### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Management Discussion and Analysis**

## Management Discussion and Analysis

As management of the Housing Authority of the City of Walsenburg, Colorado (Authority), we offer readers of the Authority's financial statements this narrative overview and analysis of the financial activities of the Authority for the fiscal year ended March 31, 2021.

This discussion and analysis is intended to serve as an introduction to the Authority's basic financial statement. The Authority's financial statements comprise two components: 1) financial statements, and 2) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Financial Statements** The financial statements are designed to provide readers with a broad overview of the Authority's finances in a manner similar to a private-sector business.

The statement of net position presents information on all of the Authority's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.

The statement of activities presents information showing how the Authority's net position changed during the most recent fiscal year. All changes in net position are reported as soon as an underlying event giving rise to the change occurs, regardless of the time of related cash flows.

**Fund Financial Statements** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Authority, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The Authority consists of one proprietary enterprise fund containing housing and grant programs which are described in Note 1 to Financial Statements.

**Notes to the Financial Statements** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statement begin on page 9.

### **Financial Analysis**

As noted, net position may, over time serve as a useful indicator of the Authority's financial position. Assets exceeded liabilities by \$2,744,472 at the close of the most recent fiscal year.

The largest portion of the Authority's net position reflects its net investment in capital assets (e.g. land, building, machinery and equipment), less any related outstanding debt used to acquire those assets. The Authority uses these capital assets to provide affordable low rent housing to its tenants, these assets are not available for future spending. Although the Authority's investment in its capital assets are reported net of related debt, it should be noted that resources to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

**Housing Authority of the City of Walsenburg, Colorado**  
**Notes to the Financial Statements**  
**March 31, 2021**

**Note 1 Summary of Significant Accounting Policies**

The Housing Authority of the City of Walsenburg, Colorado (the Authority) was established by the City of Walsenburg, Colorado in order to administer the public housing programs subsidized by the Federal Government through the U.S. Department of Housing and Urban Development (HUD). The Authority provides 129 units of housing under the program. The Authority is operated by a Board of Commissioners. The accounting policies of the Authority conform to Generally Accepted Accounting Principles (GAAP) as applicable to governments. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The Authority follows all pronouncements issued by GASB. The more significant of the Authority's policies are described below.

**Financial Reporting Entity**

The Authority follows GASB Statement No. 14 which provides guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of governmental organizations elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency. Based upon the application of these criteria, no entities will be included in the Authority's reporting entity. The Housing Authority of the City of Walsenburg, Colorado is not a component unit of any other entities.

**Basis of Accounting**

Enterprise fund accounting is utilized by the Authority in accordance with accounting principles generally accepted in the United States of America. Enterprise funds are accounted for using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when they are earned and expenses are recorded when incurred. Depreciation is computed and recorded as an operating expense. Expenditures for capital outlay are recognized as increases in capital assets. Retirement of bonds is recorded as a reduction of liabilities.

Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business, or where the Board has decided the determination of revenues earned, cost incurred and/or net income is necessary for management accountability. All assets, deferred inflows, liabilities, deferred outflows associated with the operation of the Authority are included in the statement of net position.

The Authority distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Authority's enterprises fund is charges for providing low-income housing. Operating expenses for the enterprise fund include the cost of providing low-income housing, administrative expenses and depreciation on capital assets. All other revenues and expenses are reported as non-operating revenues and expenses. The Authority presents its activities as a single enterprise proprietary fund.

**Notes to the Financial Statements (Continued)**  
**March 31, 2021**

**Note 1 Summary of Significant Accounting Policies (Continued)**

The Authority follows the provisions of Governmental Accounting Standards Board (GASB) Statement No. 34 *Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments* as amended by Statement No. 61 *The Financial Reporting Entity: Omnibus—an amendment of GASB Statements No. 14 and No. 34* and Statement No. 63 *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. These statements establishes standards for external financial reporting for all state and local governmental entities which includes a management’s discussion and analysis section; a statement of net position; a statement of revenues, expenses, and changes in net position; and a statement of cash flows. It requires the classification of net position into three components: net investment in capital assets; restricted; and unrestricted.

**Assets, Liabilities and Net Position**

*Investments* - Investments are recorded at fair value, which approximates cost.

*Receivables* - All receivables are reported at their book value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

*Prepaid expenses* – Prepaid balances are for payments made by the Authority in the current year for items to be consumed in subsequent years.

