INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Town of Aguilar, Colorado

Disclaimer of Opinion

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Aguilar, Colorado, (the Town) as of and for the year ended December 31, 2021, and the related notes to the financial statements. These financial statements collectively comprise the Town's basic financial statements as listed in the table of contents.

Summary of Opinions

<u>Opinion Unit</u>	<u>Type of Opinion</u>
Governmental Activities	Disclaimer
Business-type Activities	Disclaimer
General Fund	Disclaimer
Water Fund	Disclaimer
Sewer Fund	Disclaimer
Natural Gas Fund	Disclaimer
Aggregate Remaining Fund Information	Disclaimer

Disclaimer of Opinion

Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements of the Governmental Activities, Business-type Activities, General Fund, Water Fund, Sewer Fund, Natural Gas Fund and the Aggregate Remaining Fund Information of the Town. Accordingly, we do not express an opinion on these financial statements.

Basis for Disclaimer of Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Matters Giving Rise to Disclaimer of Opinion on the Governmental Activities, the Business-type Activities, the General Fund, the Water Fund, the Sewer Fund, the Natural Gas Fund and the Aggregate Remaining Fund Information:

The Town was, in some cases, unable to provide documentation to support the transactions and balances for significant accounts. Missing documentation included:

- the amount of accounts receivable in the enterprise funds by customer and by fund. The accounts receivable balance has not changed since December 31, 2016.
- a listing of capital assets. Capital asset balances have been rolled forward from 2018. The Town has not recorded any additions or deletions for capital assets since 2016. The Town may own water rights which are not recorded. Without a listing of capital assets this cannot be determined.
- a listing of accounts payable, compensated absences or accrued liabilities. There is an account for utility receipts in the General Fund. This does not appear to be owed to any other entity.
- reconciliations for any cash accounts. Generally, the general ledger balances for cash did not agree to the amounts reported on the bank statements. The general ledger balance for cash was \$36,030 higher than the amounts reported on the bank statements.
- actuarial information for the Volunteer Firefighter's Pension to record the necessary pension assets, liabilities, deferred inflows and outflows of resources.
- what a receipt of funds from the Department of Local Affairs (DOLA) for \$60,324 is for.
- the Town was not able to provide answers to all of our inquiries. This is due to changes in personnel and the timing of the audit.

The Town recorded a beginning balance entry in March, 2023. As a result of this entry beginning equity balances did not agree to the prior year trial balance or audited financial statements. Entries were made to adjust the beginning equity to the ending equity in the December 31, 2020 financial statements.

In addition, the Town was unable to provide the Local Highway Finance Report for the year ended December 31, 2021.

Restatement of Net Position

As more fully described in Note 10 to the financial statements, the Town verified the loan balance and payments with the United States Department of Agriculture. As a result, in Business Type Activities and the Water Fund the beginning balance of loan payable increased \$22,899 and the beginning balance of the Net Position decreased \$22,899.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Because of the matters described in the Basis for Disclaimer of Opinion section, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the Governmental Activities, Business-type Activities, the General Fund, the Water Fund, the

Sewer Fund, the Natural Gas Fund and the Aggregate Remaining Fund Information. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate that raise substantial doubt about the Town's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Management has omitted Management's Discussion and Analysis (MD&A) and the Volunteer Firefighter's Pension Plan schedules that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information for the MD&A. The missing information for the Plan precluded us from issuing an opinion on the Aggregate Remaining Fund Information.

Accounting principles generally accepted in the United States of America require that the budgetary comparison information on page D1 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We were unable to apply certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United

States of America because the Town was unable to provide documentation of significant account balances or transactions. We do not express an opinion or provide any assurance on the information.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The budgetary comparison information for the proprietary funds is presented for the purposes of additional analysis and is not a required part of the financial statements.

The budgetary comparison schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Based on the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to, and we do not, express an opinion on the supplementary information referred to above.

TOWN OF AGUILAR, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Town of Aguilar, (the Town) Colorado was incorporated in 1894 and currently operates under a mayor and council form of government.

The accounting policies of the Town of Aguilar, Colorado conform to generally accepted accounting principles as applicable to governments. Following is a summary of the more significant policies.

Reporting Entity

In accordance with governmental accounting standards, the Town of Aguilar has considered the possibility of inclusion of additional entities in its basic financial statements.

