INDEPENDENT AUDITORS' REPORT

Board of Directors
Pikes Peak Area Council of Governments

Opinions

We have audited the accompanying financial statements of the governmental activities and the major fund of the Pikes Peak Area Council of Governments (PPACG) as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise PPACG's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of PPACG as of December 31, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of PPACG and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate, that raise substantial doubt about PPACG's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Report on Required Supplemental Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 7 and budgetary comparison information on page 21 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements.

We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Report on Other Supplemental Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise PPACG's basic financial statements. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 14, 2023 on our consideration of PPACG's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of PPACG's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering PPACG's internal control over financial reporting and compliance.

PIKES PEAK AREA COUNCIL OF GOVERNMENTS

Management's Discussion and Analysis

PIKES PEAK AREA COUNCIL OF GOVERNMENTS

MANAGEMENT'S DISCUSSION AND ANALYSIS

Introduction

This management's discussion and analysis of the financial performance of the Pikes Peak Area Council of Governments (PPACG) provides an overview of PPACG's financial activities for the year ended December 31, 2022. It should be read in conjunction with the accompanying financial statements of PPACG.

Financial Highlights

- Total assets increased in 2022, compared to 2021, by \$320,695, or 8.50%.
- PPACG's Net position increased in 2022 by \$154,995, or 5.67% compared to 2021.
- Unassigned Fund Balance increased in 2022 by \$192,181 or 8.01% to \$2,590,191 compared to 2021.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the PPACG's basic financial statements. PPACG's basic financial statements included in this annual report are those of a general-purpose government and include the following financial statements:

Government-wide Financial Statements

- The *Statement of Net Position* and the *Statement of Activities* report information on all of the activities of PPACG and the effect of changes to them. PPACG's total net position—the difference between assets and liabilities—is one measure of PPACG's financial health or financial position. Over time, increases or decreases in PPACG's net position are an indicator of whether its financial health is improving or deteriorating.

Fund Financial Statements

- The *Balance Sheet – Governmental Fund* and its accompanying *Reconciliation of the Governmental Fund Balance Sheet to the Statement of Net Position* compare fund assets to fund liabilities with the difference between them being the fund balance and explains the disparity in the amounts reported for governmental activities.
- The *Statement of Revenues, Expenditures and Changes in Fund Balance – Governmental Fund* and its accompanying *Reconciliation of the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balance to the Statement of Activities* report PPACG's revenues, by major source, along with expenditures and changes to the fund balance and explains the disparity in the amounts reported for governmental activities.
- The *Statement of Revenues and Expenditures – Budget to Actual – General Fund* compares actual funds received and spent with the budgeted amounts and details the variances.
- Notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the financial statements.

(Continued)

- The *Schedule of Expenditures of Federal Awards* is presented for purposes of additional analysis as required by the Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards.

PPACG's Statement of Net Position

PPACG's net position is the difference between its assets and liabilities reported in the Statement of Net Position. PPACG's net position increased by \$154,995 (5.67%) in 2022 over 2021, as shown in Table 1.

Summary Statement of Net Position as of December 31:

	2022	2021
Assets		
Cash/restricted cash	\$ 2,198,975	\$ 1,591,364
Other current assets	1,390,022	1,646,224
Capital assets, net	<u>506,382</u>	<u>537,096</u>
Total assets	<u>\$ 4,095,379</u>	<u>\$ 3,774,684</u>
Liabilities		
Other current and noncurrent liabilities	\$ 998,806	\$ 839,578
Compensated absences	<u>205,833</u>	<u>199,360</u>
Total liabilities	<u>\$ 1,204,639</u>	<u>\$ 1,038,938</u>
Net Position		
Net investment in capital assets	\$ 506,382	\$ 537,096
Unrestricted	<u>2,384,358</u>	<u>2,198,650</u>
Total net position	<u>\$ 2,890,740</u>	<u>\$ 2,735,746</u>

PPACG's Statement of Activities

In 2022, PPACG's net positions increased by \$154,995 or 5.67%. In 2021, PPACG's net position increased by \$145,378 or 5.6%. These changes, shown in Table 2, are primarily made up of increased revenue in PPACG's pass through programs and transportation programs. Increase in expenditures in Transportation and AAA departments.

