INDEPENDENT AUDITORS' REPORT

Board of Directors
Colorado Special Districts Property and Liability Pool
Denver, Colorado

Report on the Financial Statements

We have audited the accompanying financial statements of Colorado Special Districts Property and Liability Pool (the Pool), which comprise the statutory statements of admitted assets, liabilities, and surplus as of December 31, 2020 and 2019, and the related statutory statements of income and changes in surplus, and cash flows for the years then ended, and the related notes to the statutory financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Division of Insurance of the Department of Regulatory Agencies of the State of Colorado. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, the financial statements are prepared by the Pool on the basis of the financial reporting provisions of the Division of Insurance of the Department of Regulatory Agencies of the State of Colorado, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to comply with the requirements of the Division of Insurance of the Department of Regulatory Agencies of the State of Colorado. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the *Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph, the financial statements referred to in the first paragraph do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Pool as of December 31, 2020 and 2019, or the results of its operations or its cash flows for the years then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the admitted assets, liabilities, and surplus of the Pool as of December 31, 2020 and 2019, and the results of its operations and its cash flows for the years then ended, on the basis of the financial reporting provisions of the Division of Insurance of the Department of Regulatory Agencies of the State of Colorado as described in Note 1.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the statutory financial statements as a whole. The accompanying supplementary schedules of Reconciliation of Loss Liabilities by Type of Contract, Loss Development Information, and Appendix A-001 – Investments are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the statutory financial statements. The information has been subjected to the auditing procedures applied in the audit of the statutory financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the statutory financial statements or to the statutory financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the statutory financial statements as a whole.

**COLORADO SPECIAL DISTRICTS PROPERTY AND LIABILITY POOL
NOTES TO STATUTORY FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

The Colorado Special Districts Property and Liability Pool (the Pool) is sponsored by the Special District Association of Colorado and provides insurance coverage to participating Special Districts throughout the State of Colorado. The Pool provides property, terrorism, general liability, automobile physical damage and liability, public officials liability, employee dishonesty and crime and equipment breakdown coverages to its members. The Pool began to provide workers compensation insurance coverage beginning January 1, 2001. At December 31, 2020, there were 1,811 special districts who were members of the Pool for property and liability coverage and 1,066 special districts who were members of the Pool for workers' compensation coverage.

Basis of Presentation

The accompanying financial statements have been prepared on the basis of accounting practices prescribed or permitted by the Division of Insurance of the Department of Regulatory Agencies of the State of Colorado. Such practices vary in certain respects from generally accepted accounting principles. The more significant variances include accounting for salvage recoveries on a cash basis rather than an accrual basis, investments are carried at amortized cost instead of fair value, and certain assets designated as "non-admitted assets" (principally contributions receivable over 90 days old, prepaid expenses, and capital assets) being charged against surplus for statutory accounting purposes.

Cash Equivalents

For purposes of the statement of cash flows, the Pool considers cash deposits and highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Investments

Investments are carried at amortized cost.

Loss and Loss Adjustment Expense Reserves

The reserves for losses and loss adjustment expenses (both allocated and unallocated) include estimates of the ultimate net cost of all losses, which are incurred but unpaid, as well as a provision for incurred but not reported losses, as of December 31, 2020 and 2019.

The reserves for losses and loss adjustment expenses are determined using individual case evaluations and independent actuarial projections. These estimates are continually reviewed and, as adjustments become necessary, such adjustments are reflected in current operations.

Since reserves are based on estimates, the ultimate settlement of claims may vary from the amounts included in the financial statements. Although it is not possible to measure the degree of variability inherent in such estimates, management believes that the reserves for loss and loss adjustment expenses are reasonable.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recognition of Premium Revenue

Premiums are net of reinsurance paid and ceded and are recognized as earned on a daily pro rata basis in proportion to the period of coverage provided.

Income Taxes

The Pool provides an essential governmental function to its members as described in Section 115 of the Internal Revenue Code and is considered to be exempt from Federal income taxes pursuant to the Code.

Capitalized Assets

Assets costing more than \$5,000 are capitalized and depreciated using the sum-of-the-years depreciation method over the estimated useful life of the asset. Such assets are considered nonadmitted assets.

