INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and City Council
City of Cortez
Cortez, Colorado

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Cortez, Colorado (the "City") as of and for the year ended December 31, 2022 and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of December 31, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Opinions

As discussed in Note 1 to the financial statements, in 2022, the City adopted new accounting guidance, GASB No. 87, Leases. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

The City's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for place the basic financial statements in an appropriate operational, economic, or historical context.

We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The supplementary information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects, in relation to the basic financial statements as a whole.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The Introductory Section and the Statistical Section are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 15, 2023 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the City's internal control over financial reporting and compliance.

CITY OF CORTEZ, COLORADO
MANAGEMENT'S DISCUSSION & ANALYSIS
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2022
(UNAUDITED)

The discussion and analysis of the City of Cortez, Colorado's (the "City") financial performance provides an overall review of the City's financial activities for the year ended December 31, 2022. The management of the City encourages readers to consider the information presented herein in conjunction with the transmittal letter found in the introductory section and the basic financial statements to enhance their understanding of the City's financial performance. Certain comparative information between the current year and the prior year is required to be presented in the Management's Discussion and Analysis (the "MD&A").

Financial Highlights

- The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$68.0 million (net position).
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$15.2 million.
- General revenues totaled \$16.2 million in revenue. Program specific revenues in the form of charges for services and fees and grants accounted for \$14.3 million or 46.9% of total revenues of \$30.5 million.
- The City had \$20.5 million in expenses related to government activities.

Overview of the Financial Statements

- Government-wide financial statements,
- Fund financial statements, and
- Notes to basic financial statements

This report also contains other supplementary information in addition to the basic financial statements.

Government-wide financial statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business, and are reported using the accrual basis of accounting and economic resources measurement focus.

The statement of net position presents information on all of the City's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the fiscal year being reported. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements can be divided into two types of activities: governmental and business-type. Governmental activities present the functions of the City that are principally supported by taxes and intergovernmental revenues. Business-type activities present the function that are intended to recover all or a significant portion of their costs through user fees and charges. The City's governmental activities include functions like general government, public safety, public works, library, and recreation. The City's business-type activities include airport, recreation, water, solid waste collection, police dispatch, hydro plant, city community network.

CITY OF CORTEZ, COLORADO
MANAGEMENT'S DISCUSSION & ANALYSIS
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2022
(UNAUDITED)

Fund financial statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds..

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements and are reported using the modified accrual basis of accounting and current financial resources measurement focus. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources; as well as, on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a City's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains 2 major individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General Fund and the Street improvement fund both of which are considered to be major funds.

The City also maintains 4 non-major Special Revenue Funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for Lodger's Tax Fund, Conservation Trust Fund, Equipment Fund, Emergency Reserve TABOR Fund, and Grant Fund.

Data from the remaining governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining schedules elsewhere in this report. The City adopts an annual budget for each of the major funds listed above. A budgetary comparison statement has been provided for each major fund to demonstrate compliance with this budget.

Proprietary funds

CITY OF CORTEZ, COLORADO
MANAGEMENT'S DISCUSSION & ANALYSIS
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2022
(UNAUDITED)

Proprietary funds

The City maintains two different types of proprietary funds: enterprise and internal service. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City utilizes enterprise funds to account for its airport, recreation center, water and solid waste utility services. The City also uses non-major Enterprise Funds to account for the hydro plant, community network and police dispatch services.

Notes to basic financial statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's contributions and net pension asset of the Cortez Old Hire Police Pension Fund; as well as, budget to actual comparisons of the funds. Supplementary schedules include combining and individual fund schedules of all non-major funds.

	Governmental Activities			Business-Type Activities			Total

**CITY OF CORTEZ, COLORADO
MANAGEMENT'S DISCUSSION & ANALYSIS
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2022
(UNAUDITED)**

Normal impacts

There are six basic (normal) transactions that will affect the comparability of the Statement of Net Position summary presentation.

Net results of activities – which will impact (increase/decrease) current assets and unrestricted net position.

Borrowing for capital – which will increase current assets and long-term debt.

Spending borrowed proceeds on new capital – which will (a) reduce current assets and increase capital assets; and, (b) increase capital assets and long-term debt, which will not change the net investment in capital assets.

Spending of non-borrowed current assets on new capital – which will (a) reduce current assets and increase capital assets; and, (b) will reduce unrestricted net position and increase net investment in capital assets.

Principal payment on debt – which will: (a) reduce current assets and reduce long-term debt; and, (b) reduce unrestricted net position and increase net investment in capital assets.

Reduction of capital assets through depreciation – which will reduce capital assets and net investment in capital assets.

Current Year Impacts

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. The City's total assets and deferred outflows of resources equal \$68.0 million. The City's total liabilities and deferred inflows of resources equal \$5.7 million.

