### **INDEPENDENT AUDITOR'S REPORT**

Board of Education  
Las Animas County School District Number RE-1  
Trinidad, CO 81082

#### **Opinion**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Las Animas County School District Number RE-1, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise Las Animas County School District Number RE-1's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Las Animas County School District Number RE-1, as of June 30, 2022, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Las Animas County School District Number RE-1, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Las Animas County School District Number RE-1's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than

for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Las Animas County School District Number RE-1's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Las Animas County School District Number RE-1's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and pension and post employment benefits trend data be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### **Supplementary Information**

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Las Animas County School District Number RE-1's basic financial statements. The accompanying combining and individual fund financial statements, other schedules, state required schedules, and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including

comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements, other schedules, state required schedules, and schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated January 3, 2023, on our consideration of Las Animas County School District Number RE-1's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Las Animas County School District Number RE-1's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Las Animas County School District Number RE-1's internal control over financial reporting and compliance.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

LAS ANIMAS COUNTY SCHOOL DISTRICT NUMBER RE-1  
MANAGEMENT DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

## **MANAGEMENT'S DISCUSSION AND ANALYSIS-WORKING**

This discussion and analysis of Trinidad School District #1's financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2022. The intent of this discussion and analysis is to look at the District's financial performance as a whole; it should be read in conjunction with the basic financial statements and notes to enhance the reader's understanding of the District's overall financial performance.

Las Animas County School District RE-1 (Trinidad School District 1) is located in southern Colorado along the I-25 corridor. This district has a funded pupil count of 925 based on three-year state averaging as of October 1, 2021, compared to 966.1 the prior year.

### **FINANCIAL HIGHLIGHTS**

Funding from the Public School Finance Act totaled \$6,978,575 for 2021-2022 compared to \$6,744,348 the prior year. Public School Finance Act funding increased by \$234,227 due to an increase in per pupil funding. Public School Finance Act funding makes up 74% of the district's governmental fund revenue (excluding the BEST grant) reported on the Fund Financial Statements. The share of property taxes collected at the local level is \$1,816,927 for 2021-2022 compared to \$2,006,538 the prior year.

### **OVERVIEW OF THE FINANCIAL STATEMENTS**

The District's basic financial statements consist of three components:

- 1) Districtwide financial statements
- 2) Fund financial statements
- 3) Notes to the financial statements

This report also contains the required supplementary and other additional information in addition to the basic financial statements.

#### **Districtwide Financial Statements**

The Districtwide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business. They consist of two statements:

- 1) The Statement of Net Position presents information on all the district's assets, deferred flows, and liabilities, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.
- 2) The Statement of Activities presents information reporting how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows in future fiscal periods. Earned but unused vacation leave and accrued interest expense are examples of these types of items.

Both Districtwide financial statements distinguish functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions intended to recover all or significant portion of their costs through user fees and charges (business-type activities).

**Governmental Activities**-these activities are financed through local revenues including property taxes, state revenues made up primarily of state equalization under the Public-School Finance Act, and grants from local, state, and federal sources. Expenditures are classified by programs (also known as functions), which include instruction, student support, instructional staff support, district and school administration, business and central services, transportation, facilities operation and maintenance, food service, other support, capital outlay, debt service and amortization of pension costs.

**Business Type Activities**-For the current fiscal year, the District has no business type activities.

The two statements report the District's net position and changes in net position. The change in net position is important because it identifies whether the financial position of the district has improved or diminished as a whole. This change could be a result of many factors including state funding changes, enrollment levels, interest rates, facility conditions, unfunded mandated programs, and numerous other factors.

### **Fund Financial Statements**

A fund is a grouping of related accounts used to maintain control over resources segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All District funds can be divided into three categories:

- Governmental
- Proprietary
- Fiduciary

**Governmental funds** account for essentially the same functions reported as governmental activities in the districtwide financial statements. Unlike the districtwide financial statements, however, governmental fund financial statements focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. Such information provides a detailed short-term view of the District's general government operations and may be useful in evaluating the District's near-term financing requirements.

Because the focus of governmental funds is narrower than districtwide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the districtwide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. To facilitate this comparison between governmental funds and governmental activities, reconciliations are provided for both the governmental fund Balance Sheet and the Statement of Reserves, Expenditures and Changes in Fund Balance.

The District maintains six individual governmental funds including General Fund, Designated Purpose Grants Fund, Food Service Fund, Student Activities (Co-curricular) Fund, Building Capital Project Fund, and the Debt Service Bond Redemption Fund. Information is presented separately in the governmental funds Balance Sheet and the Statement of Revenues, Expenditures and Changes in Fund Balance for the

District's major funds. Data from other non-major governmental funds are combined into a single, aggregated presentation. Combining statements for the individual non-major governmental funds are presented elsewhere in the report.

***Proprietary funds*** are Enterprise funds used to report the same functions presented as business-type activities in the districtwide financial statements. The District has no proprietary funds.

***Fiduciary funds*** are to be used to account for resources held for the benefit of others. Fiduciary funds are not reported in the districtwide financial statements because the resources of those funds are not available for the support of the District's own programs. The District currently has no Custodial Funds.

#### **Notes to the Basic Financial Statements**

The notes to the basic financial statements provide additional information essential to a full understanding of data provided in the districtwide and fund financial statements.

#### **Required Supplementary Information**

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the District. The District adopts an annual appropriated budget for all funds. A budgetary comparison schedule is provided for each fund to demonstrate compliance with the budget.

## DISTRICTWIDE FINANCIAL ANALYSIS

### Statement of Net Position

The Statement of Net Position presents information on all the district's assets, liabilities and deferred flows with the difference reported as net position. ### GOVERNMENTAL ACTIVITIES

The primary source of operating revenue for the district is the Public-School Finance Act whereby the district received per pupil funding of \$9,751 for 2021-2022 compared to \$8,887 the prior year. The district's average funded pupil count for 2021-2022 was 925 compared to 966.1 for 2020-2021. Funding for the school finance act comes from property taxes, specific ownership taxes and state equalization. The district also receives a significant portion of its revenue from local, state, and federal grants. The district uses these sources to fund its programs, related services, and service debt.

The table below shows the approximate percentages for revenue sources and uses from governmental activities:

| SOURCE OF REVENUE      | 2021-2022  | 2020-2021  |      |
|------------------------|------------|------------|------|

The net carrying value of capital assets after subtracting accumulated depreciation is \$21,848,936. Depreciation for 2021-2022 totaled \$957,960.

**Long-term debt:** In August 2013, the District issued \$1,250,000 in Certificates of Participation with an interest rate of 3%. The proceeds were used to complete major building improvements to reduce energy consumption and the related operating costs. The balance due at June 30, 2022 was \$565,000. GO Bond Series 2020 was issued in the amount of \$7,345,000 to be set as the District match for a BEST Grant. The balance at year end was \$7,095,000. See notes to the financial statements for additional information regarding annual payments under these debt obligations.

## **BUDGET HIGHLIGHTS**

District budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP). The district amended its budgets during the year to reflect unexpected increase in revenue and other changes deemed material. Budget presentations include both original and final budgets for the fiscal year. Revenues in the General Fund were \$203,715 more than expected. Expenditures were less than the amount budgeted, a favorable variance of \$2,236,358.

