COUNTY HEALTH POOL MANAGEMENT DISCUSSION AND ANALYSIS

This discussion and analysis prepared in conformity with Governmental Accounting Standards Board (GASB) rules, is designed to provide an analysis of County Health Pool's (The Pool) financial condition and operating results. According to GASB rules, the intent of the management discussion and analysis is to inform the readers of the financial statements of the Pool's financial issues and activities.

The Management Discussion and Analysis (MD&A) should be read in conjunction with the Pool's basic financial statements and the Pool's basic financial statements should be read in conjunction with the MD&A.

The Pool's basic financial statements are the Statements of Net Position, Statements of Revenues, Expenses and Changes in Net Position and the Statements of Cash Flows.

The Pool was formed in January 1984 by an intergovernmental agreement among the member counties of Colorado. During 1999, The Pool changed its by-laws to allow The Pool to provide services to any political subdivision of the state of Colorado.

The purpose of The Pool is to provide health, dental and vision benefits and life, accidental death and dismemberment insurance to the employees of the member organizations. Based on the date the Pool was formed, it has no ERISA compliance requirements and it is not regulated by the Division of Insurance of the State of Colorado. At December 31, 2021 and 2020 there were 64 member organizations. Basic Financial Statements are presented on the accrual basis of accounting. The three basic statements presented within the financial statements are as follows:

Statements of Net Position -- These statements present information reflecting a snapshot of "Net Position", which represents the amount of total assets minus total liabilities. Although the statement of net position is not presented in a categorized basis, assets are nonetheless listed in liquid to non-liquid order. Liquid in this reference meaning cash or being turned into cash. The Pool's investment balances are considered liquid since the investment portfolio is marketable and easily turned into cash.

The liabilities consist of two categories of accounts. The first is the outstanding claims payable. This balance is the best estimate by management as to the number of claims which were incurred in the current year and will be paid in future periods. The accounts payable are the liabilities of The Pool, which vendors have presented invoices for payment and the cash will be disbursed in future years.

**COUNTY HEALTH POOL
MANAGEMENT DISCUSSION AND ANALYSIS**

The change column illustrates for the reader that net position decreased, overall, in 2021 due to the increase in utilization of the plan benefits.

Statements of Net Position

	<u>December 31,</u>			
	<u>2021</u>	<u>2020</u>	<u>Change</u>	<u>2019</u>
Assets				
Cash and cash equivalents	\$ 6,654,779	\$ 7,693,989	\$ (1,039,210)	\$ 3,347,106
Investments	14,472,081	13,437,845	1,034,236	13,950,972
Accrued interest receivable	163,809	109,719	54,090	99,475
Accounts receivable	773	301,855	(301,082)	-
Prepaid expenses	11,416	11,416	-	11,083
Deposits	16,490	16,490	-	16,490
Total Assets	<u>\$ 21,319,348</u>	<u>\$ 21,571,314</u>	<u>\$ (251,966)</u>	<u>\$ 17,425,126</u>
Liabilities				
Claims payable	\$ 5,250,000	\$ 5,250,000	\$ -	\$ 5,250,000
Accounts payable	1,190,385	107,723	1,082,662	1,208,843
Contribution deposits	533,035	632,994	(99,959)	560,609
Total Liabilities	<u>6,973,420</u>	<u>5,990,717</u>	<u>982,703</u>	<u>7,019,452</u>
Total Net Position (Unrestricted)	<u>\$ 14,345,928</u>	<u>\$ 15,580,597</u>	<u>\$ (1,234,669)</u>	<u>\$ 10,405,674</u>

The Statements of Revenues, Expenses and Changes in Net Position -- These statements reflect the Pool's operating revenues and expenses. The essential source of revenues is from member organization contributions and the major sources of operating expenses are health, dental, and vision benefits. The change in net position is similar to net profit for any other insurance company. The amounts captioned as net position reflect the amount that corresponds to members' equity in previous years' statements of revenue, expenses and changes in net position.