By far the largest portion of the City's net position is its investment in capital assets. This consists of land, buildings, machinery, equipment and infrastructure less depreciation and any related outstanding debt used to acquire these assets. The City uses these capital assets to provide services to the residents; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

A very small portion of the City's net position (less than 0.5%) represents resources that are subject to external restrictions on how they may be used. All net position categories show positive balances at year end, except for unrestricted net position for governmental activities.

Table 2 highlights the City's revenues and expenses for the fiscal years ended December 31, 2022 and 2021. These two main components are subtracted to yield the change in net position. This table utilizes the full accrual method.

CITY OF CORTEZ, COLORADO
MANAGEMENT'S DISCUSSION & ANALYSIS
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2022
(UNAUDITED)

Normal Impacts

There are eight basic (normal) impacts that will affect the comparability of the revenues and expenses on the Statement of Activities summary presentation.

Revenues

Economic condition – which can reflect a declining, stable or growing economic environment, and has substantial impact on state sales, replacement and hotel/motel tax revenue; as well as, public spending habits for building permits, elective user fees, and volumes of consumption.

Increase/decrease in City approved rates – while certain tax rates are set by statute, the City has significant authority to impose and periodically increase/decrease rates (water, home rule sales tax, etc.).

Changing patterns in intergovernmental and grant revenue (both recurring and non-recurring) – certain recurring revenues (state shared revenues, etc.) may experience significant changes periodically while non-recurring grants are less predictable and often distorting in their impact on year to year comparisons.

Market impacts on investment income – the City's investments may be affected by market conditions causing investment income to increase/decrease.

Expenses

Introduction of new programs – within the functional expense categories (general government, public safety, public works, and community development), individual programs may be added or deleted to meet changing community needs.

Change in authorized personnel – changes in service demand may cause the City to increase/decrease authorized staffing. Staffing costs (salary and related benefits) represent the largest operating cost of the City.

Salary increases (annual adjustments and merit) – the ability to attract and retain human and intellectual resources requires the City to strive to approach a competitive salary range position in the marketplace.

Inflation – while overall inflation appears to be reasonably modest, the City is a major consumer of certain commodities such as supplies, fuel, and parts. Some functions may experience unusual commodity specific increases.

**CITY OF CORTEZ, COLORADO
MANAGEMENT'S DISCUSSION & ANALYSIS
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2022
(UNAUDITED)**

Revenues

The City benefits from a diversified revenue base including property taxes, sales taxes, and franchise taxes. The largest category of revenue for the City is property and sales taxes.

Total governmental activities' revenue for the current year was \$21,052,503.

CITY OF CORTEZ, COLORADO
MANAGEMENT'S DISCUSSION & ANALYSIS
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2022
(UNAUDITED)

Expenses

Total government activities' expenditures for the current year was \$20,490,367.

Capital Assets and Debt Administration

Capital Assets

By the end of 2022, the City had compiled a total investment of \$85.7 million (\$43.6 million net of accumulated depreciation) in a broad range of capital assets including land, water rights, buildings and improvements, infrastructure, and machinery and equipment. Total depreciation expense for the year was \$2.3 million. More detailed information about capital assets can be found in Note 5 of the basic financial statements.

Debt Administration

The table below summarizes the City's bonded and similar indebtedness. As of December 31, 2022, the City had a total of \$4.5 million of long-term debt outstanding. Of this amount, \$4.0 million was in the form of various water, hydro plant, and recreation bonds and loans. More detailed information about debt administration can be found in Note 7 of the basic financial statements.

CITY OF CORTEZ, COLORADO
STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCE
GOVERNMENTAL FUNDS
For the Year Ended December 31, 2022

Net change in fund balances - total governmental funds	\$	1,664,739
<p>Amounts reported for governmental activities in the statement of activities are different because:</p>		
<p>Governmental funds report capital outlays as expenditures. However, in the statement of net position the cost of these assets is capitalized and they are depreciated over their estimated useful lives and reported as depreciation expense in the statement of activities.</p>		
Capital outlay is reported as an expenditure in the fund financial statement but is capitalized in the government-wide financial statements		546,177
Depreciation is reported in the government-wide financial statements		(1,047,657)
Net book value of assets retired and adjustments		348,460
<p>Some expenses in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.</p>		
Compensated absences		(21,709)
Net pension asset		(13,691)
Deferred outflows of resources related to pensions		5,336
Deferred inflows of resources related to pensions		8,113
Lease payable		(20,850)
The change in net position of the internal service fund reported with governmental activities		(906,782)
CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES	\$	562,136

CITY OF CORTEZ, COLORADO
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Cortez (City) became a home rule City in 1957. At that time, the citizens adopted the Council-Manager form of government. The citizens elect seven council members, non-partisan, at large, for staggered terms. At all general municipal elections there are four elected council persons. The three candidates receiving the highest number of votes serve four-year terms and the candidate receiving the next highest number of votes serves a two-year term.

