## REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Board of Directors  
Golden Eagle Acres Metropolitan District No. 2

### ***Opinion***

We have audited the financial statements of governmental activities and the governmental funds of the Golden Eagle Acres Metropolitan District No. 2 (the "District"), as of and for the year ended December 31, 2021 and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities and the governmental funds of the Golden Eagle Acres Metropolitan District No. 2 as of December 31, 2021, the respective changes in financial position, and the budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("US GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

## ***Auditor's Responsibilities for the Audit of the Financial Statements - continued***

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit,
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements,
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed,
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements,
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Other Matters***

#### ***Required Supplementary Information***

The Board of Directors has elected to omit the Management's Discussion and Analysis information that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Government Accounting Standards Board, who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this omitted information.

#### ***Supplementary Information***

Our audit was conducted with the purpose of forming an opinion on the basic financial statements of the Golden Eagle Acres Metropolitan District No. 2 taken as a whole. The supplementary information on page 19 is presented for purposes of additional analysis and is not a required part of the basic financial statements. The supplementary information is the responsibility of management of the District and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to our auditing procedures applied in the audit of the financial statements and certain other additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Golden Eagle Acres Metropolitan District No. 2

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Golden Eagle Acres Metropolitan District No. 2 (the “District”) conform to the accounting principles generally accepted in the United States of America (“US GAAP”) as applicable to governmental entities. The following is a summary of the more significant policies consistently applied in the preparation of the basic financial statements of the District.

*1. Reporting Entity*

The District was formed, pursuant to the Colorado Special District Act, Article 1 of Title 32 of the Colorado Revised Statutes, in August 2017, as a quasi-municipal corporation and a political subdivision of the State of Colorado. The District was formed in conjunction with Golden Eagle Acres Metropolitan District Nos. 1 (“District No. 1”) and 3 (“District No. 3”), (the “Districts”). The District along with District No. 3, serve as the Financing Districts and District No. 1 serves as the Coordinating District. The District is governed by a five-member Board of Directors. The District is located in the Town of Severance, Colorado.

The Districts were formed to serve the needs of the approximately 160-acre Golden Eagle Acres mixed-use development being developed by Golden Eagle Acres, LLC (“the Developer”). As required by US GAAP, these financial statements present the activities of the District, which is legally separate and financially independent of other state and local government entities. The District has no component units as defined by Governmental Accounting Standards Board (“GASB”), Statement No. 14, *The Reporting Entity* and GASB No. 39, *Determining Whether Certain Organizations are Component Units*.

*2. Measurement Focus and Financial Reporting Framework*

*Government-wide Financial Statements*

The government-wide financial statements, the Statement of Net Position and the Statement of Activities, report information on the accrual basis of accounting related to the *governmental-type activities* of the District, which rely to a significant extent on property taxes and specific ownership taxes. The Statement of Activities demonstrates the degree to which expenses of the *governmental-type activities* are supported by property tax and specific ownership taxes.

*Governmental Fund Financial Statements*

The governmental fund financial statements are prepared using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available if the revenues are collectible within the current period or soon thereafter to pay liabilities of the current period. For that purpose, the District considers revenues to be available if they are expected to be collected within 60 days of the end of the current fiscal period.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - *continued*

2. *Measurement Focus and Financial Reporting Framework - continued*

*Governmental Funds*

The District maintains two individual governmental funds. The governmental funds information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balance for the General Fund and the Debt Service Fund all of which, the District considers to be major funds.

The *General Fund* is the District's primary operating fund. It accounts for all financial resources of the general government, except for those required to be accounted for in another fund.

The *Debt Service Fund* accounts for the resources accumulated and payments made for principal and interest on long-term liabilities of the District.

3. *Cash and Cash Equivalents*

The District considers cash and cash equivalents to include cash on hand, demand deposits and money market accounts, as applicable.

4. *Fair Value of Financial Instruments*

The District's financial instruments may include cash and cash equivalents, property taxes receivable, accounts payable, accrued liabilities and deferred inflows of resources. The District estimates that the fair value of these financial instruments as of December 31, 2021, do not differ materially from the aggregate carrying values used in the accompanying financial statements. The carrying amount of these financial instruments approximates the fair value due to the short maturity of these financial instruments.

5. *Use of Estimates*

The preparation of financial statements in conformity with US GAAP may involve the use of District management's estimates that affect the reported amounts of assets and liabilities as of the date of the financial statements, and the reported amounts of revenue and expenses as applicable, during the reporting period. These estimates are based upon District management's best judgment, after considering past events and assumptions about future events. Actual results could differ from those estimates.

