Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the business-type activities, each major fund, and the aggregate remaining fund information of the Housing Authority of the City of Englewood *dba* Innovative Housing Concepts (the Authority) as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the basic financial statements of the Authority, as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities, each major fund, and the aggregate remaining fund information of the Authority as of December 31, 2021, and the respective changes in financial position and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Authority, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Authority's basic financial statements. The schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The financial data schedules are presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Report on Summarized Comparative Information

We have previously audited the Authority's financial statements as of and for the year ended December 31, **2020**, and we expressed unmodified audit opinions on the business-type activities, each major fund, and the aggregate remaining fund information in our report dated May 27, 2022. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2021, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 27, 2022, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

Management's Discussion and Analysis
December 31, 2021

As management of the Housing Authority of the City of Englewood (the Authority), we offer readers of the Authority's financial statements this narrative overview and analysis of the financial activities of the Authority for the fiscal year ended December 31, 2021. We encourage readers to consider the information presented here in conjunction with additional information that has been furnished in the financial statements.

Financial Highlights

- The Authority continues to have a stable outlook with Total Net Position (Equity) at year-end of \$9,768,833.
- With a current ratio at 7.4 the Authority demonstrates liquidity. In other words, the Authority can meet its current obligations 7.4 times.
- The number of Months Expendable Funds Balance ratio, which shows adequacy of funds or the ability to pay monthly expenses, is 6.1 months; last year was 6.4 months.

Using the Basic Financial Statements

The Financial Statements consist of Management's Discussion and Analysis (this section) and a series of financial statements and notes to those statements. These statements are organized so that the reader can understand the Authority as an entire operating entity.

A fund is a self-balancing set of accounts recording cash and other financial resources. It will include all related liabilities and net position and changes. These are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations or restrictions.

The Statement of Net Position--Proprietary Funds presents information on all the Authority's assets and liabilities. Under GASB 34, the difference between a PHA's assets and liabilities is Net Position. Over time, increases and decreases in Net Position may serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.

The Statement of Revenues, Expenses and Changes in Net Position--Proprietary Funds shows the reader operating revenues and expenses by individual funds and by the Authority as a total. This is reported on a full-accrual basis where income is reported when earned, and expenses are reported as incurred. This report shows the reader operating profit/loss before grants and transfers to/from other funds.

The Statement of Cash Flows--Proprietary Funds provides our third statement which converts accrual-accounting to cash. This lets the reader know, by fund and by the Authority as a whole, whether the Authority increased or decreased its cash position this year and the sources and/or uses of the cash.

- The major change in Current Assets is due to the decrease in cash and receivables. Cash was reduced mainly from HUD providing less funding than was spent by the Voucher Program in the amount of \$92,366. Accounts Receivables were less due to converting the interfund receivable at the end of 2020 of \$97,638 to a transfer in of cash.

- The decrease in Operating Revenues of (\$87,391) is due mainly to a decrease in grant income of (\$63,531), Management Fees income of (\$6,282) and Other Income of (\$111,824). Rental Income increased by \$94,246.

Housing Authority of the City of Englewood
dba Innovative Housing Concepts
 Management's Discussion and Analysis
 December 31, 2021

Authority Financial Analysis (Continued)

- Operating expenses increased \$38,450 mainly because of an increase in Housing Assistance Payment (HAP) expense of \$11,048, Maintenance expense of \$20,515, General and Administrative costs of \$13,839 and an increase in Utility costs of \$33,490. There were decreases in Insurance and Benefit costs of (\$24,668), and a decrease in Depreciation expense of (\$15,774). The HAP cost increase was due to leasing up new vouchers and absorbing Port-In vouchers.
- Nonoperating Expenses (Revenue) change of (\$14,296) is from an increase in interest expense of (\$644) for the loans of the housing authority and a decrease of (\$13,652) in interest revenue earned.
- Capital Contributions increased because the HUD grant for capital improvement increased by \$10,509.
- The Housing Authority ended the year with a gain of \$335,511.