LAS ANIMAS COUNTY SCHOOL DISTRICT NUMBER RE-1  
RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS  
TO THE STATEMENT OF NET POSITION  
June 30, 2022

---

Amounts reported for governmental activities in the statement of net position are different because:

|                                                                                                                                                                                                                    |                   |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------|
| <u>Total Fund Balance – Governmental Funds</u>                                                                                                                                                                     | 11,415,812        |
| Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. The cost of the assets is \$41,027,985 and the accumulated depreciation is \$19,179,049. | 21,848,936        |
| Property tax revenue is recognized when earned (claim to resources established) rather than when “available.”                                                                                                      | 96,320            |
| Interest is recognized when paid in the funds. This is accrued interest payable to year end.                                                                                                                       | (27,368)          |
| Discounts and premiums on bonds sold are capitalized in the entity wide statements. These are unamortized amounts of original issue premiums and discounts at year end.                                            |                   |
| Premium                                                                                                                                                                                                            | (1,168,973)       |
| Long-term liabilities, including leases, certificates of participation and general obligation bonds are not due and payable in the current period and therefore are not reported in the funds.                     | (7,694,284)       |
| Compensated absences are not reported as a liability in the funds.                                                                                                                                                 | (344,569)         |
| Net pension and other post employment benefits liabilities, along with associated deferred flows, are not recorded at the fund level:                                                                              |                   |

LAS ANIMAS COUNTY SCHOOL DISTRICT NUMBER RE-1  
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND  
BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES  
For the Year Ended June 30, 2022

---

Amounts reported for governmental activities in the statement of activities are different because:

|                                                               |           |
|---------------------------------------------------------------|-----------|
| <u>Net Change in Fund Balances – Total Governmental Funds</u> | 1,960,159 |
|---------------------------------------------------------------|-----------|

Governmental funds report capital outlays as expenditures. However, in the statement of activities, assets with an initial, individual cost of more than \$5,000 are capitalized and the cost is allocated over their estimated used lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period.

|                                   |                  |           |
|-----------------------------------|------------------|-----------|
| Capital Outlays more than \$5,000 | 2,080,017        |           |
| Depreciation Expense              | <u>(957,960)</u> | 1,122,057 |

Property tax revenues are not recognized for amounts levied and due but not “available” at year end and are reported as deferred revenue in the governmental funds. They are, however, recorded as revenues in the statement of activities. (6,205)

The governmental funds report debt proceeds as an other financing source, while repayment of debt principal is reported as an expenditure. The effect of premiums are recognized when the debt is issued in governmental funds, whereas these amounts are deferred and amortized in the statement of activities. Interest expense is recognized as it accrued in the statement of activities regardless of when it is due. The net effect of these differences follows:

|                                    |              |         |
|------------------------------------|--------------|---------|
| Repayment of Debt Principal        | 368,762      |         |

The increase or decrease in net pension and other post employment benefits liabilities, along with the changes and amortizations of deferred flows associated with those liabilities, are not recorded at the fund level:

## NOTES TO BASIC FINANCIAL STATEMENTS

LAS ANIMAS COUNTY SCHOOL DISTRICT NUMBER RE-1  
NOTES TO BASIC FINANCIAL STATEMENTS  
June 30, 2022

---

NOTE 1      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Las Animas County School District Number RE-1 (the District) conform to generally accepted accounting principles as applicable to governmental units. The following is a summary of the more significant policies:

The District operates under an elected Board of Education with five members.

The District is the lowest level of government, which is considered to be financially accountable over all activities related to public school education in Las Animas County School District Number RE-1. The District receives funding from local, state, and federal government sources and must comply with the requirements of these funding source entities. The Board of Education members are elected by the public and have decision-making authority, the power to designate management, the ability to significantly influence operations, and primary accountability for fiscal matters.

A.    Reporting Entity

Governmental Accounting Standards Board (GASB) Statement No. 14 (as amended by Statements No. 34, No. 39 and No. 61), "*The Financial Reporting Entity*" (GASB No. 14) describes the financial reporting entity as it relates to governmental accounting. According to this Statement, the financial reporting entity consists of a) the primary government, b) organizations for which the primary government is financially accountable, and c) other organizations whose exclusion from the reporting entity's financial statements would cause those statements to be misleading or incomplete. Any organizations that can be described by these last two items are included with the primary government in the financial statements as component units.

This District is not included in any other governmental "reporting entity" as defined in GASB No. 14 and does not include any other component unit as part of its "reporting entity". As required by accounting principles generally accepted in the USA, these basic financial statements present the District (the primary government) and its component units.

NOTE 1      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B.      Government-Wide and Fund Financial Statements

The Government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds (General Fund, Bond Redemption, Capital Project and Designated Purpose Grants Special Revenue Fund) and individual enterprise funds are reported as separate columns in the fund financial statements.

C.      Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The government-wide financial statements are presented using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the District's governmental and business-type activities. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, operating statements present increases and decreases in net current assets and unreserved fund balance as a measure of available spendable resources. This means that only current liabilities are generally included on their balance sheets.

NOTE 1      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C.      Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Amounts reported as program revenues included 1) charges to customers or applicants for goods, services or privileges provided 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

All governmental fund types use the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period, or soon enough thereafter, to pay liabilities of the current period. Revenues are considered to be available if collected within 60 days after year-end.

Property and automotive ownership taxes are reported as receivables and deferred inflows when levied and as revenues when due for collection in the following year and determined to be available.

Grants and entitlement revenues are recognized when compliance with matching requirements is met. A receivable is established when the related expenditures exceed revenue receipts.

Expenditures are recorded when the related fund liability is incurred with the exception of general obligation and capital lease debt service which is recognized when due and certain accrued sick and personal pay which are accounted for as expenditures when expected to be liquidated with expendable available financial resources.

Proprietary fund types are accounted for on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred. The measurement focus in these funds is on the flow of economic resources and emphasizes the determination of net income. All assets and all liabilities associated with their activity are included on their statements of net position. Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in net total position.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing goods and services in connection with a proprietary fund's ongoing operations. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenue and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources, as they are needed.

NOTE 1      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D.    Fund Accounting

The accounts of the District are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, deferred flows, fund equity, revenues and expenditures, or expenses, as appropriate. Resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The major funds presented in the accompanying basic financial statements are as follows:

- Major Governmental Funds

1. General Fund – the general operating fund of the District; used to account for all resources that are not required legally or by sound financial management to be accounted for in another fund.
2. Bond Redemption Debt Service Fund – used to account for the accumulation of resources for, and the payment of, long-term general obligation debt principal, interest, and related costs.
3. Designated Purpose Grants - Special Revenue Fund – used to account for restricted state and federal grants including, but not limited to, Every Student Succeeds Act programs which must be expended as designated by the grantor agency.
4. Capital Project – Building Fund – used to account for the cost of capital projects funded by debt, grants and other resources.

E.    Cash and Investments

Cash represents amounts on deposit with financial institutions or held by the District. The District is allowed to invest in the following types of investments: short-term certificates of deposit, repurchase agreements, money market deposit accounts, mutual funds, government pools, and U.S. Treasury Obligations. The District considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Investments are recorded at fair value in accordance with GASB Statement No. 72 *Fair Value Measurement and Application*. Accordingly, the change in fair value of investments is recognized as an increase or decrease to investment assets and investment income.

NOTE 1      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F.    Receivables

Property taxes levied in 2021 but uncollected in 2022 are identified as property taxes receivable. Amounts of property taxes that are not available at June 30, 2022 are recorded as deferred inflows, and are presented net of an allowance for uncollectible taxes. Program grants are recorded as receivables and revenues at the time reimbursable project costs are incurred.

