Independent Auditor's Report

To the Board of Directors
Foundations Academy

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities and each major fund of Foundations Academy (the "Academy") as of and for the year ended June 30, 2022 and the related notes to the financial statements, which collectively comprise the Academy's basic financial statements, as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Academy as of June 30, 2022 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Academy and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Academy's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Academy's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Academy's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplemental Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the budgetary comparison schedules, as identified in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplemental information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

To the Board of Directors
Foundations Academy

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 15, 2022 on our consideration of Foundation Academy's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Academy's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Foundations Academy's internal control over financial reporting and compliance.

FOUNDATIONS ACADEMY

MANAGEMENT'S DISCUSSION AND ANALYSIS AS OF AND FOR THE YEAR ENDED JUNE 30, 2022

This section of the annual financial report for Foundations Academy (the "Academy") provides an overview of the Academy's financial activities for the fiscal year ended June 30, 2022. It should be read in conjunction with the financial statements, which immediately follow this section.

Using this Annual Report

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the Academy financially as a whole. The Academy-wide financial statements provide information about the activities of the whole Academy, presenting both an aggregate view of the Academy's finances and a longer-term view of those finances. The fund financial statements provide the next level of detail. For governmental activities, these statements tell how services were financed in the short term as well as what remains for future spending. The fund financial statements look at the Academy's operations in more detail than the Academy-wide financial statements by providing information about the Academy's most significant fund — the General Fund — with the other fund presented in one column as the major Grant Fund.

Budgetary Information for the Governmental Funds

Reporting the Academy as a whole — Academy-wide Financial Statements

One of the most important questions asked about the Academy is, "As a whole, what is the Academy's financial condition as a result of the year's activities?" The Statement of Net Position and the Statement of Activities, which appear first in the Academy's financial statements, report information on the Academy as a whole and its activities in a way that helps you answer this question. We prepare these statements to include all assets and liabilities, using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when the cash is received or paid.

The Academy's Statement of Net Position — the difference between assets and liabilities, as reported in the Statement of Net Position — is one way to measure the Academy's financial position. The relationship between revenues and expenses is the Academy's operating results. The Academy's goal is to provide services to our students, not to generate profits as private

sector companies do. One must consider nonfinancial factors, such as the quality of the education provided and the safety of the Academy, to assess the overall health of the Academy.

The Statement of Net Position and the Statement of Activities report the activities of the Academy, all of which are classified as governmental. These activities encompass all the Academy's services, including instruction and support services. Per-pupil operating revenue and property taxes passed through the Brighton School District 27J (the "District") and state and federal grants finance most of these activities. The Academy has entered into a services agreement (the "agreement") with National Heritage Academies, Inc. (NHA) which requires NHA to provide administration, strategic planning and all labor, materials, equipment, and supervision necessary for the provision of educational services to students. As part of the consideration received under the agreement, NHA also provides the facility in which the Academy operates. Under the terms of the agreement, NHA receives as remuneration for its services an amount equal to the total revenue received by the Academy from all revenue sources.

Reporting the Academy's Fund Financial Statements

The Academy's fund financial statements provide detailed information about the most significant funds — not the Academy as a whole. Some funds are required to be established by state law. However, the Academy establishes other funds to help it control and manage money for particular purposes or as required by state law (the Grant Fund is an example). The governmental funds of the Academy use the following accounting approach:

Governmental Funds — All of the Academy's services are reported in governmental funds. Governmental fund reporting focuses on showing how money flows into and out of funds and the balances left at year-end that are available for spending. They are reported using an accounting method called modified accrual accounting. Only those revenues that are "measurable" and "currently available" are reported. Liabilities are recognized when incurred. The governmental fund statements provide a short-term view of the operations of the Academy and the services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Academy's programs. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds in reconciliations presented as part of the statements.

The Academy as a Whole

The Statement of Net Position provides the perspective of the Academy as a whole. The table below provides a summary of the Academy's net position as of June 30:

	2022	2021
Assets:		
Current assets	\$ 1,115,370	\$ 991,950
Capital assets, net of accumulated depreciation	<u>1,424</u>	<u>6,034</u>
Total assets	1,116,794	997,984
Liabilities - current	<u>834,617</u>	<u>705,479</u>
Net position:		
Net investment in capital assets	1,424	6,034
Restricted	220,778	211,367
Unrestricted	<u>59,975</u>	<u>75,104</u>
Total net position	<u>\$ 282,177</u>	<u>\$ 292,505</u>

The restricted net position of governmental activities represents the reserve required under the Taxpayer's Bill of Rights ("TABOR"). The results of the current-year operations for the Academy as a whole are reported in the Statement of Activities, which shows the change in net position.