The Mayor and Mayor Pro-Tempore are selected by and from the City Council for a two-year term of office. Council serves as the legislative and policymaking body of the City. The City Manager, chief administrative officer for the City, is appointed by the Council and is responsible for the general administration of all City business. Accounting policies conform to generally accepted accounting principles applicable to governmental units adopted by the Governmental Accounting Standards Board.

Coronavirus Disease (COVID-19)

On January 3, 2020, the World Health Organization declared the coronavirus outbreak a “Public Health Emergency of International Concern” and on March 11, 2020, declared it to be a pandemic. On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted to amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic. The City may be adversely affected through governmental and business closures resulting in a reduction of labor demand or supplies shortages. The City will continue to monitor the situation surrounding COVID-19 and evaluate the impact it will have on future operations.

Reporting Entity

In accordance with Governmental Accounting Standards, the City has considered the possibility of inclusion of additional entities in its basic financial statements.

The definition of the reporting entity is based primarily on financial accountability. The City is financially accountable for organizations that make up its legal entity. It is also financially accountable for legally separate organizations if City officials appoint a voting majority of the organization’s governing body and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the City. The City may also be financially accountable for governmental organizations that are fiscally dependent upon it. Based on the application of these criteria, the City is not included any other organization, but does include the Mesa Verde Country Visitor Information Bureau within its reporting entity as a blended component unit reported in the City's Special Revenue Fund. The information regarding the Mesa Verde Country Visitor Information Bureau’s financial statements can be obtained by writing to Mesa Verde Country Visitor Information Bureau at 928 East Main, Cortez, Colorado 81321.

The City’s financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The significant accounting policies established in GAAP and used by the City are described below.

Basis of Presentation

The government-wide financial statements (i.e., the statement of net position and the statement of activities) present financial information of the City as a whole. The reporting information includes all of the non-fiduciary activities of the City. These statements are to distinguish between the governmental and business-type activities of the City. Governmental activities normally are supported by taxes and intergovernmental revenues, and are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

CITY OF CORTEZ, COLORADO
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the City and for each function of the City's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include fees and charges paid by the recipients of goods or services offered by the programs, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues. The effects of interfund activity have been eliminated from the government-wide financial statements.

Fund Financial Statements

The fund financial statements provide information about the City's funds. Separate statements for each fund category, governmental, and proprietary are presented, even though the latter are excluded from the government-wide financial statements. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds would be aggregated and reported as non-major funds.

Governmental Funds

All governmental funds are accounted for on a spending or "financial flow" measurement focus. This means that only current assets and current liabilities are generally included on the balance sheet. Their reported fund balance (net current assets) is considered a measure of "available spendable resources". Governmental fund operating statements present increases (revenue and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

The City reports the following major governmental funds:

- General Fund – The General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.
- Special Revenue Funds – Special Revenues Funds are used to account for the collection and disbursement of specific revenues sources. The City's major Special Revenue Fund is the:
 - Street Improvement Fund – This fund accounts for the City's sales tax collections (1/2 cent) that are to be used to improve the City's streets.

The City also reports the following non-major Special Revenue Funds:

- Lodger's Tax Fund – This fund accounts for the use of lodger's tax revenues to promote tourism and commerce in the area.
- Conservation Trust Fund – This fund accounts for State of Colorado lottery fund to be used for parks and recreation maintenance and capital investment.
- Equipment Fund – This fund accounts for the City's sales tax collections that are to be used to update and improve the City's equipment.
- Emergency Reserve- TABOR Fund – These funds were set aside by the City to fund the required TABOR emergency reserve requirement as described in Note 12.
- Grants Fund – This fund accounts for grant revenues and pass-through grant expenditures.

Mesa Verde Country® Visitor Information Bureau – This is the blended component unit described above.

CITY OF CORTEZ, COLORADO
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

Proprietary Funds

Enterprise Funds – Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The City’s major enterprise funds are as follows:

- Airport Fund – This fund accounts for the operations of the City’s airport.
- Recreation Center Fund – This fund accounts for the construction, repayment of bonds and operations of the recreation center.
- Water Fund – This fund accounts for the operation and maintenance of the City’s water treatment and distribution system.
- Solid Waste Collection Fund – This fund accounts for the collection and disposal of the City’s solid waste refuse. The City also reports the following non-major Enterprise Funds:
- Hydro Plant Fund – This fund accounts for the operations of the City’s hydro electric power plant.
- City Community Network Fund – This fund accounts for the operations and maintenance of the City’s fiber network.
- Police Dispatch Fund – This fund accounts for the City provided county-wide dispatch services.

The City reports the following Internal Service Funds:

- Shop Fund - This fund accounts for the operation of the maintenance shop which provides repair and maintenance to the City’s equipment and vehicles.
- Technology Fund – This fund accounts for the City-wide computer information system operations.
- Self-Insured Health Insurance Fund – This fund accounts for the self-insured portion of the City’s health insurance plan.

