## INDEPENDENT AUDITORS' REPORT

To the Board of Directors  
Platte River Water Development Authority  
Weld County, Colorado

We have audited the accompanying financial statements of Platte River Water Development Authority (the "Authority") as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Platte River Water Development Authority, as of December 31, 2020, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Other Matters***

#### ***Required Supplementary Information***

Management has omitted Management's Discussion & Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

#### ***Other Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's basic financial statements. The supplemental information as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplemental information is the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**PLATTE RIVER WATER DEVELOPMENT AUTHORITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2020**

**NOTE 1 – DEFINITION OF REPORTING ENTITY**

Platte River Water Development Authority (Authority), a water resource authority, was established on April 22, 2010 and is governed pursuant to the provisions Colorado Revised Statutes, ¶29-1-204.2, *et seq.* The Authority was formed pursuant to an establishing contract by and between United Water & Sanitation District (United) and Sand Hills Metropolitan District (Sand Hills), both quasi-municipal corporations and political subdivisions of the State of Colorado (State). The Authority was created for the purpose of establishing a process for the financing, design, construction, acquisition, operation, maintenance and use of water facilities and services. As a water resource authority, the Authority is a political subdivision and public corporation of the State separate from the parties to the Amended Contract (defined below).

On April 27, 2011, United and Sand Hills approved an Amended and Restated Establishing Contract (Amended Contract) for the purpose of adding South Beebe Draw Metropolitan District (South Beebe), also a quasi-municipal corporation and political subdivision of the State of Colorado, as a party to the Amended Contract. Sand Hills withdrew from the Authority in June of 2020 prior to its dissolution in December of 2020. Directors on the Board of the Authority are appointed by United and South Beebe either individually or jointly pursuant to the Establishing Contract.

The Authority follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency. Pursuant to C.R.S., §29-1-204.2(20)(b)(IV), the Board is obligated to comply with the provisions of Parts 1, 5 and 6 of Article 1, Title 29.

The Authority is not financially accountable for any other organization, nor is the Authority a component unit of any other primary governmental entity.

The Authority has no employees, and all operations and administrative functions are contracted.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accounting policies of the Authority conform to generally accepted accounting principles as applicable to governmental units accounted for as a proprietary enterprise fund. The enterprise fund is used since the Authority's powers are related to those operated in a manner similar to a private utility system where net income and capital maintenance are appropriate determinations of accountability.

The more significant accounting policies of the Authority are described as follows:

**Basis of Accounting**

**PLATTE RIVER WATER DEVELOPMENT AUTHORITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2020**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

The Authority's records are maintained on the accrual basis of accounting. Revenue is recognized when earned and expenses are recognized when the liability is incurred. Depreciation is computed and recorded as an operating expense. Expenditures for capital assets are shown as increases in assets and contributed assets are recorded as capital contributions when received.

**Operating Revenues and Expenses**

The Authority distinguishes between operating revenues and expenses and non-operating items in the Statement of Revenues, Expenses and Change in Net Position. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the Authority's purpose of providing water facilities and services to its customers. Operating expenses include the cost of service, administrative expenses and depreciation of assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses or capital contributions.

**Budgets**

In accordance with the Local Government Budget Law of Colorado, the Authority's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures level and lapses at year end. The Authority's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements.

**Cash and Cash Equivalents**

For purposes of the statement of cash flows, the Authority considers cash deposits and highly liquid investments with a maturity of three months or less when purchased, to be cash equivalents.

**Contributed Capital**

The Authority receives contributions of capital assets from various sources. Capital assets are recorded at the acquisition value or the estimated acquisition value of the asset when contributed.

**Capital Assets**

Capital assets reported by the Authority include land and easements, water rights, equipment and vehicles and construction in progress (e.g. pipelines, roads, wells and similar items). Capital assets are defined by the Authority as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at acquisition value except for those assets that have been contributed, which are recorded at estimated acquisition value at the date of contribution.