The results of this year's summarized operations for the Academy as a whole are reported in the summarized Statements of Activities (below), which shows the changes in net position for the periods ended June 30:

	2022	2021
Program revenue:		
Operating grants	\$ 548,655	\$ 1,003,803
General revenue:		
Per-pupil operating levy	6,553,056	5,901,912
Mill levy revenue	28,796	30,313
Other state sources	192,378	108,481
Other sources	26,059	27,009
Total general revenue	6,800,289	6,067,715
Total revenues	7,348,944	7,071,518
Expenses—		
Contracted service fee:		
Instruction	3,105,623	3,190,883
Support services	4,247,839	3,843,071
Food services	1,200	7,004
Depreciation (unallocated)	4,610	4,610
Total expenses	7,359,272	7,045,568
Change in net position	\$ (10,328)	\$ 25,950

As reported in the Statement of Activities, the cost of governmental activities was \$7,359,272. These activities were primarily funded by the Academy's state aid (based on student count) and governments and organizations that subsidized certain programs with grants. Capital construction revenues are funds required to be set aside from state aid to provide for facilities which are included in operating grants and the Academy utilized these funds for a portion of the facility lease expense.

The Academy experienced a decrease in net position of \$10,328 in 2022. Under the terms of the agreement with NHA, NHA provides a spending account to the Board of Directors for discretionary expenditures. The primary reason for the change in net position is the timing of these discretionary expenditures.

A reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balance of Governmental Funds to the Statement of Activities appears on page 12.

Fund Financial Statements

As we noted earlier, the Academy uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Looking at funds helps the reader to consider whether the Academy is being accountable for the resources that the State and others provide to it and may provide more insight into the Academy's overall financial health.

The Academy's instruction and support services activities are reported in the General Fund. The Grant Fund represents grant activities. The Academy's combined fund balance was \$280,753 at June 30, 2022.

A reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Position appears on page 11.

Budgetary Highlights

Over the course of the year, the Academy revises its budget to reflect changes in revenues and expenditures. The Academy adopts an annual budget for the General Fund and Grants Fund. Budgetary comparison statements have been provided for the General Fund and Grants Fund to demonstrate compliance with the budget.

Budgeted revenues for the General Fund were increased by \$573,867 from the original budget. Revenues were changed to reflect the following:

Per-Pupil Operating Levy	Increase
Other State Sources	Decrease
Other sources	Increase

Budgeted expenditures for the General Fund were increased by \$573,867. This change was to reflect the change in anticipated funding. Budgeted revenues and expenditures for the Grant Fund were amended to reflect a decrease in federal funding by \$100,549 from the original budget. Significant variances between the final budget and actual amounts are disclosed in the notes to the financial statements (refer to note 2).

Capital Assets

At June 30, 2022, the Academy had \$1,424 invested in capital assets, including other equipment. Capital assets are primarily provided as part of the agreement with NHA.

General Economic Factors and Next Year's Budgets

In November of 2000, voters in Colorado approved a provision to the Colorado constitution providing that K-12 funding would increase at pupil growth, plus inflation, plus 1 percent for 10 years and thereafter, growth plus inflation. This provision stabilizes and removes funding from the political process. As a result of this provision, generally the single most important factor in projecting the revenues is estimated future inflation.

Contacting the Academy's Financial Management

The financial report is designed to provide users of the report with a general overview of the Academy's finances and to demonstrate the Academy's accountability for the money it receives. If you have questions about this report, contact the Chief Financial Officer of National Heritage Academies, Inc., 3850 Broadmoor SE, Suite 201, Grand Rapids, MI 49512.

FOUNDATIONS ACADEMY

NOTES TO FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED JUNE 30, 2022

1. NATURE OF OPERATIONS

Foundations Academy (the “Academy”) was incorporated on October 19, 2008 and began operations on July 1, 2010. The Academy is a component of the Brighton School District 27J of the State of Colorado (the “District”), which provides education based on rigorous teaching methods, parental involvement, student responsibility, and basic moral values. The Academy provides education, at no cost to the parents, to students in kindergarten through eighth grade. Enrollment is open to all appropriately aged children without regard to gender, ethnic background, disability, and/or religious affiliation. The Academy operates under a charter approved by the District, which is responsible for oversight of the Academy’s operations. The charter expires on June 30, 2039. The total administrative fee for the year ended June 30, 2022, paid to the District was \$147,892.