There was a net decrease in total outstanding Note and Capital Lease Debt of (\$184,656) from the prior year. Details of the Notes and Capital Lease Payables can be found in Note 7 to the financial statements.

The Funds

Public Housing

Public Housing consists of 110 low-rent dwelling units. Public Housing operations are funded by HUD through an annual Operating Subsidy. HUD Capital Fund Program grants provide additional funding for upgrades and improvements.

The Public Housing program provided 1,267-unit months of occupancy out of the 1,320-unit months available (110 units' times 12 months) a 95.98% occupancy rate.

Housing Choice Voucher Program

Three types of funding are received from HUD: 1) HAP; for rent and home-ownership subsidies, utility reimbursements and Family Self-Sufficiency (FSS) escrow deposits, 2) Administrative Fees; for program administrative costs. Funding is not fungible either within or outside the Voucher program. The Authority's Voucher Program has 421 Vouchers to administer and holds a contract to administer vouchers for the City of Sheridan.

Sheridan's Voucher Program was able to utilize 92.4%- or 1,962-unit months of the 2,124-unit months available for its program. Of the 177 Vouchers available, an average of 164 vouchers were administered monthly. Monthly Management Fees are received from the City of Sheridan's Voucher Program.

Housing Authority of the City of Englewood
dba Innovative Housing Concepts
Management's Discussion and Analysis
December 31, 2021

The Authority was able to utilize 79.5%- or 4,015-unit months of the 5,052-unit months available for its program. Of the 421 Vouchers available, an average of 335 vouchers were issued monthly to low-income participants in the City of Englewood.

Simon Center

Simon Center is a 104-unit apartment building which is operated under HUD's Section 8 New Construction program. The monthly subsidies or HAPs are managed through the Colorado Housing and Finance Authority (CHFA). Simon Center had 96.8% occupancy for 2021, with 1,208-unit months leased out of 1,248 available.

Office Building

Each Authority program pays a monthly rent to the Office Building.

Market Rate Rentals

The Market Rate Rentals portfolio consists of a triplex, two duplexes, and a single-family home, eight unit in total. They had an 90.6% occupancy rate in 2021 with 87-unit months leased out of the 96-unit months available. They are expected to be fully leased in 2022.

Management Fund

The Management Fund provides general administration for special programs and contracts. The Management Fund receives a management fee from the Sheridan Voucher Program through a separate program setup to administrate the program through a separate set of books. Recognizing the need for affordable housing the Management Fund continues to develop affordable units as opportunities are presented.

The Future of the Housing Authority of the City of Englewood -- 2022

HUD's cash management system will continue to retain housing authority reserves at the Federal level rather than local. Local housing authority reserves could be recaptured. HUD is estimating prorates of 95% of eligibility for Public Housing Operating Subsidy and 85.8% for Housing Choice Voucher earned Administrative Fees.

The Authority continues to explore means to generate additional sources of revenue to cover budget shortfalls of administrative funds.

Another outbreak of the COVID-19 virus may have an influence on the operations of the Housing Authority. If another outbreak occurs, staff could be working from home every other day to keep staffing in the office to a minimum. Section 8 Voucher Program orientations could become more difficult when issuing vouchers, moving and leasing up could take longer. Vacancy rates may be higher. We anticipate HUD will provide additional funding to support the prevention, preparation, and response to the COVID-19 pandemic if necessary.

Note 1: Summary of Significant Accounting Policies

The financial statements of the Housing Authority of the City of Englewood *dba* Innovative Housing Concepts (the Authority) have been prepared in conformity with generally accepted accounting principles (GAAP) as applicable to governmental entities. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Authority's accounting policies are described below.