G.    Inventories

Materials and supplies inventories are stated at cost. Inventories recorded in the Food Services Fund consist of purchased and donated commodities. Purchased inventories are stated at cost. Donated inventories, received at no cost under a program supported by the Federal Government, are recorded at their estimated fair value at the date of receipt.

The cost of all inventories is recorded as an asset when the individual inventory items are purchased, and as an expenditure or expense when consumed.

H.    Capital Assets

Capital assets, which include property, vehicles and equipment, are utilized for general District operations and are capitalized at actual or estimated cost. Donations of such assets are recorded at estimated fair value at the time of donation. Capital assets are reported in the applicable governmental or business-type activities columns in the government-wide financial statements.

Maintenance, repairs, and minor renovations are recorded as expenditures when incurred. Major additions and improvements are capitalized. When assets used in the operation of the governmental fund types are sold, the proceeds of the sale are recorded as revenues in the appropriate fund. The District does not capitalize interest on the construction of capital assets in governmental funds. However, the District does capitalize interest on the construction of capital assets in business-type activities.

The monetary threshold for capitalization of assets is \$5,000. The District's capital assets are depreciated using the straight-line method over the estimated useful lives of the fixed assets (5-40 years). Depreciation of all capital assets is charged as an expense against their operations. Depreciation is recorded in the year of acquisition.

I.    DEFERRED OUTFLOWS / INFLOWS OF RESOURCES

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

NOTE 1      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

I.      Deferred Outflows/Inflows of Resources (Continued)

In addition to liabilities, the statement of financial position and governmental balance sheets will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

J.      Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long term debt and other long-term obligations are reported as liabilities in the applicable government activities, business-type activities, or proprietary fund type statement of net position. The District records long-term debt of governmental funds at the face value. The District's general obligation bonds are serviced from property taxes and other revenues of the Debt Service Fund. Capital leases are serviced from property taxes and other revenues of the General Fund. The long-term accumulated unpaid accrued sick leave is serviced from property taxes and other revenues by the respective fund type from future appropriations.

K.      Constitutional Amendment

In November 1992, Colorado voters approved Article X of the Colorado Constitution by adding Section 20, commonly known as the Taxpayer's Bill of Rights (TABOR). TABOR contains revenue, spending, tax and debt limitations, which apply to the State of Colorado and local governments. It requires, with certain exceptions, advance voter approval for any new tax, tax rate increase, mill levy above that for the prior year, extension of an expiring tax, or tax policy change directly causing a net tax revenue gain to any entity.

In November of 1996 the registered voters approved a ballot resolution authorizing Las Animas County School District Number RE-1 to collect, retain and expend all revenues from any source provided that no property tax mill levy be increased without the consent of the voters.

Except for refinancing bonded debt at a lower interest rate or adding new employees to existing pension plans, TABOR requires advance voter approval for the creation of any multiple-fiscal year debt or other financial obligation unless adequate present cash reserves are pledged irrevocably and held for payments in all future years. TABOR requires local governments to establish emergency reserves to be used for declared emergencies only. Emergencies, as defined by TABOR, exclude economic conditions, revenue shortfalls, or salary or fringe benefit increases. These reserves are required to be three percent or more of fiscal year spending (excluding bonded debt service). As of June 30, 2022 the District reserved \$353,000 for this purpose.

Spending and revenue limits are determined based on the prior fiscal year's spending adjusted for inflation in the prior calendar year plus annual increases in funded student enrollment. Fiscal year spending is generally defined as expenditures and reserve increases with certain exceptions.

L.      Property Taxes

Under Colorado law, all property taxes are due and payable in the year following the year levied. The 2021 property tax calendar for Las Animas County was as follows:

|                                           |                   |

| Lien Date                                 | January 1, 2022   |
| Tax Bills Mailed                          | January 1, 2022   |
| First Installment Due                     | February 28, 2022 |
| Second Installment Due                    | June 15, 2022     |
| If Paid in Full, Due                      | April 29, 2022    |
| Tax Sale – 2020 Delinquent Property Taxes | October 25, 2021  |

M.      Compensated Absences

The District affords all full time classified employees vacation and sick pay benefits and certified staff annual leave benefit. Vacation benefits can accumulate up to 40 days and are carried forward to subsequent years and paid upon retirement or termination. Sick pay and annual leave benefits can accumulate up to 90 days and are carried forward to subsequent years. Sick pay and annual leave benefits are paid upon retirement, if certain requirements are met, at prescribed rates as described in the negotiated policies. All of these benefits are measured based on established District policy and generally accepted accounting principles.

The compensated absence liability is reported in the governmental activity column of the government-wide financial statements. For the governmental fund financial statements, the recognition of this liability is limited to the amount expected to be paid using expendable available resources.

A summary of changes in compensated absences is as follows:

|                  | Balance<br>July 1, 2021 | <u>Additions</u> | <u>Deletions</u> | Balance<br>June 30, 2022 |
|------------------|-------------------------|------------------|------------------|--------------------------|
| Government Funds | <u>374,862</u>          | -                | <u>30,293</u>    | <u>344,569</u>           |
| Total            | <u>374,862</u>          | -                | <u>30,293</u>    | <u>344,569</u>           |

N.      Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

O.     Interest Expense

All interest expense has been reported as unallocated in the Government-wide financial statements.

P.     GASB Statement No. 54

The Government Accounting Standards Board (GASB) has issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions (GASB 54). This statement defines the different types of fund balances that a governmental entity must use for financial reporting purposes.

GASB 54 requires the fund balance amounts to be properly reported within one of the fund balance categories list below.

1. Nonspendable such as fund balance associated with inventories, prepaids, long-term loans and notes receivable, and property held for resale (unless the proceeds are restricted, committed, or assigned).
2. Restricted fund balance category includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation.
3. Committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the School District Board of Directors (the district's highest level of decision-making authority).
4. Assigned fund balance classification are intended to be used by the government for specific purposes but do not meet the criteria to be classified as restricted or committed, and
5. Unassigned fund balance is the residual classification for the government's general fund and includes all spendable amounts not contained in the other classifications.

Fund Balance Classification Policies and Procedures

Committed Fund Balance Policy:

The District's Committed Fund Balance is fund balance reporting required by the School Board, either because of a School Board Policy in the School Board Policy Manual, or because of motions that passed at School Board meetings.

NOTE 1     SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

P.     GASB Statement No. 54 (Continued)

Assigned Fund Balance Policy:

The District's Assigned Fund Balance is fund balance reporting occurring by School Board Administration authority, under the direction of the Chief Business Officer.

Order of Fund Balance Spending Policy

The District's policy is to apply expenditures against non-spendable fund balance, restricted fund balance, committed fund balance, assigned fund balance, and unassigned fund balance at the end of the fiscal year by adjusting journal entries.

First Non-spendable fund balances are determined. Then restricted fund balances for specific purposes are determined (not including non-spendable amounts). Then unrestricted fund balances are determined following the order of committed, assigned, and unassigned.

Q.     Recently Adopted Accounting Pronouncements

In June of 2017, the Governmental Accounting Standards Board issued Statement No. 87, Leases. The original effective date was for reporting periods beginning after December 15, 2019 but was extended to periods beginning after June 15, 2021.

On July 1, 2021, the District implemented the statement for leases. The District will comply on all leases that are individually or aggregately material to the financial statements.

NOTE 2      RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The governmental funds balance sheet includes a reconciliation between *fund balances – total governmental funds* and *net position – governmental activities* as reported in the government-wide statement of net position. Additionally, the governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net change in fund balances – total government funds* and *changes in net position of governmental activities* as reported in the government-wide statement of activities.