The definition of the reporting entity is based primarily on financial accountability. The Town is financially accountable for organizations that make up its legal entity. It is also financially accountable for legally separate organizations if Town officials appoint a voting majority of the organization's governing body and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the Town. The Town may also be financially accountable for governmental organizations that are fiscally dependent upon it.

Based on the application of these criteria, the Town does not include additional organizations in its reporting entity, nor is it part of any other reporting entity.

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the Town. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of the given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

TOWN OF AGUILAR, COLORADO

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when the liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. For expenditure driven grants the Town considers this revenue to be available if it is anticipated to be collected within the subsequent year .

Property taxes, specific ownership taxes, grants, and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when the Town receives cash. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the Town's practice to use restricted resources first, then unrestricted resources as they are needed.

In the fund financial statements, the Town reports the following major governmental fund:

The *General Fund* is the Town's primary operating fund. It accounts for all financial resources of the Town, except those required to be accounted for in another fund.

The Town reports the following major proprietary funds:

The *Water Fund* accounts for the financial activities associated with the provision of water services.

TOWN OF AGUILAR, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus, Basis of Accounting, and Financial Statement Presentation(Continued)

The *Sewer Fund* accounts for the financial activities associated with the provision of wastewater services.

The *Natural Gas Fund* accounts for the financial activities associated with the provision of natural gas services.

Additionally, the Town reports the following fund type:

Fiduciary Fund - The *Volunteer Firefighter's Pension* custodial fund accounts for assets held by the Town for the benefit of the Town's volunteer firefighters.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Cash and Investments

For purposes of the Statement of Cash Flows, cash equivalents include investments with original maturities of three months or less. Investments are recorded at fair value.

Accounts Receivable

Accounts Receivable consists primarily of taxes and charges for services. All receivables are considered collectible in full. Therefore, no allowance has been recorded.

Capital Assets

Capital assets, which include property and equipment, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and in the Enterprise Funds. Capital assets are defined by the Town as assets with an initial, individual cost of more than \$1,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Property and equipment of the Town is depreciated using the straight-line method over the following estimated useful lives:

Buildings	50 years
Machinery and Equipment	3-10 years
Infrastructure	35-50 years

TOWN OF AGUILAR, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position and balance sheets will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position and fund balance that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to the liabilities, the statement of financial position and balance sheets will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position and fund balance that applies to a futures period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

Compensated Absences

Employees accrue vacation time after the first year of employment. Accrued vacation time varies from 10 to 15 days per year depending on length of service. After 15 years of service, an employee accrues an additional 1.25 days per year of vacation time. Employees may accrue a maximum of 25 days in unused vacation time. Employees will only be compensated for accrued vacation time upon retirement, layoff, or death. The Town was unable to provide documentation of the compensated absences, so no amounts are recorded for this liability.

Employees also accrue sick time of 24 to 48 hours per year. A maximum carryover of 240 hours is allowed. However, employees are not compensated for any of their accrued sick time upon termination of employment. As a result, there is no accrual of sick leave payable for the year ended December 31, 2021.

Long-Term Obligations

In the government-wide financial statements, and proprietary fund type in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Net Position

The government-wide and business-type fund financial statements utilize a net position presentation. Net position is categorized as investment in capital assets, restricted, and unrestricted.

Investment in Capital Assets is intended to reflect the portion of net position, which is associated with non-liquid, capital assets less outstanding capital asset related debt. The net related debt is the debt less the outstanding liquid assets and any associated unamortized cost.

TOWN OF AGUILAR, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Net Position (Continued)

Restricted Net Position are liquid assets, which have third party limitations on their use.

Unrestricted Net Position represents assets that do not have any third-party limitation on their use. While Town management may have categorized and segmented portions for various purposes, the Town Board of Trustees has the unrestricted authority to revisit or alter these managerial decisions.

The governmental fund financial statements present fund balances based on classifications and comprised of a hierarchy. The financial statement hierarchy is based primarily on the Town's honor constraints and specific purposes the respective governmental fund amounts can be spent for. The classifications used in the governmental fund financial statements are as follows:

Nonspendable fund balance is the classification that includes amounts that cannot be spent because they are either not spendable in form or are legally or contractually required to be maintained intact. At December 31, 2021, the Town does not report any fund balances as nonspendable.