Measurement of Focus and Basis of Accounting

Government-Wide and Proprietary Fund Financial Statements

The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include grants and donations. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund’s principal ongoing operations. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

CITY OF CORTEZ, COLORADO
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

Governmental Fund Financial Statements

Governmental Funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The City considers all revenues reported in the governmental funds to be available. These revenues could include certain property, sales and other tax collections, federal, state, and county grants, and some charges for services. Grants are only recognized to the extent allowable expenditures have been incurred. The City generally considers funds received within 60 days subsequent to the end of the fiscal year to be measurable and available.

Expenditures are recorded when the related fund liability is incurred, except for claims and judgments and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Acquisitions under capital leases are reported as other financing sources.

Cash and Cash Equivalents

Cash and cash equivalents includes short term, highly liquid investments with original maturities of three months or less. For purposes of proprietary fund statement of cash flows presentation, cash and cash equivalents totaled \$12,182,794 at December 31, 2022.

Investments

Investments are stated at fair value. Cash deposits are reported at carrying value which reasonably estimates fair value.

Property Taxes Receivable

Property taxes for the City are levied by the City Council and certified for collection to Montezuma County by December 15 of each year. These taxes become due January 1 of the succeeding year and are payable in full by April 30 or in two installments by June 15 in the year of collection. Property taxes levied in the current year for collection in the subsequent year by the General Fund are included in receivables and deferred inflows at year end. These taxes are classified as deferred inflows since they were levied for and are not available to the City until the subsequent year.

Receivables

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

Bad debts under the Proprietary Fund (Enterprise Funds) are accounted for by the allowance reserve method in recognizing bad debt expense. This method better matches the cost of operating the fund with revenues of the fund and is consistent with generally accepted accounting principles.

Prepays

Prepaid balances are for insurance payments made by the City in the current year to provide coverage occurring in the subsequent fiscal year.

Inventories

Inventory is valued at cost using the first-in, first-out method (FIFO).

Interfund Receivables and Payables

Interfund receivables and payables arise from interfund transactions and are recorded by all funds affected in the period in which transactions are executed. Interfund receivables and payables are eliminated in the government-wide statement of net position.

CITY OF CORTEZ, COLORADO
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

Restricted Assets

Certain cash, cash equivalents and investments are restricted by various legal and contractual obligations.

Enterprise Funds are required to establish and maintain prescribed amounts of resources (consisting of cash and temporary investments) that can be used only for water, sewer, and recreation renovations. The General Fund is required to establish and maintain prescribed amounts of resources (consisting of cash and temporary investments) that can be used only for specific purposes.

Capital Assets

Property and equipment acquisitions made by the governmental funds are accounted for as expenditures of the fund, and are then capitalized in the government-wide financial statements. All purchased property and equipment are valued at cost, while donated assets are valued at their estimated fair market value as of the date received as a donation. The City capitalizes assets with a useful life in excess of five years and a cost of \$5,000 or greater. Public domain ("infrastructure") capital assets consisting of roads, bridges, curbs and gutters, streets and sidewalks, drainage systems and lighting systems are capitalized as governmental activities in the government-wide financial statements.

Depreciation is provided on all capital assets shown in the government-wide presentation and is computed using the straight-line method over the following estimated useful lives of the assets:

Building and improvements	5 – 100 years
Infrastructure	15 – 25 years
Collection and distribution systems	30 – 50 years
Machinery and equipment	5 – 15 years

The City capitalizes interest costs during construction; however, none of the interest paid met the capitalization requirements during 2022.

Compensated Absences

Employees of the City are allowed to accumulate unused vacation time up to 240 hours or 384 hours based on employment position and unused sick time up to 480 hours. Regular, full-time employees hired on, or before February 14, 1990, after completing twenty years of service, will be compensated for sick leave earned at a maximum of 480 hours upon separation.

Accumulated unpaid vacation pay is accrued when earned. In the government-wide presentation, accumulated compensated absences not expected to be paid within current available resources are reported as long-term liabilities. Governmental activities compensated absences have normally been liquidated by the General Fund.

Deferred Outflows and Inflows of Resources

In addition to assets, the statement of financial position reports a separate section for deferred outflows of resources. This element represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has two items that qualify for reporting in this category, deferred charge on refunding and pension related items.

CITY OF CORTEZ, COLORADO
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

In addition to liabilities, the statement of net position also reports a separate section for deferred inflows of resources. This element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The government has only one type of item, which arises both under the full accrual and modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, unavailable revenue, is reported in both the governmental activities statement of net position and in the governmental funds balance sheet.

The governmental funds report unavailable revenues from property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. Since property tax revenues are collected in arrears during the succeeding year, a receivable and corresponding deferred inflow is recorded at December 31. As the tax is collected in the succeeding year, the deferred inflow is recognized as revenue and the receivable is reduced.

