Independent Auditor's Report

The Honorable Mayor and Board of Trustees
Town of Yampa, Colorado

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Town of Yampa, Colorado (the Town), as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Town as of December 31, 2021, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with U.S. generally accepted accounting principles (GAAP).

Basis for Opinions

We conducted our audit in accordance with U.S. generally accepted auditing standards (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Summarized Comparative Financial Information

We have previously audited the Town's December 31, 2020 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated September 29, 2021. In our opinion, the summarized comparative financial information presented herein as of and for the year ended December 31, 2020 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Required Supplementary Information

GAAP requires that the Management's Discussion and Analysis on pages 4-10 and the General Fund Schedule of Revenues, Expenditures and Changes in Fund Balances – Budget and Actual on page 32 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The Enterprise Fund Schedule of Revenues, Expenditures and Changes in Net Position – Budget and Actual on page 33 and the Local Highway Finance Report on pages 34-35 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, this supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Town of Yampa, Colorado
Management's Discussion and Analysis
December 31, 2021

The discussion and analysis of the Town of Yampa's financial performance provides an overall review of the Town's financial activities for the year ended December 31, 2021. The intent of this discussion and analysis is to look at the Town's financial performance as a whole. Readers should also review the financial statements and the notes to the financial statements to broaden their understanding of the Town's financial performance.

Financial Highlights

The Town of Yampa's governmental net position increased by \$84,606 and business-type net position decreased by \$96,359 for the year.

- The assets of the Town exceeded its liabilities at the close of fiscal year 2021 by \$6,032,445 (*net position*). Of this amount, \$405,131 (*unrestricted net position*) may be used to meet the Town's ongoing obligations or unforeseen expenses.
- As of the close of fiscal year 2021, the Town's General Fund reported an ending fund balance of \$867,936 compared to the fiscal year 2017 balance of \$795,081.
- At the end of 2021 unrestricted net position for the Enterprise Fund (business-type activities) was in a deficit position of (\$306,100).
- General Fund 2021 revenues increased by \$100,499 to \$349,101.
- General Fund expenditures increased in 2021 by \$127,876 to \$318,855.

Using the Basic Financial Statements

The Basic Financial Statements consists of the Management's Discussion and Analysis (this section) and a series of financial statements and notes to those statements. These statements are organized so that the reader can understand the Town of Yampa as an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The first two statements are government-wide financial statements - the Statement of Net Position and the Statement of Activities. Both provide long and short-term information about the Town's overall financial status.

The remaining statements are fund financial statements that focus on individual parts of the Town's operations in more detail. The governmental fund statements tell how general Town services were financed in the short term as well as what remains for future spending. There is a single proprietary (enterprise) fund statement that offers short and long-term financial information about the water and sewer system operations that the Town operates as a business. The policemen's pension fiduciary fund was eliminated in 2021 as the Town does not employ police personnel, and contracts for police protection services with the with the Routt County Sheriff's Department. The remaining police pension funds were transferred into the general fund.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data.

Financial Analysis of the Town as a Whole

The Town's total net position was \$6,032,445 as of December 31, 2021 and \$6,044,198 as of December 31, 2020. This represents a decrease of \$11,753 or 0.2%.

Government-Wide Financial Statements

The government-wide statements report information about the Town as a whole using accounting methods similar to those used by private businesses. The statements include all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the Town's net position and how it has changed. The change in net position is important because it tells the reader that for the Town as a whole, the financial position of the Town has improved or diminished. The causes of this change may be the result of various factors, some financial, some not. Non-financial factors include facility conditions, and state or federal government required programs.

Both of the government-wide financial statements distinguish functions of the Town that are principally supported by taxes and intergovernmental revenues (*Governmental Activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*Business-type Activities*). The Governmental Activities of the Town include general government and public works including parks. The Business-type Activities of the Town of Yampa consist of water and sewer services.

