Required Financial Statements

Proprietary Fund Financial Statements - The basic financial statements of the Housing Authority report information of the Authority using accounting methods similar to those used by private sector companies. These statements offer short- and long-term financial information about its activities. The Statement of Net Position includes all the Authority's assets and liabilities and provides information

OVERVIEW OF THE FINANCIAL STATEMENTS (CONT'D)

about the nature and amounts of investments in resources (assets) and obligations of the Authority creditors (liabilities). It also provides the basis for evaluating the capital structure of the Authority and assessing the liquidity and financial flexibility of the Authority.

All of the current year's revenues and expenses are accounted for in the Statement of Revenues, Expenses, and Changes in Fund Net Position. This statement measures the success of the Authority's operations over the past year and can be used to determine whether the Authority has successfully recovered all its costs through its user fees and other charges, profitability and credit worthiness.

The final required financial statement is the Statement of Cash Flows. The statement reports cash receipts, cash payments, and net changes in cash resulting from operations, investing and financing activities and provides answers to such questions as where did cash come from, what was cash used for, and what was the change in the cash balance during the reporting period.

The Authority's Public Housing Program is the only major proprietary fund for presentation purposes. The Authority has no nonmajor funds.

Notes to Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the basic financial statements and provide more detailed data.

Supplemental Information

This report also contains the Financial Data Schedule (FDS) as referenced in the section of *Supplemental Information*. Total Net Position	<u>\$ 459,828</u>	<u>\$ 425,734</u>	<u>\$ 34,094</u>	<u>8%</u>

Net Position may serve, over time, as a useful indicator of a government's financial position. In the case of the Authority, assets exceeded liabilities by \$459,828 at the close of the year ended March 31, 2021. This represents an increase of \$34,094 which is an increase of 8% over the prior year. The majority of the increase was attributed to operations and capital fund grants for the year ended March 31, 2021.

Current and other assets increased by \$36,358 which was attributed to operations before depreciation which resulted in a net increase in cash of \$35,008

Current liabilities increased by \$1,201. There was no unusual reason for the change only the typical variability from year to year based on the timing of payments.

A portion of the Authority's net position reflects its net investment in capital assets (e.g. land, buildings and equipment less accumulated depreciation). The Authority uses these capital assets to provide service and consequently these assets are not available to liquidate liabilities or other spending.

Unrestricted net position as of March 31, 2021 was \$302,315. Unrestricted net position represents the amount available to be used to meet the Authority's ongoing obligations to creditors and operations of facilities. The Authority has sufficient funds to meet requirements for cash outlays in the next fiscal year as well as the financial capacity to sustain operations. The Authority had no restricted net position that are subject to external restrictions on how they may be used. At the end of the current fiscal year, the Authority is able to report positive balances in all categories of net position. The same situation held true for the prior fiscal year.

While the Statement of Net Position shows the change in financial position, the Statement of Revenues, Expenses, and Changes in Net Position provides answers as to the nature and source of these changes.

**HOUSING AUTHORITY OF THE TOWN OF KERSEY, COLORADO
MANAGEMENT'S DISCUSSION AND ANALYSIS
Year Ended March 31, 2021**

FINANCIAL ANALYSIS

As can be seen below, total revenues increased by \$11,955, primarily due to the increase in rental income of \$18,727 or 26%. This was offset by a decrease of (\$6,742) or 55% in other revenues which is primarily oil/gas revenue and will fluctuate from year to year based on production and prices. The increase in rental revenue was due to the fluctuation in rent composition and occupancy for the year.

HUD operating subsidy for the Authority was \$51,836 for the year ended March 31, 2021 which was a decrease of (\$2,464) from the prior year. The operating subsidy funding is determined by HUD on an annual basis and is primarily based on income and utility expenses. The Authority also expended \$31,197 of HUD capital grants for operations for the fiscal year ended March 31, 2021 compared to \$36,197 in the previous year. This amount will vary on the approved budget by HUD. The Authority has flexibility in the use of these funds.

The Authority also recognized \$7,978 in CARES Act funding from HUD as a result of COVID-19.

