INDEPENDENT AUDITOR'S REPORT

Board of Directors
Julesburg Housing Authority

Opinions

We have audited the accompanying financial statements of the business type activities of Julesburg Housing Authority as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the Julesburg Housing Authority's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of Julesburg Housing Authority as of December 31, 2021, and the respective changes in financial position and, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Julesburg Housing Authority and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Julesburg Housing Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures of the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Julesburg Housing Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Julesburg Housing Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Julesburg Housing Authority's basic financial statements. The Financial Data Schedules, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Financial Data Schedules, are fairly stated, in all material respects, in relation to the basic financial statements as a whole

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management Discussion and Analysis

As management of the Housing Authority of the City of Julesburg, Colorado (Authority), we offer readers of the Authority's financial statements this narrative overview and analysis of the financial activities of the Authority for the fiscal year ended December 31, 2021.

Financial Highlights

The assets of the Authority exceeded its liabilities at the close of the most recent fiscal year by \$997,038.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Authority's basic financial statement. The Authority's financial statements comprise two components: 1) financial statements, and 2) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Financial Statements

The financial statements are designed to provide readers with a broad overview of the Authority's finances in a manner similar to a private-sector business.

The statement of net position presents information on all of the Authority's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.

The statement of activities presents information showing how the Authority's net position changed during the most recent fiscal year. All changes in net position are reported as soon as an underlying event giving rise to the change occurs, regardless of the time of related cash flows.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Authority, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The Authority has one proprietary fund, an Enterprise Fund. The Authority uses an Enterprise Fund to account for its low-income affordable housing activities. Note 1 to the financial statements provides additional information on Authority's funds.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statement can be found beginning on page 9.

Financial Analysis

As noted, Net Position may, over time serve as a useful indicator of the Authority's financial position. The largest portion of the Authority's Net Position reflects its investment in capital assets (e.g. land improvements, building, and equipment), less any related outstanding debt used to acquire those assets. The Authority uses these capital assets to provide affordable low rent housing to its tenants and are not available for future spending.

Condensed Statement of Net Position

	2021	2020	Change
ASSETS			
Cash and cash equivalents	\$ 260,580	\$ 159,754	\$ 100,826
Other current assets	16,616	19,380	(2,764)
Capital assets	765,471	844,322	(78,851)
Total Assets	<u>1,042,667</u>	<u>1,023,456</u>	<u>19,211</u>
LIABILITIES			
Current liabilities	45,629	50,897	(5,268)
Total liabilities	<u>45,629</u>	<u>50,897</u>	<u>(5,268)</u>
NET POSITION			
Net investment in capital assets	765,471	844,322	(78,851)
Unrestricted	231,567	128,237	103,330
Total Net Position	<u>\$ 997,038</u>	<u>\$ 972,559</u>	<u>\$ 24,479</u>

As of the current fiscal year, as well as in the previous fiscal year, the Authority is able to report a positive balance in the Net Position. Capital assets have decreased over the prior year. This is due to improvements added during year 2021 in an amount less than the depreciation incurred during 2021. Current assets have increased due to an increase in investments as a result of operations. Current liabilities have increased due to the normal timing of payments. The net position increased due to revenues exceeding expenses for the year.

Change in Net Position

	2021	2020	Increase (Decrease)
Revenue:			
Operating Revenue			
Charges for Services	\$ 227,835	\$ 214,428	\$ 13,407

Cash and Cash Equivalents Ending of Year	<u>\$ 260,580</u>	<u>\$ 159,754</u>	<u>\$ 100,826</u>

Capital Assets

The Authority's investment in capital assets as of December 31, 2021, amounts to \$765,471 (net of accumulated depreciation). This investment in capital assets included Land Improvements, Building and Equipment. The Authority's capital expenditures were \$33,371 during fiscal year 2021. There were minimal disposals of abandoned equipment during the year. Additional information on the Authority's capital assets can be found in note 3 to the financial statements.

Long Term Debt

At the end of the year, the Authority did not have any outstanding debt.

Economic Factors and Next Year's Revenue

The Authority does not receive any revenue by taxes. Due to changing market conditions there have been fluctuations in vacancy rates.

Housing Authority of the City of Julesburg, Colorado
Notes to Financial Statements
December 31, 2021

Note 1 Summary of Significant Accounting Policies

The Housing Authority of the City of Julesburg, Colorado (the Authority) was established in order to provide low-income housing. The Authority is managed by a Board of Commissioners. The financial statements of the Authority have been prepared in conformity with accounting principles generally accepted in the United States of America (US GAAP). The significant accounting policies of the Authority are described below.

Reporting Entity

In evaluating how to define the government, for financial reporting purposes, the Authority's management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in Governmental Accounting Standards Board ("GASB") Statement No. 14, "The Financial Reporting Entity" as amended by GASB No. 39. GASB pronouncements set forth the financial accountability of governmental organizations elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency. Based upon the application of these criteria, no entities will be included in the Authority's reporting entity.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

Enterprise fund accounting is utilized by the Authority in accordance with accounting principles generally accepted in the United States of America.

Enterprise funds are accounted for using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when they are earned and expenses are recorded when incurred. Depreciation is computed and recorded as an operating expense. Expenditures for capital outlay are recognized as increases in capital assets. Retirement of bonds is recorded as a reduction of liabilities.

