INDEPENDENT AUDITOR'S REPORT

Board of Directors
Bennett Park and Recreation District
Adams County, Colorado

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of the Bennett Park and Recreation District (the District), as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, and each major fund of the District, as of December 31, 2021, and the respective changes in financial position and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

8200 South Quebec Street, Suite A3259, Centennial, Colorado 80112
303-905-0809 • info@dazziocpa.com

• Member American Institute of Certified Public Accountants • Member Colorado Society of Certified Public Accountants •

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages IV–XI be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Supplementary Information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplementary Information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The Other Information, as listed in the table of contents, does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

MANAGEMENT'S DISCUSSION AND ANALYSIS

BENNETT PARK AND RECREATION DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS DECEMBER 31, 2021

As management of the Bennett Park and Recreation District (the District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the year ended December 31, 2021. We encourage readers to consider the information presented here in conjunction with the District's financial statements.

FINANCIAL HIGHLIGHTS

- The assets of the District exceeded its liabilities at the close of 2021 by \$1,663,161. Of the net position total, \$1,481,440 is classified as net investment in capital assets and \$271,293 is restricted. The District has an unrestricted net position deficit of (\$89,572).
- The District's total net position increased \$8,640.
- The total cost of the District's programs increased \$30,495, or 4%, compared to 2020.
- Total revenue increased \$51,347, or 7%, compared to 2020.
- The District's governmental funds reported combined ending fund balance of \$193,531, an increase of \$68,417 in comparison with the prior year.
- The General Fund reported a deficit *unassigned* fund balance of \$89,143 as of December 31, 2021. The deficit decreased \$64,739 in 2021.
- The District made all debt service payments in 2021.
- The District was required to close programs and the facility entirely or under State mandated restrictions related to the COVID-19 pandemic and reopened in March 2021. Revenue from fees and charges were somewhat reduced as a result of the closures; however, the District was able to increase revenue from other sources and reduce expenditures to help offset the loss in fees revenue.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

BENNETT PARK AND RECREATION DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS DECEMBER 31, 2021

Government-wide financial statements

The *government-wide financial statements* are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the District's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The *statement of activities* presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

The government-wide financial statements present functions of the District that are principally supported by taxes and intergovernmental revenues (*governmental activities*). The governmental activities of the District include Administrative, Recreation, Senior, Aquatics and Janitorial services.

Fund financial statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. *Governmental funds* are used to account for essentially the same functions as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and

BENNETT PARK AND RECREATION DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS DECEMBER 31, 2021

the governmental funds statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The District maintains two individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures and changes in fund balances for the General Fund and the Debt Service Fund, which are considered to be major funds.

The District adopts an annual appropriated budget for all of its funds. Budgetary comparison statements and schedules have been provided for all funds to demonstrate compliance with the budget.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Supplementary and Other Information. In addition to the basic financial statements and the accompanying notes, this report also presents a budget to actual schedule for the District's debt service fund as well as schedules presenting the District's debt requirements and a history of assessed valuation and mill levies for the past several years.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net Position

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. The analysis below focuses on the net position and changes in net position of the District's governmental activities.

Table 1 presents an analysis of the District's net position as of December 31, 2021 and 2020. The District's assets exceeded liabilities by \$1,663,161 at the close of 2021. Total net position increased \$8,640 in 2021 and decreased \$12,212 in 2020.

The decrease is comprised of the following:

- Total assets decreased \$77,683, or 2%, to \$3,321,693. This was mainly caused by increases in cash balances of \$75,763 less depreciation on capital assets of \$197,838.
- Total liabilities decreased \$111,031 to \$1,297,757. The decrease was due to payments towards long-term debt obligations in 2021 amounting to \$116,989.