Summary Statement of Activities for the Years Ended December 31:

	2022	2021
Program Revenues		
Operating grants and contributions	\$ 9,942,563	\$ 9,486,891
Charges for services	<u>600,933</u>	<u>517,071</u>
Total program revenues	10,543,496	10,003,962
General Revenues		
Member dues	503,800	458,000
Interest income	<u>5,646</u>	<u>3,902</u>
Total revenues	<u>\$ 11,052,942</u>	<u>\$ 10,465,864</u>

(Continued)

	2022	2021
Governmental Activities – Expenses		
Aging program	\$ 8,538,564	\$ 7,038,198
Transportation program and environmental	1,557,354	2,609,209
Pikes Peak RTA Administration	465,437	411,770
Joint land use study	275,322	209,007
Administration	<u>61,271</u>	<u>52,302</u>
Total governmental activities - expenses	<u>10,897,948</u>	<u>10,320,486</u>
Change in Net Position	154,994	145,378
Net Position, Beginning of Year	<u>2,735,746</u>	<u>2,590,368</u>
Net Position, End of Year	<u>\$ 2,890,740</u>	<u>\$ 2,735,746</u>

The majority of PPACG's revenues and expenses are a result of governmental grants, and are reimbursement-based, as is Pikes Peak RTA Administrative contract. During 2022 compared to 2021 grant revenue increased by \$455,672. The net increase is due to an increase of \$25,172 in Pass through revenue, including \$1,213,172 or 24.59% in Area Agency Aging department pass through to outside providers with an offset reduction of \$1,188,000 in the Department of Local Affairs grant for Small Business Relief program, that was not renewed in 2022. Transportation and Environmental Program decreased in revenue by \$83,065 year over year, while Area Agency Aging department internal programs revenue increase \$466,650. Joint Land Use Study increased in grant revenue by \$49,908 or 23.64%. Contract expenditure increased by \$171,709 or 21.38% while Personnel increased by \$303,646 or 9.71%.

The Statement of Revenue and Expenditures – Budget to Actual – General Fund details the final budgeted amounts of 2022's revenues and expenditures as compared to the actual amounts. PPACG received \$3,040,881 less in Federal and State grants while Pass through Federal and State grant revenues were \$1,222,097 less than budgeted. Project Income was \$7,433 more than the budgeted amount. PPACG received \$2,782 more in Special District Revenue which is from Pikes Peak RTA Administration Expenses. Overall, PPACG received \$4,250,117 less than budgeted revenues. Actual costs for "personnel" were \$564,008 less than were budgeted and contract services were also less than budgeted \$2,398,773. This was primarily due to less staff than budgeted and less outside contractors. Pass through expenditures were \$1,222,097 less than budget and corresponds to Federal and State Grant Pass Through revenue being less than the budget. Conferences, education, training and travel were under budget \$57,938. Support Services were under budget \$13,454, this consists of postage, public notices and liability insurance. Communications, memberships, publications, building maintenance and utilities were all less than budget.

Capital Asset and Debt Administration

Capital Assets:

At the end of 2022, PPACG had \$506,382 net investment in capital assets, as detailed in Note 4 to the financial statements. PPACG's net assets invested in capital assets decreased \$30,714 over 2022 due to depreciation expense.

(Continued)

Debt:

At December 31, 2022, PPACG did not have any notes payable or capital lease obligations outstanding.

Contacting PPACG's Financial Management

This financial report is designed to provide a general overview of PPACG's finances and to show PPACG's accountability for the money it receives. Questions about this report and requests for additional financial information should be directed to the PPACG Financial Manager by telephoning 719.471.7080, extension 146.

(Concluded)

See notes to financial statements.

PIKES PEAK AREA COUNCIL OF GOVERNMENTS

RECONCILIATION OF THE GOVERNMENTAL FUND STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED DECEMBER 31, 2022

Amounts reported for governmental activities in the statement of activities are different because:

NET CHANGE IN GOVERNMENTAL FUND BALANCES \$ 192,181

Governmental funds report outlays for capital assets as expenditures because such outlays use current financial resources. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation expense (\$30,714) exceeded capital outlays (30,714)

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. This amount represents the change in compensated absences (6,473)

CHANGE IN NET POSITION OF GOVERNMENT ACTIVITIES \$ 154,994

See notes to financial statements.

PIKES PEAK AREA COUNCIL OF GOVERNMENTS

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Pikes Peak Area Council of Governments (PPACG) is a regional planning council and was formed in 1967 under the Colorado laws regarding regional planning (CRS 30-28-105) and intergovernmental contracting (CRS 29-1-203). PPACG provides transportation, environmental and military planning to the Pikes Peak region. In addition, PPACG is the area agency for aging programs in the Pikes Peak region. Membership to PPACG is open to all general purpose local governments in the Pikes Peak Region and membership is primarily made up of municipalities and counties in the Pikes Peak region and is governed by elected officials of the member governments.

