Independent Auditor’s Report

**Opinions**

We have audited the accompanying financial statements of the governmental activities and each major fund of Broadway Station Metropolitan District No. 3 (the “District”), as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the District’s basic financial statements, as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Broadway Station Metropolitan District No. 3 as of December 31, 2021, and the respective changes in financial position and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District’s ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

Exercise professional judgment and maintain professional skepticism throughout the audit.

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.

Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control—related matters that we identified during the audit.

## Other Matters

### Required Supplementary Information

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinions on the basic financial statements are not affected by this missing information.

### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information as listed in the table of contents is presented for the purposes of legal compliance and additional analysis and is not a required part of the basic financial statements. The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, such information is fairly stated in all material respects in relation to the basic financial statements as a whole.

YEAR ENDED DECEMBER 31, 2021**

Net Change in Fund Balances - Governmental Funds \$ (18,253,025)

Amounts reported for governmental activities in the statement of activities are different because:

Long-term debt (e.g., bonds, Developer advances) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The net effect of these differences in the treatment of long-term debt and related items is as follows:

Bond Principal Payment	5,000
Bond Principal Accretion - Series 2019B	(3,336,272)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

**BROADWAY STATION METROPOLITAN DISTRICT NO. 3**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021**

**NOTE 1 DEFINITION OF REPORTING ENTITY**

Broadway Station Metropolitan District No. 3 (the District), a quasi-municipal corporation and political subdivision of the state of Colorado, was organized by order and decree of the District Court for the City and County of Denver, Colorado recorded on May 12, 2006, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District is located entirely within the City and County of Denver, Colorado (Denver).

The District was formed in conjunction with Broadway Station Metropolitan District No. 1 ("District No. 1") and Broadway Station Metropolitan District No. 2 ("District No. 2" and together with the District and District No. 1, the "Districts"), for the purpose of providing certain public improvements and services to and for the benefit of the properties within the Districts. According to the Service Plan and the service plans for District No. 1 and District No. 2, District No. 1 is to coordinate the financing and construction of all activities of the District and District No. 2, including the provision of street, traffic and safety controls, water, storm water drainage, sanitation, and parks and recreation improvements and related services (collectively, the "Public Improvements"), and the District and District No. 2 are to fund such activities.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens, and fiscal dependency.

The District has no employees and all operations and administrative functions are contracted.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

**BROADWAY STATION METROPOLITAN DISTRICT NO. 3**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The more significant accounting policies of the District are described as follows:

**Government-Wide and Fund Financial Statements**

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities are normally supported by property taxes and intergovernmental revenues.

The statement of net position reports all financial and capital resources of the District. The difference between the sum of assets and deferred outflows and the sum of liabilities and deferred inflows is reported as net position.

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as general revenues.

Separate financial statements are provided for the governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Redemption of bonds is recorded as a reduction in liabilities.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes, specific ownership taxes and operations fees. All other revenue items are considered to be measurable and available only when cash is received by the District. The District has determined that Developer advances are not considered as revenue susceptible to accrual. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation due.

**BROADWAY STATION METROPOLITAN DISTRICT NO. 3**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)**

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of the governmental funds.

The Capital Projects Fund is used to account for financial resources to be used for the acquisition and construction of capital equipment and facilities.

**Budgets**

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures and other financing uses level and lapses at year-end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

The District amended its annual budget for the year ending December 31, 2021.

**Pooled Cash and Investments**

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash and investments.

**Property Taxes**

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Assessor to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and, generally, sale of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

**BROADWAY STATION METROPOLITAN DISTRICT NO. 3**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Property Taxes (Continued)**

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflow of resources in the year they are levied and measurable. The property tax revenues are recorded as revenue in the year they are available or collected.

**Capital Assets**

Capital assets, which include infrastructure assets, are reported in the applicable governmental activities column in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

Capital assets which are anticipated to be conveyed to other governmental entities are recorded as construction in progress, and are not included in the calculation of the net investment in capital assets.