BENNETT PARK AND RECREATION DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2021

Table 1
Bennett Park and Recreation District
Summary of Net Position

	<u>2021</u>	<u>2020</u>
Assets		
Current and Other Assets	\$ 573,185	\$ 473,824
Capital Assets	2,748,508	2,925,552
Total Assets	<u>3,321,693</u>	<u>3,399,376</u>
Liabilities		
Long-term Liabilities	1,275,501	1,392,490
Other Liabilities	22,256	16,298
Total Liabilities	<u>1,297,757</u>	<u>1,408,788</u>
Deferred Inflows of Resources	<u>360,775</u>	<u>336,067</u>
Net Position		
Net Investment in Capital Assets	1,481,440	1,541,093
Restricted	271,293	267,216
Unrestricted	(89,572)	(153,788)
Total Net Position	<u>\$ 1,663,161</u>	<u>\$ 1,654,521</u>

The largest portion of the District's assets reflects its investment of \$2,748,508 in capital assets (e.g., buildings and equipment). Net Capital assets are reported less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay the debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the District's net position, \$271,293 represents resources that are subject to external restrictions on how they may be used. The District's unrestricted net position was a deficit of \$89,572 at the end of the year. The deficit amount was a result of the accumulation of capital asset depreciation over the amount paid on the related debt.

BENNETT PARK AND RECREATION DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

DECEMBER 31, 2021

Changes in Net Position

As presented in Table 2, the District's net position increased \$8,640 during 2021.

Revenues increased \$51,347, or 7%, compared to 2020. Revenues from fees and charges for services decreased by \$57,720 (34%) due to reopening the recreation center following the closing in 2020 due to the COVID-19 pandemic. Property taxes increased \$3,481 due to a small decrease in assessed valuation of the District while the debt service mill levy increased to ensure sufficient funds to make the debt payment on the 2018 refunding note. Operating and capital grants decreased \$20,157 mainly due to a Federal Payroll Protection Program (PPP) loan of \$47,125 received in 2020.

Expenses increased \$30,495, or 4%, in 2021 mainly due to increased costs of the Communities that Care program of \$13,890 which was covered from reimbursements from the grant program and increases in depreciation of \$16,433.

Table 2

BENNETT PARK AND RECREATION DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS DECEMBER 31, 2021

Financial Analysis of the Government's Funds

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The focus of the District's *governmental funds* is to provide information on near-term inflows, outflows and balances of *spendable resources*. This information is necessary to assess the District's financing requirements. Types of governmental funds reported by the District include the General Fund and the Debt Service Fund.

At December 31, 2021, the District's governmental funds reported combined ending fund balance of \$193,531, an increase of \$68,417. Included in this year's total fund balance is a deficit of \$64,739 in the District's General Fund.

The fund balance of the District's General Fund increased \$65,718 during 2021. Key factors are as follows:

- As mentioned earlier, the General Fund's main revenue source of recreation and aquatics revenues increased \$57,720 from \$168,136 in 2020 to \$225,856 in 2021 as the recreation center was able to reopen in March 2021 following the closure in 2020 because of the COVID-19 pandemic. Offsetting this increase were decreases in grants of \$36,090 as a \$47,125 COVID grant was received in 2020. The District received a Communities that Care Grant in the amount of \$425,000 over a 5-year period, beginning in October 2016. The purpose of the grant is to implement local evidence-based youth substance abuse prevention strategies to prevent youth initiation of substance use, by addressing common risk factors and improving protective factors across the socio ecological model within Adams County. In 2021, this generated \$92,376 and \$84,012 in revenues and expenditures, respectively.
- Expenditures increased in 2021, increasing \$32,780 or 6%, mainly due to reopening the recreation center causing personnel expenditures to increase approximately \$29,500.

The fund balance of the Debt Service Fund increased from \$255,571 to \$258,270 due to the increase in debt service property taxes collected from \$140,070 in 2020 to \$145,389 in 2021.

BENNETT PARK AND RECREATION DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

DECEMBER 31, 2021

General Fund Budgetary Highlights

General Fund actual revenues were \$17,198 more than budgeted (as amended) and expenditures were \$5,050 less than budgeted (as amended) for 2021.

