organizations within its reporting entity.

Programs Administered by the Housing Authority - The programs of the Housing Authority are recorded in one enterprise fund. Each program is maintained using a separate set of self-balancing accounts. The programs include General Fund and Section 8 New Construction.

Basis of Accounting and Measurement Focus - The Housing Authority's financial statements are presented on the full accrual basis in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Housing Authority applies all GASB pronouncements as well as U.S. GAAP, as codified by the Financial Accounting Standards Board.

All activities of the Housing Authority are accounted for within one proprietary (enterprise) fund. A proprietary fund is used to account for operations that are (a) financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the cost (expenses, including depreciation) of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenue earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

A proprietary fund distinguishes operating revenue and expenses from non-operating items. Operating revenue and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenue of the Housing Authority are rents collected from tenants and operating grants. Operating expenses for the proprietary funds include the cost of operating properties owned, administrative expenses, and depreciation on capital assets. All revenue and expenses not meeting this definition are reported as non-operating revenue and expenses

The accounting and financial reporting treatment applied to the Housing Authority is determined by its measurement focus. The transactions of the Housing Authority are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operations are included on the statement of net position. Net position (i.e., total assets net of total liabilities) are segregated into net investment in capital assets, restricted, and unrestricted. When both restricted and unrestricted resources are available for use, it is the Housing Authority's policy to use restricted resources first, and then unrestricted resources as they are needed.

Cash - Cash amounts are segregated into individual accounts as unrestricted resources or resources restricted for tenants' security deposits and a replacement reserve account.

Accounts Receivable - Management has elected to record bad debt expense using the direct write-off method when receivables are determined to be uncollectible based on the periodic review of the accounts. U.S. GAAP requires that the allowance method be used to recognize bad debts; however, the effect of using the direct write-off method is not materially different from the results that would have been obtained under the allowance method.

NOTE 1 - Summary of Significant Accounting Policies - Continued

Property and Equipment - Property and equipment are stated at cost less accumulated depreciation. The Housing Authority's capitalization threshold is for property and equipment which exceed \$2,000. Replacements, maintenance, and repairs, which do not improve or extend the lives of the assets, are expensed as incurred. When an item is disposed of, the cost and accumulated depreciation are eliminated from the accounts and any gain or loss is recognized at that time.

The Housing Authority provides for depreciation of buildings and equipment on the straight-line method. The estimated useful lives used in computing the depreciation provisions are as follows:

Buildings and Improvements	30-40 years
Equipment	5-36 years

Impairment of Long-Lived Assets - In accordance with U.S. GAAP, the Housing Authority reviews its capital assets for impairment whenever events or changes in circumstances indicate that the carrying value of an asset may not be recovered. If the fair value is less than the carrying amount of the asset, an impairment loss is recognized for the difference. No impairment loss has been recognized during the year ended September 30, 2020

Deferred Outflows and Inflows of Resources - In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to future periods and will not be recognized as an outflow of resources (expenditure) until then. The Housing Authority does not have any items that qualify for reporting in this category.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position which applies to future periods and so will not be recognized as an inflow of resources (revenue) until then. The Housing Authority does not have any items that qualify for reporting in this category.

Net Position Classifications - Net position represents the difference between the total assets and total liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement for those assets. Net position is reported as restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

Federal Aids - Federal aids for reimbursable programs are recognized as revenue in the year related program expenditures are incurred. Aids received prior to meeting revenue recognition criteria are recorded as deferred revenue.

Interprogram Transactions - Quasi-external transactions are accounted for as revenue or expenses. Transactions that constitute reimbursements to a program for expenses initially made from it that are properly applicable to another program, are recorded as expenses in the reimbursing program and as reductions of expenses in the program that is reimbursed.

Rental Income - Rental income is recognized as rents become due.

Advertising - The Housing Authority expenses advertising costs as incurred.

 NOTES TO THE BASIC FINANCIAL STATEMENTS - Continued
 SEPTEMBER 30, 2020

NOTE 1 - Summary of Significant Accounting Policies - Continued

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events - The Housing Authority has evaluated subsequent events through December 22, 2020, the date which the financial statements were available to be issued.

NOTE 2 - Stewardship, Compliance and Accountability

Budgetary Information - Budgets are adopted for all funds as a management control device, but are not legally required. Therefore, budgetary information is not presented in the financial statements

Accountability - At September 30, 2020, the Springfield West Fund had net position of (\$499,748). Revenue of the property has not historically been sufficient to cover operating costs, including depreciation.

NOTE 3 - Cash

HUD regulations and statutes authorize the Housing Authority to have deposits in checking accounts, certificates of deposit, money-market funds, United States government securities, and repurchase agreements fully collateralized by United States government securities.

Cash reported in the financial statements at September 30, 2020, consisted of the following:

Unrestricted	\$ 129,835
Restricted - Tenant Security Deposits	8,540
Restricted - Replacement Reserves	<u>38,358</u>
TOTAL CASH	<u>\$ 176,733</u>

Fair Value of Deposits - Deposits are reported at fair value. At September 30, 2020, the fair value of the Housing Authority's deposits approximated original cost; therefore, no fair value adjustments were necessary.