Leases

Effective January 1, 2022, the City implemented GASB No. 87, Leases. As the lessee, the City determines whether a contract is, or contains a lease at inception. Lease agreements with a maximum lease term of twelve months or less, including options to extend, are accounted for as short-term leases. Lease agreements that transfer ownership of the underlying asset to the City at the end of the contract are recorded as a finance purchase with a related lease liability. Lease agreements not classified as a short-term lease, or a finance purchase are accounted for as an intangible right to use lease asset. An Intangible right to use lease asset represents the City 's right to use an underlying asset during the lease term and the lease liability represents the City 's obligation to make lease payments arising from the lease. Intangible right to use lease assets and lease liabilities are recognized at lease commencement based upon the estimate present value of unpaid lease payments over the lease term. The City uses its incremental borrowing rate based on information available at lease commencement in determining the present value of unpaid lease payments. As the lessor, the City applies the same criteria but recognizes a lease receivable and a deferred inflow of resources equal to the present value of the lease payments.

Net Position/Fund Balances

In the government-wide financial statements and proprietary fund types in the fund financial statements, net position are either shown as net investment in capital assets, with these assets essentially being nonexpendable; restricted when constraints placed on the net position are externally imposed; or unrestricted.

Government-wide Statements: The government wide net position is classified into the following four categories:

- *Net investment in capital assets* - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- *Restricted net position* - Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- *Unrestricted net position* - All other net assets that do not meet the definition of “restricted” or “net investment in capital assets”, or non-spendable.”

Fund Statements: The governmental fund balances are classified as nonspendable, restricted, and unrestricted, which includes committed, assigned, and unassigned fund balance classifications.

CITY OF CORTEZ, COLORADO
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

- The *nonspendable* fund balance classification includes amounts that cannot be spent because they are either not in spendable form, such as inventories, or are legally or contractually required to be maintained intact. Restricted fund balances are those that have externally imposed restrictions on their usage by creditors (such as through debt covenants), grantors, contributors, or laws and regulations.
- The *restricted* fund balance category includes amounts that are restricted to specific purposes because of state or federal laws or externally imposed conditions by grantors or creditors.
- The unrestricted fund balance category is composed of committed, assigned, and unassigned resources.
- *Committed* fund balances are self-imposed limitations that the City's Council approved, which is the highest level of decision-making authority within the City. Only the Council can remove or change the constraints placed on committed fund balances.
- *Assigned* fund balances are resources constrained by the City's intent to be used for specific purposes, but that are neither restricted nor committed.
- The *unassigned* fund balance is the residual classification for the general fund and includes all spendable amounts not reported in the other classifications. Also, deficits in fund balances of the other governmental funds are reported as unassigned.

Sometimes the government will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance, if allowed under the terms of the restriction. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows, liabilities and deferred inflows and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

CITY OF CORTEZ, COLORADO
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 2: STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Deficit Balance

Generally accepted accounting principles require disclosure of individual funds that have deficit balances at year-end.

As of December 31, 2022, the following individual funds had a deficit balance:

<u>Fund</u>	<u>Amount</u>
Hydro Plant Fund	\$ (86,025)
Shop Fund	\$ (1,288,626)
Technology Fund	\$ (1,793,006)

These fund deficits will be funded with future tax or grant revenues.

Excess Expenditures Over Budget

<u>Fund</u>	<u>Budgeted Expenditures</u>	<u>Actual Expenditures</u>	<u>Excess Expenditures Over Budget</u>
Technology Fund	\$ 851,286	\$ 899,870	\$ 48,584

The City controls expenditures at the department level. Some individual departments experienced expenditures which exceeded budget. The detail of those items can be found in the City's year-end budget to actual report.

Total Deposits and Investments	\$	27,161,645

Deposits

Custodial Credit Risk - Deposits: Custodial credit risk is the risk that, in the event of a bank failure, the City's deposits might not be returned to it. The City requires all amounts deposited or invested with financial institutions in excess of any insurance limit shall be protected by collateralization with securities eligible for City investment or any other high-quality, interest-bearing security. The market value of the pledged securities shall equal or exceed the portion of the deposit requiring collateralization.

The City's deposit policy is in accordance with CRS 11-10.5-101, The Colorado Public Deposit Protection Act (PDPA), which governs the investment of public funds. PDPA requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulations. Amounts on deposit in excess of federal insurance levels must be collateralized by eligible collateral as determined by the PDPA. The financial institution is allowed to create a single collateral pool for all public funds held. The pool is to be maintained by another institution, or held in trust for all the uninsured public deposits as a group. The market value of the collateral must be at least equal to 102% of the uninsured deposits. The institution's internal records identify collateral by depositor and as such, these deposits are considered uninsured but collateralized. The State Regulatory Commissions for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2022, the carrying amount of the City's deposits with financial institutions, which includes demand deposits, savings accounts, and certificates of deposit was \$20,915,439. As of December 31, 2022, none of the City's bank balances (certificates of deposit, checking, and savings accounts) were exposed to custodial credit risk.

