**Independent Auditors' Report On Internal  
Control Over Financial Reporting And On  
Compliance And Other Matters Based On An  
Audit Of Financial Statements Performed  
In Accordance With *Government  
Auditing Standards***

Board of County Commissioners  
El Paso County  
Colorado Springs, Colorado

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of El Paso County, Colorado (the County), as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated June 17, 2022. Our report includes a reference to other auditors who audited the financial statements of the El Paso County Retirement Plan and the El Paso County Housing Authority, as described in our report on the County's financial statements. This report does not include the results of the El Paso County Housing Authority auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. The financial statements of the El Paso County Retirement Plan were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with the El Paso County Retirement Plan.

**Report On Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

### **Report On Compliance And Other Matters**

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose Of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

*RubinBrown LLP*

June 17, 2022

**Independent Auditors' Report  
On Compliance For Each Major Federal  
Program, Report On Internal Control Over  
Compliance And Report On The Schedule  
Of Expenditures Of Federal Awards Required  
By The Uniform Guidance**

Board of County Commissioners  
El Paso County  
Colorado Springs, Colorado

**Report On Compliance For Each Major Federal Program**

***Opinion On Each Major Federal Program***

We have audited El Paso County, Colorado's (the County) compliance with the types of compliance requirements identified as subject to audit in the Office of Management and Budget's *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended December 31, 2021. The County's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

The County's basic financial statements include the operations of El Paso County Public Health, a discretely presented component unit, which received \$23,514,075 in federal awards and which is not included in the County's schedule of expenditures of federal awards for the year ended December 31, 2021. Our audit, as described below, did not include the operations of El Paso County Public Health because we performed the audit in accordance with Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (the Uniform Guidance) and issued separate reports regarding those operations.

In our opinion, the County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2021.

**Basis For Opinion On Each Major Federal Program**

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of the Uniform Guidance. Our responsibility under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities For The Audit Of Compliance section of our report.

We are required to be independent of the County and to meet our ethical responsibilities in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the County's compliance with the compliance requirements referred to above.

### **Responsibilities Of Management For Compliance**

Management is responsible for compliance with the requirements referred to above and for the design, implementation and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the County's federal programs.

### **Auditors' Responsibilities For The Audit Of Compliance**

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards* and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the County's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards* and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the County's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.

- Obtain an understanding of the County's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report On Internal Control Over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities For The Audit Of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**Report On Schedule Of Expenditures Of Federal Awards Required By The Uniform Guidance**

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the County as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our report thereon dated June 17, 2022, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

## NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS For The Year Ended December 31, 2021

### 1. **Organization**

The accompanying schedule of expenditures of federal awards presents the activity of all federal award programs of El Paso County, Colorado (the County), for the year ended December 31, 2021. All federal awards received directly from federal agencies, as well as federal awards passed through other governmental agencies, are included on the schedule.

### 2. **Basis Of Presentation**

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the County and is presented on the modified accrual basis of accounting. The information in the accompanying schedule is presented in accordance with the requirements of Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (the Uniform Guidance). Therefore, some amounts presented in the schedule may differ from the amounts presented in, or used in, the preparation of the basic financial statements.

### 3. **Indirect Costs**

The County has not elected to use the 10% de minimis indirect cost rate as allowed in the Uniform Guidance, Section 414.

### SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS For The Year Ended December 31, 2020

#### **Finding 2020-001 Recognition of Unexpended Coronavirus Relief Funds**

##### **Material Weakness**

##### **Governmental Accounting Standards Board (GASB) Statement 33 – Nonexchange Transactions GASB Technical Bulletin 2020-1 – Language on Coronavirus Relief Fund Proceeds**

**Summary Of Prior Audit Finding:** The County is responsible to ensure that voluntary and government-mandated nonexchange transactions not be recognized as revenue until all eligibility requirements have been met. Grant proceeds received in advance of the eligibility requirements having been met should be recognized as a liability. Additionally, proceeds received from the Coronavirus Relief Fund (CRF) should be recognized as a liability until all eligibility requirements have been met, including the incurrence of eligible expenditures.

**Views Of Responsible Officials And Planned Corrective Action:** In 2020, El Paso County received over \$125.7 million in Coronavirus Aid, Relief, and Economic Security (CARES) Act funding. All but \$9.9 million was expended in 2020. Management agrees the remaining \$9.9 million CARES funding was not recorded properly as deferred revenue.

**Status: Resolved.** As soon as the unexpended funds were brought to Management's attention, Management immediately recorded the \$9.9 million as deferred revenue. Additional training to the Accounting employees regarding the correct classification of unused grant funding at year end was provided. Management reviewed and strengthened the processes to detect both deferred revenue and accounts receivable.