Capital Assets and Debt Administration

A. Capital Assets

As can be seen from the table below, the District's investment in capital assets as of December 31, 2021 amounts to \$2,748,508 (net of accumulated depreciation). This investment in capital assets includes buildings, improvements and machinery and equipment.

The following table provides comparative information on the District's net capital assets for 2021 and 2020.

	<u>2021</u>	<u>2020</u>
Recreation Center	\$ 1,440,285	\$ 1,481,137
Pool	1,306,875	1,442,579
Equipment, Furniture & Fixtures	1,348	1,836
Total Capital Assets, Net	<u>\$ 2,748,508</u>	<u>\$ 2,925,552</u>

Additional information on capital assets can be found in the notes to the financial statements (Note 4).

B. Debt Administration

The following tables provide comparative information on the District's long-term debt for 2021 and 2020.

	<u>2021</u>	<u>2020</u>
General Obligation Refunding Note	\$ 1,178,000	\$ 1,275,000
Capital Leases	89,068	109,459
Compensated Absences	8,433	8,031
Total Long-term Debt	<u>\$ 1,275,501</u>	<u>\$ 1,392,490</u>

All scheduled debt service payments were made on the District's obligations in 2021.

Additional information on the District's long-term obligations can be found in the notes to the financial statements (Note 6).

BENNETT PARK AND RECREATION DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

DECEMBER 31, 2021

Next Year's Budgets and Rates

The District has appropriated \$514,192 for spending in the 2022 fiscal year budget. It is anticipated that beginning fund balances, property tax revenue, specific ownership tax revenue, recreation fees and grants revenue will be sufficient to cover these expenditures. Below is a summary of revenues and expenditures budgeted for 2022:

	2022
	Budget
Revenues:	
Taxes	\$ 234,186
Fees and Charges	238,000
Communities that Care	103,000
Grants	25,000
Conservation Trust	24,000
Miscellaneous	19,000
Total Revenues	643,186
Expenditures:	
Administration	86,236
Building Operations	37,700
Communities that Care	93,636
Recreation	145,200
Senior Recreation	28,270
Aquatics	96,000
Debt Service	27,150
Total Expenditures	514,192
Net Change in Fund Balance	\$ 128,994

Requests for Information

This financial report is designed to provide a general overview of the District's finances for all those with an interest in the District's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Bennett Park and Recreation District at PO Box 379, Bennett, Colorado, 80102.

BENNETT PARK AND RECREATION DISTRICT

**RECONCILIATION OF THE GOVERNMENTAL FUNDS
BALANCE SHEET TO THE STATEMENT OF NET POSITION
December 31, 2021**

Total Fund Balance - Governmental Funds		\$ 193,531
Total net position reported for governmental activities in the statement of net position is different because:		
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.		
Those assets consist of:		
Recreation Building, Net	\$ 1,440,285	
Swimming Pool, Net	1,306,875	
Equipment and Furniture, Net	<u>1,348</u>	2,748,508
Long-term liabilities applicable to the District's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. All liabilities - both current and long-term - are reported in the statement of net position.		
Balances at year-end are:		
General Obligation Note Payable	(1,178,000)	
Capital Lease Obligations	(89,068)	
Compensated Absences	<u>(8,433)</u>	(1,275,501)
Interest on long-term debt is not accrued in the funds, but rather is recognized as an expenditure when due		<u>(3,377)</u>
Net Position - Governmental Activities		<u><u>\$ 1,663,161</u></u>

The notes to the financial statements are an integral part of this statement.