Reporting Entity

The financial reporting entity consists of the Authority, organizations for which the Authority is financially accountable, and organizations that raise and hold economic resources for the direct benefit of the Authority. All funds, organizations, institutions, agencies, departments and offices that are not legally separate are part of the Authority. Legally separate organizations for which the Authority is financially accountable are considered part of the reporting entity. Financial accountability exists if the Authority appoints a voting majority of the organization's governing board and is able to impose its will on the organization, or if the organization has the potential to provide benefits to, or impose financial burdens on, the Authority.

Based on the application of this criteria, the Authority does not include additional organizations within its reporting entity.

The Authority participates in various benefit plans of the City of Englewood. However, the Authority is not a component unit of the City of Englewood.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The Authority uses funds to report its financial position and activities. Fund accounting is designed to segregate transactions related to certain functions or activities. All of the Authority's funds are classified as enterprise funds. Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises, where fees are charged to external users for goods or services.

The financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when the liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Enterprise funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a fund's principal ongoing operations. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation
(Continued)

When both restricted and unrestricted resources are available for a specific use, it is the Authority's practice to use restricted resources first, then unrestricted resources as they are needed.

Major individual funds are reported as separate columns in the financial statements. The Authority reports the following major proprietary funds:

The *Public Housing Fund* accounts for the financial activities of Orchard Place, a 100-unit housing complex for individuals who are seniors, handicapped or disabled, and five family duplex housing units.

The *Vouchers Fund* accounts for the financial activities of the Authority's Section 8 Housing Choice Voucher program. The program has been allocated 421 vouchers by the U.S. Department of Housing and Urban Development (HUD).

The *Management Fund* accounts for the general administration and operations of the Authority and the acquisition and development of new units.

The *Simon Center Fund* accounts for the financial activities of the Simon Center Apartments, a 105-unit housing complex for individuals who are seniors, handicapped or disabled.

The *Market Rate Rentals Fund* was established to account for the financial activities of eight market-rate rental properties.

Assets, Liabilities and Net Position

Cash Equivalents - Cash equivalents are defined as short-term investments with an original maturity of three months or less.

Accounts Receivable - Accounts receivable are expensed as bad debts at the time they are determined to be uncollectible and are approved by the Board of Commissioners. Management has established an allowance for doubtful accounts for amounts that may not be collectible in the future.

Prepaid Expenses - Certain payments to vendors reflect costs applicable to future years and are reported as prepaid expenses.

Capital Assets - Property and equipment are recorded at cost or at estimated cost where no historical records exist. Contributed assets are valued at the acquisition value on the date received. The Authority capitalizes all assets with a cost of \$2,500 or greater and a useful life of more than one year.

Assets, Liabilities and Net Position (Continued)

Depreciation of capital assets is computed using the straight-line method over the estimated useful lives of the capital assets, as follows.

Land Improvements	5 - 20 years
Buildings and Improvements	5 - 25 years
Equipment	3 - 10 years

Unearned Revenues - Unearned revenues arise when resources are received by the Authority before it has a legal claim to them, including when cash is received before the eligibility requirements imposed by the grantor have been met, or when rent is received in advance.

Escrow Deposits - The Authority holds deposits in escrow for participants of the family self-sufficiency program. The deposits are returned to the participants upon the satisfaction of all program requirements.

Compensated Absences - Authority employees are allowed to accumulate unused vacation. Employees are limited in the amount of vacation leave they are allowed to accrue, up to a maximum of 160 hours. Upon termination of employment from the Authority, an employee will be compensated for all accrued vacation leave at their current pay rate. These compensated absences are recognized as a liability in the financial statements when earned.

Net Position - Net position is restricted when constraints placed on the use of resources are externally imposed.

Risk Management

The Authority is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Authority carries commercial insurance for these risks of loss.

Subsequent Events

We have evaluated subsequent events through May 27, 2022 the date the financial statements were available to be issued.

Comparative Information

The basic financial statements include certain prior year summarized comparative information in total but not at the level of detail required for a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Authority's financial statements for the year ended December 31, 2021, from which the summarized information was derived. Prior year amounts have been reclassified to conform with the current year presentation.