COUNTY HEALTH POOL MANAGEMENT DISCUSSION AND ANALYSIS

Statements of Revenues, Expenses and Changes in Net Position

	<u>December 31,</u>		
	<u>2021</u>	<u>2020</u>	<u>2019</u>
Operating revenue:			
Contributions	\$ 59,613,281	\$ 60,117,020	\$ 59,460,094

Administration	3,486,988	3,603,642	3,838,751
Total operating expenses	60,913,285	55,639,863	61,103,667
Operating income (loss)	(1,300,004)	4,477,157	(1,643,573)
Net investment income	65,335	697,766	730,066
Increase (Decrease) in net assets	(1,234,669)	5,174,923	(913,507)
Net position - Beginning of year	15,580,597	10,405,674	11,319,181
Net position - End of year	\$ 14,345,928	\$ 15,580,597	\$ 10,405,674

The changes in the Contributions income from 2021 to 2020 to 2019 reflects the change in the rates charged to members in The Pool to receive coverage and increased cost arising from the Health Reform Act. The Pool had 64, 64, and 66 member organizations at December 31, 2021, 2020 and 2019, respectively.

The changes in the overall costs of claims reflects the rebound of health care services utilization in 2021, the changing number of members in The Pool, as well as a component of the shifting to higher deductible plans on the part of many member entities.

In addition, insurance cost, the expense related to covering excess exposures, also increased due to increasing costs in the health care industry and the Pool's past experience.

During 2021 and 2020, Anthem Blue Cross and Blue Shield did not adjust the amount The Pool paid for Anthem's administration costs for the servicing of claims and handling the network of doctors and hospitals.

Anthem also provided plan documents review, membership cards, and administered writing claim checks in 2021 and 2020.

When the Board of Directors set the rates to charge for the benefits and services for 2021, the rates were established at a level that was estimated to increase The Pool's net position by approximately \$529,238.

COUNTY HEALTH POOL MANAGEMENT DISCUSSION AND ANALYSIS

When the Board of Directors set the rates to charge for the benefits and services for 2020, the rates were established at a level that was estimated to increase The Pool's net position by approximately \$1,238,225.

The Statements of Cash Flows -- These statements reflect The Pool's cash flows from operating and investing activities.

Economic Conditions

In 2021, The Pool experienced a rebound of health care services following the declaration of a global pandemic in March 2020. This resulted in a significant increase in utilization of health care services in 2021, due to deferred care in 2020.

The "Health Care Act" passed by the U.S. Congress in 2010 continued to impact estimated costs for 2021. The utilization component of drug trends continues to be higher for generic drugs than for brand drugs.

Based on the above projections and historical results, corporations are continuing to make adjustments in health care plans to cope with the increasing cost trends. Some of these adjustments include increasing co-pays, higher deductibles, and switching providers searching for lower cost options. An alternative approach is utilization management. This focuses on the employee and helps them live a healthier lifestyle and be a wiser health care consumer. Education and wellness programs are the key component of this strategy.

The Pool continues to put health care consumerism to the test with wellness and health education programs aimed at improving outcomes, thereby lowering health care costs. The Pool is trying to educate employees to be as engaged as possible, give them the tools and make them knowledgeable about their condition and about their prevention and treatment alternatives, so they make the best decision on health care access and utilization, improve their outcomes and help keep cost in check. Communication with employees has increased to be on a continuous basis, not just during policy renewal time. Input is solicited from members regarding plan design changes, benefit design changes, and contribution adjustments. The Pool's current philosophy is to conduct educational meetings with employees, along with continuous publications introducing all the tools and resources available to assist the employees to become better health care purchasers. As a result of The Pool teaming up with Anthem and the ongoing education of the member's employees, The Pool continues to be in a strong financial condition while keeping rate increases below the current average in Colorado.

Requests for Information

This report is designed to provide a general overview of The Pool's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to The Pool's administrator, County Technical Services, Inc. at 800 Grant Street, Suite 400, Denver, Colorado 80203, (or email address: ctsi@ctsi.org).

Independent Auditor's Report

The Board of Directors
County Health Pool

Opinion

We have audited the financial statements of County Health Pool (the Pool), which comprise the statements of net position as of December 31, 2021 and 2020, and the related statements of revenues, expenses, and changes in net position, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of County Health Pool as of December 31, 2021 and 2020, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Pool and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Pool's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Pool's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about County Health Pool's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

The Governmental Accounting Standards Board require that the Management's Discussion and Analysis on pages II – V be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

COUNTY HEALTH POOL
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 1: ORGANIZATION

The Pool was formed in January 1984 by an intergovernmental agreement among the member counties of Colorado. During 1999, the Pool changed its by-laws to allow the Pool to provide services to any political subdivision of the state of Colorado and the Pool changed its name from Colorado Counties Cooperative for Employee Benefits to County Health Pool.

