In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position the major fund of the Housing Authority of the City of Holyoke, Colorado as of December 31, 2021, and the changes in financial position and cash flows for the year ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* (*Government Auditing Standards*), issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Housing Authority of the City of Holyoke, Colorado and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Housing Authority of the City of Holyoke, Colorado's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from

fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Housing Authority of the City of Holyoke, Colorado's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Housing Authority of the City of Holyoke, Colorado's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Housing Authority of the City of Holyoke, Colorado's basic financial statements. The Program Financial Schedules and Financial Data Schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Program Financial Schedules and Financial Data Schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS
Year Ended December 31, 2021

This section of the Housing Authority of the City of Holyoke, Colorado's annual financial report presents our management's analysis of the Authority's financial performance during the fiscal year ended on December 31, 2021. This discussion and analysis is designed to assist the reader in focusing on the significant financial issues and activities and to identify any significant changes in financial position. Please read and consider the information presented in conjunction with the basic financial statements as a whole.

OVERVIEW OF THE BASIC FINANCIAL STATEMENTS

This annual report includes this Management Discussion and Analysis report, the Basic Financial Statements and the Notes to Financial Statements. This report also contains the Financial Data Schedule (FDS) as referenced in the section of Supplemental Information. The Authority's basic financial statements are presented as fund level financial statements because the Authority only has a single proprietary fund.

Required Basic financial statements

Proprietary Fund Financial Statements - The financial statements of the Housing Authority report information of the Authority using accounting methods similar to those used by private sector companies. These statements offer short- and long-term financial information about its activities. The Statement of Net Position includes all the Authority's assets, deferred outflows of resources, liabilities and deferred inflows of resources and provides information about the nature and amounts of investments in resources and obligations of the Authority creditors. It also provides the basis for evaluating the capital structure of the Authority and assessing the liquidity and financial flexibility of the Authority.

All of the current year's revenues and expenses are accounted for in the Statement of Revenues, Expenses, and Changes in Fund Net Position. This statement measures the success of the Authority's operations over the past year and can be used to determine whether the Authority has successfully recovered all its costs through its user fees and other charges, profitability and credit worthiness.

The final required financial statement is the Statement of Cash Flows. The statement reports cash receipts, cash payments, and net changes in cash resulting from operations, investing and financing activities and provides answers to such questions as where did cash come from, what was cash used for, and what was the change in the cash balance during the reporting period.

The Authority reports a single enterprise fund.

Notes to Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the basic financial statements and provide more detailed data.

Supplemental Information

This report also contains the Financial Data Schedule (FDS) as referenced in the section of Supplemental Information. HUD has established Uniform Financial Reporting Standards that requires the Housing Authority to submit financial information electronically to HUD using the FDS format. This financial information was electronically transmitted to the Real Estate Assessment Center (REAC) for the year ended December 31, 2021 and is required to be included in the audit reporting package.

\$436,056 as of December 31, 2021 which was an increase of \$39,007 which was due to net income of \$58,637 when not including depreciation expense which was offset by nongrant funded capital expenditures of \$21,075.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The Board of Commissioners and Management of the Housing Authority considered many factors when approving the fiscal year 2022 budget. The user charges are based on a tenant's income as established by HUD guidelines and are not adjustable. Operating subsidy is based on rental income, other income and utility consumption and costs. The amount of funding is also established and approved by HUD. In projecting the amount of rental income, the Authority considered prior year rental income and occupancy rates. The operating expenses are expected to increase by the economy's inflation rate.

HOUSING AUTHORITY OF THE CITY OF HOLYOKE, COLORADO
NOTES TO FINANCIAL STATEMENTS
December 31, 2021

NOTE A--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

The Authority was created under the laws of the State of Colorado. The purpose of the Authority is to administer the Public Housing programs authorized by the Quality Housing and Work Responsibility Act of 1998. These programs are subsidized by the Federal Government through the U.S. Department of Housing and Urban Development (HUD).

The basic financial statements of the Authority have been prepared in accordance with accounting principles generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board ("GASB") is the standard-setting body for governmental accounting and financial reporting.

Financial Reporting Entity

In determining how to define the reporting entity, management has considered all potential component units. The decision to include a component unit in the reporting entity was made by applying the criteria set forth in Section 2100 and 2600 of the Government Accounting Standards Board Codification. These criteria state that the financial reporting entity consist of the primary government and organizations for which the primary government is financially accountable. In addition, the primary government may determine, through exercise of management's professional judgment, that the inclusion of an organization that does not meet the financial accountability criteria is necessary in order to prevent the reporting entity's basic financial statements from being misleading. In such instances, that organization should be included as a component unit. Based on these criteria, there are no additional agencies or entities which should be included in the basic financial statements of the Authority.

Basis of accounting, measurement focus, and financial statement presentation

The accounts of the Authority are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred out flows of resources, liabilities, deferred inflows of resources, fund net position, revenues and expenditures or expenses, as appropriate.