Restricted fund balance is the classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation. The Town has classified the TABOR Emergency Reserves as being restricted because their use is restricted by State Statute for declared emergencies.

Committed fund balance is the classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the Town Board of Trustees. These amounts cannot be used for any other purpose unless the Town Board of Trustees removes or changes the specified use by taking the same type of action (ordinance or resolution) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements. The Town does not report any amounts as committed as of December 31, 2021.

Assigned fund balance is intended to be used by the Town for specific purposes but does not meet the criteria to be classified as restricted or committed. In the General Fund, assigned amounts represent intended uses established by the Town Board of Trustees or a Town official delegated by Town Charter or ordinance. The Town does not report any amounts as assigned as of December 31, 2021.

Unassigned fund balance classification includes the residual fund balance for the General Fund.

TOWN OF AGUILAR, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Balance (Continued)

The Town would generally use restricted fund balances first, followed by committed resources, and then assigned resources.

The General Fund has a negative fund balance totaling \$101,218.

Property Taxes

Property taxes are levied on November 1 and attach as an enforceable lien on property on January 1. Taxes are payable in full on April 30 or in two installments on February 28 and June 15. The County Treasurer's office collects property taxes and remits to the Town on a monthly basis. Since property tax revenues are collected in arrears during the succeeding year, a receivable and corresponding deferred inflow of revenues is recorded at December 31. As the tax is collected in the succeeding year, the deferred inflow of revenues is recognized as revenue and the receivable is reduced.

NOTE 2: STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgets and Budgetary Accounting

The Town follows these procedures in establishing the budgetary data reflected in the financial statements:

- Prior to September 30, the Town staff submits to the Town Board of Trustees a proposed operating budget for the fiscal year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.
- Public hearings are conducted to obtain taxpayer comments.
- Prior to December 31, the budget is legally enacted through passage of an ordinance.
- The Town Administration is authorized to transfer budgeted amounts between departments within any fund. However, any revisions that alter the total expenditures of any fund must be approved by the Town Board of Trustees.
- Budgets are legally adopted for the General Fund and proprietary funds of the Town. The budget for the General Fund is adopted on a basis consistent with generally accepted accounting principles (GAAP). The budgetary comparisons presented for the proprietary funds are reported on a non-GAAP budgetary basis. Capital outlay and principal payments for debt are budgeted as expenditures and the depreciation is not budgeted. From discussions with GASB and the State of Colorado, the Town believes there is no requirement to adopt a budget for the Firefighter's Pension Plan.
- Budgeted amounts in the financial statements are as originally adopted or as amended by the Town Board of Trustees. All appropriations lapse at year end.

Actual expenditures exceed budgeted appropriations in the General, Water, and Sewer Funds. This may be a violation of state statute.

TOWN OF AGUILAR, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE 3: DEPOSITS AND INVESTMENTS

Cash and investments as of December 31, 2021 are classified in the accompanying financial statements as follows:

Governmental activities:	
Cash and Investments	\$ 50,818
Business-Type Activities	
Cash and Investments	75,506
Restricted Cash and Investments	256,731
Fiduciary activities:	
Cash and Investments	59,196
Total Cash and Investments.	<u>\$ 442,251</u>

Cash and investments as of December 31, 2021 consist of the following:

Deposits with Financial Institutions	\$ 207,542
Investments	234,709
Total Cash and Investments	<u>\$ 442,251</u>

The Town has no deposit or investment policies but follows state statute.

Deposits with Financial Institutions

Custodial credit risk-deposits. The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits. The State Bank Commissioner is required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

As of December 31, 2021, the Town's cash deposits had a bank balance of \$170,197 and a carrying balance of \$207,542. As of December 31, 2021, all of the Town's deposits were covered by the Federal Deposit Insurance Corporation (FDIC).

Investments

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- Obligations of the United States and certain U.S. government agency securities,
- Certain international agency securities,
- General obligation and revenue bonds of U.S. local government entities,
- Certain certificates of participation,
- Certain securities lending agreements,
- Bankers' acceptances of certain banks,
- Commercial paper,
- Written repurchase agreements collateralized by certain authorized securities,
- Certain money market funds,
- Guaranteed investment contracts, and
- Local government investment pools

TOWN OF AGUILAR, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE 3: DEPOSITS AND INVESTMENTS (Continued)

Concentration of credit risk. The Town generally limits its concentration of investments to local government investment pools, which are believed to have minimal credit risk, minimal interest rate risk, and no foreign currency risk.

