## INDEPENDENT AUDITOR'S REPORT

Board of Directors  
Sugar Loaf Fire Protection District  
Boulder, Colorado

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the general fund, and the fiduciary activities of Sugar Loaf Fire Protection District (SLFPD) of rural Boulder, Colorado as of and for the year ended December 31, 2021, which collectively comprise SLFPD's basic financial statements as listed in the table of contents, and the related notes to the financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Auditors' Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Sugar Loaf Fire Protection District as of December 31, 2021, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### Required Supplementary Information

#### Management Discussion and Analysis - Unaudited

The Management's Discussion and Analysis on pages 3 through 6 is presented to supplement the basic financial statements and to provide operational, economic and historical context to the financial statements. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion or any other form of assurance on it.

**Required Supplementary Information (Continued)**

**Individual Fund Statements**

Accounting principles generally accepted in the United States of America require that the budgetary comparison information for the General Fund on page 19 and the schedule of funding progress on page 21 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Government Accounting Standards Board who consider it to be an essential part of financial reporting for placing the financial statements in appropriate operational, economic or historical context. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of these individual fund statements; however, we did not audit the information and express no opinion or any other form of assurance on them.

**Other Supplementary Information**

The Schedule of Changes in Net Assets - Budget and Actual for the- Fiduciary Fund presents changes in net assets for the year compared to budgeted amounts (Non-GAAP Budgetary Basis). We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of these individual fund statements; however, we did not audit the information and express no opinion or any other form of assurance on it.

**SUGAR LOAF FIRE PROTECTION DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED DECEMBER 31, 2021**

Sugar Loaf Fire Protection District (SLFPD) covers approximately eighteen square miles in the foothills west of Boulder, Colorado. This area includes approximately 500 homes, 1,500 residents, city water treatment plant, Boulder open space and several thousand acres of Arapahoe-Roosevelt National Forest. The District is served by an all-volunteer department of thirty to forty individuals and operates from three fire stations that serve primarily as storage locations for vehicles and equipment.

This discussion and analysis of Sugar Loaf Fire Protection District's (SLFPD) financial performance provides an overview of SLFPD's financial activities for the fiscal year ended December 31, 2021. This section is a summary of financial activities based on currently known facts, decisions, or conditions. The Management's Discussion and Analysis section is an introduction and should be read in conjunction with the financial statements that follow this section.

**FINANCIAL HIGHLIGHTS**

The net assets of SLFPD exceeded the liabilities at December 31, 2021, by \$1,823,615. Of this amount, \$1,049,701 represents net assets that are invested in capital assets net of related debt, \$64,000 is temporarily restricted grant income and \$180,171 that is restricted for capital expenditures and emergencies.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

This Discussion and Analysis is intended to serve as an introduction of SLFPD's basic financial statements.

The financial statements of SLFPD report information about SLFPD using accounting methods similar to those used by private sector companies. These statements offer short-term and long-term information about SLFPD's overall financial status. The Statement of General Fund Balance reconciled to the Statement of Net Assets presents information on SLFPD's assets and liabilities, with the difference between the two reported as general fund balance and net assets. The Statement of Governmental Fund Revenues, Expenditures, and Changes in Fund Balances reconciled to the Changes in Net Assets presents information showing how SLFPD's General Fund Balance and Net Assets changed during the year. Fiduciary fund statements provide information about the financial relationships in which the District acts solely as a trustee or agent for the benefit of others. The basic financial statements can be found on pages 7-11 of this report.

The financial statements also include notes that further discuss information in the statements and provide more detailed data. The notes to the financial statements can be found on pages 13-19. The notes are followed by a section of required and other supplemental information.

The District's 2021 expenses relate to fire protection, which includes fire fighting prevention and medical response. In addition to the 2021 depreciation expense and repairs and maintenance expenses the district also purchased capitalized equipment of \$70,713 and reduced the lease liability related to truck purchases by \$54,976. As a service organization providing fire protection, the majority of the expenses are for insurance, building utilities and repairs, vehicle and equipment maintenance, and training and supplies. Although total expenses, excluding firefighting operations, remained steady from 2021 to 2020, the district had a 20% increase in firefighting operations in 2021 due mainly to firefighting services provided to other districts. SFLPD acts as an agent for the firefighters and collects funds from other districts for the work performed and then remits these funds to the firefighters providing the services.

**Capital Assets**

SLFPD's investment in capital assets (original cost less accumulated depreciation) as of December 31, 2021 was \$1,077,566. Capital assets consist of fire trucks, support vehicles, land, buildings, and firefighting equipment. Major capital asset acquisitions totaled \$70,713 during 2021, less depreciation of \$115,568, resulted in a net decrease of \$44,855.