Proprietary funds are accounted for using the "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all assets, deferred outflow of resources, liabilities and deferred inflow of resources are included in the Statement of Net Position. The Statement of Revenues, Expenses and Changes in Fund Net Position presents increases (revenues) and decreases (expenses) in net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred.

The Authority distinguishes between operating and nonoperating revenues and expenses in its Statement of Revenues, Expenses and Changes in Fund Net Position. For this purpose, the Authority's operating revenues result from providing low-income housing services such as tenant rent, HUD Section 8 funds earned and other tenant charges. Operating expenses include the cost attributed to administration, tenant services, utilities, maintenance and operations, housing assistance payments and depreciation on capital assets. All revenues and expenses not meeting these definitions are reported as nonoperating revenues and expenses.

Proprietary Fund Financial Statements include a Statement of Net Position, a Statement of Revenues, Expenses and Changes in Fund Net Position, and a Statement of Cash Flows for each major proprietary fund and non-major funds aggregated.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

The reporting model as defined in Statement No. 34 and modified establishes criteria (percentage of the combined assets and deferred outflows of resources, combined liabilities and deferred inflows of resources, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for determination of major Funds.

The Authority has the following programs reported within the sole enterprise fund:

Public Housing Program. This program accounts for the operation, maintenance, and development of housing units which are owned by the Authority. The development of the projects were funded primarily by the U.S. Department of Housing and Urban Development through loans and bonds. The loans have been forgiven by HUD and the bond debt service and repayment requirements are the responsibility of HUD and therefore no outstanding liabilities are recorded. The program is subsidized annually by operating subsidy from HUD and through Capital Grants for capital improvements.

Section 8 New Construction. This program accounts for the operation, maintenance, and development of housing units which are owned by the Authority. The program receives rental assistance from the U.S. Department of Housing and Urban Development.

Budgetary Process

The Authority establishes a budget for the fiscal year and is adopted by the Board of Commissioners.

Estimates

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of certain assets, liabilities, revenues, expenses, and other disclosures. Accordingly, actual results could differ from those estimates.

Cash and Investments

All investments are recorded at fair value based on quoted market prices. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties. Cash and Cash Investments are available upon demand and are considered to be "cash equivalents" when preparing these basic financial statements. In addition, any marketable securities that are owned by a specific amount and that are purchased with a maturity of ninety days or less are also considered to be "cash equivalents".

The Authority's deposits can only be invested in the following HUD approved investments: direct obligations of the federal government backed by the full faith and credit of the United States, obligations of federal government agencies, securities of government-sponsored agencies, demand and savings deposits, money-market deposit accounts, municipal depository fund, super now accounts, certificate of deposit, repurchase agreements, sweep accounts, separate trading of registered interest and principal securities (STRIPS), and mutual funds that consist of securities purchased from the HUD approved list.

Accounts Receivable

All receivables are current and therefore due within one year. Receivables are reported net of an allowance for uncollectible accounts and revenues net of uncollectibles. Allowances are reported when accounts are proven to be uncollectible.

HOUSING AUTHORITY OF THE CITY OF HOLYOKE, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Prepaid Items

Prepaid balances are for payments made by the Authority in the current year to provide services occurring in the subsequent fiscal year.

Capital Assets and Depreciation

Property and equipment are stated at actual or estimated historical cost, net of accumulated depreciation. Contributions of assets are recorded at acquisition value when received. Assets capitalized have an original cost of \$100.00 or more and over a one year of life.

Depreciation has been calculated on each class of depreciable property using the straight-line method. Estimated useful lives are as follows:

Buildings and improvements	10-40 years
Furniture and fixtures	5-10 years
Equipment	3-10 years

Use of Restricted/Unrestricted Net Position

When an expense is incurred for purposes for which both restricted and unrestricted components of net position are available, the Authority's policy is to apply restricted first.

Compensated Absences

The Authority's policy allows employees to carry over up to 15 days of vacation days. Sick leave may be accumulated up with no maximum hours, however, payout upon termination is limited to 1 day for each 4 days accumulated up to 480 hours.

Grant Revenue

The Authority, a recipient of grant revenues, recognizes revenues (net of estimated uncollectible amounts, if any), when all applicable eligibility requirements, including time requirements are met in accordance with GASB Statement No. 33. Resources transmitted to the Authority before the eligibility requirements are met are reported as unearned revenue.

Postemployment Benefits Other Than Pensions (OPEB)

OPEB benefits are part of an exchange of salaries and/or benefits in a future period as the result of employee services rendered during employment. In accordance with the accrual basis of accounting, generally benefits should be associated with the periods in which the exchange occurs, rather than with the periods when benefits are paid or provided. The Authority has not incurred, adopted a plan or obligated resources to other postemployment benefits as defined in GASB Statement No. 75.

