INDEPENDENT AUDITORS' REPORT

The Honorable Mayor and Town Trustees
Town of Cheraw, Colorado

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities and each major fund of the Town of Cheraw, Colorado as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Town of Cheraw, Colorado's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities and each major fund of the Town of Cheraw, Colorado as of December 31, 2022, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town of Cheraw, Colorado and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of Cheraw, Colorado's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town of Cheraw, Colorado's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Town of Cheraw, Colorado's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not a required part of, the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. Our opinion on the basic financial statements is not affected by the omission of this information.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Cheraw, Colorado's basic financial statements. The budget schedules and local highway finance report are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, individual fund financial statements, budget schedules and the local highway finance report are fairly stated, in all material respects, in relation to the basic financial statements as a whole

SEE NOTES TO FINANCIAL STATEMENTS

NOTES TO FINANCIAL STATEMENTS

TOWN OF CHERAW, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE -1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

ACCOUNTING PRINCIPLES

The accounting policies of the Town of Cheraw (the "Town") conform to accounting principles generally accepted in the United States of America as applicable to governmental entities. The Town's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements.

THE FINANCIAL REPORTING ENTITY

The Town of Cheraw is a statutory town governed by an elected mayor and four-member board of trustees. As required by accounting principles generally accepted in the United States of America, these financial statements present the Town of Cheraw (the primary government) and its component units, if applicable. Currently no component units have been included in the Town's reporting entity because of a lack of significant operational or financial relationship with the Town.

JOINT VENTURE

Otero County Landfill, Inc.

The Town of Cheraw is a participant along with six other entities within the County in a joint venture known as the Otero County Landfill, Inc. As a participant, the Town is responsible for a portion of the closure and post closure costs of the landfill. As of December 31, 2022, the Town's share of the closure and post closure costs is estimated at \$12,500, or 0.47% of the total. A complete financial report may be obtained from the administrative offices of Otero County.

GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the statement of net position and the statement of changes in net position) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, claims and judgments are recorded only when payment is due.

TOWN OF CHERAW, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE -1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION
(Continued)

Property taxes, franchise taxes, interest revenues, and charges for services are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. Grant and entitlement awards are recorded as revenue when earned. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met. Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria are met. All other revenue items are considered to be measurable and available only when cash is received by the Town.

The Town reports the following major governmental funds:

General Fund - is the government's primary operating fund. It accounts for all financial resources of the general government, except those which are required to be accounted for in another fund.

Conservation Trust Fund - is used to account for lottery funds, which are used for building and maintaining parks and recreational facilities.

The Town reports the following major proprietary funds:

Water Utility Fund - Accounts for the activities and operations of the Town's water utility. Activities of the fund include administration, operation and maintenance, treatment, and distribution of the water system, along with accumulation of resources for the payment of principal and interest on long-term debt. All costs are financed through charges to utility customers with rates reviewed regularly and adjusted if necessary.

Sewer Utility Fund - Accounts for the operations of the Town's sewer utility. Activities of the fund include administration, operation and maintenance, treatment, and collection of the sewer system. All costs are financed through charges to utility customers with rates reviewed regularly and adjusted if necessary.

Garbage Utility Fund - Accounts for the operations of the Town's trash utility. Activities of the fund include administration, operation and maintenance, and collection of trash related to the sanitation system. All costs are financed through charges to utility customers with rates reviewed regularly and adjusted if necessary.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Town's enterprise funds are charges to customers for sales and services. Operating expenses for the enterprise funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

CASH EQUIVALENTS

The Town's cash and cash equivalents are considered to be cash on hand, demand deposits, and highly liquid investments held in banks. For purposes of the statement of cash flows, the Town considers all highly liquid investments (including restricted assets and cash with trustee) with a maturity of three months or less when purchased to be cash equivalents.

State statutes authorize the Town to deposit in accounts of federally insured banks, credit unions, and loan associations, and to invest in obligations of the U.S. Treasury, certain commercial paper, repurchase agreements, bankers' acceptances, and mutual funds composed of otherwise legal investments.