BENNETT PARK AND RECREATION DISTRICT

BENNETT PARK AND RECREATION DISTRICT

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN
FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
For the Year Ended December 31, 2021**

Net Change in Fund Balances - Governmental Funds	\$ 68,417
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.	
Capital Outlay	20,794
Depreciation Expense	(197,838)
The issuance of long-term debt (e.g., bonds, notes, leases) provides current financial resources to the governmental funds. However, issuing debt increases long-term liabilities on the statement of net position, so these transactions have no effect on net position.	
Repayments of principal:	
General Obligation Refunding Note	97,000
Capital Lease Obligations	20,391
Interest expense in the statement of activities differs from the amount reported in governmental funds because of additional accrued and accreted interest, amortization of bond premiums and issue costs.	
Decrease in accrued interest on long-term debt	278
Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.	
Adjustment to compensated absences liability	(402)
Change in Net Position - Governmental Activities	<u><u>\$ 8,640</u></u>

The notes to the financial statements are an integral part of this statement.

BENNETT PARK AND RECREATION DISTRICT

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2021

Note 1 – Definition of Reporting Entity`

The Bennett Park and Recreation District (the District), is a quasi-municipal corporation and political subdivision of the State of Colorado was organized by order and decree of the District Court of Adams County on January 2, 2001 and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District operates under a Service Plan approved by Adams County on May 22, 2000 and revised on June 19, 2002. The District was organized for the purpose of providing recreational facilities and programs for its citizens. The District is located in the Town of Bennett in Adams County, Colorado (the Town).

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements, which provide guidance for determining which governmental activities, organizations, and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District is not financially accountable for any other District organization, nor is the District a component unit of any other primary governmental entity.

Note 2 – Summary of Significant Accounting Policies

The more significant accounting policies of the District are described as follows:

Government-Wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. Governmental activities are normally supported by taxes, intergovernmental revenue and fees and charges.

The statement of net position reports all financial and capital resources of the District, the difference between the assets and deferred outflows, and liabilities and deferred inflows of the District being reported as net position.

BENNETT PARK AND RECREATION DISTRICT

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2021

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenue. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenue* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenue are reported instead as *general revenue*.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported in separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Other items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met. Depreciation is computed and recorded as an operating expense. Expenditures for capital assets are shown as increases in assets and redemption of bonds and notes are recorded as a reduction in liabilities.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days after year-end. The major sources of revenue susceptible to accrual are property taxes. All other revenue items are considered to be measurable and available only when cash is received by the District. Expenditures are recorded when the related fund liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

BENNETT PARK AND RECREATION DISTRICT

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2021

The District reports the following major governmental funds:

General Fund – This fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

Debt Service Fund – This fund is used to account for the accumulation of resources for, and the payment of long-term obligation principal, interest and related costs.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements.

Budgets

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures level and lapses at year end. The District's Board of Directors may modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

The District amended its annual budget for the year ended December 31, 2021.

Pooled Cash and Investments

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash and investments. Investments are carried at fair value.

Cash and investments are presented on the balance sheet in the basic financial statements at fair value.

Interfund Receivables and Payables

Due to and Due from Other Funds

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds".

BENNETT PARK AND RECREATION DISTRICT

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

Capital Assets

Capital assets, which include property and equipment, are reported in the government-wide financial statements. Capital assets defined by the District as assets include improvements to buildings and equipment with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Property and equipment of the District is depreciated using the straight-line method over the following estimated useful lives:

Recreation Center Building	50 years
Aquatics Center (Swimming Pool)	20 years
Equipment, Furniture and Fixtures	5-15 years

Property Taxes

Property taxes are levied by the District Board of Directors. The levy is based on assessed valuations determined by the County Assessors generally as of January 1 of each year. The levy is normally set December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurers collect the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and sales of the tax liens on delinquent properties are normally held in November or December. The County Treasurers remit the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflow of resources in the year they are levied and measurable. Property taxes are recorded as revenue in the year it is available or collected (the year it is levied for).

Long Term Obligations

In the government-wide financial statements, debt premiums and discounts are deferred and amortized over the life of the issue using the percentage of current principal payments to total debt issue. Debt issuance costs, except any portion related to prepaid insurance costs, are expensed when incurred.