The Academy is organized as a public school pursuant to C.R.S. 22-30,5-101 et. seq., which authorizes the formation of charter schools. The Academy operates as an organization exempt from federal income tax as a governmental entity pursuant to Colorado laws applicable to Colorado public schools.

The majority of the Academy’s funding is provided by the State of Colorado and passed through the District.

The Board of Directors of the Academy has entered into a services agreement (the “agreement”) with National Heritage Academies, Inc. (“NHA”), which requires NHA to provide administration, strategic planning and all labor, materials, equipment, and supervision necessary for the provision of educational services to students. As part of the consideration received under the agreement, NHA also provides the facility in which the Academy operates. The agreement will continue until termination of the charter contract, unless at least 90 days written notice of intent to terminate or renegotiate is given by either the Academy or NHA.

Under the terms of the agreement, NHA receives as remuneration for its services an amount equal to the total revenue received by the Academy from all revenue sources.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Academy-wide and Fund Financial Statements — The Academy-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government. The effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. All the Academy’s government-wide activities are considered governmental activities.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenue includes (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Revenues not classified as program revenues are reported instead as general purpose revenue.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Academy-wide Statements — The Academy-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The effect of interfund activity has been eliminated from the Academy-wide financial statements.

When an expense is incurred for purposes for which both restricted and unrestricted net position, or fund balance are available, the Academy's policy is to first apply restricted resources. When an expense is incurred for purposes which amounts in any of the unrestricted fund balance classifications could be used, it is the Academy's policy to spend funds in this order: committed, assigned and unassigned.

Fund-Based Statements — Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized as soon as it is both measurable and available. Revenue is considered to be available if it is collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Academy considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Revenue not meeting this definition is classified as a deferred inflow of resources. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. The contracted service fee to NHA is recorded consistent with the recognition of revenue.

Fund Classification — The financial activities of the Academy are organized on the basis of funds. The operation of each fund is accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balance, revenues, and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

General Fund — The General Fund is used to account for the general educational programs of the Academy. Its revenues are derived primarily from the State of Colorado and passed through the District.

Grant Fund — The Grant Fund is used to account for the educational programs of the Academy. Its revenues are derived from Federal sources.

Capital Assets — Capital assets, which include other equipment, consists of assets with an initial individual cost of more than \$5,000 and an estimated useful life in excess of one year, and are reported in the applicable governmental column in the Academy-wide financial statements.

Estimates — The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenses, and expenditures during the reporting period. Actual results could differ from those estimates.

Cash —The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulations. Amounts on deposit in excess of federal insurance levels must be collateralized by eligible collateral as determined by the PDPA. At June 30, 2022, the Academy had deposits with a carrying amount and bank balance of \$772,301, of which \$522,301 was uninsured and uncollateralized by federal depository insurance.

Unavailable and Unearned Revenue — Unavailable revenue is reported in connection with receivables for revenue that is not considered available and measurable to liquidate liabilities of the current period. Unearned revenue is reported in connection with funds that have been received for services which have not been performed and is therefore not yet earned. As of June 30, 2022 there were deferred inflows for unavailable revenue of \$215,564 recognized and a liability for unearned revenue was recognized for \$167,308.

Contracted Service Fee Payable — Contracted service fee payable as of June 30, 2022 represents a timing difference between funds received from governmental sources and amounts paid to NHA in accordance with the agreement.

Fund Balance — Fund balances may be classified as nonspendable, committed, restricted, assigned, or unassigned. The terms nonspendable and restricted are used either to indicate that certain assets do not represent spendable resources available for general educational programs or to earmark a portion of fund balance as legally segregated for a specific future use. The term committed represents amounts that can only be used for the specific purpose determined by a formal resolution of the board. The term assigned is used to classify the fund balance intended to be used by the board, but does not meet the criteria to be restricted or committed. The term unassigned is used for amounts that have not been restricted, committed, or otherwise assigned for future uses. At June 30, 2022, the Academy had \$35,854 in committed fund balance, \$220,778 in restricted fund balance, and \$24,121 in unassigned fund balance. The committed fund balance has been committed by the Board of Directors primarily for professional staff development.

Colorado voters passed an amendment to the State Constitution, Article X, Section 20, (the “Amendment”), which has several limitations, including revenue raising, spending abilities, and other specific requirements of state and local government. The Amendment is complex and subject to judicial interpretation. The Academy believes it is in compliance with the requirements of the Amendment. The Amendment requires state and local governments to establish an emergency reserve, representing 3 percent of qualifying expenditures. At June 30, 2022, the Academy’s fund balance of \$220,778 was reported as restricted fund balance in the General Fund.

