FINANCIAL SECTION

CHAFFEE COUNTY FIRE PROTECTION DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A) Required Supplementary Information (RSI) December 31, 2022

This management's discussion and analysis of the Chaffee County Fire Protection District financial performance provides an overall review of the District's financial activities for the year ended December 31, 2022. The intent of this management's discussion and analysis is to look at the District's financial performance as a whole. Readers should also review the financial statements and the notes to the financial statements to broaden their understanding of the District's financial performance.

Financial Highlights

The District offers fire protection services to over 1,000 square miles of Chaffee County, excluding the town of Salida, and the boundaries of the South Arkansas Fire Protection District. The District's assets exceeded its liabilities at the close of 2022 by \$4,173,805 (*net position*), which is an increase of \$439,930 from the prior year. Of this amount, \$1,257,914 (*unrestricted net position*) may be used to meet the District's ongoing obligations to citizens and creditors.

May 11, 2021 the District entered into an Intergovernmental Agreement with the Town of Buena Vista for Emergency Services. The annual compensation to the District from the Town of Buena Vista is the equivalent of the tax revenue that would be collected if all Town taxable properties were in the District. The annual compensation for 2022 was \$340,831.

The District imposes a mill levy of 3.964 mills upon each dollar of the total valuation for assessment of all taxable property with the District. The property taxes received from this mill levy for the 2022 year was \$1,225,970. The District's net position is used for on-going operations and upcoming capital projects, repairs, maintenance and replacement of existing equipment.

The District had total revenues of \$2,053,704 in 2022 versus \$1,741,152 in 2021, an increase of \$312,552. The major difference was in part due to the execution of the Emergency Services IGA with the Town of Buena Vista.

Using the Basic Financial Statements

The Basic Financial Statements consists of management's discussion and analysis (this section) and a series of financial statements and notes to those statements. The statements are organized so that the reader can understand the District as an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The first statement, The Statement of Net Position, provides long and short-term information about the District's overall financial status.

The Statement of Net Position presents information on all of the District's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The remaining statements are fund financial statements that focus on individual parts of the District's operations in more detail.

CHAFFEE COUNTY FIRE PROTECTION DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A) Required Supplementary Information (RSI) December 31, 2022

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data.

Government-Wide Financial Statements

Governmental Type Activities:

The District's governmental-type activity consists of the fire protection district operations. The District's fire protection district operations are supported primarily by property taxes received and charges for services.

Financial Analysis of the District as a Whole

Net position increased in 2022 by \$439,930 to \$4,173,806, compared to the increase in 2021 of \$421,567 to \$3,733,875.

Cash and investments of the District on December 31, 2022, totaled \$1,284,529 and at December 31, 2021 totaled \$1,491,727, not including amounts held for pension benefits, which were \$2,257,678 in 2022 and \$2,753,732 for 2021.

Capital assets, net of accumulated depreciation, of the District on December 31, 2021 totaled \$2,081,945, a net change of \$423,771.

Net position

A summary of the District's net position at December 31, 2021 and 2020 is as follows:

CHAFFEE COUNTY FIRE PROTECTION DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A) Required Supplementary Information (RSI) December 31, 2022

The Future of the District

The District is in the process of developing a strategic plan to outline the future of any possible capital projects, apparatus replacement, or staffing. With the execution of the Emergency Services IGA with the town of Buena Vista staffing demands has increased. The District will add two staff positions in 2022. The positions will be a Wildland Mitigation Coordinator/Firefighter and a Facilities and Equipment Maintenance/Firefighter. The District will continue to maintain current equipment and apparatus while planning for replacement of critical equipment that has become obsolete or fails service tests. The District will maintain the resident firefighter program based out of Nathrop, which is currently filled with 5 residents. The resident program will expand with the remodel of Station 4 in Poncha Springs to add living quarters for 6. Construction began February 2021 and will continue through late June 2022. The District has entered into a contract for construction in the amount of \$658,000 with grant funding of \$200,000 through Department of Local Affairs (DOLA). Seeking additional grants will continue to be a major focus to assist in replacement of equipment now and into the future. The District will maintain its wildland program, including 10 positions in the wildland reserve program, which hosts qualified individuals to increase the available pool of personnel. The district will purchase a new Type 6 engine in 2022. The wildland program deploys resources on major fires and provides supplemental income to the District.

Request for Information

The financial report is designed to provide information for regulatory reporting to federal and state agencies and those with an interest in the District's finances. Questions concerning this or any additional information should be addressed to Chaffee County Fire Protection District, 499 Antero Cir, Buena Vista CO 81211.