6. *Property Taxes*

Property taxes are levied on December 15 and attach an enforceable lien on the respective property on January 1. Taxes are payable in full on or before April 30 or in two installments on February 28 and June 15. The County Treasurer collects and remits the property taxes to the District on a monthly basis.

The District collects all property taxes and then transfers the property taxes, net of the County Treasurer's fees, to District No. 1. The transfer is reflected as intergovernmental.

Golden Eagle Acres Metropolitan District No. 2

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE B – BUDGET INFORMATION

The District's annual budget is prepared on a Non-GAAP basis for the District's General Fund and Debt Service Fund. An annual appropriated budget is adopted at the total fund expenditure level and the annual appropriations lapse at the end of the District's fiscal year.

The District conforms to the following procedures, in accordance with the State of Colorado Revised Statutes, in the establishment of the budgetary information reflected in the accompanying financial statements.

On or before October 15, the District's Treasurer and/or the District's Manager submit a proposed budget for the subsequent fiscal year to the District's Board of Directors. The budget sets forth all proposed expenditures for administration, operations, maintenance, debt service, and capital projects for the budget year; all anticipated revenues for the budget year; estimated beginning and ending fund balances; actual figures for the prior fiscal year and projected figures through the end of the current year; and a written budget message describing the important features of the budget.

Following receipt of the proposed budget, the District publishes notice of the hearing at which the adoption of the proposed budget will be considered, a statement that the proposed budget is available for inspection, and that any interested elector may file objections to the proposed budget prior to its adoption. The budget hearing is held at a regular or special Board of Directors' meeting.

Following the budget hearing, the Board of Directors adopts the budget and makes appropriations for the budget year. The District also certifies a mill levy for collection in the budget year. Because the District certifies a mill levy, the adoption of the budget, appropriations and certification of the mill levy must occur on or before December 15. Expenditures in excess of the amounts appropriated for a Fund or transfer of monies between Funds must be approved by the Board of Directors in the same manner as the adoption of the budget.

For 2021, the District's Board of Directors amended the General Fund and Debt Service Fund budgets. State of Colorado Statutes requires a balanced budget. The amended budgets reflected an anticipated increase in the amount of bonds issued and the related expenditures for public improvements.

NOTE C – CASH AND INVESTMENTS

The Colorado Public Deposit Protection Act ("PDPA") requires that all units of local government deposit cash in eligible public depositories. State regulators determine the eligibility. Amounts on deposit in excess of the Federal Deposit Insurance Corporation ("FDIC") insurance levels must be collateralized. The eligible collateral is determined by the PDPA. The PDPA allows institutions to create a single collateral pool for all public funds. The pool is to be maintained by another institution, or held in trust for all uninsured public deposits. The market value of the collateral must be equal to 102% of the aggregate uninsured public deposits. The Colorado Division of Banking for banks and savings associations is required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

As of December 31, 2021, all of the District's funds were held in eligible public depositories.

Golden Eagle Acres Metropolitan District No. 2

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE D – LONG-TERM DEBT

*Limited Tax General Obligation Bonds, Series 2021A*

In September 2021, the District issued Limited Tax General Obligation Bonds, Series 2021A, ("Series 2021A Bonds") with a par value of \$3,981,000. The Series 2021A Bonds were issued for the purpose of reimbursing the Developer for the costs of public improvements conveyed to the Town of Severance directly by the Developer, other Developer advances, applicable interest, and paying the costs of issuance of the Series 2021A Bonds.

The Series 2021A Bonds have a final maturity of December 1, 2051, and bear interest from the issuance date at a rate of 4.5% calculated on the basis of a 360-day year of twelve 30-day months, payable to the extent Pledged Revenues, as defined in the Trust Indenture, are available annually on each December 1, commencing December 1, 2021, until the Series 2021A Bonds are deemed to be paid in full or are redeemed prior to maturity.

Due to the "cash flow" structure of the Series 2021A Bonds, there are no scheduled principal payments on the Series 2021A Bonds prior to the final maturity date.

The Pledged Revenue and other amounts available may be insufficient to pay the principal of, and any interest on the Series 2021A Bonds when due. As long as the District neither fails nor refuses to impose the Required Mill Levy or to apply the Pledged Revenue as required, the inability of the District to pay the principal, and any interest when due will not constitute an event of default.