These reconciliations detail items that require adjustment to convert from the current resources measurement and modified accrual basis for governmental fund statements to the economic resources measurement and full accrual basis used for government-wide statements. However, certain items having no effect on measurement and basis were eliminated from the government fund statements during the consolidation of governmental activities.

NOTE 3      BUDGETARY INFORMATION

Revenues and expenditures are controlled by budgetary accounting systems in accordance with various legal requirements. The budgeted revenues and expenditures represent the original adopted budget as subsequently adjusted by the Board of Education in accordance with Colorado School Laws. Budgets are generally prepared on the same basis as that used for accounting purposes.

The District has set procedures to be followed in establishing the budgetary data reflected in the financial statements:

1. Prior to June 1, the Chief Financial Officer submits to the Board of Education a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them.
2. Public notices are released to obtain taxpayer comments.
3. Prior to June 30, the budget is legally enacted through passage of a resolution.
4. The Business Manager is authorized to transfer budgeted amounts between categories within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the Board of Education.
5. Formal budgetary integration should be employed as a management control device during the year for the General Fund, Special Revenue Funds, Capital Project and Debt Service Funds.
6. Budgets for the General, Special Revenue, Capital Project and Debt Service Funds are adopted on a basis consistent with generally accepted accounting principles (GAAP).

NOTE 3      BUDGETARY INFORMATION (Continued)

All appropriations lapse at the end of each fiscal year. Authorization to transfer budgeted amounts between programs and/or departments within any fund and the reallocation of budget line items within any program and/or department rests with the Superintendent of Schools and may be delegated to an appropriate level of management. Revisions and/or supplemental appropriations that alter the total expenditures of any fund must be approved by the Board of Education.

Budgetary amounts reported in the accompanying basic financial statements are as originally adopted and amended by the Superintendent and/or the Board of Education throughout the year.

NOTE 4      CASH AND EQUIVALENTS

Deposits

The Colorado Public Deposit Protection Act (PDPA), requires that all units of local government deposit cash in eligible public depositories, eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool is to be maintained by another institution or held in trust for all the uninsured public deposits as a group. The market value of the collateral must be at least equal to the aggregate uninsured deposits.

Cash equivalents consist of amounts held in CSAFE, a Colorado local government investment pool, and a UMB Bond Redemption custodial fund.

**PENSION PLAN**

**Defined Benefit Pension Plan**

**Summary of Significant Accounting Policies**

Pensions. Las Animas County School District Number RE-1 participates in the School Division Trust Fund (SCHDTF), a cost-sharing multiple-employer defined benefit pension plan administered by the Public Employees' Retirement Association of Colorado (PERA). The net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position (FNP) and additions to/deductions from the FNP of the SCHDTF have been determined using the economic resources measurement focus and the accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**General Information about the Pension Plan**

*Plan description.* Eligible employees of the Las Animas County School District Number RE-1 are provided with pensions through the SCHDTF - a cost-sharing multiple-employer defined benefit pension plan administered by PERA. Plan benefits are specified in Title 24, Article 51 of the Colorado Revised Statutes (C.R.S.), administrative rules set forth at 8 C.C.R. 1502-1, and applicable provisions of the federal Internal Revenue Code. Colorado State law provisions may be amended from time to time by the Colorado General Assembly. PERA issues a publicly available annual comprehensive financial report (ACFR) that can be obtained at [www.copera.org/investments/pera-financial-reports](http://www.copera.org/investments/pera-financial-reports).

*Benefits provided as of December 31, 2021.* PERA provides retirement, disability, and survivor benefits. Retirement benefits are determined by the amount of service credit earned and/or purchased, highest average salary, the benefit structure(s) under which the member retires, the benefit option selected at retirement, and age at retirement. Retirement eligibility is specified in tables set forth at C.R.S. § 24-51-602, 604, 1713, and 1714.

The lifetime retirement benefit for all eligible retiring employees under the PERA benefit structure is the greater of the:

- Highest average salary multiplied by 2.5% and then multiplied by years of service credit.
- The value of the retiring employee's member contribution account plus a 100% match on eligible amounts as of the retirement date. This amount is then annuitized into a monthly benefit based on life expectancy and other actuarial factors.

The lifetime retirement benefit for all eligible retiring employees under the Denver Public Schools (DPS) benefit structure is the greater of the:

- Highest average salary multiplied by 2.5% and then multiplied by years of service credit.
- \$15 times the first 10 years of service credit plus \$20 times service credit over 10 years plus a monthly amount equal to the annuitized member contribution account balance based on life expectancy and other actuarial factors.

NOTE 8PENSION PLAN (Continued)

In all cases the service retirement benefit is limited to 100% of highest average salary and also cannot exceed the maximum benefit allowed by federal Internal Revenue Code.

Members may elect to withdraw their member contribution accounts upon termination of employment with all PERA employers; waiving rights to any lifetime retirement benefits earned. If eligible, the member may receive a match of either 50% or 100% on eligible amounts depending on when contributions were remitted to PERA, the date employment was terminated, whether 5 years of service credit has been obtained and the benefit structure under which contributions were made.

Upon meeting certain criteria, benefit recipients who elect to receive a lifetime retirement benefit generally receive post-retirement cost-of-living adjustments, referred to as annual increases in the C.R.S.. Subject to the automatic adjustment provision (AAP) under C.R.S. § 24-51-413, eligible benefit recipients under the PERA benefit structure who began membership before January 1, 2007, and all eligible benefit recipients of the DPS benefit structure will receive the maximum annual increase (AI) or AI cap of 1.00% unless adjusted by the AAP. Eligible benefit recipients under the PERA benefit structure who began membership on or after January 1, 2007, will receive the lesser of an annual increase of the 1.00% AI cap or the average increase of the Consumer Price Index for Urban Wage Earners and Clerical Workers for the prior calendar year, not to exceed a determined increase that would exhaust 10% of PERA's Annual Increase Reserve (AIR) for the SCHDTF. The AAP may raise or lower the aforementioned AI cap by up to 0.25% based on the parameters specified in C.R.S. § 24-51-413.

Disability benefits are available for eligible employees once they reach five years of earned service credit and are determined to meet the definition of disability. The disability benefit amount is based on the lifetime retirement benefit formula(s) shown above considering a minimum 20 years of service credit, if deemed disabled.

Survivor benefits are determined by several factors, which include the amount of earned service credit, highest average salary of the deceased, the benefit structure(s) under which service credit was obtained, and the qualified survivor(s) who will receive the benefits.

*Contributions provisions as of June 30, 2022:* Eligible employees of, Las Animas County School District Number RE-1 and the State are required to contribute to the SCHDTF at a rate set by Colorado statute. The contribution requirements for the SCHDTF are established under C.R.S. § 24-51-401, *et seq.* and § 24-51-413. Eligible employees are required to contribute 10.50% of their PERA-includable salary during the period of July 1, 2021 through June 30, 2022. Employer contribution requirements are summarized in the table below.

**NOTE 8**      **PENSION PLAN (Continued)**

Employer contributions are recognized by the SCHDTF in the period in which the compensation becomes payable to the member and the Las Animas County School District Number RE-1 is statutorily committed to pay the contributions to the SCHDTF. Employer contributions recognized by the SCHDTF from Las Animas County School District Number RE-1 were \$1,076,988 for the year ended June 30, 2022.