CITY OF CORTEZ, COLORADO
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

Investments

At December 31, 2022, the City, had the following investments and maturities:

Investment Type	Fair Value	Investment Maturities (In Years)		Moody's Rating
		Less than 1	1 - 5	
Negotiable CD's	\$ 6,242,059	\$ 4,468,333	\$ 1,773,726	AA+
Total	\$ 6,242,059	\$ 4,468,333	\$ 1,773,726	

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

As of December 31, 2022, the City's investments were measure using the valuation inputs as follows:

Investment Type	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Negotiable CD's	\$ -	\$ 6,242,059	\$ -	\$ 6,242,059
Total	\$ -	\$ 6,242,059	\$ -	\$ 6,242,059

Investment Type	Fair Value	Weighted Avg Maturity in Years	% of Portfolio
Negotiable CD's	\$ 6,242,059	2.7	100
Total	\$ 6,242,059	2.7	100

During the year ended December 31, 2022, the City invested funds in Colotrust. As an investment pool, it operates under the Colorado Revised Statutes (24-75-701) and is overseen by the Colorado Securities Commissioner. They invest in securities that are specified by Colorado Revised Statutes (24-75-601). Authorized securities include U.S. Treasuries, U.S. Agencies, commercial paper (rated A1 or better) and bank deposits (collateralized through PDPA). The pool operates similar to a 2a-7- like money market fund with a share value equal to \$1.00 and a maximum weighted average maturity of 60 days. This fund is rated AAAM by the Standard and Poor's Corporation.

Interest rate risk: The City manages its interest rate risk by setting a maximum maturity date no more than five years from the date of purchase unless otherwise authorized by the City Council.

Custodial credit risk: Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment.

CITY OF CORTEZ, COLORADO
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

Concentration of Credit Risk: The City places no limit on the amount that may be invested in any one issuer.

NOTE 4: RESTRICTED CASH

NOTE 8: LEASES

Pursuant to GASB No. 87, *Leases*, the City has recorded an intangible right to use leased asset which represents the City's right to use an underlying asset during the lease term. The City has obtained equipment through Right to Use leased assets.

Annual installments range from \$174 to \$529. Discount rate is the respective lease start date and term at 11.32% and 6.46%. The due dates range from 2025 to 2027.

At December 31, 2022, Right-to-Use leased assets consisted of the following:

Governmental Activities	
Right-to-Use Asset	\$ <u>20,026</u>
Less Accumulated Amortization	<u>-</u>
Right-to-Use Assets, net	\$ <u>20,026</u>

Pursuant to GASB No. 87, *Leases*, the City recorded a right to use lease liability in conjunction with the intangible right to use leased asset. The lease liability represents the City's obligation to make lease payments arising from the lease.

CITY OF CORTEZ, COLORADO
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

Following is a summary of the City’s right to use lease liability principal maturities and interest requirements:

<u>Year Ended December 31</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>

2027	3,319	119	3,438
	<u>\$ 20,850</u>	<u>\$ 2,860</u>	<u>\$ 23,710</u>

NOTE 9: RETIREMENT

City Employee’s Defined Contribution Plan

Effective June 25, 1996, the City of Cortez Pension Plan, a single-employer defined benefit plan, was converted to the City of Cortez Money Purchase Plan, a single employer defined contribution plan. Assets of \$169,344 were transferred to the new money accumulation pension plan and then to the respective employee accounts. The plan is administered by the ICMA Retirement Corporation. All permanent employees, including those covered by other City employee plans are required to participate in the plan. The plan provisions can be modified by the City Council. Contributions of 5% of gross salary are required from all participants and a matching contribution of 5% is made by the City to the plan. Contributions totaled \$163,441, \$201,549 and \$102,974 in 2022, 2021 and 2020, respectively.

Police Office Death and Disability Plan

The police officer death and disability plan is administered through the Fire and Police Pension Association (FPPA). This plan is a non-contributory plan. All full-time, paid police officers of the City are members of the Statewide Death and Disability Plan. Title 31, Article 30 of the Colorado Revised Statutes (CRS), as amended, assigns the authority to establish benefit provisions to the state legislature. FPPA issues a publicly available financial report that includes financial statements and required supplementary information for the Statewide Death and Disability Plan.

Police Pension Defined Contribution Plan

Effective January 1, 1986, the City of Cortez Police Pension Plan, was adopted as a single-employer defined contribution plan, IRS Code Section 401(A). All certified police officer employees are required to participate in the Plan. This Plan is a defined contribution money purchase plan. The City has no future liability to this Plan. Contributions of 8% of gross salary are required from all participants and a matching contribution of 8% is made by the City to the Plan. The City’s contribution amount for 2022, 2021, and 2020 was \$296,327, \$254,006, and \$233,985, respectively.

Deferred Compensation Plan

Pursuant to Governmental Accounting Standards Board Statement No. 32: *Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*, the City established a trust to hold the assets of its Deferred Compensation Plan, and modified the plan document to state that the plan is “held in trust for the exclusive benefit of participants and their beneficiaries.” As such the plan’s assets are no longer the property and rights of the City, and are not reflected in the financial statements of the City.