BENNETT PARK AND RECREATION DISTRICT

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

In the fund financial statements, governmental fund types recognize debt premiums and discounts, as well as debt issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources until then.

In addition to liabilities, the statement of net position and the governmental funds balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies for reporting in this category. Accordingly, one item, unavailable revenue – property tax, is reported in both the government-wide statement of net position and the governmental funds balance sheet. This amount is deferred and recognized as inflow of resources in the period that the amounts become available.

Compensated Absences

It is the District's policy to allow employees to accumulate unused vacation leave up to a certain maximum number of hours, depending on years of service. All such benefits are accrued when incurred in the government-wide financial statements. A liability for this amount is reported in governmental funds only if they have matured, for example, because of employee resignations and retirements. Compensated absences are generally liquidated by the General Fund. All unpaid vacation balances are paid at the hourly rate when the employee retires, resigns or is terminated.

BENNETT PARK AND RECREATION DISTRICT

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2021

Net Position and Fund Equity

Net Position

The government-wide financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted and unrestricted.

Net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets.

Restricted net position is subject to restrictions by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provision or enabling legislation.

Unrestricted net position represents assets that do not have any third-party limitations on their use.

For government -wide presentation purposes, when both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first, then unrestricted resources as they are needed.

Fund Balances

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned.

Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

Nonspendable fund balance – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.

Restricted fund balance – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.

BENNETT PARK AND RECREATION DISTRICT

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

The District reports the following Restricted Fund Balances:

Restricted for Debt Service

Represents the portion of fund balance that is legally restricted to payment of principal and interest on long-term debt maturing in future years.

Restricted for TABOR Emergencies

Emergency reserves have been provided for as required by Article X, Section 20 of the Constitution of the State of Colorado (see Note 10).

Committed fund balance – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government’s highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.

Assigned fund balance – The portion of fund balance that is constrained by the government’s intent to be used for specific purposes but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.

Unassigned fund balance – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District’s practice to use the most restrictive classification first.

Deficit Fund Balance

The District has accumulated a deficit fund balance in the General Fund in the amount of \$64,739. The District is planning on reducing this deficit by increasing program revenues and decreasing expenditures.

BENNETT PARK AND RECREATION DISTRICT

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

Use of Estimates

The preparation of financial statements, in conformity with generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. An example of such an estimate that has been made by management is depreciation expense.

Note 3 – Cash and Investments

At December 31, 2021 the District had the following cash and investments:

Cash Deposits	\$ 44,142
Investments	<u>146,001</u>
	<u>\$ 190,143</u>

Cash Deposits

Custodial credit risk

Custodial risk for deposits is the risk that, in the event of a failure of a depository financial institution, the District will not be able to recover its deposits or will not be able to recover collateral securities that are in possession of an outside party. The Colorado Public Deposit Protection Act (PDPA) governs the investment of public funds. PDPA requires that all units of local government deposit cash in eligible public depositories. State regulators determine eligibility. Amounts on deposit in excess of federal insurance levels (\$250,000) must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least equal to 102% of the aggregate uninsured deposits. The institution's internal records identify the collateral by depositor and as such, these deposits are uninsured but collateralized. The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2021, the District's cash deposit had a bank balance of \$52,400 and a carrying balance of \$44,142.

BENNETT PARK AND RECREATION DISTRICT

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

Investments

The District has not adopted a formal investment policy; however, the District follows state statutes regarding investments.