Net Position

Net position might serve over time as a useful indicator of a government's financial position. In the case of the Town of Yampa, assets exceeded liabilities by approximately \$6 million at the close of 2021. Net position of the Town at December 31, 2021 was as follows:

	Governmental Activities		Business-type Activities		Total	
	2021	2020	2021	2020	2021	2020
Current assets	\$ 1,003,059	\$ 869,913	\$ (216,282)	\$ (230,557)	\$ 786,777	\$ 639,356
Capital assets, net	1,319,795	1,287,968	4,524,743	4,644,671	5,844,538	5,932,639
Total assets	2,322,854	2,157,881	4,308,461	4,414,114	6,631,315	6,571,995
Current liabilities	8,228	4,870	12,532	9,777	20,760	14,647
Long-term liabilities	20,076	-	427,139	443,188	447,215	443,188
Total liabilities	28,304	4,870	439,671	452,965	467,975	457,835
Deferred inflows	126,895	69,962	4,000	-	130,895	69,962
Net position:						
Invested in capital assets, net of debt	1,299,719	1,287,968	4,097,604	4,201,483	5,397,323	5,489,451
Restricted	156,705	148,205	73,286	58,277	229,991	206,482
Unrestricted	711,231	646,876	(306,100)	(298,611)	405,131	348,265
Total net position	\$ 2,167,655	\$ 2,083,049	\$ 3,864,790	\$ 3,961,149	\$ 6,032,445	\$ 6,044,198

The statement of net position reflects a cash position totaling \$686,718 or approximately 10% of total assets. The bulk of the Town's resources, \$5.4 million or 88% of total assets, are invested in capital assets. These assets consist of land and improvements, buildings, equipment, and utility system assets. The remaining 2% of total assets are receivables or prepaid expenses.

The Town of Yampa uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Town of Yampa's investment in its capital assets is reported net of related debt, it should be noted that the funds needed to repay this debt must be provided from other sources since, in general, the capital assets themselves cannot be used to liquidate these liabilities. Unrestricted net position may be used to meet the Town's ongoing obligations to citizens and creditors.

Changes in Net Position

Governmental activities increased the Town of Yampa's net position by \$84,606. Business activities decreased the Town's net position by \$96,359.

A summary of the changes in net position are as follows:

	Governmental Activities		Business-type Activities		Total	
	2021	2020	2021	2020	2021	2020
Revenue:						
Program revenue:						
Charges for services	\$ 8,698	\$ 8,764	\$ 318,258	\$ 289,169	\$ 326,956	\$ 297,933

Change in net position	84,606	35,832	(96,359)	(22,624)	(11,753)	13,208
Net position, beginning	2,083,049	2,047,217	3,961,149	3,983,773	6,044,198	6,030,990
Net position, ending	\$ 2,167,655	\$ 2,083,049	\$ 3,864,790	\$ 3,961,149	\$ 6,032,445	\$ 6,044,198

Financial Analysis of the Town's Funds

The Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds - The focus of the Town's governmental fund is to provide information on near-term inflows, outflows, and balance of spendable resources. Such information is useful in assessing the Town's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the year.

General Fund – The General Fund went from a balance of \$795,081 to \$867,936. This increase is principally the result of additional revenues, a transfer from the police pension fund and lease purchase proceeds. Total General Fund revenues increased by \$100,499, there were \$42,609 in transfer/proceeds, and expenditures increased by \$127,876.

Proprietary Fund – The proprietary fund has historically operated as an enterprise fund using the same basis of accounting as business-type activities; therefore, these statements will essentially match the information provided in the statements for the business-type activities of the Town as a whole. The proprietary fund statements, however, will provide a greater level of detail than the information found in the government-wide statements.

The enterprise fund net position decreased by \$96,359 compared to a decrease of \$22,624 in 2020.

Capital Assets

Approximately 7% of the Town's capital assets support governmental activities. The majority of the value is invested in land, buildings and improvements.