Independent Auditors' Report

Opinion

We have audited the accompanying financial statements of the governmental activities, major fund opinion and aggregate remaining fund information of Chaffee County Fire Protection District, as of and for the year ended December 31, 2022, and the related notes to the financial statements which collectively comprise Chaffee County Fire Protection District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, major fund and aggregate remaining fund information of the Chaffee County Fire Protection District as of December 31, 2022, and the respective changes in financial position, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Financial Statements section of our report. We are required to be independent of the Chaffee County Fire Protection District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Chaffee County Fire Protection District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on test basis, evidence regarding the amounts and disclosures in the financial statements. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Chaffee County Fire Protection District internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt Chaffee County Fire Protection District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Summarized Comparative Information

We have previously audited the Chaffee County Fire Protection District's 2021 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated February 17, 2022. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2021 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that a management's discussion and analysis, budgetary comparison information, and historical pension information listed in the tables of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Chaffee County Fire Protection District's basic financial statements. The individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the individual nonmajor fund financial statements fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**CHAFFEE COUNTY FIRE PROTECTION DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2022**

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Chaffee County Fire Protection District have been prepared in conformity with Generally Accepted Accounting Principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The following summary of significant accounting policies is presented to assist the reader in evaluating the District's financial statements.

REPORTING ENTITY

Chaffee County Fire Protection District is a quasi-municipal corporation governed by an elected five-member board of directors. The District is governed pursuant to provisions of the Colorado Special District Act. The District was established in 1975 to provide fire protection services to Chaffee County, excluding the Towns of Buena Vista and Salida, and a portion of Chaffee County served by another district. As required by generally accepted accounting principles, these financial statements present the Chaffee County Fire Protection District (the primary government) and its component units. Component units are legally separate organizations for which the elected officials of the primary government are financially accountable, or other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the District's financial statements to be misleading or incomplete. Based upon the foregoing criteria, there are no component units included in the accompanying financial statements, nor is the District a component unit of another entity.

BASIC FINANCIAL STATEMENTS

Basic financial statements are presented at both the government-wide and fund financial level. Both levels of statements categorize primary activities as either governmental or business-type. Governmental activities, which are normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

Government-wide financial statements report information about the reporting government as a whole. These statements focus on the sustainability of the District as an entity and the change in aggregate financial position resulting from the activities of the year. These aggregated statements consist of the Statement of Net Position and the Statement of Activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or business-type activities are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or business-type activity. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or business-type activity and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or business type activity. Taxes and other items not included among program revenues are reported instead as general revenues.

**CHAFFEE COUNTY FIRE PROTECTION DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2022**

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

BASIC FINANCIAL STATEMENTS (Continued)

Fund financial statements report information at the individual fund level. Each fund is considered to be a separate accounting entity. Funds are classified as governmental, proprietary, and fiduciary. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. Non-major funds are consolidated into a single column in the financial section of the basic financial statements. The District's operations consist of a General Fund (governmental) and a Pension Trust Fund.

The District's fiduciary fund is presented in the fund financial statements by type. Since by definition these assets are being held for the benefit of a third party (other local governments, individuals, pension participants, etc.) and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days after year end. Expenditures are recorded when the related fund liability is incurred. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the District.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. An exception to this general rule is principal and interest on general long-term debt which is recognized when due.

**CHAFFEE COUNTY FIRE PROTECTION DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2022**

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (Continued)

The District reports the following major governmental fund:

General Fund

This fund accounts for the financial resources of the District which are not accounted for in any other fund. Principal sources of revenue are property taxes, intergovernmental revenue and interest. Primary expenditures are for fire protection and general administration.

The District also reports the following fiduciary fund:

Pension Trust Fund

The District has established the Chaffee County Fire Protection District Pension Fund (Volunteer Firefighters) to provide pension and other benefits to the volunteer firefighters and their dependents (Note 4).

Budgets

The District adopts an annual budget for all funds which are all prepared on the modified accrual basis of accounting. The District may authorize supplemental appropriations during the budget year. All budgetary appropriations lapse at year-end.

Colorado statutes provide the following timetable which is followed in the adoption of budgets:

- (1) Submission of the proposed budget to the local governing body by October 15 of each year.
- (2) Certification of mill levies to the Board of County Commissioners by December 15.
- (3) Final adoption of budget and appropriations by December 15 and filing with DOLA by January 31st of each year.
- (4) Property taxes are due by April 30 of each year if paid in full, or in two installments due February 28 and June 15 of each year.
- (5) Liens are placed on property for which taxes are delinquent in November of each year.

Encumbrances

The District does not utilize encumbrance accounting.

ASSETS, DEFERRED OUTFLOWS, LIABILITIES, DEFERRED INFLOWS OF RESOURCES AND NET POSITION/FUND BALANCE

Cash and Cash Equivalents

The District's cash and cash equivalents include cash in bank, certificates of deposit with a maturity date of three months or less and liquid investments as part of its cash and cash equivalents.

**CHAFFEE COUNTY FIRE PROTECTION DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2022**

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Receivables

In the government-wide statements, receivables consist of all revenues earned at year-end and not yet received. The District has not recorded an allowance against outstanding receivables.

Governmental funds report deferred inflows of resources, as further described below in connection with receivables for revenues that are not considered to be available to liquidate liabilities for the current period. At the end of the current year, these receivables primarily consisted of property taxes levied in 2022 and due in 2023.

