INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
The Southeast Weld Fire Protection District
Keenesburg, Colorado

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and aggregate remaining fund information of The Southeast Weld Fire Protection District, State of Colorado as of and for the years ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of The Southeast Weld Fire Protection District, State of Colorado as of December 31, 2021, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Southeast Weld Fire Protection District, State of Colorado, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Southeast Weld Fire Protection District, State of Colorado's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Southeast Weld Fire Protection District, State of Colorado's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Southeast Weld Fire Protection District, State of Colorado's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3-8, budgetary comparison information on pages 37-41, the Schedule of Changes in Net Pension Liability / Asset and Related Ratios on Page 42, the Schedule of Contributions on page 43, and the Schedule of Proportionate Share of Net Pension Liability and Schedule of Contributions on page 44 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

SOUTHEAST WELD FIRE PROTECTION DISTRICT

KEENESBURG, ROGGEN, AND PROSPECT VALLEY, COLORADO

December 31, 2021

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of Southeast Weld Fire Protection District's (the "District") annual financial report presents management's discussion and analysis of the District's financial performance for the year ended December 31, 2021. The Management Discussion and Analysis ("MD&A") should be read in conjunction with the District's financial statements, including the notes to financial statements and supplemental information that immediately follow this section.

Organization and Purpose of District

The District is a special purpose organization established in 1954 as a political subdivision of the State of Colorado that provides public safety, Fire and Ambulance Service to the citizens of Southeast Weld County and Northern Adams County, consisting of approximately 492 square miles principally in the rural and urban areas of Keenesburg, Roggen, and Prospect Valley, Colorado. Five elected persons comprising the Board of Directors manage the Fire District.

Expenditures of the District's General Fund consist of administration, training of fire fighters and volunteers, fire equipment and stations maintenance, emergency medical services, and capital outlay. Expenditures of the District are financed primarily by general property tax revenue from an annual mill levy and earnings on investments. The annual mill levy of 10.270 was paid to the General Fund.

An allocation of \$216,095 was transferred to the Firemen's Pension Fund.

This Pension Fund provides retirement benefits to volunteer firefighters through a defined benefit plan, known as the Firemen's Pension Fund of the Southeast Weld Fire Protection District. The Plan is managed and administered by a separate Board of Trustees consisting of the District's Board of Directors plus two members elected by the membership. The Firemen's Pension Board signed an agreement with Colotrust to invest a portion of its funds with the goal of diversifying the portfolio, minimizing risk and improving asset returns for the success of the Firemen's Pension Fund.

Expenditures of the District Firemen's Pension Fund were financed, as stated above; primarily by a general fund allocation budgeted by the Board. Secondly, funds from the State of Colorado Department of Local Affairs that matches 90% of the District's contribution up to a maximum of .5 mill of the District's previous year's net assessed valuation.

Financial Highlights

The property tax revenue for 2021 was generated from taxable property with the 2020 gross total assessed value certification of \$657,835,120 and \$431,494,880 in Weld and Adams County, respectively. The District established a mill levy of 10.270 for the General Fund. Other significant matters are as follows:

- The net position of the District increased by \$4,322,237 during 2021, compared to prior year increase of \$1,107,506. The difference is due to an increase in property tax revenue, specific ownership taxes, protection services, impact fees and the ambulance contract.
- The District capitalized \$297,060 of property and equipment, and recorded depreciation of \$510,009 during 2021. In 2020 the District capitalized \$442,021 and recorded depreciation of \$499,934. See Table 5 for detailed information.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

- The District's revenues derived from general property taxes accounted for \$6,747,392 in revenue, compared to prior year of \$4,605,238 or 82.39% and 84.02% of all revenues for each year. Specific ownership tax and interest on delinquent taxes, net of abatements, impact fee, interest earned, other income accounted for \$1,442,169 in 2021 and \$876,141 in 2020 for total revenues of \$8,189,561 and \$5,481,379 respectively. The District's expenditures, excluding depreciation, amounted to \$3,213,866 in 2021 and \$3,248,011 in 2020. See Table 2.

Overview of the Financial Statements

This annual report consists of three parts-*Management's Discussion and Analysis* (this section), the *basic financial statements and required supplemental information*. The basic financial statements include two kinds of statements that present different views of the District.

The first two statements are government-wide financial statements that provide both short-term and long-term information about the District's overall financial status.

The remaining statements are fund financial statements that focus on individual parts of the District, reporting the District's operation in more detail than the government wide statements. The fund financial statements are composed of government fund statements which tell how basic services were financed in the short term, as well as what remains for future spending.

Notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Supplementary information provides certain required information concerning the District's progress in funding its obligation to provide pension benefits to its firefighters. Also included are budgetary comparison schedules for all annually budgeted nonmajor special revenue, debt service, capital projects funds, and Firemen's Pension Fund.

The Statement of Net Position and the Statement of Activities

The Statement of Net Position and Statement of Activities report information about the District as a whole and about its activities. These statements include all assets, deferred outflows, liabilities, and deferred inflows of the District using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the District's net position and changes in them. Net position is the difference between assets and deferred outflows and liabilities and deferred inflows, which is one way to measure the District's financial health, or financial position. Over time, increases or decreases in the District's net position is one indicator of whether its financial health is improving or deteriorating. To assess the overall health of the District, you need to consider additional non-financial factors including the condition of the District's buildings and other equipment.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

**FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE
NET POSITION
TABLE 1**

	12/31/2021	12/31/2020	Change	% Change
ASSETS				
Current	\$ 12,944,864	\$ 9,232,824	\$ 3,712,040	40.20%
Noncurrent:				
Net pension asset	-	-	-	0.00%
Restricted assets	372,383	75,682	296,701	392.04%
Capital assets (net)	3,297,491	3,510,440	(212,949)	-6.07%
Total Assets	16,614,738	12,818,946	3,795,792	
Total Deferred Outflows	940,991	898,421	42,570	4.74%
LIABILITIES				
Current	67,819	49,833	17,986	36.09%
Noncurrent liabilities	1,390,166	1,450,231	(60,065)	-4.14%
Total Liabilities	1,457,985	1,500,064	(42,079)	
DEFERRED INFLOWS				
Unearned revenue - property taxes	5,998,575	6,755,966	(757,391)	-11.21%
Deferred inflows related to pensions	675,607	360,012	315,595	87.66%
Total Deferred Inflows	6,674,182	7,115,978	(441,796)	
NET POSITION				
Net investment in capital assets	3,232,691	3,510,440	(277,749)	-7.91%
Restricted	626,055	170,143	455,912	267.96%
Unrestricted	5,564,816	1,420,742	4,144,074	291.68%
Total Net Position	\$ 9,423,562	\$ 5,101,325	\$ 4,322,237	

The District's net position was \$9,423,562 for the year ended December 31, 2021. Of this amount, \$5,564,816 was unrestricted. Restricted net position is reported separately to show legal constraints from debt covenants and enabling legislation that limit the Board's ability to use the net position for day-to-day operations. Our analysis above focuses on the net position (Table 1) and changes in net position (Table 2) below of the District's governmental activities.