The District had no capital assets as of December 31, 2021.

**Deferred Inflows of Resources**

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies for reporting in this category. The item *deferred property tax revenue* is deferred, and recognized as an inflow of resources in the period that the amount becomes available.

**Amortization**

**Bond Premium**

In the government-wide financial statements, the bond premium is being amortized using the interest method over the life of the new bonds. The amortization amount is a component of interest expense and the unamortized deferred cost is reflected as a liability.

**BROADWAY STATION METROPOLITAN DISTRICT NO. 3**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Equity**

**Net Position**

For government-wide presentation purposes when both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first, then unrestricted resources as they are needed.

**Fund Balance**

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

*Nonspendable Fund Balance* – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.

*Restricted Fund Balance* – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.

*Committed Fund Balance* – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.

*Assigned Fund Balance* – The portion of fund balance that is constrained by the government's intent to be used for specific purposes, but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.

*Unassigned Fund Balance* – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District's practice to use the most restrictive classification first.

**BROADWAY STATION METROPOLITAN DISTRICT NO. 3**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021**

**NOTE 3 CASH AND INVESTMENTS**

Cash and investments as of December 31, 2021, are classified in the accompanying financial statements as follows:

Statement of Net Position:

Cash and Investments	\$ 31,026
Cash and Investments - Restricted	<u>36,123,365</u>
Total Cash and Investments	<u><u>\$ 36,154,391</u></u>

Cash and investments as of December 31, 2021, consist of the following:

Investments	\$ 36,154,391
Total Cash and Investments	<u><u>\$ 36,154,391</u></u>

**Deposits with Financial Institutions**

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2021, the District did not have any cash deposits.

**Investments**

The District has not adopted a formal investment policy; however, the District follows state statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (\*) below, which are believed to have minimal credit risk, minimal interest rate risk, and no foreign currency risk. Additionally, the District is not subject to concentration risk or investment custodial risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

**Investments (Continued)**

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States, certain U.S. government agency securities, and securities of the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Certain certificates of participation
- . Certain securities lending agreements
- . Bankers' acceptances of certain banks
- . Commercial paper
- . Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- \* Certain money market funds
- . Guaranteed investment contracts
- \* Local government investment pools

As of December 31, 2021, the District had the following investments:

<u>Investment</u>	<u>Maturity</u>	<u>Amount</u>
Colorado Local Government Liquid Asset Trust (COLOTRUST)	Weighted-Average Under 60 Days	\$ 19,609,067
Government & Agency Bonds	Under 60 Days	16,239,614
Corporate Bonds	Under 60 Days	305,710
Total		<u>\$ 36,154,391</u>

**COLOTRUST**

The District invested in the Colorado Local Government Liquid Asset Trust (COLOTRUST) (the Trust), an investment vehicle established for local government entities in Colorado to pool surplus funds. The State Securities Commissioner administers and enforces all state statutes governing the Trust. The Trust operates similarly to a money market fund and each share is equal in value to \$1.00. The Trust offers shares in two portfolios, COLOTRUST PRIME and COLOTRUST PLUS+. Both portfolios may invest in U.S. Treasury securities and repurchase agreements collateralized by U.S. Treasury securities. COLOTRUST PLUS+ may also invest in certain obligations of U.S. government agencies, highest rated commercial paper and any security allowed under CRS 24-75-601. A designated custodial bank serves as custodian for the Trust's portfolios pursuant to a custodian agreement. The custodian acts as safekeeping agent for the Trust's investment portfolios and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by the Trust. COLOTRUST is rated AAAM by Standard & Poor's. COLOTRUST records its investments at fair value and the District records its investment in COLOTRUST at net asset value as determined by fair value. There are no unfunded commitments, the redemption frequency is daily, and there is no redemption notice period.