Budgetary Information — Annual budgets are required by Colorado State statutes for all funds and are adopted on a basis consistent with generally accepted accounting principles and state law in the United States of America for the general and grant funds.

The budget document presents information by fund and function. The legal level of budgetary control adopted by the governing body (i.e., the level at which expenditures may not legally exceed appropriations) is the function level. State law requires the Academy to have its budget in place by June 30. The budgets can be amended by the Board of Directors as considered necessary prior to January 31. The budgets were amended to increase budgeted revenues and expenditures for the General Fund by \$573,867 and to decrease budgeted revenues and expenditures for the Grant Fund by \$100,549.

During the year ended June 30, 2022, the Academy incurred expenditures within the General Fund which were in excess of amounts budgeted as follows:

	Budget	Actual
Pupil Services	237,087	281,778
Pupil Activities	-	13,079
Office of the Principal	297,974	329,239

The Academy adheres to the following procedures in establishing budgetary data reflected in the financial statements:

- Prior to June 30, management submits to the board of directors a proposed budget for the fiscal year commencing the following July 1. The budget includes proposed expenditures and the means for financing them. All budgets lapse at year-end.
- By June 30, the budget is adopted by the board of directors.
- Expenditures may not legally exceed appropriations at the fund level.
- Revisions that alter the total expenditures of any fund must be approved by the board of directors.

The Board of Directors adopted the initial 2022-2023 budget on May 10, 2022.

Adoption of New Accounting Pronouncements – The Academy adopted GASB Statement No. 87, *Leases* effective July 1, 2022. This statement requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. The impact of the adoption was not significant as the facility sublease agreement with NHA is considered short-term as disclosed in Note 6.

3. DUE FROM GOVERNMENTAL REVENUE SOURCES

Receivables as of June 30, 2022 for the Academy included \$61,112 in state aid receivable and \$215,564 in federal grants receivable. The Academy considers all receivables to be fully collectible; accordingly, no allowance for uncollectible amounts is recorded.

4. RISK MANAGEMENT

The Academy is exposed to various risks of loss related to general liability. Commercial insurance policies to cover certain risks of loss have been obtained. There have been no significant reductions in insurance coverage during fiscal year 2022, and claims did not exceed coverage less retained risk deductible amounts in the past three fiscal years.

5. CAPITAL ASSETS

Capital asset activity of the Academy's governmental activities was as follows:

	Beginning Balance	Additions	Disposals	Ending Balance
Governmental activities —				
Other equipment	\$ 46,098	\$ -	\$ -	\$ 46,098
Less accumulated depreciation —				
Other equipment	40,064	4,610	-	44,674
Total governmental activities capital assets, net	<u>\$ 6,034</u>	<u>\$ (4,610)</u>	<u>\$ -</u>	<u>\$ 1,424</u>

6. CONTINGENCIES

The Academy has received proceeds from several federal and state grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant monies.

7. LEASES

The Academy has entered into a sublease agreement with NHA for a facility to house the Academy. The lease term is from July 1, 2021 through June 30, 2022. Annual rental payments required by the lease are \$1,008,480, payable in 12 monthly payments of \$84,040. This lease is renewable on a year-to-year basis. The lease agreement can be cancelled upon termination of the NHA services agreement.

The Academy is not a party to any leasing arrangements that meet the criteria for recognition of lease assets or liabilities under GASB Statement No. 87, *Leases* based on the noncancellable period being less than 12 months and applicability of the short-term lease exception for the facility lease agreement.

The Academy subsequently renewed the sublease with NHA for the period of July 1, 2022 through June 30, 2023, at the same rental rate.

Report on Internal Control Over Financial Reporting and on Compliance
and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards*

Independent Auditor's Report

To Management and the Board of Directors
Foundations Academy

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the basic financial statements of the governmental activities and the major funds of Foundations Academy (the "Academy") as of and for the year ended June 30, 2022 and the related notes to the basic financial statements, which collectively comprise the Academy's basic financial statements, and have issued our report thereon dated September 15, 2022.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Foundations Academy's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Academy's internal control. Accordingly, we do not express an opinion on the effectiveness of the Academy's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Academy's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Foundations Academy's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

To Management and the Board of Directors
Foundations Academy

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Academy's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Academy's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