The financial statements of PPACG have been prepared in accordance with generally accepted accounting principles (GAAP) in the United States of America as applicable to governmental entities. The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments. The more significant accounting policies established in GAAP and used by PPACG are discussed below.

Reporting Entity — PPACG is a regional planning council governed by elected officials of the member governments. The accompanying financial statements present the government and its component units, entities for which the government is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the government's operations. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government.

PPACG has no component units for which either discrete or blended presentation is required.

Government-Wide and Fund Financial Statements — The government-wide financial statements (i.e. the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the government. Governmental activities are normally supported by taxes, intergovernmental revenues, and other non-exchange transactions. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

The accounts of PPACG are organized and operated on the basis of funds. A fund is an independent fiscal accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds maintained is consistent with legal and managerial requirements.

PPACG reports the following major governmental fund:

The *General Fund* is the general operating fund of PPACG. It is used to account for all financial resources except those required to be accounted for in another fund.

Measurement Focus and Basis of Accounting — The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as *current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flow. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue in the fiscal year in which all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis* of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the period or soon enough thereafter to pay liabilities of the current fiscal period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of long-term debt and acquisitions under capital leases are reported as other financing sources.

Property taxes, specific ownership taxes, charges for services, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Expenditure-driven grants recognize revenue when the qualifying expenditures have been incurred and all other grant requirements have been met, and the amount is received during the period or within the availability period of this revenue source (within 60 days of year-end). All other revenue items are considered to be measurable and available only when cash is received by the government.

Cash and Cash Equivalents — Cash and cash equivalents include cash on hand and short-term investments with original maturities of three months or less from the date of acquisition.

Receivables — All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. Management believes all receivables are fully collectible at December 31, 2022 and therefore no allowance has been recorded.

Capital Assets — Capital assets, which include land, buildings, and equipment are reported in the government-wide financial statements. All purchased assets are recorded at cost. Donated capital assets are valued at their estimated fair market value on the date received. Major outlays for capital assets and improvements are capitalized as projects are constructed.

The costs of normal maintenance and repairs that do not add to the value of the asset, or materially extend asset lives, are not capitalized. Improvements are capitalized and are depreciated over the remaining useful lives of the related capital assets; as applicable.

Land and construction in progress are not depreciated. The other capital assets of the government are depreciated using the straight-line method over the following estimated useful lives:

	Estimated Useful Life
Buildings and improvements	20-40 years
Furniture and equipment	5-10 years

When depreciable property is acquired, depreciation is included in expense for the year of acquisition for the number of months during the year the asset was in service. When depreciable property is retired or otherwise disposed of, depreciation is included in expense for the number of months in service during the year of retirement and the related costs and accumulated depreciation are removed from the accounts with any gain or loss reflected in the statement of revenue, expenses and changes in fund net position.

Unearned Revenue — Unearned revenue includes grants that have been collected but the corresponding expenditures have not been incurred.

Compensated Absences — It is PPACG's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. All vacation and eligible sick pay are accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in governmental funds only if they have matured as a result of employee resignations and retirements.

Long-Term Liabilities — In the government-wide financial statements long-term obligations are reported as liabilities in the statement of net position.

Fund Balance Classification — The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which PPACG is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications available to be used in the governmental fund financial statements are as follows:

- **Non-spendable** — This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact.
- **Restricted** — This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.

- Committed — This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the Board of Directors. These amounts cannot be used for any other purpose unless the Board of Directors removes or changes the specified use by taking the same type of action that was used when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements.
- Assigned — This classification includes amounts that are constrained by PPACG's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Board of Directors or through the Board of Directors delegating this responsibility to management through the budgetary process. This classification also includes the remaining positive fund balance for any governmental funds except for the General Fund.
- Unassigned — This classification includes the residual fund balance for the General Fund. The unassigned classification also includes negative residual fund balance of any other governmental fund that cannot be eliminated by offsetting of Assigned fund balance amounts.