Any principal of the Series 2021A Bonds, that is not paid when due, shall remain outstanding until paid or until the Series 2021A Termination Date (December 2, 2061). Any interest on the Series 2021A Bonds, that is not paid when due, will compound semiannually on each Series 2021A Interest Payment Date listed above at the interest rate borne by such Series 2021A Bonds.

Under the terms of the Trust Indenture any amount of principal or interest on the Series 2021A Bonds that remains unpaid after the application of all Pledged Revenue available on December 2, 2061 shall be deemed to be paid, satisfied, and discharged.

The scheduled December 1, 2021 interest payment totaling \$44,786 was not made as scheduled. As of December 31, 2021, there was accrued interest payable of \$59,715, which includes the December 1, 2021 scheduled interest payment, the accrued and unpaid interest for the period December 1, 2021 through December 31, 2021, as reflected on the Statement of Net Position.

Optional Redemption

The Series 2021A Bonds are subject to redemption prior to maturity, at the option of the District, as a whole or partial multiples of \$1,000, on September 1, 2026, and on any date thereafter, upon payment of par, accrued interest and redemption premium equal to a percentage of the principal amount so redeemed, as follows:

<u>Date of Redemption</u>	<u>Redemption Premium</u>
September 1, 2026 to August 31, 2027	3.00%
September 1, 2027 to August 31, 2028	2.00
September 1, 2028 to August 31, 2029	1.00
September 1, 2029 and thereafter	-

Golden Eagle Acres Metropolitan District No. 2

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE D – LONG-TERM DEBT - *continued*

*Limited Tax General Obligation Bonds, Series 2021A – continued*

Mandatory Redemption

The Series 2021A Bonds are also subject to mandatory redemption in part by lot on December 1 of each year (“Mandatory Redemption Date”). Commencing December 1, 2021, to the extent of moneys on deposit, if any, 45 days day to the applicable Mandatory Redemption Date, and subject to any minimum requirements with respect to the principal amount of bonds to be redeemed as set forth in the Indenture, at a redemption price equal to the principal amount thereof plus accrued interest to the redemption date.

Covenants and Agreements

Under the terms of the Trust Indenture, the District is required to have an annual audit of its financial records to be performed by a Certified Public Accountant completed within reasonable efforts no later than September 30 of the calendar year after the calendar which is the subject of such audit. The foregoing covenant is to apply notwithstanding any State law audit exemptions. Additionally, the District, District No. 1 and District No. 3 are required to prepare at least once a year in the time and manner provided by law an annual budget.

Change in Long-Term Debt

The following is an analysis of the change in the long-term debt for the year ended December 31, 2021:

	December 31, 2020	Additions	Payments	December 31, 2021	Due within One Year
Series 2021A Bonds	\$ -	\$ 3,981,000	\$ -	\$ 3,981,000	\$ -

Debt Issuance Authorization

Under the Districts’ Service Plan the Districts’ maximum amount of indebtedness shall not exceed \$4,037,147. As of December 31, 2021, the Districts had issued the maximum amount of debt available.

Dependence Upon Timely Payment of Property Taxes

Delinquency in the payment of property taxes by the owners of taxable property in the District may impair the repayment of the Series 2021A Bonds in a timely manner. Generally, property tax does not constitute a personal obligation on the property owner, but rather constitutes a lien against the taxed property until paid. The County Treasurer can enforce the payment of delinquent property taxes through the power of foreclosure and subsequent sale in the manner provided by applicable law. The ability of the District to enforce and collect the necessary property taxes is dependent upon the taxed property to have sufficient market value to support the property taxes that are imposed against it.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE E – FUND BALANCE/NET POSITION

*Fund Balance*

The District utilizes the fund balance presentation as required under GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. Fund balances are categorized as non-spendable, restricted, committed, assigned or unassigned.

*Non-spendable* – represents amounts that cannot be spent because they are either in non-spendable form or legally required to remain intact,

*Restricted* – represents amounts with external constraints placed on the use of these resources or imposed by enabling legislation,

*Committed* – represents amounts that can only be used for specific purposes imposed by a formal action of the District’s highest level of decision-making authority, the District’s Board of Directors. Committed resources cannot be used for any other purpose unless the District’s Board of Directors removes or changes the specific use by the same type of action used to commit those amounts, either by resolution or by ordinance,

*Assigned* – represents amounts that the District intends to use for specific purposes as expressed by the District’s Board of Directors or a District official delegated the authority to assign amounts,

*Unassigned* – represents the residual classification for the general fund or deficit balances in other funds, as applicable.