The District generally limits its concentration of investments to obligations of the United States, certain U.S. government agency securities and Local Government Investment Pools, which are believed to have minimal credit risk, minimal interest rate risk and no foreign currency risk. Additionally, the District is not subject to concentration risk disclosure requirements or subject to investment custodial credit risk for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors, such actions are generally associated with a debt service reserve or sinking fund requirements.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- Obligations of the United States, certain U.S. government agency securities and securities of the World Bank
- General obligation and revenue bonds of US local government entities
- Certain certificates of participation
- Certain securities lending agreements
- Bankers' acceptances of certain banks
- Commercial paper
- Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- Certain money market funds
- Guaranteed investment contracts
- Local government investment pools

At December 31, 2021, the District had the following investments:

<u>Investment</u>	<u>Maturity</u>	<u>Amount</u>
Colorado Local Government Liquid Asset Trust (Colotrust)	Weighted Average Under 60 days	<u>\$ 146,001</u>

BENNETT PARK AND RECREATION DISTRICT

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

The District invested in the Colorado Local Government Liquid Asset Trust (COLOTRUST) (the Trust), an investment vehicle established for local government entities in Colorado to pool surplus funds. The State Securities Commissioner administers and enforces all State statutes governing the Trust. The Trust currently offers three portfolios COLOTRUST PRIME, COLOTRUST PLUS+, and COLOTRUST EDGE.

COLOTRUST PRIME and COLOTRUST PLUS+, which operate similarly to a money market fund and each share is equal in value to \$1.00, offer daily liquidity. Both portfolios may invest in U.S. Treasury securities and repurchase agreements collateralized by U.S. Treasury securities. COLOTRUST PLUS+ may also invest in certain obligations of U.S. government agencies, highest rated commercial paper, and any security allowed under CRS 24 75 601.

COLOTRUST EDGE, a variable Net Asset Value (NAV) Local Government Investment Pool, offers weekly liquidity and is managed to approximate a \$10.00 transactional share price. COLOTRUST EDGE may invest in securities authorized by CRS 24-75-601, including U.S. Treasury securities, repurchase agreements collateralized by U.S. Treasury securities, certain obligations of U.S. government agencies, highest rated commercial paper, and any security allowed under CRS 24-75-601.

A designated custodial bank serves as custodian for the Trust's portfolios pursuant to a custodian agreement. The custodian acts as safekeeping agent for the Trust's investment portfolios and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by the Trust. COLOTRUST is rated AAAM by Standard & Poor's. COLOTRUST records its investments at fair value and the District records its investment in COLOTRUST at net asset value as determined by fair value. There are no unfunded commitments, the redemption frequency is daily or weekly, and there is no redemption notice period.

The District holds all its investments in the COLOTRUST PLUS+ portfolio.

\$1,576,000 General Obligation Refunding Note, Series 2018

On June 12, 2018, the District issued a \$1,576,000 General Obligation Refunding Note, Series 2018 (the Note). The Note was issued to refund the remaining principal amount due on the Series 2003 Bonds which were used to fund the construction of the Bennett Recreation Center. The Note is due on December 31, 2031, with an interest rate of 3.44%, paid semiannually on June 1 and December 1. The Note is subject to mandatory sinking fund redemption beginning on December 1, 2018 in varying amounts through maturity on December 1, 2031. The Note is subject to redemption prior to maturity, at the option of the District, in whole or in part, on any interest payment date, upon payment of par and accrued interest, without redemption premium. The Note is considered a general obligation of the District and the full faith and credit of the District are pledged for the punctual payment of the principal of and interest on the Note.

Annual debt service requirements to maturity for Note follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2022	\$ 101,000	\$ 40,523	\$ 141,523
2023	104,000	37,049	141,049

2025	111,000	29,756	140,756
2026	115,000	25,938	140,938
2027-2031	639,000	67,494	706,494
	<u>\$ 1,178,000</u>	<u>\$ 234,231</u>	<u>\$ 1,412,231</u>

BENNETT PARK AND RECREATION DISTRICT

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021

Capital Lease Obligations

Building Improvements

On October 22, 2010, the District entered into a lease agreement in the original amount of \$250,000 to fund a portion of an addition to the recreation center, including a swimming pool, locker rooms, equipment rooms, storage and meeting rooms. A portion of the building constructed with the proceeds of this financing serves as security under the lease. Lease payments are due in annual installments beginning April 20, 2011 through October 20, 2025, with interest at 5%. Lease payments are made by the General Fund. The net present value of these minimum lease payments as of December 31, 2021, follows:

Year Ending December 31	Amount
2022	\$ 24,845
2023	24,845
2024	24,845
2025	24,845
Minimum lease payments	99,380
Less: Amount representing interest	(10,312)
Present value of minimum lease payments	<u>\$ 89,068</u>

Recreation Equipment - 2016 Lease

On April 12, 2016, the District entered into a lease agreement in the original amount of \$7,638 to purchase exercise equipment. Lease payments are due in 60 monthly installments beginning June 1, 2016 through May 1, 2021, with interest at 17.5%. Lease payments are made by the General Fund. The lease was paid in full during 2021.

Assets acquired through capital leases are as follows:

Assets:

Building Improvements	\$ 260,000
Less: Accumulated Depreciation	<u>(149,500)</u>
	<u>\$ 110,500</u>

BENNETT PARK AND RECREATION DISTRICT

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note 7 – Net Position

The District has net position consisting of three components - net investment in capital assets, restricted and unrestricted.

Net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. As of December 31, 2021, the District had net investment in capital assets calculated as follows:

Capital Assets, Net	\$ 2,748,508
Outstanding Long-Term Debt Applicable to Capital Assets	<u>(1,267,068)</u>
Net Investment in Capital Assets	<u>\$ 1,481,440</u>

Restricted assets include net position that are restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had restricted net position of \$271,293 as of December 31, 2021, as follows:

Restricted net position:

Emergency reserves	\$ 16,400
Debt service	<u>254,893</u>
Total	<u>\$ 271,293</u>

The District has a deficit in unrestricted net position. The deficit is a result of District past operating losses.

Note 8 – Risk Management

The District is exposed to various risks of loss related to torts, thefts of, damage to, or destruction of assets, errors or omissions, injuries to employees, or natural disasters.

The District is a member of the Colorado Special Districts Property and Liability Pool (Pool). The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery, and workers compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for property, general and automobile liability, public officials, auto physical damage, equipment/boiler and machinery, and worker's

BENNETT PARK AND RECREATION DISTRICT

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

compensation coverage. In the event aggregate losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds, which the Pool determines are not needed for purposes of the Pool, may be returned to the members pursuant to a distribution formula.

Note 9 – Land Lease

On February 12, 2002, the District entered into an Intergovernmental agreement with the Town to lease land at the Bennett Recreation Center location. The lease term expires December 31, 2026 and may be renewed at the discretion of the District for additional twenty-five year terms. Under the lease terms, the District paid a one-time nominal amount.

The lease may be terminated by either the District or the Town, at their discretion. In the event the District terminates the lease, all buildings and improvements shall become the property of the Town. Additionally, the Town may require the District, at the sole cost and expense of the District, to remove any buildings or other improvements from the property. In the event the Town terminates the lease, the Town shall pay the District the depreciated value of any buildings and other leasehold improvements that were constructed by the District, such value to be determined by an appraisal.

Note 10 – Tax, Spending and Debt Limitations

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR) contains tax, spending, revenue and debt limitations which apply to the State of Colorado and all local governments.

Enterprises, defined as government-owned businesses authorized to issue revenue bonds and receiving less than 10% of annual revenue in grants from all state and local governments combined, are excluded from the provisions of TABOR.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not

BENNETT PARK AND RECREATION DISTRICT

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

On May 7, 2002, the registered voters of the District authorized the District to collect, retain and spend all revenues it receives from its rates, fees, tolls and charges (both operating and capital in nature) for parks and recreation facilities and services and any and all other revenues it receives in 2002 and subsequent years and authorized the District to spend such revenues as a voter-approved revenue change and an exception to any spending limitations which might otherwise apply, without limiting the collection and spending of other revenues of the District in any year.

The voters also authorized the District to continue to levy 3.5 mills each year for operations regardless of any revenue limitations in Section 29-1-301, C.R.S. or other State law.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits, will require judicial interpretation.