**\$41,401,947 Subordinate (Convertible to Senior) Capital Appreciation (Convertible to Current Interest) Limited Tax (Convertible to Unlimited Tax) General Obligation Bonds, Series 2019B**

On November 21, 2019, the District issued Subordinate (Convertible to Senior) Capital Appreciation (Convertible to Current Interest) Limited Tax (Convertible to Unlimited Tax) General Obligation Bonds, Series 2019B (Series 2019 B Bonds”), with a value at issuance of \$41,401,947 accreting at an interest rate of 7.5% to a principal value of \$73,795,000 on December 1, 2027. On December 1, 2027, the Series 2019B Bonds convert to current interest bonds. Interest accrues annually at the rate of 7.50% with the first payable on December 1, 2028 and annually thereafter through December 1, 2049. The Series 2019B Bonds will be secured by (i) a mill levy of up to 50 mills, to the extent such mills are not used for debt service on the Series 2019A Bonds and the Surplus Fund plus (ii) the portion of specific ownership taxes attributable to the property taxes used for the Series 2019B debt service.

**Events of Default**

Events of Default as defined in the Series 2019A Bond and the 2019B Bonds Indentures are 1) before the Unlimited Tax Receipt Date the failure of the District to impose the Required Mill levy, or to apply the Pledged Revenue as required by the Indentures, 2) on and after the Unlimited Tax Receipt Date, the District fails to pay the principal of or interest on the Bonds when due, 3) the default by the District in the performance or observance of any other of the covenants, agreements, or conditions of the Indentures or the Bond Resolution, and failure to remedy the same after notice thereof pursuant to the Indenture, and 4) the filing of a petition under the federal bankruptcy laws or other applicable laws seeking to adjust the obligations represented by the Bonds. Failure to pay the principal of or interest on the Series 2019 Bonds when due shall not, of itself, constitute an Event of Default under the Indenture prior to the Unlimited Tax Receipt Date. Remedies available in the Event of Default include 1) receivership, 2) suit for judgment, and 3) other suits. Acceleration of the Series 2019 Bonds is not an available remedy for an Event of Default.

**Reimbursement Agreement for Public Infrastructure Funding**

The District, District No. 1, District No. 2 and Broadway Station Partners, LLC (the “Developer”), entered into the Reimbursement Agreement for Public Infrastructure Funding (the “Reimbursement Agreement”), dated as of October 1, 2017 (executed January 5, 2018), concerning the advance of funds to any of the Districts by the Developer for planning, design, engineering, surveying, legal, accounting, testing, permitting, inspecting, infrastructure development management, construction management, construction, installation and completion of the infrastructure and all related expenses, including, without limitation, environmental remediation authorized under the Service Plan, the City IGA, the Urban Redevelopment Plan, the Redevelopment Agreement (as defined below) and the District Agreements. Pursuant to the Reimbursement Agreement, the Developer is to make Developer Advances to District No. 1, or at the request of District No. 1, to the District or District No. 2, in such amounts and at such times as may be requested to fund planning, design, engineering, surveying, legal, accounting, testing, permitting, inspecting, infrastructure development management, construction management, construction, installation and completion of the infrastructure and all related expenses, including, without limitation, environmental remediation authorized under the Service Plan, the City IGA, the Urban Redevelopment Plan, the Redevelopment Agreement and the District IGAs. The Developer’s obligation to fund such advance is dependent on (i) District No. 1’s initiating, with the agreement of the Developer, of a phase of the Processing of Construction of Infrastructure (as such terms are used in the Reimbursement Agreement) by submitting a report to the City in accordance with the City IGA; and (ii) the authorizing of such Process of Construction Costs (as such term is used in the Reimbursement Agreement) in accordance with the Service Plan, the District Agreements, the City IGA and other applicable documents.

The Districts’ obligation to reimburse the Developer for Developer Advances shall be memorialized by the issuance of one or more notes by District No. 1 or if directed by District No. 1, the District or District No. 2, within 15 days of the Developer Advance. Each note shall bear interest at a rate of 8%, unless otherwise specified in such note. The district issuing the note shall reimburse the Developer, from funds legally available to such issuing district in any fiscal year that are not pledged for the payment of other district obligations or otherwise appropriated or obligated for any current or future purpose. The Reimbursement Agreement shall terminate on December 31, 2042, unless terminated earlier in accordance with the Redevelopment Agreement or the repayment of all amounts due and owing under the Reimbursement Agreement. The District’s obligation to repay the Developer Advances (and any interest thereon) under the Redevelopment Agreement is subordinate to any District bonds.