*Capital assets* - These consist of all property, plant and equipment. The Authority defines capital assets as assets with an initial individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost if purchased or estimated historical cost if donated.

Depreciation of all exhaustible capital assets is charged as expense against operations. Accumulated depreciation is reported on the balance sheets. Depreciation has been provided over the estimated useful lives using the straight-line method. The estimated useful lives are as follows:

Buildings and improvements	15 - 40 years
Admin equipment	7 - 10 years
Operational equipment	7 - 10 years

*Compensated Absences* - Pursuant to its personnel policies, the Authority will compensate individual employment for unused vacation and sick leave accumulated upon their separation of employment. The Authority reports these potential payments as a liability for compensated absences.

*Net Position* – Equity is classified as net position and displayed in three components:

- a. Net investment in capital assets – consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

**Housing Authority of the City of Walsenburg, Colorado**  
**Notes to the Financial Statements (Continued)**  
**March 31, 2021**

**Note 1 Summary of Significant Accounting Policies (Continued)**

**Assets, Liabilities and Net Position (Continued)**

b. Restricted net position – consists of net position with constraints placed on the use either by (1) external groups, such as creditors, grantors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

c. Unrestricted net position – all other net position that do not meet the definition of “restricted” or “net investment in capital assets.” These net positions are available for future operations or distributions. The Authority utilizes restricted net position before utilizing unrestricted net position when an expense is incurred for both purposes.

**Cash Equivalents**

For purposes of the statement of cash flows, cash equivalents are defined as investments (including restricted assets) with maturity of three months or less at date of acquisition. The Authority considers certificates of deposit with maturities of more than three months at date of purchase as investments.

**Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**Budgets and Budgetary Accounting**

Budgets are adopted on a cash basis. Annual appropriated budgets are adopted for the fund. All annual appropriations lapse at fiscal year-end. The Authority adheres to the following procedures in establishing the budgetary data reflected in the financial statements:

- Budgets are required by state law for all funds. The budget includes proposed expenditures and the means of financing them. All budgets lapse at year-end.
- Prior to March 31, the budget is adopted by formal resolution.
- Budgets are required to be filed with the State of Colorado within thirty days after the beginning of the fiscal year.
- Expenditures may not legally exceed appropriations at the fund level.
- The Authority Board must approve revisions that alter the total expenditures of any fund.

**Notes to the Financial Statements (Continued)**  
**March 31, 2021**

**Note 2 Cash and Investments (Continued)**

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulations. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is specified under the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least equal to 102% of the uninsured deposits.

The Colorado Divisions of Banking and Financial Services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools. The Authority had \$749,692 collateralized under PDPA.

**Custodial Credit Risk – Deposits**

**Note 6 Contingencies and Commitments (Continued)**

The Authority participates in a number of federal, state, and local programs that are fully or partially funded by grants received from other governmental units. Expenses financed by grants are subject to audit by the appropriate grantor government. If expenses are disallowed due to noncompliance with grant program regulations, the Authority may be required to reimburse the grantor government. As of March 31, 2021, significant amounts of grant expenses have not been audited, but the Authority believes that disallowed expenses, if any, based on subsequent audits will not have a material effect on any of the individual funds or the overall financial position of the Authority.

In November 1992, Colorado voters passed the Tabor Amendment (Amendment 1) to the State Constitution which limits state and local government tax powers and imposes spending limitations. Fiscal year 1993 provides the basis for limits in future years to which may be applied allowable increases for inflation and student enrollment. Revenue received in excess of the limitations may be required to be refunded, unless the local electorate votes to retain the revenue. The Tabor Amendment is subject to many interpretations, however, the Authority believes it is exempt because it receives no taxes and is funded primarily by federal grants and contributions.

**Note 7 Economic Dependency**

The Authority is economically dependent on annual contributions and grants from HUD. The extent of this funding from HUD depends upon appropriations from the Federal government and is subject to annual renewals.

**Note 8 Risks and Uncertainties**

On March 11, 2020, the World Health Organization declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic. The COVID-19 pandemic is having significant effects on global markets, supply chains, businesses, and communities. Specific to the Authority, COVID-19 may impact various parts of its 2022 operations and financial results, but the effects are currently unknown. Management believes the Authority is taking appropriate actions to mitigate the negative impact. However, the full impact of COVID-19 is unknown and cannot be reasonably estimated as these events are still developing.