RECEIVABLES / PAYABLES

Outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

All trade and property tax receivables are shown net of an allowance for uncollectibles if required.

TOWN OF CHERAW, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE -1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

RECEIVABLES / PAYABLES (Continued)

Property taxes are not due and payable until after the assessment year has ended, and are not included in the budgets or statements of revenues, expenditures and fund balance of the assessment year. Property taxes levied are recorded in the governmental funds as taxes receivable and deferred revenues as of December 31, 2022, since the amounts are measurable but not available until 2023. Property tax abatements are recorded as an offset to property tax revenues when they are paid. An allowance for uncollectible property taxes is not provided as the uncollectible amounts were determined to be negligible based on an analysis of historical trends. Property taxes are levied before December 22 each year and attach as an enforceable lien on the property as of January 1 of the following year. Taxes are payable in full on April 30 or in two installments due on February 28 and June 15.

CAPITAL ASSETS

Capital assets, which include property, plant, equipment, and current infrastructure (e.g., roads, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The Town defines capital assets as assets with an initial individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Building, improvements, utility systems, and equipment of the primary government are depreciated using the straight line method over the following estimated useful lives:

<u>Asset</u>	<u>Years</u>
Building and improvements	10-40
Utility systems	20-50
Equipment	3-10

DEFERRED OUTFLOWS / INFLOWS OF RESOURCES

In addition to assets, the statement of financial position will sometimes report a separate section for *deferred outflows of resources*. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Town has no items that qualify for reporting in this category.

In addition to liabilities, the statement of financial position will sometimes report a separate section for *deferred inflows of resources*. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Town has one type of item that qualifies for reporting in this category.

Property Taxes - The item, property taxes levied for subsequent years, arises only under a modified accrual basis of accounting. The governmental funds report unavailable revenues from property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. Property tax revenue is considered a deferred inflow of resources in the year the taxes are levied and measurable, and are recognized as an inflow of resources in the period they are collected.

LONG-TERM OBLIGATIONS

In the government-wide financial statements and in the proprietary fund types financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type statement of net position.

FUND BALANCES / NET POSITION

In the government-wide and proprietary financial statements, net position is classified in the following categories:

Net investment in capital assets – This amount consists of capital assets, net of accumulated depreciation, reduced by outstanding debt, if applicable, attributed to the acquisition, construction, or improvement of those assets.

TOWN OF CHERAW, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE -1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)
FUND BALANCES / NET POSITION (Continued)

Restricted net position – This amount is restricted by external creditors, grantors, contributors, laws or regulations of other governments.

Unrestricted net position – This amount is all net position that do not meet the definition of “net investment in capital assets” or “restricted net position”.

The Town implemented GASB Statement No. 54 “*Fund Balance Reporting and Governmental Fund Type Definitions*” which provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government’s fund balance more transparent. The following classifications describe the relative strength of the spending constraints placed on the purposes for which the resources can be used:

Nonspendable fund balance – amounts that are not in spendable form (such as inventory) or required to be maintained intact;

Restricted fund balance – amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation;

Committed fund balance – amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change the constraint;

Assigned fund balance – amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority;

Unassigned fund balance – amounts that are available for any purpose; positive amounts are reported only in the general fund.

The Trustees establish (and modifies or rescinds) fund balance commitments by passage of a resolution. This is typically done through adoption and amendment of the budget. Assigned fund balance is established through the adoption or amendment of the budget as intended for specific purposes.

When both restricted and unrestricted resources are available in governmental funds, the Town applies expenditures against restricted fund balance first, followed by committed fund balance, assigned fund balance and unassigned fund balance.

ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

BUDGETS

The Town follows these procedures in establishing the budgetary data reflected in the financial statements:

Prior to October 15, the Town Clerk submits to the Town Trustees a proposed operating budget for the fiscal year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.

Public hearings are conducted to obtain taxpayer comments. Prior to December 15, the budget is legally enacted through passage of an ordinance.