Determining Fair Value - Fair value of the Housing Authority's deposits are determined as follows, deposits with stated interest rates (operating and savings accounts) are stated at cost.

Income Allocation - Interest income is generally allocated to the program that owns the operating and savings accounts.

Custodial Credit Risk - Deposits - Custodial credit is the risk that, in the event of the failure of a depository financial institution; a government will not be able to recover its deposits. The Housing Authority does not have a deposit policy for custodial credit risk. As of September 30, 2020, none of the Housing Authority's bank balance of \$181,912 was exposed to custodial credit risk.

HOUSING AUTHORITY OF THE TOWN OF SPRINGFIELD

NOTES TO THE BASIC FINANCIAL STATEMENTS - Continued

NOTE 3 - Cash - Continued

Deposits - The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by State statutes. Amounts on deposit in excess of federal insurance levels must be collateralized by eligible collateral determined by the PDPA. The PDPA allows the financial institution to create a single collateral pool for all public funds held. The pool is to be maintained by another institution, or held in trust for all the uninsured public deposits as a group. The market value of the collateral must be at least equal to 102 percent of the uninsured deposits.

NOTE 4 - HUD Regulations and Restrictions

Some of the regulations and restrictions that HUD imposes on the Housing Authority include the following:

Tenant Security Deposits - Tenant security deposits are held in trust in a separate account under the Housing Authority's name.

Replacement Reserve - The Housing Authority is required to set aside amounts for the replacement of property and other Housing Authority expenditures approved by HUD. These deposits are held in a separate account and generally are not available for operating purposes.

Distributions - The Housing Authority's regulatory agreement with HUD stipulates, among other things, that the Housing Authority will not make distributions of assets or income to any of its officers or directors.

Rent Increases - Under the regulatory agreement, the Housing Authority may not increase rents charged to tenants without HUD approval.

Management Fee - The Housing Authority paid a HUD-approved flat rate management fee of \$50-\$52 for each unit (32) during each month of year, totaling an annual fee of \$19,776. Fees were transferred internally across funds to their General program, for the management of their Springfield West property.

NOTE 5 - Capital Assets

NOTE 7 - Commitments and Contingencies

Taxpayer's Bill of Rights

In November 1992, the voters of the State of Colorado approved an amendment to the state's constitution limiting the amount of revenue which may be spent or retained by Colorado governmental entities. The amendment is in effect for most governmental entities for the years beginning after 1992, but exempts "enterprise" funds and activities from the limitations. The Board of Commissioners of the Housing Authority believes it is exempt from the provisions of the Taxpayer's Bill of Rights (TABOR) because it is an "enterprise" (a business operation able to issue its own revenue bonds and receiving less than 10 percent of its revenue from state and local grants) as defined in the constitutional amendment. The Board also believes it is not subject to the provisions of TABOR because the governing board is not an elected board, does not have an electoral constituency, and does not have the power to impose taxes which are all the basic operational requirements of TABOR. However, many provisions of the TABOR Amendment are complex and subject to further interpretation and will require judicial interpretation.

NOTE 8 - Risk Management

The Housing Authority is exposed to various risks of loss due to torts; theft, damage, and destruction of assets; errors and omissions; and natural disasters for which the Housing Authority carries commercial insurance. There has been no significant reduction in insurance coverage from the previous year. In addition, there have been no material settlements in excess of coverage in any of the prior three fiscal years.

NOTE 9 - Economic Dependency

The Housing Authority received approximately 58 percent of its total revenue from the United States Department of Housing and Urban Development. This funding is subject to federal government budget appropriations and potential funding reductions.

NOTE 10 - Coronavirus (COVID-19)

The World Health Organization declared the spread of COVID-19 a worldwide pandemic. The COVID-19 pandemic is having significant effects on global markets, supply chains, businesses, and communities. COVID-19 may impact various parts of the Housing Authority's operations including costs for emergency preparedness, shortages of personnel, and potential delays in revenue collections.

OTHER REPORTS

**INDEPENDENT AUDITORS' REPORT ON INTERNAL
CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Commissioners
Housing Authority of the Town of Springfield
Springfield, Colorado

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Housing Authority of the Town of Springfield (the "Housing Authority"), as of and for the year ended September 30, 2020, and the related notes to financial statements, which collectively comprise the Housing Authority's basic financial statements, and have issued our report hereon dated December 22, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Housing Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Housing Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Housing Authority's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Housing Authority's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Housing Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Housing Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Housing Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR
EACH MAJOR FEDERAL PROGRAM AND INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY UNIFORM GUIDANCE**

To the Board of Commissioners
Housing Authority of the Town of Springfield
Springfield, Colorado

Report on Compliance for Each Major Federal Program

We have audited the Housing Authority of the Town of Springfield's (the "Housing Authority") compliance with the types of compliance requirements described in the OMB *Compliance Supplement* that could have a direct and material effect on each of the Housing Authority's major federal programs for the year ended September 30, 2020. The Housing Authority's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the Housing Authority's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Housing Authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Housing Authority's compliance.

Opinion on Each Major Federal Program

In our opinion, the Housing Authority of the Town of Springfield complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2020.

Report on Internal Control Over Compliance

Management of the Housing Authority is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Housing Authority's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Housing Authority's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