For purposes of GASB 68 paragraph 15, a circumstance exists in which a nonemployer contributing entity is legally responsible for making contributions to the SCHDTF and is considered to meet the definition of a special funding situation. As specified in C.R.S. § 24-51-414, the State is required to contribute \$225 million (actual dollars) direct distribution each year to PERA starting on July 1, 2018. A portion of the direct distribution payment is allocated to the SCHDTF based on the proportionate amount of annual payroll of the SCHDTF to the total annual payroll of the SCHDTF, State Division Trust Fund, Judicial Division Trust Fund, and Denver Public Schools Division Trust Fund. In addition to the \$225 million (actual dollars) direct distribution due July 1, 2022, House Bill (HB) 22-1029, instructs the State treasurer to issue a warrant to PERA in the amount of \$380 million (actual dollars), upon enactment, with reductions to future direct distributions scheduled to occur July 1, 2023, and July 1, 2024.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

The net pension liability for the SCHDTF was measured as of December 31, 2021, and the total pension liability (TPL) used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2020. Standard update procedures were used to roll-forward the TPL to December 31, 2021. The Las Animas County School District Number RE-1 proportion of the net pension liability was based on Las Animas County School District Number RE-1 contributions to the SCHDTF for the calendar year 2021 relative to the total contributions of participating employers and the State as a nonemployer contributing entity.

At June 30, 2022, the Las Animas County School District Number RE-1 reported a liability of \$10,078,390 for its proportionate share of the net pension liability that reflected an increase for support from the State as a nonemployer contributing entity. The amount recognized by the Las Animas County School District Number RE-1 as its proportionate share of the net pension liability, the related support from the State as a nonemployer contributing entity, and the total portion of the net pension liability that was associated with Las Animas County School District Number RE-1 were as follows:

|                                                                                                                                                                     |               |

The mortality tables described below are generational mortality tables developed on a benefit-weighted basis.

Pre-retirement mortality assumptions were based upon the PubT-2010 Employee Table with generational projection using scale MP-2019.

Post-retirement non-disabled mortality assumptions were based upon the PubT-2010 Healthy Retiree Table, adjusted as follows:

- Males: 112% of the rates prior to age 80 and 94% of the rates for ages 80 and older, with generational projection using scale MP-2019.
- Females: 83% of the rates prior to age 80 and 106% of the rates for ages 80 and older, with generational projection using scale MP-2019.

Post-retirement non-disabled beneficiary mortality assumptions were based upon the Pub-2010 Contingent Survivor Table, adjusted as follows:

- Males: 97% of the rates for all ages, with generational projection using scale MP-2019.
- Females: 105% of the rates for all ages, with generational projection using scale MP-2019.

Disabled mortality assumptions were based upon the PubNS-2010 Disabled Retiree Table using 99% of the rates for all ages with generational projection using scale MP-2019.

NOTE 8      PENSION PLAN (Continued)

The actuarial assumptions used in the December 31, 2020, valuation were based on the results of the 2020 experience analysis for the period January 1, 2016, through December 31, 2019, and were reviewed and adopted by the PERA Board at their November 20, 2020, meeting.

The long-term expected return on plan assets is reviewed as part of regular experience studies prepared every four to five years for PERA. Recently this assumption has been reviewed more frequently. The most recent analyses were outlined in the Experience Study report dated October 28, 2020.

Several factors are considered in evaluating the long-term rate of return assumption, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation.

The PERA Board first adopted the 7.25% long-term expected rate of return as of November 18, 2016. Following an asset/liability study, the Board reaffirmed the assumed rate of return at the Board's November 15, 2019, meeting, to be effective January 1, 2020. As of the most recent reaffirmation of the long-term rate of return, the target asset allocation, and best estimates of geometric real rates of return for each major asset class are summarized in the table as follows:

| Asset Class    | Target Allocation | 30 Year Expected Geometric Real Rate of Return |
|----------------|-------------------|------------------------------------------------|
| Global Equity  | 54.00%            | 5.60%                                          |
| Fixed Income   | 23.00%            | 1.30%                                          |
| Private Equity | 8.50%             | 7.10%                                          |
| Real Estate    | 8.50%             | 4.40%                                          |
| Alternatives   | 6.00%             | 4.70%                                          |
| Total          | 100.00%           |                                                |

Note: In setting the long-term expected rate of return, projections employed to model future returns provide a range of expected long-term returns that, including expected inflation, ultimately support a long-term expected nominal rate of return assumption of 7.25%.

*Discount rate.* The discount rate used to measure the TPL was 7.25%. The projection of cash flows used to determine the discount rate applied the actuarial cost method and assumptions shown above. In addition, the following methods and assumptions were used in the projection of cash flows:

- Total covered payroll for the initial projection year consists of the covered payroll of the active membership present on the valuation date and the covered payroll of future plan members assumed to be hired during the year. In subsequent projection years, total covered payroll was assumed to increase annually at a rate of 3.00%.

PENSION PLAN (Continued)

- Employee contributions were assumed to be made at the member contribution rates in effect for each year, including the scheduled increases in Senate Bill (SB) 18-200, required adjustments resulting from the 2018 AAP assessment, and the additional 0.50% resulting from the 2020 AAP assessment, statutorily recognized July 1, 2021, and effective July 1, 2022. Employee contributions for future plan members were used to reduce the estimated amount of total service costs for future plan members.
- Employer contributions were assumed to be made at rates equal to the fixed statutory rates specified in law for each year, including the scheduled increase in SB 18-200, required adjustments resulting from the 2018 AAP assessment, and the additional 0.50% resulting from the 2020 AAP assessment, statutorily recognized July 1, 2021, and effective July 1, 2022. Employer contributions also include current and estimated future AED and SAED, until the actuarial value funding ratio reaches 103%, at which point the AED and SAED will each drop 0.50% every year until they are zero. Additionally, estimated employer contributions reflect reductions for the funding of the AIR and retiree health care benefits. For future plan members, employer contributions were further reduced by the estimated amount of total service costs for future plan members not financed by their member contributions.
- As specified in law, the State, as a nonemployer contributing entity, will provide an annual direct distribution of \$225 million (actual dollars), commencing July 1, 2018, that is proportioned between the State, School, Judicial, and DPS Division Trust Funds based upon the covered payroll of each Division. The annual direct distribution ceases when all Division Trust Funds are fully funded.
- Employer contributions and the amount of total service costs for future plan members were based upon a process to estimate future actuarially determined contributions assuming an analogous future plan member growth rate.
- The AIR balance was excluded from the initial FNP, as, per statute, AIR amounts cannot be used to pay benefits until transferred to either the retirement benefits reserve or the survivor benefits reserve, as appropriate. AIR transfers to the FNP position and the subsequent AIR benefit payments were estimated and included in the projections.
- The projected benefit payments reflect the lowered AI cap, from 1.25% to 1.00%, resulting from the 2020 AAP assessment, statutorily recognized July 1, 2021, and effective July 1, 2022.
- Benefit payments and contributions were assumed to be made at the middle of the year.

Based on the above assumptions and methods, the SCHDTF's FNP was projected to be available to make all projected future benefit payments of current members. Therefore, the long-term expected rate of return of 7.25% on pension plan investments was applied to all periods of projected benefit payments to determine the TPL. The discount rate determination does not use the municipal bond index rate, and therefore, the discount rate is 7.25%. There was no change in the discount rate from the prior measurement date.

Defined Contribution Pension Plans

Voluntary Investment Program

*Plan Description* – Employees of the Las Animas County School District Number RE-1 that are also members of the SCHDTF may voluntarily contribute to the Voluntary Investment Program, an Internal Revenue Code Section 401(k) defined contribution plan administered by PERA. Title 24, Article 51, Part 14 of the C.R.S., as amended, assigns the authority to establish the Plan provisions to the PERA Board of Trustees. PERA issues a publicly available ACFR which includes additional information on the Voluntary Investment Program. That report can be obtained at [www.copera.org/investments/pera-financial-reports](http://www.copera.org/investments/pera-financial-reports).

*Funding Policy* – The Voluntary Investment Program is funded by voluntary member contributions up to the maximum limits set by the Internal Revenue Service, as established under Title 24, Article 51, Section 1402 of the C.R.S., as amended. Employees are immediately vested in their own contributions and investment earnings. For the year ended June 30, 2022, program members contributed \$14,671.

**NOTE 9**      **OTHER POST EMPLOYMENT BENEFITS**

**Defined Benefit Other Post Employment Benefit (OPEB) Plan**

**Summary of Significant Accounting Policies**

*OPEB.* Las Animas County School District Number RE-1 participates in the Health Care Trust Fund (HCTF), a cost-sharing multiple-employer defined benefit OPEB fund administered by the Public Employees' Retirement Association of Colorado ("PERA"). The net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, OPEB expense, information about the fiduciary net position (FNP) and additions to/deductions from the FNP of the HCTF have been determined using the economic resources measurement focus and the accrual basis of accounting. For this purpose, benefits paid on behalf of health care participants are recognized when due and/or payable in accordance with the benefit terms. Investments are reported at fair value.

**General Information about the OPEB Plan**

*Plan description.* Eligible employees of the Las Animas County School District Number RE-1 are provided with OPEB through the HCTF—a cost-sharing multiple-employer defined benefit OPEB plan administered by PERA. The HCTF is established under Title 24, Article 51, Part 12 of the Colorado Revised Statutes (C.R.S.), as amended, and sets forth a framework that grants authority to the PERA Board to contract, self-insure, and authorize disbursements necessary in order to carry out the purposes of the PERACare program, including the administration of the premium subsidies. Colorado State law provisions may be amended by the Colorado General Assembly. PERA issues a publicly available annual comprehensive financial report (ACFR) that can be obtained at [www.copera.org/investments/pera-financial-reports](http://www.copera.org/investments/pera-financial-reports).

*Benefits provided.* The HCTF provides a health care premium subsidy to eligible participating PERA benefit recipients and retirees who choose to enroll in one of the PERA health care plans, however, the subsidy is not available if only enrolled in the dental and/or vision plan(s). The health care premium subsidy is based upon the benefit structure under which the member retires and the member's years of service credit. For members who retire having service credit with employers in the Denver Public Schools (DPS) Division and one or more of the other four Divisions (State, School, Local Government and Judicial), the premium subsidy is allocated between the HCTF and the Denver Public Schools Health Care Trust Fund (DPS HCTF). The basis for the amount of the premium subsidy funded by each trust fund is the percentage of the member contribution account balance from each division as it relates to the total member contribution account balance from which the retirement benefit is paid.

C.R.S. § 24-51-1202 *et seq.* specifies the eligibility for enrollment in the health care plans offered by PERA and the amount of the premium subsidy. The law governing a benefit recipient's eligibility for the subsidy and the amount of the subsidy differs slightly depending under which benefit structure the benefits are calculated. All benefit recipients under the PERA benefit structure and all retirees under the DPS benefit structure are eligible for a premium subsidy, if enrolled in a health care plan under PERACare. Upon the death of a DPS benefit structure retiree, no further subsidy is paid.

NOTE 9

OTHER POST EMPLOYMENT BENEFITS (Continued)

Enrollment in the PERACare health benefits program is voluntary and is available to benefit recipients and their eligible dependents, certain surviving spouses, and divorced spouses and guardians, among others. Eligible benefit recipients may enroll into the program upon retirement, upon the occurrence of certain life events, or on an annual basis during an open enrollment period.

*PERA Benefit Structure*

The maximum service-based premium subsidy is \$230 per month for benefit recipients who are under 65 years of age and who are not entitled to Medicare; the maximum service-based subsidy is \$115 per month for benefit recipients who are 65 years of age or older or who are under 65 years of age and entitled to Medicare. The maximum service-based subsidy, in each case, is for benefit recipients with retirement benefits based on 20 or more years of service credit. There is a 5% reduction in the subsidy for each year less than 20. The benefit recipient pays the remaining portion of the premium to the extent the subsidy does not cover the entire amount.

For benefit recipients who have not participated in Social Security and who are not otherwise eligible for premium-free Medicare Part A for hospital-related services, C.R.S. § 24-51-1206(4) provides an additional subsidy. According to the statute, PERA cannot charge premiums to benefit recipients without Medicare Part A that are greater than premiums charged to benefit recipients with Part A for the same plan option, coverage level, and service credit. Currently, for each individual PERACare enrollee, the total premium for Medicare coverage is determined assuming plan participants have both Medicare Part A and Part B and the difference in premium cost is paid by the HCTF or the DPS HCTF on behalf of benefit recipients not covered by Medicare Part A.

*DPS Benefit Structure*

The maximum service-based premium subsidy is \$230 per month for retirees who are under 65 years of age and who are not entitled to Medicare; the maximum service-based subsidy is \$115 per month for retirees who are 65 years of age or older or who are under 65 years of age and entitled to Medicare. The maximum service-based subsidy, in each case, is for retirees with retirement benefits based on 20 or more years of service credit. There is a 5% reduction in the subsidy for each year less than 20. The retiree pays the remaining portion of the premium to the extent the subsidy does not cover the entire amount.

For retirees who have not participated in Social Security and who are not otherwise eligible for premium-free Medicare Part A for hospital-related services, the HCTF or the DPS HCTF pays an alternate service-based premium subsidy. Each individual retiree meeting these conditions receives the maximum \$230 per month subsidy reduced appropriately for service less than 20 years, as described above. Retirees who do not have Medicare Part A pay the difference between the total premium and the monthly subsidy.

*Contributions.* Pursuant to Title 24, Article 51, Section 208(1)(f) of the C.R.S., as amended, certain contributions are apportioned to the HCTF. PERA-affiliated employers of the State, School, Local Government, and Judicial Divisions are required to contribute at a rate of 1.02% of PERA-includable salary into the HCTF.

**NOTE 9**      **OTHER POST EMPLOYMENT BENEFITS (Continued)**

Employer contributions are recognized by the HCTF in the period in which the compensation becomes payable to the member and the Las Animas County School District Number RE-1 is statutorily committed to pay the contributions. Employer contributions recognized by the HCTF from Las Animas County School District Number RE-1 were \$55,258 for the year ended June 30, 2022.

**OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

At June 30, 2022, the Las Animas County School District Number RE-1 reported a liability of \$487,596 for its proportionate share of the net OPEB liability. The net OPEB liability for the HCTF was measured as of December 31, 2021, and the total OPEB liability (TOL) used to calculate the net OPEB liability was determined by an actuarial valuation as of December 31, 2020. Standard update procedures were used to roll-forward the TOL to December 31, 2021. The Las Animas County School District Number RE-1 proportion of the net OPEB liability was based on Las Animas County School District Number RE-1 contributions to the HCTF for the calendar year 2021 relative to the total contributions of participating employers to the HCTF.

At December 31, 2021, the Las Animas County School District Number RE-1 proportion was 0.056%, which was an increase of 0.003% from its proportion measured as of December 31, 2020.

For the year ended June 30, 2022, the Las Animas County School District Number RE-1 recognized OPEB income of \$93,378. At June 30, 2022, the Las Animas County School District Number RE-1 reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

|                                                                                                                 | Deferred Outflows<br>of Resources | Deferred Inflows<br>of Resources |

NOTE 9      OTHER POST EMPLOYMENT BENEFITS (Continued)

In determining the additional liability for PERACare enrollees who are age 65 or older and who are not eligible for premium-free Medicare Part A in the December 31, 2020, valuation, the following monthly costs/premiums (actual dollars) are assumed for 2021 for the PERA Benefit Structure:

| Medicare Plan                            | Initial Costs for Members Without Medicare Part A |                 |                                 |
|------------------------------------------|---------------------------------------------------|-----------------|---------------------------------|
|                                          | Monthly Cost                                      | Monthly Premium | Monthly Cost Adjusted to Age 65 |
| Medicare Advantage/Self-Insured Rx       | \$633                                             | \$230           | \$591                           |
| Kaiser Permanente Medicare Advantage HMO | 596                                               | 199             | 562                             |

The 2021 Medicare Part A premium is \$471 (actual dollars) per month.

All costs are subject to the health care cost trend rates, as discussed below.

Health care cost trend rates reflect the change in per capita health costs over time due to factors such as medical inflation, utilization, plan design, and technology improvements. For the PERA benefit structure, health care cost trend rates are needed to project the future costs associated with providing benefits to those PERACare enrollees not eligible for premium-free Medicare Part A.

Health care cost trend rates for the PERA benefit structure are based on published annual health care inflation surveys in conjunction with actual plan experience (if credible), building block models and industry methods developed by health plan actuaries and administrators. In addition, projected trends for the Federal Hospital Insurance Trust Fund (Medicare Part A premiums) provided by the Centers for Medicare & Medicaid Services are referenced in the development of these rates. Effective December 31, 2020, the health care cost trend rates for Medicare Part A premiums were revised to reflect the current expectation of future increases in rates of inflation applicable to Medicare Part A premiums.

The PERA benefit structure health care cost trend rates used to measure the TOL are summarized in the table below:

| Year  | PERACare Medicare Plans | Medicare Part A Premiums |
|-------|-------------------------|--------------------------|
| 2021  | 4.50%                   | 3.75%                    |

NOTE 9      OTHER POST EMPLOYMENT BENEFITS (Continued)

Mortality assumptions used in the December 31, 2020 valuation for the determination of the total pension liability for each of the Division Trust Funds as shown below, reflect generational mortality and were applied, as applicable, in the determination of the TOL for the HCTF, but developed using a headcount-weighted basis. Affiliated employers of the State, School, Local Government and Judicial Divisions participate in the HCTF.

Pre-retirement mortality assumptions for the State and Local Government Divisions (members other than State Troopers) were based upon the PubG-2010 Employee Table with generational projection using scale MP-2019.

Pre-retirement mortality assumptions for State Troopers were based upon the PubS-2010 Employee Table with generational projection using scale MP-2019.

The pre-retirement mortality assumptions for the School Division were based upon the PubT-2010 Employee Table with generational projection using scale MP-2019.

Pre-retirement mortality assumptions for the Judicial Division were based upon the PubG-2010(A) Above-Median Employee Table with generational projection using scale MP-2019.

Post-retirement non-disabled mortality assumptions for the State and Local Government Divisions (members other than State Troopers) were based upon the PubG-2010 Healthy Retiree Table, adjusted as follows:

- Males: 94% of the rates prior to age 80 and 90% of the rates for ages 80 and older, with generational projection using scale MP-2019.
- Females: 87% of the rates prior to age 80 and 107% of the rates for ages 80 and older, with generational projection using scale MP-2019.

Post-retirement non-disabled mortality assumptions for State Troopers were based upon the unadjusted PubS-2010 Healthy Retiree Table, with generational projection using scale MP-2019.

Post-retirement non-disabled mortality assumptions for the School Division were based upon the PubT-2010 Healthy Retiree table, adjusted as follows:

- Males: 112% of the rates prior to age 80 and 94% of the rates for ages 80 and older, with generational projection using scale MP-2019.
- Females: 83% of the rates prior to age 80 and 106% of the rates for ages 80 and older, with generational projection using scale MP-2019.

Post-retirement non-disabled mortality assumptions for the Judicial Division were based upon the unadjusted PubG-2010(A) Above-Median Healthy Retiree Table with generational projection using scale MP-2019.

NOTE 9      OTHER POST EMPLOYMENT BENEFITS (Continued)

Post-retirement non-disabled beneficiary mortality assumptions were based upon the Pub-2010 Contingent Survivor Table, adjusted as follows:

- Males: 97% of the rates for all ages, with generational projection using scale MP-2019.
- Females: 105% of the rates for all ages, with generational projection using scale MP-2019.

Disabled mortality assumptions for Members other than State Troopers were based upon the PubNS-2010 Disabled Retiree Table using 99% of the rates for all ages with generational projection using scale MP-2019.

Disabled mortality assumptions for State Troopers were based upon the unadjusted PubS-2010 Disabled Retiree Table with generational projection using scale MP-2019.

The following health care costs assumptions were updated and used in the roll forward calculation for the Trust Fund:

- Initial per capita health care costs for those PERACare enrollees under the PERA benefit structure who are expected to attain age 65 and older ages and are not eligible for premium-free Medicare Part A benefits were updated to reflect the change in costs for the 2021 plan year.
- The health care cost trend rates for Medicare Part A premiums were revised to reflect the then-current expectation of future increases in rates of inflation applicable to Medicare Part A premiums.

Actuarial assumptions pertaining to per capita health care costs and their related trend rates are analyzed and updated annually by PERA Board's actuary, as discussed above.

The actuarial assumptions used in the December 31, 2020, valuation were based on the results of the 2020 experience analysis for the period January 1, 2016, through December 31, 2019, and were reviewed and adopted by the PERA Board at their November 20, 2020, meeting.

The long-term expected return on plan assets is reviewed as part of regular experience studies prepared every four to five years for PERA. Recently, this assumption has been reviewed more frequently. The most recent analyses were outlined in the Experience Study report dated October 28, 2020.

Several factors are considered in evaluating the long-term rate of return assumption, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentages and then adding expected inflation.

NOTE 9      OTHER POST EMPLOYMENT BENEFITS (Continued)

As of the most recent reaffirmation of the long-term rate of return, the target asset allocation and best estimates of geometric real rates of return for each major asset class are summarized in the table as follows:

| Asset Class    | Target Allocation | 30 Year Expected Geometric Real Rate of Return |
|----------------|-------------------|------------------------------------------------|
| Global Equity  | 54.00%            | 5.60%                                          |
| Fixed Income   | 23.00%            | 1.30%                                          |
| Private Equity | 8.50%             | 7.10%                                          |
| Real Estate    | 8.50%             | 4.40%                                          |
| Alternatives   | 6.00%             | 4.70%                                          |
| Total          | 100.00%           |                                                |

Note: In setting the long-term expected rate of return, projections employed to model future returns provide a range of expected long-term returns that, including expected inflation, ultimately support a long-term expected nominal rate of return assumption of 7.25%.

*Sensitivity of the Las Animas County School District Number RE-1 proportionate share of the net OPEB liability to changes in the Health Care Cost Trend Rates.* The following presents the net OPEB liability using the current health care cost trend rates applicable to the PERA benefit structure, as well as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current rates:

|                                       | 1% Decrease in Trend Rates | Current Trend Rates | 1% Increase in Trend Rates |

| Net OPEB Liability                    | \$473,593                  | \$487,596           | \$503,816                  |

*Discount rate.* The discount rate used to measure the TOL was 7.25%. The projection of cash flows used to determine the discount rate applied the actuarial cost method and assumptions shown above. In addition, the following methods and assumptions were used in the projection of cash flows:

- Updated health care cost trend rates for Medicare Part A premiums as of the December 31, 2021, measurement date.
- Total covered payroll for the initial projection year consists of the covered payroll of the active membership present on the valuation date and the covered payroll of future plan members assumed to be hired during the year. In subsequent projection years, total covered payroll was assumed to increase annually at a rate of 3.00%.

NOTE 9      OTHER POST EMPLOYMENT BENEFITS (Continued)

- Employer contributions were assumed to be made at rates equal to the fixed statutory rates specified in law and effective as of the measurement date.
- Employer contributions and the amount of total service costs for future plan members were based upon a process to estimate future actuarially determined contributions assuming an analogous future plan member growth rate.
- Estimated transfers of dollars into the HCTF representing a portion of purchase service agreements intended to cover the costs associated with OPEB benefits.
- Benefit payments and contributions were assumed to be made at the middle of the year.

Based on the above assumptions and methods, the HCTF's FNP was projected to be available to make all projected future benefit payments of current members. Therefore, the long-term expected rate of return of 7.25% on OPEB plan investments was applied to all periods of projected benefit payments to determine the TOL. The discount rate determination does not use the municipal bond index rate, and therefore, the discount rate is 7.25%. There was no change in the discount rate from the prior measurement date.

*Sensitivity of the Las Animas County School District Number RE-1 proportionate share of the net OPEB liability to changes in the discount rate.* The following presents the proportionate share of the net OPEB liability calculated using the discount rate of 7.25%, as well as what the proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.25%) or one-percentage-point higher (8.25%) than the current rate:

NOTE 10     JOINT VENTURES

Not reflected in the accompanying financial statements is the District's participation in the South Central Board of Cooperative Educational Services (BOCES). The BOCES is an organization that provides member districts educational services at a shared lower cost per district.

The District has one member on the Board. This Board has final authority for all budgeting and financing of the joint venture. The BOCES by-laws indicate that the entity is to have perpetual existence, but in the event of its dissolution, all assets shall be divided among member school districts on a pro rata basis determined by the BOCES board. The joint venture summary audited financial information for the year ended June 30, 2021, is as follows:

|                                  |                    |
|----------------------------------|--------------------|

The BOCES is not included as a component unit of the District as the financial responsibility is minimal, there is no financial interdependency, the District does not have the ability to significantly influence the operations of the BOCES and the District is not accountable for fiscal matters of the BOCES. The BOCES is audited annually and a copy of its financial statements is filed with the Colorado State Auditor's Office.

NOTE 11     COLORADO SCHOOL DISTRICT SELF INSURANCE POOL

The District belongs to the Colorado School Districts Self-Insurance Pool. The Pool was established by the Colorado Association of School Boards (CASB) in 1981 to provide insurance coverage to participants in the areas of General Liability, Errors and Omissions, Employment Practices Liability, Automobile Liability, Auto Physical Damage, Real and Personal Property, Crime, and other coverages. The Board of Directors is composed of eight persons. Each member's initial contribution and subsequent contributions are determined by the Pool based on factors including, but not limited to, the Aggregate Pool claims, the cost of Administrative and other operating expenses, the number of participants, the adequacy of both Operating and Reserve Funds, risk exposure and other factors touching on the status of the Pool or an individual participant.

As the District did not exercise oversight responsibility nor have sufficient control over Pool activities, the Pool is not a component unit of the District and only the District's share of contributions to the Pool is recorded as expenditures.

NOTE 16    BUDGET DISCLOSURES

The following funds had actual expenditures in excess of amounts budgeted:

|                               |             |
|-------------------------------|-------------|
| Designated Purpose Grant Fund | \$1,969,569 |
| Student Activity Fund         | \$36,728    |
| Building Fund                 | \$1,701,852 |

NOTE 17    PRIOR PERIOD ADJUSTMENT

In the fiscal year ended June 30, 2021, a receivable from the main contractor involved in the BEST school project was set up in the Building fund for expenditures made by the District for equipment that was to be acquired by the contractor. The amount of \$270,998 receivable, to be credited to the Building fund, was offset in that fund by the same amount as a due to the General fund. The General fund set up a due from the Building fund of \$270,998 and reduced equipment expenditures. The equipment eligible for the refund from the contractor was, however, purchased by the Building fund. Beginning fund balances were increased in the Building fund and decreased in the General fund by \$270,998 to correct the error.

REQUIRED SUPPLEMENTARY INFORMATION

## BUDGET INFORMATION

### General Fund

The General Fund accounts for all transactions of the District not accounted for in other funds. This fund represents an accounting for the District's ordinary operations financed from property taxes and other general revenues. It is the most significant fund in relation to the District's overall operations.

### Special Revenue Funds

Special Revenue Funds account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

Designated Purpose Grants Fund – This fund is provided to maintain a separate accounting for federal and state grant funded programs which normally have a different fiscal period than that of the District.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL  
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER  
MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of Education  
Las Animas County School District Number RE-1  
Trinidad, Colorado 81082

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Las Animas County School District Number RE-1 as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise Las Animas County School District Number RE-1's basic financial statements, and have issued our report thereon dated January 3, 2023.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Las Animas County School District Number RE-1's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Las Animas County School District Number RE-1's internal control. Accordingly, we do not express an opinion on the effectiveness of the Las Animas County School District Number RE-1's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Las Animas County School District Number RE-1's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE  
FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL  
OVER COMPLIANCE REQUIRED BY UNIFORM GUIDANCE**

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited Las Animas County School District Number RE-1's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Las Animas County School District Number RE-1's major federal programs for the year ended June 30, 2022. Las Animas County School District Number RE-1's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Las Animas County School District Number RE-1 complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Las Animas County School District Number RE-1 and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Las Animas County School District Number RE-1's compliance with the compliance requirements referred to above.

## **Responsibilities of Management for Compliance**

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Las Animas County School District Number RE-1's federal programs.

## **Auditor's Responsibilities for the Audit of Compliance**

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Las Animas County School District Number RE-1's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Las Animas County School District Number RE-1's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Las Animas County School District Number RE-1's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Las Animas County School District Number RE-1's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Las Animas County School District Number RE-1's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## **Report on Internal Control Over Compliance**

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

*A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

LAS ANIMAS COUNTY SCHOOL DISTRICT NUMBER RE-1  
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
For the Year Ended June 30, 2022

---

NOTE 1    BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the Las Animas County School District Number RE-1 and is presented on the modified accrual basis of accounting. The information is presented in accordance with the requirements of Title 2 U.S. Code of Federal Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the general purpose financial statements.

NOTE 2    INDIRECT COST RATES

All grants being charged indirect cost have been received through the Colorado Department of Education. The Department calculates an allowable indirect cost rate for individual sub-recipients and mandates that the rate be used as the maximum for the recovery of indirect cost. The District has recovered indirect cost from grant funds at an amount no greater than that allowed by the Colorado Department of Education and has not elected to use the 10% de minimis indirect cost rate allowed by Uniform Guidance.

NOTE 3    FOOD DISTRIBUTION

Non-monetary assistance is reported in the schedule at the fair market value of commodities received.

NOTE 4    SUBRECIPIENTS

The District did not pass through any grant amounts to subrecipients for the year ended June 30, 2022.