**NOTE 6 AGREEMENTS (CONTINUED)**

**Reimbursement Agreement for Public Infrastructure Funding (Continued)**

The District's obligation to reimburse the Developer Advances is payable from, among other sources, amounts owed to the Districts under the Redevelopment Agreement between District No. 1 and the Denver Urban Renewal Authority ("DURA") dated as of October 18, 2017, as amended by a First Supplement dated as of March 12, 2020 (together as amended, the "Redevelopment Agreement"). Under the Redevelopment Agreement, DURA has, as directed by District No. 1, issued to District No. 2 three Junior Subordinate Bonds, namely, the Series 2020JS-1 Bond, Series 2020JS-99 Bond and Series 2020JS-100 Bond (collectively, the "DURA Junior Subordinate Bonds") in the aggregate principal amount of \$25,890,555 (the "DURA Reimbursement Amount"), together with interest accruing thereon commencing on November 4, 2019, in order to reimburse from tax increment revenue (the "DURA Revenue") certain "Reimbursable Project Costs" (as defined in the Redevelopment Agreement) that were funded directly by the Developer and are reimbursable by the Districts.

In conjunction with the issuance of the First Supplement to the Redevelopment Agreement, the Districts and the Developer entered into Amendment No. 1 to the Reimbursement Agreement dated as of November 4, 2019 ("Amendment No. 1") and Amendment No. 2 to the Reimbursement Agreement dated as of June 24, 2020 ("Amendment No. 2"). Amendment No. 2 amended, restated and replaced Amendment No. 1, and by its terms, Amendment No. 2 constitutes a Junior District Obligation (as defined in the Redevelopment Agreement) in the aggregate principal amount of \$25,890,555 (the "DURA Reimbursement Amount" as defined in the Redevelopment Agreement) to reimburse certain Developer Advances made to fund District-eligible Reimbursable Project Costs. The Junior District Obligation under Amendment No. 2 (the "Amendment No. 2 JDO") was established in conjunction with the DURA Junior Subordinate Bonds and was generally structured in two parts: (i) District No. 3 would make a cash payment in the amount of \$8,000,000 from District No. 3's Series 2019B Bond funds to the Developer to pay a portion of the outstanding Developer Advances incurred for District eligible Reimbursable Project Costs, and (ii) the balance of the Amendment No. 2 JDO incurred for Reimbursable Project Costs that did not constitute District-eligible Reimbursable Project Costs (the "Non-District-Eligible Reimbursable Project Costs") in the approximate principal amount of \$5,621,582, along with interest accruals, would be paid and passed through to the Developer from DURA Revenue paid on the DURA Junior Subordinate Bonds.

The Districts and the Developer entered into Amendment No. 3 to the Reimbursement Agreement dated as of November 4, 2019 ("Amendment No. 3") to provide for (i) in addition to the cash payment of \$8,000,000 previously made to the Developer in accordance with the terms of Amendment No. 2, an additional cash payment of \$14,222,888.25 (the "Additional Cash Payment") to the Developer to pay off and discharge in full the remaining outstanding Developer Advances, including interest accruals, that constitute District-eligible Reimbursable Project Costs using District No. 3's Series 2019 Bond funds, and (ii) as provided in the Amendment No. 2 JDO, the payment and discharge of the Non-District-eligible Reimbursable Project Costs (i.e., the balance of the Amendment No. 3 JDO with respect to the Pass Through Junior District Obligation (as defined below)) to the Developer exclusively from DURA Revenue payments to be made on the DURA Junior Subordinate Bonds.