CITY OF CORTEZ, COLORADO
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

Cortez Old Hire Police Pension Plan

Plan Description: The Cortez Old Hire Pension Fund is a defined benefit, agent multiple-employer plan affiliated with the Colorado Fire and Police Pension Association (FPPA). Assets of the Plan are commingled for investment purposes in the Fire and Police Member’s Benefit Fund, an agent multiple-employer defined benefit pension Plan administered by FPPA.

Description of Benefits: The Plan provides retirement benefits for Members and beneficiaries according to Plan provisions as enacted and governed by the City Council.

Any officer who elects to retire on or after his normal retirement date (20 years of service and 55 years of age or upon completion of 25 years of service) shall be eligible for a monthly pension equal to one-half of his average monthly salary received one year before his retirement. The plan also provides for cost-of-living adjustments and post-retirement death benefits. FPPA issues independent annual reports that may be obtained by calling FPPA at (303) 770-3772 in the Denver metro area and 1-800-332-FPPA (3772) from outside the metro area.

Contributions: The City funds the Plan per provisions in the Plan document and Colorado statutes. The City shall contribute amounts required to fund the benefits provided by the Plan on a sound actuarial basis. The City contributes to the Cortez Old Hire Pension Fund at a rate determined in the following manner: at least every three (3) years, the Cortez Old Hire Pension Fund shall have an actuarial study prepared to determine the funds required. The required funds will be paid annually from general revenues of the City into the Cortez Old Hire Pension Fund.

The Plan is administered by the City Council.

The financial statements of the Old Hire Plan are prepared using the accrual basis of accounting. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan. The investments are presented at fair value except for short-term investments that are recorded at cost, which approximates fair value.

Administrative costs of the Plan are paid from the pension fund (CRS 31-30.5-204(3)). There are no investments in, loans to, or leases with parties related to the Plan.

Employees Covered by Benefit Terms:

As of December 31, 2021, the following employees were covered by the benefit terms:

Retirees and beneficiaries currently receiving benefits	1
Inactive plan members entitled to but not yet receiving benefits	-
Active plan members	-
	-
Total	1

CITY OF CORTEZ, COLORADO
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

Actuarial Assumptions: The January 1, 2021 actuarial valuation was used to determine the Actuarially Determined Contribution for the fiscal year ended December 31, 2021. The valuation used the following actuarial assumptions:

Actuarial Cost Method	Entry Age Normal
Amortization Method	N/A
Amortization Period	N/A
Asset Valuation Method	5-Year smoothed fair value
Inflation Rate	2.50%
Salary Increases	N/A
Investment Rate of Return	4.50%
Retirement Age	Any remaining actives are assumed to retire immediately Post-retirement: 2006 central rates from the RP-2014 Annuitant Mortality Tables for males and females projected to 2018 using MP-2017 projection scales, and then projected prospectively using the ultimate rates of the scale for all years
Mortality	Disabled (pre-1980): Post-retirement rates set forward three years.

Long-term Expected Rate of Return: The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Arithmetic Real Rate of Return</u>
Global Equity	10 %	7.8 %
Fixed Income	80 %	5.8 %
Absolute Return	0 %	5.6 %
Long Short	0 %	6.9 %
Private Markets	0 %	10.5 %
Cash	10 %	0.1 %
Total	100 %	

CITY OF CORTEZ, COLORADO
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

Single Discount Rate: A Single Discount Rate of 4.50% was used to measure the total pension liability. The projection of cash flow used to determine this single discount rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

1. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
2. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of the most recent valuation, the expected rate of return on plan investments is 4.50%, the municipal bond rate is 1.84%, and the resulting single discount rate is 4.50%.

Changes in the Net Pension Asset:

	<u>Total Pension Liability (a)</u>	<u>Plan Fiduciary Net Position (b)</u>	<u>Net Pension (Asset) (a) – (b)</u>
Balances at December 31, 2021	\$ 81,828	\$ 304,909	\$ (223,081)
Changes for the year:			
Interest on the total pension liability	3,442	-	3,442
Difference between expected and actual experience of total pension liability	10,816	-	10,816
Net investment income	-	1,522	(1,522)
Benefit payments, including refunds of employee contributions	(11,695)	(11,695)	-
Administrative expense	-	(975)	975
Balances at December 31, 2022	<u>\$ 84,371</u>	<u>\$ 293,761</u>	<u>\$ (209,390)</u>

Sensitivity of the Net Pension (Asset) to Changes in the Discount Rate: The following presents the plans net pension (asset), calculated using a Single Discount Rate of 4.50%, as well as what the plan's net pension asset would be if it were calculated using a Single Discount Rate that is 1% lower or 1% higher:

	<u>1% Decrease (3.50%)</u>	<u>Current Discount Rate (4.50%)</u>	<u>1% Increase (5.50%)</u>
Net Pension Asset	\$ (204,905)	\$ (209,390)	\$ (213,476)

Total	\$ 3,017

NOTE 10: RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; and natural disasters. For these risks of loss, the City is involved with the Colorado Intergovernmental Risk Sharing Agency (CIRSA), a separate and independent governmental and legal entity formed by intergovernmental agreement by member municipalities pursuant to the provision of 24-10-115.5, Colorado Revised Statutes (1982 Replacement Volume) and Colorado Constitution, Article XIV, Section 18(2).