Note 2: Stewardship, Compliance and Accountability

Budgetary Information

Budgets are adopted for all funds as a management control device but are not legally required. Therefore, budgetary information is not presented in the financial statements.

Note 3: Cash and Investments

Note 3: Cash and Investments (Continued)

Cash Deposits

The Colorado Public Deposit Protection Act (PDPA) requires all local government entities to deposit cash in eligible public depositories. Eligibility is determined by State regulations. Amounts on deposit in excess of federal insurance levels must be collateralized by eligible collateral as determined by the PDPA. The PDPA allows the financial institution to create a single collateral pool for all public funds held. The pool is to be maintained by another institution or held in trust for all uninsured public deposits as a group. The market value of the collateral must be at least equal to 102% of the uninsured deposits. At December 31, 2021, the Authority had bank deposits of \$1,710,852 collateralized with securities held by the financial institutions' agents but not in the Authority's name.

Investments

The Authority has an investment policy which follows State statutes and the investment guidelines set forth in the HUD Financial Management Handbook. The policy specifies investment instruments meeting defined rating, maturity, custodial, and concentration risk criteria in which the Authority may invest, which include the following.

- Obligations of the United States and certain U.S. Agency securities
- Certain international agency securities
- General obligation and revenue bonds of U.S. local government entities
- Bankers' acceptances of certain banks
- Commercial paper
- Local government investment pools
- Written repurchase agreements collateralized by certain authorized securities
- Certain money market funds
- Guaranteed investment contracts

Interest Rate Risk - State statutes generally limit the maturity of investment securities to five years from the date of purchase, unless the governing board authorizes the investment for a period in excess of five years.

Credit Risk - State statutes allow investments with specified ratings provided by nationally recognized statistical rating organizations, depending on the type of investment.

Concentration of Credit Risk - State statutes do not limit the amount the Authority may invest in a single issuer of investment securities, except for corporate securities.

Local Government Investment Pool - At December 31, 2021, the Authority had \$1,801,677 invested in the Colorado Local Government Liquid Asset Trust (Colotrust), an investment vehicle established for local government entities in Colorado to pool surplus funds.

Note 3: Cash and Investments (Continued)

Investments (Continued)

Colotrust is not a 2a7-like external investment pool. The unit of account is each share held, and the value of the position would be the fair value of the pool's share price multiplied by the number of shares held. The government-investor does not "look through" the pool to report a pro rata share of the pool's investments, receivables and payables. This investment is valued using the Net Asset Value per share (or its equivalent) of the investments.

Colotrust is an investment vehicle established by state statute for local entities in Colorado to pool surplus funds for investment purposes and registered with the State Securities Commissioner. The pools operate similarly to money market funds and each share is equal in value to \$1.00. A designated custodial bank provides safekeeping and depository services in connection with the direct investment and withdrawal functions of each pooled investment. Securities owned by the pools are held by the Federal Reserve Bank in the account maintained for the custodial bank. The custodian's internal records identify the investments owned by the participating governments. Investments of the pools consist of US Treasury bills, notes, and note strips, commercial paper allowed by state statute and repurchase agreements collateralized by US Treasury securities or US Instrumentalities. Colotrust is rated AAAM by Standard and Poor's. Information regarding Colotrust's financial statements is available at their website www.colotrust.com.

Interest cost incurred and expensed during the year ended December 31, 2021, was \$79,398.

Note Payable

In 2014, the Authority obtained a loan from FirstBank in the amount of \$516,750. Proceeds of the loan were used to construct a market-rent triplex. Annual principal and interest payments are due on the loan through September 1, 2044. Interest accrues at the rate of 4.375% per annum through August 31, 2021. On September 1, 2021, and each September 1 thereafter, the interest rate will be calculated by adding 3.25% to the weekly average yield on United States Treasury securities adjusted to a constant maturity of one year. The interest rate will not increase or decrease annually by more than 2% and will never be greater than 9.375%. At December 31, 2021, the weekly average yield on United States Treasury securities was .10%. The loan will be paid from resources of the Market Rate Rentals Fund.