Capital Assets

Capital assets, which include land, machinery and equipment (furniture, vehicles, computers, etc.), are reported in the Governmental Activities column of the Government-Wide Financial Statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated or annexed capital assets are recorded at estimated market value at the date of donation or annexation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Depreciation on exhaustible assets is recorded as an allocated expense in the Statement of Activities with accumulated depreciation reflected in the Statement of Net Position. Depreciation on the remaining capital assets is provided on the straight-line basis over the following estimated useful lives:

Buildings and Improvements	10-40 years
Equipment	5-25 years
Vehicles and Accessories	10-30 years

Deferred Outflows and Inflows of Financial Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element represents a use of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until that time. The government has pension related items, which arises only under the full accrual basis of accounting that qualifies for reporting in this category. Accordingly, the items, contributions subsequent to measurement date and the difference between projected and actual investment returns, the difference between projected and actual pension experience, changes in plan assumptions and changes in the District's proportionate share of the underlying pension asset or liability, are reported in the governmental activities statement of net position. These amounts are deferred and recognized as an outflow of resources in the period that the amounts become due.

**CHAFFEE COUNTY FIRE PROTECTION DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2022**

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

**ASSETS, DEFERRED OUTFLOWS, LIABILITIES, DEFERRED INFLOWS OF RESOURCES
AND NET POSITION/FUND BALANCE** (Continued)

Deferred Outflows and Inflows of Financial Resources (Continued)

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The government has two types of items, property taxes, which arises both under the full accrual and modified accrual basis of accounting, and pension related items that only are reported under full accrual, that qualify for reporting in this category. The property tax item, unavailable revenue, is reported in both the governmental activities statement of net position and in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. Since property tax revenues are collected in arrears during the succeeding year, a receivable and corresponding deferred inflow is recorded at December 31. As the tax is collected in the succeeding year, the deferred inflow is recognized as revenue and the receivable is reduced. The pension items are the difference between projected and actual pension experience, pension earnings, changes in assumptions and changes in the District's proportionate share of the underlying pension asset or liability. The pension differences and changes are amortized based on the requirements of GASB Statement 68.

Accrued Leave

The District's policy is to pay out all accrued but unused vacation leave and compensatory time, and up to 80 hours of accrued but unused sick leave at the current rate of pay upon an employee's resignation; provided that an employee who resigns while a disciplinary action is pending shall not be paid for accrued but unused sick leave. An employee may carryover up to 80 hours of accrued vacation into the next fiscal year, however, sick leave is not carried over. Upon retirement from the District an employee is eligible for payment of all unused sick leave, vacation time, and compensatory time. Employees who are terminated for disciplinary reasons are paid for accrued but unused compensatory time and vacation time, but are not paid for accrued but unused sick leave.

Long-Term Obligation

Long-term debt is reported at face value, net of applicable discounts and deferred gains or charges on refunding. Costs related to the issuance of debt are expensed when incurred. Long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statements of net position.

**CHAFFEE COUNTY FIRE PROTECTION DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2022**

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

**ASSETS, DEFERRED OUTFLOWS, LIABILITIES, DEFERRED INFLOWS OF RESOURCES
AND NET POSITION/FUND BALANCE** (Continued)

Net Position/Fund Balance

In the government-wide financial statements, net position is either shown as net investment in capital assets, with these assets essentially being nonexpendable; restricted when constraints placed on the net position are externally imposed; or unrestricted.

For the governmental fund presentation, fund balances that are classified as "nonspendable" include amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example, inventories and prepaid amounts. The District currently does not have this category of fund balance.

Fund balance is reported as "restricted" when constraints placed on the use of resources are either (a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation. The District's restricted fund balance represents the funds set aside to satisfy the TABOR emergency reserve requirement discussed in Note 6.

Amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the Board of Directors, are reported as "committed" fund balance. Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of action (for example, legislation, resolution, ordinance) it employed to previously commit those amounts. The District currently has no committed funds.

Amounts that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed, are reported as "assigned" fund balance. Intent should be expressed by (a) the governing body itself or (b) a body (a budget or finance committee, for example) or official to which the governing body has delegated the authority to assign amounts to be used for specific purposes. The District currently has assigned fund balances for specific uses as well as through the adoption of the 2022 budget.

Sometimes the government will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates that affect amounts reported in the financial statements during the reporting period. Actual results could differ from such estimates.