Net Position — The classifications available to be used in the governmental-wide financial statements are as follows:

- Net Investment in Capital Assets — This component consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent related debt proceeds, the portion of the debt attributable to the unspent proceeds is not included in the calculation of net investment in capital assets. Rather, that portion of the debt is included in the same net position component as the unspent proceeds.
- Restricted — This component consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Restricted assets are assets which have restrictions placed on the use of the assets through external constraints imposed by creditors (such as through debt covenants), contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation. Generally, a liability relates to restricted assets if the asset results from a resource flow that also results in the recognition of a liability or if the liability will be liquidated with the restricted assets reported.
- Unrestricted — This component consists of the net amount of assets, deferred outflows of resources, liabilities and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

Program Revenues — Amounts reported as program revenues include 1) fees and charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Revenues that are not classified as program revenues, including all taxes, are reported as general revenues.

Estimates — The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events — PPACG has evaluated subsequent events for recognition or disclosure through the date of the Independent Auditors' Report, which is the date the financial statements were available for issuance.

2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budget Information — PPACG follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1) In September, the Executive Director submits to the Board of Directors a proposed operating budget for the fiscal year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.
- 2) Public hearings are conducted to obtain public comments.
- 3) In October, the Board of Directors approves the budget for submission to member governments for ratification of the budget and dues assessment.
- 4) Prior to December 31, the Board of Directors approves and signs a resolution officially adopting the budget.
- 5) Any revisions that alter the total expenditure of any fund must be approved by the Board of Directors.
- 6) A budget for the General Fund is legally adopted on a basis consistent with generally accepted accounting principles (GAAP), except that the PPACG budgets for depreciation expense and does not budget for capital outlay.
- 7) All appropriations lapse at year end. Colorado governments may not exceed budgeted appropriations at the fund level.

3. DEPOSITS AND INVESTMENTS

Deposits — Colorado State Statutes govern the entity's deposit of cash. The Public Deposit Protection Acts for banks and savings and loans require the state regulators to certify eligible depositories for public deposits.

The acts require the eligible depositories with public deposits in excess of the federal insurance levels to create a single institution collateral pool of deemed eligible assets. Eligible collateral includes obligations of the United States, obligations of the State of Colorado or local Colorado governments and obligations secured by first lien mortgages on real property located in the State. The pool is to be maintained by another institution or held in trust for all the uninsured public deposits as a group. The market value of the assets in the pool must be at least equal to 102% of the uninsured deposits.

At December 31, 2022, the carrying amount of PPACG deposits were \$2,198,975 and the bank balances were \$2,267,596 of which \$2,017,596 were collateralized in accordance with PDPA.

4. CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2022 is as follows:

	Beginning Balance	Increases	Decreases	Ending Balance
Capital assets not being depreciated:				
Land	\$ 15,594	\$ —	\$ —	\$ 15,594
Capital assets being depreciated:				
Buildings	916,675			916,675
Equipment	118,306			118,306
Furniture	61,426			61,426
Land improvements	<u>5,224</u>			<u>5,224</u>
Total capital assets being depreciated	1,101,631	—	—	1,101,631
Less accumulated depreciation	<u>580,129</u>	<u>30,714</u>		<u>610,843</u>
Depreciable capital assets, net	<u>521,502</u>	<u>30,714</u>	—	<u>490,788</u>
Total capital assets, net	<u>\$ 537,096</u>	<u>\$ 30,714</u>	<u>\$ —</u>	<u>\$ 506,382</u>

Depreciation expense charged to functions of the primary government is as follows:

Aging Program	\$ 14,389
Transportation and Environmental Programs	9,770
Pikes Peak RTA Administration	4,426
Joint Land Use	<u>2,129</u>
Total depreciation expense	<u>\$ 30,714</u>

5. PENSION PLAN

The PPACG contributes to a single employer defined contribution money purchase plan, 401(a), on behalf of its employees. The contribution requirements of Plan participants and the PPACG are established and may be amended by the PPACG Board of Directors. The PPACG is required to contribute 4.5% of each participant's first \$6,000 of compensation and 9% thereafter. Employees are required to contribute 1.5% of their first \$6,000 of compensation and 3% thereafter.

Employee contributions and any earnings are 100% vested. Employer contributions and any earnings they generate are vested as follows:

<u>Years of Service</u>	<u>Vested Percentage of Employer Contributions</u>
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

For the year ended December 31, 2022, employee contributions totaled \$70,004 and PPACG recognized pension expense of \$197,797. There was a forfeiture reflected in PPACG's pension expense of \$7,842.

6. RISK MANAGEMENT

The PPACG is exposed to various risks of losses related to torts; theft of damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The PPACG carries commercial insurance for these risks of loss, including worker's compensation, employee health and accident insurance, and directors' and officers' liability.