MANAGEMENT'S DISCUSSION AND ANALYSIS
Year Ended March 31, 2021

FINANCIAL ANALYSIS

Operating expenses for the Authority were \$145,211 for the year ended March 31, 2021. This was a decrease of (\$901) from the prior year. The various category fluctuations were not attributed to any specific event or unusual circumstance other than the typical variability from year to year.

HUD capital contributions increased by \$10,315 for the year ended March 31, 2021. The Authority is allocated capital grant money each year as determined by HUD and remains relatively consistent from year to year based on the Authority's number of units. The amount presented will vary from year to year depending on the timing of projects as outlined in the HUD approved capital grant budget.

OCCUPANCY

Regarding Occupancy for the Fiscal year ending March 31, 2021 Kersey Housing Authority began the year in April of 2020 with 3 vacant units. One unit required much in the way of maintenance and improvements, and the overlap of 3 vacancies at the same time was a strain on Maintenance Staff and affected unit turnaround times. The ongoing Covid-19 Pandemic had created additional challenges for the Authority. Supply and materials shortages had affected our Maintenance staff and unit turnarounds, as well as finding qualified applicants who were willing to move homes in the middle of a Pandemic was rare. Many of the applicants on our waiting list did not wish to move to a smaller rural town like Kersey, farther from their support systems, or to move farther away from their Family doctors and Pharmacists due to health concerns and significant 'unknowns' surrounding the Covid-19 pandemic. Once qualified applicants were found the Authority was able to have full occupancy for the remainder of the year with only 1 unexpected tenant death that left a vacancy at the FYE March 2021. Job losses and changes due to the Pandemic, among our tenants, was also a small factor affecting rent rates fluctuations throughout the year.

Kersey Housing Authority continues to have an open waiting list and is actively seeking qualified applicants in hopes of shorter unit turnaround times in the future. KHA also is working to keep more maintenance materials and items such as Paint, caulk, plumbing fixtures such as faucets, shower doors, toilets, furnace motors, etc. on hand, and in stock so as to avoid maintenance materials shortages associated with the Pandemic, in the year to come; it is our hope this will also add to quicker unit turnarounds.

CAPITAL ASSETS

The Authority's net investment in capital assets as of March 31, 2021 amounts to \$157,513. This investment in capital assets includes land, buildings, improvements, equipment and construction in progress, less accumulated depreciation.

The total decrease in the Authority's net investment in capital assets for the current fiscal year was 1% in terms of net book value. The actual amount to purchase or construct capital assets was \$16,265 for the year and was primarily for a roofing project. Depreciation charges for the year totaled \$17,328. Additional information on the Authority's capital assets can be found in Note D of the notes to the financial statements of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The Board of Commissioners and Management of the Housing Authority considered many factors when approving the fiscal year 2022 budget. The user charges are based on a tenant's income as established by HUD guidelines and are not adjustable. Operating subsidy is based on rental income, other income and utility consumption and costs. The amount of funding is also established and approved by HUD. In projecting the amount of rental income, the Authority considered prior year rental income and occupancy rates. The operating expenses are expected to increase by the economy's inflation rate.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. We do not express an opinion or provide any assurance on the information because limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The Financial Data Schedule is presented for purposes of additional analysis and is not a required part of the basic financial statements.

HOUSING AUTHORITY OF THE TOWN OF KERSEY, COLORADO
NOTES TO FINANCIAL STATEMENTS
March 31, 2021

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

The Authority was created under the laws of the State of Colorado. The purpose of the Authority is to administer the Housing programs authorized by the United States Housing Act of 1937 and amendments contained in the Quality Housing and Work Responsibility Act of 1998. These programs are subsidized by the Federal Government through the U.S. Department of Housing and Urban Development (HUD).

The financial statements of the Authority have been prepared in accordance with accounting principles generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board ("GASB") is the standard-setting body for governmental accounting and financial reporting.