The Authority distinguishes *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services in connection with the Authority's principal ongoing operations. The principal operating revenues of the Authority are charges to tenants for rent. Operating expenses include the cost of providing low-income housing, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The Authority applies GASB pronouncements in the financial statements. The Authority follows the provisions of Governmental Accounting Standards Board (GASB) Statement No. 34 *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*. Statement No. 34 establishes standards for external financial reporting for all state and local governmental entities which includes a management's discussion and analysis section; a statement of net position; a statement of revenues, expenses, and changes in net position; and a statement of cash flows.

It requires the classification of net position into three components: Net investment in capital assets; restricted; and unrestricted. When both restricted and unrestricted assets are available to be used it is the Authority's policy to utilize restricted assets first.

Notes to Financial Statements (Continued)

Note 1 Summary of Significant Accounting Policies (Continued)

Basis of Accounting (continued)

Proprietary Fund – The Authority’s operations are accounted for in a single enterprise fund. Enterprise funds account for those operations financed and operated in a manner similar to private business or where the Authority has decided that determination of revenues earned, costs incurred, and net income is necessary for management accountability.

Assets and Liabilities

Investments – investments are recorded at fair value, which approximates cost.

Receivables – all receivables are reported at their book value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

Capital assets - assets are stated at cost or estimated cost. The capitalization threshold for fixed assets is \$1,000. Depreciation over the estimated useful lives of the assets is computed using the straight-line method. The estimated useful lives are 10-40 years for buildings and improvements, and 3-10 years for furniture and equipment.

Cash and Cash Equivalents

For purposes of the statement of cash flows, cash equivalents are defined as investments (including restricted assets) with maturity of three months or less at date of acquisition. The Authority considers certificates of deposit with maturities of more than three months at date of purchase as investments.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts and disclosures. Accordingly, actual results may differ from the estimates.

Compensated Absences

The Authority’s personnel policies permit employees to accrue and carryover compensated absences during the year. Vacation leave for full time permanent employees will be earned and accumulated on a per month basis, based on at least a 24-hour work week. New employees (one year of employment) accrue one week (24hrs) based on at least a 24-hour work week. Year 2 through 9 years employment two weeks (48hrs) based on at least a 24-hour workweek. Ten years or longer of employment- three weeks (72hrs) based on at least a 24-hour work week.

Budgets and Budgetary Accounting

Budgets are adopted on a cash basis. Annual appropriated budgets are adopted for the fund. All annual appropriations lapse at fiscal year-end.

The Authority adheres to the following procedures in establishing the budgetary data reflected in the financial statements:

Housing Authority of the City of Julesburg, Colorado
Notes to Financial Statements (Continued)
December 31, 2021

Note 1 Summary of Significant Accounting Policies (Continued)

Budgets and Budgetary Accounting (Continued)

- State law requires budgets for all funds. The budget includes proposed expenditures and the means of financing them. All budgets lapse at year-end.
- Prior to December 31, the budget is adopted by formal resolution.
- Budgets are required to be filed with the State of Colorado within thirty days after the beginning of the fiscal year.
- Expenditures may not legally exceed appropriations at the fund level.
- The Authority Board must approve revisions that alter the total expenditures of any fund.
- Budgeted amounts reported in the accompanying financial statements are as originally adopted by the Authority Board or revised by the Authority Board.

Note 2 Cash and Investments

Restricted Cash

Security deposits received from tenants are classified as restricted on the Statement of Net Position in the amount of \$22,301 as of December 31, 2021.

Cash Deposits

As of December 31, 2021, the Authority's cash deposits had a carrying balance of \$260,580 and corresponding bank balance of \$274,704. of which \$250,000 was FDIC insured.

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulations. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is specified under the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least equal to 102% of the uninsured deposits. The Authority had \$24,704 collateralized under PDPA at December 31, 2021, accordingly the Authority was not exposed to credit risk.

The Colorado Divisions of Banking and Financial Services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the Authority's deposits may not be returned to it. The Authority does not have a deposit policy for custodial credit risk. As of December 31, 2021, none of the Authority's bank deposits were exposed to custodial credit risk.

Note 2 Cash and Investments (Continued)

Investments

Colorado statutes specify in which investment instruments the units of local government may invest. The Authority has not adopted a formal investment policy.

- Obligations of the United States and certain United States government agency securities.
- Certain international agency securities.
- General obligation and revenue bonds of United States local government entities.
- Bankers' acceptances of certain banks.
- Commercial paper.
- Local government investment pools.
- Written repurchase agreements collateralized by certain authorized securities.
- Certain money market funds.
- Guaranteed investment contracts.

Note 5 Risk Management

The Authority is exposed to various risks of loss related to torts; theft of, damages to, and destruction of assets; errors and omissions; injuries to employee; and natural disasters. The Authority carries commercial insurance for these risks of loss. The Authority has not experienced losses that exceeded commercial coverage in any of the last three years.

Note 6 Contingencies and Economic Dependency

The Authority participates in a number of federal, state, and local programs that are funded by grants received from other governmental units. Expenses financed by grants are subject to audit by the appropriate grantor government. If expenses are disallowed due to noncompliance with grant program regulations, the Authority may be required to reimburse the grantor government. As of December 31, 2021, significant amounts of grant expenses have not been audited, but the Authority believes that disallowed expenses, if any, will not have a material effect on any of the individual funds or the overall financial position of the Authority. The Authority is economically dependent on annual contributions and grants received from HUD. The extent of this funding from HUD depends upon appropriations from the Federal government.