The budgetary presentation of the proprietary funds varies from GAAP in that expenditures for capital outlay and debt retirement are recognized for budgetary reporting. Revisions that alter the total expenditures of any fund generally must be approved by Town Trustees. Budget amounts in the accompanying financial statements include revisions to the original appropriation ordinance.

Appropriations lapse at year end and any open purchase items must be reappropriated in the following year. Expenditures may not legally exceed appropriations at the fund level.

TOWN OF CHERAW, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE -1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

EXCESS OF EXPENDITURES OVER APPROPRIATIONS

For the year ended December 31, 2022, expenditures exceeded appropriations in the General Fund, Water Utility Fund, Sewer Utility Fund and Garbage Utility Fund and are in violation of the Colorado Local Government Budget Law.

NOTE -2 DEPOSITS AND INVESTMENTS

Deposits

The Town's investment policies are approved by the Town Trustees and governed by Colorado statute. The Colorado Public Deposit Protection Act, (PDPA) requires that all units of local government deposit cash in eligible public depositories; state regulators determined eligibility. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool is to be maintained by another institution or held in trust for all the uninsured public deposits as a group. The market value of the collateral must be at least equal to 102% of the uninsured deposits.

Custodial Credit Risk – Custodial credit risk is the risk that in the event of a bank failure, the Town's deposits may not be returned to it. The Town does not have a deposit policy for custodial credit risk. As of December 31, 2022, \$0 of the Town's bank balance of \$214,226 was exposed to custodial credit risk. Deposits exposed to credit risk are collateralized with securities held by the pledging financial institution through PDPA.

At December 31, 2022, the Town's bank balance and corresponding carrying balance were as follows:

	Carrying Balance	Bank Balance
Insured (FDIC)	\$ 211,876	\$ 214,226
Uninsured, Collateralized under the Public Deposit Protection Act	-	-
Cash with County Treasurer	369	-
Cash on Hand	389	-
	\$ 212,634	\$ 214,226

The carrying amount is reflected in the accompanying financial statements as follows:

Governmental Activities - Cash	\$ 98,549
Business-Type Activities – Cash	114,085
	\$ 212,634

Credit Risk – State law limits investments for local governments to U.S. treasury issues, other federally backed notes and credits, and other agency offerings (not based on derivatives) without limitation. Other investment instruments including bank obligations, general obligation bonds, and commercial paper are limited to at least one of the highest rating categories of at least one nationally recognized rating agency. State law further limits investments in money market funds that are organized according to the Federal Investment Company Act of 1940, as specified in rule 2a-7, as amended, as long as such rule does not increase remaining maturities beyond a maximum of three years. Investments in these funds require that the institution have assets in excess of \$1 billion or the highest credit rating from one or more of a nationally recognized rating agency. The investments in Colotrust were rated AAA by Standards and Poors and recorded at fair value.

Interest Rate Risk – The Town does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value loss resulting from increasing interest rates. The Colorado revised statute 24-75-601 limits investment maturities to five years or less without governing board approval.

Concentration of Credit Risk – The Town does not have a formal policy restricting the amount that can be invested in any issuer.

TOWN OF CHERAW, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE -3 PROPERTY TAXES RECEIVABLE AND DEFERRED REVENUES

Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received but not yet earned. At the end of the current fiscal year, \$12,700 of property taxes was deemed unavailable.

NOTE -4 CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2022, was as follows:

	<u>Beginning Balance</u>	<u>Transfers Increases</u>	<u>Transfers Decreases</u>	<u>Ending Balance</u>
<u>Governmental activities:</u>

Depreciation expense was charged to functions as follows:

Governmental Activities:

General Government	\$ 1,356
Public Safety	1,175
Public Works	<u>3,823</u>
Total depreciation expense – governmental activities	<u>\$ 6,354</u>

Business-Type Activities:

Water Utility	\$ 9,620
Sewer Utility	20,615
Garbage Utility	<u>2,302</u>
Total depreciation expense – business-type activities	<u>\$ 32,537</u>

NOTE -5 LONG-TERM DEBT

NOTES PAYABLE

The Water Utility Fund entered into a loan agreement with Colorado Water Resources and Power Development Authority on May 12, 2022. The total loan commitment is \$1,013,500 of which \$810,800 will be principal forgiveness. The loan proceeds were used to finance upgrades to the existing water plant and to install equipment to remove radium and to construct a new elevated water storage tank. The loan carries an interest rate of 0.50%. The loan is payable in semi-annual installments of \$3,689 beginning May 1, 2023 and maturing November 1, 2052. The loan is collateralized by a first lien (but not necessarily an exclusive lien) on the Water Utility Fund revenues. The loan is payable from the Water Utility Fund revenues generated from the system. The balance due as of December 31, 2022 was \$202,700.