**CHAFFEE COUNTY FIRE PROTECTION DISTRICT
 NOTES TO FINANCIAL STATEMENTS
 December 31, 2022**

NOTE 2: CASH AND INVESTMENTS

The District’s cash and investment balances are comprised of the following:

Cash and equivalents	\$ 37,703
Investment bank deposits	41,345
Restricted pension bank deposits	<u>144,861</u>
Total bank deposits	<u>223,909</u>
Investments (cash equivalent)	1,205,177
Restricted pension investments	<u>2,112,826</u>
Total investments	<u>3,318,003</u>
Total cash and investments	<u>\$ 3,541,912</u>

The cash and investments are presented in the financial statements as follows:

Cash and equivalents	\$ 1,242,880
Investments	41,345
Restricted pension cash and investments	<u>2,257,687</u>
Total cash and investments	<u>\$ 3,541,912</u>

Deposits

Custodial Credit Risk - Deposits

In the case of deposits, this is the risk that in the event of bank failure, the government’s deposits may not be returned to it. The District’s deposit policy is in accordance with CRS 11-10.5-101, The Colorado Public Deposit Protection Act (PDPA), which governs the investment of public funds. PDPA requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulations. Amounts on deposit in excess of federal insurance levels (\$250,000) must be collateralized by eligible collateral as determined by the PDPA. The financial institution is allowed to create a single collateral pool for all public funds held. The pool is to be maintained by another institution, or held in trust for all the uninsured public deposits as a group. The market value of the collateral must be at least equal to 102% of the uninsured deposits. The institution’s internal records identify collateral by depositor and as such, these deposits are considered uninsured but collateralized.

The State Regulatory Commissions for banks and financial services are required by statute to monitor the naming of eligible depositories and December 31, 2022, all of the District’s deposits as shown below were either insured by federal depository insurance or collateralized under PDPA and are therefore not deemed to be exposed to custodial credit risk.

The District's deposits are categorized as follows:

	<u>Bank Balance</u>	<u>Book Balance</u>
FDIC insured deposits - Not in District's name	\$ 240,461	\$ 210,032

**CHAFFEE COUNTY FIRE PROTECTION DISTRICT
 NOTES TO FINANCIAL STATEMENTS
 December 31, 2022**

NOTE 2: CASH AND INVESTMENTS (Continued)

INVESTMENTS

The following are the major categories of assets and liabilities measured at fair value on a recurring basis during the year ended December 31, 2022 using quoted market prices in active markets (Level 1), significant observable inputs for similar assets (Level 2) and significant unobservable inputs (Level 3):

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Uncategorized</u>	<u>Total</u>	<u>Weighted Avg Mat</u>
Investment Pools	\$ -	\$ -	\$ -	\$ 1,205,177	\$ 1,205,177	-
Pension Mutual Funds	-	1,871,355	-	-	1,871,355	-
Pension Treasury Investm	-	241,471	-	-	241,471	12.98
Total Investments	<u>\$ -</u>	<u>\$ 2,112,826</u>	<u>\$ -</u>	<u>\$ 1,205,177</u>	<u>\$ 3,318,004</u>	<u>0.94</u>

The District’s local government pool investment, further described below, is not subject to categorization or the fair value disclosures.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis:

- **Mutual Funds and Treasury Investments:** Valued at quoted market prices of similar assets.

The District recognizes transfers between levels in the fair value hierarchy at the end of the reporting period. During 2022, there were no changes in the methods or assumptions utilized to derive the fair value of the District’s assets and liabilities.

Credit Risk

Colorado statutes specify which instruments units of local government may invest, which include:

- Obligations of the United States and certain U.S. government agency securities
- Certain international agency securities
- General obligation and revenue bonds of the U.S. local government entities
- Bankers’ acceptances of certain banks
- Commercial paper
- Local government investment pools
- Written repurchase agreements collateralized by certain authorized securities
- Certain money market funds
- Guaranteed investment contracts
- Noninsured trust pension plans with a bank or trust company authorized to exercise trust powers in this state as a trustee.

The District’s investment policy limits its investments to those allowed by Colorado Revised Statute 31-30-1113 as described above, and as otherwise indicated in the statute.

The District has invested \$1,433,431 in the Colorado Government Liquid Asset Trust (Colotrust), an investment vehicle established for local government entities in Colorado to pool surplus funds. The Trust operates similarly to a money market fund and each share is equal in value to \$1.00. The investment is valued at net asset value. Investments of the Trusts consist of U.S. Treasury bills, notes and note strips and repurchase agreements collateralized by U.S. Treasury securities.

**CHAFFEE COUNTY FIRE PROTECTION DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2022**

NOTE 2: CASH AND INVESTMENTS (Continued)

INVESTMENTS (Continued)

Credit Risk (Continued)

A designated custodial bank provides safekeeping and depository services to the Trusts in connection with the direct investment and withdrawal functions of the Trusts. Substantially all securities owned by the Trusts are held by the Federal Reserve Bank in the account maintained for the custodial bank. The custodian's internal records identify the investments owned by the Trusts. Colotrust is rated AAAM by Standard and Poor's.

Concentration of Credit Risk

As of December 31, 2022 the District had concentration of credit risk as shown in the pension table below.

Interest Rate Risk

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Custodial Credit Risk – Investments

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. As of December 31, 2022, the District's pension investments were held by Comerica Bank and Trust, N.A.