The costs of water rights include acquisition and engineering costs related to the development and augmentation of those rights. Since the rights have a perpetual life, they are not depreciated. All other costs, including costs incurred for protection of those rights, are expensed.

**PLATTE RIVER WATER DEVELOPMENT AUTHORITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2020**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable. Depreciation expense has been computed using the straight-line method over the estimated economic useful lives:

Equipment and vehicles	5-10 years
Buildings	40 years
Irrigation project	10 years

**NOTE 3 - CASH AND INVESTMENTS**

Cash and investments as of December 31, 2020 are classified in the accompanying Statement of Net Position as follows:

Statement of Net Position:

Cash and investments - unrestricted	\$ 1,128
Total cash and cash equivalents	<u>\$ 1,128</u>

Cash and investments as of December 31, 2020 consist of the following:

Cash deposits	\$ -
Investments	1,128
	<u>\$ 1,128</u>

**Deposits with Financial Institutions**

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least equal to 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by Statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2020, the Authority's cash deposits had a bank balance of \$13,741 and a carrying balance of \$0.

**Investments**

The Authority has not adopted a formal investment policy, however, the Authority follows state statutes regarding investments.

**PLATTE RIVER WATER DEVELOPMENT AUTHORITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2020**

**NOTE 3 - CASH AND INVESTMENTS (CONTINUED)**

Colorado revised statutes limit investment maturities to three to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- \* Obligations of the United States and certain U.S. government agency securities and the World Bank
- General obligation and revenue bonds of U.S. local government entities
- Bankers' acceptances of certain banks
- Commercial paper
- Certain reverse repurchase agreements
- Certain securities lending agreements
- Certain corporate bonds
- Written repurchase agreements collateralized by certain authorized securities
- \* Certain money market funds
- Guaranteed investment contracts
- \* Local government investment pools

The Authority generally limits its concentration of investments to those noted with an asterisk (\*) above, which are believed to have minimal credit risk and no foreign currency risk. Additionally, the Authority is not subject to concentration risk disclosure requirements or subject to investment custodial risk for investments that are in the possession of another party.

The local government investment pool, which includes the Colorado Local Government Liquid Asset Trust (Colotrust) is rated AAAM by S&P Global.

As of December 31, 2020, the Authority had the following investments:

<u>Investment</u>	<u>Maturity</u>	<u>Carrying Value</u>
Colorado Local Government Liquid Asset Trust	Weighted average under 80 days	\$ 1,128
		\$ 1,128

**PLATTE RIVER WATER DEVELOPMENT AUTHORITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2020**

**NOTE 3 - CASH AND INVESTMENTS (CONTINUED)**

**COLOTRUST**

During 2019, the Authority invested in Colotrust, which is an investment vehicle established for local government entities in Colorado to pool surplus funds. The State Securities Commissioner administers and enforces all State statutes governing Colotrust. Colotrust operates similarly to a money market fund and each share is equal in value to \$1.00. Colotrust offers shares in two portfolios, COLOTRUST PRIME and COLOTRUST PLUS+. Both portfolios may invest in U.S. Treasury securities and repurchase agreements collateralized by U.S. Treasury securities. COLOTRUST PLUS+ may also invest in certain obligations of U.S. government agencies, highest rated commercial paper and repurchase agreements collateralized by certain obligations of U.S. government agencies. A designated custodial bank serves as custodian for Colotrust's portfolios pursuant to a custodian agreement.

The custodian acts as safekeeping agent for Colotrust's investment portfolios and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by Colotrust. As of December 31, 2020, the Authority had \$1,128 invested in COLOTRUST PLUS+ in the name of the Authority.

**Investment Valuation**

Certain investments are measured at fair value on a recurring basis are categorized within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure an asset's fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The Authority's investments are not required to be categorized within the fair value hierarchy. These investments are measured at amortized cost or in certain circumstances the value is calculated using the net asset value (NAV) per share, or its equivalent of the investment. These investments include 2a7-like external investment pools and money market investments. The Authority held investments in Colotrust at yearend for which the investment valuations were determined as follows.