The Water Utility Fund entered into a loan agreement with Colorado Water Resources and Power Development Authority on May 12, 2022. The total loan commitment is \$866,700 of which \$693,360 will be principal forgiveness. The loan proceeds were used to finance upgrades to the existing water plant and to install equipment to remove radium and to construct a new elevated water storage tank. The loan carries an interest rate of 0.50%. The loan is payable in semi-annual installments of \$3,155 beginning May 1, 2023 and maturing November 1, 2052. The loan is collateralized by a first lien (but not necessarily an exclusive lien) on the Water Utility Fund revenues. The loan is payable from the Water Utility Fund revenues generated from the system. The balance due as of December 31, 2022 was \$173,340.

Annual debt service requirements to maturity are as follow for Business-Type Activities:

	<u>PRINCIPAL</u>	<u>INTEREST</u>	<u>TOTAL</u>
2023	\$ 6,877	\$ 1,097	\$ 7,974
2024	11,860	1,831	13,691
2025	11,919	1,772	13,691
2026	11,979	1,712	13,691
2027	12,039	1,652	13,691
2028-2032	61,104	7,350	68,454
2033-2037	62,649	5,805	68,454
2038-2042	64,232	4,222	68,454
2043-2047	65,857	2,597	68,454
2048-2052	<u>67,524</u>	<u>928</u>	<u>68,452</u>
	<u>\$ 376,040</u>	<u>\$ 28,966</u>	<u>\$ 405,006</u>

In connection with the above notes payable, the Town is subject to various covenants and is required to maintain an operation and maintenance reserve in an amount equal to three months of operation and maintenance expenses, excluding depreciation. As of December 31, 2022, the Town was not in compliance with all covenants and maintained the required reserve of \$16,200.

TOWN OF CHERAW, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE -5 LONG-TERM DEBT (Continued)

CASH WITH TRUSTEE

As of December 31, 2022, the Town had cash held with trustees of \$376,040 in the Water Utility Fund for the use according to debt agreements entered into by the Town. The trust cash balance is recorded in the balance due to the Colorado Water Resources and Power Development Authority (notes payable); therefore the net position is not restricted for the balance.

ESTIMATED CLOSURE AND POST CLOSURE CARE COSTS

In 1995 the Town entered into an intergovernmental agreement with Otero County and other municipalities within the County to form the Otero County Landfill, Inc., (OCLI) to operate the landfill within the County. The agreement transfers the liability for closure and post closure costs to the new organization. The Town and all participating entities are responsible for a portion of the costs based on an average of the population and assessed valuation of each entity to the total of all entities. Based on the current allocation the Town's share is approximately 0.47% of the estimated \$2,621,000 in closure and post closure costs amounting to approximately \$12,500. Actual costs may be higher due to inflation, changes in technology, or changes in regulations.

The Town and other municipalities are required by state and federal laws and regulations to make certain financial assurances. These have been based on the same percentage as stated above. The Town expects that future inflation costs may need to be covered by charges to future landfill users or other future revenues.

	MANZANOLA	OTERO #1	OTERO #2		
			MODULE #1	MODULE #2	MODULE #3
Percent of capacity	100%	100%	86%	85%	36%
Estimated closure date	Closed	Closed	2024	2024	2027

SUMMARY OF LONG-TERM DEBT

The following is a summary of bond and other financing transactions of the Town for the year ended December 31, 2022:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
Business-type activities:					
Loans payable	\$ -	\$ 376,040	\$ -	\$ 376,040	\$ 6,877
Estimated closure and post-closure care costs	8,600	3,900	-	12,500	1,250
Business-type activity long-term liabilities	\$ 8,600	\$ 379,940	\$ -	\$ 388,540	\$ 8,127

For the year ended December 31, 2022, interest incurred and expensed was \$870 of which \$870 was reported as accrued interest payable, all in the Water Utility Fund.