PIKES PEAK AREA COUNCIL OF GOVERNMENTS

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED DECEMBER 31, 2022

1. The schedule includes the Federal awards activity of Pikes Peak Area Council of Governments and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.
2. Pikes Peak Area Council of Governments has elected to use the 10 percent de minimus indirect cost rate to charge costs to their Enhanced Mobility of Seniors and Individuals with Disabilities federal awards.
3. Pikes Peak Area Council of Governments provided federal awards to subrecipients as follows:

Federal Agency/Pass-Through Entity and Cluster or Program	CFDA Number	Federal Expenditures
Special Programs for the Aging Title III:		
Part D – Disease Preventions and Health Promotions Services	93.043	\$ 64,203
Special Programs for the Aging Title III:		
Part B – Grants for the Supportive Services and Senior Centers	93.044	990,371
COVID-19 – Part B – Grants for the Supportive Services and Senior Centers	93.044	900
Special Programs for the Aging Title III:		
Part C – Nutrition Services	93.045	1,281,891
COVID-19 – Part C – Nutrition Services	93.045	297,233
National Family Caregiver Support Title III, Part E	93.052	273,882
COVID-19 – National Family Caregiver Support Title III, Part E	93.052	18,775
Nutrition Services Incentive Program	93.053	114,214
Enhanced Mobility of Seniors and Individuals with Disabilities	20.513	624,529
		<u>\$ 3,665,998</u>

PIKES PEAK AREA COUNCIL OF GOVERNMENTS

Compliance And Internal Control Section

**INDEPENDENT AUDITORS' REPORT ON INTERNAL
CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of Directors
Pikes Peak Area Council of Governments
Colorado Springs, Colorado

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the major fund of the Pikes Peak Area Council of Governments (PPACG), as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise PPACG's basic financial statements, and have issued our report thereon dated June 14, 2023.

Report On Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered PPACG's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of PPACG's internal control. Accordingly, we do not express an opinion on the effectiveness of PPACG's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report On Compliance and Other Matters

As part of obtaining reasonable assurance about whether PPACG's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements.

However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of PPACG's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Stockman Kast Ryan + Co, LLP

June 14, 2023

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE
FOR EACH MAJOR PROGRAM AND ON INTERNAL
CONTROL OVER COMPLIANCE REQUIRED BY
THE UNIFORM GUIDANCE**

Board of Directors
Pikes Peak Area Council of Governments
Colorado Springs, Colorado

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Pikes Peak Area Council of Governments' (PPACG) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of PPACG's major federal programs for the year ended December 31, 2022. PPACG's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, PPACG, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of PPACG and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of PPACG's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to PPACG's federal programs.

Auditor's Responsibility for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on PPACG's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about PPACG's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding PPACG's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of PPACG's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of PPACG's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

PIKES PEAK AREA COUNCIL OF GOVERNMENTS

SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED DECEMBER 31, 2022

SECTION I – SUMMARY OF AUDITORS' RESULTS

FINANCIAL STATEMENTS

1. Type of auditors' report issued was:

Unmodified Modified Adverse Disclaimed

2. Internal control over financial reporting:

(A) Material weakness(es) identified? Yes No
(B) Significant deficiency(ies) identified? Yes None reported

3. Noncompliance material to financial statements noted? Yes No

FEDERAL AWARDS

1. Internal control over major programs:

(A) Material weakness(es) identified? Yes No
(B) Significant deficiency(ies) identified? Yes None reported

2. Type of auditors' report issued on compliance for major programs:

Unmodified Modified Adverse Disclaimed

3. Any audit findings disclosed that are required to be reported in accordance with 2 CFR 200.516(a)? Yes No

4. The Organization's major programs were:

CFDA Number	Cluster/Program
	Special Programs for the Aging – Title III:
93.044	Part B – Grants for the Supportive Services and Senior Centers
93.045	Part C – Nutrition Services
93.053	Nutrition Services Incentive Program

5. Dollar threshold used to distinguish between Type A and Type B programs was \$750,000.

6. The Organization qualified as a low-risk auditee? Yes No

SECTION II – FINANCIAL STATEMENT FINDINGS

No matters were reportable.

SECTION III – FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS

No matters were reportable.

PIKES PEAK AREA COUNCIL OF GOVERNMENTS

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS FOR THE YEAR ENDED DECEMBER 31, 2022

No matters were reported.