The purpose of the Pool is to provide health, dental and vision benefits and life, accidental death and dismemberment insurance to the employees of the member entities. At December 31, 2021 and 2020 there were 64 member entities, including County Technical Services, Inc. (see Note 5). The Pool collects contributions from members and makes payments for benefits, excess insurance coverage and administrative fees.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America applicable to governmental risk pools, set forth by the Governmental Accounting Standards Board. The accrual basis of accounting is utilized where revenue is recognized when earned and expenses are recognized when the liability is incurred.

The Pool distinguishes between operating revenues and expenses and non-operating items in the Statements of Revenues, Expenses and Changes in Net Position. Operating revenues and expenses generally result from providing services in connection with the Pool's purpose of providing health, life, vision, dental and accidental death and dismemberment insurance coverage for its members. Operating revenues consist of contributions from its members. Operating expenses include the cost of claims paid, excess insurance premiums, administrative expenses, and management fees. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The Pool has elected to follow Governmental Accounting Standards Board pronouncements. Therefore, statements issued by the Financial Accounting Standards Board after November 30, 1989 are not applied.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

COUNTY HEALTH POOL
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash and Cash Equivalents

For purposes of the statements of cash flows, the Pool considers all highly liquid investments with original maturities of three months or less when purchased to be cash equivalents.

Investments

Investments are carried at fair value, which is based upon quoted market prices. Realized gains and losses are determined using the specific identification method. The Pool accounts for its investments in accordance with GASB statement No. 31 Accounting and Financial Reporting for Certain Investments and for External Investment Pools (GASB 31). GASB 31 requires governmental entities to report investments at fair value on the balance sheet. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

Reserve for Claims Payable

Claims are charged to operations as incurred and are reported net of excess insurance reimbursements and subrogation recoveries. The liability for claims payable is determined based upon case-basis evaluations and projections and includes a provision for incurred but not reported claims. The projections of ultimate losses on reported claims and the estimate of claims incurred but not reported are based on a composite of the Pool's experience, trends in costs of services and changes in number of covered employees. Adjustments to the probable ultimate liability for claims are made continually based on subsequent developments and experience and are included in operations as incurred (see Note 6).

Contributions

The intergovernmental agreement provides for contributions from members based on rates determined annually by the Board of Directors.

Income Tax

The Pool is qualified and exempt from income tax under the provisions of Section 115 of the Internal Revenue Code. Therefore, the accompanying financial statements do not include a provision for income taxes.

NOTE 3: CASH AND INVESTMENTS

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government, and entities such as the Pool, deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least equal to the aggregate uninsured deposits. The PDPA requires that collateral must exceed 102% of the uninsured deposits.

COUNTY HEALTH POOL
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 3: CASH AND INVESTMENTS (CONTINUED)

The Colorado Division of Banking is required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2021, the Pool's cash deposits had a bank balance of \$3,142,279 of which \$250,000 is insured by the Federal Deposit Insurance Corporation (FDIC), the remaining balance is collateralized according to the PDPA. The carrying balance of cash deposits as of December 31, 2021 was \$2,011,058.

At December 31, 2020, the Pool's cash deposits had a bank balance of \$4,900,304 of which \$250,000 is insured by the Federal Deposit Insurance Corporation (FDIC), the remaining balance is collateralized according to the PDPA. The carrying balance of cash deposits as of December 31, 2020 was \$3,021,937.

Investments

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments, and entities such as the Pool, may invest. The Pool has adopted an investment policy which is more restrictive and limits investments to:

- Obligations of the United States and certain U.S. government agency securities
- Bankers' acceptances of certain banks
- Commercial paper
- Local government investment pools
- Any other eligible investment allowed by State statute if specifically approved by the Board

The Pool owned the following investments as of December 31, 2021:

Type of Security	REMAINING MATURITY (in Months)			
	Market Value	12 or Less	13 to 24 Months	25 to 60 Months
Negotiable certificates of deposit	2,801,876	1,675,552	104,379	1,021,945
Corporate notes	11,670,205	-	1,015,852	10,654,353
Local government investment pool	4,537,103	4,537,103	-	-
Total	<u>\$19,009,184</u>	<u>\$ 6,212,655</u>	<u>\$ 1,120,231</u>	<u>\$11,676,298</u>

COUNTY HEALTH POOL
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 3: CASH AND INVESTMENTS (CONTINUED)

The Pool owned the following investments as of December 31, 2020:

Type of Security	REMAINING MATURITY (in Months)			
	<u>Market Value</u>	<u>12 or Less</u>	<u>13 to 24 Months</u>	<u>25 to 60 Months</u>
Negotiable certificates of deposit	5,202,233	2,578,678	1,716,308	907,247
Corporate notes	8,235,612	100,092	251,875	7,883,645
Local government investment pool	4,654,094	4,654,094	-	-
Total	<u>\$ 18,091,939</u>	<u>\$ 7,332,864</u>	<u>\$ 1,968,183</u>	<u>\$ 8,790,892</u>

Interest Rate Risk

In accordance with the investment policy, the Pool limits investment maturities to five years. As of December 31, 2021, and 2020, the duration of the investments is in accordance with the guidelines of the investment policy.

Credit Risk

The Pool requires investments in local government investment pools and corporate notes to carry defined credit ratings. The local government investment pool, ColoTrust, has been rated AAAM by Standard & Poor's at December 31, 2021 and 2020.

NOTE 3: CASH AND INVESTMENTS (CONTINUED)

Concentration of Credit Risk

The Pool requires that, excluding direct U.S. government obligations such as Treasury Notes, Treasury Bills, and FDIC insured certificates of deposit, no single investment will represent more than 5% of the total fair value of the investment portfolio and commercial paper cannot represent more than 10% of the fair value. Limits by issuer are not defined.

As of December 31, 2021, concentrations in single issuers of the Pool's entire investment portfolio were as follows:

<u>Investment Type</u>	<u>Market Value</u>	<u>% of Total Portfolio</u>
MAGELLAN MIDSTREAM PARTNERS LP	\$ 720,143	5%

TOTAL	<u>\$ 8,235,612</u>	

COUNTY HEALTH POOL
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 3: CASH AND INVESTMENTS (CONTINUED)

The Pool's trust agent, Pershing LLC, uses Level 1 inputs for valuation purposes based on fair values in actively traded markets for identical assets. Financial assets that are measured at fair value on a recurring basis are reflected in the Pool's statements of net position at December 31, 2021 and 2020, as follows:

	<u>2021</u>	<u>2020</u>
Cash and cash equivalents	\$ 6,654,779	\$ 7,693,989
Investments	<u>14,472,081</u>	<u>13,437,845</u>
	<u>\$ 21,126,860</u>	<u>\$ 21,131,834</u>

The composition of investment returns for the years ended December 31, 2021 and 2020 are as follows:

	<u>2021</u>	<u>2020</u>
Interest	\$ 631,706	\$ 449,504
Unrealized (Loss) Gain on Investments	<u>(566,371)</u>	<u>248,262</u>
Net Investment Income	<u>\$ 65,335</u>	<u>\$ 697,766</u>

NOTE 4: EXCESS INSURANCE CONTRACTS

The Pool entered into an excess insurance contract to limit large losses. The excess loss coverage limits the Pool's exposure to \$100,000 of claims paid per person in 2021 and 2020. Excess insurance premiums for the years ended December 31, 2021 and 2020 were \$11,453,492 and \$11,147,772, respectively.

Although management believes they have acquired excess insurance from solvent carriers, a contingent liability exists with respect to excess insurance coverages which would become a liability of the Pool if the excess insurers were unable to meet their obligations under the contracts.

NOTE 5: ADMINISTRATIVE AND CLAIMS SERVICING AGREEMENTS

The Pool entered into an agreement with County Technical Services, Inc. (CTSI), a nonprofit corporation, to provide administrative services for the Pool. Fees for such services were \$503,924 and \$572,487 for 2021 and 2020, respectively.

Additionally, the Pool entered into an agreement with a third-party claims administrator, Anthem Blue Cross and Blue Shield (Anthem). Fees for such services were \$2,469,820 and \$2,476,660 for 2021 and 2020, respectively. CTSI and Anthem are considered to be related parties for purposes of these financial statements.