NOTE -6 RISK MANAGEMENT

The Town is exposed to various risks of loss related to torts; theft of; damage to; and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Town utilizes commercial insurance to meet its insurance needs including workers' compensation. The Town's claims have not exceeded its coverage in any of the last three years.

NOTE -7 TAX SPENDING AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations, which apply to the State of Colorado and all local governments.

TOWN OF CHERAW, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE -7 TAX SPENDING AND DEBT LIMITATIONS (Continued)

Enterprises, defined as government-owned businesses authorized to issue revenue bonds and receiving less than 10% of annual revenue in grants from all state and local governments combined, are excluded from the provisions of TABOR. The Town's management believes a significant portion of its operations qualify for this exclusion.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases. Emergency reserves have been provided for as required by Article X, Section 20 of the constitution of the State of Colorado. Per TABOR, \$2,900 of the fund balance has been reserved in compliance with this requirement.

The Town's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits and qualifications as an enterprise will require judicial interpretation. Accordingly, the possibility exists that the Town's interpretation of certain TABOR provisions may subsequently be determined to be incorrect. This could result in a potential refund of revenue unless voters approve retention of such revenue. The ultimate outcome of these matters cannot presently be determined and no provision for any liability for a refund of revenue has been made in the financial statements.

NOTE - 8 RELATED PARTY TRANSACTION

As indicated in Note -1, the Town entered into an intergovernmental agreement with the Otero County Landfill, Inc., (OCLI) regarding a landfill operation. For the year ended December 31, 2022, the Town had paid OCLI \$5,901 for its share of the costs of which \$1,057 is recorded in accounts payable in the Garbage Utility Fund. The Town has recognized \$12,500 for its share of estimated closure and post closure care costs.

NOTE -9 NET POSITION

Restricted net position represents net position whose users are subject to constraints that are either 1.) legally imposed by creditors (such as debt covenants), grantors, or laws or regulations of other governments, or 2.) imposed by law through constitutional provisions or enabling legislation. Restricted net position at December 31, 2022 is as follows:

	Governmental Activities	Business-Type Activities	Total
Emergencies - TABOR	\$ 2,900	\$ -	\$ 2,900
Parks and Recreation	38,963	-	38,963
Operations and Maintenance	-	16,200	16,200
	\$ 41,863	\$ 16,200	\$ 58,063

Restricted for Emergencies – TABOR – This represents approximately 3% of the Town's 2022 fiscal year spending as that term is defined in the Colorado constitution. Under these provisions of the constitution, this portion of the Town's net position can be used for declared emergencies only and the Town must maintain 3% or more of its spending in this restricted account. The Town does not believe this restriction meets the definition of a stabilization arrangement under generally accepted accounting principles.

Restricted for Parks and Recreation – This represents money received from the Colorado state for parks and open space related projects.

Restricted for Operations and Maintenance – The Town is required to maintain an operation and maintenance reserve in an amount equal to three months of operation and maintenance expenses, excluding depreciation as set forth by the creditor.

TOWN OF CHERAW, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE -10 FUND BALANCES

At December 31, 2022, fund balances for governmental funds consist of the following:

	Restricted Fund Balance		
	Emergencies TABOR	Conservation Trust	Total
General Fund	\$ 2,900	\$ -	\$ 2,900
Conservation Trust Fund	-	38,963	38,963
Total	\$ 2,900	\$ 38,963	\$ 41,863

NOTE -11 CONTINGENT LIABILITIES

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Town expects such amounts, if any, to be immaterial.

NOTE -12 SUBSEQUENT EVENTS

Subsequent events have been evaluated through the report date, which represents the date the financial statements were available to be issued. Subsequent events after that date have not been evaluated.