Financial Reporting Entity

In determining how to define the reporting entity, management has considered all potential component units. The decision to include a component unit in the reporting entity was made by applying the criteria set forth in Section 2100 and 2600 of the Government Accounting Standards Board Codification. These criteria state that the financial reporting entity consists of the primary government and organizations for which the primary government is financially accountable. In addition, the primary government may determine, through exercise of management's professional judgment, that the inclusion of an organization that does not meet the financial accountability criteria is necessary in order to prevent the reporting entity's financial statements from being misleading. In such instances, that organization should be included as a component unit. Based on these criteria, there are no additional agencies or entities which should be included in the financial statements of the Authority.

Basis of accounting, measurement focus, and financial statement presentation

The accounts of the Authority are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position, revenues and expenditures or expenses, as appropriate.

Proprietary funds are accounted for using the "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all assets and liabilities (whether current or noncurrent) are included in the Statement of Net Position. The Statement of Revenues, Expenses and Changes in Fund Net Position present increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred.

The Authority distinguishes between operating and nonoperating revenues and expenses in its Statement of Revenues, Expenses and Changes in Fund Net Position. For this purpose, the Authority's operating revenues result from providing low-income housing services such as tenant rent, rental assistance and other tenant charges. Operating expenses include the cost attributed to administration, tenant services, utilities, maintenance and operations and depreciation on capital assets. All revenues and expenses not meeting these definitions are reported as nonoperating revenues and expenses. Proprietary Fund Financial Statements include a Statement of Net Position,

HOUSING AUTHORITY OF THE TOWN OF KERSEY, COLORADO
NOTES TO FINANCIAL STATEMENTS
March 31, 2021

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

a Statement of Revenues, Expenses and Changes in Fund Net Position, and a Statement of Cash Flows for each major proprietary fund and non-major funds aggregated.

The model as defined in Statement No. 34 establishes criteria (percentage of the assets, deferred outflows of resources, liabilities, deferred inflows of resources, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for determination of major Funds. If non-major funds exist, these funds are combined in a single column in the fund financial statements. The Authority reports the following major enterprise fund:

Public Housing Program. This fund accounts for the operation, maintenance, and development of housing units which are owned by the Authority. The development of the projects were funded primarily by the U.S. Department of Housing and Urban Development through loans and bonds. The loans have been forgiven by HUD and the bond debt service and repayment requirements are the responsibility of HUD and therefore no outstanding liabilities are recorded. The program is subsidized annually by operating subsidy from HUD and through Capital Grants for capital improvements.

Budgetary Process

The Authority establishes a budget for the fiscal year and is adopted by the Board of Commissioners.

Cash and Investments

All investments are recorded at fair value based on quoted market prices. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties. Cash and Cash Investments are available upon demand and are considered to be "cash equivalents" when preparing these financial statements. In addition, any marketable securities that are owned by a specific amount and that are purchased with a maturity of ninety days or less are also considered to be "cash equivalents".

The Authority's deposits can only be invested in the following HUD approved investments: direct obligations of the federal government backed by the full faith and credit of the United States, obligations of federal government agencies, securities of government-sponsored agencies, demand and savings deposits, money-market deposit accounts, municipal depository fund, super now accounts, certificate of deposit, repurchase agreements, sweep accounts, separate trading of registered interest and principal securities (STRIPS), and mutual funds that consist of securities purchased from the HUD approved list.

Accounts Receivable

All receivables are current and therefore due within one year. Receivables are reported net of an allowance for uncollectible accounts and revenues net of uncollectibles. Allowances are reported when accounts are proven to be uncollectible.

HOUSING AUTHORITY OF THE TOWN OF KERSEY, COLORADO
NOTES TO FINANCIAL STATEMENTS
March 31, 2021

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Prepaid Items

Prepaid balances are for payments made by the Authority in the current year to provide services occurring in the subsequent fiscal year.

Capital Assets and Depreciation

Property and equipment are stated at actual or estimated historical cost, net of accumulated depreciation. Intangible assets with indefinite useful lives are reported at cost. Contributions of assets are recorded at acquisition value at the date received. The Authority generally capitalized assets with cost of \$2,000 or more as purchases and construction outlays occur.