Significant change in net capital assets was caused by capital assets purchased of \$297,060 less depreciation expense of \$510,009.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

A summary of total District revenues, expenses and changes in net position is presented in the table below.

**CHANGES IN NET POSITION
TABLE 2**

	<u>12/31/2021</u>	<u>12/31/2020</u>	<u>Change</u>	<u>% Change</u>
REVENUES				
Taxes:				
General property	\$ 6,747,392	\$ 4,605,238	\$ 2,142,154	46.52%
Specific ownership	344,326	223,825	120,501	53.84%
Interest on delinquent taxes	2,708	1,719	989	57.53%
Other revenues	1,090,229	641,421	448,808	69.97%
Earnings on investments	9,038	9,176	(138)	-1.50%
Net increase (dec) in FMV of investment	(4,132)	-	(4,132)	0.00%
Total Revenues	8,189,561	5,481,379	2,708,182	
Proceeds from sale of assets	-	11,000	(11,000)	-100.00%
Contributions	11,911	550	11,361	2065.64%
Grant proceeds	-	-	-	0.00%
Net pension increase (decrease)	(155,360)	(637,478)	482,118	-75.63%
Total Other Financing Sources	(143,449)	(625,928)	482,479	
PROGRAM EXPENSES				
Public Safety	3,213,866	3,248,011	(34,145)	-1.05%
Depreciation	510,009	499,934	10,075	2.02%
Total Program Expenses	3,723,875	3,747,945	(24,070)	
Increase (Decrease) in Net Position	\$ 4,322,237	\$ 1,107,506	\$ 3,214,731	

The revenue generated from property taxes increased due to an increase of taxable valuation in 2021, and reporting all property taxes inside General Fund, impact fees, and ambulance contract.

**GOVERNMENTAL ACTIVITIES
COST OF SERVICES
TABLE 3**

	<u>2021</u>	<u>2020</u>	<u>Change</u>
Fire protection services	\$ 3,213,866	\$ 3,248,011	\$ (34,145)
Depreciation	510,009	499,934	10,075
Total Governmental Activities	\$ 3,723,875	\$ 3,747,945	\$ (24,070)

This table displays, by function, the total costs of services provided for 2021 compared to 2020. Since the District has no program revenue to net against cost, it is reported at full cost.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

Financial Analysis of the District's Funds

Fund Financial Statements

The fund financial statements provide more detailed information about the District's most significant funds – not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs:

- Some funds are required by law and covenants.
- The District establishes other funds to control and manage money for particular purposes or to show that certain revenues have been properly used.

Governmental Funds

Most of the District's basic services are reported in governmental funds which generally focus on how money flows into and out of those funds and the balances left at year end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash, and all other financial assets that can readily be converted to cash. The governmental fund statements provided a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental fund statement that explains the relationship (or differences) between them.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS
TABLE 4

	<u>Fund Balance</u>		<u>Increase</u>	<u>Change</u>
	<u>12/31/2021</u>	<u>12/31/2020</u>	<u>(Decrease)</u>	
<u>General Fund</u>	<u>\$ 7,258,053</u>	<u>\$ 2,502,707</u>	<u>\$ 4,755,346</u>	<u>190.01%</u>

As the District completed this year, our Fund reported a fund balance of \$7,258,053 which is a \$4,755,346 increase from last year. Decrease in purchases of capital assets of \$297,060 in 2021, compared to \$442,021 in 2020.

General Fund Budgetary Highlights

The District's 2021 General Fund operating budget was adopted by the Governing Board on December 10, 2020. As adopted, projected expenditures and other financing uses totaled \$7,363,466 (including additional appropriations of \$0) and budgeted revenues totaled \$7,363,466. Actual expenditures were \$3,510,926, and revenues/transfers in were \$8,266,272.

Capital Asset and Debt Administration

At December 31, 2021, the District had \$7,634,541 in a broad range of capital assets, including land, buildings, furniture and equipment. The District's capitalization threshold is \$2,500.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

CAPITAL ASSETS
TABLE 5

	<u>12/31/2021</u>	<u>12/31/2020</u>	<u>Change</u>	<u>% Change</u>
Land	\$ 100,565	\$ 89,765	\$ 10,800	12.03%
Land improvements	76,274	48,994	27,280	55.68%
Buildings and improvements	2,080,791	1,897,778	183,013	9.64%
Vehicles	4,169,214	4,102,608	66,606	1.62%
Equipment	1,200,224	1,190,863	9,361	0.79%
Furniture and fixtures	7,473	7,473	-	0.00%
Total Capital Assets	7,634,541	7,337,481	297,060	
Accumulated depreciation	(4,337,050)	(3,827,041)	(510,009)	
Net Capital Assets	3,297,491	3,510,440	(212,949)	

Total capital assets decrease by \$212,949, which included \$297,060 in purchases and \$0 in dispositions.

Long Term Debt at Year End

As of Fiscal Year, 2021, the District purchased property under an installment agreement payable over 9 years.

The Southeast Weld Fire Protection District (District) management is committed to fiscal responsibility and has judicially managed the finances of the District to a debt free status. However, as future growth within the District's boundaries continues to grow, so will the financial liabilities of the District to provide public safety (fire protection) to the citizens of Southeast Weld County and Northern Adams County.

Future Budget Considerations

The District continues to experience significant increases in dispatched emergency calls and low volunteer turnout. This subsequently requires an increase in operating expenses and capital asset expenditures for full time fire fighters, vehicles and equipment. Fire and medical training along with equipment upgrades insures a better ISO rating. During the April 2022, regular meeting the Board accepted Public Protection Classification (PPC) Summary Reports for renewed ISO (Insurance Services Office) ratings. The Town of Keenesburg received a PPC Class 2 (previously having a Class 2 rating). Rural areas within five road miles of any of our fire stations received PPC Class 2 rating (previously having Class 4 ratings).