**SUGAR LOAF FIRE PROTECTION DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
DECEMBER 31, 2022**

**Economic Factors and Future Outlook**

Property tax income will increase slightly in 2022. The operating tax mill levy stayed the same at 7.000 to mills and the capital tax mill levy remained at 3.972. The assessed valuation increased from \$27,670,354 to \$32,145,257. The result of the changes in the valuation will result in an approximate increase in revenue of \$50,000 in 2022 when compared to 2021.

The District's 2022 budget provides for general property tax revenue of \$190,000, capital property tax revenue of \$105,000 and Specific Owners Tax of \$11,000 based on an operating tax mill levy of 7.000 mills and capital tax mill levy of 3.972 mills.

The District's 2022 budget also provides for fundraising income and donations of \$106,500 and truck income of \$2,500 from fighting fires outside the district.

In addition to the normal firefighter training, repairing and maintaining fire trucks and firefighting equipment, providing and facilitating fire mitigation, and paying other operating expenses, the District's 2022 budget also includes \$124,000 for capital improvements to the stations and new equipment for operations.

Notes to Basic Financial Statements  
December 31, 2021

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Reporting Entity**

Sugar Loaf Fire Protection District (SLFPD), is governed pursuant to provisions of the Colorado Special District Act, by a five member Board of Directors. The District's service area is located in the foothills west of Boulder, Colorado, and includes parts of Colorado Highway 119, Sugar Loaf Road, and Magnolia Road. The District was established in 1967 to provide fire protection, rescue, and emergency services to the citizens and property within its boundaries. The District receives a portion of its revenue from taxes assessed on the property within its boundaries.

The District is served by an all volunteer department, which usually varies between thirty and forty members. The District is the primary special purpose government responsible for all fire protection within its service areas. As a result, all significant activities have been included in the basic financial statements. The District's financial statements represent those of a stand-alone government, as there are no component units.

The District's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant accounting policies established by GAAP and used by the District are discussed below.

**Basic Financial Statements - Government Statements**

The governmental financial statements report information on all of the non-fiduciary activities of the primary government.

The statement of activities demonstrates the degree to which the direct expenses of a function or segment are offset by revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Revenues include property tax revenues, interest income, and miscellaneous revenues that are used to meet the operational and capital requirements of the function.

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The government financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

Property tax revenue, and interest income associated with the current year are considered being susceptible to accrual, and have been recognized as revenues of the current fiscal period. All other revenue items are considered measurable and available only when the District receives cash.

**Fund Accounting:** The District uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The District only uses one major governmental fund, the General Fund.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Governmental Funds:** Governmental funds are those through which most governmental functions typically are financed. Governmental funds reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the governmental funds according to the purpose for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance or net assets.

The District reports one major government fund: The General Fund which is used to account for all financial resources of the District. The general fund balance is available to the District for any purpose provided it is expended or transferred according to the general laws of Colorado and the bylaws of the District.

**Fiduciary Funds:** Fiduciary Funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support District programs. The reporting focus is on net assets and changes in net assets and are reported using accounting principles similar to businesses in the private sector.

The District's fiduciary fund is presented in the fiduciary fund financial statements by type (pension). Since by definition these assets are being held for the benefit of a third party (pension participants) and cannot be used to address activities or obligations of the government, these funds are not incorporated into the governmental statements.

**Cash and Cash Equivalents**

The District has defined cash and cash equivalents to include cash on hand, demand deposits, and cash with fiscal agents. Highly liquid investments with a maturity of three months or less are also considered cash equivalents.

**Investments**

Investments are stated at fair value based on quoted market values, with the exception of money market funds and external investment pools. These are stated at cost, which approximate fair value.

**Receivables and Deferred Revenue**

The District reports unearned deferred revenue in the governmental fund balance sheet. Deferral arises when potential revenue does not meet both the measurable and available criteria for recognition in the current period. The District has accrued 2021 property taxes to be collected in 2022 as deferred revenue and a receivable in the accompanying governmental funds balance sheet. (See Property Tax below).

**Capital Assets**

Capital assets, which include property and equipment are reported in the governmental financial statements. Capital assets are defined as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at their estimated fair value on the date donated.

The cost of normal maintenance and repairs that do not add to the value of the assets or materially extend asset lives are expensed. Depreciation of capital assets is charged as an expense against operations. Depreciation has been provided over the estimated useful lives using the straight-line method.

Estimated useful lives for asset types are as follows:

| <u>Description</u>         | <u>Estimated Lives</u> |
|----------------------------|------------------------|
| Land                       | N/A                    |
| Buildings and Improvements | 17-50 years            |
| Firefighting Equipment     | 10-25 years            |

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Property Tax**

Annual property taxes are levied and assessed on property as of January 1 and are certified by the County by November 1 of the current year. On January 1 of the following year, the County Treasurer bills the property owners, thus establishing an enforceable lien on the property, and collects the property taxes on behalf of the District and remits them to the District on a monthly basis. The District has accrued the 2021 taxes to be collected in 2022 in the accompanying financial statements with a corresponding offset to Deferred Revenue. Property taxes are recognized as revenue in the year in which they are intended to finance operating expenditures.