Interest rate risk. As of December 31, 2021, the Town had the following investments. The COLOTRUST investment has a bank balance of \$236,023 and a book balance of \$234,709.

	Weighted Average Maturity	Net Asset Value
COLOTRUST PLUS+	44 days to reset 71 days to maturity	\$ 234,709

The County invested in the Colorado Local Government Liquid Asset Trust (COLOTRUST), an investment vehicle established for local government entities in Colorado to pool surplus funds. The State Securities Commissioner administers and enforces all State statutes governing the Trust. The County invests in COLOTRUST PLUS+. The PLUS+ Trust operates similarly to a money market fund and each share is equal in value to \$1.00. This portfolio may invest in U.S. Treasury securities and repurchase agreements collateralized by U.S. Treasury securities. COLOTRUST PLUS+ may also invest in certain obligations of U.S. government agencies, highest rated commercial paper and repurchase agreements collateralized by certain obligations of U.S. government agencies. COLOTRUST PLUS+ attempts to maintain a NAV of \$1.00 per share. At December 31, 2021 the NAV was \$1.00. COLOTRUST Plus+ is rated AAAM by S&P Global Ratings. COLOTRUST's PLUS+ does not have any unfunded commitments, redemption restrictions or redemption notice periods.

A designated custodial bank serves as custodian for the Trust's portfolios pursuant to a custodian agreement. The custodian acts as safekeeping agent for the Trust's investment portfolios and provides services as the depository in connection with direct investments and withdrawals.

Fair Value Hierarchy. The Town categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The Town has no investments which are required to be disclosed in the fair value hierarchy.

Restricted Cash and Investments

Cash and investments in the amount of \$182,360 are restricted for debt service and infrastructure improvements in the Water Fund. Cash and investments in the amount of \$4,146 and \$70,225 are restricted for infrastructure improvements in the Sewer and Natural Gas Funds, respectively.

TOWN OF AGUILAR, COLORADO

NOTES TO FINANCIAL STATEMENTS
December 31, 2021

NOTE 4: INTERFUND BALANCES

At December 31, 2021 interfund payables/receivables are as follows:

	<u>Interfund Receivables</u>	<u>Interfund Payables</u>
General	\$ -	\$ 141,424
Water	-	272,056
Sewer	23,466	-
Gas	390,014	-
	<u>\$ 413,480</u>	<u>\$ 413,480</u>

During the course of operations, transactions occur between funds for the reimbursement of expenditures and transactions within certain pooled cash accounts. Related interfund receivables and payables are classified as due from other funds and due to other funds on the balance sheet. Amounts may not be settled within one year.

NOTES 5: CAPITAL ASSETS

Governmental Activities capital assets activity for the year ended December 31, 2021 is summarized below:

TOWN OF AGUILAR, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE 6: LONG-TERM DEBT

Business-Type Activities

Following is a summary of long-term debt transactions for the governmental activities for the year ended December 31, 2021.

	Restated Balance at December 31, 2020	Additions	Reductions	Balance at December 31, 2021	Due Within One Year
Direct Borrowings					
USDA Bond Payable	\$ 965,072	\$ -	\$ 23,870	\$ 941,202	\$ 24,926
	<u>\$ 965,072</u>	<u>\$ -</u>	<u>\$ 23,870</u>	<u>\$ 941,202</u>	<u>\$ 24,926</u>

In January 2007 the Town issued \$1,225,500 in USDA Water Enterprise Water Revenue Bonds, Series 2006. Proceeds of the bonds were used to pay costs related to the Town's improvements of its water system. The bonds carry an interest rate of 4.375% Semi-annual principal and interest payments are due on Jan 15 and July 15 through 2044.