The District has twenty-three (24) full-time employees (District Chief, Administrative Assistant, Officers, and firefighters) and seven (7) reserves who volunteer to allow for a 48/96 schedule and PTO. Duties include fire-fighting, EMS services, equipment and facilities maintenance, building inspections, and other duties required by the 2018 International Fire Code (adopted in 2019) and emergency medical services compliance required by regulatory agencies.

The financial impact to the District to implement these requirements is presently being evaluated to determine how and when such expenditures need to be incurred and from what sources funds are available.

Contacting the District's Financial Management

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, please contact Casey Neill, Board President of the Southeast Weld Fire Protection District at 95 W. Broadway Avenue, Keenesburg, Colorado 80643.

NOTES TO THE BASIC FINANCIAL STATEMENTS

SOUTHEAST WELD FIRE PROTECTION DISTRICT

Notes to the Basic Financial Statements

December 31, 2021

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Southeast Weld Fire Protection District (District) have been prepared in conformity with generally accepted accounting principles (GAAP) as applicable to state and local governments. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

Reporting Entity

The District was incorporated April 26, 1954 as a special purpose government established pursuant to the statutes of the State of Colorado to provide public safety (fire protection services) to the citizens of Southeast Weld County and Northern Adams County, Colorado. The District has fire stations in Keenesburg, Roggen and Prospect Valley, Colorado. These statutes provide that the chairman of the elected Board of Directors is the chief administrative officer and that the Board of Directors shall be the policy-making authority.

The District is a primary government that has a separately elected governing board and is legally separate, as well as financially independent of other state and local governments. The primary government may appoint a simple majority of the organization's governing board or have the ability to impose its will on the organization. A component unit may be a financial benefit or burden to the primary government and which is a legally separate organization of which the elected officials of the primary government are financially accountable. The District does not have any component units.

The Firemen's Pension Fund exclusively benefits the primary government and is governed by the board comprised substantially of the primary government's elected governing board. The primary government approves the budget of the Firemen's Pension Fund and is reported as a fiduciary trust fund.

New Accounting Pronouncements

GASB Statement No 89, *Accounting for Interest Cost Incurred Before the End of a Construction Period*. This statement establishes accounting requirements for interest cost incurred before the end of construction period to be expensed in the period in which the cost is incurred. Implementation had no impact on the District's financial statements.

GASB Implementation Guide No. 2019-1, addressing topics ranging from irrevocable split-interest agreements and tax abatements to derivative instruments and postemployment benefits. Implementation had no impact on the District's financial statements.

Basic Financial Statements

Government-Wide Financial Statements consist of Statement of Net Position and Statement of Activities, these statements report information about the reporting entity as a whole. These statements are presented on an "economic resources" measurement focus and the accrual basis of accounting. Accordingly, the assets, deferred outflows of resources, liabilities, and deferred inflows of resources, including capital assets, infrastructure assets, and long-term liabilities, are included in the accompanying Statement of Net Position. The Statement of Activities presents changes in net position. Under the accrual basis of accounting, revenues are recognized in the period earned while expenses are recognized in the period the liability is incurred, regardless of the timing of the related cash flows.

SOUTHEAST WELD FIRE PROTECTION DISTRICT

Notes to the Basic Financial Statements

December 31, 2021

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basic Financial Statements (continued)

Governmental Fund Financial Statements consist of Balance Sheet and Statement of Revenue, Expenditures and Changes in Fund Balance for all major governmental funds and non-major funds aggregated. These statements are presented on the “*current financial resources*” measurement focus and the modified accrual basis of accounting. Accordingly, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Revenues are recognized when received in cash, except for revenues subject to accrual (generally 60 days after year-end) are recognized when due.

The District reports the following fund financial statements:

General Fund (major) is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. When both committed and unassigned resources are available for use, it is the District’s policy to use the committed resources first, then the unassigned resources as they are needed.

A Fiduciary Fund (Pension) accounts for activities of the Firemen’s Pension Fund and is used for retirement annuity payments for the District’s volunteer firefighters.

Budgets and Budgetary Accounting

An annual budget and appropriation resolution are adopted by the District in accordance with the Colorado State Statutes. The budget for the General Fund is prepared on a basis consistent with generally accepted accounting principles, except capital outlays are treated as expenditures.

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- On or about November 1, the board submits a proposed General Fund budget for the fiscal year commencing January 1. The budget includes proposed expenditures and the means of financing them.
- Public hearings are conducted to obtain taxpayer comments. Prior to December 15, the District certifies the levy to the Board of County Commissioners.
- Prior to December 31, the budget is legally adopted by the District. Colorado law requires that the General Fund have a legally adopted budget and total expenditures cannot exceed the amount appropriated. Appropriations lapse at the end of the fiscal year, but appropriations may be increased prior to the end of the fiscal year provided that the increase is offset by unanticipated resources.

Encumbrances

Encumbrances are commitments under purchase orders, contracts, and other commitments (as opposed to expenditures) and are shown in the governmental fund types as committed fund balance for subsequent fiscal year’s expenditures.

Cash and Cash Equivalents

For purposes of the basic financial statements, the District considers cash equivalents to be highly liquid short-term investments that are readily convertible to known amounts of cash and mature within three months of the date they are acquired.

Certificates of Deposit

Certificates of deposit are carried at cost plus accrued interest, which approximates fair value.

SOUTHEAST WELD FIRE PROTECTION DISTRICT

Notes to the Basic Financial Statements

December 31, 2021

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investments

Investments are carried at fair value plus accrued interest with net appreciation or depreciation on investments included in earnings on investments. See Note 3 for further discussion.

Investments are reported in accordance with GASB Statement 72, as amended.

Prepaid Expenses

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Capital Assets

Capital assets, which include land, buildings and improvements, equipment, vehicle, and infrastructure assets, are reported in the governmental-wide financial statements. The District records its property and equipment at historical cost. The District capitalizes property and equipment with a unit value of \$2,500 or more. Contributed capital assets are valued at their estimated fair value on the date donated. Maintenance and repairs are charged to current period operating expenses, whereas additions and improvements are capitalized. Upon retirement or other disposition of property and equipment, the costs and related accumulated depreciation are removed from the respective accounts and any gains or losses are included in operations. Interest costs relating to construction are capitalized. During years ended December 31, 2021 and 2020, no interest was capitalized.