Income Taxes

The Authority is a governmental subdivision of the State of Colorado and is exempt from Federal and State income taxes.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Taxpayer's Bill of Rights

In November, 1992, the voters of the State of Colorado approved an amendment to the State's Constitution limiting the amount of revenue which may be spent or retained by Colorado governmental entities. The amendment is in effect for most governmental entities for the years beginning after 1992, but exempts "enterprise" funds from the limitations. The Board of Commissioners of the Authority believes it is exempt from the provisions of the TABOR amendment because it is an "enterprise" (a business operation able to issue its own revenue bonds and receiving less than 10% of its revenue from state and local grants) as defined in the constitutional amendment. The Board also believes it is not subject to the provisions of TABOR because the governing board is not an elected board, does not have an electoral constituency, and does not have the power to impose taxes, all basic operational requirements of TABOR.

Leases

The majority of leases and subleases are short-term operating leases.

NOTE B - DEPOSITS AND INVESTMENTS

Deposits

At December 31, 2021, the Authority's carrying amount of deposits was \$403,667.60 and the bank balances were \$408,274.57. The Authority had cash on hand of \$50 as of December 31, 2021.

As required by the Colorado Public Deposit Protection Act (PDPA), any amount in excess of \$250,000 (including accrued interest) shall be collateralized as required by the Public Deposit Protection Acts, article 10.5 of title 11, C.R.S., as amended or article 47 of title 11, C.R.S., as amended. The entire balance was covered FDIC insurance and the Public Deposit Protection Act.

Investments

At December 31, 2021, the Authority had the following investments and maturities:

Investment Type	Fair Value	Investment Maturities Less Than 1 Year
Colostrust Prime	\$ 51,353.24	\$ 51,353.24

Interest Rate Risk: The Authority does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk: The Authority has no investment policy that would limit its investment choices. At December 31, 2021, the Authority's investment in the Colostrust Fund was rated AAAM by Standard & Poor's.

The Colostrust Prime invests only in U.S. Treasury and government agencies.

Concentration of Credit Risk: The Authority places no limit on the amount the Authority may invest in any one issuer.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

To the Board of Commissioners
Housing Authority of the City of Holyoke, Colorado

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the major fund of the Housing Authority of the City of Holyoke, Colorado as of and for the year ended December 31, 2021, and the related notes to the financial statements, which comprise the Housing Authority of the City of Holyoke, Colorado's basic financial statements, and have issued our report thereon dated July 19, 2022.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Housing Authority of the City of Holyoke, Colorado's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Housing Authority of the City of Holyoke, Colorado's internal control. Accordingly, we do not express an opinion on the effectiveness of the Housing Authority of the City of Holyoke, Colorado's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified a certain deficiency in internal control, described in the accompanying schedule of findings and responses as Finding 2021-1 that we consider to be a material weakness.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Housing Authority of the City of Holyoke, Colorado's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Housing Authority of the City of Holyoke, Colorado's Response to Finding

Government Auditing Standards requires the auditor to perform limited procedures on the Housing Authority of the City of Holyoke, Colorado's response to the finding identified in our audit and described in the accompanying schedule of findings and responses. The Housing Authority of the City of Holyoke, Colorado's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

HOUSING AUTHORITY OF THE CITY OF HOLYOKE, COLORADO
SCHEDULE OF FINDINGS AND RESPONSES
December 31, 2021

Finding 2021-1: Internal Control Structure
Material Weakness

Criteria: A properly designed internal control structure relies greatly on a proper segregation of duties between several individuals. In the ideal situation, duties related to initiating, authorizing, recording, processing and reporting financial data would be segregated so that there is a reasonable possibility that a material misstatement of the entity's basis financial statements would be prevented or detected. In addition, the Authority should have effective controls over the selection and application of accounting principles that are in conformity with generally accepted accounting principles. The application of such principles is necessary to ensure that the entity's basis financial statements and notes to the statements are prepared in accordance with generally accepted accounting principles.

Condition: The Authority consists of limited administrative employees and as a result does not have personnel to assign responsibilities in such a way that different employees handle different parts of the same transaction. The limited number of employees results in an inadequate overall internal control structure design.

Cause: The Authority has limited staff and does not have the resources to properly segregate duties.

Effect or Potential Effect: The lack of segregation of duties related to the controls over the categories are deficiencies that result in more than a reasonable possibility that a material misstatement of the basis financial statements will not be prevented or detected.

Recommendation: As noted above, the Authority has limited resources and additional controls are not financially feasible through the hiring of additional staff. In addition, the Board of Commissioners is considered a governing Board and the Board performing management or day-to-day activities is not recommended based on our previous experience and is not intended to be a solution to this situation. The Authority is a small entity and the lack of segregation of duties is common among entities with minimal employees and should be recognized as such. However, it is not our intent to establish internal controls as the Authority's Board should make the final determination in the cost versus benefit.

Finding 2021-1: The Authority is relatively small with limited administrative staff. Further, the Board of Commissions is a volunteer oversight board and not a managing board and does not have the time or expertise to provide the necessary services to correct the internal control deficiencies noted. The Board has reviewed this issue and determined there are no additional procedures which can reasonably be done to eliminate these deficiencies and accepts them.