PENSION INVESTMENTS

At December 31, 2022, the District's pension investments consisted of the following:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Wgtd Avg Maturity</u>	<u>Rating</u>
Mutual Funds	\$ 1,871,355	-	N/A
Fixed Income Securities (Bank Deposits)	144,851	2.21	N/A

NOTE 4: LONG-TERM OBLIGATIONS

Capital Lease Payable

In November 2017, the District entered into a lease agreement for the purchase of a copier. Assets acquired under this lease totaled \$9,400 and had a remaining basis of \$1,880. The lease requires 60 monthly lease payments of \$177 and bears interest at an imputed rate of 5% through November 2022. The lease is subject to annual appropriation. The District made the final lease payment during the current fiscal year.

Changes in Long-Term Obligations

The following is a summary of changes in long term obligations of the District for December 31, 2022:

	Balance 12/31/21	Additions	Repayments	Net Change	Balance 12/31/22	Due within One Year	Interest Expense
2017 Copier Lease	\$ 1,904	\$ -	\$ 1,904	\$ -	\$ -	\$ -	\$ 47
Accrued Compensated Absences	9,125	4,902	-	-	14,027	-	-
Total Long-Term Liabilities	<u>\$ 11,029</u>	<u>\$ 4,902</u>	<u>\$ 1,904</u>	<u>\$ -</u>	<u>\$ 14,027</u>	<u>\$ -</u>	<u>\$ 47</u>

**CHAFFEE COUNTY FIRE PROTECTION DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2022**

NOTE 5: PENSION PLANS

VOLUNTEER FIREMEN'S PENSION FUND

Plan Description

The District is trustee for a single-employer defined benefit pension plan ("Chaffee County Fire Protection District") for all volunteer firefighters. The plan is included as pension trust fund in the District's financial statements. The plan is administered by a Board of Trustees composed of the five members of the District's Board of Directors and two District volunteer, retired volunteer or active retiree firefighters selected in accordance with Colorado State Statutes. The plan provides normal retirement benefits as well disability and survivor benefits. In 2020, the regular benefit was \$440 per month or a prorated benefit after 10 year of qualified service, the greater of one half the benefits for normal retirement of \$220 per month for temporary disability, \$450 per month for full disability and a 50% death benefit. Any eligible firefighter may begin receiving a monthly pension upon attaining age 50. The plan does not issue stand-alone financial statements.

Funding Policy

The Volunteer Firefighter's Pension Plan receives contributions from the District in an amount not to exceed one mill of property tax revenue. The District is currently contributing on the basis of .5 mills on the assessed valuation. Because the District's monthly benefit exceeds \$300, the State of Colorado contributes the greater of (a) the contribution amount that would have been actuarially required if the monthly pension benefit was \$300 in the immediately preceding year, or (b) the highest State contribution the District received in 1998 through 2001. The State's contribution may not exceed the amount of revenue that would be generated from a .5 mill tax on the District's net assessed valuation in the immediately preceding year. The District received \$41,357 from the State for its contribution match of the District's \$153,928 contribution.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At December 31, 2022, the District reported net pension assets of \$2,448,497 and a total pension liability of \$2,532,171, for a net pension liability of \$83,677. The net pension liability was measured as December 31, 2022, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of January 1, 2023.

For the year ended December 31, 2022, the District recognized pension income of \$63,632. At December 31, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Changes of assumptions or other inputs	\$ 10,733	\$ -
Net difference between projected and actual earnings on pension plan investments	\$ 389,998	\$ (27,813)
Total	\$ 400,731	\$ (63,039)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended December 31:	Amortization Amount
2023	\$ 51,787
2024	97,754
2025	95,433
2026	92,718
Total	\$ 337,692

Actuarial assumptions. The actuarially determined contribution was determined as part of the January 1, 2023 actuarial valuation using the entry age actuarial cost method with a level amount open amortization period with 20-year remaining amortization. Actuarial assumptions included the following:

Actuarial method	Entry Age Normal Cost
Long-term investment rate of return, net of pension plan investment expenses, including inflation	5.75%
Amortization Method	Level Dollar, Open
Remaining Amortization Period	20 years
Asset Valuation Method	Market Value
Salary increase, including wage inflation	N/A
Cost of Living Adjustments (COLA)	0.00%
Inflation	Implicit
Retirement Age	Earlier of age 50 and 20 years of service. 50% probability for ages 50-64, 100% probability at age 65.
Mortality	For active members, RP-2014 Mortality Tables adjusted back to 2006 with Scale MP-2014 and projected forward to 2018 with Scale 2017, fully generational using the ultimate rate from Scale MP-2017, with 50% multiplier for males and females. For annuitants, RP-2014 Mortality Tables adjusted back to 2006 with Scale MP-2014 and projected forward to 2018 with Scale MP-2017, fully generational using the ultimate rates from Scale MP-2017.