Depreciation is computed using the straight-line method over the following estimated useful lives:

	<u>Years</u>
Buildings and improvements	30 to 40
Equipment	5 to 10

As a result of the implementation of Statement No. 34, the District is accounting for infrastructure and capital assets on its financial statements. The government-wide financial statements include those assets that were completed during the fiscal year-end, considered construction in progress or purchased or constructed in prior years.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Compensated Absences

All full-time employees are granted annual vacation leave in varying amounts depending upon the length of continuous service and classification. Vacation time cannot be accumulated from one year to another. Paid time off (PTO) is accrued at a rate of 4 hours each month from date of hire; under no circumstances shall an employee accrue more than 288 hours. Employees have no property interest in accrued PTO and accrued but unused PTO is forfeited upon termination or separation of employment.

Restricted Assets

Restricted assets include emergency services impact fees collected per residential dwelling unit and a dollar amount per square foot for commercial and other non-residential development. See Note 17 for further discussion.

SOUTHEAST WELD FIRE PROTECTION DISTRICT

Notes to the Basic Financial Statements

December 31, 2021

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Equity - Net Position

For government-wide presentation purposes, when both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first, then unrestricted resources as they are needed.

Equity - Fund Balance

In the governmental funds, fund balances should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, or unassigned. The following classifications describe the relative strength of spending constraints:

- (1) **Nonspendable Fund Balance** – the portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.
- (2) **Restricted Fund Balance** – the portion of fund balance that is constrained to be used for a specific purpose by external parties (creditors, grantors, or contributors), enabling legislation or constitutional provisions.
- (3) **Committed Fund Balance** – the portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making, District Board. The constraint may be removed or changed only through formal action of District's Board through approval of resolutions.
- (4) **Assigned Fund Balance** – the portion of fund balance that is constrained by the government's intent to be used for specific purposes, but is neither restricted nor committed. Intent is expressed by the District Board to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.
- (5) **Unassigned Fund Balance** – the residual portion of fund balance that does not meet any of the criteria described above. Negative unassigned fund balance in other governmental funds represents excess expenditures incurred over the amounts restricted, committed, or assigned to those purposes.

If more than one classification of fund balances is available for use when an expenditure is incurred, it is the District's practice to use the most restrictive classification first.

NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Article X, Section 20, of the Colorado Constitution contains several limitations, including revenue raising, spending abilities and other specific requirements of state and local governments. The Amendment is complex and subject to judicial interpretation. The District believes that it is in compliance with the requirements of the amendment. However, the District has made certain interpretations of the amendment's language in order to determine its compliance.

In 1997, the registered voters of the District approved a ballot issue allowing the District to be governed by prior State law regarding retention and limitation of revenues to a five and one-half (5 ½) percent increase per year as determined by the division of local governments for year 1999, also to be effective for all years thereafter.

In November 2003, the registered voters of the District approved an increase in the General Fund mill levy of 2.50 mills for a total of 5.764 mills. Then in November 2015, the registered voters of the District approved an increase in the General Fund mill levy of 2.00 mills for a total of 7.764 mills.

SOUTHEAST WELD FIRE PROTECTION DISTRICT

Notes to the Basic Financial Statements

December 31, 2021

NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (CONTINUED)

In November 2018, the registered voters of the District approved an increase in the General Fund mill levy of 2.50 mills for a total mill levy of 10.264. Registered voters also approved for the District to adjust its mill levy to offset any resulting decrease in revenue only if the residential assessment rate is reduced below the current rate established pursuant to Section 3 of Article X of the Colorado Constitution.

The Amendment also requires the local government to reserve three (3) percent of total expenditures for emergencies in 1995 and years thereafter. (The definition of an “emergency”, under the Amendment is restricted to natural events, but excludes “economic conditions, revenue shortfalls, or District salary or fringe benefit increase.”) Accordingly, the District has reviewed the existing reserves and determined that a minimum of three (3) percent or \$253,672 and \$170,143 existed at December 31, 2021 and 2020, respectively, to comply with the provision of the Amendment.

NOTE 3 - CASH DEPOSITS AND INVESTMENTS

Cash deposits and investments are reported in the financial statements as follows:

	2021			2020

Cash Deposits

As of December 31, 2021, the carrying amount of the District’s deposits was \$983,687 and the corresponding bank balance was \$1,208,656.

SOUTHEAST WELD FIRE PROTECTION DISTRICT

Notes to the Basic Financial Statements

December 31, 2021

NOTE 3 - CASH DEPOSITS AND INVESTMENTS (CONTINUED)

Cash Deposits (continued)

Custodial Credit Risk is the risk that, in the event of the failure of a bank failure, the government's deposits may not be returned to it. District bank accounts at year-end were entirely covered by federal depository insurance or by eligible collateral maintained by another financial institution or held by the District's custodial banks in its name under provisions of the Colorado Public Deposit Protection Act (CPDPA). The CPDPA requires financial institutions to pledge collateral having a market value of at least 102% of the aggregate uninsured deposits.

The State Regulatory Commissions for banks are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

Investments

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which a political subdivision may invest, which include:

- Obligations of the United States and certain U.S. government agency securities
- Certain international agency securities
- General obligation and revenue bonds of U.S. local government entities
- Bankers' acceptances of certain banks
- Commercial paper
- Written repurchase agreements collateralized by certain authorized securities
- Certain money market funds
- Guaranteed investment contracts
- Local government investment pools

Maturities of investments at December 31, 2021 were as follows:

Rating	Investment Maturities in Years				Total
	Less than 1	1 to 5	6 to 10	More than 10	
Certificates of deposit	\$ -	\$ -	\$ -	\$ -	\$ -
Annuities	-	587,111	-	-	587,111

Investments at fair value	-	304,389	-	-	304,389
Total Investments	\$ 7,690,703	\$ 891,500	\$ -	\$ -	\$ 8,582,203

The District's policy is to hold investments until maturity and to invest its funds in a manner which will provide for the highest investment return consistent with the preservation of principal and provision of the liquidity necessary for daily cash flow demands.

Interest Rate Risk is the risk that changes in interest rate will adversely affect the fair value of an investment. The District investment portfolio does not contain investments that exceed the five-year limitation imposed by Colorado Statutes.

Credit Risk is the risk that an issuer or other counterparts to an investment in debt securities will not fulfill its obligations to the District. The District's investment policy follows Colorado Revised Statutes.

SOUTHEAST WELD FIRE PROTECTION DISTRICT

Notes to the Basic Financial Statements

December 31, 2021

NOTE 3 - CASH DEPOSITS AND INVESTMENTS (CONTINUED)

Investments (continued)

Concentration of Credit Risk is the risk of loss attributed to the magnitude of a District's investment in a single issuer. The District has no such policy limiting how much can be with one financial institution.