The Board of Directors designates the total mill levy to the general fund. The allocation to the pension fund is based on the prior year's contribution and the actuarial study's estimated required contribution.

**Long-Term Obligations**

Payables, accrued liabilities and long-term obligations are reported in the governmental financial statements of net assets regardless of whether they will be liquidated with current resources or future resources. Obligations that will be paid from governmental funds are reported as a liability in the general fund to the extent that they will be paid with current resources. In general, payments made within thirty days after year-end are considered to have been made with current available financial resources. Long-term obligations against net assets are obligations to be paid by restricted funds or from future revenue.

**Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**NOTE 2 - CASH AND INVESTMENTS**

**Custodial Credit Risk - Deposits**

The custodial credit risk for deposits is the risk that the District will not be able to recover deposits or collateral securities that are in the possession of an outside party. This risk is mitigated in that the District's deposits are subject to and in accordance with the State of Colorado's Public Deposit Protection Act ("PDPA"). Under this act, all uninsured deposits of public funds are to be fully collateralized. The eligible collateral pledged must be held in custody by any Federal Reserve Bank, or branch thereof, or held in escrow by some other bank in a manner as the banking commissioner shall prescribe by rule and regulation, or may be segregated from the other assets of the eligible public depository and held in its own trust department. At December 31, 2021, all of the District's cash and cash equivalents were either insured by FDIC or collateralized under PDPA.

**Investments**

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest, which include:

- Certificates of deposit with an original maturity in excess of three months
- Certain obligations of the United States and certain U.S. government agency securities
- Certain international agency securities
- General obligation and revenue bonds of U.S. local government entities
- Banker's acceptance of certain banks
- Commercial paper
- Written repurchase agreements collateralized by certain authorized securities
- Certain money market mutual funds
- Guaranteed investment contracts
- Local government investment pools

**NOTE 2 - CASH AND INVESTMENTS (Continued)**

**Custodial Credit Risk - Investments**

For investments, custodial credit risk is the risk that in the event of a failure of a custodian, the District would not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The District does not have a specific policy for custodial credit risk. As of December 31, 2021, the District had no investments exposed to custodial credit risk outside of its investment in the Colorado Local Government Liquid Asset Trust discussed below.

**Interest Rate Risk**

Colorado Revised Statutes limit investment maturities to five years or less from the date of purchase. This limit on investments is the means of limiting exposure to fair value losses arising from increasing interest rates.

**Local Government Investment Pool**

At December 31, 2021, the District had invested \$122,802 in the Colorado Local Government Liquid Asset Trust (the "Trust"), a local government investment pool. As an investment pool, the Trust operates under the Colorado Revised Statutes (24-75-701) and is overseen by the Colorado Securities Commissioner. The Trust is exempt from registration with the Securities and Exchange Commission. The Trust offers shares in two portfolios, COLOTRUST PRIME and COLOTRUST PLUS+. Both portfolios are rated AAAm by Standard and Poor's and may invest in U.S. Treasury Securities, repurchase agreements collateralized by U.S. Treasury Securities and the highest rated commercial paper. Wells Fargo Bank serves as custodian for the Trust's portfolios and provides services as the depository in connection with direct investments owned by the Trust. Separate financial statements can be obtained by calling (303) 864-7474 or going to [www.colotrust.com](http://www.colotrust.com).

At December 31, 2021 the District had cash balances as follows:

|                                  | <u>Book<br/>Balance</u> | <u>Bank<br/>Balance</u> |

The District's policy is to capitalize individual equipment expenditures exceeding \$5,000.

**NOTE 4 - CAPITAL LEASE OBLIGATION**

Capital lease obligations as of December 31, 2021 include a ten-year lease for a tanker truck and a brush truck. This lease is treated as a capital lease since the lease agreement includes a bargain purchase option allowing the District the option of purchasing the pumper body for a minimal price at the end of the lease agreement in 2022.

The future lease payments and asset book value under the capital lease obligations are as follows:

**NOTE 5- VOLUNTEER FIREFIGHTERS' PENSION PLAN**

The District has established the Volunteer Firefighters' Pension Plan (the "Plan"), an agent multiple-employer defined benefit pension plan for volunteer firefighters as authorized by State of Colorado Statute. The Plan is administered by the Fire and Police Pension Association of Colorado ("FPPA"). Any firefighter who has both attained the age of 50 and completed 20 years of active service becomes eligible for a monthly pension of \$220 with an additional \$11 for each year of service in excess of twenty. A firefighter, who is disabled in the line of duty and whose disability is of such character and magnitude as to deprive the firefighter of earning capacity which extends beyond one year, shall be compensated in an amount determined by the Pension Board. The annual financial report of FPPA may be obtained by contacting FPPA at 5290 DTC Parkway, Suite 100, Greenwood Village, Colorado 80111-2721.