	Balance 12/31/2020	Additions	Deletions	Balance 12/31/2021
Governmental Activities:				
Capital Assets not being depreciated:				
Land	\$ 293,966	\$ -	\$ -	\$ 293,966
Total Capital Assets not being depreciated	293,966	-	-	293,966
Capital Assets being depreciated:				
Buildings & Improvements	1,416,115	-	-	1,416,115
Vehicles & Equipment	148,667	69,685	(3,300)	215,052
Total Capital Assets	1,564,782	69,685	(3,300)	1,631,167
Less Accumulated Depreciation				
Buildings & Improvements	(438,530)	(34,816)	-	(473,346)
Vehicles & Equipment	(132,250)	(3,042)	3,300	(131,992)
Total Accumulated Depreciation	(570,780)	(37,858)	3,300	(605,338)
Net Capital Assets	\$ 1,287,968	\$ 31,827	\$ -	\$ 1,319,795

The Town's business-type activities capital assets consist of its investments in its utility systems and related equipment.

	Balance 12/31/2020	Additions	Deletions	Balance 12/31/2021
Business-Type Activities:				
Capital Assets:				
Land	\$ 54,956	\$ -	\$ -	\$ 54,956
Equipment	47,389	-	-	47,389
Water System	5,599,370	-	-	5,599,370
Sewer System	571,522	7,225	-	578,747
Total Capital Assets	6,273,237	7,225	-	6,280,462
Less Accumulated Depreciation				
Equipment	(44,867)	(721)	-	(45,588)
Water System	(1,170,191)	(121,776)	-	(1,291,967)
Sewer System	(413,508)	(4,656)	-	(418,164)
Total Accumulated Depreciation	(1,628,566)	(127,153)	-	(1,755,719)
Net Capital Assets	\$ 4,644,671	\$ (119,928)	\$ -	\$ 4,524,743

Long-Term Debt

The Town's governmental long-term debt consists of a capital lease. Governmental activities debt transactions for the year were as follows:

	Balance 12/31/2020	Additions	Reductions	Balance 12/31/2021	Current Portion
BOC Lease-Purchase	\$ -	\$ 20,076	\$ -	\$ 20,076	\$ 1,596
Totals	\$ -	\$ 20,076	\$ -	\$ 20,076	\$ 1,596

The Town's business-type activities long-term debt consists of a loan through the Colorado Water Resources and Power Development Authority (CWRPDA) that was used for water system improvements. Business-type activities debt transactions for the year were as follows:

	Balance 12/31/2020	Additions	Reductions	Balance 12/31/2021	Current Portion
CWRPDA Note Payable	\$ 443,188	\$ -	\$ (16,049)	\$ 427,139	\$ 16,210
Totals	\$ 443,188	\$ -	\$ (16,049)	\$ 427,139	\$ 16,210

General Fund Budget

The General Fund accounts for all of the general government services provided by the Town of Yampa including public works including parks and general government services. The Town's General Fund revenues were \$128,539 more than planned, having received unbudgeted grants and sales taxes coming in at 140% more than budgeted. The Town's expenditures were \$35,798 more than originally budgeted related mainly to unexpected building and equipment repairs.

ECONOMIC FACTORS AND FUTURE BUDGETS AND RATES

- The Town of Yampa's economic drivers continue to be regional recreation and tourism, agriculture and energy. Both Stagecoach State Park/Reservoir and businesses related to the Steamboat Ski Area provide employment opportunities. Agricultural products such as hay, grain, sheep, horses and cattle from the region are local exports. Significant low-sulfur coal reserves located in Routt and Moffat Counties provide some well-paying jobs and another high-value export, though the current transition from coal-powered energy will have local and regional employment impacts and, in particular for Yampa, on related railroad jobs.
- The estimated population for Yampa is 399 according the State Demography Office, and this number reflects a slow and steady rate of growth. There are signs, particularly evidenced by a significantly tightening and more costly housing market, that the expected +/-1% increase/decrease growth forecasts may no longer be reliable and 2-3% is more relevant.
- In 2013, the Town undertook a major capital project with the construction of a new water treatment facility and associated transmission line and access road work. Due to funding constraints, only 75% of the transmission line work was completed at that time, and the remaining work will be finished as funding allows.
- The Town contracted with a consulting engineer to evaluate and plan work related to the Town's wastewater collection and treatment facilities. Funding for this work is supplied by a \$100,000 Energy Impact Assistance Fund (EIAF) program grant, matched with \$30,000 of Town funds. The current system has not been updated or improved, other than limited maintenance work, since the 1980s and current and pending regulatory requirements have created compliance issues. The Town is seeking outside funding from various sources in anticipation of a significant engineering and construction project beginning sometime in 2024.
- In 2021, Yampa saw sales tax revenues increase by 34% over 2020 collections. It is expected that sales tax revenues will continue to increase, though by a more conservative rate.
- While 2021 was a property tax reassessment year, the County Assessor is required to look at the period ending June, 2021. There has been very limited commercial growth in the last couple years; the major rise in housing sales prices seen in this timeframe will be reflected in the Town's assessed valuation going forward.
- The Town has recently awarded a contract to complete the Yampa Comprehensive Plan. Work will include an update to the 1997 Yampa Master Plan and the creation of a Yampa Economic Development Plan and Capital Improvements Plan (CIP). These Plans will give Yampa a leg up in addressing issues related to updating existing systems and properly managing growth in and around Town. Funding to complete this work was provided by the Colorado Office of Just Transition (\$100,000), an EIAF grant (\$25,000) and Town matching funds (\$25,000). The project should be completed in mid-2023.