Custodial Credit Risk is the risk that, in the event of the failure of the issuer or counterparty, the District will not be able to recover the value of its investment or related collateral securities that are in the possession of an outside party. The District had custodial credit risk for its investments at December 31, 2021.

Foreign Currency Risk is the risk that an investment denominated in the currency of a foreign country could reduce its U.S. dollar value, as a result of changes in foreign currency exchange rates. The District has no policy for foreign currency risk since all are in the form of U.S. Securities.

Local Governmental Investment Pools, the District had investments in the Colorado Local Government Liquid Asset Trust (COLOTRUST), a local government investment pool, comprised of three funds: COLOTRUST PRIME, COLOTRUST PLUS+, and COLOTRUST EDGE. PRIME invests only in U.S. Treasury and government agencies, while PLUS+ invests in U.S. Treasury, government agencies and in the highest-rated commercial paper. These two investment pools are rated AAAM by S&P Global Ratings and operate similar to a money market fund with a share value equal to \$1.00 and a maximum weighted average maturity of 60 days. EDGE invests in money market instruments and medium-term notes and is rated AAAF by Fitch Ratings. EDGE is characterized by a higher weighted average maturity (beyond 60 days) and a longer target duration than either PRIME or PLUS+. As an investment pool, COLOTRUST operates under the Colorado Revised Statutes (24-75-701) and is overseen by the Colorado Securities Commissioner. The Trust is exempt from registration with the Securities and Exchange Commission. For more information on COLOTRUST call (303) 864-7474 or go to www.colotrust.com.

Fair Value of Investments, the District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs.

There is a hierarchy of three levels of inputs that may be used to measure fair value, as follows:

Level 1: Quoted prices in active markets for an identical asset or liability that a government can access at the measurement date

Level 2: Inputs other than quoted prices included within Level 1 that are observable for an asset or liability, either directly or indirectly. Inputs include quoted prices for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the asset or liability.

Level 3: Unobservable inputs for an asset or liability.

The District's investment in COLOTRUST PRIME and PLUS+ is measured at net asset value, equal to \$1.00 per share. There are no unfunded commitments, the redemption frequency is daily, and there is no redemption notice period. There is not an investment component to be valued under GASB Statement 72, *Fair Value Measurement and Application*. COLOTRUST EDGE does not seek to maintain a stable net asset value.

Administration	\$ 5,495
Fire fighting	-
Fire prevention	-
Fire training	-
Equipment repair	-
Fire communications	31,813
Fire stations and buildings	472,701
Emergency medical services	-
Total Depreciation Expense	\$ 510,009

NOTE 5 – JOINT VENTURE

The District participates with various Districts, cities, fire protection district and Adams County, Colorado in the Emergency Telephone Services Authority (Authority) organized in 1986, which provides emergency 911 dialing services to telephone customers within the District’s boundaries. On dissolution of the Authority, the net assets will be shared proportionately to the contributions made by each participant. The District has not made and is not required to contribute to the Authority. The Authority is governed by a five-member board of directors chosen by the Adams County, Colorado Board of Commissioners of which two must be from special districts. The Authority is primarily funded through a monthly surcharge to each customer’s telephone bill.

NOTE 6 - ASSESSMENTS

Property taxes are attached as an enforceable lien on property as of January 1. Taxes are certified by Weld and Adams Counties, Colorado. The counties send invoices and collect the District’s property taxes. Property taxes are recognized as receivables and deferred revenues when levied and as revenue when due for collection in the following year.

The fiscal year assessments calendar is as follows:

Lien Date	January 1
Assessment Date	November 1
Assessment bills mailed	January 1
First installment due	February 28
Second installment due	June 15
If paid in full, due	April 30
Tax sale – delinquent assessments	November 15

NOTE 8 – LONG-TERM DEBT

Installment Note Payable

On March 5, 2021, the District entered into an Installment Sale Purchase Agreement for Land and Quonset located at 70 South Elm Street, Keenesburg, Colorado. The agreement provides for nine annual principal payments of \$7,200 at an annual effective interest rate is 0.00%. The first payment of \$7,200 is due on March 5, 2022, with annual payments thereafter until March 5, 2030. No prepayment of principal is allowed per the agreement.

Future minimum payments under the Installment Sale Purchase Agreement:

Year	Principal	Interest	Total
2021	\$ 7,200	\$ -	\$ 7,200
2022	7,200	-	7,200
2023	7,200	-	7,200

Notes to the Basic Financial Statements

December 31, 2021

NOTE 9 - RISK FINANCING

The District is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, errors and omissions, injuries to employees and subcontractors, and natural disasters. The District purchases commercial insurance for most risks of loss. As of December 31, 2021, and 2020, the District did not have any liabilities in excess of insurance limits. Claims have not exceeded insurance coverage in the prior three years.

NOTE 10 - CONTINGENCIES

In the opinion of the District's management and counsel, there is no material pending or threatened litigation, claims, and assessments. Furthermore, the District's management and counsel are unaware of any unasserted possible claims or assessments that are probable of assertion and must be disclosed as of December 31, 2021 and 2020.

NOTE 11 – FIREMEN'S PENSION

Plan Description

The Firemen's Pension Plan of the Southeast Weld Fire Protection District (Pension Plan) is a defined Benefit Plan managed and administered by a separate Board of Trustees. The Board consists of six members, the five Board of Directors of the District and one elected member from fire District. Amended and restated rules and bylaws of the Firemen's Pension Plan were adopted on February 9, 2009. The plan is for the exclusive benefit of the membership (volunteer firefighters) of the District and their beneficiaries and is a closed plan.

Benefit Provisions

Benefits are payable upon normal retirement to volunteer firefighters at age 50 who have met the credited service requirement period of 10 years in volunteer fire fighting for a fire protection district. A volunteer firefighter must maintain a minimum training participation in the fire department for thirty-six hours each year to qualify for a year of credit. Benefits of \$420 per month (effective 08/01/2007) are prorated for firefighters with 10 to 30 years of credited service. Benefits up to \$630 per month (effective 08/01/2007) are payable to firefighters with 30 or more years of service. A surviving spouse receives a monthly benefit equal to 50% of the benefit being paid to the retiree.

On August 8, 2011, the Pension Board approved to increase the benefit payments by 25% (effective 10/01/2011).

On August 12, 2015, Pension Board approved to increase benefit payments to a \$125.00 increased level where \$650.00/20 (years of service) is calculated for payment with a cap of \$975.00 per month for those earning 30 or more years of service (effective 01/01/2016).