**Reimbursement Agreement for Public Infrastructure Funding (Continued)**

Amendment No. 3 constitutes the Junior District Obligation (the Amendment No. 3 JDO) issued in conjunction with the DURA Junior Subordinate Bonds as authorized by and issued in accordance with and subject to the terms of the Redevelopment Agreement and the First Supplement. The principal amount of the Amendment No. 3 JDO is \$25,890,555. Under Amendment No. 3, District No. 3 processed a requisition in the amount of the Additional Cash Payment with the Trustee for the Series 2019B Bonds to pay the Developer for and discharge in full all outstanding Developer Advances that constitute solely District-eligible Reimbursable Project Costs. The Districts and Developer also acknowledged and agreed that the principal amount of \$5,621,582 of the Amendment No. 3 JDO represents Reimbursable Project Costs that are not District-eligible Reimbursable Project Costs (the "Pass Through Junior District Obligation" and also referred to herein as the "Non-District-eligible Reimbursable Project Costs"). Except for the payment of the Pass-Through Junior District Obligation with respect to the Non-District-eligible Reimbursable Project Costs, the Districts and Developer agreed that all other payments made to the District on the DURA Junior Subordinate Bonds were to be transferred to District No. 3 for its use in accordance with District No. 3's Series 2019 Bond Indenture. The principal amount of the Pass-Through Junior District Obligation, together with any interest accruals thereon, are payable exclusively from the DURA Revenue received by District No. 2 from DURA payments on the DURA Junior Subordinate Bonds, including any interest thereon paid by DURA pursuant to the First Supplement, and shall not be payable from any ad valorem taxes, bond proceeds or other funds of any of the Districts (see "Junior Subordinate Bonds" note below).

**Amended and Restated Inter-District Financing Agreement**

The Districts entered into an Amended and Restated Inter-District Financing Agreement, dated as of October 1, 2017 (the "Financing Agreement"). The purpose of the Financing Agreement is to establish a cooperative intergovernmental relationship among the Districts, to implement the terms of each of the Districts' Service Plans with respect to the financing and completion of public infrastructure improvements acquired, constructed, installed and completed to serve the Development and to establish various controls with respect to the incurrence of obligations of the Districts including bonds, notes and other obligations of the Districts and on the implementation of the debt service and regional mill levies.

In accordance with the Financing Agreement, District No. 1 is to exercise all duties, authorities and powers as are generally provided in the Special District Act or other State law and as more particularly described in the Governing Documents (as defined below) to facilitate, coordinate and effectuate the financing of Eligible Costs (as such term is used in the Financing Agreement), the completion of public infrastructure improvements acquired, constructed, installed and completed to serve the Development and the imposition of the debt service mill levy and the regional mill levy.

**Amended and Restated Inter-District Financing Agreement (Continued)**

District No. 2 and the District agreed in the Financing Agreement to pay the principal and interest on any bonds or other obligations of the District or District No. 2 or District No. 1, as applicable, from amounts pledged and available to the applicable district to a bond trustee under a bond indenture including the Indentures and the Trustee. Such pledge is solely to the extent of revenues pledged to the particular bonds. In no event shall a District's obligation to pay exceed the maximum amounts authorized at the Elections to the Special District Act or State law. The Financing Agreement sets forth the procedures to be followed by the Districts for the imposition of their debt service mill levies and the regional mill levy. In accordance with the Financing Agreement, District No. 2 and the District shall certify their respective debt service mill levies, and their respective regional mill levies at the rates determined by District No. 1. All revenues received from the debt service mill levy shall be paid to the bond trustee or if no trustee, to District No. 1.

**Amended and Restated Inter-District Construction and Service Agreement**

The Districts entered into an Amended and Restated Inter-District Construction and Service Agreement, dated as of October 1, 2017 (the "Service Agreement" and, together with the Financing Agreement, the "District Agreements"). The purpose of the Service Agreement is to establish a cooperative intergovernmental relationship among the Districts, to implement the terms of each of the Districts' Service Plans with respect to the financing and completion of public infrastructure improvements acquired, constructed, installed and completed to serve the Development and to establish various requirements with respect to the generation, collection and use of revenue, including but not limited to the operating mill levy, to be used for the operation, maintenance and repair of public infrastructure improvements acquired, constructed, installed and completed to serve the Development and the management, administration and provision of services within the Development.