- A rate study to assess the proper levels for water and sewer rates is slated to be completed in 2022 in conjunction with the CIP and wastewater treatment facility upgrades planning. Current rates cannot sustain the water and sewer enterprise operations, and rate increases are being planned annually to bring things into alignment.
- Unknowns that may impact Town operations or revenues that bear watching include the regulatory environment concerning air, water and energy resources and the uncertain political environments.

Request for Information

The financial statements are designed to provide information for regulatory reporting to federal and state agencies and those with an interest in the Town's finances. Questions concerning this or any additional information should be addressed to Town Administrator/Clerk, Town of Yampa, PO Box 224, Yampa, CO 80483.

TOWN OF YAMPA, COLORADO
Notes to Financial Statements
December 31, 2021
(with summarized financial information as of and for the year ended December 31, 2020)

Note 1: Summary of Significant Accounting Policies

The Town of Yampa, Colorado (the Town) was incorporated on April 17, 1906 in Routt County and is governed by a publicly elected Board of Trustees. The Town provides general government, public works, water and sewer services for the Town's residents.

The Town's financial statements are prepared in accordance with U.S. generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is the standard-setting body for the establishment of GAAP in governmental entities. The following summary of the more significant accounting policies of the Town is presented to assist the reader in interpreting these financial statements and should be viewed as an integral part of this report.

Reporting Entity

The reporting entity consists of (a) the primary government, i.e., the Town, and (b) organizations for which the Town is financially accountable. The Town does not have any component units for which it is financially accountable.

Measurement Focus and Basis of Accounting

The government-wide financial statements and proprietary (enterprise) fund financial statements use a flow of economic resources measurement focus to determine net income and financial position. The accounting principles used are similar to those applicable to businesses in the private sector and maintained on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

Governmental fund financial statements use a current financial resources measurement focus and are maintained on the modified accrual basis of accounting. Revenues are recognized when they become susceptible to accrual; that is, when they become both measurable and available to finance expenditures of the current period. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. The Town considers revenues collected within 60 days after year end to be available and thus recognizes them as revenues in the current year.

Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Financial Statement Presentation

Government-wide Financial Statements

The statement of net position and the statement of activities report information about the nonfiduciary activities of the Town. The Town's activities are categorized as either governmental activities or business-type activities.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the Town's governmental functions and business-type activities. The governmental functions are supported by general revenues (e.g., taxes, interest). The statement of activities reduces gross expenses (including depreciation) by related program revenues. Direct expenses are those that are clearly identified with a specific program. Program revenues include (a) charges for services and (b) grants and contributions that are restricted for the operating or capital requirements of a specific program. All taxes and other revenues not meeting the criteria for classification as program revenues are reported as general revenues.

Fund Financial Statements

The fund financial statements report information about the Town's funds.

The Town reports the following major governmental fund:

The *General Fund* is the Town's primary operating fund. It accounts for all financial resources of the Town, except those required to be accounted for in another fund.