Annual debt service requirements for the Bonds Payable at December 31, 2021 are as follows:

Year Ended December 31,	Principal	Interest	Totals
2022	\$ 24,926	\$ 40,914	\$ 65,840
2023	26,029	39,811	65,840
2024	27,180	38,660	65,840
2025	28,382	37,458	65,840
2026	29,637	36,203	65,840
2027-2031	169,048	160,152	329,200
2032-2036	209,888	119,312	329,200
2037-2041	260,594	68,606	329,200
2042-2044	165,518	11,844	177,362
Total Debt Service Requirements	<u>\$ 941,202</u>	<u>\$ 552,960</u>	<u>\$ 1,494,162</u>

During the year ended December 31, 2021 the Town entered into an agreement to borrow \$2,640,000 from the USDA. This loan will be made by the USDA once the project is completed. The loan terms will be funded at this time. It is anticipated that the interest rate on the loan will be 1.375% and the loan will be repaid over a period of 40 years. The Town will need to enter into a construction loan until the funds can be borrowed from the USDA. For the year ended December 31, 2021, the Town had borrowed no funds on this loan. See additional disclosure on this bond in Note 9 to these financial statements.

TOWN OF AGUILAR, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE 7: RETIREMENT COMMITMENTS

General Employees Retirement

The Town contributes three percent of eligible employee compensation to a Section 457 of the Internal Revenue Code. For the year ended December 31, 2021 contributions of \$4,690 were made based on covered payroll of \$156,320.

Volunteer Firefighter's Pension Fund

The Volunteer Firefighter's Pension Fund is a single employer defined benefit plan. The fund has one retiree receiving a \$75 monthly benefit for life, and will continue to exist until the death of the beneficiary. The plan is closed to new entrants. Total contributions to the Plan during the year ended December 31, 2021, were \$0 with distributions of \$900.

NOTE 8: PUBLIC ENTITY RISK POOL

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. For these risks of loss, the Town is involved with the Colorado Intergovernmental Risk Sharing Agency (CIRSA), a separate and independent governmental and legal entity formed by intergovernmental agreement by member municipalities pursuant to the provision of 24-10- 115.5, Colorado Revised Statutes (1982 Replacement Volume) and Colorado Constitution, Article XIV, Section 18(2).

The purposes of CIRSA are to provide members defined liability, property, and workers' compensation coverages and to assist members in preventing and reducing losses and injuries to municipal property and to persons or property which might result in claims being made against members of CIRSA, their employees and officers.

It is the intent of the members of CIRSA to create an entity in perpetuity which will administer and use funds contributed by the members to defend and indemnify, in accordance with the bylaws, any member of CIRSA against stated liability of loss, to the limit of the financial resources of CIRSA.

It is also the intent of the members to have CIRSA provide continuing stability and availability of needed coverages at reasonable costs. All income and assets of CIRSA shall be at all times dedicated to the exclusive benefit of its members. CIRSA is a separate legal entity.

Tabor Amendment

Colorado voters passed an amendment to the State Constitution, Article X, Section 20, which has several limitations, including revenue raising, spending abilities, and other specific requirements of state and local government. On November 1994, voters within the Town approved the collection, retention and expenditure of State grants, all sales and use taxes and all other revenue generated by the Town in 1995 and subsequent years without limitation, notwithstanding the provisions of the Amendment. The Town has established an emergency reserve, representing 3 % of qualifying expenditures, as required by the Amendment. At December 31, 2021, the emergency reserve of \$7,329 was recorded in the General Fund.

TOWN OF AGUILAR, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE 9: COMMITMENTS AND CONTINGENCIES

Construction Commitments

In November, 2018, the Town signed an agreement with an engineering firm for a drinking water treatment system. The amount of the contract was \$259,200. The amounts expended under the contract at December 31, 2021 were \$26,239.

Grants and Loans

The Colorado Department of Public Health & Environment issued an Enforcement Order related to the Town's water system. In order to correct the issues noted, the Town has entered into an agreement with the USDA to borrow \$2,640,000. The Town has also received a USDA grant of \$3,153,000. During 2024, the Office of Inspector General of the USDA and the Colorado Bureau of Investigation began to review transactions related to this project. The amount of disallowed costs at this time is not known but may have a material impact on the Town.

NOTE 10: RESTATEMENTS OF NET POSITION

During the year ended December 31, 2021, the Town verified the balance of the Notes Payable held by the United States Department of Agriculture in the Water Fund. The principal balance of this note increased \$22,899. Equity in the Water Fund and the Business-type Activities decreased \$22,899.