On August 10, 2017, Pension Board approved to increase benefit payments to a \$150.00 increased level where \$750.00/20 (years of service) is calculated for payment with a cap of \$1,125.00 per month for those earning 30 or more years of service (effective 01/01/2018).

On August 15, 2019, Pension Board approved to increase benefit payments for 10 to 30 years of service to \$900.00 times years of service divided by 20 with a cap of \$1,350.00 per month for those earning 30 or more years of service (effective 01/01/2020).

System Description

The Pension Board self-manages the pension funds. The Pension Board is responsible for ensuring that the Account Assets are invested in only those specifically authorized by the "Volunteer Firefighter Pension Act".

NOTE 11 – FIREMEN’S PENSION (CONTINUED)**Membership**

Plan membership at December 31 consisted of the following:

	2021	2020
Inactive members or beneficiaries currently receiving benefits	28	30
Inactive members entitled to but not yet receiving benefits	5	5
Active members not entitled to benefits	2	2
	35	37
Covered payroll	N/A	N/A

Actuarial Assumptions

The total pension liability (asset) was determined by an actuarial valuation on January 1, 2021, using the following key actuarial assumptions:

Actuarial cost method	Entry age normal - level dollar
Amortization method	Level dollar, closed for unfunded; open for surplus
Remaining amortization period	8 years for unfunded; 30 years for surplus
Asset valuation method	Market value of assets
Inflation	2.25%
Salary increases	N/A
Investment rate of return	3.75%
Cost of living adjustment	None
Retirement age	Later of age 50 or 10 years of service
Turnover	15% per year for less than 5 years of service; 8% for 5-9 years of service; none assumed after 9 years of service.
Mortality	PUB-2010 General Employee and Healthy Retiree Tables for Safety Employees with Generational Projection using MP2020
Changes in actuarial assumptions	No significant changes in the actuarial assumptions from prior year

Investments

Investments at December 31 consisted of the following:

	2021		2020	
Certificates of deposit	\$ -	0.00%	\$ -	0.00%
Annuities	315,000	13.99%	315,000	14.04%
Investments at fair value	304,389	13.52%	296,609	13.22%
Local government investment pools	1,632,120	72.49%	1,631,892	72.74%
Total Investments	\$ 2,251,509	100.00%	\$ 2,243,501	100.00%

Plan Contribution

Funding of accrued pension benefits is accomplished primarily through contributions from the State of Colorado, and the District. Currently the State matches 90% of District contributions up to a maximum of 0.5 mills on the assessed valuation. For 2021 and 2020, these contributions amounted to \$243,980 and \$275,873, respectively. Colorado statutes provide those benefits are payable only to the extent of assets available in the Firemen’s Pension Plan.

SOUTHEAST WELD FIRE PROTECTION DISTRICT

Notes to the Basic Financial Statements

December 31, 2021

NOTE 11 – FIREMEN’S PENSION (CONTINUED)

Discount Rate

Projected benefit payments are required to be discounted to their actuarial present values using a single discount rate that reflects 1) a long-term expected rate of return on pension plan investments and 2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date. The long-term expected rate of return on pension plan investments is 3.75%; the municipal bond rate is 2.12%; and the resulting Single Discount Rate is 3.75%.

Sensitivity to Single Discount Rate Assumption

The following presents the plan’s net pension liability / (asset), calculated using a Single Discount Rate of 4.50%, as well as what the plan’s net pension liability / (asset) would be if it were calculated using a Single Discount Rate that is 1 percent lower or 1 percent higher:

	1% Decrease <u>2.75%</u>	Current Rate <u>3.75%</u>	1% Increase <u>4.75%</u>

NOTE 12 – STATEWIDE DEFINED BENEFIT PENSION PLAN**Plan Description**

The Statewide Defined Benefit Plan (SWDB) is a cost-sharing multiple-employer defined benefit pension plan covering substantially all full-time employees of participating fire or police departments in Colorado hired on or after April 8, 1978 (New Hires), provided that they are not already covered by a statutorily exempt plan. As of August 5, 2003, the Plan may include clerical and other personnel from fire districts whose service are auxiliary to fire protection. The Plan became effective January 1, 1980.

The Plan assets are included in the Fire & Police Members’ Benefit Investment Fund and the Fire & Police Members’ Self-Directed Investment Fund (for Deferred Retirement Option Plan (DROP) assets and Separate Retirement Account assets from eligible retired members.)

The Plan is administered by the Fire and Police Pension Association of Colorado (FPPA). FPPA issues a publicly available comprehensive annual financial report that can be obtained on FPPA’s website at: <http://www.fppaco.org>.

The District enrolls all full-time firefighters in SWDB.

SOUTHEAST WELD FIRE PROTECTION DISTRICT

Notes to the Basic Financial Statements

December 31, 2021

NOTE 12 – STATEWIDE DEFINED BENEFIT PENSION PLAN (CONTINUED)

Benefits

A member is eligible for a normal retirement pension once the member has completed 25 years of credited service and has attained the age of 55. Effective January 1, 2021, a member may also qualify for a normal retirement pension if the member’s combined years of service and age equals at least 80, with a minimum age of 50 (Rule of 80).

The annual normal retirement benefit is 2% of the average of the member’s highest 3 years’ pensionable earnings for each year of credited service up to 10 years, plus 2.5% for each year of service thereafter. The benefit earned prior to January 1, 2007 for members of affiliated Social Security employers will be reduced by the amount of Social Security income payable to the member annually. Effective January 1, 2007, members covered Statewide Defined Benefit Social Security Component will receive half the benefit when compared to the SWDB plan. Benefit adjustments paid to retired members are evaluated annually and may be re-determined every October 1. The amount of any increase is based on the Board’s discretion and can range from 0 to the higher of 3 percent or the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W).

A member is eligible for an early retirement after completion of 30 years of service or attainment of age 50 with at least 5 years of credited service. The early retirement benefit equals the normal retirement benefit reduced on an actuarially equivalent basis. Upon termination, an employee may elect to have member contributions, along with 5 percent as interest, returned as a lump sum distribution. Alternatively, a member with at least 5 years of accredited service may leave contributions with the Plan and remain eligible for a retirement pension at age 55 equal to 2% of the member’s average highest 3 years’ pensionable earnings for each year of credited service up to 10 years, plus 2.5% for each year of service thereafter.

Plan Contributions

Through December 31, 2020, contribution rates for the SWDB plan are set by state statute. Employer contribution rates can only be amended by state statute. Member contribution rates can be amended by state statute or election of the membership. Effective January 1, 2021, contribution rates for employers and members may be increased equally by the FPPA Board of Directors upon approval through an election by both the employers and members.