Estimated useful lives are as follows:

Vehicles	5 Years
----------	---------

Total depreciation expense for the years ended December 31, 2020 and 2019 was \$75,497 and \$18,620, respectively.

Member Contributions

Any excess unassigned surplus which the Pool determines is not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

In the event aggregated losses incurred by the Pool exceed amounts recoverable from the reinsurance contracts and surplus accumulated by the Pool, the Pool may require additional contributions from the Pool members.

Subrogation

The Pool has historically accounted for subrogation on a cash basis. Due to significant claim related activity unique to 2020, the Pool has decided to accrue a recoverable amount for subrogated claims. The total incurred expenses for the subrogated claims for 2020 and 2019 were \$3,135,049 and \$2,972,960, respectively. The Pool believes there is a 50% chance of recovering 80% of incurred expense. The subrogation receivable for 2020 and 2019 is \$1,254,020 and \$1,189,126, respectively, and presented as Other Assets for financial reporting purposes.

NOTES TO STATUTORY FINANCIAL STATEMENTS

NOTE 2 CASH AND INVESTMENTS

Cash Deposits

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government and entities such as the Pool deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least equal to the aggregate uninsured deposits.

The State Regulatory Commissions for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2020 and 2019, the Pool's cash deposits had a bank balance and a carrying balance as follows:

	2020		2019	
	Carrying Balance	Bank Balance	Carrying Balance	Bank Balance
Insured Deposits	\$ 250,000	\$ 250,000	\$ 250,000	\$ 250,000

Total	<u>\$ 5,953,726</u>	<u>\$ 8,198,949</u>	<u>\$ 4,872,078</u>	<u>\$ 4,958,498</u>

Investments

The Pool's investment policy specifies investment instruments meeting defined criteria in which the Pool may invest, which include:

- Obligations of the United States and certain U.S. government agency securities
- Certain corporate debt
- Government sponsored enterprises debt
- Certain money market mutual funds
- Local government investment pools
- State and local government bond securities
- Certain repurchase agreements

NOTE 3 REINSURANCE (CONTINUED)

Property and Automobile - Physical Damage

The Pool is self-insured for losses and loss adjustment expenses up to the greater of \$300,000 or the sum of the individual member's deductible for each occurrence. Property losses have a \$1,500,000 annual stop loss aggregate limit. Once the stop loss aggregate limit is met, exclusive of auto physical damage losses, the Pool's self-insured retention declines to \$25,000 per occurrence.

Earthquake and flood losses, which exceed either the greater of \$300,000, or the sum of the individual member's deductible of 2% of total value of property damaged (subject to a minimum of \$5,000 and a maximum of \$50,000 per occurrence), per occurrence, are covered 100% under excess policies, with a limit per occurrence and annual aggregate of \$750,000,000, except a \$60,000,000 per occurrence and all member aggregate limit is applied to flood claims which occur within the Special Flood Zones A and V as defined by the Federal Emergency Management Agency. All claims are subject to a deductible based on the coverage selected by the member.

Terrorism

The Pool is self-insured for property and business interruption losses and loss adjustment expenses up to \$10,000 for each occurrence subject to a limit of \$105,000,000 in the aggregate. Higher limits up to and including an additional \$8,000,000 per occurrence are available depending upon the limit selected by the member.

Public Officials Liability - Employment Related

Employment related claims are covered the same as all other liability claims, with variable deductible arrangements on an individual district basis.

The reinsurance treaties may generally be terminated by either the Pool or the reinsurer on any January 1, with at least 90 days prior written notice. Upon termination, reinsurance coverage will remain in effect for all policies in force at the termination date until the cancellation, nonrenewal or natural expiration date not to exceed 12 months.

Should the reinsurers be unable to meet their obligations under the reinsurance contracts, the Pool may remain responsible for liabilities ceded to reinsurers.

The Pool receives a 20% commission on the identity recovery and equipment breakdown premiums ceded to the reinsurers.

In the accompanying statutory financial statements, premiums earned, losses and loss adjustment expenses, and loss and loss adjustment expense reserves are presented net of reinsurance amounts ceded and premiums paid. Information with respect to reinsurance balances is as follows:
