Hammond Farm Metropolitan District No. 2
Larimer County, Colorado

Independent Auditor’s Report

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of Hammond Farm Metropolitan District No. 2 (the “District”), as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the District’s basic financial statements, as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Hammond Farm Metropolitan District No. 2 as of December 31, 2022, and the respective changes in financial position and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District’s ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

Exercise professional judgment and maintain professional skepticism throughout the audit.

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.

Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Required Supplemental Information

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinions on the basic financial statements are not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's financial statements as a whole. The supplementary information as listed in the table of contents is presented for the purposes of legal compliance and additional analysis and is not a required part of the financial statements. The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, such information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Information

The other information, as listed in the table of contents, has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES
IN FUND BALANCES OF THE GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
YEAR ENDED DECEMBER 31, 2022**

Net Change in Fund Balances - Total Governmental Funds \$ (283,854)

Amounts reported for governmental activities in the statement of activities are different because:

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The net effect of these differences in the treatment of long-term debt and related items is as follows:

Bond Principal	75,000
----------------	--------

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Accrued Interest on Developer Advances - Change in Liability	(128)
Accrued Interest on Bonds - Change in Liability	344
	344

Change in Net Position of Governmental Activities	\$ (208,638)

HAMMOND FARM METROPOLITAN DISTRICT NO. 2
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 1 DEFINITION OF REPORTING ENTITY

Hammond Farm Metropolitan District No. 2 (the District), a quasi-municipal corporation and political subdivision of the state of Colorado, was organized by order and decree of Larimer County District Court, Colorado (County) in June 2016, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes) and the Service Plan approved by Board of Trustees of the Town of Berthoud on February 9, 2016. The District, along with Hammond Farm Metropolitan District Nos. 3 and 4, operate as the Financing Districts along with District No. 1 serving as the Coordinating District. The Districts' service area is located entirely within the County.

The Districts were established to provide financing for the construction, installation, and operation of public improvements, including water, sanitation, streets, safety protections, storm drainage, covenant enforcement and design review services, and parks and recreation facilities.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements, which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District has no employees, and all operations and administrative functions are contracted.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The more significant accounting policies of the District are described as follows:

Government-Wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities are normally supported by property taxes.

The statement of net position reports all financial and capital resources of the District. The difference between the sum of assets and deferred outflows and the sum of liabilities and deferred inflows is reported as net position.

HAMMOND FARM METROPOLITAN DISTRICT NO. 2
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Government-Wide and Fund Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for the governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes. All other revenue items are considered to be measurable and available only when cash is received by the District. The District determined that Developer advances are not considered as revenue susceptible to accrual. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation is due.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term debt of the governmental funds.

HAMMOND FARM METROPOLITAN DISTRICT NO. 2
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgets

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures and other financing uses level and lapses at year-end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

The District has amended its annual budget for the year ended December 31, 2022.

Pooled Cash and Investments

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash and investments.

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes net of estimated uncollectible taxes are recorded initially as deferred inflows of resources in the year they are levied and measurable. The property tax revenues are recorded as revenue in the year they are available or collected.

Deferred Inflow of Resources

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies for reporting in this category. Accordingly, the item, *deferred property tax revenue*, is deferred and recognized as an inflow of resources in the period that the amount becomes available.

HAMMOND FARM METROPOLITAN DISTRICT NO. 2
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Equity

Net Position

For government-wide presentation purposes when both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first, then unrestricted resources as they are needed.

Fund Balance

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

Nonspendable Fund Balance – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.

Restricted Fund Balance – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.

Committed Fund Balance – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.

Assigned Fund Balance – The portion of fund balance that is constrained by the government's intent to be used for specific purposes but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.

Unassigned Fund Balance – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District's practice to use the most restrictive classification first.

HAMMOND FARM METROPOLITAN DISTRICT NO. 2
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 3 CASH AND INVESTMENTS

Deposits with Financial Institutions

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

As of December 31, 2022, the District had no cash deposits.

Investments

The District has not adopted a formal investment policy; however, the District follows state statutes regarding investments.

The District generally limits its concentration of investments to those noted below, which are believed to have minimal credit risk, minimal interest rate risk and no foreign currency risk. Additionally, the District is not subject to concentration risk or investment custodial risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States, certain U.S. government agency securities, and securities of the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Certain certificates of participation
- . Certain securities lending agreements
- . Bankers' acceptances of certain banks
- . Commercial paper
- . Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- . Guaranteed investment contracts
- . Local government investment pools

As of December 31, 2022, the District had no investments.

\$10,150,000 Limited Tax General Obligation Bonds, Series 2019A - Capital Appreciation Convertible to Current Interest

In 2019, the District issued \$9,291,919 (original issue amount) 2019A Limited Tax General Obligation Convertible Capital Appreciation Bonds (Series 2019A), with a value of \$10,150,000 at conversion date, for public improvements. The Bonds bear no interest through December 1, 2020 and then bear interest at a rate of 5.5% through maturity on December 1, 2048. Bond interest and principal is payable semiannually on each June 1 and December 1, commencing June 1, 2019.

If and to the extent principal of a Series 2019A Bonds is not paid when due, such unpaid principal amount shall remain outstanding, and shall bear interest from and after the conversion date, as the case may be, as provided in the resolution until paid, and if and to the extent interest on any Series 2019A Bonds is not paid when due, such unpaid interest shall compound on each Interest payment date until paid at the interest rate borne by such Series 2019A Bonds. The District shall not be obligated to pay more than the amount permitted by law and its applicable electoral authorization in repayment of the Series 2019A Bonds, including all payments of principal and interest, and all Series 2019A Bonds will be deemed to be defeased and no longer outstanding upon the payment by the District of such amount.

HAMMOND FARM METROPOLITAN DISTRICT NO. 2
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 4 LONG-TERM OBLIGATIONS (CONTINUED)

\$10,150,000 Limited Tax General Obligation Bonds, Series 2019A - Capital Appreciation Convertible to Current Interest (Continued)

The Bonds are subject to redemption prior to maturity, at the option of the District, as a whole or in integral multiples of \$1,000, in any order of maturity and in whole or partial maturities, on June 1, 2029, and on any date thereafter, upon payment of par and accrued interest, without redemption premium.

\$2,920,000 Subordinate Limited Tax General Obligation Bonds, Series 2019B

In 2019, the District issued \$2,920,000 in Subordinate Limited Tax General Obligation Bonds (Series 2019B), for public improvements. The Bonds bear interest at a rate of 6.0% per annum calculated on the basis of a 360-day year of 12 30-day months, which interest shall accrue from the issue date and be payable to the extent of Pledged Revenue available therefore on each interest payment date and maturity on December 15, 2048. Bond interest and principal is payable annually on December 15, commencing in December 15, 2019.

If and to the extent principal of any Series 2019B Bonds is not paid when due, such unpaid principal shall remain outstanding and shall continue to bear interest at the interest rate borne by such Series 2019B Bonds until paid; and if and to the extent interest on any Series 2019B Bonds is not paid when due, such interest shall compound on each interest payment date until paid at the interest rate borne by such Series 2019B Bonds. The District shall not be obligated to pay more than the amount permitted by law and its applicable electoral authorization in repayment of the Series 2019B Bonds, including all payments of principal and interest, and all Series 2019B Bonds will be deemed to be defeased and no longer outstanding upon the payment by the District of such amount.

The Bonds are subject to redemption prior to maturity, at the option of the District, as a whole or in integral multiples of \$1,000, in any order of maturity and in whole or partial maturities, on June 1, 2029, and on any date thereafter, upon payment of par and accrued interest, without redemption premium.

The proceeds of the Series 2019A and Series 2019B Bonds were used to reimburse Developer advances under the Funding and Reimbursement Agreement. The Series 2019 Bonds are limited mill levy tax obligations of the District secured and payable solely from pledged revenue, consisting primarily from ad valorem property taxes imposed by the District.

NOTE 4 LONG-TERM OBLIGATIONS (CONTINUED)

The Series 2019A Bonds principal and interest will mature as follows:

<u>Year Ending December 31,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2023	\$ 80,000	\$ 554,125	\$ 634,125
2024	100,000	549,725	649,725
2025	105,000	544,225	649,225
2026	130,000	538,450	668,450
2027	140,000	531,300	671,300
2028-2032	1,015,000	2,518,175	3,533,175
2033-2037	1,625,000	2,176,075	3,801,075
2038-2042	2,455,000	1,643,125	4,098,125
2043-2047	3,545,000	854,975	4,399,975
2048	880,000	48,400	928,400
Total	<u>\$ 10,075,000</u>	<u>\$ 9,958,575</u>	<u>\$ 20,033,575</u>

Because of the uncertainty of the timing of the principal and interest payments on the Series 2019B Bonds, no schedule of principal and interest payments is presented.

Developer Advances

The District has entered into Funding and Reimbursement Agreements with the Developer as follows:

Funding and Reimbursement Agreement for Capital Costs

On August 16, 2016, the District entered into an agreement with the Developer. The Developer has agreed to fund the costs of capital projects. The advances shall bear interest as to each advance made at the rate of 2% plus the current Federal Reserve Board Prime Rate, from the date such advance is made to the District. Such advances include interest are to be reimbursed by the District with the proceeds of any future bond issues or any other available revenues of the District. Any reimbursement is subject to annual appropriation by the District and is contingent upon the District's ability to generate sufficient revenues, after payment of annual operating expenditures and debt service requirements. As of December 31, 2022, outstanding principal was \$1,708 and accrued interest due to the Developer was \$1,358,580.

NOTE 4 LONG-TERM OBLIGATIONS (CONTINUED)

Authorized Debt

On May 3, 2016, a majority of the qualified electors of the District authorized the issuance of indebtedness in an amount not to exceed \$381,381,000 at an interest rate not to exceed 18% per annum. At December 31, 2022, the District has authorized but unissued indebtedness in the following amounts allocated for the following purposes:

	Authorized May 3, 2016 Election	Authorization Used Series 2019A Bonds	Authorization Used Series 2019B Bonds	Authorized But Unissued
Street Improvements	\$ 27,241,500	\$ 4,196,208	\$ 1,958,289	\$ 21,087,003
Traffic and Safety Protection	27,241,500	48,817	-	27,192,683
Water	27,241,500	1,644,210	357,223	25,240,067
Sanitation and Storm Sewer	27,241,500	2,730,459	604,488	23,906,553
Parks and Recreation	27,241,500	1,530,306	-	25,711,194

Security	27,241,500	-	-	27,241,500
Operations and Maintenance Debt	27,241,500	-	-	27,241,500
Refunding	54,483,000	-	-	54,483,000
Reimbursement Agreement	27,241,500	-	-	27,241,500
Total	<u>\$ 381,381,000</u>	<u>\$ 10,150,000</u>	<u>\$ 2,920,000</u>	<u>\$ 368,311,000</u>

As set forth in the District's 2016 Service Plan, the Town of Berthoud (the City) has limited the amount of debt to be issued by the District to a total of \$27,241,500 without future approval by the City. The District may levy up to 50.000 mills for debt service and up to 15.000 mills for general operations and administrative expenses due to the on-going operations and maintenance to be undertaken by the District.

NOTE 5 NET POSITION

The District has net position consisting of one component – unrestricted.

The District has a deficit in unrestricted net position. This deficit amount is a result of the District being responsible for the repayment of debt obligations.

NOTE 6 RELATED PARTIES

The Developer of the property which constitutes the District is Eagle Development Company. The members of the Board of Directors are officers of, employees of, or associated with the Developer and may have conflicts of interest in dealing with the District.

NOTE 7 AGREEMENTS

Master Intergovernmental Agreement (IGA)

On August 16, 2016, the District entered into a Master Intergovernmental Agreement (IGA) with Hammond Farm Metropolitan District Nos. 1, 3, and 4. The IGA provides that the District No. 1 will serve as the operating district and will be responsible for managing the construction and operation of the facilities and improvements for the Districts. District Nos. 2-4 will serve as the financing districts and are responsible for providing the funding and tax base needed to support the capital improvements.

Capital Pledge Agreement

On April 15, 2019, the District entered into a Capital Pledge Agreement (the Agreement) with Hammond Farm Metropolitan District Nos. 1, 3, and 4. Pursuant to the agreement, the District will issue Bonds and that Hammond Farm Metropolitan District Nos. 1, 3, and 4 are responsible for providing the tax base needed to assist in repaying the Bonds.

NOTE 8 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees, or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (the Pool). The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials liability, boiler and machinery and workers' compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for property liability. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

NOTE 9 TAX, SPENDING, AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations which apply to the state of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases. As of December 31, 2022, the District has not provided for an emergency reserve fund equal to 3% fiscal year spending, as defined under TABOR, because net tax revenue is transferred to District No. 1, which provides for the required reserve amount.

On May 3, 2016, a majority of the District's electors authorized the District to collect and spend or retain in a reserve all currently levied taxes and fees of the District without regard to any limitations under TABOR.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits will require judicial interpretation.