Contribution rates at December 31, 2021 are as follows:

	Member	Employer
Statewide Defined Benefit Plan (SWBD)	11.50%	8.50%
Statewide Death and Disability Plan (SWD&D) *	1.40%	1.40%
	12.90%	9.90%

Member contributions to SWBD will increase 0.5% annually through 2022 to a total of 12.0% of pensionable earnings. Employer contributions to SWBD will increase 0.5% annually beginning in 2021 through 2030 to a total of 13.0% of pensionable earnings.

SOUTHEAST WELD FIRE PROTECTION DISTRICT*Notes to the Basic Financial Statements*

December 31, 2021

NOTE 12 – STATEWIDE DEFINED BENEFIT PENSION PLAN (CONTINUED)**Plan Contributions (continued)**

Contribution rates for members and employers of affiliated social security employers:

Statewide Defined Benefit Plan (SWBD)	5.75%	4.75%
Statewide Death and Disability Plan (SWD&D) *	1.40%	1.40%
	7.15%	6.15%

Member contributions to SWBD will increase 0.25% annually through 2022 to a total of 10.0% of pensionable earnings. Employer contributions to SWBD will increase 0.25% annually beginning in 2021 through 2030 to a total of 6.5% of pensionable earnings.

Pension Liability (Asset)

At December 31, 2021, the District reported \$(422,763) for its proportionate share of the net pension liability (asset). The net pension liability was measured as of December 31, 2020, and the total net pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's share of contributions relative to the contributions of all participants.

Deferred Outflows/Inflows of Resources by Source

	Deferred Outflows of Resources	Deferred Inflows of Resources	Net Deferred Outflows/ (Inflows) of Resources
Pension contributions subsequent to measurement date	\$ 186,545	\$ -	\$ 186,545

SOUTHEAST WELD FIRE PROTECTION DISTRICT

Notes to the Basic Financial Statements

December 31, 2021

NOTE 12 – STATEWIDE DEFINED BENEFIT PENSION PLAN (CONTINUED)

Actuarial Assumptions

The actuarial valuations for the Statewide Defined Benefit Plan were used to determine the total pension liability (asset) and actuarially determined contributions for the fiscal year ending December 31, 2020. The valuations used the following actuarial assumption and other inputs:

	<u>Total Pension Liability</u>	<u>Actuarial Determined Contributions</u>
Actuarial Valuation Date	January 1, 2021	January 1, 2020
Actuarial method	Entry age normal	Entry age normal
Amortization method	N/A	Level % of Payroll, Open
Amortization period	N/A	30 Years
Long-term investment rate of return *	7.00%	7.00%
Projected salary increases *	4.25% - 11.25%	4.25% - 11.25%
Cost of living adjustments (COLA)	0.00%	0.00%
* Includes inflation at	2.50%	2.50%

For determining the total pension liability and actuarially determined contributions, the post-retirement mortality tables for non-disabled retirees uses the 2006 central rates from the RP-2014 Annuitant Mortality Tables projected to 2018 using the MP-2017 projection scales, and the projected prospectively using the ultimate rates of the scale for all years. The pre-retirement off-duty mortality tables are adjusted to 50% of the RP-2014 mortality tables for active employees. The on-duty mortality rate is 0.00015.

At least every five years the FPPA's Board of Directors, in accordance with best practices, reviews its economic and demographic actuarial assumptions. At its July, 2018 meeting, the Board of Directors, reviewed and approved recommended changes to the actuarial assumptions. The recommendations were made by the FPPA's actuaries, Gabriel, Roeder, Smith & Co. based upon their analysis of past experience and expectations of the future. The assumption changes were effective for actuarial valuations beginning January 1, 2019. The actuarial assumptions impact actuarial factors for benefit purposes such as purchases of service credit and other benefits where actuarial factors are used.

Investments

The FPPA Board Members serve as the fiduciaries for the Funds and are responsible for the investment of the Funds, or the selection of investment options available to defined contribution, deferred compensation and self-directed DROP plan members. As fiduciaries, the FPPA Board Members are required to discharge their duties solely in the interest of fund participants and beneficiaries. The Board has established investment policies and allocates assets, or selects investment options, based upon member characteristics, plan provisions, and the financial requirements of the Funds, in addition to considering the risk/reward trade-offs of various investments.

The Association has established long range statements of investment objectives and policies for managing and monitoring the Funds. The investment policies establish investment objectives and define the responsibilities of the fiduciaries with respect to the Funds, their investment authority under Colorado law, the level of acceptable risk for investments, investment allocation targets, investment performance objectives, and guidelines within which outside investment managers must operate.

SOUTHEAST WELD FIRE PROTECTION DISTRICT

Notes to the Basic Financial Statements

December 31, 2021

NOTE 12 – STATEWIDE DEFINED BENEFIT PENSION PLAN (CONTINUED)

Investments (continued)

The assets in the Fire & Police Members’ Benefit Investment Fund are managed primarily by professional investment management firms. Similarly, investment options offered to defined contribution and deferred compensation plan members are typically pooled investment vehicles managed by professional money managers. Best estimates of arithmetic real rates of return for each major asset class included in the plans target asset allocation are as follow:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Global Equity	39.0%	8.23%
Equity Long/Short	8.0%	6.87%
Private Markets	26.0%	10.63%
Fixed Income - Rates	10.0%	4.01%
Fixed Income - Credit	5.0%	5.25%
Absolute Return	10.0%	5.60%
Cash	2.0%	2.32%
Total	100.0%	

Discount Rate

Projected benefit payments are required to be discounted to their actuarial present values using a Single Discount Rate that reflects 1) a long-term expected rate of return on pension plan investments (to the extent that the plan’s fiduciary net position is projected to be sufficient to pay benefits) and 2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the plan’s projected fiduciary net position is not sufficient to pay benefits). The long-term expected rate of return on pension plan investments is 7.00%; the municipal bond rate is 2.00% (based on the weekly rate closest to but not later than the measurement date of the “state & local bonds” rate from Federal Reserve statistical release (H.15)); and the resulting Single Discount Rate is 7.00%.

Sensitivity to Single Discount Rate Assumption

The following presents the District’s proportionate share of the net pension liability / (asset), calculated using a Single Discount Rate of 7.00%, as well as what the District’s plan’s net pension liability / (asset) would be if it were calculated using a Single Discount Rate that is 1 percent lower or 1 percent higher:

	1% Decrease 6.00%	Current Rate 7.00%	1% Increase 8.00%
Pension Plan's Net Pension Liability / (Asset)	\$ 425,444	\$ (422,763)	\$ (1,125,184)

Pension Plan Fiduciary Net Position

Detailed information about FPPA’s plan fiduciary net position is available in the separately issued comprehensive annual financial report of the FPPA plan.