TOWN OF YAMPA, COLORADO
Notes to Financial Statements
December 31, 2021
(with summarized financial information as of and for the year ended December 31, 2020)

Note 1: Summary of Significant Accounting Policies (continued)

Financial Statement Presentation (continued)

Fund Financial Statements (continued)

The Town reports the following major proprietary or business-type fund:

The *Enterprise Fund* accounts for the activities of the water and sewer utilities of the Town that are provided to its residents. The major sources of revenue are from user fees, which are used for operations, and from tap fees, which are used for capital improvements.

Fund Balance Presentation

Fund balances of the governmental fund are classified as follows:

- Non-spendable – includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.
- Restricted – includes amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation, or because of constraints that are externally imposed by creditors, grantors, contributors or the laws or regulations of other governments.
- Committed – includes amounts that can be spent only for specific purposes pursuant to constraints imposed by formal action of the Town. Such formal action may be in form of an ordinance or resolution and may only be modified or rescinded by a subsequent formal action.
- Assigned – includes amounts that are intended by the Town to be used for specific purposes, but are neither restricted nor committed. Assignments may be made only by the Board of Trustees.
- Unassigned – represents the residual positive balance within the General Fund, which has not been restricted, committed or assigned.

Assets, Liabilities, Deferred Inflows of Resources, and Net Position

Cash and Investments

The Town's cash includes cash on hand and demand deposits. The Town's investment in the Colorado Local Government Liquid Asset Trust (COLOTRUST) PLUS+ fund is measured at net asset value, equal to \$1.00 per share.

Accounts Receivable

Receivables consist of amounts due from residents for water and sewer utilities and amounts due from other governments for taxes and reimbursable grants. Management reviews receivables periodically to establish an allowance for uncollectible accounts. The Town considers all receivables to be fully collectible as of December 31, 2021 and 2020. Therefore, an allowance for uncollectible accounts has not been established.

TOWN OF YAMPA, COLORADO
Notes to Financial Statements
December 31, 2021
(with summarized financial information as of and for the year ended December 31, 2020)

Note 1: Summary of Significant Accounting Policies (continued)

Assets, Liabilities, Deferred Inflows of Resources, and Net Position (continued)

Capital Assets

Capital assets include property, water and sewer systems, vehicles, equipment and infrastructure assets. Capital assets are defined by the Town as assets with an initial cost of \$1,000 or more and an estimated useful life in excess of one year. Such assets are recorded at historical cost if purchased or estimated fair value if donated. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

	<u>Years</u>
Infrastructure	50
Water and sewer systems	40-50
Buildings	40
Vehicles	5
Equipment	3-25

Deferred Inflows of Resources

In addition to liabilities, the statement of net position includes a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to future periods and will not be recognized as an inflow of resources (revenue) until that time. The Town's deferred inflows of resources consist of unavailable revenues from property taxes and proceeds from grants for future years.

Operating and Non-Operating Revenues and Expenses

The proprietary fund financial statements distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses are those that result from providing services associated with the principal activities of the Town's business-type activities. Operating expenses include the cost of ongoing operations, related administrative expenses, and depreciation expense. Non-operating revenues and expenses are all those that do not meet the criteria described previously.

Property Taxes

Property taxes are levied on December 15 of each year and attach as an enforceable lien on property on January 1. Taxes are payable in full on April 30 or in two installments on February 28 and June 15. The Routt County Treasurer's office collects property taxes and remits collections to the Town on a monthly basis. In accordance with GAAP, the assessed but uncollected property taxes have been recorded as receivable and as deferred inflows of resources as property taxes are assessed in one year as a lien on the property but not collected by the Town until the subsequent year.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities as of the date of the financial statements, and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Comparative Financial Statements

The financial statements include certain prior-year summarized comparative information in total. Such information does not include sufficient detail to constitute a presentation in conformity with GAAP. Accordingly, such information should be read in conjunction with the Town's audited financial statements for the year ended December 31, 2020, from which the summarized information was derived.

TOWN OF YAMPA, COLORADO
Notes to Financial Statements
December 31, 2021
(with summarized financial information as of and for the year ended December 31, 2020)

Note 2: Stewardship, Compliance and Accountability

Budgetary Information

The annual budget is adopted on a basis consistent with GAAP for the General Fund. The Enterprise Fund adopts a budget on a non-GAAP basis wherein depreciation is not budgeted; capital expenditures and principal payments on debt are budgeted and recorded as expenditures. All annual appropriations lapse at year end.