Depreciation has been calculated on each class of depreciable property using the straight-line method. Inexhaustible intangible assets with indefinite useful lives are not amortized. Estimated useful lives are as follows:

Buildings	20-40 years
Building improvements	10-40 years
Furniture and fixtures	5-10 years
Equipment	3-10 years

Use of Restricted/Unrestricted Net Position

When an expense is incurred for purposes for which both restricted and unrestricted net position is available, the Authority's policy is to apply the restricted component of net position first.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of certain assets, deferred outflows, liabilities, deferred inflows, revenues, expenditures, expenses, and other disclosures. Accordingly, actual results could differ from those estimates.

Grant Revenue

The Authority, a recipient of grant revenues, recognizes revenues (net of estimated uncollectible amounts, if any), when all applicable eligibility requirements, including time requirements are met in accordance with GASB Statement No. 33. Resources transmitted to the Authority before the eligibility requirements are met are reported as unearned revenue.

Compensated Absences

The Authority's policy allows employees to accumulate unused vacation leave up to 240 hours. Sick leave may be accumulated but not paid upon termination.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Postemployment Benefits Other Than Pensions (OPEB)

OPEB benefits are part of an exchange of salaries and/or benefits in a future period as the result of employee services rendered during employment. In accordance with the accrual basis of accounting, generally benefits should be associated with the periods in which the exchange occurs, rather than with the periods when benefits are paid or provided. The Authority has not incurred, adopted a plan or obligated resources to other postemployment benefits as defined in GASB Statement No. 75.

Income Taxes

The Authority is a governmental subdivision of the State of Colorado and is exempt from Federal and State income taxes.

Taxpayer's Bill of Rights

In November, 1992, the voters of the State of Colorado approved an amendment to the State's Constitution limiting the amount of revenue which may be spent or retained by Colorado governmental entities. The amendment is in effect for most governmental entities for the years beginning after 1992, but exempts "enterprise" funds from the limitations. The Board of Commissioners of the Authority believes it is exempt from the provisions of the TABOR amendment because it is an "enterprise" (a business operation able to issue its own revenue bonds and receiving less than 10% of its revenue from state and local grants) as defined in the constitutional amendment. The Board also believes it is not subject to the provisions of TABOR because the governing board is not an elected board, does not have an electoral constituency, and does not have the power to impose taxes, all basic operational requirements of TABOR.

NOTE B - DEPOSITS AND INVESTMENTS

At March 31, 2021, the Authority's carrying amount of deposits was \$305,777 and the bank balances were \$309,597. As required by the Colorado Public Deposit Protection Act (PDPA), any amount in excess of the FDIC threshold (including accrued interest) shall be collateralized as required by the Public Deposit Protection Acts, article 10.5 of title 11, C.R.S., as amended or article 47 of title 11, C.R.S., as amended. All of the bank balances were covered by federal depository insurance.

NOTE C – RESTRICTED ASSETS

Cash and cash equivalents of \$3,850 as presented in the Statement of Net Position at March 31, 2021 is restricted for Tenant Security Deposits.

NOTE F – CONTINGENCIES

The Authority recognizes as revenue grant monies received as reimbursement for costs incurred in certain Federal and State programs it administers. Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the Federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any of expenditures which may be disallowed by the grantor cannot be determined at this time although the Authority expects such amounts, if any to be immaterial.

NOTES TO FINANCIAL STATEMENTS

NOTE G - RISK MANAGEMENT

The Authority is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets, errors and omissions; injuries to employees; and natural disasters for which the Authority purchases commercial insurance.

During the year ended March 31, 2021, the Authority did not reduce insurance coverage from levels in place during the prior year. No settlements have exceeded coverage levels in place during the past three fiscal years.