**CHAFFEE COUNTY FIRE PROTECTION DISTRICT

NOTE 5: PENSION PLANS (Continued)

VOLUNTEER FIREMEN'S PENSION FUND (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return and by adding expected inflation. Best estimates of rates of return for each major asset class included in the pension plan's target asset allocation as of the valuation date are summarized in the following table (note that the rates shown below include the inflation component):

Asset Class	Long-Term Expected Rate of Return	Percentage of Portfolio
Domestic Equity	6.69%	34.06%
International Equity	7.92%	5.80%
Fixed Income	6.85%	43.72%
Cash	0.25%	16.21%
Other	0.00%	0.21%
Total	5.75%	100.00%

Discount Rate - Projected benefit payments are required to be discounted to their actuarial present values using a Single Discount Rate that reflects (1) a long-term expected rate of return on pension plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits) and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of this valuation, the expected rate of return on pension plan investments is 5.75%; the municipal bond rate is 4.05% (based on the daily rate closest to but not later than the measurement date of the Fidelity "20-Year Municipal GO AA Index"); and the resulting Single Discount Rate is 5.75%.

Sensitivity of the proportionate share of the net pension asset (liability) to changes in the discount rate. The following presents the plan's net pension liability, calculated using a Single Discount Rate of 5.75%, as well as what the plan's net pension liability would be if it were calculated using a Single Discount Rate that is one percent lower or one percent higher:

	1% Decrease (4.75%)	Current Discount Rate (5.75%)	1% Increase (6.75%)
Proportionate share of the net pension asset (liability)	\$ (347,425)	\$ (83,677)	\$ 138,332

NOTES TO FINANCIAL STATEMENTS
December 31, 2022**

NOTE 5: PENSION PLANS (Continued)

Schedule of Changes in the Volunteer Net Pension Liability (Continued)

Changes in Actuarial Assumptions - Mortality tables, withdrawal rates, and disability rates have all been updated since the prior valuation. The assumptions are similar to the assumption set used to value volunteer fire districts in Colorado that are associated with Fire and Police Pension Association of Colorado. Additionally, administrative expenses are now assumed to be equal to an average of the actual expenses for the two prior years. There were no benefit changes during the fiscal year, and no changes to actuarial assumptions from the January 1, 2023 valuation.

STATEWIDE DEFINED BENEFIT PLAN (FPPA)

Summary of Significant Accounting Policies

Pensions. The District participates in the Statewide Defined Benefit Plan (SWDB), a cost-sharing multiple-employer defined benefit pension fund administered by the Fire & Police Pension Association of Colorado ("FPPA"). The net pension asset or liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position and additions to/deductions from the fiduciary net position of the SWDB have been determined using the accrual basis of accounting as required by the accounting principles and reporting guidelines as set forth by the Governmental Accounting Standards Board. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

General Information about the Pension Plan

Plan description. Eligible employees of the District are provided with pensions through the Statewide Defined Benefit Plan (SWDB) - a cost-sharing multiple-employer defined benefit pension plan administered by FPPA. Plan benefits are specified in Title 31, Articles 30, 30.5 and 31 of the Colorado Revised Statutes (C.R.S.), rules and regulations codified by the Fire and Police Pension Association, and applicable provisions of the federal Internal Revenue Code. Colorado State law provisions may be amended from time to time by the Colorado General Assembly. FPPA issues a publicly available comprehensive annual financial report, that can be obtained at <http://www.FPPAco.org>.

Benefits provided. A member is eligible for a normal retirement pension once the member has completed twenty-five years of credited service and has attained the age of 55. Effective January 1, 2021, a member may also qualify for a normal retirement pension if the member's combined years of service and age equals at least 80, with a minimum age of 50 (Rule of 80).

The annual normal retirement benefit is 2 percent of the average of the member's highest three years' pensionable earnings · for each year of credited service up to ten years, plus 2.5 percent for each year of service thereafter. The benefit earned prior to January 1, 2007 for members of affiliated Social Security employers will be reduced by the amount of Social Security income payable to the member annually. Effective January 1, 2007, members covered under Statewide Defined Benefit Social Security Component will receive half the benefit when compared to the Statewide Defined Benefit Plan. Benefit adjustments paid to retired members are evaluated annually and may be re-determined every October 1.

**CHAFFEE COUNTY FIRE PROTECTION DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2022**

NOTE 5: PENSION PLANS (Continued)

STATEWIDE DEFINED BENEFIT PLAN (FPPA) (Continued)

General Information about the Pension Plan (Continued)

The amount of any increase is based on the Board's discretion and can range from 0 to the higher of 3 percent or the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W).

A member is eligible for an early retirement after completion of 30 years of service or attainment of age 50 with at least five years of credited service. The early retirement benefit equals the normal retirement benefit reduced on an actuarially equivalent basis. Upon termination, an employee may elect to have member contributions, along with 5 percent as interest, returned as a lump sum distribution. Alternatively, a member with at least five years of accredited service may leave contributions with the Plan and remain eligible for a retirement pension at age 55 equal to 2 percent of the member's average highest three years' pensionable earnings for each year of credited service up to ten years; plus 2.5 percent for each year of service thereafter.

Contributions. Contribution rates for employers and members may be increased equally by the FPPA Board of Directors upon approval through an election by both the employers and members.