The Town conforms to the following procedures, in compliance with CRS, Title 29, Article 1, in establishing the budgetary data reflected in the financial statements:

- Prior to October 15, the Town Clerk submits to the Board of Trustees a proposed operating budget for the fiscal year commencing the following January 1. The budget includes proposed expenditures and the means of financing them.
- Public hearings are conducted by the Board of Trustees to obtain taxpayer comments.
- Prior to December 31, the budget is adopted by formal resolution.
- Expenditures may not legally exceed appropriations at the fund level. Revisions that alter the total expenditures must be approved by the Board of Trustees.
- All appropriations lapse at the end of each fiscal year.

The Town adopted the following supplemental appropriation for the year ended December 31, 2021:

- General Fund expenditure appropriations were increased by \$35,798 for capital expenditures funded from grant revenues collected in 2021.

Compliance

The Town had no expenditures in excess of final appropriations for the year ended December 31, 2021.

TABOR Amendment

In November 1992, Colorado voters amended Article X of the Colorado Constitution by adding Section 20, commonly known as the Taxpayer's Bill of Rights (TABOR). TABOR contains tax spending, revenue and debt limitations which apply to the State of Colorado and all local governments. TABOR requires, with certain exceptions, advance voter approval for any new tax, tax rate increase, mill levy above that for the prior year, extension of any expiring tax, or tax policy change directly causing a net tax revenue gain to any local government.

Future spending and revenue limits are determined based on the prior year's fiscal year spending adjusted for allowable increases based upon inflation and local growth. Fiscal year spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the fiscal year spending limit must be refunded unless the voters approve retention of such revenue.

Except for refinancing bonded debt at a lower interest rate or adding new employees to existing pension plans, TABOR requires advance voter approval for the creation of any multiple-fiscal year debt or other financial obligation unless adequate present cash reserves are pledged irrevocably and held for payments in all future fiscal years.

TABOR requires local governments to establish emergency reserves. These reserves must be at least 3% of fiscal year spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases. The Town has reserved \$18,685 of the December 31, 2021 fund balance in the General Fund for this purpose.

TOWN OF YAMPA, COLORADO
Notes to Financial Statements
December 31, 2021
(with summarized financial information as of and for the year ended December 31, 2020)

Note 2: Stewardship, Compliance and Accountability (continued)

The Town's voters passed a ballot question in April 1998, permitting the Town to collect, retain and expend all revenues and other funds collected during 1997 and each subsequent year. The ballot question also stipulated that no property tax mill levy shall be increased at any time, nor shall any new tax be imposed without the prior approval of the Town's voters.

The Town's management believes it is in compliance with the financial provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of its provisions may require judicial interpretation.

Note 3: Detailed Notes on All Funds

Deposits

The carrying amount of the Town's deposits as of December 31, 2021 and 2020 was \$321,040 and \$212,208, respectively, and bank balances were \$330,958 and \$233,306, respectively. Of the bank balances, \$267,428 and \$233,306 as of December 31, 2021 and 2020, respectively, was covered by federal deposit insurance and \$63,530 and \$0, respectively, was uninsured but collateralized in accordance with provisions of the Colorado Public Deposit Protection Act (PDPA).

The PDPA requires that all units of local government deposit cash in eligible public depositories; eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. The PDPA allows the institution to create a single collateral pool for all public funds. The collateral pool is to be maintained by another institution or held in trust for all the uninsured public deposits as a group. The market value of the collateral must equal or exceed 102% of the aggregate uninsured deposits.