Amounts are considered to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) amounts are available. Unrestricted amounts are considered to have been spent when an expenditure is incurred for purposes for which amounts in any of these unrestricted fund balances classifications could be used.

As of December 31, 2021, the District’s fund balances consisted of the following:

<i>Fund balances</i>	General Fund	Debt Service Fund	Total
Restricted			
Fund balance	-	1,500	1,500
Unassigned	883	-	883
<b>Total</b>	<b>\$ 883</b>	<b>\$ 1,500</b>	<b>\$ 2,383</b>

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE E – FUND BALANCE/NET POSITION - *continued*

*Net Position*

Net Position represents the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources. The District reports three categories of net position, as follows:

*Net investment in capital assets* – consists of net capital assets, reduced by outstanding balances of any related debt obligations and deferred inflows of resources attributable to the acquisition, construction, or improvement of those assets and increased by balances of deferred outflows or resources related to those assets.

*Restricted net position* – net position is considered restricted if their use is constrained to a particular purpose. Restrictions are imposed by external organizations such as federal or state laws. Restricted net position is reduced by liabilities and deferred inflows of resources related to the restricted assets.

*Unrestricted net position* – consists of all other net position that does not meet the definition of the above two components and is available for general use by the District.

When an expense is incurred for purposes for which both restricted and unrestricted net position is available, the District will use the most restrictive net position first.

NOTE F - RELATED PARTY

*Members of the Board of Directors of the Districts*

Members of the Board of Directors of the Districts are affiliated with the Developer.

NOTE G – RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets and natural disasters. These risks are covered by commercial insurance purchased from independent insurance brokers. Settled claims have not exceeded this commercial coverage in any of the past three years.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE H – TAX, SPENDING AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer’s Bill of Rights (“TABOR”), contains tax, spending and debt limitations which apply to the State of Colorado and all local governments.

TABOR requires local governments to establish emergency reserves. These reserves must be at least 3% of fiscal year spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

The District’s management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the calculation of the fiscal year spending limits may require judicial interpretation.

NOTE I – CORONAVIRUS PANDEMIC

In December 2019, an outbreak of a novel strain of coronavirus (“COVID-19”) originated in Wuhan, China and has since spread world-wide, including the United States. In March 2020, the World Health Organization characterized COVID-19 as a pandemic.

The spread of COVID-19 and its variants has altered the behavior of individuals and businesses in a manner that has had significant impacts on global, national, and local economies. Accordingly, state and local governments, including the State of Colorado, have announced orders, recommendations and other measures intended to slow the spread of COVID-19, including the closing of businesses and “stay at home” orders. The COVID-19 measures are changing rapidly and in 2022, many restrictions are being relaxed or eliminated.

The District continues to monitor and assess the effects of the COVID-19 pandemic on the District; however, the ultimate impact of the COVID-19 outbreak or a similar health epidemic is highly uncertain and subject to change.

NOTE J – MANAGEMENT’S EVALUATION OF SUBSEQUENT EVENTS

The preparation of the District’s financial statements and accompanying footnotes in conformity with generally accepted accounting principles requires management of the District to evaluate transactions and events subsequent to the accompanying financial statements date involving the District. Management has evaluated the subsequent transactions and events of the District through August 24, 2022, which is the date the financial statements and accompanying footnotes were available for issuance.

NOTE K – RECONCILIATION OF GOVERNMENT-WIDE AND GOVERNMENTAL FUND  
FINANCIAL STATEMENTS

The Governmental Funds Balance Sheet/Statement of Net Position includes an adjustments column which reconciles the differences between the government-wide and fund financial statements as follows:

Long-term liabilities are not due and payable in the current period and, therefore, are not reflected in the governmental funds,	\$	3,981,000
--	----	-----------

Interest is recognized in the governmental funds as paid; therefore accrued interest is only recognized on the Statement of Net Position.		59,715
---	--	--------

The Statements of Governmental Funds Revenues, Expenditures and Change in Fund Balance/Statement of Net Activities includes an adjustments column which reconciles the differences between the government-wide and fund financial statements as follows:

Interest is recognized in the governmental funds as paid. For the Statement of Activities interest expense is recognized as incurred. This is the difference between the amount of interest paid and the amount of interest incurred,	\$	59,715
---	----	--------

Governmental funds report the proceeds for the issuance of debt as revenue. However, in the government-wide presentation, the proceeds from the issuance of debt is eliminated and the outstanding amount of the bonds is reflected on the Statement of Net Position. During 2021, this is the amount of the proceeds from issuance of bonds.		3,981,000
---	--	-----------