In 2014, the members elected to increase the member contribution rate to the SWDB plan beginning in 2015. Member contribution rates will increase 0.5 percent annually through 2022 to a total of 12 percent of pensionable earnings. Employer contributions will increase 0.5 percent annually beginning in 2021 through 2030 to a total of 13 percent of pensionable earnings. In 2021, members of the SWDB plan and their employers are contributing at the rate of 11.5 percent and 8.5 percent, respectively, of pensionable earnings for a total contribution rate of 20.0 percent.

Contributions from members and employers of departments reentering the system are established by resolution and approved by the FPPA Board of Directors. The member and employer contribution rates will increase through 2030 as described above for non-reentering departments. Effective January 1, 2021, reentry departments may submit a resolution to the FPPA Board of Directors to reduce the additional 4 percent contribution, to reflect the actual cost of reentry by department, to the plan for reentry contributions. Each reentry department is responsible to remit contributions to the plan in accordance with their most recent FPPA Board of Directors approved resolutions.

The contribution rate for members and employers of affiliated social security employers is 5.75 percent and 4.25 percent, respectively, of pensionable earnings for a total contribution rate of 10.0 percent in 2021. Per the 2014 member election, members of the affiliate social security group had their required contribution rate increase 0.25 percent annually beginning in 2015 through 2022 to a total of 6 percent of pensionable earnings. Employer contributions will increase 0.25 percent annually beginning in 2021 through 2030 to a total of 6.5 percent of pensionable earnings.

**CHAFFEE COUNTY FIRE PROTECTION DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2022**

NOTE 5: PENSION PLANS (Continued)

STATEWIDE DEFINED BENEFIT PLAN (FPPA) (Continued)

General Information about the Pension Plan (Continued)

Employer contributions are recognized by FPPA in the period in which the compensation becomes payable to the member and the District is statutorily committed to pay the contributions to FPPA. Employer contributions recognized by the FPPA from the District were \$29,950 for the plan year ended December 31, 2021 and \$34,995 for the fiscal year ended December 31, 2022. The current year contributions will be expensed in 2023 for FPPA purposes, December 31, 2022 employer contributions for reporting as of December 31, 2023, and are a timing difference at year end.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At December 31, 2022, the District reported an asset of \$237,201 for its proportionate share of the SWDB's net pension liability. The net pension asset or liability was measured as of December 31, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of January 1, 2022. The District's proportion of the net pension liability was based on District's contributions to the SWDB for the calendar year 2021 relative to the total contributions of participating employers to the SWDB.

At December 31, 2022, the District's proportion was 0.04377%, which was an increase of 0.00485% from its proportion measured as of December 31, 2021.

For the year ended December 31, 2022, the District recognized pension expense of \$26,185. At December 31, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows	Deferred Inflows
Difference between expected and actual experience	\$ 56,086	\$ (5,530)
Changes of assumptions or other inputs	\$ 28,054	\$ -
Net difference between projected and actual earnings on pension plan investments	\$ 13,481	\$ (162,197)
Changes in proportion and differences between contributions recognized and proportionate share of contributions - Plan Basis	\$ 6,897	\$ (27,070)
Contributions subsequent to the measurement date	\$ 34,995	\$ -
Total	\$ 139,513	\$ (194,797)

\$34,995 reported as deferred outflows of resources related to pensions, resulting from contributions subsequent to the measurement date, will be recognized as an adjustment of the net pension asset in the year ended December 31, 2023.

**CHAFFEE COUNTY FIRE PROTECTION DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2022**

NOTE 5: PENSION PLANS (Continued)

STATEWIDE DEFINED BENEFIT PLAN (FPPA) (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended December 31:	Fiscal year Total
2023	\$ (25,609)
2024	(39,090)
2025	(25,164)
2026	(10,867)
2027	9,357
2028-2031	1,094
Total	\$ (90,279)

Actuarial assumptions. The actuarial valuations for the Statewide Defined Benefit Plan were used to determine the total pension liability and actuarially determined contributions for the fiscal year ending December 31, 2021. The valuations used the following actuarial assumption and other inputs:

Actuarial method	Entry Age Normal
Amortization method	Level % of Payroll, Open
Amortization period	30 Years
Long-term investment rate of return, net of	7.00%
Salary increase, including wage inflation	4.25%-11.25%
Cost of Living Adjustments (COLA)	0.00%
* Includes inflation at	2.50%

For determining the total pension liability, and actuarially determined contributions, the post-retirement mortality tables for non-disabled retirees uses the 2006 central rates from the RP-2014 Annuitant Mortality Tables projected to 2018 using the MP-2017 projection scales, and the projected prospectively using the ultimate rates of the scale for all years. The pre-retirement off-duty mortality tables are adjusted to 50% of the RP-2014 mortality tables for active employees. The on-duty mortality rate is 0.00015.

At least every five years the FPPA's Board of Directors, in accordance with best practices, reviews its economic and demographic actuarial assumptions. At its July 2018 meeting, the Board of Directors reviewed and approved recommended changes to the actuarial assumptions. The recommendations were made by the FPPA's actuaries, Gabriel, Roeder, Smith & Co ., based upon their analysis of past experience and expectations of the future. The assumption changes were effective for actuarial valuations beginning January 1, 2019. The actuarial assumptions impact actuarial factors for benefit purposes such as purchases of service credit and other benefits where actuarial factors are used.