COUNTY HEALTH POOL
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 6: CLAIMS PAYABLE

As discussed in Note 2, the Pool establishes a liability for both reported and un-reported claims. The following represents changes in that liability for the Pool during the years ended December 31, 2021 and 2020.

	<u>2021</u>	<u>2020</u>
Claims payable, beginning of year	\$ 5,250,000	\$ 5,250,000
Provision for claims expense		
Provision for covered events of the current year	46,787,935	40,632,982
(Decrease)/ Increase in provision for covered events of prior years	<u>(815,130)</u>	<u>255,467</u>
	<u>45,972,805</u>	<u>40,888,449</u>
Payments, net of excess insurance recoveries		
Claims expenses attributable to covered events of the current year.	41,537,935	35,632,982
Claims expenses attributable to covered events of prior years	<u>4,434,870</u>	<u>5,255,467</u>
Total payments	<u>45,972,805</u>	<u>40,888,449</u>
Claims payable, end of year	<u>\$ 5,250,000</u>	<u>\$ 5,250,000</u>

As a result of changes in estimates of insured events in prior years, the provision for claims expense decreased by \$815,130 in 2021, due to lower-than-expected losses and related expenses for claims and increased by \$255,467 in 2020, due to higher-than-expected losses and related expenses for claims.

NOTE 7: CONCENTRATIONS

The business plan of the Pool calls for contributions to be allocated and spread out among members to avoid concentrations. There were no contributions from individual members during the years ended December 31, 2021 and 2020 that exceeded 10% of total contributions.

NOTE 8: INSURANCE AND FINANCIAL RISKS

Insurance Risks

Insurance risk is the risk that an event will take place giving rise to a claim or claims and includes the uncertainty of the amount and timing of any resulting claim or claims. Factors influencing insurance risk include but are not limited to the amount of risk undertaken, risk diversification and geographical and industry exposures. The Pool directly insures certain risks of members and as such there is a concentration of insurance risk within the industry sector and territory in which the Pool operates.

COUNTY HEALTH POOL
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 9: FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. It establishes a hierarchy for fair value measurements based upon inputs to the valuation and the degree to which they are observable or not observable in the market. The three levels in the hierarchy are as follows:

Level 1 - Inputs to the valuation are based upon quoted prices (unadjusted) for identical assets or liabilities in active markets that are accessible as of the measurement date.

Level 2 - Inputs to the valuation include quoted prices in either markets that are not active, or in active markets for similar assets or liabilities, inputs other than quoted prices that are observable, and inputs that are derived principally from or corroborated by observable market data.

Level 3 - Inputs to the valuation are unobservable inputs for the asset or liability.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used by the Pool.

- Certificates of deposit: Valued at amortized cost, which approximates fair value.
- Bonds: Valued at the amortized cost of shares held by the Pool at year end.
- Local government investment pool: Valued as cash equivalent.

Financial assets measured at fair value on a recurring basis are reflected in the Pool's statement of net position at December 31, 2021 as follows:

	Assets:			
	Level 1	Level 2	Level 3	Total
Negotiable certificates of deposit	\$ 2,801,876	\$ -	\$ -	\$ 2,801,876
Corporate obligations	11,670,205	-	-	11,670,205
Local government investment pool	4,537,103	-	-	4,537,103
Total	\$ 19,009,184	\$ -	\$ -	\$ 19,009,184

COUNTY HEALTH POOL
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 9: FAIR VALUE MEASUREMENTS (CONTINUED)

Financial assets measured at fair value on a recurring basis are reflected in the Pool's statement of net position at December 31, 2020 as follows:

	Assets:			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Negotiable certificates of deposit	\$ 5,202,233	\$ -	\$ -	\$ 5,202,233
Corporate obligations	8,235,612	-	-	8,235,612
Local government investment pool	4,654,094	-	-	4,654,094
Total	<u>\$ 18,091,939</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 18,091,939</u>

NOTE 10: SUBSEQUENT EVENTS

As part of the administrative services provided to the Pool, CTSI has evaluated events subsequent to December 31, 2021 through March 24, 2022, which is the issuance date of this report. There were no material events noted in the subsequent period that would have impacted the results reported herein or in the Pool's results going forward.