The purposes of CIRSA are to provide members defined liability, property, and worker’s compensation coverage and to assist members in preventing and reducing losses and injuries to municipal property and to persons or property which might result in claims being made against members of CIRSA, their employees and officers.

It is the intent of the members of CIRSA to create an entity in perpetuity which will administer and use funds contributed by the members to defend and indemnify, in accordance with the bylaws, any member of CIRSA against stated liability of loss, to the limit of the financial resources of CIRSA. It is also the intent of the members to have CIRSA provide continuing stability and availability of needed coverage at reasonable costs. All income and assets of CIRSA shall be at all times dedicated to the exclusive benefit of its members. CIRSA is a separate legal entity and the City does not approve budgets nor does it have the ability to significantly affect the operations of the unit.

The amounts of settlements have not exceeded insurance coverage, nor were there any significant changes in insurance coverage. The City carries commercial insurance for worker’s compensation coverage.

CITY OF CORTEZ, COLORADO
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 11: SELF INSURANCE

The City self-insures its medical insurance claims and is fully self-insured for health insurance compensation. A summary of the City’s self-insured claims and liability is as follows:

IBNR Claim Liability	Beginning Balance	Claims Incurred	Claims Paid	Ending Balance
12/31/2020	\$ 220,553	\$ 2,167,615	\$ 2,030,024	\$ 358,144
12/31/2021	\$ 358,144	\$ 2,254,551	\$ 2,080,534	\$ 532,161
12/31/2021	\$ 532,161	\$ 2,280,007	\$ 2,431,559	\$ 380,609

NOTE 12: COMMITMENTS AND CONTINGENCIES

Tabor Amendment – Colorado voters passed an amendment to the State Constitution, Article X, Section 20, which has several limitations, including revenue raising, spending abilities, and other specific requirements of state and local government. In 1996, voters within the City approved the collection, retention and expenditure of the full revenues generated by the City in 1995 and subsequent years, notwithstanding the provisions of the Amendment.

The City has established an emergency reserve, representing 3% of qualifying expenditures, as required by the Amendment. At December 31, 2022, the emergency reserve of \$366,786 was recorded in the Emergency Reserve - Tabor Fund.

NOTE 13: NEW GASB PRONOUNCEMENTS

The Governmental Accounting Standards Board (GASB) has approved the following:

- GASB Statement No. 91, *Conduit Debt Obligations*
- GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*
- GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*
- GASB Statement No. 99, *Omnibus 2022*
- GASB Statement No. 100, *Accounting Changes and Error Corrections – an amendment of GASB Statement No. 62*
- GASB Statement No. 101, *Compensated Absences*

When they become effective, application of these standards may restate portions of these financial statements.

CITY OF CORTEZ, COLORADO
Notes to Required Supplementary Information
For the Year Ended December 31, 2022

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1) On or before the first Monday in November each year, the City Manager shall submit to the Council a proposed budget for the next ensuing budget year with an explanatory message. The proposed budget provides a complete financial plan for the City and includes the proposed expenditures for each office, department and agency for the ensuing year; debt service requirements for the ensuing fiscal year; an estimate of the amount of anticipated income from all sources other than taxes on property during the ensuing fiscal year, including estimated surplus cash at the end of the fiscal year.
- 2) The budget is required to be in sufficient detail to show each fund's estimated revenues by source and estimated expenditures. The budget shall be arranged to show comparative figures for receipts and expenditures for the last completed fiscal year, estimates for the current year, and the City Manager's recommendations for the ensuing fiscal year.
- 3) A public hearing is conducted to obtain taxpayer comments.
- 4) No later than the last day of December, the budget is legally adopted and appropriations are enacted by Ordinance.
- 5) The City Manager is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by City Council.
- 6) The level on which expenditures may not legally exceed appropriations is the legally adopted annual operating budget for the fund in total.
- 7) The City Council may legally amend the budget by Ordinance once it has been approved. Budgeted amounts are shown as adopted by the City Council, including all amendments.
- 8) All appropriations laps at year-end.
- 9) Budgets are legally adopted for all non-fiduciary funds of the City. Budgets for the General and Special Revenue Funds are adopted on a basis consistent with generally accepted accounting principles (GAAP). Budgetary comparisons presented for the Enterprise and Internal Service Funds are presented on a non-GAAP budgetary basis. Tap fees, grant revenues and debt proceeds are recognized as revenue for budget purposes. Capital outlay is budgeted as an expenditure.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor and City Council
City of Cortez
Cortez, CO

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Cortez, Colorado ("City") as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated December 15, 2023.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