**CHAFFEE COUNTY FIRE PROTECTION DISTRICT
 NOTES TO FINANCIAL STATEMENTS
 December 31, 2022**

NOTE 5: PENSION PLANS (Continued)

STATEWIDE DEFINED BENEFIT PLAN (FPPA) (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation (assumed at 2.5 percent). Best estimates of arithmetic real rates of return for each major asset class included in the Fund's target asset allocation as of December 31, 2021 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Global Equity	39.00%	8.23%
Equity Long/Short	8.00%	6.87%
Private Markets	26.00%	10.63%
Fixed Income - Rates	10.00%	4.01%
Fixed Income - Credit	5.00%	5.25%
Absolute Return	10.00%	5.60%
Cash	2.00%	2.32%
Total	100.00%	

The discount rate used to measure the total pension liability was 7.00 percent. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be made based on the actuarially determined rates based on the Board's funding policy, which establishes the contractually required rates under Colorado statutes. Based on those assumptions, the SWDB plan fiduciary net position was projected to be available to make all the projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Discount rate. Projected benefit payments are required to be discounted to their actuarial present values using a single discount rate that reflects (1) a long-term expected rate of return on pension plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits) and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the plan's projected fiduciary net position is not sufficient to pay benefits).

For the purpose of this valuation, the expected rate of return on pension plan investments is 7.00 percent; the municipal bond rate is 1.84 percent (based on the weekly rate closest to but not later than the measurement date of the "state & local bonds" rate from Federal Reserve statistical release (H.15)); and the resulting Single Discount Rate is 7.00 percent.

**CHAFFEE COUNTY FIRE PROTECTION DISTRICT
 NOTES TO FINANCIAL STATEMENTS
 December 31, 2022**

NOTE 5: PENSION PLANS (Continued)

STATEWIDE DEFINED BENEFIT PLAN (FPPA) (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Sensitivity of the proportionate share of the net pension asset (liability) to changes in the discount rate. Regarding the sensitivity of the net pension liability/(asset) to changes in the Single Discount Rate, the following presents the plan's net pension liability, calculated using a Single Discount Rate of 7.00 percent, as well as what the plan's net pension liability/(asset) would be if it were calculated using a Single Discount Rate that is one percent lower or one percent higher.

	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
Proportionate share of the net pension asset (liability)	\$ 32,711	\$ 237,201	\$ 406,609

Subsequent Event

Statewide Retirement Plan. During 2022, House Bill 22-1034 was signed into law. This legislation combines the assets and liabilities of the Statewide Defined Benefit Plan and Statewide Hybrid Plan to form the Statewide Retirement Plan effective January 1, 2023. The merger will result in increased longer term stability for both plans in addition to simplification of administrative, operation and communication of benefits. The financial impact of the merger of plans is being determined.

Actuarial Experience Study. During 2022, FPPA engaged Gabriel, Roeder Smith & Co. to complete an actuarial experience study. The FPPA Board of Directors accepted the findings of the study at its July 28, 2022 meeting. These assumptions will be included in the Statewide Retirement Plan valuation as of January 1, 2023.

NOTE 6: FUND BALANCE RESERVATIONS/APPROPRIATIONS

Emergency Reserve

On November 3, 1992, the voters of Colorado approved Amendment 1, commonly known as the TABOR Amendment, which adds a new Section 20 to Article X of the Colorado Constitution. TABOR contains tax, spending, revenue, and debt limitations, which apply to the State of Colorado, all local governments, and special districts.

The District's financial activity for the year ended December 31, 2022 will provide the basis for calculation of future limitations adjusted for allowable increases tied to inflation and local growth. Subsequent to December 31, 2022, revenue in excess of the District's "spending limit" must be refunded unless voters approve the retention of such excess revenue. TABOR generally requires voter approval for any new tax, tax increases, and new debt.

In November 1994, the District's electorate approved a ballot issue to permit the District to retain and spend all non-tax revenues in each fiscal year beginning 1995 without regards to the limitations of TABOR.

**CHAFFEE COUNTY FIRE PROTECTION DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2022**

NOTE 6: FUND BALANCE RESERVATIONS/APPROPRIATIONS (Continued)

Emergency Reserve (Continued)

TABOR is extremely complex and subject to interpretation. Ultimate implementation may depend upon litigation and legislative guidance.

The District has made the following fund balance reservation as a result of Article X, Section 20 (TABOR) of the Colorado Constitution:

Emergency Reserve

The Article requires an emergency reserve be set aside for 2022 in the amount of 3% or more of its fiscal year spending. At December 31, 2022, the District has reserved \$62,000 in the General Fund for emergencies.

The District believes it is in compliance with the provisions of the TABOR Amendment.

NOTE 7: RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to firemen; and natural disasters. The District purchases commercial insurance and for all risks of loss. Settled claims have not exceeded this insurance coverage in any of the past three fiscal years.