**Junior Subordinate Bonds**

On March 12, 2020 DURA has entered into the First Supplement to Redevelopment Agreement (the "First Supplement") with District No. 1 and, at the direction of District No. 1, has issued to District No. 2 three Junior Subordinate Bonds, namely the Series 2020JS-1 Bond, Series 2020JS- 99 Bond and Series 2020JS-100 Bond (collectively, the "DURA Junior Subordinate Bonds") in the aggregate principal amount of \$25,890,555.00 (the "DURA Reimbursement Amount"), together with interest accruing thereon commencing on November 4, 2019, in order to reimburse from DURA Revenue (as defined in the Authorizing Resolution) certain Reimbursable Project Costs (as defined in the Redevelopment Agreement) that were funded directly by the Developer. The Districts have reimbursed the Developer for all but the approximate principal amount of \$5,621,582 of such Reimbursable Project Costs and interest accruals thereon.

**Junior Subordinate Bonds (Continued)**

Upon receipt of the DURA Reimbursement Amount, District No. 2 will apply such DURA Revenue either (i) to pay and discharge all remaining obligations to the Developer for Reimbursable Project Costs (see the “Pass Through Junior District Obligation” in the “Reimbursement Agreement for Public Infrastructure note above) and/or (ii) to replenish the District’s Series 2019B Bond project accounts established to complete public infrastructure work in accordance with the Intergovernmental Agreement between District No. 1 and the City and drawn on to reimburse the Developer for certain District-eligible Reimbursable Project Costs and/or to fund such public infrastructure work directly and/or pay down the Districts existing debt. The DURA Reimbursement Amount can only be used to pay or reimburse, directly or indirectly, Reimbursable Project Costs as approved by DURA in accordance with the Redevelopment Agreement.

**District Cooperation Agreement**

The Districts and Denver Urban Renewal Authority (“DURA”) entered into the Broadway Station Metropolitan District Intergovernmental Agreement, dated as of September 20, 2017 (the “District Cooperation Agreement”) pursuant to which DURA has agreed to remit during the TIF Period to District No. 1 all revenues generated from the imposition of ad valorem property taxes by the Districts on the incremental assessed valuation of property of the Districts, including property tax revenue resulting from the imposition of the Senior Required Debt Mill Levy and 2019B Required Mill Levy.

The District and District No. 1 entered into a Capital Pledge Agreement pursuant to which District No. 1 will transfer all of the Pass Through Tax Revenues and the 2019B Pass Through Tax Revenues to the District. Accordingly, during the TIF Period, the District receives its Pass Through Tax Revenue and 2019B Pass Through Tax Revenue from District No. 1 and not from DURA or the County Treasurer.

**Capital Pledge Agreements**

On April 4, 2019, the District entered into a Capital Pledge Agreement with District No. 1 whereby District No. 1 agreed to pledge the Property Tax Increment Revenue generated by the debt service mill levies imposed by the District and the specific ownership tax revenues derived from the debt service mill levies imposed by the District to the District to facilitate the repayment of the Series 2019A Bonds and the Series 2019B Bonds.

**NOTE 8 RISK MANAGEMENT**

Except as provided in the Colorado Governmental Immunity Act, §24-10-101, et seq., C.R.S., the District may be exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (Pool). The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery and workers compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property, workers compensation, and public officials' liability coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

**NOTE 9 TAX, SPENDING, AND DEBT LIMITATIONS**

Article X, Section 20 of the Colorado Constitution, referred to as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations which apply to the state of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

On May 2, 2006, a majority of the District's electors authorized the District to collect and spend or retain in a reserve all currently levied taxes and fees of the District without regard to any limitations under Article X, Section 20 of the Colorado Constitution.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the Emergency Reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits, will require judicial interpretation.