NOTE H – SUBSEQUENT EVENTS

In December 2019, an outbreak of a novel strain of coronavirus (COVID-19) originated in Wuhan, China and has since spread to other countries, including the U.S. On March 11, 2021, the World Health Organization characterized COVID-19 as a pandemic. In addition, multiple jurisdictions in the U.S. have declared a state of emergency. It is anticipated that these impacts will continue for some time. There has been no immediate impact to the Authority's operations. Future potential impacts may include disruptions or restrictions on our employees' ability to work or the tenant's ability to pay the required monthly rent. Operating functions that may be changed include intake, recertifications and maintenance. Changes to the operating environment may increase operating costs. Additional impacts may include the ability of tenants to continue making rental payments as a result of job loss or other pandemic related issues. The future effects of these issues are unknown.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT
AUDITING STANDARDS**

Independent Auditors Report

To the Board of Commissioners
Housing Authority of the Town of Kersey, Colorado

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the major fund of the Housing Authority of the Town of Kersey, Colorado, as of and for the year ended March 31, 2021, and the related notes to the financial statements, which collectively comprise the Housing Authority of the Town of Kersey, Colorado's basic financial statements, and have issued our report thereon dated December 3, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Housing Authority of the Town of Kersey, Colorado's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Housing Authority of the Town of Kersey, Colorado's internal control. Accordingly, we do not express an opinion on the effectiveness of the Housing Authority of the Town of Kersey, Colorado's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonably possibility that a material misstatement of the entity's basic financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in the internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and responses, we did identify a deficiency in internal control that we consider to be a material weakness and is described in the accompanying schedule of findings and responses as Finding 2021-1.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Housing Authority of the Town of Kersey, Colorado's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Response to Finding

The Housing Authority of the Town of Kersey, Colorado's response to the finding identified in our audit is described in the accompanying corrective action plan. The Housing Authority of the Town of Kersey, Colorado's response was not subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

HOUSING AUTHORITY OF THE TOWN OF KERSEY, COLORADO
SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS
March 31, 2021

The audit report for the year ended March 31, 2020 contained one finding and no questioned costs.

Finding 2020-1: Internal Controls – This finding is repeated because the Authority is a small entity and it is not financially feasible to correct this finding.

HOUSING AUTHORITY OF THE TOWN OF KERSEY, COLORADO
SCHEDULE OF FINDINGS AND RESPONSES
March 31, 2021

Finding 2021-1: Internal Control System/Financial Reporting
Material Weakness

Criteria: A properly designed internal control structure relies greatly on a proper segregation of duties between several individuals. The duties related to initiating, authorizing, recording, processing and reporting financial data would be segregated so there is less likelihood that a misstatement of the entity's financial statements would occur.

In addition, the Authority should have effective controls over the monitoring of the period-end financial reporting process, including controls over procedures used for general ledger maintenance.

Condition: The Authority consists of one administrative employee and as a result does not have personnel assigned responsibilities in such a way that different employees handle different parts of the same transaction. The limited number of employees results in an inadequate overall internal control structure design.

In addition, the Authority had used CARES Act funds to pay a portion of the property insurance and was expensed instead of a portion being recorded as prepaid insurance and amortized accordingly.

Cause: The Authority has limited staff and does not have the resources to properly segregate duties. For the second item, the Authority's internal controls over financial reporting did not identify the error.

Effect or Potential Effect: The lack of segregation of duties related to the controls over the categories above are significant deficiencies that could result in a material misstatement in the financial statements. Also prior to the adjustment prepaid expense were understated by \$5,053 and insurance expense was overstated by \$5,053.

Recommendation: The Authority has limited resources and additional controls are not financially feasible in the hiring of additional staff. The Authority is a small entity and the lack of segregation of duties is common among entities with minimal employees and should be recognized as such. However, it is not our intent to establish internal controls as the Authority's Board should make the final determination in the cost versus benefit. The Authority should review the prepaid error with the fee accountant.

**CORRECTIVE ACTION PLAN
Year Ended March 31, 2021**

The following are responses to and the corrective action to be taken in regard to the finding as reported in the accompanying Schedule of Findings and Responses for the fiscal year ended March 31, 2021:

ITEM

- 2021-1** The Authority is a small entity and recognizes the lack of segregation of duties associated with the limited number of personnel. Due to our small size the cost of adding employees to implement these controls, the expected benefit would be a significant increase in the cost and at this time we feel the cost would exceed the benefit. We will review the prepaid insurance comment with the fee accountant.