Investments

As of December 31, 2021 and 2020, the Town had \$355,778 and \$331,901, respectively, invested in the COLOTRUST PLUS+ fund, including \$0 and \$22,522, respectively, of police pension trust fund assets. COLOTRUST PLUS+ is a short-term money market fund organized in conformity with Part 7 of Article 75 of Title 24, CRS. The portfolio offers Colorado governmental entities a convenient and efficient means to pool their funds to take advantage of short-term investments and maximize net interest earnings. COLOTRUST PLUS+'s investment objective is to obtain as high a level of current income as is consistent with the preservation of capital and liquidity. The investment adviser for COLOTRUST PLUS+ is Public Trust Advisors LLC, a Colorado-based investment adviser, registered with the SEC. The portfolio manager is responsible for making all of the investment decisions for the portfolio. Wells Fargo Bank, N.A. is custodian of the portfolio's securities and cash. COLOTRUST PLUS+ portfolio invests in U.S. Treasury securities, federal instrumentality securities, agency securities, repurchase agreements, tri-party repurchase agreements, collateralized bank deposits, the highest rated commercial paper, and highly-rated corporate bonds. The portfolio's weighted average maturity to reset is kept under 60 days, which helps to enhance liquidity and limits market price exposure. The COLOTRUST PLUS+ fund holds a 'AAAm' rating by Standard and Poor's.

The Town's investments are subject to interest rate, credit risk, and concentration of credit risk. As a means of limiting its exposure to fair value losses arising from rising interest rates, the Town currently invests only in highly liquid investment pools which may be redeemed at any time.

TOWN OF YAMPA, COLORADO
Notes to Financial Statements
December 31, 2021

(with summarized financial information as of and for the year ended December 31, 2020)

Note 3: Detailed Notes on All Funds (continued)

Capital Assets (continued)

Depreciation expense was charged to functions of the Town as follows during 2021 and 2020:

	2021	2020
Governmental activities:		
Unallocated	\$ 37,858	\$ 36,791
Total - governmental activities	\$ 37,858	\$ 36,791
Business-type activities:		
Water	\$ 122,136	\$ 124,316
Sewer	5,017	5,017
Total - business-type activities	\$ 127,153	\$ 129,333

Long-Term Liabilities

Note Payable

The Town entered into a \$1,370,241 loan agreement with the Colorado Water Resources and Power Development Authority (CWRPDA) on May 6, 2014. Terms of the loan agreement include principal forgiveness of \$847,920 by CWRPDA to a reduced principal amount of \$522,321 and the loan carries a 1.0% interest rate. Proceeds of the loan were used for water treatment plant improvements that included filtration and chlorination upgrades, an additional finished water storage tank, source protection of infiltration gallery, and replacement of transmission lines.

The first loan payment of \$1,683, including principal and interest, was paid on November 1, 2015. Remaining principal and interest payments of \$10,220 are due semi-annually on May 1 and November 1 until maturity on May 1, 2045

The loan agreement requires the Town to maintain an operations and maintenance reserve fund equal to three months of system operation and maintenance expenses. The Town has reserved \$73,286 of its Enterprise Fund net position for this purpose as of December 31, 2021. However, the Town is not in compliance with this requirement as it does not have sufficient current working capital to cover the required reserve as of December 31, 2021. Terms of the agreement require the shortfall to be made up in 24 months.

Lease-Purchase Agreement

On July 15, 2021, the Town entered into a \$20,330 governmental lease-purchase agreement with Bank of Colorado. Proceeds totaling \$20,076 from the lease were used to purchase solar equipment as of December 31, 2021. The lease term is twelve years, subject to annual appropriation of lease expenditure by the Town. The lease requires annual payments of \$1,944 including interest at 2.27% beginning April 15, 2022 through maturity on April 15, 2033. The interest rate is subject to adjustment every five years to the 5 Year Treasury Rate plus 0.75%, subject to an interest rate floor of 2.00%.