Following is a summary of debt service requirements for the note payable, to maturity, assuming a variable rate of 4.75% per annum beginning September 1, 2021:

<u>Year Ended December 31,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>

Capital Lease

On October 15, 2010, the Authority entered into a \$2,000,000 lease-purchase agreement with Saulsbury Hill Financial, LLC, to finance energy savings improvements at Orchard Place and Simon Center Apartments. Interest accrues on the outstanding balance of the lease at 5.49% per annum. Principal and interest payments are due quarterly beginning on September 15, 2011, with final payment due in June 2026. Capital assets of \$2,000,000 have been capitalized under the lease. Accumulated amortization was \$1,086,535 as of December 31, 2021. Amortization on these capital assets was \$103,718 during the year ended December 31, 2021. The lease will be paid by the Public Housing and Simon Center Funds.

Capital lease payments, to maturity, are as follows:

<u>Year Ended December 31,</u>	<u>Total</u>
2022	\$ 221,678
2023	227,957
2024	235,503
2025	241,892
2026	120,416

Present Value of Future Minimum Lease Payments	<u>\$ 920,401</u>

Note 8: Retirement Commitments

The Authority participates in a single employer defined contribution money purchase pension plan on behalf of all employees. Plan investments are managed by the International City/County Management Association Retirement Corporation (ICMA-RC). The contribution requirements are established and may be amended by the Board of Commissioners. Employees are required to participate in the Plan on the date of employment and must contribute 2.5% of their eligible salary. The Authority contributes 5% of the eligible salary. Employees are fully vested in the Authority's contributions after five years. During the year ended December 31, 2021, the Authority contributed \$36,107 to the plan.

Note 9: Commitments and Contingencies

Claims and Judgements

The Authority participates in a number of federal, state, and local programs that are fully or partially funded by grants received from other governmental entities. Expenses financed by grants are subject to audit by the appropriate grantor government. If expenses are disallowed due to noncompliance with grant program regulations, the Authority may be required to reimburse the grantor government. At December 31, 2021, significant amounts of grant expenses have not been audited, but management believes that subsequent audits will not have a material effect on the overall financial position of the Authority.

TABOR Amendment

Colorado voters passed an amendment to the State Constitution, Article X, Section 20, which has several limitations, including revenue raising, spending abilities, and other specific requirements of state and local governments. The Amendment is complex and subject to judicial interpretation. However, management believes the Authority is exempt from the provisions of the Amendment.

Current Economic Conditions

During the year ended December 31, 2021, the United States of America and State of Colorado declared an emergency associated with the COVID-19 pandemic. Along with significant declines in financial markets, the public health emergency creates uncertain economic conditions. The Authority has adapted and made changes to operations due to potential impacts on health and safety. Should these conditions persist, the Authority could be negatively impacted.

Based on an Audit of Financial Statements Performed
in Accordance with Government Auditing Standards**

Board of Commissioners
Housing Authority of the City of Englewood
dba Innovative Housing Concepts
Englewood, Colorado

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the business-type activities, each major fund, and the aggregate remaining fund information of the Housing Authority of the City of Englewood *dba* Innovative Housing Concepts (the Authority) as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the basic financial statements of the Authority, and have issued our report thereon dated May 27, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Authority's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the Authority's internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies.

Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the Housing Authority of the City of Englewood *dba* Innovative Housing Concepts' (the Authority) compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on each of the Authority's major federal programs for the year ended December 31, 2021. The Authority's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Authority complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2021.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Authority and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Authority's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the Authority's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Authority's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Authority's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Authority's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Authority's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the business-type activities, each major fund, and the aggregate remaining fund information of the Authority as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the basic financial statements of the Authority. We issued our report thereon dated May 27, 2022, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling the information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.