Colotrust determines the NAV of the shares of each portfolio as of the close of business on each day. The NAV per share of each portfolio is computed by dividing the total value of the securities and other assets of the portfolios, less any liabilities, by the total outstanding shares of the portfolios. Liabilities, which include all expenses and fees of Colotrust, are accrued daily. The NAV is calculated at fair value using various inputs in determine value in accordance with GASB guidance. It is the goal of Colotrust to maintain a NAV of \$1.00 per share, however changes in interest rates may affect the fair value of the securities held by Colotrust and there can be no assurance that the NAV will not vary from \$1.00 per share. There are no unfunded commitments, the redemption frequency is daily and there is no redemption notice period.

**PLATTE RIVER WATER DEVELOPMENT AUTHORITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2020**

**NOTE 4 - CAPITAL ASSETS**

An analysis of the changes in capital assets for the year ended December 31, 2020 follows:

	<u>Balance at 12/31/2019</u>	<u>Additions</u>	<u>Deletions/ Transfers</u>	<u>Balance at 12/31/2020</u>
Capital assets not being depreciated:				
Land/easements	\$ 917,600	\$ -	\$ -	\$ 917,600
Water rights	695,421	-	-	695,421
Construction in process	106,342	-	(106,342)	-
Total capital assets not being depreciated	<u>1,719,363</u>	<u>-</u>	<u>(106,342)</u>	<u>1,613,021</u>
Capital assets being depreciated:				
SIEP Netafim irrigation project	279,493	-	-	279,493
SIEP building	1,015,994	-	-	1,015,994
Greenhouse Building	-	154,611	106,342	260,953
Equipment and vehicles	668,382	111,500	-	779,882
Total capital assets being depreciated	<u>1,963,869</u>	<u>266,111</u>	<u>106,342</u>	<u>2,336,322</u>
Less accumulated depreciation	<u>586,069</u>	<u>151,737</u>	<u>-</u>	<u>737,806</u>
Capital assets, net	<u>\$ 3,097,163</u>	<u>\$ 114,374</u>	<u>\$ -</u>	<u>\$ 3,211,537</u>

**NOTE 5 – NET POSITION**

The Authority has net position consisting of two components - net investment in capital assets and unrestricted.

Net investment in capital assets consists of capital assets that will be owned by the Authority, net of accumulated depreciation. As of December 31, 2020, the Authority had a net investment in capital assets in the amount of \$3,211,537.

As of December 31, 2020, the Authority had an unrestricted net position of (\$75,824).

**NOTE 6 – RELATED PARTY TRANSACTIONS**

The members of the Board of Directors of the Authority are employees, owners or associated with United Milliken and 70 Ranch, L.L.C. (70 Ranch). The Authority has entered into agreements with United Milliken and 70 Ranch and the members of the Board may have conflicts of interest in dealing with the Authority.

**PLATTE RIVER WATER DEVELOPMENT AUTHORITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2020**

**NOTE 7 - RISK MANAGEMENT**

Except as provided in the Colorado Governmental Immunity Act, 24-10-101, et seq., CRS, the District may be exposed to various risks of loss related to torts, theft of, damage to, or destruction of assets; errors or omissions; injuries to agents; and natural disasters. The District has elected to participate in the Colorado Special Districts Property and Liability Pool (the "Pool") which is an organization created by intergovernmental agreement to provide common liability and casualty insurance coverage to its members at a cost that is considered economically appropriate. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years. The District pays annual premiums to the Pool for auto, public officials' liability, and property and general liability coverage. In the event aggregated losses incurred by the Pool exceed its amounts recoverable from reinsurance contracts and its accumulated reserves, the District may be called upon to make additional contributions to the Pool on the basis proportionate to other members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

**NOTE 8 - TAX, SPENDING AND DEBT LIMITATIONS**

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer Bill of Rights ("TABOR"), contains tax, spending, revenue and debt limitations which apply to the State of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits will require judicial interpretation.