TOWN OF YAMPA, COLORADO
Notes to Financial Statements
December 31, 2021

(with summarized financial information as of and for the year ended December 31, 2020)

Note 3: Detailed Notes on All Funds (continued)

Long-Term Liabilities (continued)

Long-term liability activity for the year ended December 31, 2021 was as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Amounts Due Within One Year
Governmental activities:					
BOC lease-purchase	\$ -	\$ 20,076	\$ -	\$ 20,076	\$ 1,596
Business-type activities:					
CWRPDA note payable	\$ 443,188	\$ -	\$ (16,049)	\$ 427,139	\$ 16,210

The CWRPDA loan agreement also includes a rate covenant whereby the Town's Enterprise Fund's water and sewer system net revenue, after meeting operation and maintenance expenses, is required to be sufficient to cover 110% of the debt service coming due. The following is the Town's calculation of the rate covenant for the year ended December 31, 2021:

Gross system revenues:	
Charges for services:	
Water	\$ 175,737
Sewer	142,521
Tap fees	10,000
Gross system revenues	328,258
System operating expenses:	
Water	283,764
Sewer	136,532
Less depreciation	(127,153)
Total system operating expenses	293,143
Net system revenues	\$ 35,115
Annual debt service payments	\$ 20,441
Net system revenues / annual debt service payments	172%

The Town's net system revenues were sufficient to meet the rate covenant requirements for the year ended December 31, 2021.

TOWN OF YAMPA, COLORADO

December 31, 2021
(with summarized financial information as of and for the year ended December 31, 2020)

Note 3: Detailed Notes on All Funds (continued)

Long-Term Liabilities (continued)

Debt service requirements as of December 31, 2021 were as follows:

Year Ending December 31,	Governmental Activities			Business-Type Activities		
	Principal	Interest	Total	Principal	Interest	Total
2022	\$ 1,596	\$ 351	\$ 1,947	\$ 16,210	\$ 4,231	\$ 20,441
2023	1,516	431	1,947	16,372	4,069	20,441
2024	1,550	397	1,947	16,536	3,904	20,440
2025	1,587	361	1,948	16,702	3,739	20,441
2026	1,623	324	1,947	16,869	3,571	20,440
2027-2031	8,718	917	9,635	86,918	15,285	102,203
2032-2036	3,486	114	3,600	91,363	10,840	102,203
2037-2041	-	-	-	96,035	6,168	102,203
2042-2045	-	-	-	70,134	1,408	71,542
	<u>\$ 20,076</u>	<u>\$ 2,895</u>	<u>\$ 22,971</u>	<u>\$ 427,139</u>	<u>\$ 53,215</u>	<u>\$ 480,354</u>

Governmental Fund Balances

The Town has restricted fund balances as of December 31, 2021 for the following:

- Emergency reserve required by TABOR
- Accumulated conservation trust funds from net proceeds of the Colorado Lottery to be used for parks, recreation facilities, open space, environmental education, and wildlife habitat.

When expenditures are incurred and both restricted and unrestricted resources are available, it is the Town's policy to use restricted resources first, then unrestricted resources in the order of committed, assigned, and then unassigned, as they are needed.

Note 4: Other Information

Policemen's Pension Fund

The Town had a policemen's pension fund that covered the Town's police employees. During the year ended December 31, 2021, the Town's Board of Trustees passed a resolution to eliminate the policemen's pension fund as the Town does not employ police personnel and contracts for police protection services with the Routt County Sheriff's Department. The remaining pension fund assets of \$22,533 were transferred to the General Fund during the year ended December 31, 2021.

Commitments

Yamcolo Reservoir Storage Agreement

The Town entered into an extension and amendment agreement with the Upper Yampa Water Conservancy District effective July 15, 2011 for 300-acre feet of storage water in the Yamcolo Reservoir for thirty years terminating July 15, 2041. The purchase price for the storage water is subject to an annual CPI increase. The Town paid \$86.88 per acre foot of storage water for the year ended December 31, 2021.

Water Tank Access Road

The Town purchased land for its water tank improvement project in 2015 and agreed to pay the seller an annual access road user fee over the life of the use of the access road. The annual fee, due January 1st, was \$1,639 in 2017 and increases 3% compounded annually until January 1, 2065 when the annual fee will remain at \$6,575.

Notes to Financial Statements
December 31, 2021
(with summarized financial information as of and for the year ended December 31, 2020)

Note 4: Other Information (continued)

Risk Management

The Town is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees, and natural disasters. The Town maintains commercial insurance for these risks of loss, including workers compensation. Settled claims have not exceeded coverage in the past three fiscal years.

Subsequent Events

The Town has evaluated subsequent events through July 20, 2022, the date these financial statements were available to be issued.