SOUTHEAST WELD FIRE PROTECTION DISTRICT*Notes to the Basic Financial Statements*

December 31, 2021

NOTE 12 – STATEWIDE DEFINED BENEFIT PENSION PLAN (CONTINUED)**Pension Plan Fiduciary Net Position (Continued)**

For the year ended December 31, 2021, the contributions recognized as part of pension expense for each Plan were as follows:

	<u>Firemen's Pension</u>	<u>Statewide Deferred Benefit Pension</u>	<u>Total</u>
Contributions - Employer	\$ 216,095	\$ 186,545	\$ 402,640

NOTE 13 – DEFERRED COMPENSATION TRUST AGREEMENT

As of May 14, 2012, the District executed an Adoption Agreement to establish a Model FPPA Deferred Compensation Plan (Plan) to provide deferred compensation and retirement benefits to Employees under Internal Revenue Code Section 457. Plan participation is voluntary and assets are held in trust for the exclusive benefit of participants

Investments are managed by the plan’s administrator under several different investment options, or combinations thereof. The choice of the investment option(s) is made by the participants. The District has no management control over the assets of the plan. Accordingly, the assets of the plan are not included in these financial statements.

All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property or rights are solely the property and rights of the participants. The District has no liability for losses under the plan.

NOTE 14 – AMBULANCE SERVICE AGREEMENT

On November 21, 2019, the District entered into an Ambulance Service Agreement with the Brighton Community Hospital Association dba Platte Valley Medical Center (PVMC), collectively, the “Parties”. Under this agreement the “Parties” contract for the provision by PVMC of emergency medical services personnel, equipment, and medical-billing and collection efforts.

As of December 31, 2021, and 2020, the District paid on this agreement \$0 and \$300,000, respectively. See Note 18 for further discussion.

NOTE 15 – SHORT-TERM DEBT

The District had no short-term debt obligations and had no borrowing during the years ending December 31, 2021 and 2020.

	<u>12/31/2020</u>	<u>Additions</u>	<u>Reductions</u>	<u>12/31/2021</u>
Short-Term Debt	\$ -	\$ -	\$ -	\$ -
Total	\$ -	\$ -	\$ -	\$ -

Other Debt and Line of Credit

The District has no other debt or unused lines of credit.

SOUTHEAST WELD FIRE PROTECTION DISTRICT

Notes to the Basic Financial Statements

December 31, 2021

NOTE 16 – RELATED PARTY TRANSACTIONS

The District does business with two (2) board of directors' companies. One is the co-owner of H2 Enterprises LLC, a company that does land reclamation services within the Keenesburg area and nationwide. The other is the owner of Tonville HVAC, a company that services heating and air conditioning units within the Keenesburg area. The amounts paid to H2 Enterprises LLC and Tonville HVAC were \$8,786 and \$12,480 in 2021 and 2020, respectively. There were no balances due to H2 Enterprises LLC or Tonville HVAC at December 31, 2021 or 2020.

NOTE 17 – INTERGOVERNMENTAL AGREEMENT – EMERGENCY SERVICES IMPACT FEES

The District obtained an Impact Fee Study dated May 12, 2020 to evaluate the nexus between new development within the District's jurisdictional boundaries and the projected impact that such development has on the District's Capital Facilities ("Nexus Study"). The Nexus Study recommended an Impact Fee schedule for both residential and non-residential development at a level no greater than necessary to defray the impacts of new development.

On May 14, 2022, the District's Board of Directors adopted a Resolution approving the Impact Fee Schedule recommended by the Nexus Study and signed Intergovernmental Agreements with the Town of Keenesburg and Adams County for the assessment, collection and remittance of emergency services impact fees.

Colorado law specifies the following requirements for impact fees: a) they are a one-time payment levied on new development; b) funds can only be used for capital infrastructure projects that have a five-year life and no funds can be diverted for operations, maintenance, repair, or facility replacement; c) revenue must be segregated from other revenue and used for the purposes for which it was collected; d) fee must be imposed on all forms of development and cannot be limited to one type of land use; e) revenue must be used for capital infrastructure expansion and no funds can be used for correcting existing system deficiencies; and f) there must be a reasonable expectation of benefit by the fee payer.

As of December 31, 2021 and 2020, the District collected \$318,024 and \$264,810, respectively in impact fees. The District maintains separate accounts for these funds and had remaining funds classified as Restricted Assets at December 31, 2021 and 2022 in the amount of \$372,383 and \$75,682, respectively.

NOTE 18 – SUBSEQUENT EVENTS

The District has evaluated events and transactions occurring subsequent to the end of the fiscal year for potential recognition or disclosure through June 9, 2022, the date on which the financial statements were issued, and did identify events or transactions that would have a material impact on the financial statements.

On March 17, 2022, the District entered into an Ambulance Service Agreement with PVMC. This agreement supersedes the Agreement dated November 21, 2019.

On May 10, 2022, the District (Lessor) entered into a Lease-Purchase Agreement with (PVMC) (Lessee), for the Lease-Purchase of two (2) vehicles for \$50,000 per year per vehicle. One Lease-Purchase is for three (3) years and the other is for seven (7) years, the Lessee has the option to purchase the vehicles at the end of each year.

* Includes both District and State Fire pension contribution.

** The members of the plan are volunteers, so as such there is no covered payroll.

NOTES TO SCHEDULE OF CONTRIBUTIONS

Valuation Date: January 1, 2021

Timing Actuarially determined contribution amount is calculated biannually as December 31st of the fiscal year in which the contributions are calculated.

Methods and Assumptions Used to Determine Contribution Rates:

Actuarial Cost Method	Entry Age Normal - Level Dollar
Amortization Method	Level Dollar - Closed for unfunded; Open for surplus
Remaining Amortization Period	8 years for unfunded; 30 years for surplus
Asset Valuation Method	Market Value of Assets
Inflation	2.25%
Salary Increases	N/A
Investment Rate of Return	3.75%
Cost of living adjustment	None
Retirement Age	Later of age 50 or 10 years of service
Turnover	15% per year for less than 5 years of service; 8% for 5-9 years of service; none assumed after 9 years of service
Mortality	PUB-2010 General Employee and Healthy Retiree Table for Safety Employees with Generational Projection using MP2020.