As established by the legislature, the State of Colorado contributes 90% of the District's contribution up to a maximum of one-half mill based on the previous year's net property valuation. At January 1, 2021 membership in the plan consisted of 17 active members, 28 retired members and one inactive member with vested benefits.

**NOTE 5- VOLUNTEER FIREFIGHTERS' PENSION PLAN (Continued)**

Plan contributions are not actuarially determined. An actuary is engaged to determine the adequacy of contributions. Actuarial assumptions included the following:

1. Interest Rate - 7% per annum, compounded annually
2. Retirement - Age 50 and 20 years of service
3. Disability - Graduated rates for all disabilities
4. Mortality - 1994 Group Annuity Mortality Table
5. Separation - Graduated rates for all withdrawals
6. Marital Status - 90% married
7. Age Difference - Males assumed to be 3 years older
8. Asset Valuation - 3 year smoother fair market value

For the year ended December 31, 2021, the SLFPD and State of Colorado actual contributions were \$60,000 and \$12,203 respectively. The actuarial study as of January 1, 2021 concluded that current plan contributions were adequate to support, on an actuarially sound basis, the prospective benefits for the present plan.

**Funded Status and Funding Progress**

As of January 1, 2021, the most recent actuarial valuation date, the Plan was sixty-three percent funded. The actuarial accrued liability for benefits was \$721,484, and the value of assets was \$528,355 at December 31, 2021 and \$458,094 at December 31, 2020.

The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about how the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

**NOTE 6 - TAX SPENDING AND DEBT LIMITATIONS (TABOR COMPLIANCE)**

In November 1992, Colorado voters passed an amendment ("TABOR") to the State Constitution (Article X, Section 20) which limits the revenue raising and spending abilities of state and local governments. Fiscal year spending and revenue limits are determined based on the prior year's spending adjusted for inflation and local growth. Revenue in excess of the limit must be refunded unless the voters approve retention of such revenue.

Fiscal year spending is generally defined as expenditures plus reserve increases with certain exceptions. Spending excludes spending from certain revenue and financial sources such as federal funds, gifts, property sales, fund transfers, damage awards, and fund reserves. The amendment requires, with certain exceptions, voter approval prior to imposing new taxes, increasing tax rates, increasing a mill levy above that for the prior year, extending an expiring tax, or implementing a tax policy change directly causing a net tax revenue gain to any local government.

Except for bond refinancing at lower interest rates or adding volunteer firefighters to existing pension plans, the Constitution specifically prohibits the creation of multiple-fiscal year debt or other financial obligations without voter approval or irrevocably pledging present cash reserves for all future payments.

**NOTE 6 - TAX SPENDING AND DEBT LIMITATIONS (TABOR COMPLIANCE) (Continued)**

The Constitution requires that emergency reserves be established. These reserves must be at least three percent of Fiscal Year Spending. Emergency reserves as of December 31, 2021 totaling \$80,000 are included in the fund balance in the General Fund.

The District believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of its provisions could require judicial interpretation.

**NOTE 7 - RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts: theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District carries commercial insurance covering specific and general risks of loss, including worker's compensation and health and accident insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past two years. There have been no significant reductions in insurance coverage.

Notes to Required Supplementary Information

December 31, 2021

---

### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

During September of each year, the Board of Directors for the District meets to prepare a proposed budget for the forthcoming year. At this meeting, requests from interested parties are heard and considered in the preparation of the budget. A notice as to the proposed budget is then published in a local newspaper, in order that interested citizens can voice their concerns about the proposed budget. In this notice, concerned citizens are requested to attend a Board of Directors meeting, usually held in October, at which time the proposed budget is considered by the Board.

After hearing any comments from concerned citizens, and after making any amendments to the proposed budget that may be forthcoming, the budget is approved by the entire Board of Directors and the mill levy request is certified to the County Treasurer.

At the same meeting that the budget is adopted, or at a meeting later in the year but prior to December 31, the necessary resolutions to adopt the budget, appropriate sums of money for the operation of the District, and to adopt the mill levy certification, are made by the Board.

The budget is used by the Board of Directors during the District's year to control expenditures and as a management device for assessment of how the District is meeting its obligations on a month-to-month basis. The board of Directors is authorized to transfer budgeted amounts between accounts within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the entire Board of Directors and formalized by a resolution prior to the close of the budget year. The final amended budget is used in this report.
